subjective vs neuropsychologically assessed word finding & naming ability, adult Lyme borreliosis patients, 11943
Balance (Motor Processes) [See Equilibrium]
Ballet [See Dance]
Bangladesh—Serials
development of clinical psychology training & services & use of Western psychotherapy models in non-Western culture, Bangladesh, 32105
identification of jobs & tasks related to musculoskeletal & psychosocial problems, 14–40 yr old metal workers, Bangladesh, implications for ergonomic & occupational health & safety measures, 12940
sexual networking & regimes, risk of HIV/AIDS epidemic, married vs single males, Bangladesh, implication for AIDS prevention , 22084
trained vs untrained traditional birth attendants' advice on & mothers' practice of infant care, birth attendants & mothers, Bangladesh, 20757
understandings & preferences of contraception uptake during postpartum amenorrhea, female urban slum dwellers who adopted contraception prior vs after resumption of menses, Bangladesh, 1189
Baptists [See Protestants]
Barbados—Serials
first-contact incidence rate of schizophrenia, 18–54 yr old African-Caribbeans, Barbados, 12 mo study, comparison with data from African-Caribbeans in Trinidad & London & Whites in London, England , 27691
psychosocial variables & mood, breastfeeding, healthy mothers of infants, Barbados, 6-mo study, 17501
Barbiturates [See Also Amobarbital, Methohexital, Pentobarbital, Phenobarbital]—Chapters
D^9-tetrahydrocannabinol, 17140Barbiturate potentiating, temperature reducing, analgesic, and behavioral effects of some synthetic tetrahydrocannabinol derivatives in comparison with
Bargaining—Serials
computer simulation as method of teaching political coalition formation & mixed-motive negotiation & bargaining theory, 28931

contractual commitments & bargaining power, governance inseparability in business, application of extended transaction cost theory, 12858
development of ultimatum bargaining strategies & concerns for fairness, college students vs 9th vs 6th vs 3rd grade students, 4485
distributive vs integrative bargaining perspectives on the debate between economic development vs environmental protection, 19473
negotiation context, evaluations of procedural & distributive justice & emotional reactions to bargaining process, college students, 37061
negotiation outcomes, males vs females in business organizations, 35669
physical attractiveness &/vs gender, bargaining ultimatum game decisions, college students (mean age 23 yrs), 33903
relationship between perceptions of optimism vs pessimism & settlements in bargaining games, graduate students as negotiators, 30396
susceptibility to endowment effect & loss aversion in comparability of trading consumer goods, college students, 6385
systematic errors of perceptions in personality-trait attributions for bargaining behaviors of counterparts, MBA students as negotiators, 27386
uncertainty in seller's payoff & possibility of negative payoff, bargaining behavior, adults, 33880
Bargaining—Chapters
Infinite horizon bargaining games: Theory and experiments, 7838
Barometric Pressure [See Atmospheric Conditions]
Basal Ganglia [See Also Amygdaloid Body, Caudate Nucleus, Globus Pallidus, Putamen]—Serials
6,7-di-nitroquinoxaline-2,3-dione & muscimol & MK-801, intrastriatal glutaric acid induced rotational behavior & convulsions, male rats, 4199
action & information chunking in basal ganglia, 472
action programming model of selection of attention & motor preparatory actions in basal ganglia-thalamocortical circuits, stereotaxic neurosurgery patients with Parkinson's disease, 18388
acute vs chronic parkinsonism induced by neurotoxin, striatal dopamine dennervation & preproenkephalin gene expression, male monkeys, 26844
adenosine 2a neural receptor binding in postmortem basal ganglia, 41–75 yr olds with schizophrenia, 1600
administration of selective striatal metabotropic glutamate receptor agonists into nucleus accumbens or dorsal striatum, prepulse inhibition of acoustic startle response, male rats, 10583
apomorphine induced striatal immunoreactivity, male rats with 6-OH-dopamine lesions, 23346
apriprazole, modification of striatal neurons as dopamine D2 receptor agonist or antagonist, male rats, 36588
attention & action selection & functioning of basal ganglia & thalamus as seen in EPs, patients with Parkinson's disease & epilepsy & obsessive neurosis & adolescents with ADHD, 18125
basal ganglia volume changes, male (mean age 25.57 yrs) schizophrenic patients treated with typical vs atypical neuroleptics, 2 yr study, 31629
bilateral microinjections of carbacholine & scopolamine into striatum, signal differentiation, dogs, 3913
clonidine & UK 14304 & methylphenidate & apomorphine & idazoxan & efaroxan, circling behavior, male rats with unilateral 6-hydroxydopamine lesions of nigrostriatal pathway, 17028
computational neural network model of dopaminergic striatal circuitry in attentional learning by reinforcement, 32506
deep brain stimulation of internal pallidum vs subthalamic nucleus, upper limb akinesia, 46–60 yr olds with Parkinson's disease, 22043
differential involvement of frontosubcortical circuits, neuropsychiatric symptoms, adults with Huntington's disease vs progressive supranuclear palsy, 2054
direct infusions of amphetamine into striatum, extracellular concentrations of glutamate & role of high affinity glutamate transporter in this process, male rats, 29989
dopamine agonist 7-OH-DPAT or antagonist nafadotride, proneurotensin/neuromedin N mRNA levels in striatum & nucleus accumbens shell, male rats, 26803
dopamine receptor mediated guanosine 5'-O-(gamma-[35S])thio)triphosphate binding in striatal membranes, rats, 36560
dopamine synthesis in striatum & medial prefrontal cortex, 21–49 yr old schizophrenic patients, 34173
dorsal striatum lesions, rule-based learning in radial maze, male rats, 26648
early withdrawal from repeated cocaine, neostriatal muscarinic & dopaminergic receptor binding density, female rats, 10665
environmental restriction vs enrichment, development of stereotypy, striatal dopamine D1 & D2 receptor density, mice, 20058
fluoxetine vs desipramine vs tranylcypromine, expression of dopamine D1 and D2 receptors in nucleus accumbens & other striatal regions, male rats, 7160
functional imaging of regional cerebral blood flow in basal ganglia vs cerebellum during control of movements, healthy volunteers, 3864
glial cell line-derived neurotrophic factor, extracellular levels of dopamine in striatum 24 hrs postadministration & protection against neurotoxic effects of methamphetamine, male rats, 29775
gonadal steroids androgen & estrogen, development of sex differences in nucleus hyperstriatalis ventrale pars caudale, zebra finch, 20100
intrastriatal quinolic acid vs 3-nitropropionic acid, behavior & striatal & lateral ventrical size & neuropathology, male rats, animal model of Huntington's disease, 746
lateral magnocellular nucleus of the anterior neostriatum circuitry changes & axonal topographic development during vocal learning sensitive period, juvenile vs adult male zebra finches, 26603
lesions of lateral portion of magnocellular nucleus of anterior neostriatum, seasonal regeneration of song, adult white-crowned sparrows, 454
MAO inhibitor, [3H]quinpirole binding in striatum, male rats, implications for behavioral sensitization to psychostimulants, 4196
mitochondrial respiratory chain enzyme cytochrome-c oxidase, basal ganglia regional energy metabolism, postmortem brains of chronic schizophrenics, 30745
MK-801 administered into nucleus accumbens vs dorsomedial striatum, learning vs performance, rats, 23301
monoamine releaser p-chloroamphetamine, preprotachykinin & preproenkephalin mRNA expression in anterior vs posterior striatum, rat pups, 10537
motor effects of cannabinoids & role & distribution of CB1 cannabinoid receptors in basal ganglia, implications for rat model of Parkinson's disease, 33480
network model of sequence processing & short-term information storage by cortico-basal ganglia-thalamic neural circuitry, 32487
neurofibrillary tangle staging in nucleus basalis & cerebral cortex, patients with Alzheimer's disease with vs without Lewy body disease, 5328
neuroleptics, striatal volume & glucose metabolism & vacuous chewing movements, male rats, 640
neuroprotective & restorative properties of glial cell line derived neurotrophic factor for nigrostriatal dopamine system & motor function in animal models of Parkinson's disease, 3845
normal & drug induced locomotor behavior & release capacity of dopamine neurons in nigrostriatal & mesolimbic systems, 4–6 vs 10–12 vs 18–20 vs 24–26 mo old male rats, 4041
olfactory proteins & odeorants & transduction apparatus & globase basal cell turnover & odoraolfactory sensory neuron line, 36440
passage through blood-brain barrier & occupancy of striatal D2-like dopamine receptors of panamesine EMD 59983 metabolite EMD 57445, patients (aged 30–55 yrs) with schizophrenia, 38251
positron emission tomography, 5-HT modulation of dopamine release in basal ganglia, psilocybin-induced psychosis, 25–29 yr olds, 14590
receptor binding of muscarinic antagonist [3H]AF-DX 384 in caudate putamen, deceased schizophrenic patients, 17903
regional cerebral blood flow in prefrontal cortex & basal ganglia & temporal lobes, 13–18 yr olds with major depressive disorder, 24208
reinforcement reward expectation, conditioned response behavior-related neuronal activity in striatum, monkeys, 3854
reinforcement reward expectation-related neuronal activation in striatum during learning, monkeys, 3930
risperidone vs clozapine, amphetamine induced striatal dopamine release, 23–50 yr olds with chronic schizophrenia or manic depression, 15281
risperidone, extracellular striato-pallidal dopamine & serotonin & GABA neurotransmitters & limb rigidity, female rats, 4162
role of basal ganglia abnormalities, 12–29 yr olds with autism, 24604
role of corpus striatum volumetric abnormalities, adults (mean age 34.9 yrs) with obsessive compulsive disorder, 1632
role of striatofrontal circuits in spatial working memory, patients with Parkinson's disease, 8642
role of the nucleus accumbens in spatial learning & within the larger striatal system, 26623
roles of frontal cortex vs basal ganglia vs cerebellum in visuomotor sequence learning, monkeys, 475
same vs different hemispheric lesions of amygdala central nucleus &/vs substantia innominata/nucleus basalis, incremental CS processing, rats, 10417
SB 242 084 & RO 60-0175, nigro-striatal & mesolimbic dopaminergic function, male rats, implications for treatment of schizophrenia & neuropsychiatric disorders, 33387
striatal activation during learning of probabilistic classification skill, 19–43 yr olds, 33240
striatal dopamine D-2 receptor binding measured by iodobenzamide & SPECT before vs after selective serotonin re-uptake inhibitor, 29–71 yr old patients with major depression, 25183
striatal dopamine deficiency & RT & movement times, 31–74 yr old patients with untreated Parkinson's disease, 37891
striatal dopamine levels, susceptibility of striatal neurons to 3-nitropropionic acid induced toxicity, female rats, animal model of Huntington's disease , 7084
striatal dopamine-2 receptor occupancy, 19–54 yr old schizophrenic patients treated with olanzapine vs clozapine vs haloperidol, 12245
striatal dopaminergic abnormalities, adult cocaine users, 10435
systemic ionotropic glutamate receptor modulation of 5-HT-6 & 5-HT-7 receptor mRNA expression in striatum & hippocampal formation, male rats, schizophrenia etiology implications, 30008
tactile discrimination of macrogeometric objects & FDOPA metabolism in basal ganglia, 41–66 yr old patients with Parkinson's disease, 28213
true drug response to fluoxetine, choline-creatine rations in basal ganglia, depressed patients (mean age 38.9 yrs), 38311
unilateral vs bilateral subthalamic nucleus deep brain stimulation, levodopa-induced dyskinesias or treatment-refractory motor fluctuations, 54–75 yr olds with advanced Parkinson's disease, 31799
unrestricted ethanol self-administration, reactivity of striatal dopamine & dopamine-sensitive neurons & acetylcholine release in nucleus accumbens slices, ethanol-experienced vs naive male rats, 10632
ventral vs regional dorsal striatal lesions, sucrose consumption & positive & negative contrast, male rats, 26587
ventromedial vs dorsolateral striatal lesions, motoric vs motivational vs 'executive' aspects of progressive ratio performance, male rats, 29785
volume of nucleus accumbens & pallidum of basal ganglia, postmortem 39–62 yr olds with mood disorders, 11352
whole vs restricted medial vs lateral lesions of dorsal striatum, RT-assessed response bias in contralateral space, male rats, 16899
Basal Ganglia [See Also Amygdaloid Body, Caudate Nucleus, Globus Pallidus, Putamen]—Books
Advancing from the ventral striatum to the extended amygdala: Implications for neuropsychiatry and drug use: In honor of Lennart Heimer, 27496
Basal Ganglia [See Also Amygdaloid Body, Caudate Nucleus, Globus Pallidus, Putamen]—Chapters
Associative processes in addiction and reward: The role of amygdala-ventral striatal subsystems, 26660
Basal forebrain afferent projections modulating cortical acetylcholine, attention, and implications for neuropsychiatric disorders, 26670
The bed nucleus of the stria terminalis: A target site for noradrenergic actions in opiate withdrawal, 27897
The concept of the ventral striatum in nonhuman primates, 26663
D_3 receptors and the actions of neuroleptics in the ventral striatopallidal systems of schizophrenics, 26871
The extended amygdala and salt appetite, 26664
The extended amygdala: Are the central nucleus of the amygdala and the bed nucleus of the stria terminalis differentially involved in fear versus anxiety?, 26658
Functional and anatomical relationships among the amygdala, basal forebrain, ventral striatum, and cortex: An integrative discussion, 26662
Mesolimbic activity associated with psychosis in schizophrenia: Symptom-specific PET studies, 27718
Regulation of neurotransmitter interactions in the ventral striatum, 26876
The role of dopamine, dynorphin, and CART systems in the ventral striatum and amygdala in cocaine abuse, 26869
The role of the striatopallidal and extended amygdala systems in drug addiction, 27900
Basal Readers [See Reading Materials]
Baseball—Serials
asymmetrical hand function & handedness, hitting performance, baseball players, 19788
transtheoretical model stages of change following mental skills training program, male youth baseball players, 3 mo study, 16166
Basketball—Serials
conversational norms, people waiting to play pickup basketball game, 27291

mastery vs performance goal perceptions of motivational climate, success & sources of satisfaction following basketball camp, 10–18 yr old females , 4448
perceptions of momentum in college & high school basketball games, 28 yr old female with basketball playing & coaching experience, 35694
single vs multiple measures of biofeedback & perceived control & self-efficacy, basketball free throw shooting, basketball players, 6357
teaching behaviors & verbal cues used during basketball training, coach J. Tarkanian, 25957
team quality, home game winning percentage, female basketball teams, 35705
time spent in specific practice behaviors & player performance in competition, girls' basketball team coaches & their players, 25960
Bats—Serials
auditory pathways in brainstem & auditory neural tuning to biologically relevant temporal sound patterns, echolocating bats, 23302
perception of complex tones & its analogy to echo spectral analysis, Magaderma lyra, 13382
sound-localization acuity & ability & use of binaural cues & visual field, Egyptian fruit bats vs other animals, 29676
transient early inhibitory input, processing of interaural intensity difference in auditory midbrain neurons, bats, 10443
Battered Females—Serials
barriers to condom use for AIDS prevention, battered Mexican & Mexican American females, 24402
childhood exposure to parental dyadic aggression & unskilled parenting, aggression toward female partners in young adulthood, at-risk males, 833
co-occurrence of child abuse & woman battering, 17988
crisis intervention, family in shelter for battered women, 35233
current service practices & views, 21–60 yr old child protection workers & battered female advocates, implications for increased collaboration, 22164
demographic & battering patterns, changes in self-esteem & self-care & depression, adult females, 3.5 yr study, 11509
detecting & addressing emotional & physical abuse & obstacles to ending domestic violence, battered women, 34263
development & role of Violence Against Women Act in protecting battered immigrant females from domestic violence & benefits & barriers created by current immigration laws, 32536
disclosure & identification issues in provisions of health care services for battered women, 18–50+ yr old battered female survivors, 31378
experience of abuse & resistance, battered Asian Indian female immigrants (aged 27–54 yrs), 24443
experiences of a batterers' intervention program, 18–57 yr old battered female partners, 15515
experiences of abuse, females, review of qualitative first-person research, 1730
forced sex by partner or ex-partner, health & self-esteem, battered females (mean age 31.6 yrs), 37445
health & developmental & behavioral risk markers, 2–6 yr old children of battered women, 24380
history of physical &/or sexual abuse & abuse severity, PTSD, battered Hispanic women, 24345
injuries & mental health consequences, male batterers & female victims (aged 18–65 yrs), 24415
injury frequency & patterns & health care seeking behavior, battered females with male partners in batterer intervention programs, 14655
intimate partner violence, primary care services, battered women, 35055
issues encountered at various stages of career development process, 25–46 yr old self-identified battered females, 14667
La Isla Pacifica shelter for Mexican American women who have fled violent partner, 12459
methodological problems & ethical considerations in assessment & reporting of maltreatment, children of battered mothers, 21247
model of women's physical & emotional health responses to battering, 18–52 yr olds, 11778
perceptions & expectations of current vs ideal marital relationship, battered females from women's shelter or outpatient treatment, application of Circumplex Model of family system, 14703
phenomenological-constructivist & feminist interpretation of perceptions of violent events & their development through use of metaphors, 20–49 yr old battered females, 34264
physiological reactions to arguments, interactions, batterers & their wives, 27761
prevalence estimation methods of domestic violence, females of Japanese descent (mean age 37.2 yrs), 34313
regulatory standards for batterer programs, case example of the Illinois Protocol for Domestic Abuse against women, 15516
relative effectiveness of 4 different approaches to batterer intervention, adult male batters & their female partners, 15 mo study, 12557
responses to battering, 18–53 yr old females, 2.5 yr study, 8250
services for battered women, agency directors, southern US, 25436
sleep patterns & daytime fatigue, battered women, 24429
traumatic life event history, battered females, 24430
treatment program for men who batter their female partners, Latin America, 11965
victimization through allegations of failure to protect child witnesses of domestic violence, battered mothers, 21251
views of efficacy of shelter services, 16–50 yr old battered females, 35244
Battered Females—Books
Getting out: Life stories of women who left abusive men, 37528
Battered Females—Chapters
A group treatment program for male batterers, 14719
Bayes Theorem [See Statistical Probability]
Bayley Scales of Infant Development—Serials
Bayley Scales of Infant Development vs Play-Based Assessment, assessment of cognitive development, at-risk 2 yr olds, 22842
changes in starting point of Bayley Scales of Infant Development II, test results, 11 mo 16 day to 12 mo 15 day old cocaine exposed infants, implications for intervention placement, 18044
use of Bayley Scales of Infant Development-II with premature infants & related concerns, implications for state funding & neonatal intensive care early intervention, commentary, 35
Beck Depression Inventory—Serials
age & sex, Beck Depression Inventory prevalence of self rated depression & factor structure, 33–60 yr old twins considered as individuals, longitudinal study, Finland, erratum, 1550
association of Minnesota Multiphasic Personality Inventory-2 profiles & Beck Depression Inventory scores, assessment of denying depression, 14–21 yr old mothers, 16352
common dimensions of Beck Depression Inventory-II & Beck Depression Inventory-amended version, adults (mean age 42.2 yrs) with major depression, 6636
dimensions of Beck Depression Inventory-II, clinically depressed outpatients, 9905
factor analysis & dimensionality of Beck Depression Inventory, college students, implications for assessment of depression, 35894
factor analysis of Beck Depression Inventory, 20–64 yr olds with chronic back pain with vs without depression, 24730
factor analysis of Beck Depression Inventory, college students & medical patients, 27625
factor structure of Beck Depression Inventory screening scores, prisoners, 9873
item score data on Beck Depression Inventory, Canadian vs Swedish vs Bulgarian 12–18 yr olds, 29432
psychometric properties of Portuguese version of Beck Depression Inventory, assessment of depressive symptomatology, college students, Brazil, 19619
reliability & efficacy of Beck Depression Inventory for Primary Care in aiding physicians in psychodiagnosis of major depression, outpatients on routine office visits to physician specialists, 19629
utility of Beck Depression Inventory for Primary Care as major depression disorders screening tool, 12–17 yr old medical outpatients, 22883
validity of MMPI-2 & Beck Depression Inventory, psychosocial assessment for decisions of organ allocation, high vs low risk candidates for renal transplantation, 18831
Beck Depression Inventory—Chapters
Beck Depression Inventory and Hopelessness Scale, 26178
Predicting depression scores from the Apperceptive Questionnaire, 29349
Bedwetting [See Urinary Incontinence]
Beer—Serials
broadcast advertising of beer & wine, absolute alcohol consumption & consumption of hard liquor, consumers, 16215
ethanol content & food deprivation & cocaine, beer consumption, male rats, 7227
sensory characteristics influencing determinants of thirst-quenching quality of beer, Ss, 3438
Bees—Serials
absolute vs differential conditioning procedure & recognition strategy & visual field usage, pattern learning, honeybees, 13398
chemical identity of previous conspecific or congener visitor, probe or rejection of flower, honeybees vs bumblebees , 3785
exploratory behavior & communication & cognitive ability, group decision making about new nest location, honeybee swarms, 10365
octopamine agonists, nestmate recognition, honeybees, 23572
spatial generalization, honeybees, 16752
worker allocation & coordination of complex system of signals & other feedback mechanisms, nectar foragers & receivers in honey bee colonies, 29704
Beetles—Serials
mate choice of mature vs immature & previously mated vs virgin mature females & females previously mated with test vs different males, male red flour beetles, 13430
Behavior [See Also Adaptive Behavior, Adjunctive Behavior, Animal Ethology, Antisocial Behavior, Attachment Behavior, Childhood Play Behavior, Choice Behavior, Classroom Behavior, Conservation (Ecological Behavior), Consumer Behavior, Coping Behavior, Coronary Prone Behavior, Drinking Behavior, Driving Behavior, Exploratory Behavior, Health Behavior, Illness Behavior, Instinctive Behavior, Psychosexual Behavior, Self Defeating Behavior, Self Destructive Behavior, Social Behavior, Stereotyped Behavior, Voting Behavior, Wandering Behavior]—Serials
1A receptor specific 5-HT agonist flibanserin, behavior in animal models of depression, mice & rats, 36532
1–100 kHz tones, auditory brainstem responses & behavioral audiograms, killer whales, 33040
6-step models of behavior & pervasive victim self-image, individuals with antisocial personality disorders, 24370
achievement & behavior development, 6–7 yr olds, 6 yr study, 26940
adjunctive exercise therapy, behavior & mental health, patients with schizophrenia, 15363
antecedents & behavior & cognitions & attitudes & experiential response dimensions, 18–22 yr old anger prone individuals, 27402
application of targeted systems analysis to establish behavior definition of competence, 26069
aspects of general practitioners' behavior that determine patients' evaluations of care, 18–88 yr old patients, Netherlands , 2473
atipamezole, short term & long term spatial memory & activity level & other behaviors, trimelthyltin-intoxicated male rats, 725
attributions of shyness-resembling behaviors, shy & nonshy 18–21 yr old high school students, 20890
behavior & level of subjective stress & objective strain during work vs leisure time, blue vs white collar workers (mean ages 50 & 51 yrs), 22617
behavior & psychosocial profile, alcohol exposed 3–16 yr olds, 27876
behavior & temperament differences, Japanese vs British 1–3 yr olds, 36780
behavioral & intellectual abnormalities in psychological assessments, later development of schizophrenia, 16–17 yr old males, 34151
behavioral & neurobiological evidence on function of nicotine as drug of abuse, 4242
behavioral & social & economic factors, decline of rural Midwestern communities, 14122
behavioral activation & lack of concern as possible core symptoms of anorexia nervosa, 1891
behavioral effects of family-selective inhibitors of cyclic nucleotide phosphodiesterases, rats, 20355
behavioral patterns & prevalence of language deficits, 6–11 yr olds with primary attention-deficit vs ADHD, 1861
behavioral response to repeated d-amphetamine administration & relation to personality characteristics, 18–45 yr olds, 7254
behavioral responses, newborns of insulin-dependent diabetic mothers, 18276
beliefs' internal content properties vs intentional properties & environment-dependence of content, behavior causation, 36639
bidirectional communication between brain & immune system, implications for regulation of behavior & understanding of stress, 16880
bimanual coordination model of brain & behavioral dynamics, 3212
change of operant schedule contingencies & reinforcement density, allocation of behavior predicted by behavioral momentum, 60–79 yr olds, 23820
coercion as control of behavior through punishment & negative reinforcement vs positive reinforcement in educational settings, 35514
cognitive & emotional & behavioral functioning, adolescents (mean age 11.75 yrs) who had survived Reye syndrome with no obvious neurological damage, followup study, 37885
cognitive-behavioral theory of obsessive-compulsive disorder, implications for therapy, 4993
comprehension of desire for & knowledge constraints on intended action, 3 vs 4 vs 5 yr olds, 20502

consequences automatic attitude activation & stimulus classification as immediate behavioral predispositions to approach or avoid stimulus, college students, 10088
contemporary state & development of & trends in behavior theory, 36235
criterion-related validity of situational interview, assessment of past behaviors or future intentions, 9994
critical incident analysis of patients behavioral responses to nursing care & nature of nurse–patient interaction, 26–78 yr old hospitalized or recently hospitalized HIV/AIDS patients, 9202
Darwinist & animal behaviorist approach to human evolutionary psychology & animal behavior, 16289
demographic & behavioral characteristics, fruit & vegetable consumption, 16–74 yr olds, 20613
demographic & maladaptive behavioral correlates & predictors of frequency & duration of restraints, institutionalized 12–85 yr olds with borderline to profound mental retardation, 38557
dependency on actor & actor's behavioral freedom, correspondence bias, college students, 11135
development of scale in measuring professional attitudes & behaviors in medical education & residency setting, medical students & residents, 114
development of typology of & cluster analysis of items measuring parent rated child behavior, 6–11 yr olds, 20576
developmental dynamic systems theory of relations between language & culture & other complex behaviors & increasing neural complexity through evolution, 26554
developmental vs traditional handling, motor development & behavioral organization, very low birth weight infants (aged 28–36 wks), 37955
differential behavior assessed by heart rate, fetuses of diabetic vs nondiabetic mothers, 27994
early life events & innate factors, behavioral & hormonal responses to stressors, mice, 3808
emotional & behavioral & social adjustments, Korean American adoptees (mean age 5.2 yrs) vs their adoptive siblings (mean age 11.3 yrs) who are biological children of adoptive parents, 10861
emotional & behavioral reactions & psychosocial functioning & psychiatric symptomatology, 5–17 yr olds whose parents committed suicide, 25 mo study, 24393
endothelin-1, behavior, conscious male rats, implications for role of receptor subtypes, 36594
escalating dose-binge stimulant exposure of amphetamine or methamphetamine, emergent behavioral profile & differential caudate-putamen & nucleus accumbens dopamine responses, male rats, 13814
family resources & environment, behavioral outcomes, 5–15 yr olds with traumatic brain injury, 2 yr study, 11910
fenfluramine induced 5-HT depletion, neuroendocrine & behavioral responses, male rats, 624
fetal body & eye movements & heart rate in developmental organization of behavior from 24-wks gestation onward in normal & complicated pregnancies, healthy pregnant females, 24 wk & onward study, 20440
fluoxetine, active & passive behavior in forced swimming test, rats, implications for animal models of psychopathology, 13821
fundamental principles in behavior theory, 35836
gene mapping & functions & influence of single genes vs interacting arrays of genes on brain & behavior & relation to genetic engineering, 13504
glycine transport inhibitors, phencyclidine-induced activity, rats, 13752
handmade recreational items, behavior, nursing home residents with dementia, 18999
heat, emotions & behavior, normal Ss, 33003
hunger vs satiety motivation state & familiarity with stimulus, behavioral & autonomic responses to artificial & food-related odors, neonates, 26948
imbalance of dietary essential linoleic & docosahexaenoic fatty acids, behavioral development in mice, 26534
individual differences & job search behaviors, employment status, recent university graduates (mean age 24.5 yrs), 19390
injustice, powerseeking motivation & behavior, college students, 24016
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1351
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1360
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1320
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1357
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, 1344
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1314
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1342
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary , 1339
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary reply, 1345
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1315
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1349
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1361
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1356
intelligence & learning behaviors & demographics, academic achievement outcomes, 6–17 yr olds, 38850
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28912
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28911
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28903
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28909
interference & inhibition in cognition & behavior, implications for educational psychology, commentary reply, 28904
interference & inhibition in cognition & behavior, implications for educational psychology, 19211
intrastriatal quinolic acid vs 3-nitropropionic acid, behavior & striatal & lateral ventrical size & neuropathology, male rats, animal model of Huntington's disease, 746
intrathecal injections of tachykinin NK1 agonist, behavioral characteristics, mice, 30051
introduction of referential behavior theory as path for reconciliation of dynamical & information-processing accounts of action & cognition, 35839
knowledge of target psychological & personality traits, memory & recall of trait consistent vs inconsistent behavior, undergraduates, test of summary-plus-exception model of social memory, 1243
MAO A & B genes & involvement in behavior & stress-related disorders & research using knock-out mice, 20066
maternal interactive style & child behavioral & emotional & physiological regulation, mothers & 24 mo olds, 1139
measures of planned behavior & cognitive social learning, immunization practices, factors that influence physicians, 32575
multifactorial approach to mapping gender-related personality traits & interests & attitudes & behaviors, undergraduates (mean age 19.1 yrs), 37144
myths concerning heredity-environment debate & behavior, implications for education & psychology, 20067
naltrexone, acute performance impairing & physiological effects of ethanol or pentobarbital, 19–50 yrs, 26840
neural & cognitive aspects of covert & overt aspects of action as internal representation, 13287
neurobiology of behavior & human adaptation, 3876
neurochemical & behavioral effects of nucleus accumbens dopamine depletions & rate of responding, 26640
neuroethology of spatial learning & mechanisms, insects & birds & humans & other mammals, 13524
nutritional supplementation with vs without psychosocial stimulation, child & caregiver behavior & developmental levels, stunted vs nonstunted 12–24 mo olds, 6 mo study , 28596
parental reports concerning behavior following febrile convulsion, 9–12 yr olds, 14904
participation in Adlerian parent education programs Active Parenting Today or Active Parenting of Teens, perception of child's or teen's behavior, parents, 25103
personality factors & cognitions & behavior in development & progression of excessive exercise, female adolescent patients with anorexia nervosa, test of nonrecursive structural equation model, 24651
physical & social conditions & location that influence us of & social & symbolic orientations that govern behavior in presence of public TV sets, US vs Germany, 17169
play & TV & meals & sleep settings, behavior, male 3–5 yr olds with ADHD, 11701
prediction of responsible environmental behavior through environmental literacy variables, secondary teachers, 26002
predisaster behavior & academic functioning, Posttraumatic stress following Hurricane Andrew, 4th–6th graders, 8186
prenatal exposure to rays, circling & activity behavior, prepubertal & postpubertal rats, 6997
prevalence of risky food-handling & food consumption behaviors, adults, 16198
proenvironmental behaviors vs perceptual vs behavioral characteristics, voluntary simplicity lifestyles, females (mean age 52.6 yrs), Japan, 33979
psychological functioning, college students with confirmed vs self-reported vs without ADHD, 28998
psychology & threat to existence of & consequences associated with & advantages for reclaiming affective & intuitive & holistic bases for understanding human behavior, commentary reply, 9766
psychology & threat to existence of & consequences associated with & advantages for reclaiming affective & intuitive & holistic bases for understanding human behavior, commentary, 9764
Psychomotor Activation Programme, individual & group behavior & cognitive functioning, 64–96 yr old group care home residents with dementia, 35047
reactions to everyday stress of family-related conflicts, 7–15 yr olds with disabled sibling, 20591
reconsideration of L. L. Thurstone's scale modeling of relationship between attitudes & behaviors, 11–16 yr olds, 7878
role of developmental–behavioral pediatricians within managed behavioral health care organizations, 28818
role of gustatory thalamus in taste-guided behavior, 509
role of superoxide dismutase enzyme in motor neuron dysfunction & abnormal motor behaviors, normal vs sclerotic-prone vs transgenic mice, 36382
role of vesicular monoamine transporters in neuronal & behavioral function, genes of soil nematode Caenorhabditis elegans, 10408
selected bibliography on chronic medical conditions & educational or behavioral issues, 27457
self & social identity & past experience, intention & behavior of performing behavior, 17–59 yrs old community residents, 37172
sex & personality & behavioral & temperamental risk factors for later disordered eating, 7th–10th graders, 24659
single & multiple doses of ondansetron, cholecystokinin tetrapeptide-induced behavioral & neuroendocrine changes, adult males, 7182
smokeless tobacco-related sensory & behavioral cues, stress & urge & affect, male smokeless tobacco users (mean age 20 yrs), 643
social subordination stress & brain dopaminergic activity & behavior, female cynomolgus monkeys, 607
stimulant therapy, behavioral & quantitative EEG responses, 6.0–16.1 yr olds with attention disorders, 31626
subjective & behavioral effects of oral delta^9-tetrahydrocannabinol, frequent vs infrequent marijuana users, 20309
synthesis & extension of the achievement-motivation attribution model of B. Weiner & the cube behavior attribution model of H. H. Kelley, 7854
temperament at 24 mo & neurodevelopment & behavior, preterm vs full term children, 4407
temporal changes in behavior & EEG & heart rate & cardiac vagal tone & startle eyeblink response & salivary cortisol during self-presentation anxiety, shy & nonshy 7 yr olds, 33673
test of models of brain–behavior relationship & validity of statistical analyses, simulated & real stroke patients, 5347
theoretical framework of how people explain behavior, 13017
thermal dehorning with vs without local anaesthesia, behavioral & physiological reactions, 4–6 wk old calves, 10317
trazodone, behavioral symptoms, outpatients with frontotemporal dementia, 28453
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, 14614
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary reply, 14605
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14624
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14599
use of multitemporal satellite images & spectral mixture analysis in study of human incentives & actions & reactions to environmental change, 12960

use of self-operated auditory prompts to decrease off-task behavior, 12 yr old male with autism & mental retardation, 37645
user interface affordance in planning representation & artificial intelligence model of acting in environment, 39049
validation of biopsychological & behavioral correlates of multilevel sensation seeking construct, 18–39 yr old college & graduate students, 17651
weaning at 7 & 14 & 28 days of age, piglet behavior, 10372
will & intention & perceptions of control & discontinuity to actions, 24036
within-session changes in response rate during steady-state operant procedures, implications for behavioral pharmacology, 13160
zolpidem vs benzodiazepine effects on reinforcement & abuse potential & discrimination & performance impairment & tolerance & dependence, humans & nonhumans, 739

Behavior [See Also Adaptive Behavior, Adjunctive Behavior, Animal Ethology, Antisocial Behavior, Attachment Behavior, Childhood Play Behavior, Choice Behavior, Classroom Behavior, Conservation (Ecological Behavior), Consumer Behavior, Coping Behavior, Coronary Prone Behavior, Drinking Behavior, Driving Behavior, Exploratory Behavior, Health Behavior, Illness Behavior, Instinctive Behavior, Psychosexual Behavior, Self Defeating Behavior, Self Destructive Behavior, Social Behavior, Stereotyped Behavior, Voting Behavior, Wandering Behavior]—Books

Behavior Analysis [See Behavioral Assessment]

Behavior Change—Serials

adaptation to response pattern change in laboratory experiment, 21–46 yr olds with vs without short vs long history of drug dependence, 5084
algorithm for staging of dietary patterns in Eat Well Live Well nutrition program, 25–55 yr old African American females, 18862
application of sanctions or incentives, knowledge of program requirements, welfare clients, implications for moral lessons vs episodic attention models, 31964
application of social & behavioral & evaluation research studies to evaluation of 6-yr global HIV prevention & behavioral change program in developing countries in Latin America & Asia & Africa, 2516
application of transtheoretical model of behavior change to smoking cessation & stress management, 5547
aspects of sexual relationships & peer characteristics & demographic & psychosocial characteristics, condom use stage & behavior change, male vs female 17–35 yr old African Americans, 12371
behavioral & developmental changes, naltrexone treated 5.2–8.3 yr olds with autism vs age- & IQ-matched medication-free autistic children, 6 mo study , 25231
behavioral & emotional changes, 4–18 yr olds placed in residential group home care, 2.5 yr followup study, Finland, 35230
behavioral & psychiatric symptom changes, 60–95 yr olds with Alzheimer's disease or dementia, 9 yr study, commentary, 28165
behavioral & psychiatric symptom changes, 60–95 yr olds with Alzheimer's disease or dementia, 9 yr study, 11902
behavioral changes & epileptic syndromes, 34618
bilateral thalamic infarction, cessation of stuttering & personality regression, 66 yr old male, 37890
brief supportive psychotherapy, interpersonal functioning & personality change, patients with personality disorders, 6 mo followup, 8776
changes in coffee & cigarette consumption & urine cotinine levels, alcohol dependent inpatients evaluated at admission to & after discharge from detoxification program, longitudinal study, 19051
changes in object relations in relation to external events & behaviors & social relationships & treatment outcomes, mentally ill patients tested at admission to psychiatric day-care unit & 1-yr later, 28660
changing patterns of attempted suicide, Greece, 1994–96, comparison with data from 1971–72 & 1982–84, 8267
cigarette smoking behavior & behavior change & panic symptoms, patients with panic disorder with or with agoraphobia, 11454
cognitive responses to tailored vs generic weight-loss health information promoting risk-reducing behavior changes, overweight Ss (mean age 47 yrs), 35132
consistency & change in abusive behavior & parenting styles, rhesus macaque mothers & successive infants, 2 yr study, 10333
conspecific vs interspecific bird call, behavioral ecology of reduction in male vocal reaction, allopatric vs sympatric Hippolais polyglotta vs H. icterina warblers, Belgium & France, 23259
criterion measurement outcome model to test predictions of movement from precontemplation to contemplation to preparation stages of change, 18–75 yr old smokers, 24 mo followup, 28787
development & evaluation of minimal-intervention exercise promotion program, 23–42 yr old mothers of preschool children, 22086
development & psychometrics of Objective Behavioral Index, assessment of behavioral indicators of treatment response, 18–52 yr olds with severe personality disorders, 19571
development & situational structure of scales to measure stage of change & sex differences in confidence in safer sex & temptation for unprotected sex constructs, college students, 22906
discontinuity patterns in ratings of pros & cons & confidence, 16–79 yr old daily smokers at precontemplation vs contemplation vs preparation stage of behavior change, 25279
discriminative fear conditioning to context, physiological & behavioral measures of fear, male rats, 19928
disease status & progression & changes in sexual risk behaviors, 24–55 yr old HIV positive vs negative females, 4 yr study, 1977
evaluation of modified needle-cleaning intervention using bleach, behavior change & correlates of safer cleaning practices, injection drug users, 2–4 we & 6 mo followups, 9036
external reinforcement strategies, internal motivation & health behavior change, 2529
factors associated with changes in academic achievement trajectories, high risk 1st graders, longitudinal study , 12687
fluidity of racial identification, intervention to promote change in at risk behavior, Brazilians at high risk for HIV/AIDS & who use cocaine , 2541
generation & maintenance of specific immune response, alterations of reliable behaviors, male mice, 23596
goal attainment scaling in evaluation of 3 behavior interventions, self-care behavior, congenitally moderately intellectually impaired 19–39.1 yr olds, 16 wk followup, 28337
Groningen Active Living Model & behavioral change strategies, stimulating physical activity, sedentary 55–65 yr olds, 38464
group socialization, move from self-interested individualism to self-sacrificing & ''heroic'' collectivism, volunteer search & rescue group members, 27294
how motivational readiness to change conceptualized within transtheoretical model contributes to recovery from substance abuse, implications for substance abuse treatment, 24521
influence of simulated board game on changes in attitudes & norms & motivation & behavior & intentions, managerial level housing association employees, 9599
intensity of behavioral impairment under alcohol & expectancies about impairment & rates of rise in blood alcohol concentration, male 29–24 yr old social drinkers, 1201
interaction of basal ganglia & limbic system & neocortex & role of phylogenetic & ontogenetic processes in behavior changes associated with & behavior therapy for frontotemporal lobe degeneration, 31326
intraindividual variability in crying & fretting/fussing & smiling & physical contact with mother, newborns at 5 vs 10 vs 15 mo, 23649
intravenous immunoglobulin, behavior, 3.6–6 yr olds with autism, 25159

leisure behavior pattern stability & change during the transition from adolescence to young adulthood, high school seniors with mean age 18 yrs, 3 yr study, 14036
Lifestyle Change program, short-term institutional & community adjustment & disciplinary & release outcomes, high- vs low-risk prison inmates, 32076
mild vs clinical depression at entry into behaviorally oriented coronary rehabilitation & prevention program, lifestyle changes & rehabilitation & prevention, adults, 3 yr study, 22248
National Institute on Drug Abuse-supported effort to develop interventions to engage drug abusers in behavior change interventions in the community setting, 2535
nature of hurricaine exposure, changes in hazard preparedness & disaster related crime prevention & vehicular safety & health maintenance, residents of cities affected by Hurricane Hugo , 14226
NDL-249 & WAY 100,635, behavior change & locomotion, rats acclimatized to their environment, 682
normative feedback vs factual information vs pleas, curbside recycling behavior changes, households, 16232
opportunity & strategic interactions between animal rights activists & targets in attempts to change targets' behavior, adults, 30272
parental indoor vs outdoor vs no smoking, children's urinary cotinine levels, parents & 1–16 yr old children with asthma, 18239
parent–child interaction therapy & child behavior change & Therapy Attitude Inventory psychometrics & parent satisfaction ratings, children (mean age 4.5 yrs) with disruptive behavior & their mothers, 13122
partner focused reversal of roles for behavior change & increased empathy in couples therapy, 5558
pathologic speech & behavior & cognitive deterioration, 70+ yr olds, 6865
perceptions & understanding of change during long-term counseling, 22–48 yr olds successfully involved in counseling, 18527
precontemplation vs contemplation vs preparation vs action stages of change, weight control, 20–45 yr old women, 3 yr followup, 35130
preinjury factors & postinjury family environment, cognitive & academic & behavioral sequelae at 6 & 12 mo, 6–12 yr olds with moderate vs severe traumatic brain injury vs orthopedic injuries , 8676
processes of change & pros & cons of smoking, prediction of progressive movements through stages of change, smokers, 1 & 2 yr followups, prospective analysis of transtheoretical model, 23941
progression through transtheoretical model stages of condom use, 18–77 yr old females, 1 yr longitudinal study, 2498
pros & cons of smoking & stages of change, adults who smoke, 20802
psychiatric & neurological symptoms & ward behaviors & course of violence behavior, 18–55 yr old hospitalized patients with schizophrenia or schizoaffective disorder, 30730
psychiatric severity & process of change & decisional balance & temptation & self efficacy according to transtheoretical model, dually diagnosed outpatients (mean age 32 yrs), 27490
psychometric properties of instruments used to assess readiness to change substance abuse, 35926
public posting of inappropriate on-court behavior, acceptance & behavior change, collegiate tennis players , 9655
readiness to change & therapeutic alliance in cognitive-behavioral vs motivational enhancement therapy, engagement in treatment & symptom reduction, females with bulimia nervosa, 21696
social control & health behavior change & psychological distress, adults, 7871
sociodemographic & occupational & health factors as predictors of changes in alcohol intake, 40–50 yr old non vs occasional vs light vs moderate vs heavy drinkers, 2 yr study, 17548
Socratic method in psychotherapeutic dialog, client understanding & use of cardinal virtues & life goals & behavior change, 34800
special features of religious prison wards & influence on perceptions of reality & behavior, prison inmates, Israel, 9289
stage distribution of 10 health risk behaviors & their interrelationships, under 50–75+ yr old HMO members, application of Transtheoretical Model of behavior change , 35145
stage of "readiness" to change & acceptance of problem, outpatients with schizophrenia & substance abuse, 17748
stage of exercise adoption & practice of other health behaviors, university employees, 38445
staged approaches to health behavior change & health promotion, 25355
stages & patterns of readiness of change & prevalence of quitting advice, smokers vs nonsmokers with diabetes, implications for smoking interventions , 28048
stages of change model, exercise behavior, corporate employees, 6 wk followup , 17640
stimulation parameters & lesion conditions for plasticity in tentacle withdrawal reflex & behavior change, habituation &/vs sensitization, snails , 33077
stress of physical restraint & aluminum exposure, change in behavior & neurochemistry, rats, 36379
suntanning behaviors & health knowledge & effectiveness of educational leaflet for changing knowledge & beliefs, 16–19 yr old females, 25329
theoretical & psychotherapeutic aspect on process of change, 18512
theoretical models & techniques for promotion of active lifestyle in sedentary patients, physicians as agents of behavior change, 5807
traditional medical education lecture on cardiovascular risk vs lecture with barriers to behavior change information, intention & actual clinical practice behavior changes, primary care physicians, 6026
transitions in route of cocaine administration, adult current and ex-cocaine & crack users, 30881
transtheoretical model stages of change following mental skills training program, male youth baseball players, 3 mo study, 16166
unfolding model of cognitive & behavioral change over time, smokers being treated with hypnosis for smoking cessation, 26268
use of counseling relationship to change thoughts & feelings & actions & other relationships & earn opportunities for further guidance services, students with conduct disorder & school counselors, 25829
within-session changes in response rate during steady-state operant procedures, implications for behavioral pharmacology, 13160

Behavior Change—Books

Acceptance and commitment therapy: An experiential approach to behavior change, 34824
Behavior change in the human services: An introduction to principles and applications (4th ed.), 21777
Changing addictive behavior: Bridging clinical and public health strategies, 22272
Motivating behavior change among illicit-drug abusers: Research on contingency management interventions, 18574

Behavior Change—Chapters

Behavioral counseling and medical adherence, 12300
Brief interventions for alcohol and drug problems, 22281
Critical perspectives on the transtheoretical model and stages of change, 21674
Enhancing motivation for treatment and change, 35353
How do people change, and how can we change to help many more people?, 12068
Integrative couple therapy: The dyadic relationship of acceptance and change, 18629
Motivation and adherence in the management of chronic pain, 8535
Motivation for behavior change and treatment among substance abusers, 21358
Practical prevention issues, 31144
Public health perspective on addictive behavior change interventions: Conceptual frameworks and guiding principles, 22274
Reducing drug use by encouraging alternative behaviors, 18581
Strategies for health education: Theoretical models, 2548

Behavior Contracting—Serials

frequency of use & circumstances for negotiation & form of no-suicide contracts, nurse managers & directors of nursing for licensed psychiatric hospitals & psychiatric units, 19013
Testbusters study-skills & test-taking training program with behavior contracting, test anxiety & test-taking distress & GPA, 4th–7th graders with moderate-to-severe test anxiety, 38787
use of suicide prevention contract as approach to suicide risk management, psychologists & psychiatrists, 5802

Behavior Contracting—Chapters

Suicide-prevention contracts: Advantages, disadvantages, and an alternative approach, 8319

Behavior Disorders [See Also Addiction, Attempted Suicide, Drug Abuse, Homicide, Juvenile Delinquency, Self Mutilation]—Serials

accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr follow up, 5039
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr followup, commentary reply, 34289
accuracy of antisocial behavior in predicting future externalizing vs internalizing behavior vs conduct problems, 4–5 yr olds, 4 yr followup, commentary, 34270
acute alcohol intoxication & marital status & sex, parental perception of interactions with child confederate, parents & their 5–12 yr old sons exhibiting normal behavior or externalizing disorder, 27476
age correlates of behavior disorders, 20–72 yr olds with intellectual disabilities referred for crisis intervention, 11715
algorithms for pharmacotherapy of adults with developmental disabilities & difficult-to-diagnose behavioral disorders, 25197
anxiety & cognitive problem solving, 12–17 yr old females with disruptive behavior disorders, 8262
assessment of patient's communication strengths & needs & staff training intervention, communication environment, man with learning disabilities & hearing loss & challenging behavior, 1 yr followup, 9096
association between creativity & behavior disorders, gifted 12–16 yr olds, 35559
attributional styles & high vs low progress on positive behavior program, 7–11 yr old males with severe emotional & behavior problems , 19347
characteristics & staff perceptions of on-site units for students with emotional & behavioral difficulties in order to integrate students with special educational needs into mainstream schools, 6261
characteristics of patients diagnosed with disruptive behavior vs conduct vs oppositional defiant in psychiatric emergency service settings, 27763
child characteristics & experience of out of home care, behaviorally impaired children, 22178
concordance of structured interview vs self-report measures vs clinician-rated diagnosis of depression, 10–16 yr old inpatients & outpatients with emotional & behavioral disorders, 24451
current studies in the education of students with emotional & behavioral disorders, 35549
diversified approach to assessment & treatment of behavioral & developmentsl & psychiatric disorders, young children, 18781
donepezil-induced behavioral disturbances, adults (mean age 76.4 yrs) with Alzheimer's disease, 2487
dosage & side effects & interaction with other psychotropics & symptom improvement, 10–18 yr old inpatients with psychotic or behavior or other disorders taking risperidone or olanzapine, 3-mo study, 8909
effectiveness of a contingency contract for written communication in regards to punctuation & capitalization in a 9th-grade male with behavior disorders, 29029
effectiveness of social skill interventions, children & adolescents with with emotional or behavioral disorders, 25064
effects of treatment challenges with differential reinforcement of alternative behavior, 4- & 16-yr old boys & 17 yr old female referred for treatment of severe behavior problems, 15207
efficacy & tolerability of atypical neuroleptic olanzapine, alleviation of severe psychosis & behavioral & extrapyramidal symptoms, 74–89 yr olds with dementia with Lewy bodies, 28619
environmental or behavioral antecedents of conduct disorder &/vs emotional disturbance, 20–69 yr olds with intellectual disability, 30953
explanatory models for high rate of behavior problems among adopted children, parents & their adopted children, 14412
expressive physical touch with verbalization, anxiety & dysfunctional behavior, aged patients with dementia, 25262
family & parent & child characteristics, prediction of & participation in psychotherapeutic outcomes, 3–13 yr old outpatients with oppositional defiant disorder or aggressive or antisocial behavior, 21685
genetic association between atopy & behavioral symptoms, 4–11 yr old monozygotic & dizygotic twin pairs, 1487
ictal manifestations of temporal lobe epilepsy passing as disruptive behavior & violent outbursts, 17 yr old male, 2055
identification of social withdrawal & thought disturbance & antisocial behavior & depressed behavior syndromes of schizophrenia, 19–60 yr olds with schizophrenia, replication, 21131
label & sex & race & educational placement & availability of definitional information, prognostic judgments for children with behavior problems, undergraduates, 11567
membership in clubhouse psychosocial program, criminal justice system involvement, 27–67 yr old offenders with serious mental illness, 35292
memory & anxiety symptoms, 7–11 yr old urban-dwelling males at risk for disruptive psychopathology, 30836
non-aversive methods for behavioral rehabilitation, 32 & 42 yr old with severe behavior problems resulting from brain injury, 35295

perceptions of ADHD & conduct & oppositional & learning disorders in development of computer-based teacher training system, novice or experienced special educators & special school head teachers, 9397
polypharmaceutical treatment, behavioral disturbances & depressive mood & anxiety & aggression, group-living care unit patients with Alzheimer's disease vs vascular vs other dementias, 2 yr study, 5741
positive & negative reinforcement, time allocation & occurrence of problem behavior & completion of parent instructions during concurrent choice assessment, 4 yr olds with severe problem behaviors, 15193
prevalence & sociodemographic correlates of behavioral disorders, 5–15 yr olds, Ethiopia, 34303
prevalence of & behavioral & pharmacological treatment for habit disorders, individuals with mental retardation, 5156
prevalence of ADHD & comorbid disruptive behavior disorders & other impairments, 12–14 yr olds, 24600
prevalence of emotional & behavioral disturbance, 5–35 yr olds with early treated phenylketonuria, 24726
prevention program with classroom management & social skills & peer tutoring, classroom behavior & social competence, at-risk & emotional & behavioral disordered urban elementary students, 35548
psychological & behavioral functioning, 13–19 yr old psychiatric inpatients with vs without histories of childhood abuse, 17763
psychosis & depression, behavioral disturbances, 58–96 yr old patients with dementia, 18389
relationship between problem behavior & learning & need for educational reconceptualization of emotional & behavior difficulties, 6260
reliability & cutoff scores of Adelaide Behavior Disorder Scale subtests for determining presence of behavior &/or conduct disorder, 16–87 yr olds with intellectual disabilities, 29357
reliability & validity of Risk and Protective Factors Scale, prediction of development of disruptive behavior disorder, 6–12 yr olds with severe disruptive behavior, 13069
reliabilty of Salford Needs Assessment Schedule, assessment of social & psychiatric & educational & life skills, 12–17 yr olds from forensic & adolescent psychiatric services, 32642
risk factors for suicide, adolescents with disruptive disorders, 27810
risperidone & rate of liver dysfunction & clinical factors, 5–17 yr olds with autistic and other pervasive developmental and disruptive behavior and mood and psychotic disorders, 31700
role of recurrent hypoglycemia in cognitive deterioration, 79-yr old female presenting with symptoms of behavior disorder, 14897
roles of social relations in the development of aggressive & disruptive behavior, adolescents with or at risk of emotional & behavioral disorders, implications for school based interventions, 34033
serotonin reuptake inhibitors with other psychotropic medications, Kluver Bucy syndrome, young adult males with severe frontal or temporal lobe traumatic brain injury, 15427
social skills program, social integration in school setting, 5th grade males with emotional or behavioral disabilities, 16003
stability of psychiatric disorders with onset in preschool yrs, 2–5 yr olds with emotional &/or disruptive &/or other disorders, 42–48 mo study, 8004
theoretical models of social information processing with goals as a motivating component in behavior, children with emotional & behavioral problems, 34032
time-based schedules & response-independent reinforcement as treatment for severe behavior disorders, 31545
trazodone, 59–88 yr olds with organic behavior disturbances, 21934
treatment components & effectiveness of community-based day treatment program, 7–12th graders with emotional and behavioral disorders or physical or learning disabilities, 38902
treatment, behavioral symptoms & global functioning, psychiatric inpatients with behavioral & emotional disorders, 4–15 yr olds, 3 yr follow-up, 5476
use of sweat lodge ceremony as group therapy in residential treatment center, 6–15 yr old Navajo males with disruptive behavior disorders, 18593
validity of Amharic version of Reporting Questionnaire for Children, screening for behavioral disorders, data from mothers of 5–15 yr olds, Ethiopia, 32655
working alone vs alongside 1 other peer vs within a group of 6, performance on cognitive tasks, 9–14 yr olds with emotional & behavioral difficulties , 19345

Behavior Modification [See Also Behavior Therapy, Biofeedback Training, Classroom Behavior Modification, Contingency Management, Self Management, Time Out]—Serials

Aggression Replacement Training program, antisocial behavior, 11–17 yr olds in runaway shelter, 2577
attributional styles & high vs low progress on positive behavior program, 7–11 yr old males with severe emotional & behavior problems , 19347
automatic portable verbal prompt system at scheduled intervals, assembly task performance, 31 yr old female with total blindness & profound intellectual disability, 8808
behavior chain interruption strategy for encouraging requests for more play, 3 yr olds with developmental disabilities & severe communication impairments, 38097
behavior management & enriched reading curriculum interventions targeting aggressive & disruptive behavior & poor academic achievement, initiation of tobacco smoking, 1st & 2nd graders, 8 yr study, 2856
behavior management in school environment, 10 yr old female with profound mental retardation & behavior problems of spitting & cursing & hitting, 25811
behavior management intervention, aggressive behavior, 13–17 yr olds with oppositional-defiant disorder, 38101
behavior modification to decrease head tosses while having necks clipped & to disassociate clippers with aversive stimulus, ponies, 16758
behavioral assessment & treatment using prompting & reinforcement, unsafe eating behaviors, 14 yr old male with developmental disabilities & esophageal stricture, 24105
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, 18559
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, commentary, 18560
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, commentary, 18565
behavioral rehabilitation programming based on G. Paul's social learning approach, rates of aggressive & self-injurious behaviors, 21–59 yr old cognitively impaired chronic psychiatric inpatients , 12490
behavioral treatment, binge eating severity & self concept & dieting self efficacy & social support, 25–50 yr old obese females, 18 mo study, 34874
benefits of social support for weight loss & maintenance, adults recruited into weight loss program with vs without their friends or family members , 12376
bupropion & behavior modification, 31 yr old male with smokeless tobacco addiction, 15611
concurrent operants paradigm to evaluate positive reinforcements to treat food refusal, 2.0–3.9 yr olds with lack of normal physiologic growth & development, 8802
conduct problems in classroom & effects on teacher managerial skills & interventions across home & school settings, 15881
contingent instructional-pacing, stereotypic motor behavior, 15 yr old male with acquired brain injury , 34877
continuous reinforcement &/vs punishment for alternative behavior, self-injury, 28–44 yr olds with mental retardation at day-treatment center, 38102
counselor role in behavioral treatment, children with nocturnal enuresis, 31543
cueing procedure, impulsivity, 8 yr old boys with attention deficit hyperactivity disorder, 15201
diagnosis & drug & behavioral & other treatments of obsessive compulsive disorder, 34208
differential reinforcement of other behavior procedure, wandering behavior, 79–83 yr old females with dementia, 38085
distinction between extinction & punishment effects of response blocking, self-injurious eye poking, 41 yr old female with developmental disabilities, 38100
effects of Aggression Replacement Training, antisocial behavior, male vs female 11–17 yr olds in a runaway shelter, 28339
environmental & behavioral treatment, 59 yr old male with pica, 24896
environmental enrichment program, adaptive responding & passivity, 6–9 yr olds with visual & hearing impairments & profound intellectual disabilities, 1400
ethics of behavior modification in rehabilitation of stroke patients, 12080
evaluation of multicomponent & behaviorally oriented problem- based learning summer school program, 13–19 yr olds with diabetes, 3 mo followup, 8812
extinction of parental attention, sleep problems, 2.5 yr old male with a physical disability, 28333
factors affecting efficacy of behavioral interventions, carers of people with intellectual disability & challenging behavior, 31540
food preferences & perceptions of possible problem foods & feelings during ingestion of extravagant food, 20–65 yr old obese clients in behavior modification program for weight loss, 5718
functional communication training using assistive devices, problem behavior, 3–15 yr olds with severe disabilities, 38083
generalization in photographic activity schedules, 14 yr old female with autism, 1842
goal attainment scaling in evaluation of 3 behavior interventions, self-care behavior, congenitally moderately intellectually impaired 19–39.1 yr olds, 16 wk followup, 28337
home-based consultation for training in behavioral child management, child behavior & compliance & parent-child interaction & parent praise, mothers & 5–7 yr olds with behavior problems , 34875
importance of estimation of cumulative intervention costs vs immediate effect size, reanalysis of data on absentee intervention, 35659
intervention strategies & legislative changes & rehabilitation, sexually &/or physically aggressive patients/inmates, 32072
medication and habit substitution treatment, 9-yr-old & 17-yr-old & 23-yr-old females with trichotillomania, 34747
method for identifying nonpreferred events to serve as effective negative reinforcers through their contingent removal, developmentally delayed 4–14 yr olds exhibiting severe destructive behavior, 18573
neurosurgical & psychotherapeutic & behaviorist intervention methods for preventing suicide, 42 & 47 yr old females with chronic pain, 2121
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary reply, 25070
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary, 25065
parent training program about ADHD & behavior management, parental stress & severity of child's behavior problems, parents, 28263
parent-mediated behavior management strategies as adjunct to biofeedback treatment, headache frequency & adaptive behavior, 7–18 yr olds with migraines & their parents, 5541

parental acceptability evaluations of child management interventions, mothers of children diagnosed with oppositional defiant or consult disorder, 8806
parental training in guided compliance vs high-probability instructional sequences, child behavioral noncompliance & parental satisfaction, 4 & 5 yr old males with developmental disabilities, 25067
patterns of relational communication & control in conjoint behavioral consultation, consultant-psychologists & teachers & parents, 25832
pharmacological & behavioral smoking cessation techniques & their interaction, 19065
presession levels of attention, aberrant behavior under attention analog conditions, 20 yr old male with severe mental retardation, 38092
psychiatric rehabilitation & comprehensive behavioral programing, success in home & employment placement & community, 31–42 yr olds with mental retardation & psychiatric disorders, 9214
psychophysiology & Pavlovian & operant principles of control in modification of breathing behavior & retraining, 25063
rapidly alternating multiple schedules (RAMS) to assess & treat aggression & disruptive behavior, 2–11 yr olds, 25072
review of evidence & opinions about Lovaas Programme & other behavioral early intervention programs for children with autism, 5542
role of establishing operations in evoking & establishing motivation for problem behavior, implications for assessment & treatment & prevention of problem behavior, 38089
simplified habit reversal procedure, fingernail biting & related oral-digital habits, 24–34 yr olds with mild to moderate mental retardation, 38088
stimulus control treatment strategies for auditory hallucinations & delusions, inpatients with schizophrenia, 6 wk study, 8809
therapeutic effects of behavior modification & combined methylphenidate, 6–12 yr old males with ADHD & comorbid oppositional defiant or conduct disorder , 21657
time-based schedules & response-independent reinforcement as treatment for severe behavior disorders, 31545
use of A. Adler's theories of individual psychology as applied to teaching & behavior modification in classroom/school environments, school counselors & teachers, 19373
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds , 25812
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds, erratum, 32306

Behavior Modification [See Also Behavior Therapy, Biofeedback Training, Classroom Behavior Modification, Contingency Management, Self Management, Time Out]—Books

Behavior change in the human services: An introduction to principles and applications (4th ed.), 21777

Behavior Modification [See Also Behavior Therapy, Biofeedback Training, Classroom Behavior Modification, Contingency Management, Self Management, Time Out]—Chapters

Behavioral approaches to enhance spirituality, 25061
Ethical considerations in the implementation of behaviour modification programmes in patients with anorexia nervosa: A historical perspective, 18590
Prader-Willi syndrome, 31096

Behavior Problems [See Also Tantrums]—Serials

Activity Group Therapy guide for treatment in inpatient & outpatient & school settings, children & adolescents with emotional & behavioral problems, 5561
adaptive & maladaptive behavior, 4–16 yr olds with cri du chat syndrome, 1923
adaptive & maladaptive behavior, 5–19 yr olds with severe intellectual disabilities with vs without epilepsy , 1883
adverse effects of grouping deviant youth for skills training, 12087
age & parenting practices & conduct problem behavior, 6–17 yr olds with behavioral or emotional or learning disorders, 7995
age & positive vs negative self-concept, attribution of deviance to self & peers, 5th vs 11th graders, US vs Japan, 36792
age at adoption (early vs late) & demographics, behavior problems & gender identity problems, clinic-referred boys with gender identity problems, implications for adoptee overrepresentation, 8085
age of onset, type & severity of conduct problems, 9–17 yr olds, 34404
age-sensitive EEG and P300 studies as markers of behaviorally relevant brain maturational asymmetries, children (mean age 9–12 yrs) with behavior or academic or medical nonneurological problems, 11288
alcoholism and other maladaptive behavior tendencies, male vs female athletes vs nonathletes, 20956
alternative child care arrangements & hospitalization experiences, behavior problems, 3–5-yr-olds from female-headed single parent families , 10891
alternative representations of poverty cofactors & promotion processes & teacher reports of problem behaviors, poverty stricken 6 & 7 yr old children, 36779
amount of sleep, mother-reported behavior problems, 2–5 yr olds, 27058
association of behavior problems with family responsibilities & parental stress, siblings of 4.5–7.5 & 12.5–15.5 yr olds with Down syndrome, 1876
attention vs conduct problems as predictors of adjustment problems & mental disorders, male vs female 4–16 yr olds, 6 yr study, 37231
behavior management & enriched reading curriculum interventions targeting aggressive & disruptive behavior & poor academic achievement, initiation of tobacco smoking, 1st & 2nd graders, 8 yr study, 2856
behavior management in school environment, 10 yr old female with profound mental retardation & behavior problems of spitting & cursing & hitting, 25811
behavior management planning for problem behaviors in dementia, 11940
behavior problem patterns & diagnostic & demographic characteristics, 17–91 yr olds with dual diagnosis of intellectual disability & mental illness, 18161
behavior problems & academic outcomes & mild closed-head injury, 8–16 yr olds, 1-yr follow-up , 8502
behavior problems & peer preference, 1st graders, test of person–group similarity vs social-skill predictive models, 15986
behavioral & emotional & cognitive-functioning problems, children that witnessed domestic violence, 30814
behavioral & emotional problems in adolescence & psychopathology in young adulthood, 11–16 yr olds, 8.8 yr study, 17817
behavioral & emotional problems, 2–18 yr old children of cocaine & opiate dependent parents vs children referred for mental health problems vs nonreferred children, 18082
behavioral & emotional syndromes reported by parents on the Child Behavior Checklist, 6–17 yr olds from multiple cultures, 17755
behavioral & personality characteristics not related to mental retardation or obesity & age-related appearance in disorder course & effect of therapy, 0.8–36.3 yr olds with Prader-Willi syndrome, 24681
behavioral disturbances & psychiatric symptoms & response to medication, Caucasian vs African American 60–90 yr old inpatients with dementia, 37808
behavioral family intervention for stepfamilies, 7–12 yr olds with behavior problems & families, 28307
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, 18559
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, commentary, 18560
behavioral interventions for decreasing problem behaviors, nursing home patients with dementia, commentary, 18565
behavioral music therapy delivered in English vs Italian, verbal disruptions & noisemaking, Italian 81-yr-old female with probably dementia of the Alzheimer's type living in Australian nursing home, 38099
behavioral problems & attentional deficits, 4–16 yr old males with Fragile X syndrome, 1964
Big Five personality traits & behavior problems, 9–13 yr olds, 36793
characteristics of secondary school program for troubled students focusing on behavior support & individual counseling & importance of listening, 6275
child & parental & marital & custody related factors, behavior problems & emotional distress symptoms, 1–15 yr old children of parents involved in acrimonious divorce with custody/visitation conflicts, 30215
child cortisol reactions to parent–child conflict, vulnerability for internalizing behavior problems, 5–11 yr olds & their 23–32 yr old mothers, 7324
child sex & mother's depression/anxiety & negative control for regulating child behavior, development of disruptive behavior problems, 3.5 yr old children of adolescent mothers, 2.5 yr study, 18018
class & individual characteristics, perception & labeling of pupils as problem students, 4th grade teachers, 35529
classroom preventive intervention, long-term antisocial behavior, kindergarteners with conduct problems, 35544
clinical & behavioral characteristics & staff responses & treatment & prognosis, disruptive vocalizers (mean age 81.6 yrs) in nursing homes, 6 mo study, 19007
co-occurrence of persistent substance use with ADHD or persistent delinquency or internalizing problems or other problem behaviors, 7–18 yr old boys, 30894
cognitive & functional & somatic health status & use of psychotropic drugs & physical restraints, 54–94 yr old dementia patients with behavioral disturbances in nursing home special care units, 5889
cognitive dysfunction & psychiatric & behavioral disturbances, patients with epilepsy, 34669
cognitive status & behavior problems, elderly nursing home patients with dementia, 2 & 7 yr follow ups, 8652
cognitive-behavioral intervention, inappropriate masturbation, 11 yr old boy with mild learning disabilities, 1 & 12 mo followups, 8785
cognitive–behavioral group counseling, self-esteem & self-control & classroom behavior, elementary school children with disruptive behavior, 28329
common classroom contingencies and/vs methylphenidate, disruptive & off-task behaviors, male 7–8 yr olds with ADHD, 15321
communication assessment & functional communication training & early home-based intervention for inappropriate & problematic behavior, toddlers, 12553
community based intervention, disruptive behavior & academic success & engagement, disadvantaged minority children, 35215
community psychiatric nursing team & other family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, commentary, 15570
compliance for positive vs negative reinforcement with vs without extinction, escape-maintained problem behavior, 3–21 yr olds with developmental disabilities, 38087
conduct problems at 8 yrs of age & teenage pregnancy by 18 yrs of age, female birth cohort, 18 yr study, 14053
conflicting parental & teacher & pupil perspectives on challenging student behavior, implications for educational policy-making & home–school relationships, 32294
continuous reinforcement schedules, extinction, children with behavior problems (aged 5 mo–2.5 yrs), 15190
cross-informant correspondence between self & significant other reports for emotional & behavioral problems, 12–25 yr olds in community based psychotherapy center, 24961
degree of visual loss & age & intellectual function & ability to communicate, inappropriate & unusual behaviors, visually impaired children followed from birth to 5 yrs old, 28225
demographic & clinical predictors of management problems, supported housing residents with severe & persistent mental illness, 18964
demographic & lifestyle characteristics, problem behaviors & health risks, 12–15 yr old street youth, 975
demographic characteristics & social influences & problem behaviors, self-reported alcohol use, inner-city Black & Hispanic 7th graders, implications for alcohol prevention programs, 33651
demographic variables & parent-reported problem behavior & competencies, prediction of mental health service use, 10–12 yr olds, 5-yr study, 35178
depression & anxiety & problem behaviors, homeless vs non-homeless children aged 6 yrs & older from low-income & single-parent families, 7990
development & psychometric properties of Student Behavior Survey, student adjustment & behavior problems, kindergarten–12th grade special & regular education students, 3367
development & reliability & validity of Pediatric Emotional Distress Scale for rapidly detecting & measuring exposure to traumatic events or disasters & resultant behavior problems, 2–11 yr olds, 13073
development of aggressive & hyperactive–inattentive behavior problems & probability & nature of school adjustment problems, behaviorally disruptive kindergarten students, 6247
developmental model of antisocial behavior & parental & peer influences on problem behaviors, adolescents, 3 yr study, 13991
diagnosis & treatment & cognitive style, 11–16 yr old males from special vs secondary schools with vs without behavior problems, implication for origins & treatment of problem behavior, 38903
diagnostic utility of the Child Behavior Checklist, parent-reported problem patterns, 4–18 yr olds with autism, 21383
differentiation of dementia from depression & delirium & drug treatment options for dementia-associated behavioral disturbance, 21543
discontinuation of methylphenidate treatment, defiant behavior & neuropsychologic test scores, 9–13.5 yr olds with ADHD, 25236
doll play evaluation & techniques, moral development & attachment beyond infancy & behavior problems, preschool children, 36832
Down syndrome & life events, behavior problems, mothers vs teachers of 6–15 yr olds with Down syndrome, 24632

drinking norms vs alcohol purchasing practices vs problem behavior syndrome vs exposure to drinking driver models, non- vs infrequent vs frequent drinking drivers & types of passengers, 11643
early adolescence & conduct problems & depressive symptoms & prediction to young adult adjustment, at risk 4th graders, 10 yr study, 14438
early behavior problems, later victimization in peer group, 5 & 6 yr olds, 3 yr study, 27076
ecological systems theory perspective of evaluation & treatment, children with severe oral feeding problems, commentary, 24964
effectiveness of antipsychotic medication, 18+ yr olds with intellectual disability & challenging behavior, 38218
effectiveness of brief interview-based interventions, secondary school students with emotional & behavior problems, 32327
efficacy of Mental Impairment Evaluation & Treatment Service model of inpatient treatment, people with intellectual disability & challenging behavior, 19028
efficacy of Parent-Child Interaction Therapy early intervention approach, 2.5–8.6 yr olds with behavior problems, 38117
efficacy of prevention & intervention programs for aggressive & disruptive behavior, preschoolers, 9542
elementary school integrated services & use of case management techniques, case example of 12 yr old female with problems of truancy & failing grades, 9571
emotional & behavioral problems & social competencies, immigrant vs non-immigrant 12–16 yr olds , 909
emotional & behavioral problems, Korean 7–13 yr old primary school children from extended vs nuclear families, 1704
environmental or behavioral antecedents of conduct disorder &/vs emotional disturbance, 20–69 yr olds with intellectual disability, 30953
evaluation of 6-wk training program on diagnosis of emotional & behavioral problems in preschoolers, psychiatric residents & clinical psychology predoctoral interns & social work trainees, 6021
evaluation of school-based instructional & social competency program to prevent problem behavior, high risk middle school students (mean age 12.85 yrs), 19377
executive control function & cognition & mood & disability & behavior problems & demographic variables & prescribed medication, level of care, retirement community residents (mean age 83.7 yrs), 9195
experiences & effects of disruption & victimization & management strategies, siblings of males with ADHD, 18124
experiential inservice program with vs without delayed consultation processes, facilitation of educational mainstreaming of students with emotional or behavioral disorders, school district personnel, 25715
explanatory models for high rate of behavior problems among adopted children, parents & their adopted children, 14412
extended version of behavioral screening Strengths and Difficulties Questionnaire, assessment of psychiatric caseness & chronicity & distress & social impairment & family burden, 5–15 yr olds , 26140
externalizing behavior symptoms alone & in combination with other child & family risk factors, prediction of future conduct problems, kindergartners & 1st graders, 6 & 30 mo followups, 27026
externalizing symptoms & social & aggressive & solitary behavior in dyads, 2-yr-olds at risk for behavior problems, 23756
extinction of parental attention, sleep problems, 2.5 yr old male with a physical disability, 28333
factors affecting efficacy of behavioral interventions, carers of people with intellectual disability & challenging behavior, 31540
factors associated with school behavioral competence at age 6 yrs, 18 mo old males from multi-problem low-income urban families, longitudinal study, 15981
family adversity & severity of behavior problems in kindergarten, prevalence of elementary academic failure, 5–11 yr old boys vs girls, 6 yr longitudinal study, 19302
family aggression patterns, behavior problems, 6–12 yr olds in shelters for battered women, 27767
family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, commentary, 15560
family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, 15569
family therapy, underachievement & trouble making in school, case study of a 12 yr old academically gifted boy & his family, 28357
family values, adolescent problem behaviors, families, 18 yr study, 5020
father substance abuse disorder status & sons' externalizing behaviors, 10–12 yr olds & their fathers, 6 yr study, implications for etiology of substance abuse, 37550
financial status & cultural heritage & acculturation & family functioning, behavioral & emotional problems, 2–3 yr old Latino children of 18–41 yr old parents, 27491
frequency & correlates of behavior problems in day care children, parent vs teacher ratings of 2–3 yr olds in low-income families, 11526
friendships & perceived intimacy within peer relations & social support, misconduct & petty crime, 13–18 yr olds, 21367
functional & extinction analysis & reinforcement effects, problem behavior in response class hierarchies, 4–8 yr olds with developmental disabilities, 38096
functional analysis of relationship between & antecedents & consequences of communicative & aggressive behaviors, 7-yr-old male with Down's syndrome & severe developmental disabilities, 24638
functional communication training using assistive devices, problem behavior, 3–15 yr olds with severe disabilities, 38083
functional evaluation of self-injurious behavior & aggression & stereotypies & pica & rumination, 16–83 yr olds with mental retardation, implications for development of treatment plans, 24630
gender & psycho-existential distress & problem behavior, 18–77 yr olds , 37108
genetic & environmental mechanisms & phenotypic association of problem behavior in early childhood with temperament in infancy, mothers of 4 yr old twins, 24460
grade & sex, student–school bonding & behavior problems, 6th–8th graders, 19339
growth of externalizing & internalizing problems from early to late adolescence, male vs female adolescents, 5 yr study, 21263
health & developmental & behavioral risk markers, 2–6 yr old children of battered women, 24380
hearing aid fitting & treatment compliance, caregiver-identified problem behaviors, 71–89 yr olds with Alzheimer's disease & hearing loss, 18834
high co-occurrence of reading disabilities & behavior problems & delinquency & simple causal models & possibility of language difficulties as factor underlying both other problems, 27469
home-based consultation for training in behavioral child management, child behavior & compliance & parent-child interaction & parent praise, mothers & 5–7 yr olds with behavior problems , 34875
identification of types, 6–12 yr olds with sexual behavior problems, 1721
idiosyncratic effects of noncontingent reinforcement schedules, reduction of problematic speech & identification of behavior change mechanisms, 32 yr old male with moderate mental retardation, 15189
impulsivity & prediction of problem gambling in late adolescence, 12–14 yr old low-SES males, 30857
individual vs group differences in risk factors in development of externalizing behavior problems, Black vs White kindergarten students, 5 yr study, 4470
individualized mentoring interventions with students with academic or behavior problems, teachers in training, 16011
individually tailored behavioral intervention for sleep problems, challenging daytime behavior, children with severe learning disabilities , 21006
influence of early verbal fluency & mental inhibitory control & visual spatial ability on later childhood behavioral problems & social competency, 1st graders, 2 yr study, 13898
intellectual & language abilities & behavior problems & health & health services, 5 yr olds with tuberous sclerosis, 13–19 yr study, 2037
internal consistency of 3 tests from Halstead-Reitan Neuropsychological Battery for Older Children, 9–14 yr olds referred to special services cooperative due to academic & behavioral concerns, 13094
internalizing &/vs externalizing behavior problems & intellectual functioning & academic achievement, male vs female 3–8 yr old children of alcoholics with antisocial vs nonantisocial familial subtype, 7333
interrelationships among language & behavior & emotional problems & role of language in social interaction & emotional & behavioral regulation, children, implications for service delivery, 11286
issues in reporting administrative & disciplinary infractions, 21–35 yr old military officers, Israel, 27907
Joubert syndrome & cognitive deficits & motor skills problems & behavioral problems & developmental delays, children, 37835
latent class analyses of items from Attention Problems scale of Child Behavior Checklist, psychiatric diagnosis of level of symptom presentation, clinically referred 4–11 vs 12–18 yr olds , 29369
latitude & behavior problems, seasonal affective disorder symptoms, male vs female 7th & 9th graders, 37338
lifestyle & health status of parents living with AIDS, behavior & symptoms of emotional disorder, 11–19 yr old offspring, 18314
living arrangement & community support services needs, individuals with developmental disabilities & behavior problems, 34035
living arrangements & father presence & male female & father child relations, mother well being & depression & child behavior, employed vs unemployed single mothers currently or formerly on welfare, 14163
marital aggression, problem-solving behavior with children & use of these variables as predictors of emotional & behavioral problems, 31–51 yr old mothers & 8–12 yr olds, 1127
marital conflict & family relations & childrearing practices, emotional adjustment & externalizing behavior problems, 7–11 yr old boys from European- vs Hispanic-American vs interethnic families, 14023
maternal anger & child behavior problems, divorced custodial mothers (mean age 41.87 yrs) & children (mean age 14.92 yrs), 27191
maternal depression & parents' distress & passive coping, child's emotional & behavioral functioning, 0–17 yr olds with juvenile rheumatoid arthritis vs diabetes, 5211
maternal nausea during pregnancy, child temperamental & behavioral outcomes, children assessed at 5–7 mo & 5 & 12 yrs, 33665
maternal responsiveness during infancy, development of behavior problems, high risk 8.8–11.7 yr olds, 10886
mediating role of parenting & quantity of nonmaternal care & problem behavior & adjustment, 3–5 yr old firstborn male children, 17319
mental health service use, 9–17 yr olds with depressive vs disruptive disorders, commentary, 34030
mental health service use, 9–17 yr olds with depressive vs disruptive disorders, 35197
method for identifying nonpreferred events to serve as effective negative reinforcers through their contingent removal, developmentally delayed 4–14 yr olds exhibiting severe destructive behavior, 18573
model for & overview of supported employment for individuals with intellectual disability & challenging behavior, 12551
mother & child psychosocial adjustments with HIV-infected vs. non-infected mothers, 37789
mother's harsh discipline practices, relation between mother's hostile attribution tendencies regarding children's behavior problems, 4–6 yr olds, 4 yr study, 27205
multiple family group intervention, disruptive behavior, low income minority children (mean age 9 yrs) & families, 34889
nature & frequency of sleep problems & behavioral disturbance, 6 mo to 46 yr olds with Prader-Willi syndrome, 37775
nature & prevalence of behavior difficulties & need for specialist care in long-term elderly care settings, nurses & carers in NHS long-stay wards vs nursing homes vs residential facilities, 28725
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary reply, 26950
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary, 26947
normative data on Yale Children's Inventory & factor analysis & transferability of scale constructs from US data, screening for attention deficits and behavior problems, 8–11 yr old boys, Norway, 24596
nursing home vs integrated special care unit models of care, behavioral disturbances, 59–97 yr olds with dementia, 3 mo follow up, 9188
occupational & sensory integration therapy, 3 yr old female exhibiting difficulty in occupational performance related to home & preschool contexts, 15077
occupational burnout & relation with attribution & attitudes & practices toward school behavior problems, elementary school teachers, 22398
occurrence of spontaneous recovery & its attenuation with large amounts of reinforcement during treatment of disruption, 21 yr old female with severe mental retardation, 24092
oral health & effects of behavioral problems on treatment , patients with Downs Syndrome, 24635
origins & age of deterrence in Eastern vs Western hemispheres, 27119
parent & teacher ratings of externalizing behavior problems as etiological measure of heritability vs environmental influences, adoptive vs biological sibling pairs at 7–12 yrs old, 14000
parent management training, parent–child interaction & child disruptive behavior & self perceptions of parenting behavior, 4–10 yr olds with conduct problems & their parents, 34274

parent psychoeducation group, parent–child conflict & child problem behavior, parents of 12–17 yr olds with ADHD, 38493
parental monitoring vs time spent unsupervised with peers vs time spent home alone after school, aggression & delinquency & substance use & peer pressure, 6th & 7th graders, 17338
parental ratings of child temperament at age 5 as predictor of teacher rated behavior problems & adjustment & social behavior in elementary school, 8–9 yr olds, 3 yr followup, 14031
parental reactions to children's negative emotions & children's socially appropriate vs problem behavior & negative emotionality, preschool-aged children & their parents, 8 yr study, 17334
parental separation between birth & 5 yrs, psychosocial development & behavioral problems, female 6–9 yr olds, 4 yr study, 10857
parental training in guided compliance vs high-probability instructional sequences, child behavioral noncompliance & parental satisfaction, 4 & 5 yr old males with developmental disabilities, 25067
parental trait anger & symptomatology, emotional & behavioral problems, 2–18 yr olds & their parents , 20604
parenting strategies & effective vs disruptive adolescent problem solving, families, 2 yr study, 960
parent–child interaction therapy & child behavior change & Therapy Attitude Inventory psychometrics & parent satisfaction ratings, children (mean age 4.5 yrs) with disruptive behavior & their mothers, 13122
patient gender & cognitive impairment & activities of daily living & behavior problems, caregiver burden & mental fatigue, spouse or offspring as caregivers of patients with dementia, 35253
patterns of mother–child interaction & private speech use & behavioral self-regulation, 3 & 4 yr olds with behavior problems, 34311
pedestrian accident risk & problem behavior, 7–15 yr olds , 30141
peer group interventions, developmental processes & problem behaviors & delinquency, high risk youth, 31542
peer interventions, improved self-concepts & attitudes & school attendance & grades & reduced discipline referrals, 6th grade students with problem behaviors, 38928
peer-assessed problem behaviors & social network prominence, 4th–6th graders with vs without disabilities, 29022
perceived efficacy of behavior therapy techniques for treating child behavior problems, pediatricians, implications for consultant role for behavior therapists, 15188
persistent Kluver-Bucy syndrome after bilateral ischemic lesions in thalami, 69 yr old female , 18335
personal & behavioral characteristics & types & aspects of residential situations, all people (17–76 yrs old) with severe intellectual disability & most severe challenging behavior in Wales, 1884
personal construct theory, emotional & behavioral problems at school, 11-yr-old boy, 38861
physical health & cognitive impairment & depression, prediction of physically or verbal nonaggressive agitated behaviors, 60–97 yr olds attending senior day care, 36880
physical space & programs of & research activity in day care center, persons with dementia or Alzheimers disease & disturbing behavior cared for at home, 9113
positive peer reporting applied to social rejection through use of Level 2 research, 15 yr old boy with multiple behavior & social problems living in group home, 25100
presession levels of attention, aberrant behavior under attention analog conditions, 20 yr old male with severe mental retardation, 38092
prevalence & risk factors for emotional & behavioral problems, 6–11 yr old males vs females, 24148
prevalence & severity of vocally disruptive behaviors, people with dementia, 28172
prevalence & sociodemographic correlates of behavioral disorders, 5–15 yr olds, Ethiopia, 34303
prevalence of behavioral & emotional problems & competencies, male vs female 4–18 yr olds, Vietnam, 24154
prevalence of difficult behaviors & reasons for referral to facility, confused older persons attending day hospital vs day care center, 31872
preventing prevention of emotional & behavioral disorders , 27529
prevention curriculum & teacher consultation, disruptive behavior, high-risk 1st graders, 35543
preventive intervention program, causal pathway from early disruptiveness to grade retention & special classroom placement at age 12 to high school dropout, disruptive kindergarten boys , 25743
Problem Behavior Theory & stability of psychosocial & behavioral correlates of adolescent problem drinking, 1972–92, 20558
Problem Oriented Screening Instrument for Teenagers, assessment of family functioning, clinic referred 12–19 yr olds with behavior problems including drug use & their parents, 21000
program for early identification of developmental & behavioral problems, children at risk from poverty, 25390
progressive muscle relaxation, behavioral disturbance & cognitive performance, patients with Alzheimer's disease, 12083
protective process model of parent-child affection quality & sense of mastery, oppositional behaviors, families with 6th or 7th grader, replication, 10880
psychodynamic counseling, families with children under age 5 with behavior problems, 21788
psychometric properties & factor structure of Devereux Scales of Mental Disorders, assessment of behavioral & emotional problems, 5–12 & 13–18 yr olds, replication, 29367
psychosocial & behavioral interventions, children with severe oral feeding problems, 24981
psychosocial & behavioral interventions, children with severe oral feeding problems, commentary, 24986
psychosocial stressors, behavior problems & development of mental illness, homeless 6–12 yr olds in mother-headed families, 10894
quality of general movements in postnatal period, neurological functioning & behavioral development, high vs low risk children reexamined at 4–9 yrs, 31053
quantity & quality & planning for day service support, 22–49 yr olds with intellectual disabilities & challenging behavior in day care services, 19009
rapidly alternating multiple schedules (RAMS) to assess & treat aggression & disruptive behavior, 2–11 yr olds, 25072
recommendation to provide special examination arrangements for students with emotional &/or behavioral or attentional difficulties, educational psychologists, 25820
relation between family income & teacher ratings of student attractiveness & social acceptance & adjustment & depression & behavior, 9–13 yr olds with behavior & emotional problems & their teachers, 14495
relation between family instability & problem behaviors, 5 yr olds from economically disadvantaged families, 2 yr study, 7491
relation between internal knowledge structures of peers & development of externalizing behavior problems, 1st–3rd graders, 9 yr study, 20430
relation between teacher-reported peer relationship problems & psychosocial adjustment in late adolescence, 9 yr olds, 9 yr study, 14054
relationship between behavior problems & hyperkinesis & attention deficit disorder & social skill deficits & validity of ADHD Rating Scale for preschool children, disadvantaged 3–5 yr old Blacks, 19291
relationship between childhood behavior problems & adulthood schizophrenia-related psychoses & comorbid substance abuse, offspring of parents with schizophrenia or affective disorder, 25 yr follow up, 17749
relationship between problem behavior & learning & need for educational reconceptualization of emotional & behavior difficulties, 6260
relationship between problem behaviors & DSM-III-R behavioral criteria for major depression, 18–51 yr olds with intellectual disability, 30660
relationship of core values to problem behavior & delinquency & substance use & sexual activity, high school students , 17340
relationship of marjuana use & delinquent & problem behaviors in longitudinal research, 11606
reliability & validity of analog functional assessment methodology, developmentally disabled 8–10 yr olds with excess behaviors, application of generalizability theory & Behavioral Assessment Grid, 15187
reliability & validity of Toddler Behavior Screening Inventory & its utility in differentiating clinical from nonclinical samples, mothers of 12–41 mo olds, 35947
response of behavioral disturbances to risperidone & extrapyramidal side effects, outpatients (mean age 74.5 yrs) with dementia & agitation &/or delusions &/or hallucinations, 31657
responses to classroom misbehavior & confidence, concerns about misbehavior & use of support & management strategies & information needs, K–Yr 2 teachers, 25710
review of discipline referrals in school records, prediction of & screening for violent behavior & chronic discipline problems & high school failure, 6th graders, 6-yr study, 25801
risk behaviors, rural vs urban vs suburban adolescents, late 1980s to 1996, 24410
risk of court contact & predictors of early age for first court contact, at risk youths with conduct problem behaviors, 3243
risperidone, behavioral symptoms, 27 & 30-yr-olds with autism & profound mental retardation , 14817
risperidone, psychosis & behavioral disturbances, patients with dementia (mean age 82.7 yrs), 15306
role of aggression & other dysregulated behaviors in prediction of peer problems & antisocial behaviors, 3–6 grade boys, 4 yr followup, 11555
role of establishing operations in evoking & establishing motivation for problem behavior, implications for assessment & treatment & prevention of problem behavior, 38089
S. Rachman's reduction of behavioral problems to general psychological mechanisms in experimental psychopathology as an empirical rather than philosophical issue, 24107
school-wide social skill instruction program & direct intervention on problem behavior, 1st–5th graders, 2860
self perceived stressing problems deriving from patient behavioral disturbances & quality of life, caregivers of family members with AD, 9180
sequential relationship between child's aversive behavior vs compliance episodes & mothering reactions via predictability hypothesis, abusive vs nonabusive mothers & their 4–13 yr olds, 17981
sex & family type, associations among family relationships & antisocial peers & externalizing behaviors, male vs female 10–18 yr olds, 37477
sexual behavior & behavior problems, 5–11 yr old males at risk for conduct disorder, 15 mo followup, 18005
sexual behaviors & verbalizations in anatomically detailed doll interviews, unabused 3–6 yr olds with externalizing problems, 14710
single-case designs for individual problem behavior & family interaction & intervention in family therapy, dysfunctional families, 34895
sleep disturbances & their behavioral & maternal stress associations, children with Down's syndrome, 8457
social representation in dolls' house play & theory of mind tasks & family adversity & child disturbance & maternal depression, 5 yr old children of postnatally depressed vs well mothers, 5 yr study, 26942
sociodemographic factors & mother's health behavior & pregnancy outcomes, epidemiology of behavioral problems, 16–42 yr old nulliparous mothers of children assessed at age 3 yrs, Finland, 30139
solution-oriented parenting group for parents of adolescents with substance abuse & behavior difficulties , 25540
standard vs graduated ignoring sleep disturbance treatment, bedtime refusal & nighttime waking & maternal characteristics, young children with difficult bedtime &/or nighttime behavior, 2 mo followup , 15202
standardized vs modified time out procedures, mothers of 4–8 yr old boys with noncompliant or defiant behavior , 11034
strategies for increasing independent physical exercise & improving fitness & performance & reducing defiant behavior, persons with severe & profound developmental disabilities, 8433
stress or inherent chemical changes, prefrontal cortex dysfunction & related behavioral problems, children, implications for differential diagnosis of ADHD, 11507
subjective age, self-reported problem behavior & autonomy & peer relationships, male vs female 9–17 yr olds, 36799
supported employment outcomes, 26–33 yr old males with intellectual disabilities & behavior problems, 38629
syndrome specific behavioral patterns, children–adults with Williams syndrome , 1936
task difficulty & adult attention & treatment, off-task behavior, 1st & 3rd graders with behavior problems, application of functional analysis involving antecedent events, 25814
teacher-assessment of students' interpersonal competence & peer assessments & self-concepts, male vs female 4th & 5th & 6th graders with mild disabilities, 29021
teenager vs parental ratings of values & autonomy expectations & relation to school misconduct, Caucasian vs Asian high school students & their mothers, Hong Kong, 7544
tenant facial features & degree of disability, perceptions of tenant's disturbed behavior, staff working in group homes for adults with learning disability, 38551
therapeutic principles of play therapy & the therapeutic use of story, 6 yr old boy with behavioral problems, 34773
therapeutic storytelling & behavioral parent training, intensity & frequency of noncompliance & story recall & generalization & parent satisfaction & adherence, parents & 5–6 yr old noncompliant boys, 34876
transition & postschool outcomes & adjustment, students with emotional/behavioral problems, 25819
types & severity & number of presenting problems, clinic referred male vs female 4–18 yr olds of African descent, US vs Jamaica, 37230
types of & risk factors & treatments for behavior problems, children with epilepsy, 34621
types of health services used, 5–15 yr olds with behavioral problems & special needs, 22117

unsupervised peer contact in after-school hours as risk factor, development of externalizing problems, 12–13 yr olds, 7 yr study, 24453
use & feasibility & impact of psychological behavioral screening service on primary care treatment decisions, 4–18 yr olds, 1 yr study, 35957
use of A. Adler's theories of individual psychology as applied to teaching & behavior modification in classroom/school environments, school counselors & teachers, 19373
use of avoidant & emotion-focused coping strategies & behavior problems, Black 6–11 yr olds living in urban environment, 3-yr study, 17380
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds , 25812
use of circle time in an extracted group vs whole-class format as a systems approach to emotional & behavioral difficulties, 10–11 yr olds, erratum, 32306
use of simple timeout records as part of treatment planning & implementation & evaluation, noncompliant 8 yr old boy & his parents, 25066
utility of Differential Test of Conduct & Emotional Problems vs Emotional & Behavior Problem Scale, discrimination of emotional disturbance vs social maladjustment, 12–15 yr olds in special education, 25807
validity & reliability of experimental functional analyses for challenging behavior, 22–61 yr olds with severe or profound intellectual disability, 16-mo study, 16409
validity of Amharic version of Reporting Questionnaire for Children, screening for behavioral disorders, data from mothers of 5–15 yr olds, Ethiopia, 32655
validity of combined screening tests in identification of risk for behavior problems in school setting, kindergarten–6th grade students, 36036
validity of Questions About Behavioral Function, assessment of antecedents of maladaptive behaviors, adults with mental retardation exhibiting self-injurious behavior or aggression or stereotypies, 16345
violence exposure & life stress & family support & self concept & behavior problems, 10–19 yr olds receiving mental health services from school vs community programs, 12426
visual distress cues & threatening stimuli, electrodermal responses, 9–17 yr old males with emotional & behavioral difficulties with vs without psychopathic tendencies, 21228
within-session changes in responding & establishing operations during course of functional analysis, 5–21 yr olds with moderate to severe mental retardation presenting with problem behaviors, 11721

Behavior Problems [See Also Tantrums]—Books

African American children: A self-empowerment approach to modifying behavior problems and preventing academic failure, 8300
Battling the Inner Dummy: The craziness of apparently normal people, 37182
Behavioral, social, and emotional assessment of children and adolescents, 6576
Children in difficulty: A guide to understanding and helping, 1747
Comprehensive clinical psychology: Vol. 7: Clinical geropsychology, 1425
Defiant teens: A clinician's manual for assessment and family intervention, 15219
Designing preschool interventions: A practitioner's guide, 35468
The destructive narcissistic pattern, 1362
Expressing emotion: Myths, realities, and therapeutic strategies, 25027
Helping parents help their kids: A clinical guide to six child problem behaviors, 21776
New perspectives on adolescent risk behavior, 4504
Organizational *mis***behaviour, 25928**
The social psychology of emotional and behavioral problems: Interfaces of social and clinical psychology, 14421
Taming the troublesome child: American families, child guidance, and the limits of psychiatric authority , 31391
Therapy with troubled teenagers: Rewriting young lives in progress, 8786
Treating the tough adolescent: A family-based, step-by-step guide, 2233

Behavior Problems [See Also Tantrums]—Chapters

Adapative and maladaptive pathways in development: A quantitative genetic perspective, 13511
Behavioral risk management: The pathway to a new generation of workplace services, 25885
The Child Behavior Checklist and related instruments, 26166
The child witness of parental violence: Case of Michael, age 4, and follow-up at age 16, 34863
Mental Retardation, 12076
Multiple risk factors for multiproblem boys: Co-occurrence of delinquency, substance use, attention deficit, conduct problems, physical aggression, covert behavior, depressed mood, and shy/withdrawn behavior, 5065
Personality Inventory for Children, Second Edition (PIC–2), Personality Inventory for Youth (PIY), and Student Behavior Survey (SBS), 26093
The prevention of oppositional defiant disorder and conduct disorder, 25379
The psychopharmacology of challenging behaviours in developmental disabilities, 31727
The relationship between challenging behaviour and psychiatric disorders, 30962
Service responses to challenging behaviour, 31995
Should we stay together for the sake of the children?, 10910
Social stressors in childhood and adolescence, 17395
Transition to adulthood among high-risk youth, 4509
A Vygotskian critique of self-instructional training, 8031

Behavior Therapy [See Also Aversion Therapy, Exposure Therapy, Implosive Therapy, Response Cost, Systematic Desensitization Therapy]—Serials

behavioral treatment interventions & alternative treatment options & importance of behavior therapy in managed care environment, therapists & patients , 15205
acceptance vs change interventions in behavioral couple therapy, in-session communication, 21–60 yr olds, 2206
Achievement Place behavioral treatment program, antisocial behavior & client satisfaction, 14–16 yr old psychiatric inpatients, 8815
adaptation of existing social skills behavioral therapy for rural populations including development of manual & supervision & training of therapists, rural drug users & drug dependents, 19068
advances in behavior analysis & relevance of experimental science to behavior therapy, 2734
alcohol behavioral couples therapy with vs without Alcoholics Anonymous or relapse prevention maintenance enhanced therapy, males with alcohol abuse or dependence & their female partners, 38615
anger management vs STD/HIV risk reduction interventions, sexual risk behaviors, incarcerated juvenile males (mean age 15.8 yrs), 6-mo followup, 32075
behavior therapy & fluvoxamine vs placebo, adults (mean age 35.5 yrs) with obsessive compulsive disorder, 5464
behavior therapy & inconsistent reinforcement techniques, incidence of aggressive & disruptive behavior, middle aged male with schizophrenia or schizophreniform disorder, 28335
behavior therapy benefits from use of single-case research practices, 32754
behavior therapy, correct participation in exercise class, 61–73 yr old patients with dementia or paralysis from stroke or brain injury, 28340
behavioral & pharmacological treatment of social phobia, 5457
behavioral assessment & analysis & support in psychiatric partial hospitalization program, adults with developmental disabilities, 9204
behavioral choice treatment vs traditional behavioral treatment to promote continued weight loss, 18–55 yr old obese women, 12-mo study, 15183
behavioral family intervention for stepfamilies, 7–12 yr olds with behavior problems & families, 28307
behavioral group approaches to sex therapy focusing on interpersonal &/vs sexual problems, sexually dysfunctional single males, comment, 9003
behavioral music therapy delivered in English vs Italian, verbal disruptions & noisemaking, Italian 81-yr-old female with probably dementia of the Alzheimer's type living in Australian nursing home, 38099
behavioral self help group treatment for obsessive compulsive disorder, 38344
behavioral therapy with vs without 6 mo maintenance program, symptom relapse at 12 & 18 & 24 mo, 21–45 yr old patients with body dysmorphic disorder, 2 yr followup, 38090
behavioral treatments for recurrent pediatric headache, 18792
behavioral treatments for recurrent pediatric headache, commentary, 18795
behavioral treatments for recurrent pediatric headache, commentary, 18799
behavioral treatments for recurrent pediatric headache, commentary, 18801
biological & psychological perspectives on behavioral & cognitive treatment of anxiety disorders, 12278
brief behavior & cognitive therapy, anxiety & depressive disorders, 24989
brief functional analysis of & evaluation of effectiveness of simplified habit reversal treatment for thumb sucking, 5.6 yr old fraternal twin brothers, 34878
BT STEPS, 21–54 yr olds with obsessive compulsive disorder, 34872
clinical issues in the behavioral treatment of obsessive–compulsive disorder, Black females, 4997
cognitive vs behavioral vs cognitive-behavioral techniques, self-regulation of frequency & duration & intensity of anger, college students, 5488
cognitive-behavioral intervention, inappropriate masturbation, 11 yr old boy with mild learning disabilities, 1 & 12 mo followups, 8785
community-based behavioral program, acquisition of self-care skills & reduction of challenging behaviors, 6.7–16.5 yr old males with autism &/or related pervasive developmental disorders, 28336
computer-controlled telecommunications technology for behavioral intervention for smoking cessation & relapse prevention, smokers, 19078
conceptualization & assessment & treatment of obsessional indecision, 30–53 yr old patients, 8172
concerning evidence for undermining effect of extrinsic rewards in behavioral interventions, implications for clinical practice, 5546
current overload & fractionization & lack of coherent overall picture & loss of identity & influx of cognitivism as factors in current state of behavior therapy movement, 25579
dialectical behavior & acceptance & commitment therapy & functional analytic psychotherapy as developments in cognitive behavioral therapy, 21771
dialectical behavior therapy, emotional regulation skills, group therapy patients with binge eating disorder, 25071
distracting activities & behavioral & cognitive & other psychosocial therapy, auditory hallucinations, schizophrenic & other psychiatric patients, 5519
effects of treatment challenges with differential reinforcement of alternative behavior, 4- & 16-yr old boys & 17 yr old female referred for treatment of severe behavior problems, 15207
efficacy of 7-wk group behavioral therapy program, adolescents with obsessive compulsive disorder, 6-mo followup, 2207
efficacy of behavioral therapy using biofeedback-assisted pelvic floor muscle training & characteristics of responders vs nonresponders, homebound 60.5–96.9 yr olds with urinary incontinence, 15369
efficacy of nonpharmacological interventions for treatment of late-life insomnia, 11976
enriched environment based on paired-choice preference assessment, self injurious behavior & negative affect, 23 yr old mentally retarded female with mood disorder, 15197
escape &/vs sensory extinction, self injurious behavior, 35 yr old autistic severely mentally retarded male with obsessive compulsive disorder in inpatient unit for self injurious behavior assessment, 15195
exposure & response prevention vs clomipramine, 8–18 yr olds with obsessive compulsive disorder, 2128
extinction by parent-delivered omission vs noncontingent delivery of reinforcement, aggression maintained by attention as positive reinforcement, 10-yr-old male with mild mental retardation, 38093
idiosyncratic effects of noncontingent reinforcement schedules, reduction of problematic speech & identification of behavior change mechanisms, 32 yr old male with moderate mental retardation, 15189
individually tailored behavioral intervention for sleep problems, challenging daytime behavior, children with severe learning disabilities , 21006
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15203
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15199
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, 15208
intensive early behavioral intervention, predictive validity of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15192
interactive TV vs standard behavior therapy interventions, weight control & diet & exercise & expectations about change, obese adults, 5544
issues in power therapies & miraculous claims & cures that fail, implications for cognitive & behavioral therapy, commentary, 15095
issues in power therapies & miraculous claims & cures that fail, implications for cognitive & behavioral therapy, commentary, 15097
issues in power therapies & miraculous claims & cures that fail, implications for cognitive & behavioral therapy, commentary reply, 15098
multifamily behavioral group treatment, 28 yr old female with obsessive compulsive disorder, 38039

nature & effectiveness of cognitive-behavioral interventions for psychosis, 21773
operant extinction treatment, side effect prevalence of bursting & aggression, 5–54 yr olds with moderate to profound mental retardation treated for self-injurious behavior, 15196
outpatient treatment program consisting of cognitive–behavior oriented individual & group & family therapy, psychosexual behavior & recidivism, male sex offenders, 4–52 mo follow up, 8803
parent–typical toddler interactions as maintenance strategy & long term maintenance issues in language & social skills, individuals with developmental disabilities & autism, 28334
patient & family characteristics, adherence to behavioral family vs relatives' group therapy, schizophrenic patients (mean age 26.8 yrs) & their family, 34797
pelvic floor exercise, 10.7 yr old male with encopresis, 31544
perceived efficacy of behavior therapy techniques for treating child behavior problems, pediatricians, implications for consultant role for behavior therapists, 15188
prevalence of & behavioral & pharmacological treatment for habit disorders, individuals with mental retardation, 5156
prompting & reinforcement & amount of object manipulation, stereotypic self injurious behavior, 33 & 46 yr old males with developmental disabilities who engage in self injurious behavior, 15198
psychosocial & behavioral interventions, children with severe oral feeding problem & cystic fibrosis & diabetes, commentary, 25013
psychosocial & behavioral interventions, children with severe oral feeding problems, commentary, 24986
psychosocial & behavioral interventions, children with severe oral feeding problems, 24981
reasons behind withdrawal from behavioral treatment program for urinary incontinence, 41–86 yr old females, 35065
relationship between expressed emotion & behavior therapy outcome, 18–62 yr old outpatients with obsessive-compulsive disorder or panic disorder with agoraphobia, 34873
reliability & validity of analog functional assessment methodology, developmentally disabled 8–10 yr olds with excess behaviors, application of generalizability theory & Behavioral Assessment Grid, 15187
renaming of rational-emotive therapy as rational emotive behavior therapy, 34780
respondent conditioning using sexually explicit vs neutral stimuli, sexual arousal, implications for behavior therapy strategies, 18–20 yr old males, 15200
sildenafil with or without behavioral therapy, 46 & 54 yr old males with erectile dysfunction, 37973
State Department Mental Health training program, mastery of conceptual complexities of dialectical behavior therapy, clinicians, 8804
strategic-systemic behavior therapy & selective serotonin reuptake inhibitors, persons with obsessive-compulsive disorder, 5462
therapeutic storytelling & behavioral parent training, intensity & frequency of noncompliance & story recall & generalization & parent satisfaction & adherence, parents & 5–6 yr old noncompliant boys, 34876
therapist statements about presence of crickets vs actual presence & graduated exposure with vs without contingent reinforcement, math calculation rate, 14 yr old boy with insect phobia, 15194
treatment efficacy of biofeedback-assisted behavioral training vs oxybutynin, female 55–92 yr olds with urge urinary incontinence, 8712
use of fixed-time schedule for reduction of unauthorized breaks from vocational training sites, 16–24 yr old patients with traumatic brain injury, 28341

Behavior Therapy [See Also Aversion Therapy, Exposure Therapy, Implosive Therapy, Response Cost, Systematic Desensitization Therapy]—Books

Helping parents help their kids: A clinical guide to six child problem behaviors, 21776
Rational emotive behavior therapy: A training manual, 18556

Behavior Therapy [See Also Aversion Therapy, Exposure Therapy, Implosive Therapy, Response Cost, Systematic Desensitization Therapy]—Chapters

Alcoholism—Behavior therapy, 31549
Attention-deficit/hyperactivity disorder, 12062
Autistic disorder, 12069
Behavior therapy with children and adolescents, 2210
Behavior therapy, 31547
Behavior therapy, 31551
Behavior therapy, 31552
Behavioral and cognitive behavioral treatments, 35331
Behavioral approaches, 2209
Behavioral intervention in attention-deficit/hyperactivity disorder, 25076
Behavioral systems approach, 35350
Behavioral treatment for trichotillomania, 8816
Behavioral treatment of child-adolescent posttraumatic stress disorder, 8225
Behavioural and cognitive behavioural interventions in the treatment of PTSD, 21210
Behavioural approaches to treatment: Principles and practices, 31546
Cognitive and behavioral therapies alone or combined with antidepressant medication in the treatment of depression, 24934
Cognitive behavior therapy, 31548
Cognitive behavior therapy, 31550
Conduct disorders, 12061
Covering all bases: Engaging and treating individuals with alcohol problems, 15666
Depressive disorders, 12073
Dialectical behavior therapy for borderline personality disorder: Efficacy, specificity, and cost effectiveness, 25075
Fire setting, 12001
Headache, 8536
How to master workplace stress, 5539
Mental Retardation, 12076
Oppositional defiant disorder, 12058
Pain in patients with rheumatic disease, 8525
Parasomnias, 12003
Psychological management of recurrent headache disorders: Progress and prospects, 14943
Separation anxiety disorder, 12059
Sexual abuse, 12000
Specific developmental disorders, 12011
Substance use disorders, 12060
Tic disorders, 12010
Treating aggressive children with rational-emotive behavior therapy, 37531
Treatment methods for destructive and aggressive behaviour in people with severe mental retardation/developmental disabilities, 30972
Trichotillomania, 11999
The value of behavioral perspectives in treating older adults, 4531

Behavioral Assessment—Serials

accountability & functional analysis & evaluation procedures using individual child portfolios & consultations with parents & teachers for evaluation of early childhood intervention, 3–5 yr olds, 38786
advances in behavior analysis & relevance of experimental science to behavior therapy, 2734
analysis of beliefs & behavior & responses to machine events in poker-machine gambling, 18 yr old & older regular vs occasional poker-machine players, commentary, 35718
analysis of beliefs & behavior & responses to machine events in poker-machine gambling, 18 yr old & older regular vs occasional poker-machine players, 35716
analysis of beliefs & behavior & responses to machine events in poker-machine gambling, 18 yr old & older regular vs occasional poker-machine players, commentary reply, 35717
analysis of ethnographic & ethnohistoric & archaeological material & reconstruction of behavior for interpretation of mutilated human remains in prehistoric Anasazi culture, retrospective study, 17468
analysis of public opinion shift in support for North American Free Trade Agreement, adults, US, 1164
application of behavioral analysis to solution of social problems faced by older adults, 10913
behavior analytic conceptualization of long term effects of child sexual abuse, 24413
behavioral analysis movement away from animal to human testing & application of relational frame theory approach to analysis of language & cognition in humans, 36208
brief functional analysis of & evaluation of effectiveness of simplified habit reversal treatment for thumb sucking, 5.6 yr old fraternal twin brothers, 34878
caregiver's depressive symptoms & burden, caregiver's report vs direct assessment of activities of daily living, 53–91 yr old patients with mild or very mild dementia, 11947
child behavioral assessment & cognitive–behavioral interventions in treatment of school refusal in schools, 35574
Cohen-Mansfield Agitation Inventory vs CERAD Behavioral Rating Scale for Dementia, caregiver administered assessments of behavioral disturbances, community-dwelling AD patients, 12-mo study, 6639
communication assessment & functional communication training & early home-based intervention for inappropriate & problematic behavior, toddlers, 12553
comparison of 3 methods to assess binge drinking, alcohol counseling clients, 6632
computer program for recording & analyzing behavior, 19483
construct validity of rating scales to measure behavioral severity of canine compulsive disorder, 26
convergent validity of Behavioral & Emotional Rating Scale, 10–19 yr old special education students with emotional & behavioral disorders, 16340
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation subscale & total scores, 5–88 yr olds with severe or profound mental retardation , 6558
correspondence between assessment outcomes of brief vs extended functional analysis, 20–68 yr olds referred for assessment & treatment of self-injurious behavior or aggression, 22946
defining & extending & analyzing behavioral representations & state in human–computer interaction using timetree model, 39030
development & internal consistency of Adolescent Sexual Activity Index, assessment of sexual behaviors, 12–19 yr olds, 32592
development & psychometric evaluation of Environment–Behavior Interaction Code, measurement of social environmental antecedents of disruptive behavior, elderly residents of dementia care units, 32654
development & reliability & validity of Personal Experience Inventory for Adults, substance abuse assessment, drug rehabilitation patients & criminals, 16357
development & reliability & validity of Prison Behavior Rating Scale to measure mental disturbance, prisoners , 6608
development of behavioral analytic framework & verbal psychotherapies, 38010
Differential Test of Conduct and Emotional Problems, evaluation of outcomes of specialized youth services treatment program, 10–17 yr olds with conduct disorder & emotional disturbances, 9 mo study, 32662
dimensional structure & correlates of translated Driver Behaviour Inventory, individual differences in vulnerability to driver stress, 18–79 yr old Japanese drivers, comparison with British drivers, 9816
duration of assessment sessions, functional analysis outcomes, adults with mental retardation referred for assessment & treatment of self-injurious or aggressive behavior, 22960
escape &/vs sensory extinction, self injurious behavior, 35 yr old autistic severely mentally retarded male with obsessive compulsive disorder in inpatient unit for self injurious behavior assessment, 15195
factor structure & reliability & validity of & age & gender norms for Behavioral Inhibition System & Behavioral Activation System scales, 18–79 yr olds, Australia, 6590
feminist evolutionary perspective analysis of female-female aggression & criminal assault rate, 1828
functional & extinction analysis & reinforcement effects, problem behavior in response class hierarchies, 4–8 yr olds with developmental disabilities, 38096
functional analysis & non-aversive interventions, self injury, adult male with profound learning disability living in long-stay hospital, 8713
functional analysis & treatment of self-injurious behavior in classroom, 10-yr-old with severe/profound mental disability, implications for training teachers, 29039
functional analysis methodology, reinforcement- vs punishment-based treatment choice for self-injurious & aggressive behavior, researchers, 22952
functional analysis of & sensory stimulation that maintained hair pulling, 19 yr old female with moderate mental retardation & cerebral palsy, 38095
functional analysis of effectiveness of variable-momentary differential-reinforcement-of-other-behavior schedules, self-injurious behavior, 28–50 yr old females with mental retardation, 24637
functional analysis of relationship between & antecedents & consequences of communicative & aggressive behaviors, 7-yr-old male with Down's syndrome & severe developmental disabilities, 24638
functional analysis of token rewards, intrinsic motivation for mathematics, 9 & 11 yr old males, 38844
functional analysis, false-positive maintenance of self-injurious hand mouthing by access to tangible reinforcers, 26 yr old female with profound mental retardation, 24104
functional evaluation of self-injurious behavior & aggression & stereotypies & pica & rumination, 16–83 yr olds with mental retardation, implications for development of treatment plans, 24630
future of behavior-analytic psychology, 35840
high-probability instruction sequences with fading by teacher, compliance during transitions, 7–8 yr old students, 2- & 3-wk followups, 38858
history & publication trends of behavioral assessment section of Behavior Research & Therapy journal & avenues for future assessment research, 19567
hot sauce allocation as measure of aggression, adults, 36086
identifying sources of happiness & unhappiness through behavioral observation, students with profound multiple disabilities (ages 19–42 yrs) , 14396
measurement of aggressive behavior in dementia, 31318

modified social attention condition, functional analysis detection of destructive behavior patterns, 6 yr old males with mental retardation, 11720
neuropsychological consequences of hemorrhage & surgical repair of a deep right frontal arteriovenous malformation, 7 yr old boy, 6 mo & 4 yr followups, 16909
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, 34496
participation in administration of infant assessment, mother–infant interaction & infant development, depressed 15–30 yr old mothers & neonates, 1 mo study, 8100
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals, commentary reply , 4113
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals , 4112
pharmacology & neurobiology of attention & validity & strengths & weaknesses of behavioral procedures to assess attentional processes, animals, commentary, 4261
placement of descriptive analysis of functional variables, experimental analyses, 4 yr old males with behavior problems & disorders in daycare setting, 14399
predictive validity of Strengths & Difficulties Questionnaire vs Child Behavior Checklist in ability to distinguish high vs low risk samples, 4–7 yr olds from psychiatric vs dental clinics, 13065
prior social context, aggressive & self-injurious & other aberrant behavior severity in analogue analysis assessments, female 8 & 32 yr olds with severe developmental disabilities, 37641
process for assessment of agitation in late stage dementia nursing home patients, nurse aides, 35267
recommendations for clinicians & researchers in use of psychosocial & behavioral assessment of chronic pain, 22
recording frequency in reactive self-monitoring, 11 & 12 yr old competitive swimmers, 36739
relationship between problem behaviors & DSM-III-R behavioral criteria for major depression, 18–51 yr olds with intellectual disability, 30660
reliability & factor structure of Behavioural Assessment Scale, language & mobility & physical independence & occupation & orientation & social integration, psychiatric 60-97 yr old patients, 32690
reliability & validity of analog functional assessment methodology, developmentally disabled 8–10 yr olds with excess behaviors, application of generalizability theory & Behavioral Assessment Grid, 15187
reliability & validity, shortened Inventory of Interpersonal Problems, clinical patients, 3314
reliability of Form 90D interview, self report of drug usage, drug treatment clients, 6640
reliability of Matson Evaluation of Social Skills in Individuals with Severe Retardation, adults with severe or profound mental retardation, 35946
role of establishing operations in evoking & establishing motivation for problem behavior, implications for assessment & treatment & prevention of problem behavior, 38089
role of functional analysis & case formulation & cultural variables in behavioral assessment, clinical practitioners, New Zealand, 25664
scores on & body movements during behavioral optometric test of eye movements & educational performance, 6 vs 9 vs 12 vs 14 yr olds, Denmark, comparison with American norms, 6201
sequential analyses & multiple controlling stimuli & temporal patterning in 1st-language transmission & acquisition process, 33558
stimulus preference assessments & reinforcement during treatment of cigarette pica, 40–49 yr olds with mental retardation, 38084
strategy for detection & evaluation of unprofessionalism behavior, medical students , 38743
task difficulty & adult attention & treatment, off-task behavior, 1st & 3rd graders with behavior problems, application of functional analysis involving antecedent events, 25814
test-retest reliability of psychological & neurobehavioral tests self-administered by computer, identification & characterization of consequences of service in Persian Gulf War, nonclinical adults, 13032
testing battery, assessment of cognitive & behavioral & functional characteristics, 76–94 yr olds with possible or probable Alzheimers disease, 8613
use & feasibility & impact of psychological behavioral screening service on primary care treatment decisions, 4–18 yr olds, 1 yr study, 35957
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14624
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, 14614
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary, 14599
use of behavioral framework & functional analysis in conceptualization & assessment of personality disorders & associated features, implications for intervention strategies, commentary reply, 14605
use of brief vs extended functional analyses for identifying maintaining contingencies for aggressive & self-injurious behaviors, 2 male & 1 female adults with autism & profound mental retardation, 37646
use of theory of planned behavior in assessment of predictive validity & causal ordering for intentions & attitudes & behavior & perceived control, 20–64 yr old hospital workers, 3 mo study, 16296
validity of Nursing Care Dependency Scale, 15–101 yr old demented & mentally handicapped patients, 5891
validity of Questions About Behavioral Function, assessment of antecedents of maladaptive behaviors, adults with mental retardation exhibiting self-injurious behavior or aggression or stereotypies, 16345
validity of self-report version of the Strengths and Difficulties Questionnaire, positive & negative attributes, 11–16 yr olds attending a mental health clinic, 3312
verbal interactions during behavioral consultation, treatment outcomes, graduate consultants & teacher consultees & students with emotional disabilities &/or risk for academic or behavior problems , 25828
within-session changes in responding & establishing operations during course of functional analysis, 5–21 yr olds with moderate to severe mental retardation presenting with problem behaviors, 11721

Behavioral Assessment—Books

Assessing allegations of sexual abuse in preschool children: Understanding small voices, 8788
Behavioral, social, and emotional assessment of children and adolescents, 6576
Criminal profiling: An introduction to behavioral evidence analysis, 29281
First course in applied behavior analysis, 21
Handbook of research methods in human operant behavior, 3408
Measures of political attitudes, 9852
Measuring behavioral health outcomes: A practical guide, 24928
Testing and assessment in counseling practice (2nd ed.), 35870

Behavioral Assessment—Chapters

Academic entrepreneurship, 38704
Assessment for curriculum planning, 16021
Assessment of social-emotional functioning and adaptive behavior, 6643
Behavior analysis, 38103
Behavior and Symptom Identification Scale (BASIS-32), 26173
Behavior therapy, 31551
Behavior therapy, 31552
Behavioral processes of infants and young children, 3425
Child and Adolescent Functional Assessment Scale (CAFAS), 26092
Choice and self-control, 3418
Cognitive and behavioral assessment, 35872
Cognitive behavior therapy, 31550
Easing the implementation of behavioral testing through computerization, 16393
Establishment of a laboratory for continuous observation of human behavior, 3410
Experimental design and analysis in the laboratory study of human operant behavior, 3409
The human subject, 3419
Information no one else knows: The value of self-report, 36099
The Lidcombe Program of early stuttering intervention, 19119
Maximizing questionnaire quality, 9863
Real-time self-report of momentary states in the natural environment: Computerized ecological momentary assessment, 36113
Reinforcement: Schedule performance, 3424
Remembering and forgetting, 3426
Self-report methods, 3412
Social behavior, 3422
Stimulus equivalence, 3414
Stimulus-control procedures, 3421
The taxonomy of verbal behavior, 3411
Treatment planning and evaluation with the BASC: The Behavior Assessment System for Children, 26177
The use of memory and contextual cues in the formation of behavioral frequency judgments, 36108
The verbal governance of behavior, 3423

Behavioral Contrast—Serials

negative contrast effects & incentive downshifts, search behaviors, female rats, 10281
ventral vs regional dorsal striatal lesions, sucrose consumption & positive & negative contrast, male rats, 26587

Behavioral Ecology—Serials

behavioral ecological evidence of cultural tradition & social learning in five genera of nonhuman primates, 6995
conspecific vs interspecific bird call, behavioral ecology of reduction in male vocal reaction, allopatric vs sympatric Hippolais polyglotta vs H. icterina warblers, Belgium & France, 23259
development of & methods of assessment & intervention used in ecobehavioral treatment program, 6–17 yr old maltreated children & their primary caregiver, 18483
dynamic model of & state variables & environmental parameters related to dispersal in land-based economy, human males, 30529
fixed interval reinforcement, circadian vs ecologically-cued time-of-day discrimination & related behaviors, pigeons, 33021
ideal free distribution theory of animal behavioral ecology applied to empirical study of human competition for money, adults , 16455
individual & demographic & neighborhood-ecological predisposing factors, late initiation of prenatal care seeking, pregnant women, 15457
individual differences in parental care in situations involving novelty & risk & aggression, convict cichlids, 26494
personality traits & athletic environment ecology as risk factors for anorexia nervosa, good athletes vs patients with anorexia nervosa, 34510
science & human–environment relationship & steps toward sustainable use of earth, 3192
use of behavioral ecology to understand depression, commentary, 27635
use of ecobehavioral model in treating challenging behaviors, adults with psychiatric disorders and developmental disabilities, 8811

Behavioral Ecology—Chapters

Behavioral-environmental determinants of the reinforcing functions of cocaine, 4309
Environmental taxonomy: Generalizations from research with older adults, 14107
Laboratory methods in human behavioral ecology, 3415

Behavioral Genetics—Serials

acute intragastric dry hypericum perforatum extract, ethanol intake & food intake & open-field & forced-swim behaviors, genetically selected Marchigian Sardinian alcohol-preferring male rats, 36603
age & sex, rate & length & frequency of ultrasonic calling, 2–12 day old inbred vs hybrid house mice, 3656
anxiety & amygdalar stimulation, obsessive-compulsive disorder-like biting behaviors, male mice with neuropotentiating transgenes that encodes intracellular form of cholera toxin, 33178
behavioral & environmental influences, gene activation, 440
biological & psychological environments of the human genome & multidisciplinary system approach for optimizing its expression in child development, 23648
condition-related mate preferences, red vs orange colored mate, female sticklebacks, 36325
differences between heritability & biological explanation in human behavior, 446
dopamine D4 receptor gene variants & excitement & depressive & disorganized & delusional symptomatology, psychiatric inpatients with major psychoses, 30749
gene mapping & functions & influence of single genes vs interacting arrays of genes on brain & behavior & relation to genetic engineering, 13504
genetic & environmental influences on diet, monozygotic & dizygotic twins reared apart & spouses, 3811
genetic vs shared vs unique environmental influences, lifetime & current prevalence of alcohol & tobacco & drug use & associated risk factors, 8–16 yr old mono- & dizygotic twins, 20584
inter-individual distances during open field tests, single sex pairs of Japanese quail from lines with high vs low vs mixed levels of social reinstatement behavior, 36335
interchangeability of big five personality traits from behavior genetics viewpoint vs indicator used, monozygotic vs dizygotic twins, 7918
links between genetically or chromosomally determined syndromes & behavioral phenotype, implications for research & clinical practice in field of learning disability , 21464
naloxone, suppression of genetic predisposition toward high volume alcohol consumption, male rats, 26735
naturalistic vs artificial studies in comparative cognition & behavioral genetics & effects of mutation & hippocampal function on memory & use of hypothesis driven studies, reply, 26478
naturalistic vs artificial studies in comparative cognition & behavioral neuroscience & genetics, commentary, 26487

overview of gene activation & molecular neurobiology & relevance for psychiatry practice, 36463
polymorphisms of tryptophan hydroxylase gene, Japanese adults with bipolar disorder or major depression with history of suicide attempt, 20989
prevalence of HLA-DR1 & DR4 genes, Japanese adults (mean age 38 yrs) with schizophrenia vs without, 21156
quantitative genetic theory & behavioural genetic methodology for study of human development & developmental psychology, 23657
role of nitric oxide in maternal aggression, wild-type vs neuronal nitric oxide synthase-deficient female mice, 33205
spatial frequency of high-contrast stimulus gratings, visual acuity in forced-choice behavioral procedure, wild type vs bc 12 mice with higher retinal ganglion cell density, 13498
vasopressin-receptor expression & gene variation, affiliative behavior changes in response to arginine vasopressin, monogamous vs promiscuous vole species & transgenic mice, 33516
voluntary ethanol consumption & behavioral control vs impulsivity as measured by appetitive-signaled nosepoke task, inbred mice strains, 7017
whole-nerve chorda tympani responses to taste solutions, male C57BL/6J vs DBA/2J inbred mice, 33163
Behavioral Genetics—Books
Behavioral genetics: The clash of culture and biology, 26561
The development of intelligence, 30199
On the way to individuality: Current methodological issues in behavioral genetics, 13506
Behavioral Genetics—Chapters
Adapative and maladaptive pathways in development: A quantitative genetic perspective, 13511
Amazing grace: Sources of phenotype variation in genetic boosterism, 26567
Behavioral genetic determinism: Its effects on culture and law, 26564
Behavioral genetic models of alcoholism and drinking, 24551
Behavioral genetics and dismantling the welfare state, 28712
A behavioral neurogenetics approach to understanding the fragile X syndrome, 31101
Behavioural phenotypes: Towards new understandings of people with developmental disabilities, 30961
Biological and cultural inheritance of stature and attitudes, 23672
Complexity and research strategies in behavioral genetics, 26566
The detection of genotype–environment interaction in longitudinal genetic models, 13510
The developmental genetics of intelligence, 30206
The fate of the responsible self in a genetic age, 26563
Focus chapter: **Research methods in behavioral genetics, 10386**
Genetic and environmental structure of personality, 22854
Heredity, 991
How do families affect intelligence? Social environmental and behavior genetic predictions, 4798
Identifying the molecular genetic basis of behavioral traits, 27570
In the mainstream: Research in behavioral genetics, 26565
The nature and nurture of vocational interests, 19397
Predicting and punishing antisocial acts: How the criminal justice system might use behavioral genetics, 27831
Variable age of gene expression: Implications for developmental genetic models, 13509
What twins can tell us about the development of intelligence—A case study, 30207
Behavioral Health [See Health Care Psychology]
Behavioral Medicine [See Health Care Psychology]
Behavioral Sciences [See Also Psychology]—Serials
future of behavior-analytic psychology, 35840
recommendations for behavioral scientist approach to training to maintain prominent role in organized health care delivery, psychologists, 35403
Behavioral Sciences [See Also Psychology]—Books
Cases in qualitative research: Research reports for discussion and evaluation, 32765
Dictionary of statistics and methodology: A nontechnical guide for the social sciences (2nd ed.), 10003
Fundamentals of behavioral statistics (9th ed.), 32568
Methods: Toward a science of behavior and experience (6th ed.), 36095
The strategic grant-seeker: A guide to conceptualizing fundable research in the brain and behavioral sciences, 12578
Behavioral Sciences [See Also Psychology]—Chapters
Aging and behavioral medicine: A triaxial model, 1437
Behavioral research needs and challenges of new treatments: AIDS as a chronic illness, 31145
Functional contextualism: A pragmatic philosophy for behavioral science, 6510
Reflections on the role of religion in the history of psychiatry, 1091
Resilience comes of age: Reflections on the past and outlook for the next generation of research, 36860
Social psychiatry, 24937
Behaviorism—Serials
analysis of encouragement & logical consequences of Individual Psychology vs rewards & punishment of behavioral psychology, 19548
background & contributions of behavioral scientist M. Rutter & psychology of creativity, 27378
future of behavior-analytic psychology, 35840
history of academic environment of cognitive revolution within the field of psychology in opposition to behaviorism, 1920s to 1950s, 9777
radical behaviorism & cognitive psychology & cognitive processes in intentional stance vs contextual stance framework, 13859
trends in prominence of psychoanalysis vs behavioral psychology vs cognitive psychology vs neuroscience, 9765
Behaviorism—Books
Handbook of behaviorism, 6519
The war between mentalism and behaviorism: On the accessibility of mental processes, 32936
Behaviorism—Chapters
Alcohol expectancy theory: The application of cognitive neuroscience, 24547
Behavioral strategies for helping hospitalized children, 14429
Biological behaviorism, 6511
Clark L. Hull's behaviorism, 6533
The connectionist infant: Would Piaget turn in his grave?, 13917
Edward C. Tolman's purposive behaviorism, 6525
Empirical behaviorism, 6520
Family therapy, 15668
The historical antecedents of contemporary behaviorism, 3262
Interbehaviorism and interbehavioral psychology, 6524
Logical behaviorism, 6526
The perspective of situated and self-organizing cognition in cognitive psychology, 32949
Quine's behaviorism, 6523
Radical behaviorism: B. F. Skinner's philosophy of science, 6534
Ryle's behaviorism, 6531
The scientific and philosophical context of humanistic psychology, 9795
Teleological behaviorism, 6532
Theoretical behaviorism, 6535
Watsonian behaviorism, 6530
Wittgenstein's behaviorism, 6521
Bekesy Audiometry [See Audiometry]
Belgium—Serials
current situation in the regulation of psychological testing practices in Switzerland & France & Belgium, 26079
norms for 60-item version of Boston Naming Test, 55–91 yr old Dutch-speaking Flemish, Belgium, 6557
Beliefs (Nonreligious) [See Attitudes]
Beliefs (Religion) [See Religious Beliefs]
Bem Sex Role Inventory—Serials
validity of Japanese Bem Sex Role Inventory, assessment of masculine & feminine & androgynous personality traits, 18–52 yr olds, Japan, 29333
Benadryl [See Diphenhydramine]
Bender Gestalt Test—Books
Bender Gestalt screening for brain dysfunction (2nd ed.), 105
Benzedrine [See Amphetamine]
Benzodiazepine Agonists—Serials
antipunishment effects of benzodiazepine agonists & anxiolytic-like effects & clinical dose in humans, male pigeons, 10599
benzodiazepine receptor modulation of social-separation induced distress vocalizations & stress-induced analgesia, chicks, 17118
benzodiazepine receptor partial inverse agonists S-8510, P300 components of event related potentials, rhesus monkeys, 10528
chlordiazepoxide & FG 7142, delayed matching-to-sample performance, male rats, animal model of diencephalic amnesia, 17027
classical vs novel benzodiazepine receptor ligands, punished lever pressing & Vogel punished drinking & elevated plus-maze models of anxiety, male rats, 33409
electrophysiological evidence for inverse benzodiazepine, panic disorder, outpatients suffering from panic disorder & agoraphobia, 11375
novel benzodiazepine omega receptor agonists Y-23684 vs RWJ-46771 vs diazepam vs clobazam, defense test battery performance & anxiolytic-like activity, male mice, 13741
partial benzodiazepine agonists vs full agonist midazolam, punished vs unpunished responding in conflict procedure, pigeons, 26793
physostigmine vs benzodiazepine receptor agonist FG 7142, 192 IgG-saporin induced cortical cholinergic deafferentation & sustained attention, male rats, 7226
role of benzodiazepine & non-benzodiazepine receptor stimulation in discriminative stimulus effects of ethyl-beta-carboline-3-carboxylate at high vs low training doses, rats, 33475
Benzodiazepine Antagonists—Serials
antagonism of beta-CCT, pharmacological effects of zolpidem & diazepam, male mice & rats, 36562
anxiolytic effects & benzodiazepine receptor actions of synthetic flavonoid 6-bromo-3'-nitroflavone, male mice, 767
behavioral & neuroendocrine & cardiovascular response to flumazenil, patients with panic disorder, 12243
benzodiazepine receptor antagonist flumazenil in basolateral vs central nucleus of amygdala, memory storage & consolidation in inhibitory avoidance task, male rats, 26757
benzodiazepine receptor modulation of social-separation induced distress vocalizations & stress-induced analgesia, chicks, 17118
blocking effect of dizocilpine on the development of tolerance to diazepam's sedative & anxiolytic effects, male rats, 13727
diazepam &/vs flumazenil, head dipping & open-arm avoidance in plus-maze, male mice, 13711
flumazenil with vs without diazepam, acquisition performance during active-avoidance task & locomotor activity, male rats, 13709
single dose flumazenil, 62–87 yr olds with Alzheimers disease, 28503
Benzodiazepines [See Also Alprazolam, Chlordiazepoxide, Clonazepam, Diazepam, Lorazepam, Midazolam, Oxazepam]—Serials
ability of monocytes to migrate towards chemoattracting benzodiazepines, 33–65 yr olds with generalized anxiety, 12231
activation of alcohol-related memories by negative affective cues, 21–55 yr old anxious problem drinkers receiving benzodiazepines, 11651
alterations in brain benzodiazepine receptor binding, male schizophrenia patients, 21121
antagonism of beta-CCT, pharmacological effects of zolpidem & diazepam, male mice & rats, 36562
benzodiazepine action at GABA ligands in mammalian brain & implications for therapeutic anxiolytic application, 18705
benzodiazepine discontinuation, psychomotor performance, 22–75 yr old long-term benzodiazepine users, 12-wk study, 18729
benzodiazepine dosage tolerance & duration until waking up after initial sedation & pretreatment aggression, aggression on waking from sedation, 18–64 yr olds with schizophrenia, 25172
benzodiazepine hypnotics, residual effects on driving & factors associated with increased traffic accident risk, erratum, 13828
benzodiazepine receptor ligand U-78875, discrimination of lorazepam vs diazepam vs pentobarbital, rats vs baboons, 23485
benzodiazepine receptor partial inverse agonists S-8510, P300 components of event related potentials, rhesus monkeys, 10528
classical vs novel benzodiazepine receptor ligands, punished lever pressing & Vogel punished drinking & elevated plus-maze models of anxiety, male rats, 33409
clorazepate & diazepam & oxazepam, experimental aggression, healthy male 18–24 yr olds, 4292
combination of haloperidol & lorazepam vs repeated doses of benzodiazepine & medication noncompliance, neurobiology & management of aggression, psychotic patients, 34985
compared central benzodiazepine binding characteristics & pharmacological profiles of 2 synthetic flavonoids with those of diazepam, male rats, 30003
decrease in illicit market availability of temazepam gel-filled capsules, polydrug-using repertoires, individuals addicted to opiates, 24522
deleterious issues in prescription of benzodiazepines, patients with comorbid anxiety & addictive disorders, commentary, 25156
density of benzodiazepine receptors in amygdala &/vs hippocampus & anxiety during memory & habituation tasks, anxious vs nonanxious vs normal male rats, 33245
development & psychometrics of Benzodiazepine Dependence Self Report Questionnaire, general practice patients vs psychiatric outpatients vs self help patients, 26147
diazepam vs zolipidem vs furosemide & ethanol, cerebellar GABA A receptor subtype specific modulation & glutamate release, adult male alcohol-tolerant vs nontolerant rats, 36618

differential interaction of benzodiazepines &/vs neuroactive steroids &/vs ethanol, motor function, male mice & Sprague Dawley rats, 10674
dilemmas regarding prescribing of benzodiazepines, general practitioners, 32124
discontinuation of benzodiazepines, psychological distress & quality of life & adaptation difficulties, 21–65 yr olds diagnosed with nonpsychotic anxiety or insomnia, 26827
dosage & acute behavioral effects of benzodiazepine-receptor ligands quazepam vs triazolam, 20–41 yr olds, 28490
DSM-III-R comobidity, patients with benzodiazepine dependence, 12033
efficacy & safety of sustained release alprazolam or adinazolam vs clomipramine, adults with panic disorder with or without agoraphobia, 18693
ethanol & temazepam, episodic memories, 19–43 yr olds, 27885
extent & appropriateness of benzodiazepine vs anxiolytic use & mental health status as predictor of use, elderly, comment, 25182
flunitrazepam, acute subjective & psychomotor effects, male 22–40 yr olds on methadone maintenance, implications for abuse liability, 7187
GABA-benzodiazepine receptor levels in absence of grey matter atrophy, abstinent alcohol-dependent males (mean age 43.2 yrs), 5085
increased atmospheric pressure, behavioral & biochemical effects of ethanol & drugs that do or do not involve allosteric coupling on GABAA receptor complex, male mice , 10556
intramuscular flunitrazepam vs haloperidol, emergency treatment of aggressive psychotic behavior, patients with schizophrenia or schizoaffective or bipolar disorders, 8885
lorazepam vs flumazenil vs scopolamine, implicit vs explicit memory & conceptual priming, healthy 18–49 yr olds, 7166
MAO inhibitors or selective serotonin reuptake inhibitors or high-potency benzodiazepines or beta-blockers, control of social anxiety disorder, 2299
midazolam, saccadic eye movement & GABA-A benzodiazepine receptor sensitivity & subjective assessments, patients on chronic benzodiazepine treatment (mean age 44 yrs), 38296
modern perspective on appropriate use of hypnosedatives & benzodiazepine, older adults with insomnia &/or anxiety disorders, 25233
novel benzodiazepine omega receptor agonists Y-23684 vs RWJ-46771 vs diazepam vs clobazam, defense test battery performance & anxiolytic-like activity, male mice, 13741
obstruction of airways after im injections of levomepromazine & iv injections of benzodiazepine, 20–40 yr old males with schizophrenia, 5633
peripheral-type benzodiazepine receptor agonists & antagonists & dose & social isolation stress, pentobarbital- induced sleep, isolated vs group-housed mice, 36551
peripherial-type benzodiazepine receptor density, suicidality, 13–20 yr olds with repeated suicide attempts , 30846
pharmacokinetics & disposition of clomipramine & N-desmethylclomipramine, 16-76 yr old Japanese vs Swedish Ss taking clomipramine with vs without benzodiazepines, 38308
plasma endogenous benzodiazepine-receptor ligands, patients with hepatic encephalopathy vs liver cirrhosis vs uremic encephalopathy, 2033
prevalence & course of benzodiazepine abuse, heroin abusers in methadone maintenance treatment, prospective 1 yr study, 25522
progesterone & prolactin secretion & anxiety/depression, platelet peripheral-type benzodiazepine receptor binding & expression, 1st vs 3rd trimester pregnant vs lactating female 18–42 yr olds, 33332
protocol for & risks associated with benzodiazepine treatment for alcohol dependency, 9240
regional cortical benzodiazepine receptor volume, recently detoxified adult males (mean age 44 yrs) with type II alcoholism, 1751
relationship between individual characteristics of age & gender & neighborhood characteristics of social deprivation & integration & use of benzodiazepines, residents of Dutch city, 28432
role of benzodiazepine & non-benzodiazepine receptor stimulation in discriminative stimulus effects of ethyl-beta-carboline-3-carboxylate at high vs low training doses, rats, 33475
serotonin reuptake inhibitor vs benzodiazepine vs tricyclic antidepressant vs MAO inhibitor treatment of panic disorder, 35019
short term withdrawal from benzodiazepines, subjective sleep quality, hospitalized geriatric patients, 38293
subchronic vs acute administration of nitric oxide synthase inhibitor 7-nitroindazole, tolerance & anxiolysis as seen in open arm exploration time in elevated plus maze, rats, 4142
trazodone & valproate, withdrawal symptoms & taper outcome, benzodiazepine dependent 21–70 yr olds, 12227
usefulness of tricyclics & selective 5-HT reuptake inhibitors vs benzodiazepines in treatment of panic disorder, 31709
withdrawal of bromazepam, generalized tonic-clonic seizures, 56-yr-old female with organic mood syndrome & history of Japanese encephalitis, 12172
zolpidem vs benzodiazepine effects on reinforcement & abuse potential & discrimination & performance impairment & tolerance & dependence, humans & nonhumans, 739
zopiclone vs temazepam, cognitive functioning, outpatients with insomnia, 28500
zoplicone, withdrawal from chronic flunitrazepam & sleep pattern changes, 32–64 yr olds with insomnia & chronic benzodiazepine dependence, 8929
Benzodiazepines [See Also Alprazolam, Chlordiazepoxide, Clonazepam, Diazepam, Lorazepam, Midazolam, Oxazepam]—Chapters
Benzodiazepines: Behavioral and pharmacologic basis of addiction, tolerance, and dependence, 25249
Pharmacotherapy, 31721
Sedatives/hypnotics and benzodiazepines, 5684
Bereavement [See Grief]
Beta Blockers [See Adrenergic Blocking Drugs]
Between Groups Design—Serials
between-Ss vs within-Ss experimental design, rated acceptability of curriculum-based vs norm-referenced academic skills assessment instruments, elementary education teachers, 16373
nature & purpose & methods of experimentally controlled between-group psychotherapy outcome research & application to child & adolescent psychotherapy, commentary, 9987
nature & purpose & methods of experimentally controlled between-group psychotherapy outcome research, 9985
nature & purpose & methods of experimentally controlled between-group psychotherapy outcome research, commentary reply, 9995
nature & purpose & methods of experimentally controlled between-group psychotherapy outcome research, commentary, 9984
nature & purpose & methods of experimentally controlled between-group psychotherapy outcome research & issues in use of case studies, commentary, 9993
Beverages (Alcoholic) [See Alcoholic Beverages]
Beverages (Nonalcoholic)—Serials
alcohol coffee & tea drinking & motives associated with stress, anxious vs positive mood, teachers & nurses, 11083
black tea vs coffee vs caffeinated vs plain water vs decaffeinated tea, cognition & psychomotor performance, adults (mean age 29.2 yrs), 681
caffeine containing energy drink, cognitive performance on simple vs go no go RT tasks, males (mean age 22.5 yrs) vs females (22 yrs), 4228
caffeine deprivation, vigilance performance & mood & caffeine-withdrawal symptoms, 22–56 yr old habitual coffee drinkers, 4191
drinking milk or water, severity of optokinetic rotation-induced symptoms of motion sickness, 18–25 yr old undergraduates, 7149
extent &/vs intensity of variety seeking, promotional response to & consumption of soft drinks, adults, 9686
habitual coffee vs tea consumption, coronary heart disease & death, aged 40–59 yrs, 35156
repeated ingestion of grapefruit juice, plasma concentrations of haloperidol & reduced haloperidol & clinical status, 37–71 yr old females with schizophrenia receiving haloperidol, 18753
Bias (Experimenter) [See Experimenter Bias]
Bias (Response) [See Response Bias]
Biased Sampling—Serials
alcohol abuse & dependence prevalence estimates in general hospital across wards & intake months & reduction of sample selection bias, 18–64 yr old inpatients, 37568
controlling for self-selection bias in evaluation of Alcoholics Anonymous as aftercare treatment, 118 male veterans discharged from inpatient alcohol treatment, 3 mo study, 9234
representation in research on neurological or neuropsychological complications of HIV/AIDS, females, 1988–97, 11834
small sample bias & range as a factor determining information of loudness judgments in identification of pure tones at a single frequency, 18–52 yr olds, 3507
strategies for reducing selection bias in focus groups, Mexican-American gang members, 6739
volunteer bias in human psychophysiological studies of sexual arousal, undergraduates, 23932
weighting & nonresponse bias in mail survey, policy & attitudes toward caravan dwellers, Dutch municipalities, 6740
Biased Sampling—Chapters
Can the clinical and empirical evidence regarding adjustment to short stature be reconciled?, 24740
Bible—Serials
Bible beliefs & higher education, attitudes toward eradicating poverty, 32 yr study, 23850
role of biblical Scriptures in determination of sexual ethnics in Christianity, 17451
Bible—Chapters
The Catholic condemnation of rational suicide, 11576
Bibliography—Serials
bibliography of rare & international articles on wife rape, 37468
Bibliotherapy—Serials
affective group bibliotherapy, aggression, male 4th graders, 38126
demographic & disorder characteristics, couples with sexual dysfunctions recruited for bibliotherapy through media ads vs presence at sexology clinic, test of help-seeking behavior model, 28261
literature & poetry & storytelling about death & dying, bereavement process & hospice care, 25269
manual-assisted cognitive-behavior therapy, changes in symptoms & suicidal behavior, 16–50 yr olds at risk of recurrent self-harm, 12078
self-help book utilization practices in counseling, practitioner members of Christian Association for Psychological Studies, 2163
self-help cognitive-behavioral bibliotherapy with vs without professional phone consultations, adults (mean age 50.8 yrs) with primary insomnia, 3 mo followup, 28330
use of children's books in bibliotherapy for understanding physical disability, 15094
Bicuculline—Serials
bicuculline & 8-OH-DPAT & carbachol, modulation of hippocampal evoked responses during paired prepulse inhibition, young vs aging vs old male rats, 4198
bicuculline-induced blockade of GABA receptors in medial ventral pallidum, feeding behavior, satiated male rats, 23357
Big Five Personality Model [See Five Factor Personality Model]
Bile—Serials
captopril, elevated ingestion of saline & plasma renin activity, male rats with ligation of common bile duct, 29678
Bilingual Education—Serials
American Sign Language proficiency & English literacy & bilingual deaf education model of instruction, deaf children, erratum, 21632
bilingual education requirements & approaches & research agenda & effectiveness, limited English proficient children & responsible educational personnel, 12626
bilingual language development, retention of proficiency in Spanish, Spanish-speaking preschool children, 1-yr follow up, experimental replication, 19270
ethnic identity & preferences & ingroup favoritism, 5–6 yr old Maori children attending state school with vs without bilingual unit, New Zealand, 6229
Spanish bilingual & English as a Second Language versions of Success for All reform program, reading achievement, elementary school children acquiring English, 38812
theoretical beliefs on literacy instruction for nonnative English speakers, student teachers of English as a Second Language, 19251
Bilingual Education—Books
Literacy development in a multilingual context: Cross-cultural perspectives, 4376
Proceedings of the National Association for Multicultural Education, 28915
Bilingual Education—Chapters
Acquiring literacy in English and Spanish in the United States, 6182
Acquisition of literacy in multilingual contexts in Danish schools, 6188
Attaining functional biliteracy in the Netherlands, 6192
Component processes in becoming English–Hebrew biliterate, 4454
The effects of bilingualism on preschoolers' private speech, 9459
Ghana: Education in a multicultural context, 2887
Literacy training for linguistic minorities in Norway, 6187
Bilingualism—Serials
age & bilingualism & attentional control & cogntive complexity, younger (mean age 4.2 yrs) vs older (mean age 5.4 yrs) children, 23680
age at arrival to US, bilingualism & English proficiency, 17–47 yr old US resident Korean immigrants who began learning English before vs after critical period of 2nd language fluency acquisition, 23693
age of acquisition of 2nd language, proficiency, late vs early acquisition Italian-English vs Spanish-Catalan bilingual adults, 817
assessment & differential diagnosis of phonological disorders & phonological structure of separate languages, bilingual 4.7–7.4 yr olds, 32639

asymmetry in & effects of item attributes on lexical processing & conceptual memory, proficient Chinese–English bilinguals, 223
attitudes toward teacher ethnicity & bilinguality & gender, 9–17 yr old multi-ethnic students in English-only or bilingual & English language development classes, 2944
bilingual anticipation, picture-word processing, English monolingual Ss vs Spanish-English bilingual Ss functioning in monolingual mode, 23079
bilingualism & health worker communication, health personnel, 22132
bilingualism, academic achievement, 1st & 2nd generation Asian American 8th graders, 19305
bilingualism, patients (mean age 73.67 yrs) with dementia , 31287
bilingual–bicultural research team including indigenous researchers as dual focus approach to creating bilingual research protocols, 9988
codeswitches involving verbs of opinion in French–English bilingual discourse, bilingual speakers, 33554
codeswitching patterns, Spanish–English bilingual 44–66 yr olds with vs without aphasia, 15028
cognate status, verbal confrontation naming performance, French and English bilingual individuals with aphasia (mean age 59 yrs), 11931
conversation vs discourse analysis of language mixing in conversation, 75–89 yr old females with Alzheimer's disease, 21555
cortical organization of language using magnetic resonance imaging, right-handed fluent bilinguals in English & Mandarin, 16905
counselor ethnicity & bilingual ability, perception of credibility, 17–52 yr old Mexican Americans, 8775
development & online processing of native vs non-native phonemic contrasts, proficient Spanish- vs Catalan-dominant Catalan-Spanish bilinguals, 36675
dichotic listening tasks, laterality & short-term memory capacity & phonemic discrimination, preschool vs school-age vs post-pubertal bilingual undergraduates, 7078
effects of Slovak–English bilingual childrearing practices, female from birth to 5.9 yrs, 23722
factors in specific ethnic & linguistic self-identification, Russian-speaking immigrant adolescents (mean age 15 yrs), Finland, 7649
framework for educational success & student interaction in transitional newcomer school vs traditional bilingual class, administrators & home school teachers & non-English-speaking Latino 4th graders, 9430
home environment factors of parents' educational & material level & language spoken, reading literacy, 14 yr olds in Swedish speaking comprehensive schools, Finland, 28958
incremental masked priming, lexical decision vs semantic categorization of non-cognate translation equivalents, highly skilled English–French bilinguals , 7299
intelligibility & foreign accent, speech–language therapy provision, bilingual clinicians, 28800
language encoding & partial activation of irrelevant lexicon & eye movements to distractor objects, bilingual speakers of English & Russian, 23152
language switching & selection & response latencies during naming task, 23–44 yr old bilingual speakers, 10122
level of bilingualness & cognateness, picture–name agreement, 19–39 yr old French/English bilingual college students, 26912
linguistic acculturation & sex, tobacco smoking, 6th & 7th grade Hispanics, 1 yr follow up, 4475
masked phonological priming approach to visual word recognition, Dutch–French bilingual speakers , 6841
object relations role of language & relation to transference & countertransference in psychotherapy, 23-yr-old bilingual male, 5493
performance on & norms for Spanish & English versions of Boston Naming Test, young Spanish-English bilingual adults (mean age 20.82 yrs) educated in US, 6555
perspectives on & factors affecting acquisition of 2nd language, children with developmental delays, 34445
preferred language used in sleeptalking episodes, balanced vs dominant 3–17 yr old bilingual Basque children, Spain, 23714
reading & writing difficulties as monolingual dyslexia & orthographic units in English language, English-Japanese bilingual 16 yr old male, 24629
retrieval in analogical transfer of problem solutions within & between languages, Spanish–English bilingual adults, 16636
same- vs different language word pairs, picture naming in Catalan vs English, 18–25 yr old bilingual college students, 36665
self-assessments vs objective measures of Spanish & English linguistic competence, bilingual Hispanic students (mean age 19.4 yrs), 10766
short-term memory performance & language-specific vocabulary knowledge, bilingual vs non-bilingual preschool & school age children, 20529
sociolinguistic similarities & differences & language variation in mono- & bilingual speech communities, 26896
speech & gesture proficiency in bilingual development, 2-yr-old males, 1.5 yr study, 10788
terminology & design & analysis problems & recommendations for understanding cognitive research on integration of language & memory in bilinguals, 10098
use of noncontingent diaphragmatic breathing in simplified regulated breathing treatment for stuttering, 28 yr old bilingual male, 5186

Bilingualism—Books

Foreign language learning: Psycholinguistic studies on training and retention, 823
The neurolinguistics of bilingualism: An introduction, 20417
Women crossing boundaries: A psychology of immigration and transformations of sexuality, 11065

Bilingualism—Chapters

Acquired aphasia in bilingual speakers, 5434
The bilingual child: Some issues and perspectives, 10806
Bilingual language development, 23748
Learning to read in Chinese, Korean, and Japanese, 4459
Literacies in the lives of young Gujarati speakers in Leicester, 4456
A model of bilingual representation and its implications for second language acquisition, 827
Reading skill development in bilingual Singaporean children, 27014
Reality monitoring, psychological tools, and cognitive flexibility in bilinguals: Theoretical synthesis and pilot experimental investigation, 6885
Stroop interference in bilinguals: The role of similarity between the two languages, 260

Binge Eating—Serials

age of onset for binge eating & purging, 13–17 yr old females, 4 yr study, 1902
amount of food required to make eating episode feel like a binge or out of control & size of typical & largest-ever servings of each type of food, obese women with vs without binge eating disorder, 21413
behavioral treatment, binge eating severity & self concept & dieting self efficacy & social support, 25–50 yr old obese females, 18 mo study, 34874
binge eating & substance use behaviors & attitudes & mental health, male vs female 10–20 yr olds, 34505
binge eating prevalence, 18–85 yr old females, 18180
binge first vs diet first course, body weight & weight anxiety & body image & age at onset & binge-purge relationship, 18–45 yr olds with bulimia, 11744
body dissatisfaction & bingeing, self esteem, fmeles with type II diabetes, 14895
body image disturbances &/or binge eating behavior before & after biliopancreatic diversion operation, obese patients with vs without binge eating disorder, 3-yr study, 9198
caloric deprivation & negative mood, caloric consumption & loss of control over eating, women with binge eating disorder, 5160
cholesterol & lipoprotein & triglyceride blood levels, females with binge eating/purging anorexia nervosa vs bulimia, 11736
clinical implications of psychosocial research on etiology & maintenance & predictors of treatment response for bulimia nervosa & binge eating disorder, 24667
cognitive behavior therapy for anorexia & bulimia nervosa & binge eating disorder, 25058
cognitive restriction & disinhibition, obese individuals with binge eating disorders & individuals with bulimia, 34493
cognitive-behavioral & interpersonal psychotherapy & pharmacological treatment for bulimia & anorexia nervosa & binge eating disorder, 24921
contribution of additive genetic & common & individual-specific environmental factors, liability to binge eating & broadly defined bulimia nervosa, 17–55 yr old female twins, 8459
development & validation of rigid & flexible subscales of Eating Inventory to examine disinhibition & body mass index & binge eating & weight reduction, 19633
development & validity of adolescent version of Questionnaire of Eating and Weight Patterns, screening for binge eating disorder, 10–18 yr olds, 32698
diagnosis & treatment of binge eating disorder, 24646
dialectical behavior therapy, emotional regulation skills, group therapy patients with binge eating disorder, 25071
disease course & dieting & weight loss, 16–58 yr old binge eating disordered vs 16–38 yr old non-purging bulimic outpatients, 11752
eating & psychiatric disorders in 1st degree relatives, 19–55 yr old obese females with binge eating disorder, 34503
eating behavior & risk for anorexia nervosa vs bulimia vs binge eating or other eating disorders, 20–60 yr old female dietitians, 18179
eating behavior, normal weight bulimic vs self-identified binge-eating vs non-eating-disordered females, test of current theoretical models, 11743
fluoxetine with naltrexone, bingeing & weight control, female 16 yr old with binge eating disorder, 21931
fluvoxamine, 16–60 yr old outpatients with diagnosis of binge-eating disorder, 8907
gender correlates of binge eating severity, obese patients enrolled in residential weight loss program, 27972
hedonics of binge eating, females with bulimia nervosa vs binge eating disorder , 27980
history & impact of dieting & dietary restraint on subsequent eating behavior, individuals with binge eating disorder, 11747
illness course, females with binge eating disorder, 6 mo study, 11735
impulsivity & dietary control & urge to binge, females (mean age 27.35 yrs) with bulimia, 34507
insulin omission in females with bulimia nervosa vs binge-eating disorder with type I diabetes, 37716
likelihood of weight loss following discharge & time to recovery & relapse & onset of binge eating, patients with typical vs atypical presentation of anorexia nervosa, 11756
meals differing in macronutrietn composition, food craving & bingeing & nutrient intake & mood, 34.9–46.3 yr old females, 21410
meditation-based group intervention, binge eating severity & sense of control & depression & anxiety, obese women with binge eating disorder, 12 wk study, 28539
methylphenidate, binge eating & purging, 2 females (ages 20 & 38 yrs old) with bulimia & cluster B personality disorder, 12238
night vs binge eating following biliopancreatic diversion, 19–61 yr old severely obese females, 3 yr study, 18168
ondansetron, dynamic association between binge eating/vomiting & pressure pain detection thresholds, 21–46 yr old females with severe bulimia nervosa, 2313
prevalence of traumatic events, Japanese females with anorexia nervosa binge eating/purging type or bulimia nervosa purging type , 34504
psychometric properties & factorial & predictive validity of Diet Readiness Test, 25–50 yr old females in obesity & binge eating treatment, 88
psychotherapeutic exercise demonstrating dieting–bingeing relationship, clients with eating disorders, 2174
risk factors for eating disorders, 16–35 yr old females with binge eating disorder with or without other eating or psychiatric disorders, commentary, 37715
risk for bulimia & measurement of progress in reduction of binge eating, 21–45 yr old overweight women who weight cycled, 27981
selective serotonin reuptake inhibitors for treating anorexia & bulimia nervosa & binge eating disorder & obesity, 2364
somatosensory pain threshold during binge eating–vomiting episode vs during normal meal vs after overnight fast, 18–40 yr old females, implications for vagal afferent activation hypothesis, 21427
utility of Function of Binge Eating Scale self-report instrument & self-monitoring forms & Antecedents Checklist, subclinical binge eaters, 26206
validity & reliability of Binge Eating Scale, female non-purge binge eating 20–64 yr olds, 19630

Binocular Vision—Serials

afferent pathway neural lesions, visual acuity & thresholds & monocular vs binocular vision, pigeons, 13544
binocular & monocular mechanisms in disconjugate adaptation of saccades, 33–40 yr olds, 13182
binocular disparity & discrimination of 2-D mirror symmetry overlaid in depth by 3-D noise plane, Os, 6792
binocular eye refixations to target-nontarget double-stimuli & saccadic & vergence target selection in 3-dimensional space, male 23–53 yr olds, 3457
binocular hyperacuity thresholds in horizontal vs vertically separated line targets, adults with vs without idiopathic congenital nystagmus, 28238
binocular occlusion & binocular camouflage & vergence-induced disparity cues & perceived depth in Wheatstone–Panum limiting case, 18–40 yr old Os, 19752
binocular suppression in area 21a cells, cats, 33230
contrast thresholds for binocular vs monocular detection of sine-wave Gabor patches in two-dimensional noise, 18–34 yr olds, 19744
cortical cell tuning for binocular disparity, perception of transparent motion, Os, 19728
cyclopean occlusion cues & quantitative stereoscopic depth for phantom surface, Os, 10029
delta-tetrahydrocannabinol, binocular depth inversion of natural & artificial objects, 20–47 yr old healthy male volunteers, 17057
development of Form-And-Color-And-Depth vision model of binocular brightness perception, 39053
disparity sensitivity functions & low vs high spatial & horizontal vs vertical disparity corrugation frequency as defined by binocular disparity, 32789

effects of overall luminance vs region size of luminance congruity in perception & binocular rivalry of orthogonal & dichoptic plaids, college students, 23018
eye vs stimulus rivalry in interpretation of binocular rivalry, adults, 16498
functional equations of internal structure of visual space in binocular space perception, 13181
integration of monocular vs binocular spatial & temporal information used for visual-motor control in 1-handed ball catching task, 24–47 yr old right handed males, 6825
interocular disparity of target & noise & masking of spatial frequency component, stereoscopically viewed phase discrimination of luminance pattern, adults , 19751
model of correlation-based ocular dominance & orientation maps in lateral geniculate nucleus, 7039
monocular gap size & disparity between left & right eye view of images & unpaired gap stereograms, binocular perceived depth, adult Os, 13196
monocular vs binocular viewing & computer aliasing, size-arrival effects, college students, 32800
neural activity & time course following binocular rivalry via ERP from rivalrous vs non-rivalrous stimulation, adults, 23387
presence of nearby occluder object, perception of distant target & visual direction, Os, 36183
presentation of different visual depth cues, effects of binocular disparity &/vs motion parallax on task performance, Os, implications for the design of telepresence systems, 35744
psychophysical measurement, fixation disparity & binocular nonius bias & binocular vs monocular nonius bias, Ss with normal visual & stereo acuity, 13204
reverse correlation examination of stereoscopic vision system & depth perception, adults, 36165
role of attention in binocular rivalry, adults, 36169
role of binocular attention in stereo capture of 3-dimensional configuration imposed on wallpaper, adults, 3489
role of disparity in perception of global motion in binocularly viewed random dot kinematograms, adults, 16487
stereopsis & relative visual direction & cyclopean rules & binocular alignment, commentary, 26336
stimulus sheet inclination & dot spacing & viewing distance in subjective staircase & number & height of apparent steps in wallpaper illusion, Os, 10049
use of binocular rivalry to investigate neural correlates of conscious perception, 25–49 yr old Ss, 26643
visual spatial integration & configuration saliency in short duration binocular rivalry, humans, 13188

Binomial Distribution—Serials

use of binomial theorem to interpret degree to which score differs significantly from chance for neuropsychiatric measures with dichotomously scored items such as Geriatric Depression Scale, patients, 29412

Bioavailability—Serials

arterial nicotine blood concentrations during cigarette smoking vs iv nicotine administration, Ss, implications for drug addiction, 36610
characterization of human brain pharmacokinetics using 2-component model for psychotropic compounds, 23585
factors affecting serum lithium concentrations & equation to predict lithium dose, 8–77 yr old psychiatric patients, 28504
sustained-release vs immediate-release methylphenidate, acute performance & self-rated behavioral & physiological effects, healthy 20–46 yr olds, 695

Biochemical Markers [See Biological Markers]

Biochemistry [See Also Neurochemistry]—Serials

24 hr water deprivation & reduced space, behavior & biochemical measurements of dehydration & feed restriction, ewes, simulation of conditions of commercial transportation, 33027
beneficial effects of S-adenosyl-L-methionine, aminolevulinic acid dehydratase & glutathione & lipid peroxidation, mice following ethanol &/or lead administration, 29998
biochemical & behavioral effects of pirlindole vs its enantiomers, male rats, 7170
brain biochemical abnormalities, 8–37 yr olds with Williams Syndrome, implications for role of cerebellum in cognitive deficits, comment & reply, 15001
bupropion slow-release response, patients (mean age 44.9 yrs) with bipolar vs atypical vs typical depression , 2321
caffeine vs theophylline vs strychnine vs denatonium, bitter taste signal transduction & rapid kinetics of guanosine cyclic monophosphate production & degradation in taste tissue, mice , 19704
drugs of abuse & transcription factor proteins & changes in cellular gene expression, 36628
effects of chronic ethanol ingestion on biochemical rhythms of glucose & cholesterol & malondialdehyde & potassium & calcium, male rats, 30044
explanatory power & therapeutic applicability of neurotransmitter & biochemical & anatomic models of antidepressant action in treatment of major depression, 28397
history of development & pharmacology of antidepressants & selectivity vs multiplicity of action with focus on mirtazapine, 31711
lateralized effects of ethanol, aggression & serotonergic systems, adult male anoles, 653
pharmacological profile of (S)-(+)-2-(3'-carboxybicyclo[1.1.1]pentyl)-glycine & other metabotropic glutamate receptor agents & electrophysiological properties of CA1 pyramidal cells, rat brain slices, 29825
postnatal coplanar congener pentachlorobiphenyl, development & hematology & serum biochemistry & spatial delayed alternation task, rats, 13804
proton magnetic resonance spectroscopy of frontal lobe biochemical alteration, 28–68 yr old bipolar patients, 24198
regulation of signal transduction pathways & gene expression by mood stabilizers & antidepressants in CNS, 36537
sensitivity of biochemical tests for diagnosis of alcoholism & alcohol withdrawal, male 20–65 alcoholics with vs without alcohol withdrawal syndrome, 30909
use of neurochemical & magnetic resonance imaging techniques for examination of biochemistry of schizophrenia, 34191

Biochemistry [See Also Neurochemistry]—Chapters

Developing a discourse community: Teaching biochemistry using the World Wide Web, 25752

Bioequivalence [See Bioavailability]

Biofeedback [See Also Biofeedback Training]—Serials

biofeedback & relaxation, submaximal oxygen consumption & running economy, trained long distance runners, 12 wk study, 32405
biofeedback-entrained cortical polarization, positive vs negative slow-wave amplitudes in direct-memory retrieval of multiplication facts, adults, 3978
EEG biofeedback, management of epilepsy, epileptics, reprint, 5545
effect of visual biofeedback on heart rate control in multi-element design, 25 yr old female, 4083
efficacy of behavioral therapy using biofeedback-assisted pelvic floor muscle training & characteristics of responders vs nonresponders, homebound 60.5–96.9 yr olds with urinary incontinence, 15369
parent-mediated behavior management strategies as adjunct to biofeedback treatment, headache frequency & adaptive behavior, 7–18 yr olds with migraines & their parents, 5541
recruitment of teacher attention in inclusive education settings, middle school students with learning disabilities, 9539
single vs multiple measures of biofeedback & perceived control & self-efficacy, basketball free throw shooting, basketball players, 6357
treatment outcome of biofeedback & autogenic training for poststroke anxiety, 58 yr old male, 28605

Biofeedback [See Also Biofeedback Training]—Books

Introduction to quantitative EEG and neurofeedback, 26687

Biofeedback [See Also Biofeedback Training]—Chapters

Biofeedback, mind-body medicine, and the higher limits of human nature., 12270
Clinical use of an alpha asymmetry neurofeedback protocol in the treatment of mood disorders, 28546
Early socio–emotional development: Contingency perception and the social-biofeedback model, 17207
EEG biofeedback: An emerging model for its global efficacy, 27953
EEG database-guided neurotherapy, 26692
Ethical, legal, and professional pitfalls associated with neurofeedback services, 28900
From EEG to neurofeedback, 26689
Medical applications of neurobiofeedback, 26691
Neurofeedback assessment and treatment for attention deficit/hyperactivity disorders, 28548
Neurofeedback in the treatment of addictive disorders, 28550
Neurotherapy in the treatment of dissociation, 28276

Biofeedback Training—Serials

biofeedback assisted relaxation training, anxiety & related resistance in therapy, severely brain injured & cognitively impaired 21 & 75 yr old males, 15398
biofeedback/relaxation &/vs exercise training, self efficacy & tender point index scores & physical activity, patients with fibromyalgia syndrome, 3 mo & 1& 2 yr followups, 5719
cognitive & autonomic nervous system engagement strategies for self-induced management of sickle cell disease pain, 28575
EEG biofeedback treatment & suppression of theta wave activity & psychotherapy, pseudoseizure disorder, patients, 8740
treatment efficacy of biofeedback-assisted behavioral training vs oxybutynin, female 55–92 yr olds with urge urinary incontinence, 8712

Biofeedback Training—Chapters

The neural underpinnings of neurofeedback training, 28545
An overview of quantitative EEG and its applications to neurofeedback, 28547
Performance enhancement training through neurofeedback, 28549
Theories of the effectiveness of alpha-theta training for multiple disorders, 28551

Biographical Data—Serials

biographical & injury & impairment & psychological variables, successful psychosocial outcomes, traumatic brain injury patients, 24852
biography of French psychologist T. Ribot, 35849
characteristics & experiences, homeless single men vs single women vs women with children, 10961
chronicle of William James's early writings & development of philosphical psychology , 35845
family & personal characteristics, aggressive vs prosocial male elementary school students, Nigeria vs data from Western studies, 897
generalizilibility & validity of biodata & components of Manager Profile Record, managers & staff professionals (mean age 41 yrs old), 35585
legend of Galileo's persecution by Roman Catholic Church as example of scientific folklore, implications for scientific ideology & culture, 22814
response latency measures for biographical inventory, increasing inventory validity, navy recruits, 22831
risk factors related to incidence of Alzheimer's disease, 65+ yr olds, comparison of cross-national data, 11913

Biographical Data—Chapters

Life experiences and performance prediction: Toward a theory of biodata, 29085
Life-course perspectives on mental health, 30592

Biographical Inventories—Chapters

Using the BASIS—A, 35978

Biography [See Also Autobiography]—Serials

biographical repertory of suicide, eminent artists, 1800s & 1900s, 18010
Irish emigrant John O'Neill's biographical approach to quality of life in 19th century , 36940

Biography [See Also Autobiography]—Books

American odyssey: Letters and journals 1940–1947, 22316

Biological Clocks (Animal) [See Animal Biological Rhythms]

Biological Family—Serials

ability of family history density of alcoholism to predict alcohol dependence, adults, 1805
adoption triad support & counseling group led by social workers, search & reunion feelings & attitudes & behaviors, adult adoptive & biological parents & adopted persons, 25461
assessment of parent-of-origin in families with panic disorder-agoraphobia, multigenerational families with multiple members with panic disorder-agoraphobia, 11455
child & family & placement characteristics, timing of reunification with biological families & reentry into foster care,foster children aged under 1 yr to 15 yrs, 25462
efficacy & cost effectiveness of reunification vs foster & kinship care vs adoption, at risk children, 36989
emotional & behavioral & social adjustments, Korean American adoptees (mean age 5.2 yrs) vs their adoptive siblings (mean age 11.3 yrs) who are biological children of adoptive parents, 10861
high vs low concern levels about relationship disruption in biological fathers living apart from their 1–42 yr old children, 23904
parental well-being & attitudes toward family life & behaviors & values & perceptions of child's behavior & adjustment, 24–66 yr old parents of 0–17 yr old adopted vs biological children, 4631
pedophilic interest & sexual preferences, biological vs other incest offenders, 21375
pre- and postmigration cognitions & feelings toward American biological fathers, distress & self-destructive behavior, 17–29 yr old European vs African Vietnamese Amerasian males vs females, 27459
reunion with biological parents, as-if personality, adopted woman in psychoanalysis, 8849

Biological Markers—Serials

association of apolipoprotein E genotype with dementia through atherosclerosis, patients with dementia (mean age 82.4 yrs), 37910
alcohol abuse, serum & sialic acid levels in urine & saliva as biological markers, social drinkers vs alcoholics, 27875
alcohol drinking patterns & serum carbohydrate-deficient transferrin & gamma-glutamyl transferase levels, male vs female adults evaluated 1 yr after alcoholism treatment, 1756
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, 21071

alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, commentary, 21076
analyzation of ethyl linoleate in meconium as biomarker for prenatal ethanol exposure, mothers & their infants, 14725
apoloprotein E alleles & olfactory status as a marker for cognitive decline, Japanese-Americans aged 65 and older, 2 yr follow up study, 36887
association between job characteristics of demand–control & plasma fibrinogen concentrations, employed 45–70 yr olds without history of myocardial infarction, 25950
association between serotonin transporter gene polymorphism & anxiety-related traits, healthy adults, 11468
association of cognitive decline & other structural & functional biological markers with chronological aging & adult height, elderly Ss (mean age 67.5 yrs), 20213
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), 11358
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), commentary, 34128
availability & practical considerations & clinical usefulness of biological indicators of illicit drug use, 37583
biochemical link to & influence of major negative vs positive life changes on serum cholesterol & cardiovascular mortality, 50–60 yr old males, 1-yr followup, 23460
biological bases for generalizability of schizophrenia, adults with mild learning disability &/vs schizophrenia, 4941
biological markers of major depression, males vs females with major depression, United Arab Emirates, 1500
brain glycine concentrations, hyperglycinic rats, animal model for pathogenesis of schizophrenia, 26652
captopril, elevated ingestion of saline & plasma renin activity, male rats with ligation of common bile duct, 29678
catecholamine depletion & nocturnal 6-hydroxymelatonin sulfate as marker of tyrosine hydroxylase inhibitor alpha-methyl-para-tyrosine in noradrenergic activity, healthy 19–38 yr olds , 13770
childhood antecedents & biological markers of schizophrenia within neurodevelopmental framework, 21161
chromosomal disorders & genetic markers for autism, 1850
clinical characteristics & prevalence & biologic features & response to treatments, patients with bipolar disorder, 37310
clinical features & autopsy examination, male with linear naevus sebaceus syndrome (aged 32 yrs at time of death), 5248
concentration of urinary norepinephrine & its major metabolites, patients with unipolar vs bipolar depression vs norma volunteers, 34104
CSF beta-amyloid levels as biochemical diagnostic marker, patients with Alzheimer's disease, 20-mo followup, 31176
CSF levels of amyloid protein & tau as markers for Alzheimer's disease diagnosis & relation to apolipoprotein E genotype, patients with probable Alzheimer's with or without dementia, 5341
D2 dopamine receptor density in schizophrenia, test of biological hypothesis, 4972
diagnostic value of sialic acids as potential biological markers of alcohol abuse, 27–70 yr old social drinkers & alcoholics, 27880
dopamine D-2 receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenic patients vs German & British data, Canada & US, 17923
early history of developmental skill & learning disorders as marker of cerebral status, adult patients with arteriovenous malformations, 11914
efficacy of carbohydrate-deficient transferrin as marker of alcohol consumption vs chronic alcohol misuse, surgical inpatients, 8367
ERP abnormalities as neurophysiological marker of vulnerability to psychotic relapse, patients with remitted schizophrenia under maintenance pharmacotherapy, 2-yr study, 11429
ethyl glucuronide as marker of alcohol consumption & relapse marker with clinical & forensic implications, 26–57 yr old acute alcohol withdrawal vs detoxified vs neuro-rehabilitation patients, 11649
etiological evidence via CT & MRI of subcortical hematoma in right occipital lobe, 62 yr old male with amnestic syndrome, 18397
etiology & diagnosis & assessment & associated psychopathology & model & treatment & biological & psychosocial correlates of gender identity disorder in children & adolescents, commentary reply, 24126
etiology & diagnosis & assessment & associated psychopathology & model & treatment & biological & psychosocial correlates of gender identity disorder in children & adolescents, commentary, 24149
exposure to information on biological component of male homosexuality & memory & religiosity, attitude change, male vs female college students who had vs had not declared a college major, 19334
exposure to injury released chemicals from conspecific vs heterospecific crustacea, antipredator behavior & increased survival, Gammarus minus, 23478
eye tracking dysfunction as a marker of genetic liability to schizophrenia, families with multiple occurrence of schizophrenia vs nonpsychotics, 14560
frequencies of HLA-A & triplet repeat CTGB33 alleles, 70 yr old & older Ss with high vs low IQ, 13499
genetic marker loci in histocompatibility complex of loci region on chromosome 6p, 2.9–40.9 yr old sibling pairs in families with autistic child, 27936
genetic role of serotonergic system in antisocial subtype of alcoholism, 18051
genetic transmission of serotonin transporter linked promoter region alleles, 7–16 yr olds with bipolar disorder, 21080
hematological variables & subchronic antidepressant treatment, adults (mean age 54 yrs) with major depression, 11382
incidence of Fuld WAIS-R profile for cholinergic deficiency, 16–49 yr olds with traumatic brain injury vs 42–80 yr olds with Parkinson's disease, dementia diagnosis & treatment implications, erratum, 2067
leftward vs rightward smooth pursuit eye movement deficiencies & overall tracking performance & scores on schizotypy scale, male vs female 17–47 yr olds, 30725
levels of transforming growth factor alpha in CSF, 15–82 yr old patients with various neurological symptoms, implications for pathophysiology of neurological diseases & brain development, 21611
linkage analysis & transmission disequilibrium test for D22S278 marker on chromosome 22q for susceptibility to schizophrenia, families multiply affected with schizophrenia, 4957
linkage between markers on chromosome 13q141.1-q32, South African Bantu-speaking families multiply affected with schizophrenia, 1613
lymphocyte DNA levels of 8-hydroxy-2'-deoxyguanosine as marker of oxidative stress, patients with Alzheimer's disease, 8647
lymphocyte subsets & lymphocyte proliferative response & soluble interleukin-2 receptors as indicators of cell mediated immunity, female with restrictive vs binging-purging types of anorexia nervosa, 14876
markers of bone resorption & disorder-related osteopenia, female patients with anorexia nervosa (mean age 22.5 yrs), 24658
mitochondrial DNA polymorphism & high intelligence & mitochondrial lineage in Europe & US, 7018
morphologic abnormalities as indicators of nonoptimal fetal development, 11–18 yr olds with schizotypal personality disorder, 24300
morphology of CalbindinD28K immunoreactive cells & processes in hippocampal formation & prefrontal cortex, postmortem 43–68 yr olds with schizophrenia, 24263
nailfold plexus visibility & neuropsychological functioning & clinical symptoms & brain structure, schizophrenic- vs depressed patients, 27661
neuroticism & polymorphism in 2 regions of human serotonin transporter gene, 55–74 yr olds, 23284
path analysis on familial transmission of P300 amplitude, individuals from families at high & low risk for developing alcoholism, 11618
plasma tryptophan & other amino acids & cortisol & vitamin B12 & urinary pterins as biological markers, pregnant vs early postnatal adult females with vs without postpartum depression , 27571
platelet adenylyl cyclase activity, 8–18 yr old non-alcohol-drinking children of alcoholics, implications for possible trait marker for predisposition to alcoholism vs state marker for alcoholism, 21338
platelet intracellular calcium response to glutamate, schizophrenic patients, 17896
platelet levels of monoamine oxidase B, male Hispanic smokers vs non-smokers with schizophrenia, 14581
postinjury attention & memory dysfunction & cholinergic mechanisms & sensory gating & EEG auditory evoked responses as physiologic marker, 34–45 yr olds with traumatic brain injury, 14994
presence of 5-HT polymorphia as marker of alcohol dependence, adults, 14737
prevalence of alcohol consumption as determined by biochemical marker, male vs female adult teetotalers , 7770
PROP taste sensitivity & parental history of alcohol dependence, 25–59 yr olds with alcohol dependence, 1786
psychological & biological markers of overtrainining, athletes, 12911
psychological symptoms & clinical immune marker measures & immune system functioning, young adults with major depression assessed during acute phase & following 6 wks of nortiptyline therapy, 14500
rate of change of serial gamma-glutamyl transferase, alcohol-dependent 26–63 yr olds during abstinence while in alcohol treatment program, implications for use as biological marker, 8353
rates & demographic & psychosocial & biological factors associated with development of substance use disorders, adolescents with unipolar major depression, 7-yr followup, 34126
regular transcendental meditation practice, hypothalamo-hypophyseal-adrenal axis diurnal rhythms for ACTH & cortisol & beta-endorphin, 19–40 yr olds, 4045
sensitivity & specificity & stability of CSF-tau, geriatric patients with probable or possible Alzheimer's disease or depression, 37218
serotonin-2A receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenia patients (mean age 43.7 yrs), 17917
serum carbohydrate-deficient transferrin as marker for antemortem alcohol use & abuse, post-mortem medical examiner cases, 8362
serum zinc concentration, adults (mean age 42.2 yrs) with unipolar depression & in 3 rat models of depression, 17880
somatic markers & anxiety & risk aversion during gambling task, Caucasian vs African American psychopathic incarcerated males, 27818
specificity of developmental precursors of schizophrenia vs affective disorders from epidemiological studies of birth cohorts, 24171
stability of prepulse inhibition & habituation & other startle response measures as neurobiological markers for illnesses, 20–46 yr old males, 10380
standard vs enriched activity housing condition, neuronal markers & neocortical graft-host interface, hypertensive rats with cortical infarct cavity, 16959
status of research on alcoholism trait markers & their clinical utility, 37560
structural & functional & clinical significance & MRI of planum temporale in normal vs schizophrenic vs dyslexic brains, 14414
structural brain abnormalities as marker for genetic liability for schizophrenia, schizophrenic patients (mean age 37.5 yrs) & unaffected first-degree relatives, 4959
tau protein levels in CSF as possible biological marker, patients with Alzheimer's disease vs other forms of dementia, followup studies, 8680
tryptophan & 5-HT & tyrosine & noradrenaline & platelet 5-HT transporter & alpha2-adrenoceptors, patients with PTSD with vs without major depression, 8068
tryptophan depletion & cerebral serotonin levels, intensity dependency of auditory evoked potentials, 24–32 yr olds, 36549
use of cerebral MRI in detection of possible child abuse, 1–8 mo olds with unexplained neurological findings, 17982
use of clinical criteria & biological markers & functional imaging in early diagnosis of Parkinson's disease vs Lewy body disease, 5315
visual P3 component as potential marker of vulnerability to alcoholism, 7–18 yr old children of alcoholics, 27887
volumes of total & core amygdala nuclei, 23–86 yr old females with depression, 4923

Biological Markers—Chapters

Risk factors and biological consequences, 11952

Biological Psychiatry—Serials

efficiency & safety of viral gene delivery systems & its application in treatment of neurogenerative disorders, 10384
view of ADHD as adaptive response to early pathogenic environments, commentary, 1851

Biological Psychiatry—Books

Madness on the couch: Blaming the victim in the heyday of psychoanalysis, 5527

Biological Psychiatry—Chapters

Biological approaches to psychiatric disorders, 17851

Biological Rhythms [See Also Animal Biological Rhythms, Human Biological Rhythms, Sleep Wake Cycle]—Serials

biological rhythms in efficacy of psychotropic drugs, 36595

Biological Symbiosis—Serials

ability of kairomones to induce arrestment & antennal examination, female aphid hyperparasitoid, 3705
advantages of flocking with parids in mixed-species foraging groups, satellite species of birds, 3695
background variables & personal worry & use of cryptosporidium media & risk perception, adult residents who suffered through nationally publicized illness brought by cryptosporidium, 5213
body size ratios & expected success rate of attempted kleptoparasitism on larger albatrosses & giant-petrels, young Brown Skuas, 20031
brood parasitism & nestling vocalizations & risk of nest predation, Indigo Buntings & Brown headed Cowbirds, 19978
calling activity of bushcricket & temporal pattern to host searching of ormiine fly, 3678

choice of attractive vs unattractive male mate, parasitized female guppies, 20004
choice of host cacti within & between populations of Drosophila mojavensis, 397
coevolution with hosts, common cuckoo nestling gape color preference, host parents of reed warblers & robins & dunnocks, 33135
communal gall induction & kin discrimination, individual and group fitness, Tamalia coweni aphid, 3735
discrimination & parasitism of conspecific-parasitized hosts, female wasps , 23241
egg-laying behavior while parasitizing brown-and-yellow marshbirds, shiny cowbirds, 36351
exploitation of fruit fly host's chemical communication, parasitoid female wasps , 16816
function of vocal & visual components of begging signals in reed warbler parent-offspring communication & exploitation of signals by common cuckoo nestlings, 13457
genetic diversity in polyandry, colony fitness & parasite loads, bumble-bees, 10300
gregarious development & siblicide evolved through reduction in larval aggression, species of larvae of parasitoid wasps, 26513
host plants & low vs high local density, warning coloration, grasshopper nymphs, implications for biology of desert locusts , 10363
host size, offspring sex ratio & fitness, Florida strain of parasitoid wasps, 36353
host-searching & oviposition on aspen vs balsam poplar foliage & parasitism rates of caterpillars, tachinid parasitoid, 3736
intraspecific nest parasitism in egg adoption, common eiders, 3 yr study, 26527
kairomone & prior experience with hosts, recognition & acceptance of scale covers differing in age & size, mated female wasps, 3737
mate & odor preference for males infected or uninfected with nematode, prairie vs meadow voles, 20000
model of evolution of host resistance to avian brood parasites & retaliation against rejecter hosts, cuckoos & magpies, 36361
parasitism & basking behavior & survival & behavioral fever, moth caterpillars, 381
postalightment oviposition behavior on host plant species, female monarch butterflies, 3709
pretrial oviposition experience in presence of sex pheromone of blackheaded fireworm, searching & residence times on individual cranberry leaves treated with pheromone, Trichogramma sibericum, 388
role of associative learning in olfactory host searching, female parasitic insects, 344
Biology [See Also Neurobiology, Sociobiology]—Serials
relationship between classroom practice & conceptions of biology & teaching science, prospective elementary science teachers, 22450
animal behavior & conservation biology, 336
application of prisoner's dilemma strategy of game theory in evolution of competitive interactions at high & low multiplicities of infection to host cells, RNA viruses, 16888
appraisal of H. J. Eysenck's biological & descriptive theory from perspective of construct validity, 7972
areas in which biology contributes to psychoanalysis, 18644
bioethics alternative to genetic & biological perspectives on homosexuality & researcher responsibilities, 17521
biological & genetic & familial risk factors associated with susceptibility to PTSD, 11483
biological basis of female sexuality & sexual dysfunction, 5212
biological process oriented physiological phenomenological characterization of consciousness & information processing, 313
biological processes in pathophysiology of anorexia nervosa & bulimia nervosa, treatment implications, 24656
development & factor structure & validity criteria analysis of Biology Self-Efficacy Scale, assessment of college biology self-efficacy, 17–40 yr old nonbiology-majors enrolled in biology course, 22913
differences between heritability & biological explanation in human behavior, 446
facets that may be perceived as stressful, fisheries graduate students, 35528
folk biology vs scientific biology & convergences & divergences & folk-biological cognitive taxonomies of American students vs Maya Indians, comments & reply included , 3257
H. J. Eysenck's vs J. A. Gray's theories of biological bases of personality traits & brain functioning in individual differences, 14357
learning processes & control of variables to enhance learning in computer-based biology environment, college biology students, 35485
opiate-like peptides & treatments & cellular interactions & red cell lipid analyses in neurobiology of autistic spectrum disorder, 37633
psychological & biological & social & physical environmental variables, physical activity, male vs female 4th–12th graders, implications for health promotion & behavior change, 23665
relationship between classroom practice & conceptions of biology & teaching science, prospective secondary science teachers, 22443
role of biologically implausible computational analyses in cognitive neuroscience research, 29782
role of childhood sexual abuse & biological & psychosocial mechanisms & early stressors & hypothalamic pituitary adrenal axis function in development of adult-onset depression, females, 24229
sex, performance on categories of biological labeling errors, Caribbean 11th grade students, implications for science teachers, 32301
stress & emotional & other psychosocial & biobehavioral contributions to health & illness & relation to health behavior & psychology, 15378
typology of biological affects based on developmental-interactionist theory of motivation & emotion & cognition, 20049
urban birth & upbringing & residence & other social factors vs biological factors as risk factors for psychosis, 2nd generation Caribbeans living in Britain, 30722

integration of coping & control perceptions & developmental factors in biopsychosocial conceptualization of pain & pain management in medical & dental settings, children, 8991
levels of metaframeworks in theory of constraint in biopsychosocial system of couples therapy, clients , 28345
pre–perinatal disturbances & disadvantaged familial environment at age 7 yrs, violent vs nonviolent criminal offending, high risk inner city 7–22 yr olds, implications for biosocial hypothesis, 18112
psychoanalytic model of integrative approach for serious mental disorders & biopsychosocial therapeutic techniques, 18654
relationship between demographics & health & self-esteem & intimacy & sexual knowledge & attitudes & activities, 50–89 yr old females, 1004
risk factors for & clinical model of suicidal behavior, 14–72 yr old psychiatric patients, 11332
Roy Adaption Model-based theory of health-related quality of life, 60+ yr old newly diagnosed cancer patients, 25314
understanding menopause through biological & cultural & social aspects emerging in clinical treatment, 37976
Biopsychosocial Approach—Books
Beyond the disease model of mental disorders, 17843
Handbook of pain syndromes: Biopsychosocial perspectives, 8523
Human development across the lifespan (4th ed.), 26955

Trauma and fulfillment therapy: A wholist framework, 8748
Vulnerability to psychopathology: A biosocial model, 11345
Biopsychosocial Approach—Chapters
Anxiety disorders, 11487
A biopsychosocial approach to counselling in primary care, 35204
A biopsychosocial approach to treatment of schizophrenia in late life, 31478
Changing people from tender-minded to tough-minded: A PATHWAY for dealing with chronic pain, 5485
Chronic pain and consciousness: A constructivist perspective, 14932
Chronic pain: A biobehavioral perspective, 14959
Crisis intervention in office practice, 12299
Functional gastrointestinal pain syndromes, 8527
Health care for adolescent girls, 22156
Integrative developmental neuropsychology: A general systems and social-ecological approach to the neuropsychology of children with neurogenetic disorders, 31358
Interventions with parents and children, 2236
On the affective nature of human nature: A neurobiologist's reflections, 35843
Schizophrenia, 4973
Sickle cell disease, 8547
The variability of depression in old age: Narrative as an integrative construct, 1561
Biopsychosocial Model [See Biopsychosocial Approach]
Biosynthesis—Serials
immobilization stress, transcription of enzymes involved in norepinephrine biosynthesis in locus coeruleus, rats, 17010
Bipolar Affective Disorder [See Manic Depression]
Bipolar Mood Disorder [See Manic Depression]
Biracial Children [See Interracial Offspring]
Birds [See Also Blackbirds, Canaries, Chickens, Penguins, Pigeons, Quails, Robins]—Serials
active & passive dispersal vs active & passive home-range gap-crossing, birds, 33114
agonistic behavior & feather pecking, single- vs mixed-sexed groups, laying hens, 10338
application of statistical comparative methods, assessment of sex differences in song-control system, male vs female songbirds, 36062
background vegetation, cryptic prey detection, blue jays, 383
benefits & liabilities of pet bird ownership & implications for human–pet bonds, 18–84 yr old bird owners, 4782
bill & hindlimb morphology & foraging behavior, shorebirds, 33096
changes in time interval, dynamics of behavioral transitions, European starlings, 16771
competitive weight vs rank, truncated vs semitruncated vs mixed predicted distributions across food patches in relation to foraging success according to ideal free models, great tits, 13456
conspecific attraction & habitat characteristics & prey abundance, nest-site location, female chickadees, 33144
corticotropin-releasing factor & arginine vasotocin, territorial behavior, wild male sparrows, 7249
environmental & genetic factors, timing & duration of post-juvenal molt, European vs African vs hybrid Stonechats, 33116
environmental enrichment & intermittent lighting, pecking behavior & welfare, domestic turkeys, 10356
extrapair paternity vs mate fecundity, sexual selection of white forehead & wing patch size, male collared flycatchers, 13503
feeding contributions at assisted vs unassisted nests, nestling feeding rates & breeding success, cooperatively breeding Western American Crows, 33100
food supplementation & incubation period & laying sequence, intraclutch egg size variation, Eurasian Kestrels, 33093
formation of dominance hierarchies in aviary groups, male juvenile great tits characterized as fast vs slow explorers, 13484
geographic patterns of song variation at syllable level, House Finches, 33155
hand- vs hen-rearing in captivity, timing of behavioral development & survival after release into wild, houbara bustards, 415
infanticide as cause of mortality & function as reproductive strategy, Guira Cuckoos, 33131
interference competition, foraging behavior & intake rate, oystercatchers searing for cockles by touch, 3742
intrayear & interyear & age- & site-related variations in body mass & hatching date & production of offspring & nonrandom mating, Cooper's Hawks, 1980–1997, 33146
maintenance of mixed evolutionarily stable alternative reproductive strategies, male ruffs, 3784
male-biased mortality from longline fishery for Patagonian toothfish, seabirds, 33036
methods for classifying song notes into types & describing harmonic structure of song notes & determining order of notes in song motifs, discrimination of zebra finches' notes, human Os, 20035
nest activity & aggression & vocalizations after introduction at zoo & reproductive compatibility & success, Micronesian kingfisher pairs, 6980
nest defense, testosterone treated male dark-eyed juncos vs their mates, 3689
nestling mouth color as signal of need & relation to chick detection, 31 species of birds, 3718
parallels & similar neural pathways, acquisition of song in birds & learning of speech in humans, 20091
paternity assurance vs immediate maternal benefits vs female mate guarding of males vs mate assessment hypotheses for copulatory behavior & paternity, American kestrels, 3778
patterns of nest attendance during egg laying, female ring-necked pheasants, 26521
quantity & distribution of food, flocking behavior & foraging strategies, alpine choughs, 13443
season & parental age & population level of breeding synchrony & breeding density, extrapair fertilizations, black-throated blue warblers, 33104
seasonal variation in field metabolic rate, White-crowned Sparrows, 33331
sex & brood size & nestling age, feces consumption, common swifts , 3693
sex bias in parental investment for male vs female vs mixed sex broods, male vs female great tits, 3725
shoreline oil, foraging sites & behavior & hydrocarbon uptake & breeding success & mass gain, oystercatchers, 33092
sibling rivalry & feeding space, Arabian Babblers, 33139
song variants during breeding season, yellowhammer Emberiza citrinella males, 1977–1996, 16809
stimulus & response learning by observation during 2-object 2-action paradigm, juvenile European starlings, 26477
territory defense function of song, song sparrows, 3743
tree hardness, nest-tree selection, Williamson's vs Red-naped Sapsucker vs Downy vs Hairy Woodpecker, 33148
variability of reward, risk-sensitive foraging preferences, male wild rufous hummingbirds, 26505
Birth [See Also Premature Birth]—Serials
absolute & proportional gestational weight gain & prepregnancy body mass index as predictors of primary cesarean delivery, adult females, 2584
amphetamine-induced activity levels, rats born vaginally vs by cesarean section from isoflurane anesthetized dams with vs without added anoxia vs decapitated dams, 760
birth-month & familial risk factors, eye-tracking dysfunction, schizophrenia patients (mean age 32.3 yrs), 21141
childbirth & job demands, cognitive functioning & job anxiety, 21–43 yr old working mothers with 1 child aged 24 mo or younger, 25916
circaseptennian pattern of birth-year distribution, 19 founders of statistical sciences , 4010
conceptual dimensions of worry in relation to women's childbearing adaptation, implications for health promotion strategies, 23900
development of intrapartum intervention score, perceptions of interventions experienced during childbirth, mothers, implications for understanding psychological effects of childbirth interventions, 16368
divorce & marriage & birth rates, prediction of suicide rates, 1950–1990, Canada, 30822
emotional well-being during pregnancy vs after childbirth, adolescent vs adult women, longitudinal study, 934
experience of giving birth & maternity care, Vietnamese & Turkish & Filipino immigrant females aged 14–41 yrs, 22024
experience of partners' presence at birth, new mothers, 1113
exposure to pregnancy or labor or delivery complications & schizophrenia, 30709
facial movements & crying & pain inducing routine hospital procedures, normal delivery vs caesarian birth & male vs female neonates, 23687
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 30758
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 30732
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 11400
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary reply, 30738
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, 11431
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 30753
gestational maturity & perinatal hypoxic risk, intellectual outcomes, 4.0–6.9 yr olds, 33632
issues in use of valproic acid, female psychiatric patients of childbearing age, 2344
length of parturition & endogenous opioids, posture & responsiveness to piglets, sows, 16818
no exercise vs low vs heavy exercise during pregnancy, timeliness of delivery, adult females, 2506
parental notice & consent laws, abortion & birth rates, 15–17 vs 18–19 yr olds, 35111
parturition & maternal behavior during & after birth of pups, female rabbits vs rats, 23242
perceptions & experiences of & communication with caregivers during pregnancy & birth & hospital stay, 20–51+ yr old Hmong females, Australia, 35056
plasma & CSF concentrations of nociceptin, pregnant 25–39 yr olds presenting for elective Caesarean section vs established in labour, 595
season of birth effects, patients with unipolar or bipolar affective disorder, Ireland, 8093
sexuality & sexual problems after childbirth, new mothers, 23922
vestibular system role in lateral bias in head turning & Moro response, 37–40 week olds delivered vaginally vs by Caesarean section, 7429
Birth Control [See Also Contraceptive Devices]—Serials
abstinence & condom effectiveness & user failure rates & sexuality education curricula, adolescents, 19246
age at first receiving contraceptive information, risk-related sexual behaviors, 18–23 yr old never-married females, 25335
contraception use & surveys of use & limitations of existing research, 15–25 yr olds, UK , 23926
Contraceptive Self-Efficacy Scale scores & contraceptive behavior correlates, female high school & college students, 7525
contraceptive use & expected levels of emotional & social & sexual intimacy, 18–23 yr old heterosexual dating couples, 17520
development of scale measuring attitudes toward purchasing nonprescription contraceptives, 32729
differential association theory & socioeconomic & family factors, sexual abstinence & birth control use, rural 13–17 yr olds from impoverished families, 30217
ethical issues in contraception & sterilization, individuals with mental illness, 1466
ethnic differences in marriage & breast-feeding & contraception & fertility, Hausa vs Yoruba vs Ibo females, Nigeria, 10983
experiences with contraceptive methods & preferences for effectiveness & secrecy & return to fertility & side effects, women of reproductive age, Cambodia, 35104
factors leading to or barring dual contraceptive use to prevent pregnancy & HIV infection, adult African American males vs females, 37026
genital tract infections & contraceptive choices, 14–44 yr old females with positive vs negative Papanicolaou smear results, 15449
impact of gender & schooling & culture on birth control & population knowledge & attitudes, secondary school students, Colombia vs Costa Rica & Peru, 974
Matching Law, prediction of sexual activity & contraceptive use, 14–19 yr old females, 904
pseudocyesis & Depo-Provera contraception injections, female Hispanic 17-yr-old, 37749
role of communication & information & knowledge in use of contraception, 16–24 yr old females, 38465
sexual activity & pregnancy & abortion & contraception & venereal diseases, Latino vs African American magazines, 36686
socioeconomic characteristics & demographic & motivational attributes & use of preventive health services & prior contraceptive use, contraceptive discontinuation, adults, 6 developing countries, 33830
sources & knowledge & practice of contraception, pregnant 13–19 yr olds seeking abortion, commentary, implications of pilot study of knowledge of chlamydia in 15–24 yr old females, 17526
transtheoretical model variables related to contraceptive & condom use, 15–44 yr old females with or at risk for HIV in community & facility based settings, 5797
understandings & preferences of contraception uptake during postpartum amenorrhea, female urban slum dwellers who adopted contraception prior vs after resumption of menses, Bangladesh, 1189
Birth Control [See Also Contraceptive Devices]—Books
From abortion to contraception: A resource to public policies and reproductive behavior in Central and Eastern Europe from 1917 to the present, 33843
Birth Control Attitudes [See Family Planning Attitudes]

Birth Injuries—Serials
prenatal & perinatal complications, development of schizophrenia & bipolar disorder, 37260
Birth Order—Serials
birth order & family environment, Anglo- vs Greek- vs Italian- Australian 11 yr olds & their parents, 27178
birth order & family relations & sentiment & self identity & reliance on parents vs siblings, 17–35 yr old 1st- vs middle- vs lastborn college students, 1128
birth order & marketing-related measures of aggression, 19–53 yr olds, 17656
birth order, social attitudes, adults, 17433
birth order, traits within five-factor model of personality, 55–96 yr olds , 7906
family social status & birth order & sibsize & perceptions of family cultural & social capital, 14 yr olds, Hong Kong, 4484
hatching asynchrony, sibling aggression & mortality, black kite nestlings, 10364
male vs female parental food allocation in asynchronously hatching broods, crimson rosellas, 16830
maternal & paternal & familial characteristics & knowledge of 1st- &/vs 2nd-born children's daily experiences, families, 14146
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 14712
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary reply, 14693
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary, 14670
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 14711
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, 1718
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary, 14687
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 1742
mothers' child directed speech & child's language development, 18–29 mo old first- vs later-born children from high- vs mid-SES families, 7403
relationship of infant & child mortality & birth interval & order & maternal age & breast feeding, 15–49 yr old Malawi mothers, 13896
sex & own & parents' birth order, frequency of contact with maternal vs paternal grandparents & aunts & uncles, college students, 27183
size rank order of siblings, adult breeding success, little egret nestlings, 23264
Birth Parents [See Biological Family]
Birth Rate—Serials
relationship of infant & child mortality & birth interval & order & maternal age & breast feeding, 15–49 yr old Malawi mothers, 13896
seasonal birth patterns, 17–21 vs 22–39 yr old male vs female alcoholics in Army treatment program, 21323
Birth Trauma—Serials
potential perinatal risk factors for anorexia nervosa, females born between 1973–1984 & diagnosed with anorexia nervosa between age 10–21, 27970
Birth Trauma—Chapters
Autism and trauma: Autistic Post-Traumatic Developmental Disorder, 37665
Birth Weight—Serials
alcohol use during pregnancy, growth & gestational age of offspring at birth, teenage mothers & infants, 4 yr study, 30877
analysis of factors influencing birth weight & neonatal growth rate, cheetah cubs, implications for neonatal survival, 23419
arousal in en-face exchange, 4 mo olds with very low birth weight & higher vs lower perinatal biological risk, 7503
developmental vs traditional handling, motor development & behavioral organization, very low birth weight infants (aged 28–36 wks), 37955
developmentally sensitive behavior interventions & sucrose, pain relief, very low birth weight neonates, 12344
executive function abilities, children with extremely low birthweight, implications for school learning, 25772
factors influencing potential for abusive parenting, 18–39 rural mothers of low-birth-weight children, 18012
family adjustment & partner support & infant's impact on family & levels of depression during hospitalization & homecoming & 6 wks after homecoming, mothers of low vs very low birth weight infants, 30679
head circumference & low head-circumference growth velocity in 1st year, learning & cognition & ADHD at school age, extremely-low-birthweight infants tested through age 6, 31077
Infant Health & Development Program, early educational intervention on cognitive & social-emotional development, low birth weight premature infants & their mothers, 2863
low birth weight & premature birth with vs without early intervention, reading comprehension & mathematics skills, lower socioeconomic status children (mean age 9 yrs), 9551
maternal stress & low baby birth weight, inner city mothers, 1956
neurophysiological measures of reading ability & ERPs during lexical decision & semantic classification tasks, very-low-birthweight 8–10 yr olds, 10781
parental characteristics, low birth weight or preterm birth, babies born to 15–34 yr old mothers, Taiwan, 4482
parental stress & maternal social support, mothers of 7-yr-olds born at very low birthweight, 4632
passive smoking during pregnancy, risk of small-for-gestational-age infants, 15–44 yr old females & their newborns, 1199
prenatal psychological stress, birth weight & neurobehavioral maturation, infant rhesus monkeys, 16947
prenatal tobacco smoking, intrauterine growth retardation, mothers & infants living in Republic of Benin, 31049
psychological distress & parenting stress, mothers of high vs low risk very low birth weight infants, 1 & 8 mo & 1 & 2 & 3 yr followups, 11046
psychosocial risk factors & birth outcomes, 13–42 yr old pregnant African Americans, implications for case management, 1393
relationship of parental occupation & area socioeconomic deprivation status & single mother vs joint registration status & low birth weight, birth records, 1986–1992, 24716
role of personal resources & prenatal psychosocial stress & sociocultural factors on length of gestation at birth & infant birth weight, Hispanic vs White pregnant females, 23908
skin-to-skin holding, ratio of rest to activity, low birth weight infants, 30120
socioeconomic status, birth weight, mothers & their infants, 33735
very low birth weight with bronchopulmonary dysplasia in infancy, cognitive performance at school age, 8–10 yr olds, 11795
Bisexuality—Serials
cognitive-environmental model on understanding unprotected sexual behaviors, gay vs lesbian vs bisexual 14–21 yr olds, 17527
contextualized understanding of bisexuality & clinical intervention, 11072
epigenesis of sexual orientation, adult bisexual males who experienced intense romantic homosexual affair in their youth & subsequently decided to lead heterosexual lives, 30355
identification & magnitude of spontaneous otoacoustic emissions, male vs female heterosexuals vs homosexuals vs bisexuals, 16544
impact of pet ownership on depression & role of social support, gay & bisexual males with vs without HIV, 18316
interpersonal trust & reasons for disclosure vs nondisclosure of sexual orientation to mothers, 18–47 yr old gay & bisexual males, 33833
masculine vs feminine vs androgynous body image & social group affiliation, 18–55 yr old lesbian & bisexual females, 11073
model & typology of & sociocultural influences on bisexuality, bisexual males, 4681
patterns of psychotherapy use, 19–81 yr old lesbians & gay men & bisexuals , 18528
perceived social support, gay & lesbian & bisexual 14–22 yr olds, 17525
perspectives on issues for gay & lesbian & bisexual children, early child development professionals, 13998
psychosocial & other factors influencing decisions to report sexuality-related violence to police, lesbians & gay & bisexual adults, 21257
psychotherapy, father–daughter relationship & bisexuality issues, 28 yr old female with history of suicide attempt & anorexia & family dysfunction, 8755
risk factors for breast cancer & screening adherence, lesbian & bisexual females 40 yrs old & older, 1992
sexual risk acts & attitudes toward HIV prevention, homosexual & bisexual & heterosexual 13–21 yr olds, 25367
suggestions for understanding diversity & promoting tolerance toward lesbian & gay & bisexual students in secondary schools, 25844
Bisexuality—Books
Sexual pathways: Adapting to dual sexual attraction, 17531
Treating lesbians and bisexual women: Challenges and strategies for health professionals, 11994
Bisexuality—Chapters
An animal model for a physiological interpretation of human bisexuality, 37029
Democratizing Internet access in the lesbian, gay, and bisexual communities, 4688
Same-sex romantic attachment, 20474
Sex, dating, passionate friendships, and romance: Intimate peer relations among lesbian, gay, and bisexual adolescents, 36846
Bitterness [See Taste Perception]
Blackbirds—Serials
phylogeny of lineages for study of behavioral & morphological & ecological evolution, blackbirds, 33167
Blacks—Serials
6 mo methadone maintenance response & outcome, African American & Hispanic adults, 19072
academic achievement & underachievement, Black male high school students, 6203
achievement motivation & conceptualizations of education & opportunity & future, Black 11th grade students, South Africa, 32277
adolescent background & self concept & adult achievement, personal sense of mastery, 27–31 yr old African American males followed from ages 14–18 yrs , 17359
African-centered group intervention to help African American men cope with stress of societal racism & oppression, 18595
African-centered worldview as new paradigm for social work theory & practice with Black families & children, 22171
Afrocentric world view & adjustment to college, 18–28 yr old African American students attending predominantly White university, 2947
Afrocentric-feminist therapeutic approach, African American female clients, 34816
AIDS sexual risk behaviors & AIDS-related worry, 22–40+ yr old African American females, 34581
ambivalence about pregnancy prevention, 14–17 yr old African American females, 10838
analysis of historical dialectical processes in media & societal decision making structures of social change, radical African American social activists, 36684
analysis of impact of unemployment on depression & factors associated with well being, 17–65 yr old Blacks vs Whites,, 24219
application of sociocultural theories of spouse abuse to African Americans, 24382
attitudes of role models, urban intercity Afro-American 1st–8th graders, 17331
attitudes toward homosexuality & people with AIDS & stigmatization, AIDS prevention efforts, African Americans, 18303
attitudes toward Whites & socioeconomic inequities before vs after political transition, Black South Africans, 7709
barriers to & multi-step family recruitment process & strategies for participation in qualitative research on caregiving, rural African American caregivers , 19681
behavior change as basis of model culturally congruent intervention for drug use involving dyadic counseling & motivational interviewing, African American drug users, 27859
belief in US government conspiracies against Blacks, Black vs White college students, 27319
belief that HIV was developed by federal government to exterminate blacks, 18–79 yr old Blacks, 24747
beliefs & values about health & illness, African American females, implications for public policy initiatives on cancer prevention & control & clinical trials participation, 2502
biopsychosocial model for perceived racism as a stressor, African Americans, 33742
Black churches as therapeutic groups & sources of psychological support, African Americans, implications for counselors, 38022
brief anti-smoking counseling by physicians, smoking cessation, African-American adults (mean age 43 yrs), 3 & 12 mo follow-ups, 2680
casework practice & participation of African-American fathers in services in behalf of neglected & abused & dependent children, caseworkers , 38533
causal analysis of drug trafficking &/vs use, urban African-American 9–15 yr olds, 2 yr study, 943
central adiposity & cardiovascular reactivity & mental-stress induced BP & heart rate & body composition & metabolic syndrome & health practices, 52–79 yr old African Americans, 17015
childhood psychological traits & conditions, eminent African American females, 33965
church culture as strategy of action, African American neighborhood, 7637
clinical issues in the behavioral treatment of obsessive–compulsive disorder, Black females, 4997

clinical outcomes & patterns of course of 1st-episode psychoses & diagnostic stability, 1st & 2nd generation African-Caribbeans vs other patients, 3 yr followup, UK, 27673
colonizing images & diagnostic labels, racist mechanisms of oppression in health arena toward African American females, 15393
commitment & constraints to intimacy at midlife, 35–52 yr old African American couples in committed relationships, 7666
commonality & difference in disabled people's movement in ethnicity & gender sexuality & age & class & simultaneous oppression, Black females & disabled Black people, 24108
communication strategies of community-based AIDS prevention service organizations for African American men who have sex with men, 25451
comparison of Kaufman Brief Intelligence Test & Wechsler Intelligence Scale for Children-Third Edition, 6–16 yr old disadvantaged African Americans, 35899
construct validity of Internalizing Symptom Scales for Children, male vs female emotionally disturbed & regular 10–13 yr old African American students, 16351
content & event analyses of cultural & social knowledge in stories & narratives, low-income urban African American preschoolers, implications for literacy bridges between home & school cultures, 22508
coping & perceptions of social functioning, Black vs White 27–91 yr old females with early stage breast cancer, implications for social work, 28095
correlates of grade retention, African American males aged 13–17 yrs, 12709
correlates of grade retention, African American males aged 13–17 yrs, erratum, 32296
correlates of physical activity, 14–18 yr old African-American vs Caucasian females, 12350
cultural consonance in lifestyle vs conventional SES measures, risk of coronary heart disease, 25–65 yr old African Americans, 8582
cultural or ethnic or racial differences in perfectionism, 17–32 yr old White vs African American college students, 19332
cultural subjectivities & interpretation of Spike Lee film, Black vs White & Hispanic college students, 4388
culturally relevant reading material, reading comprehension & recall, African American 1st–4th graders, 2902
culturally specific & sensitive paradigms for assessment & diagnosis & treatment of & sexual addiction as adaptive response to PTSD, African Americans & posttraumatic stress disorder, 17944
demographic correlates of subjective religiosity, African Americans, 36928
demographics, understanding of term elder abuse, 40–93 yr old Blacks, 37472
development of Adolescent Survey of Black Life, measurement of racial & ethnic identity & correlation with psychosocial variables, 11–16 yr old African Americans, 16326
developmental issues & choices & self-concept, Black gay male 25–31 yr olds, 7748
dissociation, Black vs White males in treatment for substance abuse, 8046
drinking patterns and rates of alcohol-related problems, adult black primary care patients, 14214
dropping out of high school & completing graduate equivalency certificate & other aspects of educational attainment, risk for iv drug usage, African American adults, 24532
effect of race & disability & gender in sexual abuse on lived realities, Black children with learning disabilities, 24387
effectiveness of radio & TV campaign to increase smoking cessation information calls, African Americans, 829
employer attitudes toward & stereotypes of Black female personnel, White management personnel, 19404
environmental attitudes & behaviors, African vs Euro-Americans, 16231
ethnographic approach to perceptions of female–male relationships, 25–32 yr old Black female regulars at local gangsta rap club, 37064
ethnographic determinants of early introduction of non-milk foods & intergenerational factors in infant feeding decision-making, 13–20 yr old Black low income mothers & grandmothers of infants, 36974
evaluation of cultural consistency of substance abuse prevention program, inner-city African American families, 15610
expansion of storefront church ministry as ethnic niche in urban North communities during Great Migration from South, African Americans, 1099
experience of caring for family member with AD, African American caregivers (aged 20–80+ yrs), 35251
experience of loss & other life situations & events, onset & maintenance of drug use, inner-city African American women, 34374
facilitators & barriers to daily exercise activities, 35–50 yr old Black females, 18880
factor structure & internal consistency of Everyday Problem Solving Test & relation of problem solving & demographics & physical function & fluid ability, African American elderly (mean age 67.8 yrs), 29339
factors leading to or barring dual contraceptive use to prevent pregnancy & HIV infection, adult African American males vs females, 37026
familial transmission of ADHD, African American 1st degree relatives of 6–17 yr olds, 11700
family & school behaviors & presence of conduct disorder, 13–17 yr old Black males with vs without biological father absence, implications for prevention & school counseling, 37503
family environment & teacher perceptions of social skills & student characteristics, academic achievement, African American 4th–6th graders, 6217
family structure & functioning, Black men vs women aged 65–96 yrs, 30317
family structure & process & father involvement, psychosocial outcomes, African American 14–17 yr old adolescents, 962
fathers & role models & SES & social support & career intervention programs, career development, 25–57 yr old Black males, 10972
fathers' parenting attitudes & behavior, social & cognitive development, African American 1–3 yr olds, 7326
first-contact incidence rate of schizophrenia, 18–54 yr old African-Caribbeans, Barbados, 12 mo study, comparison with data from African-Caribbeans in Trinidad & London & Whites in London, England , 27691
framework for maximizing response rates in interview survey research with poor African-American families , 9991
fundamental dimensions of family structure, economically disadvantaged African Americans, 20721
gender & body image & depressive symptoms, low-income African American (mean age 12.5 yrs), 33973
gender & body image, Black vs White 18–30 yr olds, 11235
gender & family ideologies & race/ethnicity, involvement in child rearing, African American vs Hispanic vs White fathers of 5–18 yr olds, 33791
gendered strategies, college aspirations & academic success, low-income Black high school students, 35509
geographical place as ritual scapegoat for flooding problems & as symbolic African American as outsider, 4745

auditory evoked potentials, congenitally blind vs sighted children (mean age 14.1 yrs), 5447
auditory vs tactile study, performance, blind vs sighted college students, 15999
autism-like syndromes, congenitally blind 3.8–8.9 yr olds , 15059
bimanual & left hand unimanual exploration abilities, congenital vs late blind vs sighted adults, 31369
blindsight as distinct neuropsychological phenomenon, persons with damage to primary visual cortex, 31258
blindsight in philosophical/theoretical debates regarding raw constituents of consciousness, 31245
brain processes responsible for organization of conscious experience in relation to blindsight & neglect, 31304
categories of unconscious visually guided behavior in blindsight, persons with lesions of the visual cortex, 31278
compensatory enhancements in mechanisms of auditory spatial attention in peripheral vs central auditory space, blind adults, 28235
comprehensive approach to solving communication problems during science & mathematics education, blind students & their sighted instructions, 19351
cultural values & transition & cross cultural differences, 4 yr old Ethiopian blind male & his family, Israel, 24887
extended training in sonar & sounding environment, spatial updating ability, 21–66 yr olds with congenital blindness, 31360
gesture & speech production & informational content in spatial description tasks, congenitally blind vs sighted 9–18 yr olds, 24881
guidance system for exploring tactile graphics, blind individuals, 18460
haptic perception, perceived distance walked, blindfolded 19–40 yr olds , 21633
inclusion of women in employment program for legally blind & barriers to recruitment, 15683
job skills & training needs & opportunities for upward mobility, counselors & facility managers at Randolph-Sheppard Vending facilities for employment for blind, 28791
lexical-semantic processing, blind or low vision vs sighted 10–13 yr olds, 31361
memorization conditions, haptic processing of vertical vs horizontal vs oblique orientations, blindfolded sighted college students, 32779
neuropsychological impairments associated with resolution of cortical blindness following cyclosporine neurtoxicity, 6 yr old male, 15008
orientation & pattern familiarity, Braille recognition, congenitally vs late blind vs sighted 18–48 yr olds, 31363
pattern electrical stimulation of human retina & retina implant, visual sensation & perception, blind individuals with end-stage retinitis pigmentosa or age-related macular degeneration, 25309
patterns of hysterical hemianopia, inpatients, 1938
perceptions of access to employment, blind or visually impaired vs unimpaired individuals, 8699
psychological autopsy assessment of effects of blindness & fear of sight loss on suicide rates, 19–89 yr old suicide victims, implications for crisis intervention, 27768
recognition of tactile pictures, blind 8–13 yr olds vs sighted & blindfolded children receiving guided exploration, 2111
restricted running wheel access, entrainment of circadian system/body temperature & activity, same-strain adult male anophthalmic vs sighted mice, 29935
signal detection theory & lateral-line excitation patterns & prey capture behavior, mottled sculpin, 33106
sleep & activity rhythms, circadian phase, blind 19–72 yr olds, 34705
social support from friends & family, self esteem, blind & visually impaired 13–16 yr olds, 15060
sound & posture cues, veering from straight ahead while walking toward target in unfamiliar space without orienting cues, blind 5–11 yr olds, 34707
supernormal hearing in blind individuals, 15064
ultrasonic echolocation device as prosthesis, occipital cortex glucose metabolism during spatial localization task, adults with early-onset blindness, 25550
use of cardboard & modeling clay to teach statistics to blind college student, 22553

Blind [See Also Deaf Blind]—Chapters

Helen Keller: An extraordinary life, 15068

Blink Reflex [See Eyeblink Reflex]

Blood [See Also Blood Plasma]—Serials

2nd-donation request letters with vs without incentives vs appeals to commitment & altruism & volunteerism, number of subsequent donations, 18–77 yr old 1st-time blood donors, 7857
blood phobic vs stress test situation, diphasic pattern of heart rate & BP response, 21–44 yr old blood phobics, 1639
catastrophe model for exposure to blood & bodily fluids & other occupational accidents, health care workers, 35379
detection of fluoxetine in brain & blood & liver & hair using gas chromatography-mass spectrometry, male rats, 13493
hematological variables & subchronic antidepressant treatment, adults (mean age 54 yrs) with major depression, 11382
image-elicited fear vs disgust vs anger, fear vs faintness in response to blood-injury phobic stimuli, 17–26 yr olds, 14308
imagery with phobic stimulus, renewal of blood-injury fear, college students (mean age 24.2 yrs), 34222
nature of symptoms elicited by & treatments for blood-injection-injury phobia, 8194
oral glucose, blood sampling pain from venipuncture vs heel stick, newborns, 33319
physiological stress during phytohemagglutinin injection assay test, nestling house martins, 26716
remote-controlled device for long-term blood collection in freely moving socially housed animals, male baboons, 36072
risperidone, prolactin levels, 23–49 yr old premenopausal women with mental disorders, 18666
stress associated with capture & living in captivity, hematological & immunological & hormonal response, female rhesus monkeys, 2 yr study, 26511
vitamin B3 & corrective diet & hypoglycemia, 24900
whole blood serotonin & plasma beta-endorphin, 3–23 yr old autistic patients & their mothers & fathers & siblings, 14827

Blood [See Also Blood Plasma]—Chapters

Intervening in blood supply and use systems: HIV testing, 31853

Blood Alcohol Concentration—Serials

alcohol consumed prior to murder-suicide vs suicide, 5007
alcohol drinking patterns & flying while intoxicated, professional vs private aircraft pilots, 11545
alcohol ingestion & blood alcohol concentration, residual impairment of RT & sustained attention in repeated performance, healthy 18–43 yr old males, 10625
binge treatment with ethanol vapor, hippocampal & cerebellar ornithine decarboxylase activity & blood alcohol level & alcohol induced microencephaly, early postnatal rats, 649
blood alcohol concentration & age & sex & weekday & time of day when apprehended, 28–68 yr old drunk drivers with unusually high blood alcohol concentrations, 21316
blood alcohol level & cognitive status, 15–81 yr olds with recent traumatic brain injury, 5312
blood alcohol level, perceptual discrimination of low vs high spatial frequencies in left vs right visual field, males (mean age 25.5 yrs), 766
blood ethanol levels, formation of cyclic adenosine monophosphate & lymphocyte adenylyl cyclase activities, male alcohol dependent 26–55 yr olds in detoxification, 3 day study, 14749
blood-alcohol concentration, motor vehicle crash risk, patients with leisure & home injuries vs traffic injuries, Greece, 1801
cumulative effects of alcohol dosing on laboratory aggression, men vs women (mean age 30.3 yrs), 20801
detection of alcohol & estimation of blood alcohol concentration from breath odor, police officers evaluating Ss with varying blood alcohol concentrations, implications for evaluation of drunk drivers, 16283
development of standardized boat sobriety test, 19–53 yr old recreational boaters, 12982
ethanol-beverage consumption, individual differences in stimulant-like vs sedative-like effects during ascending vs descending limbs of blood alcohol curve, 21–35 yr olds, 7148
evaluation of effectiveness of low blood alcohol concentration laws, alcohol-related motor vehicle crashes & injuries & fatalities, younger drivers, 14764
gender specific ethanol dosing protocols, peak breath alcohol concentrations, male vs female 21–30 yr olds, 26775
headspace gas chromatography vs breath & saliva & urine tests, venous blood alcohol concentrations, chronic alcoholics, 37549
intensity of behavioral impairment under alcohol & expectancies about impairment & rates of rise in blood alcohol concentration, male 29–24 yr old social drinkers, 1201

salty food & breath alcohol concentration & divided attention on task performance, 21–50 yr old female moderate drinkers, 27262
sensitivity & specificity of breathalysers for assessing blood alcohol concentrations, 16–62 yr olds presenting at emergency departments within 10 hrs of injury, Kenya, 23560
Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias, Malaria, Porphyria, Rh Incompatibility, Sickle Cell Disease]—Serials
16 antipsychotics in common use & incidence of haemopoietic disorders, 2347
clozapine, neutropenia & circadian rhythm of white blood cells, 3- yr-old male with paranoid schizophrenia, 28391
effect of long-term treatment with low to intermediate recombinant human interferon alpha on neurological & neuropsychological functioning, 46–85 yr olds with myeloproliferative disorders, 12 mo study, 31800
neuroleptic drugs, thrombocytopenia, 38-yr-old male with bipolar affective disorder & 22-yr-old male with dysmorphophobia syndrome, implications for importance of routine blood screening, 31710
neuropsychologic functions, adult patients with chronic obstructive pulmonary disease & mild hypoxemia vs mild Alzheimer's disease, 31060
olanzapine-induced reversible neutropenia, 81 & 44 yr old patients with chronic schizophrenia, 35025
olanzapine-induced thrombocytopenia & idiopathic thrombocytopenic purpura, 30 yr old female with paranoid schizophrenia, 2274
paroxetine, neutropenia, 38-yr-old female with 6-mo history of low mood, 31679
safe clozapine treatment of HIV-associated psychosis combined with stavudine & lamivudine, 34 yr old man who developed neutropenia with zidovudine & lamivudine, 5617
venesection & normalization of hematocrit, polycynaemia rubra vera, male with acute episode of schizophrenia-like psychosis, 30740
Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias, Malaria, Porphyria, Rh Incompatibility, Sickle Cell Disease]—Chapters
Life-threatening blood disorders: Case of Daniel, age 11, and his mother, 34911
Blood Brain Barrier—Serials
competitive NMDA receptor antagonists & brain access, prepulse inhibition & locomotor activity, male rats, 17024
expression of adhesion molecule receptors on T helper & T suppressor/cytotoxic lymphocytes & relationship to blood–brain barrier & effects of antipsychotic treatment, 18–55 yr old schizophrenics, 17916
insulin, anticonvulsant activity & brain concentration of carbamazepine, male mice with seizures induced by maximal electroshock, 13688
oral clozapine, distribution of clozapine & desmethylclozapine between blood & brain, male rats, 17120
passage through blood-brain barrier & occupancy of striatal D2-like dopamine receptors of panamesine EMD 59983 metabolite EMD 57445, patients (aged 30–55 yrs) with schizophrenia, 38251
social isolation, sucrose solution consumption & metabolism & passage through blood brain barrier of morphine & place preference conditioning, male mice, 26754
Blood Cells [See Also Erythrocytes, Leucocytes]—Serials
acute vs chronic social confrontation with resident male, blood cellular immunity, loser intruder male rats, 4073
alcohol, E-rosette formation by T lymphocytes, Ss with alcohol dependence (mean age 35 yrs), 24542
beta-endorphin concentrations in peripheral blood mononuclear cells, patients with chronic fatigue syndrome vs depression, 37237
dipeptidyl peptidase & adenosine deaminase enzymes, serum activity immunological system changes, 20–49 yr old patients with depression , 36414
high-dose long-term naltrexone, beta-endorphin in peripheral blood mononuclear cells & clinical symptom severity, 3–11 yr olds with autism, 9 mo study, 28408
lithium, vitamin B12 & folate & red blood cell folate concentrations, 22–70 yr olds with affective disorders, 15286
serum levels of circulating endothelial adhesion molecules, adult male chronic alcoholics, 37579
Blood Circulation—Serials
association of impaired uteroplacental circulation & neuromotor development, neonates with intrauterine growth restriction, 4–12 mo follow up, 18258
tribulin activity of urine & hemodynamic condition & psychological features of personality, adults, 4082
Blood Coagulation—Serials
conscious vs unconscious olfactory stimulation, blood coagulation as measure of emotional response, 18–24 yr old males, 36506
Blood Disorders [See Blood and Lymphatic Disorders]
Blood Donation [See Tissue Donation]
Blood Flow [See Also Cerebral Blood Flow]—Serials
decreased blood flow in temporal lobes & musical obsessions, 29 & 59 yr old females with obsessive-compulsive disorder, 30793
provocation, facial flushing & cardiovascular reactivity, women who scored high vs low on trait anger, 20196
Blood Glucose [See Blood Sugar]
Blood Groups—Serials
blood group prevalence among completed vs attempted suicides, Hungary, 1991, 18022
Blood Plasma [See Also Blood Serum]—Serials
alcohol withdrawal, blood glucose & serum insulin & C-peptide & plasma, 34–52 yr old male alcoholics, 14748
alteration of plasma & erythrocytes & trace lithium levels, patients with mood disorders , 27588
antidepressant treatment, plasma concentrations of GABAergic neuroactive steroids & its precursors during depression vs after recovery, 34–66 yr old patients with major depression, 12244
APOE genotype & plasma lipids & lipoproteins, White & Black & Hispanic 65+ yr olds with vs without Alzheimer's disease, 31313
association between job characteristics of demand–control & plasma fibrinogen concentrations, employed 45–70 yr olds without history of myocardial infarction, 25950
ciprofloxacin & olanzapine, plasma concentration of olanzapine, 54-yr-old female with major depressive disorder with psychotic features, 21922
clomipramine, desmethylclomipramine plasma levels & clinical outcome, 23–55 yr old patients with panic disorder with/without agoraphobia, 18712
combat-related PTSD, platelet-poor plasma norepinephrine & serotonin & urinary excretion of norepinephrine & dopamine & HVA, 23.7–40.5 yr olds, 17952
continuous vs episodic administration & plasma high concentration vs repetitive increases of somatotropin-releasing hormone, sleep, 22–36 yr old normal men, 10611
corticotropin releasing hormone & neuropeptide Y plasma levels as indicators of stress system alterations, mood disorder patients with recent suicide attempt (mean age 37 yrs), 17019
dose & age & body weight, plasma levels of clozapine & its metabolites, male vs female inpatients with schizophrenia, 12198
dose & time dependent effects of ethanol ingestion on antioxidant system & lipid peroxidation in plasma, rats, 13812
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, comment, 35027
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, comment, 18668
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, commentary reply, 18723
haloperidol, plasma prolactin levels & clinical response, acutely exacerbated schizophrenic & schizoaffective patients (mean age 36 yrs), 2294
hypothalamic pituitary adrenal axis hormones, plasma homovanillic acid levels, healthy 22–54 yr olds, 13798
iron status & depression, premenopausal 20–45 yr old females, 24200
itraconazole, steady-state plasma concentration of bromperidol & its metabolites, schizophrenic female inpatients, 34973
panamesine, plasma cytokine & soluble cytokine receptor levels & blood cell counts in 18–44 yr old patients with schizophrenia & sleep changes in healthy 22–29 yr old males, 12169
plasma & CSF concentrations of nociceptin, pregnant 25–39 yr olds presenting for elective Caesarean section vs established in labour, 595
plasma & CSF leptin & neuropeptide Y & peptide YY, women recovered from anorexia nervosa or bulimia nervosa, 27974
plasma concentration of TNF-alpha, dementia, 100 yr olds & older, 34612
plasma endothelin-1 peptide levels, cardiovascular risk, adults with major depression & hypercortisolemia, 37320
plasma glutathione peroxidase in antioxidant defense system & symptom severity, 25–49 yr old males with schizophrenia, 21167
plasma leptin levels, female patients with anorexia nervosa of restricting vs purging subtypes, 27979
plasma levels of S-100b protein, 19–58 yr old patients with schizophrenia, 21166
plasma lipoprotein-free amyloidogenic peptides, patients (mean age 76.6 yrs) with Alzheimer's disease vs 3–41 yr olds with Down's syndrome, 20992
plasma peripheral neuropeptide Y immunoreactivity, panic disorder duration, patients with panic disorder, 37399
prolonged stress-induced elevation in plasma corticosterone, pregnant rats, implications for prenatal stress studies, 4076
restraint stress, free amino acid pattern of plasma & various organs, male rats deprived of food for 24 hrs, 4029
seasons of year, plasma prolactin response to serotonergic agent d-fenfluramine, healthy 20–50 yr old males & females , 10499
Blood Platelets—Serials
aging, rotenone sensitivity in NADH Coenzyme Q reductase/Complex 1 & mitochondrial membranes from human platelets, 4 vs 24 mo old male rats & 19–30 vs 66–107 yr old females, 7152
agonist displacement of [3-H]ketanserin binding to platelet 5-HT receptors, healthy adults, implications for psychiatric disorders & their psychotropic treatment, 675
basal & thapsigargin-stimulated intracellular calcium in platelets & lymphocytes, patients with bipolar affective disorder, 27595
dopamine uptake by platelet storage granules, first-degree relatives of patients with Tourette's syndrome, 8663
kava-kava extract & pure kava pyrones vs imipramine vs amitriptyline vs brofaromine, inhibition of MAO-B activity in blood platelets, adults, 4282
membrane associated protein kinase C activity & translocation in platelets in response to serotonin & thrombin & PMA, Ss with manic phase bipolar disorder vs major depression vs schizophrenia, 17784
neuroleptic drugs, thrombocytopenia, 38-yr-old male with bipolar affective disorder & 22-yr-old male with dysmorphophobia syndrome, implications for importance of routine blood screening, 31710
number & affinity of platelet serotonergic binding sites in acute alcohol intoxication vs at day-1 withdrawal vs 2-wk abstinence, alcohol-dependent adult male patients admitted for detoxification, 37546
platelet & erythrocyte membrane fluidity, 39–63 yr old alcohol dependent patients assessed at start vs completion of alcohol withdrawal, 27884
platelet intracellular calcium response to glutamate, schizophrenic patients, 17896
platelet serotonin transporter, adults in early romantic phase of love relationship vs obsessive-compulsive disorder patients, 23466
regular monthly alcohol & marijuana use, dense granule secretion & aggregation phases of agonist-induced platelet responses, male adolescents with vs without conduct disorder, 34293
signal transduction abnormalities of phosphatidylinositol pathway platelets & effects of lithium treatment on platelet membrane phospholipids, euthymic bipolar disorder patients, 14506
test & retest reproducibility of platelet membrane phospholipid measures, healthy 21–45 yr olds studied on 2 different occasions 3 wks apart, 23432
tricyclic antidepressants & fluoxetine, platelet alpha-2 adrenoceptor binding characteristics & treatment outcomes, medicated vs unmedicated patients with major depression, 12208
Blood Pressure [See Also Diastolic Pressure, Systolic Pressure]—Serials
ambulatory BP & heart rate on work vs nonwork days during luteal vs follicular phase of menstrual cycle, 25–50 yr old female registered nurses, 22307
anxiety as a predictor of blood pressure changes induced by painful stimuli during sphygmomanometry, 38370
anxiety-related behaviors & BP, crossbred Lewis vs spontaneously hypertensive rats, 442
blood presssure, level of change in cognitive functioning, 65–102 yr olds, 9 yr study, 10919
blood pressure in relation to performance on Wechsler Adult Intelligence Scale, 40–70 yr olds, 19-yr study, 836
BP & cardiovascular reactivity to video game & resting BP 3–4 yrs later, 11–14 yr olds, American & Western Samoa, 3–4 yr followup, 13897
BP & HR responses during naturally occurring interpersonal interactions involving verbal communication, traffic enforcement agents, implications for reactivity hypothesis of cardiovascular disease, 10506
cardiac autonomic control & pathogenic BP variability & psychological & behavioral risk factors in psychophysiologic model of coronary artery disease & acute coronary syndromes, 11861
cognitive-behavioral hostility-reduction intervention, hostility & resting BP, adult male coronary heart disease patients, 2 mo followup, 24764
decongestant pseudoephedrine hydrocholoride, cardiovascular reactivity & blood pressure during rest & exercise & recovery, healthy males, 7251
defensiveness & hostility & BP-assessed cardiovascular reactivity to stress, 18–45 yr old males, 27384
depressive vs anxiety symptoms & elevated BP, 59–71 yr olds, 11296

effects of parental history of hypertension & urbanization on resting blood pressure levels & blood pressure responses to mental stress, 20–30 yr old medical students , 14990
electro-acupuncture & running, blood pressure & heart rate & nociceptive thresholds, rats, 7008
fluoxetine, BP, 18–70 yr olds with major depression, 12139
heart rate & blood pressure variability at rest & anxiety, hyper vs normotensive adults, 8590
hostile attributes, ambulatory BP & heart rate & mood, 30–45 yr olds, 7153
hostile attributes, ambulatory BP & heart rate & mood, 30–45 yr olds, correction, 17009
job strain, ambulatory blood pressure, working males, 3 yr followup, 9612
large family responsibilities & high vs low job strain & level of ambulatory BP, 24–62 yr old women employed full time in white-collar jobs, 16097
length of exposure & digit-scan & cold-pressor, intertask consistency of BP responses, 18–22 yr old males, 23430
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26725
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, 26712
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26709
locus coeruleus activity altering drugs vs stress vs blood pressure changes, noradrenaline release in locus coeruleus, conscious rats, 23275
low blood pressure & incidence of dementia, 75–96 yr olds, 3-yr prospective study, 24808
mood & emotions, ambulatory BP, normotensive or borderline hypertensive male 18–25 yr olds, 20238
mood symptoms & daytime ambulatory BP, 20–79 yr old Black female elder caregivers vs noncaregivers, 22219
number of self measured blood pressure readings, estimation of 'true' blood pressure, hypertensive patients, 14898
optimism & pessimism & trait anxiety–neuroticism, ambulatory blood pressure & mood, 30–45 yr olds, 11229
optimism & pessimism & trait anxiety–neuroticism, ambulatory blood pressure & mood, 30–45 yr olds, erratum, 27393
pain sensitivity & relationship to arterial BP, women (mean age 25.3 yrs) with bulimia nervosa, 8460
patterns of elevated BP behavior & clinical correlates & medications taken & diagnosis & management of hypertension, nursing home residents (mean age 84 yrs), 14980
physical symptoms & mood, perceived vs actual BP, male 35–78 yr olds with mild hypertension, 21517
prior chronic cold induced stress, mean arterial blood pressure & heart rate & behavioral responses to restraint & formalin, male rats, 4023
psychological stress & endogenous estrogen, plasma homocysteine & heart rate & blood pressure, 40–63 yr olds, implications for role of stress in cardiovascular disease, 29970
pulse rate & BP & cardiovascular reactivity in natural school setting, 7–10 yr olds, 26932
race & stress & social integration & parental status & social support & hostility, nighttime BP dipping, Black vs White 23–48 yr olds, 23462
relation between chronic & acute blood pressure elevation & social support satisfaction, 25–45 yr olds with normal blood pressure vs borderline hypertension , 14982
relationship between blood pressure & chronic pain, chronic low back pain patients, 14893
relationship between state vs trait measures of anger expression & ambulatory blood pressure, college students, 29964
relationship of BP & health behaviors & religiosity, 35–80 yr old females, 5792
reliability & stability of home vs work self-measured vs clinic measured true BP pre- & poststress management intervention, 26–69 yr old males with hypertension, 2 mo study, 18329
short vs long term angiotensin, copulatory behavior & fluid intake & BP, sexually experienced male rats, 3869
studies of BP & BP reactivity & role of psychological traits in etiology of & treatment for hypertension published in Psychosomatic Medicine, 1939–1997, literature review, 8496
transcendental meditation, vasoconstriction functioning & blood pressure, 39-55 yr olds, 31767
tyrosine, cognitive task performance & mood & BP & MHPG, 18–27 yr old cadets in demanding military combat training course , 17031
vascular endothelial function & mental-stress-induced hemodynamic responses, 25–44 yr olds, 20248
visual & tactile contact with boa constrictor, heart rate or systolic or diastolic BP, 18–35 yr olds, 20221

Blood Pressure Disorders [See Also Hypertension, Hypotension, Syncope]—Serials
prevalence of neurovascular instability, patients with Alzheimer's disease & dementia with Lewy bodies, comment, 37852
prevalence of neurovascular instability, patients with Alzheimer's disease & dementia with Lewy bodies, 8602

Blood Serum—Serials
age & alcohol consumption & abstinence duration, serum carbohydrate-deficient transferrin & gamma-glutamyltransferase & mean corpuscular volume, male alcohol-dependent patients (mean age 41.6 yrs), 37574
alcohol withdrawal, blood glucose & serum insulin & C-peptide & plasma, 34–52 yr old male alcoholics, 14748
biochemical link to & influence of major negative vs positive life changes on serum cholesterol & cardiovascular mortality, 50–60 yr old males, 1-yr followup, 23460
changes in levels of antibodies &/or appearance of antigen-specific immunoglobulin M antibody to 5 herpesviruses & 6 other viruses in serum, 19–37 yr olds with schizophrenia , 34153
clinical effects & serum concentrations of fluvoxamine, patients with major depression, 5635
CSF & serum nerve growth factor & brain-derived & glial cell line derived neurotrophic factor, 1.8–17.4 yr olds with Rett syndrome, 4856
dipeptidyl peptidase & adenosine deaminase enzymes, serum activity immunological system changes, 20–49 yr old patients with depression , 36414
dose–response relationship between drinking & serum tests, 40–59 yr old drinking males, Japan, 14220
nocturnal profiles of serum leptin levels, 23–71 yr olds with depression, 8088
oral clozapine, distribution of clozapine & desmethylclozapine between blood & brain, male rats, 17120
salivary gland enlargement & serum amylase, 18–45 yr old females with bulima nervosa, 21421
serum anticholinergic activity changes with acute illness, nursing home patients with vs without delirium (mean age 88 yrs), 11787
serum carbohydrate-deficient transferrin as marker for antemortem alcohol use & abuse, post-mortem medical examiner cases, 8362
serum iron levels as risk factor for developing neuroleptic malignant syndrome, psychotic patients with vs without catatonia, 14411
serum level of interleukin-2 soluable receptor alpha & interleukin-6 & interleukin-1 receptor antagonist before vs after neuroleptic administration, schizophrenic patients (mean age 34.4 yrs), 24238
serum levels of circulating endothelial adhesion molecules, adult male chronic alcoholics, 37579
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, commentary, 14619
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, 14630
smoking & serum alpha fetoprotein levels, fetal development, pregnant women, 23654
therapeutic drug blood serum monitoring of mood stabilizers, Medicaid patients with bipolar disorders, 27611
therapeutic window of serum haloperidol levels, 19–59 yr old acutely psychotic schizophrenic vs schizoaffective patients, 5677
urine vs serum based measurement of cortisol levels, community dwelling 43–93 yr olds, implications for assessment of stress, 20239
valproate vs lithium & associated serum levels, mania vs mixed mania, hospitalized 55 yr olds & older, 18667

Blood Sugar—Serials
alcohol withdrawal, blood glucose & serum insulin & C-peptide & plasma, 34–52 yr old male alcoholics, 14748
glycemic control & major depression, type 1 vs type 2 diabetes mellitus patients, 21454
injections vs continuous infusion of selective melanocortin receptor antagonist, food intake & body weight & composition & blood glucose levels, adult male rats, 23522
integrated assessment & psychotherapy for management of disease & improved glucose control & integration of psychology into primary care, adults with diabetes, 12308
level of blood glucose, performance of nonmemory tasks, female college students, 32904
pharmacist-run group study circles, hemoglobin A1c levels, patients with type 2 diabetes, 31772
rate of decline & level of blood glucose & relationship to aggressiveness, female undergraduates, implications for hypoglycemia, 13659
relationship between blood glucose levels & performance in activities of daily living, 21 yr old male with acquired brain injury & Type I diabetes mellitus in behavioral rehabilitation, 31064

Blood Volume—Serials
hypoxic hypoxia & hypercapnia, regional parenchymal cerebral blood volume & cerebral blood flow & mean transit time, newborn piglets, 10392
topography & atrophy of corpus callosum & frontal & temporal & parietal lobe volume & severity of dementia, patients with Alzheimer's disease, 31298
validity of visual rating of medial temporal lobe atrophy on coronal magnetic resonance imaging scans, 30–83 yr old patients with dementia, 31336
volumes of total & core amygdala nuclei, 23–86 yr old females with depression, 4923

Blue Collar Workers [See Also Skilled Industrial Workers]—Serials
alignment with workplace safety principles, senior managers vs frontline workers in nickel mining company, 35685
chronic burnout & somatic arousal & salivary cortisol levels, 20–64 yr old blue-collar workers, 29118
concepts & measurement of workers' safety behavior, manufacturing plant employees, 6348
health concerns & barriers to & facilitators of health behavior change, blue-collar females, implications for developing health promotion interventions, 2542
multilevel model of early retirement decisions, male 50+ yr old autoworkers in plants with different futures, 16108
psychophysiological factors in worker efficiency, female conveyer plant employees, 22596
quantity & quality of sleep & health & well-being & family & social life, morning vs evening typed industrial shift workers, males (mean age=35 yrs), 19434
time-worked vs performance-contingent pay systems & work monotony, emotional distress, blue-collar workers, 35611
worksite health promotion intervention, tobacco smoking & cessation, male vs female blue collar workers, 2.5 yr follow up, 5791

Boarding Schools—Serials
types of available services & factors influencing access to mental health care, directors of mental health services at independent secondary schools, 12760

Body Awareness—Serials
age, objectified body consciousness in cultural & developmental & familial contexts, female college students vs their middle-aged mothers , 20926
bodily & emotional knowledge, inplications for social work practice & theory, 9164
heart beat perception & medication effects, male vs female patients with depressive vs somatoform vs personality disorders, 20994
Japanese psycho-rehabilitation method of dohsa-hou, consciousness & feeling about body & postural appearance & body movement, adult male sportsmen with cerebral palsy, 5704
left sided neglect, deficits in representation of spatial & mechanical properties of body & body image, 47–73 yr olds with left vs right hemisphere lesions, 5325
perceived visual orientation & body position effects that are caused by alteration of somatosensory information during underwater immersion, 23–35 yr old divers, 33342
perception of femininity & figure & diet & clothing before vs after inpatient treatment of female patients with bulimic-type vs restricting-type anorexia nervosa, 24660
quality of mother–child interaction at age 12 mo, self & mother feature knowledge, 20 mo olds, 23767
return phenomenon for induction of illusion of head orientation displacement, shifts in straight ahead pointing movements & perceived orientation of head, 18–27 yr olds, 152
source-to-wall distance discrimination & nonadjacent wall effects & source-to-listener distance & visual preview, body-scaled awareness in auditory perception of unimpeded passage, 16546
traditional vs nondiet weight control program, behavioral & psychological & biomedical outcomes, adults, 1-yr study, 38376
weight preoccupation & sociotropy & autonomy in depressed mood, college students, 37326

Body Awareness—Books
Minding the body: Clinical uses of somatic awareness, 14420
Relational perspectives on the body, 2253

Body Awareness—Chapters
Body therapies in humanistic psychology, 12009
Body–ego integration in dissociative identity disorder, 24189
The body–mind: Psychopathology of its ownership, 2263
Breast cancer in the analyst: Body lessons, 2269
The clinical body and the reflexive mind, 2257
The embodiment of desire: Relinking the bodymind within the analytic dyad, 2270
Listening to the body: Somatic representations of dissociated memory, 2265

"Mama, why don't your feet touch the ground?": Staying with the body and the healing moment in psychoanalysis, 2267
Polyglot bodies: Thinking through the relational, 2261
Psychic elaboration of musculoskeletal back pain: Ellen's story, 2256
Psychic envelopes and sonorous baths: Siting the body in relational theory and clinical practice, 2264
Re-membering the body: A psychoanalytic study of presence and absence of the lived body, 2258
The role of the otoliths in perception of the vertical and in path integration, 23371
"To feel my own knowing in motion": Harmonizing the mind, body, and emotions, 3139
Women's relationship with their bodies, 34009
Body Fluids [See Also Amniotic Fluid, Bile, Blood, Cerebrospinal Fluid, Saliva, Urine]—Serials
catastrophe model for exposure to blood & bodily fluids & other occupational accidents, health care workers, 35379
Body Height—Serials
association of cognitive decline & other structural & functional biological markers with chronological aging & adult height, elderly Ss (mean age 67.5 yrs), 20213
construct of questionnaire for measurement of psychosocial adaptation related to short stature, parents of growth-retarded children, 3292
growth & cognitive development, short normal 4 yr old children from socioeconomically disadvantaged backgrounds, 7 yr followup, 862
height & premorbid function, men with schizophrenia, comment & reply, 24266
psychological adjustment, 6–17 yr olds with short stature vs other limb abnormalities attending limb reconstruction center, 28587
shift in effective eye height, perceived affordances vs apparent size judgments, college students, 19760
status & power & height, sex of partner with hand on top, handholding heterosexual couples, 4716
stress & psychosocial environment, children with hyperphagic short stature, 34548
trend analysis of height of US presidents as evidence for height as heuristic for dominance, 1948–96, 4644
viewer standing vs seated vs prone posture & eye height scaling in judgments of object height, college students, 10667
Body Height—Books
Growth, stature, and psychosocial well-being, 24733
Body Height—Chapters
Body height, body image and general well-being in adult women with Turner's syndrome, 24735
Can the clinical and empirical evidence regarding adjustment to short stature be reconciled?, 24740
Dissociation and physical difference: The case of the transformed "short" person, 2262
Endocrine disorders, 14949
Experiences of being short: Should we expect problems of psychosocial adjustment?, 24741
Height and extent: Two kinds of size perception, 16535
Height and our perception of others: An evolutionary perspective, 24000
Measuring health-related well-being in children, particularly in those of short stature, 22844
Peer and self perception of children with short stature—The role of recognition, 23673
Perspectives of multidimensional life quality research in pediatric growth disorders, 23674
Psychosocial aspects of growth retardation in Turner's syndrome: Preliminary results, 24738
The psychosocial functioning of adults who were short as children, 23677
Psychosocial short stature: Follow-up to adolescence and adulthood, 24623
Short stature: Does it matter? A review of the evidence, 24742
Some patients with an idiopathic short stature see their short stature as a problem, but others do not: Why this difference?, 23671
Stress, resources and psychosocial adaptation to short stature in childhood: A study in pathological growth disorders, 24739
Body Image [See Also Body Image Disturbances]—Serials
ability to criticize cultural ideas about body weight & shape, development & prevention of eating disorders, female eating disordered patients, 24662
age, objectified body consciousness in cultural & developmental & familial contexts, female college students vs their middle-aged mothers , 20926
appearance-based social comparison processes, developmental factors & levels of body dissatisfaction & eating disturbances & psychological functioning, female undergraduates, 21434
application of model of body aesthetics & attitudes toward gender roles & self-esteem & body image, African-American vs Caucasian-American vs Korean vs Singaporean college women, 27235
being overweight &/vs perceptions of & concerns about weight & bulimic behaviors, 9–14 yr old females vs males, 24653
body dissatisfaction & bingeing, self esteem, fmeles with type II diabetes, 14895
body dissatisfaction & bulimic symptoms & self-verification through interest in negative feedback as risk factor for development of later symptoms, female college students, 27978
body dissatisfaction & physical attractiveness & body mass, males vs females at 13 vs 15 vs 18 yrs old , 14039
body esteem & self esteem, Black vs White males vs females, 27373
body esteem & weight-related concerns & attempted weight loss, mothers vs fathers of 4th–5th grade males vs females, 17379
body image & coping strategy, phantom limb pain, 48–83 yr old inpatient amputees, 18277
body image & dieting behavior & nutritional status, nationally ranked junior figure skaters, 982
body image & psychological functioning & maternal vs paternal appearance-related feedback, male vs female college students, 17375
body image & size perception, hospitalized obese 25–50 yr old females, 5167
body image anxiety, recall & judgment & affective response to appearance related feedback, 18–51 yr old females, 1355
body image course, decreasing body dissatisfaction & weight concern & eating behaviors, undergraduate females, 21433
body including therapy, body ego disorders, schizophrenic patients, 31754
body size estimation & body image disturbance, females with anorexia nervosa (mean age 23.8 yrs), 21431
body weight & shape & weight reduction, body image & satisfaction, obese 21–56 yr olds assessed prior to & 3 yrs after bariatric surgery, 12311
cognitions concerning body perception & illness behavior & health, patients with somatization syndrome & /or hypochondriasis, 1948
cognitive discrepancy models of self perceptions of body image vs ideal standards, 7th through 10th grade students, 17675
computer-graphic technique for study of body size perception & body types & eating disorder diagnosis & treatment utility, 36071
computer-mediated eating disorder intervention program, body satisfaction & weight preoccupation & frequency of disordered eating behaviors, female college students, 1906
construction & validity of Body Investment Scale, measurement of body image & attitudes & body care & comfort in touch related to self destructive behavior, suicidal hospitalized 13–19 yr olds , 6623
content analysis of gendered messages on bodily appearance on magazine covers, 23641
controlled motivation & perceived importance of thinness for self-esteem & social context, persistence & intensity of dieting & subjective well being, 12–16 yr old females, 5 mo follow-up, 24045
correlates of weight concern across life-span, self esteem & feminist attitudes, 18–60 yr old females, 20951
eating habits & self-esteem & body-esteem, Scottish 10–18 yr olds female students, 929
emotional expression & body image & self esteem, male vs female 5th vs 8th vs 12th graders, 4492
exposure to media images of thin & stereotypically attractive vs overweight individuals, body dissatisfaction, 12–13 vs 14–15 vs 16–17 yr old females, 23758
friendship clique & peer influences, body image & dietary restraint & extreme weight-loss behaviors & binge eating, females (mean age 15.5 yrs), 20595
gender & body image & depressive symptoms, low-income African American (mean age 12.5 yrs), 33973
gender & body image & social interaction, college students, 37163
gender & body image, Black vs White 18–30 yr olds, 11235
health & development & temperament & body satisfaction & nutritional status & mealtime interaction, 1–4 yr old offspring of women with anorexia nervosa &/or bulimia, 11757
identification of predictive factors of body dissatisfaction & implications for early prevention of eating disorders, 6–12th grade females, 21425
images of fashion models & pressure of cultural ideals, levels of anger & depression & body satisfaction, women with vs without disordered eating symptoms, 11750
internalization of sociocultural norms & body image, 18–58 yr old heterosexual vs lesbian females, 1168
intervention to challenge fashion advertisement credibility, body image attitudes & behaviors, college students, 4394
left sided neglect, deficits in representation of spatial & mechanical properties of body & body image, 47–73 yr olds with left vs right hemisphere lesions, 5325
male vs female vs mixed gender group & party vs physique-salient scenario, group dynamics & social anxiety about peer evaluation & impression formation, female undergraduates, 20851
masculine vs feminine vs androgynous body image & social group affiliation, 18–55 yr old lesbian & bisexual females, 11073
meanings of body size & food & eating & health, 19–30 old Filipino females, Canada, 18859
meta-analysis of relation between heavy body weight & self-esteem, 14316
midlife females perceptions of their changing bodies within Western cultural context & relation to health care, 40–53 yr old females, 23916
objectified body consciousness & actual/ideal weight discrepancies & body esteem, male vs female 17–32 yr olds, 4789
physical measures & perceived physical ability & body acceptance, 18–61 yr olds with severe depression or substance abuse, 17783
physiques of male action toys, cultural ideals of male body image & contribution to body image disorders, 21426
positive vs negative coaching style, body image & body weight anxiety & dieting & vulnerability to eating disorders, male vs female college athletes, 34495
psychometric properties of modified Body Shape Questionnaire, female college students, implications for eating disorders, 6560
race & ethnicity & class & culture, body image perception, females of African descent, Canada vs US vs Africa vs Caribbean, 4662
satisfaction with body & concern for physical appearance & motivation for clothing selection, bulimic vs nonbulimic female college students, 5165
self & other body size categorization & body image assessment using morphing instrument, females with anorexia nervosa, 18187
self-esteem & body-shape & -weight concerns assessed in subliminal vs supraliminal lexical decision tasks, female high-restrained eaters, 18182
self-knowledge structures & physical appearance beliefs & coping strategies, females with high body dissatisfaction with vs without disordered eating symptoms vs low body dissatisfaction, 31022
sex & perceived pubertal timing, body image & self esteem & depression, Black vs White vs Asian vs Hispanic 12–17 yr olds, 33590
sex roles, body image, Euro-American female college students, 27223
sex, affective links between body & self-perceived attractiveness & self-esteem, 17–36 yr olds, 34003
sexual experience & esteem & body size & attractiveness & body image, 18–21 yr old females, 4682
smoking & body image concerns, 11–18 yr old females with vs without eating disorders, 1907
sociocultural beliefs in regard to perceived & ideal body image & body dissatisfaction in 15–65 yr old females, 24018
viewing sexist vs nonsexist TV ads, body satisfaction, 18–35 yr old male vs female university students, 26924
Body Image [See Also Body Image Disturbances]—Books
Splintered reflections: Images of the body in trauma, 24349
Body Image [See Also Body Image Disturbances]—Chapters
Addressing late life developmental issues for women: Body image, sexuality, and intimacy, 30268
Behind the painted smile, 17746
Body height, body image and general well-being in adult women with Turner's syndrome, 24735
Body image concerns and disordered eating in adolescent girls: Risk and protective factors, 20648
The body, young children and popular culture, 987
Body-ego integration in dissociative identity disorder, 24189
Conversations with the body: Psychotherapeutic approaches to body image and body ego, 25032
Dissociation and physical difference: The case of the transformed "short" person, 2262
A personal experience of acceptance and adjustment to disability, 28756
Qualitative methods for an outsider looking in: Lesbian women and body image, 22966
Skin/paper/bark: Body image, trauma and the Diagnostic Drawing Series, 22887

Body Image Disturbances [See Also Koro, Phantom Limbs]—Serials
behavioral therapy with vs without 6 mo maintenance program, symptom relapse at 12 & 18 & 24 mo, 21–45 yr old patients with body dysmorphic disorder, 2 yr followup, 38090
body dysmorphic disorder with focus on eye prosthesis, 27 yr old male with major depression & recurrent severe PTSD, 34076
body image course, decreasing body dissatisfaction & weight concern & eating behaviors, undergraduate females, 21433
body image disturbances &/or binge eating behavior before & after biliopancreatic diversion operation, obese patients with vs without binge eating disorder, 3-yr study, 9198
body size estimation & body image disturbance, females with anorexia nervosa (mean age 23.8 yrs), 21431
brief cognitive-behavior therapy, 18–48 yr old females with body dysmorphic disorder & depression symptoms, 1488
characteristics & treatment & comorbidity & prognostic indicators of obsessive compulsive disorder, body dysmorphic disorder, hypochondriasis & trichotillomania, 37411
childhood overweight history, 16–17 yr old females with body dissatisfaction, 1898
clinical aspects & treatment strategies of body dysmorphic disorder, 1612
clinical features & treatment of body dysmorphic disorder, 6–17 yr olds, 17806
developmental factors related to body image disturbances, 13–19 yr old females with anorexia nervosa, 14878
fluvoxamine, severe skin picking attributable to delusional body dysmorphic disorder, 48 yr old female patient, 12219
marital status & satisfaction, body image dissatisfaction & disturbance, dieters, 21407
media's influence on body image disturbances & eating disorders, 34509
mood changes, body width estimation, females with bulimia nervosa, 37710
pharmacologic & nonpharmacologic treatments for management of body dysmorphic disorder with coexisting social anxiety, 21653
physiques of male action toys, cultural ideals of male body image & contribution to body image disorders, 21426
psychological & social & cultural factors in risk of eating disorders & body image disturbances, gay males, 18196
sexual abuse history & body dissatisfaction & weight fluctuation, 18–49 yr old obese vs nonobese & sexually vs non abused women, 27829
sociocultural beliefs in regard to perceived & ideal body image & body dissatisfaction in 15–65 yr old females, 24018
Virtual Environment for Body Image Modification system for treatment of body image disturbances & dissatisfaction in eating disorders, healthy adults , 5473
Body Image Disturbances [See Also Koro, Phantom Limbs]—Books
Exacting beauty: Theory, assessment, and treatment of body image disturbance, 11244
Body Image Disturbances [See Also Koro, Phantom Limbs]—Chapters
Body image and self-perception in women with histories of incest, 24482
Body-image distortion and childhood sexual abuse, 24183
Cancer as a factitious disorder (Munchausen syndrome) related to body self-image and object relations in a borderline patient, 2266
Eating disorders, self-image disturbance and maltreatment, 14426
Metamorphosis: The self assumes animal form, 24186
A place to begin: Images of the body in transformation, 25030
Somatoform disorders, 11825
Body Language—Serials
joint attention behavior of following another person's head turn & gaze direction in different contexts, 5.5–12.6 yr olds with autism, 1854
manipulation of body language & facial expression alone & in combination without feedback, emotional responses, undergraduates, 14305
validation of Body Formation Coding System, assessment of body formations of therapist & couple during sessions & alliance & engagement in therapy, therapists & clients, 13060
Body Language—Chapters
Psychic envelopes and sonorous baths: Siting the body in relational theory and clinical practice, 2264
Body Rotation [See Rotational Behavior]
Body Size [See Also Body Height, Body Weight]—Serials
absolute vs per unit body length speed of prey as estimator of vulnerability to predation, university students catching prey on computerized simulation, 13480
age & anthropometric & metabolic parameters & disorders & depression & malnourishment, 65–106 yr olds, 8024
age & individual size & fluctuating asymmetry, hierarchy rank & reproduction, queenless ant colonies, 36338
amount & distribution of sperm stored by female mates & relationship of copulation duration & sperm storage, large & protein-fed male Mediterranean fruit flies, 33153
body image & size perception, hospitalized obese 25–50 yr old females, 5167
body mass, flight velocity, zebra finches, 416
body size & home range & courtship & mating behavior & male reproductive success, bridled nailtail wallabies, 26501
body size & mate choice & willingness to mate, 5 species of seaweed flies, 16797
body size estimation & body image disturbance, females with anorexia nervosa (mean age 23.8 yrs), 21431
body size ratios & expected success rate of attempted kleptoparasitism on larger albatrosses & giant-petrels, young Brown Skuas, 20031
body size, aggression in conspecific encounters, ants, 36355
brood & predator size & magnitude of defence against brood predator, large vs small female cichlids, 3702
central adiposity & cardiovascular reactivity & mental-stress induced BP & heart rate & body composition & metabolic syndrome & health practices, 52–79 yr old African Americans, 17015
computer-graphic technique for study of body size perception & body types & eating disorder diagnosis & treatment utility, 36071
eating time & food size, food carrying, juvenile vs adult rats , 16844
exposure to thinness-depicting media, accuracy of attractive body-size judgements, 25–55 yr old Samoans living in Samoa vs New Zealand , 36933
female size & egg content, female variation on optimal copula duration from male perspective, yellow dung flies , 16848
food rations, season & size dependent predation risk taking, juvenile coho salmon, test of predictions from dynamic optimization models, 16737
food restriction, macroptery–reproduction trade-off, crickets, 3626
head circumference & low head-circumference growth velocity in 1st year, learning & cognition & ADHD at school age, extremely-low-birthweight infants tested through age 6, 31077
host size, offspring sex ratio & fitness, Florida strain of parasitoid wasps, 36353
incidence of & cognitive & educational & anthropometric outcomes in nonorganic failure to thrive, general population infants, 7–9 yr follow-up, 21384
meanings of body size & food & eating & health, 19–30 old Filipino females, Canada, 18859
natural territorial advantages, small vs large male butterflies, 3711
neonatal & adult head circumference & dermatoglyphic patterns, schizophrenic 19–55 yr olds with elevated rates of minor physical anomalies, 4935
object–hand size ratio, grasping & transition from 1-handed to 2-handed grasping, 5 vs 7 vs 9 yr olds, 7444
participation in Aid to Families with Dependent Children & Food Stamp programs, children's anthropometric & nutritional status, 12–53 yr old mothers and their 2 wks–60 mo old children, 26939
perspectives on bimaturism & ontogeny & dimorphism, lemurid primates, 3631
prenatal alcohol exposure during 1st vs 2nd vs 3rd trimester, weight & height & head circumference & triceps skinfold thickness, 9.9–13.5 yr old offspring, 21304
presence of crayfish predator, shell size & shape & antipredator behavioral responses, freshwater snails, 33107
prey species variation or size, predatory behavior & handling of prey, octopuses, 23231
receptivity to & production of chemical attractant, body size & spatial scale, Caribbean spiny lobster, 586
regional fat patterns, 33–64 yr old Mexican American women, 15451
relationship of dieting behaviors with overeating & body mass & moods, adults (mean age 38.8 yrs), 30523
role of male body size & balloon size in evolution of empty nuptial gifts, dance fly, 16859
self & other body size categorization & body image assessment using morphing instrument, females with anorexia nervosa, 18187
sex, body size, adults (aged 18–24 yrs) vs media portrayals, 1950s–1990s, 23644
sexual dimorphism & dominance, foraging structure, Andean condors, 10310
sexual experience & esteem & body size & attractiveness & body image, 18–21 yr old females, 4682
size & vulnerability of tadpole relative to predator salamander, magnitude of antipredator response, Pacific treefrog tadpoles, 23255
size of male & substrate-borne vibratory courtship signal, mate preference, female katydids, 3692
size of male's adipose fin, male–male competition & female choice of male for spawning, brown trout, 16851
size preference in association patterns of opposite- & same-sex individuals, male vs female sailfin mollies, 36336
size rank order of siblings, adult breeding success, little egret nestlings, 23264
size-assortment & predator pressure in matching vs nonmatching fish shoals, shoal choice, small & large 3-spined sticklebacks, 36357
trait asymmetry & outcome of fights, male shore crabs, 33150
viewing sexist vs nonsexist TV ads, body satisfaction, 18–35 yr old male vs female university students, 26924
worker size & age & crop fullness in task selection, worker fire ants, 16788
workload & parental care & energy budget & reproductive decisions & fitness, zebra finches, 26498
Body Sway Testing—Serials
feet apart vs together & eyes open vs closed, subjective report of steadiness, 21–48 vs 54–82 yr olds vs 29–77 yr old neuropathic vs 43–79 yr old parkinsonian patients, 14917
postural sway responses during moving scenes at varying amplitudes & frequencies, healthy 22–30 vs 62–79 yr olds, 36733
Body Temperature [See Also Skin Temperature, Thermoregulation (Body)]—Serials
2-wks of daily sessions of cocaine self-administration, diurnal rhythms of heart rate & core temperature, rats, 33496
ad lib feeding vs food deprivation & cage-switching-induced stress, body temperature, female Ames dwarf mice, implications for thyroid-hormone thermogenesis &/vs longevity hypotheses, 33340
circadian rhythms & plasma melatonin & cortisol & clinical symptoms & temperature & motor activity, 26–43 yr olds with obsessive–compulsive disorder, 1644
clozapine tolerance & withdrawal, core body temperature, female rats, 17042
corticosterone treatment, motor activity & feeding & drinking & body temperature, rats, 5–7 mo study, 26764
corticotrophin releasing factor, food & water intake & body temperature, broiler vs Leghorn chickens, 23500
daily rhythms of locomotor activity & body temperature, 5 vs 16 vs 65 wk old senile female mice, 23269
dopamine autoreceptor antagonist (–)DS121, wakefulness & locomotor activity & body temperature & sleep, adult male rats, 3892
environmental stress, deep body temperature & activity levels, infanticidal female foxes, 20223
ethanol, circadian rhythms of temperature & activity, male rats, 621
fluoxetine, 5-HT type 1A receptor function & hypothermic & hormone responses to ipsapirone challenge, healthy 22–63 yr olds, 20322
locomotor activity & body temperature & food intake before vs after interleukin 1 beta, young adult vs aged male mice, 23558
low vs moderate exercise before bedtime, sleep & core body temperature, physically active 18–35 yr old males, 4006
metabolic costs of heat solicitation calls in relation to thermal need, embryos of American white pelicans exposed to decreasing or increasing body temperatures, 16730
mother–infant bed-sharing, body temperature, 11–15 wk old infants habituated to bed-sharing vs solitary sleeping, 26945
nocturnal sweating & temperature before & after recovery & impact of REM sleep on sweat rates, 27–68 yr old depressed patients, 37302
parasitism & basking behavior & survival & behavioral fever, moth caterpillars, 381
relationship of gene expression & neuropathological damage & seizure intensity & body temperature, male rats with kainic acid-induced seizures, 3849
restricted running wheel access, entrainment of circadian system/body temperature & activity, same-strain adult male anophthalmic vs sighted mice, 29935
salicylate &/vs vagotomy, handling-induced emotional fever measured by vasoconstriction & colonic temperature, rats, 33336
stress & perceptive signals & immune responses & conditioning & CNS active drugs & adrenergic system & ACTH & endogenous opiates & body temperature & natural killer cell activity, 29952
thermal response to serotonergic challenge & aggression, 7–11 yr old males with attention deficit hyperactivity disorder, 30939

unrestricted wheel-running activity, suprachiasmatic nucleus pacemaker control & timing & overt expression of behavioral activity & body temperature circadian rhythms, male adult Octodon degus, 10425
Body Types [See Somatotypes]
Body Weight [See Also Birth Weight, Obesity, Underweight]—Serials
95 vs 85 vs 75% normal body weight due to food deprivation & 15 vs 60 s variable interval reinforcement, degree of within-session wheel running, rats, implications for activity-based anorexia, 23216
ability to criticize cultural ideas about body weight & shape, development & prevention of eating disorders, female eating disordered patients, 24662
absolute & proportional gestational weight gain & prepregnancy body mass index as predictors of primary cesarean delivery, adult females, 2584
access to running wheel & restricted feeding vs social isolation, body weight, male vs female rats, 36328
adipocyte hormone leptin icv vs food restriction, food intake & body weight & energy expenditure & other metabolic indices, male rats, 13832
appetite & body weight & energy uptake, breast vs bottle-fed 2–6 wks vs 3–12 mo olds, 36704
attentional bias for body shape & weight words in processing of supraliminally & subliminally presented words in computerized Stroop task, female high vs low restrained eaters, 1324
attitudes toward wellness & body weight & overall health, health professionals, 1979–99, 35428
being overweight &/vs perceptions of & concerns about weight & bulimic behaviors, 9–14 yr old females vs males, 24653
body dissatisfaction & physical attractiveness & body mass, males vs females at 13 vs 15 vs 18 yrs old , 14039
body energy status & weight reduction, inflammation-induced anorexia & weight loss, rats, 4050
body image & body mass index & body weight concern & eating & obesity attitudes & self esteem, at risk 8–23 yr old female tennis players vs parents vs coaches, 35700
body indices of parental effort assessed through doubly labelled water technique, breeding pairs of green-rumped parrotlets, 10358
body mass index & perceived control over eating, level of life satisfaction, male vs female 20–74 yr olds, 1319
body weight & shape & weight reduction, body image & satisfaction, obese 21–56 yr olds assessed prior to & 3 yrs after bariatric surgery, 12311
body weight estimation, smoking cessation program, adults (mean age 31 yrs), 38459
bulimia nervosa & anorexia nervosa & drive for thinness indices, athletes, 37709
cannabinoid CB1 receptor antagonist SR 141716, food intake & body weight, adult nonobese male Wistar rats, 4121
caregiver burden & nutritional status & weight loss, community dwelling patients with probable Alzheimers disease, 1 yr prospective study, 8629
changes in gonadal & adrenal hormones & cortisol & body weight & comparison to socially housed animals, breeding readiness, individually housed male vs female squirrel monkeys, 13647
characteristics of maintenance of long-term weight loss & risk factors for weight regain, successful weight losers (mean age 45.6 yrs), 1-yr prospective study, 15455
characteristics of maintenance of long-term weight loss & risk factors for weight regain, successful weight losers (mean age 45.6 yrs), 1-yr prospective study, correction, 28645
chlordiazepoxide, body weight & food intake, male rats in activity anorexia regimens, 698
clozapine or risperdone or zotepine or sulpiride vs classic neuroleptics, weight gain, Ss with schizophrenic or schizoaffective or delusional disorder (ages 17–64 yrs), 28511
clozapine treatment & clinical & demographic factors, weight gain, 21–73 yr olds with schizophrenia or schizoaffective disorder, 15 mo study, 2284
clozapine vs olanzapine vs haloperidol, body weight & leptin plasma levels, psychiatric inpatients, 12197
clozapine, body weight, male vs female patients with chronic schizophrenia, 21862
competitive weight vs rank, truncated vs semitruncated vs mixed predicted distributions across food patches in relation to foraging success according to ideal free models, great tits, 13456
computer-mediated eating disorder intervention program, body satisfaction & weight preoccupation & frequency of disordered eating behaviors, female college students, 1906
contribution to carrying & body weight as a measure of costs of infant carrying, cotton-top tamarin fathers vs male vs female helpers, 20025
daily television watching habits & weekly bouts of vigorous physical activity & body mass index & fatness, 8–16 yr olds, commentary, 971
daily television watching habits & weekly bouts of vigorous physical activity & body mass index & fatness, 8–16 yr olds, commentary reply, 896
daily television watching habits & weekly bouts of vigorous physical activity & body mass index & fatness, 8–16 yr olds, commentary, 947
dehydration vs pair-fed food restriction, body weight & food intake & plasma & hormone concentrations & neuropeptide gene expression, adrenalectomized rats, 26651
dietary tryptophan supplementation, behavioral response & body weight & food consumption & winter fur development, silver fox pups, 10652
distribution of body mass index, males vs females with vs without schizophrenia or schizoaffective disorder including Ss on ziprasidone, implications for weight gain inducing effects of antipsychotics, 17893
eating & weight-related cognitions, 12–17 yr olds with chronic illness with vs without special dietary recommendations, 24722
eating disturbances & attitudes about weight & appearance & self-esteem & weight loss & reasons for weight regain, 21–65 yr old White vs Black vs Asian vs Hispanic female dieters, 1896
effect of body fat distribution & breast size on judgments of female attractiveness & age & desirability, male vs female British undergraduate students, 4651
effect of involuntary overfeeding on hypothalamic pro-opiomelanocortin gene expression & SHU9119 melanocortin antagonist reversal of inhibited food intake & weight loss due to overfeeding, rats, 16915
effects of body fat on weight concerns & dating & sexual activity, Black vs White adolescent females (mean age 13.7 yrs), 2 yr study, 20569
exposure to media images of thin & stereotypically attractive vs overweight individuals, body dissatisfaction, 12–13 vs 14–15 vs 16–17 yr old females, 23758
fat vs carbohydrate vs protein diet & diet-induced obesity & TCDD-induced wasting syndrome, TCDD-sensitive vs resistant rats, 13651
female bodily curvaceousness vs normal vs over- vs underweightedness, perception of career competence & reproductive potential, college students, 17513
fluoxetine, food intake & body weight & mood, obese 21–43 yr olds, 28620
fluoxetine, food intake & protein & fat & carbohydrate selection & body weight & estrous cycle & motor activity, female rats, 33417
fluoxetine, weight suppression & rebound, participants in smoking cessation trial, 12503
food hoarding behavior & body weight set point & body fat content before vs after surgery vs after recovery, lipectomized vs sham-lipectomized adult male rats, 29734
herbal weight loss products mimicking mania, 40-yr-old female with bulimia, 2470
high vs low aluminum in purified diet, body weight & food intake & motor activity & toxicity, female mice, erratum, 23508
hypothalamic serotonergic receptor mechanisms in control of eating behavior & body weight & eating & body weight disorders, 1897
hysterectomy, estrus-linked meal size & meal number & food intake & weight gain, female rats, 23434
individual variables & locus of control & beliefs about controllability of weight & value of health & self-efficacy to control weight, prediction of weight loss attempts & success, adults, 25357
injections vs continuous infusion of selective melanocortin receptor antagonist, food intake & body weight & composition & blood glucose levels, adult male rats, 23522
interleukin-10, body weight & tonic immobility & social exploratory behavior induced by ip vs icv lipopolysaccharide, male rats, 10543
intrayear & interyear & age- & site-related variations in body mass & hatching date & production of offspring & nonrandom mating, Cooper's Hawks, 1980–1997, 33146
likelihood of weight loss following discharge & time to recovery & relapse & onset of binge eating, patients with typical vs atypical presentation of anorexia nervosa, 11756
long term CLZ vs classical antipsychotic drugs, body weight changes, neuroleptic-resistant chronic schizophrenic patients, 35024
meta-analysis of relation between heavy body weight & self-esteem, 14316
morphine modification by food deprivation, FI & clocked FI performance, male pigeons maintained at high & low body weights, 20356
nutrition knowledge & cultural beliefs & food intake & weight gain attitudes, pregnancy weight gain & infant birth weight, pregnant Mexican-American 13–18 yr olds, 36804
olanzapine, cholesterol & triglyceride levels & weight gain, 27–67 yr olds with schizophrenia, 16 mo average followup, 35020
olanzapine, weight gain, 24–75 yr old psychiatric outpatients, 21902
opioid receptor blockade with naltrexone, weight loss & sexual behavior, obese female rats, 33444
orosensory stimulation & body weight gain & diet-induced naloxone sensitivity, male rats, 13815
parental provisioning & nestling departure behavior, prefledging mass recession, Cassin's auklets, 16842
perceived social support & abdominal fat distribution, 12–27 yr olds, 3 yr followup, 4494
pilot health promotion program, weight gain & physical activity following marriage & social support provided by partner, couples, 22083
precontemplation vs contemplation vs preparation vs action stages of change, weight control, 20–45 yr old women, 3 yr followup, 35130
predation risk, bodyweight change, coal tits, 33103
premorbid weight & amount of weight loss & weight upon referral for inpatient treatment, 12–17 yr old females with anorexia nervosa, 27971
prenatal physical stress & diazepam injected into pregnant female rats, body weight deficits & behavioral alterations, newborn rat pups, model for human intrauterine growth retardation, 17035
pubertal status & body weight & self concept & interaction, 7th & 8th grade males vs females, 17362
radio transmitter weight, behavior & body weight nocturnal primate spectral tarsier, 427
readiness for weight management & relation to body weight & weight-related distress & lactation status, new mothers, 25374
relationship between genetic taste sensitivity to 6-n-propylthiouracil & food preferences & body weight, adults & 4–5 yr olds, 30137
risperidone induced unremitting weight gain & subsequent implementation of low-glycemic carbohydrates & balance of proteins & fats, 9-yr-old male with autism & moderate mental retardation, 2334
risperidone vs neuroleptic vs no antipsychotic medications, weight gain & body mass index, 12–18 yr old inpatients, 6 mo study, 8912
role of caudal brainstem melanocortin receptors in food intake & body weight, male rats, 7050
roles of parents & offspring in food delivery control, nestling obesity, Manx shearwater chicks, 1 yr followup, 16808
sex & concerns about chronic weight & cessation-related weight gain & weight status & dropout during cessation as predictors of relapse to smoking, 18–66 yr olds in smoking cessation program, 5934
sexual abuse history & body dissatisfaction & weight fluctuation, 18–49 yr old obese vs nonobese & sexually vs non abused women, 27829
smoking & weight change, White vs Black 18–30 yr old men vs women, 7766
social environment & phenotypic body mass, conflict & early queen mortality, queen of equality or random body mass in single vs multi queen fire ant colonies, 13434
strike-induced chemosensory searching & recovery of body weight & function, northern Pacific rattlesnakes rescued from substandard husbandry conditions, 23176
weight loss & severity & stage of disease, Alzheimer's disease patients, longitudinal studies, 2102
weight loss and/or fitness for health improvement & reduction of body weight, persons with obesity, implications for paradigm shift, 35143
Bombesin—Serials
bombesin in amygdala, solid food intake, male rats, 33504
bombesin injections into lateral parabrachial nucleus vs ip vs 4th ventricular routes, salt intake, area postrema-lesioned rats, implications for sites of antinatriorexic activity, 650
bombesin-like peptide receptors neuromedin B or gastrin-releasing peptide, thermoregulation & smooth muscle contraction & feeding suppression & behavior, mice lacking neuromedin B receptor, 10636
maintenance on high- vs low-fat diets, sensitivity to satiating effects of cholecystokinin & bombesin, rats, 645
urinary bombesin-like peptide levels, cigarette smokers with vs without schizophrenia, implications for development of lung cancer, 8372
Bonding (Emotional) [See Attachment Behavior]
Bone Disorders [See Also Osteoporosis]—Serials
markers of bone resorption & disorder-related osteopenia, female patients with anorexia nervosa (mean age 22.5 yrs), 24658
radiotherapy & tamoxifen & pamidronate disodium, pain relief & sclerosis of bone metastases, 71 yr old woman with breast cancer, 5766
Bone Marrow—Serials
distress & ambivalence in donating & spousal anxiety, bone marrow volunteers, 11020

stress reactions & emotional adaptation in isolation conditions after bone marrow transplantation, 8–12 yr olds, 7-wk prospective study, 11790
Bones—Serials
markers of bone resorption & disorder-related osteopenia, female patients with anorexia nervosa (mean age 22.5 yrs), 24658
minimum body weight & other physiological factors, prediction of lumbar bone mineral density, women with anorexia nervosa or bulimia or other eating disorders, 11740
risedronate, incidence of vertebral fractures & bone mineral density, women with postmenopausal osteoporosis, 38407
Bonuses—Serials
bonuses based on end-of-period standards vs self-set goals, goal-setting & management performance & self-efficacy, graduate students, 36285
performance management system with merit-based bonus pay, attitudes & effort & blame for lower than expected ratings, managers/professionals, 38966
Books [See Also Textbooks]—Serials
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, 7281
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, commentary reply, 7282
analysis of A. R. Damasio's book 'Descartes' Error' on mind-body problem & mental illness, commentary, 7280
critical thinking books for use as supplements in psychology courses, 9436
influential disciplines & scholars & books in study of intercultural relations, 1983–1986 vs 1991 surveys, 36938
psychosexual characteristics of Japanese families & mother-son relationship as causal factors in castration anxiety, pictorial content analysis of castration anxiety fantasies in Japanese comic books, 20785
S. P. & P. M. Oliner's book "The Altruistic Personality: Rescuers of Jews in Nazi Europe" & obstacles & factors in altruistic behavior during Holocaust, 1038
self-help book utilization practices in counseling, practitioner members of Christian Association for Psychological Studies, 2163
social context of & responses to humor in books & effects on reading comprehension & appreciation & reading interests & preferences, 4th & 5th grade students, 5 mo study, 29000
Books [See Also Textbooks]—Books
Inside picture books, 17392
Books [See Also Textbooks]—Chapters
Look homeward, Harry: Literary influence on the development of the Thematic Apperception Test, 32621
Romantic research: Why we love to read, 17393
Borderline Mentally Retarded [See Slow Learners]
Borderline States—Serials
abuse & neglect & family structure & other psychosocial factors as risk factors for borderline pathology, 7–12 yr olds in child psychiatry day treatment, 11498
antisocial personality criteria presence in childhood & ability to predict Axis I & Axis II psychopathology in adulthood, female inpatients with borderline personality disorder, 17961
Asperger's disorder misdiagnosed as borderline personality disorder, 12 & 10 yr olds with hyperactivity, 1669
axis I diagnosis, patients with vs with borderline personality disorder, 27750
borderline vs narcissistic vs histrionic vs psychopathic antisocial personality syndromes, defense mechanisms, 23 yr olds, 21220
childhood sexual abuse history in borderline personality disorder, 34239
clozapine, severe self-mutilation & aggressive behavior, 26–47 yr old female patients with borderline personality disorder & psychosis, 31627
cluster analysis of patient subgroups based on therapeutic work & treatment outcome of group-oriented evening treatment program, adult patients with borderline personality disorder, 25081
comorbid mood disorders, treatment response, female inpatients with borderline personality disorder, 1666
comorbidity of borderline personality disorder with obesity & treatment approaches, 17778
core & asocial & emotionally reactive subgroups of borderline personality disorder as identified by Rorschach, psychiatric patients (mean age 25.1 yrs), 32640
day treatment with vs without outpatient group therapy, symptoms & global health, patients with borderline personality disorder (mean age 31 yrs), 1.7 yr follow-up, 2181
development & factor structure & validity & reliability of Borderline Personality Inventory, borderline & nonborderline & schizophrenic psychotherapeutic inpatients, 29374
development of Self-Harm Inventory to identify borderline personality disorder through self-destructive behaviors, adults, 28
diagnostic differences & distinguishability from other cluster B disorders, patients with bipolar mood disorder (mean age 47.5 yrs) vs borderline personality disorder (mean age 28.4 yrs) , 21021
drug therapy & Dialectical Behavior Therapy for borderline personality disorder, 18482
dysphoric states, inpatients with borderline personality disorder, 8242
efficacy of & psychodynamics in cognitive-analytic therapy used by community mental health team, male patient with borderline personality disorder, 31446
emotional stimuli, psychophysiological affective responsiveness, 20–41 yr olds with borderline personality disorder, 37427
family members' expressed emotion & clinical outcome, patients with borderline personality disorder (mean age 29.6 yrs), 1 yr followup, 37428
field concept interpretation of strange–familiar in transference & neurotic & borderline cases in literature & film , 27426
Five Factor Personality Model profiles, patients with borderline vs avoidant personality disorder, 34248
group psychotherapy treatment of borderline personality, 25090
importance of attachment behavior and post-traumatic stress disorder in understanding borderline personality disorder, 37426
interrater reliability & diagnostic efficiency & hierarchical functioning of DSM-IV borderline personality disorder criteria, psychiatric inpatients with vs without borderline personality disorder, 14640
labeling & access to care & self destructive behavior perceived as manipulation in experience of living with bipolar personality disorder, adult females, 34243
latent class structure analysis of DSM-IV borderline personality disorder criteria, psychiatric inpatients, 11496
Lerner Defense Scale & Holtzman Inkblot Technique, assessment of primitive defense mechanisms, patients with neurotic disorders & borderline patients & schizophrenics, 17825
lifetime rates of occurrence of comorbid DSM-III-R axis I disorders, inpatients with criteria-defined borderline personality disorder vs other personality disorders, 8243
nature of sexual behaviors, women with borderline personality disorder, 17966
neuropsychological risk factors & profiles, 7–12 yr olds with borderline pathology in day treatment, 24279
objectivity of psychoanalytic judgments of patient–therapist transactions, psychotherapists' ratings of videotaped assessment interviews with borderline & dysthymic 25–35 yr old females , 6050
paradoxes in narratives of interpersonal dynamics, patients with borderline personality disorder, 34245
perceived likelihood of association between childhood sexual abuse & borderline personality disorder, clinical psychologists and psychology interns, 11281
persistence of borderline personality disorder into older adulthood, 56–78 yr old patients, 1667
presentation & treatment of anger & aggression in obsessive compulsive disorder & borderline personality disorder, 24137
prevalence of substance use disorder, young adult patients with borderline vs antisocial personality disorders, 27744
recurring processes in psychotherapy over 2 decades, 35-yr-old female with borderline personality disorder & therapist, commentary, 24978
recurring processes in psychotherapy over 2 decades, 35-yr-old female with borderline personality disorder & therapist, commentary reply, 24979
Rorschach analysis of DSM-IV Borderline Personality Disorder, outpatients with personality disorders, 21218
Rorschach test responses, alcoholic male inpatients with borderline personality disorder (mean age 32.3 yrs) vs mixed personality disorder (mean age 35.6 yrs), 27488
self-reported childhood traumas & abuse & stability of beliefs & characteristics, borderline personality disorder assumptions, 21217
serum cholesterol & impulsive aggression, male vs female adult patients with borderline personality vs other personality disorders, 17965
stability of impulsivity vs other aspects of borderline personality disorder & ability of impulsivity to predict disorder persistence & psychopathology, 18–65 yr olds, 2 & 7 yr follow-ups, 17963
Structural Analysis of Social Behavior Intrex questionnaires, differentiate features of borderline or schizotypal or no personality disorder, nonclinical young adults, 24369
structured vs unstructured assessment interviews, diagnosis of borderline personality disorder, psychiatric outpatients, 35973
treatment effectiveness of psychoanalytically oriented partial hospitalization vs standard psychiatric care, patients with borderline personality disorder , 38558
verbal memory dysfunction, 18–50 yr old outpatients with major depressive disorder &/vs borderline personality disorder, 27533
violence and/or rape experienced as an adult & predictive risk-factors, 18–35 yr old borderline patients, 11502
Borderline States—Chapters
Behavior therapy, 31547
Borderline personality disorder, 8030
Borderline personality disorder: Costs, course, and treatment outcomes, 30800
Countertransference in the treatment of the suicidal borderline patient, 18548
Dialectical behavior therapy for borderline personality disorder: Efficacy, specificity, and cost effectiveness, 25075
Dynamic psychotherapy, 31611
Efficacy and cost offset of psychotherapy for borderline personality disorder, 18545
The group as therapist for psychotic and borderline personalities, 15224
Pharmacotherapy, 31719
Treatment of borderline personality disorder with rational emotive behavior therapy, 25074
Boredom—Serials
boredom proneness, psychosocial development, male vs female college students, 20955
procrastination & boredom, college students (mean age 19.0 yrs), 14336
time structure & perception, boredom proneness, US vs Irish college students, 17692
Boredom—Chapters
It's boring: Notes on the meanings of boredom in everyday life, 27415
Botswana—Serials
factors in attrition, secondary school agriculture teachers, Botswana, 15852
Bottle Feeding—Serials
early mother–infant interaction during breast vs bottle feeding, neonates, 3 mo study, 7522
length of time needed to reach full enteral or nipple feedings, medical complications & developmental outcomes, premature infants followed up from birth to 24 mo corrected age, 30129
Boundaries (Psychological)—Serials
attitudes toward short-term crowding & invasion of personal space, male vs female automatic teller machine users, 32444
boundaries & barriers & development of cultural identity, implications for application to psychotherapy & counseling, 31421
boundaries in interpersonal & intergroup communication & miscommunication & problematic talk, 1231
boundaries to & strategies of communicating social identity to their community members, 13–21 yr old street persons , 1220
boundary rules, ability to express concerns about negative behavior & characteristics of friend's romantic partner, male vs female college students, 1239
co-occurrence of obsessive relational intrusion & sexual coercion, college students self-identified as victims of relational intrusion or stalking, 11131
computer-mediated communication, social identity model of deindividuation effects, implications for breaching or building social boundaries, 1233
correspondence between psychodynamics of & boundaries in relationship between reader & author & between patient & analyst, 13851
ethical complexity regarding use/misuse of power & authority & vulnerability due to professional training & role expectation & sexual/nonsexual relationships & confidentiality, clergy psychotherapists, 38737
ethnic cleansing as form of anticonquest & patterns in relationship between internal & geographical borders, 17441
function of boundaries within teaching & supervisory relationships in marriage & family therapy training programs, 9337
fusion & conflict in relationships, 21–40 yr old lesbian couples, 20789
homeless outreach programs, client–staff boundaries & professional ethics & staff safety, outreach staff, 32135
interface & boundary differences between family & support groups, 30314
proxemics & attorney invasion of witness space during trials, 26037
Winnicottian-based object relations conceptualization of psychoanalytic boundaries & transitional space & process & relation to psychoanalyst's subjectivity, 31 yr old regressed female, 12132
Boundaries (Psychological)—Books
TILT: Teaching individuals to live together, 4505
Boundaries (Psychological)—Chapters
Context, identity, and intergroup relations, 27310

Establishing a therapeutic frame, 21758
Holding the dance: A flexible approach to boundaries in general practice, 21750
The therapeutic space and relationship, 21755
Boundary Violations (Sexual) [See Professional Client Sexual Relations]
Bourgeois [See Middle Class]
Bowel Disorders [See Colon Disorders]
Boys [See Human Males]
Brachial Plexus [See Spinal Nerves]
Bradycardia—Serials
sphenopalatine ganglion blockade, bradycardia from sinus arrest during exacerbation of postherpetic trigeminal neuralgia, 64 yr old female with systemic lupus erythematosus, 15425
Braille—Serials
orientation & pattern familiarity, Braille recognition, congenitally vs late blind vs sighted 18–48 yr olds, 31363
Brain [See Also Brain Stem, Forebrain, Hindbrain, Mesencephalon]—Serials
acute & prolonged restraint stress, 5-HT-moduline in cortex & hippocampus & hypothalamus & striatium & substantia nigra & adrenal glands, male rats, 23294
acute vs chronic corticosterone administration, expression of neural cell adhesion molecule in different brain regions, male rats, 23578
acute vs chronic methamphetamine, levels of activity regulated cytoskeleton associated protein in brain regions, male rats, 4184
age & externally vs internally controlled sustained anticipatory visual attention, theta synchronization, 7–12 mo olds, 30184
age-sensitive EEG and P300 studies as markers of behaviorally relevant brain maturational asymmetries, children (mean age 9–12 yrs) with behavior or academic or medical nonneurological problems, 11288
aging, binding of 8-OH-DPAT to 5-HT receptors in brain regions regulating circadian timing system, male hamsters, 23304
aging, brain volume changes, 65–74 vs 75–84 vs 85–95 yr old healthy nondemented elderly, 7612
alcoholism & brain asymmetry & handedness, Tuva residents, 21322
alterations in brain benzodiazepine receptor binding, male schizophrenia patients, 21121
alterations in brain metabolism, patients (mean age 19 yrs) with anorexia & bulimia nervosa, 27982
antibodies to brain derived neurotrophic factor, spatial learning & memory, male rats, 33459
anticipated vs experienced thermal stimulation-induced pain, regionally dissociated brain activity, healthy adults, 23397
arginine vasotocin immunoreactive staining in medial amygdala & nucleus accumbens, male vs female cricket frogs with calling vs satellite mating strategies, 29936
atypical antipsychotic drugs & 5-HT receptor blockade & histamine levels in hippocampus & striatum & cerebral cortex, male rats, 17071
autoimmune disease & chronic stress in shift of corticotropin- releasing factor to vasopressin ratio, autoimmune male mouse brains, 16887
behavioral characteristics & brain basis of egocentric perspective vs object-based spatial transformations, 19–34 yr old males , 29874
behavioral neuroanatomy seminar & braincuttings as curriculum for psychiatric residents emphasizing neuroanatomical feature of brain regions with behavioral affiliations relevant to mental disorders, 32102
bidirectional communication between brain & immune system, implications for regulation of behavior & understanding of stress, 16880
bimanual coordination model of brain & behavioral dynamics, 3212
biological constraints & neural architecture & processing components of literacy acquisition & developmental dissociations & effects of remedial interventions with children with reading disorders, 30982
biologically determined & abstract domain specific representation of number & elementary arithmetic operations in brain, animals &/vs infant & adult humans, 4423
boma disease virus infection during different brain developmental stages, pathological & clinical disease sequelae, rats, 16944
brain activation & pupil response as selective visual attention & speech-related motor program selection & cognitive load indicators during overt & covert performance of Stroop Color-Word task, adults, 20078
brain anatomy & metabolism, female premutation carriers of Fragile X syndrome (mean age 39 yrs), 37701
brain dopamine transporter density, outpatients with major depression, 27603
brain function & cerebral basis of subjective experience & psychic phenomena, 16919
brain glycine concentrations, hyperglycinic rats, animal model for pathogenesis of schizophrenia, 26652
brain hypocretins, regulation of cardiovascular function in ad lib feeding model, male rats, 29847
brain involvement, 18–73 yr olds with myotonic dystrophy vs proximal myotonic myopathy, 37767
brain lesions of rhinal cortex or parahippocampal gyrus or hippocampus, object & place discrimination & reversal & spatial scene learning & memory, rhesus monkeys, 7080
brain localization of phonological storage subsystem & A. D. Baddeley & G. Hitch's model of working memory, 36250
brain mechanisms that underlie face recollection, 18–24 yr olds, 16659
brain morphology & language & thought disorders, patients (mean age 25.6 yrs) with schizophrenia, 4940
brainwave patterns & EEG characteristics, 17–44 yr old monozygotic twins discordant & concordant for schizophrenia, 11444
c-fos assessment of long-term changes in neuronal properties associated with imprinting, chick brain regions, 7019
cell-assembly coding hypothesis of memory processes, 513
cerebral bioelectrical activity during compression phase of saturation dive, divers, 13620
changes of gene expression in nucleus accumbens from human alcoholic brains, 13723
characterization of human brain pharmacokinetics using 2-component model for psychotropic compounds, 23585
chronic & acute nicotine treatment & withdrawal & mecamylamine pretreatment, preproenkephalin A mRNA levels in striatum & hippocampus, male rats, 4172
clinical & neuropathological & neurochemical correlates of DXS1047 202 bp allele, autopsied brains of patients with Alzheimers disease, 28219
clinical features & brain morphology & etiology, 65–85 yr olds with psychotic vs nonpsychotic major depression, 14504
cognitive pragmatics & cognitive science & mind/brain architecture, 29603
common spatial subspace decomposition for analysis of magnetoencephalography & EEG brain responses under multiple task conditions, 23414
complementarity of approaches to color vision involving stimuli originating in retinal cones vs perceptions arising in brain, 13200
conception & phenomenology & behavior & neuroanatomy & physiology of visual attention vs visual consciousness, 29764
conspecific song perception, cyclic adenosine monophosphate response element-binding protein phosphorylation in higher vocal center, male zebra finches, 20139
contribution of Jean-Martin Charcot to aphasia & other language disorders & hysteria, 34520
cortical organization of language using magnetic resonance imaging, right-handed fluent bilinguals in English & Mandarin, 16905
cortical sulcal enlargement, brain morphology, 18–65 yr old patients with catatonic vs hebephrenic vs paranoid schizophrenia, 34180
cortical topography & dynamics of short-term and long-term memory, 467
costs & recent progress & future possibilities of major disorders of brain, European countries, 2069
craniotomy requirement, outcome on Disability Rating Scale, 16–85 yr olds with traumatic brain injury who required inpatient rehabilitation, 15438
cumulative effect of deviant structure in cerebral hemispheres & 3rd ventricle & 3 association cortex sulcal landmarks on diagnosis, 15–61 yr old males with schizophrenia, 30731
D. F. Benson's contribution to neuroimaging in behavioral neurology, 15026
D. F. Benson's taxonomy & neurological & cognitive manifestations of alexia & agraphia, 15021
deficit of neuropeptide Y function in amygdala, expression of anxiety, adult male rats, 26601
detection of fluoxetine in brain & blood & liver & hair using gas chromatography-mass spectrometry, male rats, 13493
developmental dynamic systems theory of relations between language & culture & other complex behaviors & increasing neural complexity through evolution, 26554
developmental stage, expression of ataxin 2 in brain as seen in specimens from fetus & 2–99 yr old neurologically normal Ss & patients with AD & spinocerebellar ataxia type 2, 18382
drug addiction & positron emission tomography & SPECT imaging of living human brain, 5075
ECS, stress responses in forced swim test & prepro-thyrotropin releasing hormone-derived peptides in brain regions, male rats , 13577
ecstasy, glucose metabolic uptake in amygdala & hippocampus & Brodmann's area II & other brain regions, 19–29 yr olds, 30902
EEG source localization during passive vs active cognition functions, dextral females (mean age 25.4 yrs), 33294
effective connectivity between cortical areas in human learning, 25–36 yr olds , 13523
efficiency & safety of viral gene delivery systems & its application in treatment of neurogenerative disorders, 10384
emotional valence & arousal & attention, neural activation in brain during visual processing of emotional pictures, males (mean age 33.0 yrs) , 29820
ERP methodology for temporal tracking of sentence comprehension & role of working memory & background knowledge & tracking of multiple language processing areas in brain, 553
estrogen, hemisphere asymmetries & other aspects of brain activation patterns during encoding & storage & retrieval during verbal vs nonverbal working memory tasks, postmenopausal 33–61 yr olds, 17098
ethanol during lactation, milk production & growth & brain development of offspring, rats, 23590
ethanol pretreatment, expression of NGFI-A mRNA in brain following stress test, male rats, 30063
ethoxyidazoxan doses, brain glucose metabolism & catecholamines responses & BP & behavior, 21–42 yr old males, comparison with idazoxan findings, 36617
event-related brain potentials, interplay of referential & structural factors during sentence processing in discourse, 21–26 yr old females, 26917
exercise training, brain norepinephrine changes with simulated weightlessness, rats, 26607
extra sex chromosome, brain volume & IQ & schizotypal personality, 16–28 yr old phenotypic males & females with XXX or XYY or XXY genotypes, 31081
face recognition & feature memory, topographic distribution of resulting ERPs, 24–38 yr olds , 10481
fluorodeoxyglucose positron emission tomography, assessment of serotonergic activity in critical brain functions associated with impulsive aggression, patients with personality disorders, 13075
fluoxetine vs ECT vs moclobemide, 5-HT release in hypothalamus or cingulate cortex or orbitofrontal cortex, male guinea pigs, animal model of obsessive-compulsive disorder, 13489
footshock stress, brain thyroid hormones, male vs female rats, 13664
functional & structural asymmetries in posterior superior temporal lobe, 45–60 yr olds at postmortem, 36398
functional imaging of brain electrical activity, acute neuroleptic-naive 1st-episode productive patients with schizophrenia, 30742
functional MRI assessment of temporal coherence of subcortical brain activity during tactile discrimination task, Ss, 26678
gaze direction discrimination, functional regional brain activity & cerebral blood flow, male 20–53 yr olds, 20110
gene families & molecular evolution of brain of chordates, 447
gene hunting in increased vasopressin in Down syndrome or Alzheimer's disease fetal brains, implications for learning & memory, 4847
gene mapping & functions & influence of single genes vs interacting arrays of genes on brain & behavior & relation to genetic engineering, 13504
genetic research & link between genes & intelligence & cognitive ability & information processing & brain functioning, 23287
glutamatergic neurotransmission, brain structural & symptomatic deficits, adult males with schizophrenia , 1626
H. J. Eysenck's vs J. A. Gray's theories of biological bases of personality traits & brain functioning in individual differences, 14357
haloperidol, NMDA receptor mediated corticostriatal neurotransmission & vacuous chewing movements, male rats, animal model of tardive dyskinesia, 4165
icv injection of streptozocin, cognitive performance & biochemical markers in septum & hippocampus & striatum, rats, animal model of sporadic Alzheimer's disease, 23566
in vivo potency of methylphenidate vs cocaine in striatum vs cerebellum dopamine transporters for abuse liability, 30–40 yr old normal vs cocaine abusers , 30065
inescapable stress & learned helplessness, c-Fos-like immunoreactivity expression in brain, male rats, 23354
interactions with mother vs familiar nondepressed adult, frontal electrical brain activity, 13–15 mo olds of depressed mothers , 36702
issues in lesion studies to establish brain systems involved in memory processes, 478
landmark-based morphometric analysis & image averaging on brain sites & structural changes in 1st-episode schizophrenia, patients with schizophrenia, 24251
linking mind & brain during responses to group analytic therapy, 18602

lipid peroxidation products & antioxidant enzyme levels in brain & role of MAO inhibitors in reducing oxidant stress, young vs aging male albino rats, implications for free radical theory of aging, 16984
lithium, regulation of gene expression of thyroid hormone receptor isoforms in brain, euthyroid male rats, 20296
localization & innateness & domain specificity of language & infant brain, 30155
M. McGraw's neurobehavioral theory of brain contribution in infant behavioral development, 7390
M. McGraw's theory of brain in infant growth & development of function, 7442
magnetic resonance spectroscopy, differentiation of frontal white &/vs temporal gray matter neurochemistry in healthy vs pathological aging, 62–83 yr olds with probable Alzheimers disease, 8659
mating & Fos-immunoreactive neuronal expression in brain, male macaques, 23331
mechanisms of action of mood-stabilizing agents, implications for treatment of mood disorders, 12210
medical science study of human brain & communication biology & use of psalics, implications for conceptualization of mental health problems, 7011
methods for identification & correction for stimulus-correlated motion in generic brain activation studies, 25–45 yr old schizophrenics, 14538
methylphenyltetrahydropyridine, Parkinson symptoms & brain levels of dopamine & DOPAC & HVA, minipigs, animal model of drug induced parkinsonism syndromes, 20339
mixture model mapping of brain activation in functional magnetic resonance imaging data, 13538
modeling of paradoxical brain-lesion effects & rules of inference for brain structure & function, 29873
morphology of CalbindinD28K immunoreactive cells & processes in hippocampal formation & prefrontal cortex, postmortem 43–68 yr olds with schizophrenia, 24263
MRI measures of brain structural abnormalities associated with mood regulation & clinical & demographic characteristics, patients with bipolar disorder, 14508
multiple neuropsychological abnormalities without radiological changes following brain irradiation, 56 yr old male, 34676
naloxone & beta funaltrexamine, morphine-d-glucuronide induced behavioral excitation in hippocampal &/vs other brain regions, male rats, 26781
naltrexone in ventral tegmental vs dopaminergic area of mesocorticolimbic system, cocaine self-administration behavior, male rats, 13800
neonatal monoaminergic depletion in neocortex & hippocampus, novel odor discrimination & passive avoidance & locomotor activity, adult mice, 7024
nerve growth factor & anti-nerve growth factor injections into higher vocal center, song behavior & neuropeptide Y distribution in brain, adult male zebra finches , 20099
neural mechanisms & hemispheric specialization & limbic system, motivational basis of working memory in anxiety, 7919
neural mechanisms in relationship between anxiety & fear & stressor controllability, implications for understanding of learned helplessness, 8188
neural mechanisms of deviancy & target detection & temporal characteristics of brain activation by combining electrophysiological & hemodynamic measures of auditory oddball task, 20–28 yr olds, 10482
neurobiological role of brain serotonergic function as factor in setting threshold for acting on suicidal impulses, 11543
neuroethology of spatial learning & mechanisms, insects & birds & humans & other mammals, 13524
neuropsychological & brain structural abnormalities before onset of schizophrenia, 4939
neuropsychological correlates of simple 2-choice guessing, 29–41 yr olds, 13537
neurotoxic effects of neonatal administration of phenytoin on postnatal brain development, newborn mice, implications for human development, 13744
novelty P3 & P300 component of the brain ERP, students (mean age 19.5 yrs), 20190
nutrient/caloric intake, EEG activity & auditory ERPs, college students, 29900
oral clozapine, distribution of clozapine & desmethylclozapine between blood & brain, male rats, 17120
orthographic & syntactic aspects of processing of visual characteristics of verbal stimuli by brain, male 18–43 yr olds, 3937
otitis media with effusion caused conductive hearing loss & reversible binaural hearing impairment & short & long term effect on hearing & brain, ferrets, 36439
patterns of brain activation during verbal episodic retrieval, 55–67 yr olds with Alzheimer's disease, 24778
patterns of brain activity & distinction between anxious apprehension vs anxious arousal vs depressed vs comorbid groups, college students, 30784
pediatric psychopharmacology & interaction between drugs & developing brain, 5605
perceptual processing of cortical activation associated with 28–36 yr olds, 36433
periodic isolation stress as neonate, brain dopamine systems & response to amphetamine & behavior, rat pups, 7063
physical handling stress & potassium stimulation, glutamate in prefrontal cortex & ventral tegmentum & locus coeruleus, male rats, 33257
positive & negative symptoms & relative regional cerebral perfusion, 20–41 yr old antipsychotic-naive patients with schizophrenia or schizophreniform disorder, 30734
positron emission tomographical analysis of sensory & affective components of pain & pain perception & thresholds in brain, healthy male 23–75 yr olds, 10460
possible dynamic imbalance of neocortical–subcortical interactions in etiology of early-onset schizophrenia, 37358
potential adverse effects of glucocorticoids on brain/hippocampal functions, humans & animals, implications for PTSD, 23523
prenatal polychlorinated biphenyl congeners, brain & perirenal fat exposure levels & open field & maze behavior & passive avoidance & haloperidol induced catalepsy, rats, 20297
presence of α-tocopherol transfer protein in brain, patients with ataxia with vitamin E deficiency or Alzheimer's disease or Downs syndrome or cholestatic liver disease or abetalipoproteinemia, 24793
proboscis extension response assessment of effects of dopamine & serotonin & putative receptor ligands in alpha lobe of mushroom body, honeybees, 630
proopiomelanocortin vs proenkephalin opioid peptide systems in the brain regions, ethanol-preferring C57BL/6 vs ethanol-avoiding DBA/2 male mice, 30013
properties of ionotropic glutamate receptor channels in sacral dorsal commissural nucleus, rats, implications for nociception, 20162
race differences in brain morphology & neuropsychological function in schizophrenia, review of psychiatric journals, 1994–96, 14562
rate of regional cerebral blood flow as index of functional activity of brain regions at various levels of reactive anxiety, 18–43 yr old males, 26710
regional brain distribution of neurotensin vs galanin vs neuropeptide Y vs neurokinin A vs calcitonin gene-related peptide vs substance P, male vs female rats , 13586
repeated injections of venlafaxine, receptor binding in alpha1-adrenergic & dopaminergic & serotonergic receptors, male rats, 30027
revised Talairach-based automated method for pediatric group, lobar brain region measurement, healthy children & adults vs girls with Rett syndrome, 32680
role of chemosensory neurons in smell & taste perception, Drosophila melanogaster larvae, 26599
role of cholinergic systems of the dorsal & ventral striatum in controlling learned movements, rat, 3837
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness & relation to auditory hallucinations in schizophrenia, commentary, 30711
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, 14548
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, comment, 34143
role of hydrocortisone & other glucocorticoid hormones in stress induced impairment of neuronal function & contribution to brain aging & cognitive impairment, 7070
semisynthetic speech generation for generation of speech stimuli in cognitive brain research, 33183
serotonin neurons in dorsal raphe nucleus, firing frequencies & burst activity, alcohol preferring vs alcohol nonpreferring vs Wistar rats, 33232
sexually-dimorphic patterns of cortical asymmetry & role of sex steroid hormones in determining cortical patterns of lateralization, humans & nonhumans, 3942
short vs long photoperiod, neural estrogen & progestin receptor immunoreactivity in brain regions & lordosis, ovariectomized female hamsters, 3883
short vs long term memory tasks requiring automatic vs retrieval & organizational processes, cerebral blood flow & brain activation, HIV plus males with vs without minor cognitive motor disorder, 21507
short-term vs long-term effects of oral choline, metabolite concentrations in human brain, 24–34 yr olds, 29988
significance of mutual complementarity principle in organization of neurophysiological processes with diverse amplitude & temporal characteristics simultaneously taking place in brain, 26602
single high altitude exposure, brain MRI & neuropsychological testing, 31–48 yr old male climbers, 29761
single-cell physiological approach for examination of functional brain architecture in monkeys & relation to working memory & disordered cognition in schizophrenia, 34156
sodium cyanate, glutathione homeostasis in brain & liver, rats & mice, implications for mechanisms of cyanate neurotoxicity & cassava-associated neurodegenerative diseases, 10672
stress & dysregulation of brain reward pathways & drug dependence, 4188
stress of maltreatment experiences in childhood & adverse brain development, maltreated 6.7–17 yr olds with PTSD, 24327
structural & functional asymmetries of brain & disturbances in schizophrenia, 14572
structural brain abnormalities & schizophrenia outcomes, 24290
structural brain changes, 50–76 yr olds with late-onset vs 50–75 yr olds with early-onset paranoid schizophrenia, 37391
stuttering associated with stroke related to damage in dominant hemisphere, 55–68 yr old males with vs without childhood stuttering, 24805
subcortical N-acetylaspartate & choline metabolites, HIV-positive patients with vs without cognitive impairment & clinical symptoms, 18311
superior vermal Purkinje cell placement, postmortem brains of patients with mental illness, 24136
system theory approach to link between psychodynamic concepts & brain neural organization, implications for psychotherapy , 8772
test of models of brain–behavior relationship & validity of statistical analyses, simulated & real stroke patients, 5347
testosterone treatment of females, brain distribution of vasotocin-like immunoreactivity, male vs female zebra finches, 36572
theories on spatial organization of brain biopotentials, 7127
theory for disorganized & reality-distortion schizophrenia as disturbances in multiple constraint organization between neurological subsystems in brain, 34185
tomographically assessed spatial & temporal aspects of brain activation during covert recitation of forward- vs reverse-sequenced word strings, 19–36 yr olds, 10468
tonic activation of NK-1 receptors during 2nd nociceptive phase of formalin test, male rats, 26544
topographic relationship of P300 between & auditory modalities & modality specific hemispheric differences, 20–33 yr old males, 33219
total brain & bilateral thalamic volumes, patients with paranoid-type schizophrenia, 24239
tyrosine-free amino acid mixture, catecholamine synthesis & release in brain, male rats, 10619
unilateral vs bilateral lesions in lateral mammiliary nucleus, generation of head direction signal cells & cell activity in anterodorsal thalamus, male rats, 26577
use of metrics in brain imaging studies of cognitive processes & example from single cell studies & study on shaping of brain by early exposure to native language, 562
validity of visual rating of medial temporal lobe atrophy on coronal magnetic resonance imaging scans, 30–83 yr old patients with dementia, 31336
vasopressin, fos protein expression in brain & enhancement of memory consolidation, male rats, 23341
viewing objects in natural vs unnatural vs achromatic colors, brain activity, adult males, evidence for 3 stages of color processing in human brain, 3949
virtual-environment presentation of graphically-modeled brain morphological data, 29774
visually learned context generalization & content-independent memory retrieval & involvement of mushroom bodies, fruit flies, 33066
volume of neocortical subdivisions & subcortical structures & midsagittal areas, twins with reading disabilities vs normals, 37688
within-pair differences in midlife cardiovascular risk factors & health history & behaviors & brain morphology, 42–56 yr old monozygotic male veteran twins, 25 yr study, 18327

Brain Concussion—Serials
anxiety associated with PTSD & postconcussive symptoms, 16–65 yr olds with mild traumatic brain injury , 21541
brief cognitive behavioral interventions for postconcussive syndrome, patients with mild traumatic brain injury, 8793
clinical & neuropsychological & forensic considerations of motor vehicle accident induced postconcussion syndrome & whiplash & PTSD, 4850
clinical variables & neurobehavioral test scores as prediction of post-concussive syndromes, 16–74 yr old minor head injury patients, 6 mo follow up, 18241
expectation of persistent postconcussion syndrome, etiology & maintenance of syndrome, male athletes with minor head injuries, 34628
guidelines for identification & management of sports concussion, commentary, 37856
recovery from post-concussional syndrome, 16–26 vs 40–56 yr olds with mild head injuries, 2068
Brain Concussion—Chapters
The pharmacologic treatment of mild brain injury, 25245
Postconcussional disorder: Background to DSM-IV and future considerations, 24873
Brain Damage [See Also Brain Concussion, Traumatic Brain Injury]—Serials
"frontal" neuropsychological tests & existence of central executive, adults (mean age 46.2 yrs) with frontal lesions, 2024
ability to bisect lines & copy rectangles bisected in their midplane, 50–69 yr old male patients with left unilateral neglect, 21558
ability to solve real-life types of problems & performance on tests of executive function, adults with unilateral left- or right-sided lesions with vs without damage to the frontal lobes, 24789
acoustic correlates of perceptually flat affect, 31–83 yr olds with right hemisphere damage, 28194
apolipoprotein E ε4 status & medial temporal lobe atrophy & white matter lesions on MRI, patients over 60 yrs old with AD or vascular dementia or dementia with Lewy bodies, 34605
assessment of & treatment for cognitive & social-emotional deficits associated with mesial orbitofrontal damage, 47-yr-old female with an isolated right orbital frontal lesion, 34665
autism & visual agnosia, 13 yr old female with right occipitotemporal damage, 2039
awareness of social & emotional competencies, patients with orbital vs ventromedial frontal lobe damage, 28176
behavioral & anatomical features of ipsilesional neglect, patients with spatial neglect, 31261
bilateral anterior temporal lobe damage, postencephalitic focal retrograde amnesia, 43-yr-old female, 28207
biological basis of development of self concept based on evidence for perceptual disorders & other neuropsychological findings in cases of focal brain injury, 14998
biological mechanisms & cognitive sequeli & inflammatory pathogenesis in Alzheimer's disease, 31227
blindsight as distinct neuropsychological phenomenon, persons with damage to primary visual cortex, 31258
blindsight in philosophical/theoretical debates regarding raw constituents of consciousness, 31245
brain abnormality, individuals with schizophrenia, 21148
brain imaging, 35 yr old male with hemimicropsia, 37860
brain MRI & total lesion load & age & sex, cognitive performance, 24–68 yr olds with cerebral autosomal dominant arteriopathy, 18251
brain organization for language, 8–33 yr olds with early vs late onset of left-hemisphere lesion, 24834
brain processes responsible for organization of conscious experience in relation to blindsight & neglect, 31304
bromocriptine, visual search, 41–69 yr old patients with right hemisphere lesions, comment, 37813
bromocriptine, visual search, 41–69 yr old patients with right hemisphere lesions, comment, 37838
case studies & influential theories of semantic memory & living vs nonliving object recognition, patients with category-specific recognition impairments, 18372
categories of unconscious visually guided behavior in blindsight, persons with lesions of the visual cortex, 31278
category-specific word fluency, 16–50 yr old non-aphasic epilepsy patients with right vs left temporal lobe lesions, 5361
childhood traumatic brain injuries, academic performance & behavioral & emotional control & activity level & interpersonal interaction, 11–20 yr middle & high school students vs juvenile delinquents, 5358
chronic lithium, neurological deficit & brain infarct induced by occlusion of left middle cerebral artery, rats, 4233
cognitive & physical rehabilitation & neuropsychological performance at 3 & 8 wks postinjury, 49 yr old male with brain injury following cardiac arrest, 32016
color constancy & visual perception, 25–72 yr olds with unilateral lesions in parieto-temporo-occipital & fronto-parieto-temporal cortex, 18414
concepts & goals & organization of resources & questions arising in & phases of rehabilitation for adults with severe traumatic brain injury, 8646
conscious awareness & learning & memory, animals & patients with hippocampal damage, 34623
contingent instructional-pacing, stereotypic motor behavior, 15 yr old male with acquired brain injury , 34877
control of hand velocity in cross-hemispace arm movement pointing task, 43–81 yr olds with right hemisphere lesions & left sided neglect, 5364
cortical language functions of lexical access & semantics, patients with thalamic lesions, 28140
cortical plasticity & Hebbian learning mechanisms in & predictors & principles of guided rehabilitation & recovery from brain damage, 32022
corticosteroid induced hippocampal damage, neuroendocrine abnormalities & cognitive & memory impairment in mood disorders, 34095
CT & MRI diagnosis of Marchiafava-Bignami disease & assessment of corpus callosum lesion origin & neuropsychological deficits & symptoms, 42 yr old female with alcoholism, 11888
D-amphetamine, regional accumulation of lactate & free fatty acids in brain, rats with fluid percussion brain injury, 4136
D. F. Benson's ideas about role of insula in language & aphasia, 14995
decision making & deliberation time, adult chronic opiate vs amphetamine abusers vs adults with orbital prefrontal vs dorsolateral/medial prefrontal damage vs lowered tryptophan, 14754
decision-making performance, 19–58 yr olds with amygdala vs ventromedial prefrontal cortex damage, 28123
deficits in emotion & social conduct regulation & neuropsychological assessment, 50-yr-old male Vietnam veteran with right frontal ventromedial lesion, 34619
deficits in semantic & lexical processing after brain damage & implications for models of normal language processing, 18422
deficits in visual information processing, visual repetition priming & encoding in implicit memory, adult patients with unilateral brain damage, 34625
detection of emotion in music, patient with brain damage vs normal Ss, 5389
development of memory & socioemotional behavior after hippocampal damage incurred in infancy or in adulthood, monkeys, implications for origin of psychosis, 29765
developmental intervention of multisensory stimulation, neurobehavior & neurodevelopment, preterm infants with periventricular leukomalacia, 15506
developmental trajectories in literal or familiar idiom phrase comprehension, adults vs children with brain damage to right or left hemispheres, 21568
diffuse weighted MRI, detection of long term changes in cerebral connections & neural development & evaluation of diseases that affect white & gray matter, 34674
directed attention & RT with vs without advance information, 18–48 yr olds with frontal vs temporal lobe lesions, 8638
dissociation between structural face discrimination & facial individuation, 57-yr-old male with severe prosopagnosia from right-hemispheric occipito-temporal lesion, 28126
divided attention, temporal processing, adult patients with lesions in cerebellum vs prefrontal cortex, 8614
duration of disorder & degree of cognitive impairment, patients with unilateral temporal lobe epilepsy with or without anterior temporal lobectomy, 6 mo followup, 31254
effects of brain damage on developmental pragmatics, 31182
egocentric reference & pointing, 40–94 yr olds with extensive right partial brain damage, 28131
electrodermal activity to & RT & psychologically significant stimuli, patients with brain damage (mean age 48.2 yrs), 37925
emotional vs nonemotional lexical perception, patients with right brain damage (mean age 67.1 yrs) vs left brain damage (mean age 63.2 yrs), 37821
event related cortical potentials during auditory semantic & syntactic processing of sentences, 26–58 yr olds with cortical vs subcortical left hemisphere lesions, 31224
excitotoxicity & peri infarct depolarizations & inflammation & apoptosis to delayed mechanisms of damage in peri infarct zone or ischemic penumbra & development of ischemic stroke, 34620
exploration for non-existent tactile target in peripersonal space without vision, 48–79 yr old patients with unilateral neglect & right hemisphere lesions, 5363
facial recognition, 5.25–20.33 yr olds with left vs right hemisphere damage after perinatal or prenatal stroke, 18344
fluoxetine or sertraline or paroxetine in treatment of emotional incontinence with pathological laughing or crying, adult & elderly males with traumatic brain injury or multiple sclerosis or posstroke, 2064
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, 10396
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, comment, 10400
formal operator training, intra- & inter-observer reproducibility of MRI lesion load measurements of patients with multiple sclerosis, naive technicians, 32111
forms of selective semantic impairment & existence of semantic subsystem specific to visual attributes of animate & inanimate objects, 67 yr old male with severe brain damage, 2021
frequency judgments of abstract designs, patients with diencephalic lesions from Korsakoff's syndrome vs temporal lobe vs frontal lobe lesions, 8674
functional imaging for neuropsychological assessment of necessary & sufficient neural systems, 50.5 yr old male with frontal & parietal & temporal lobe damage, 29407
functional organization of activation patterns, healthy 9–12 yr olds vs 12-yr-old with left-hemisphere encephalomalacic lesion, 24784
functionality of tools vs birds & semantically different exemplars as predictors of identifiability, 71 yr old male with stroke & category-specific recognition deficits, 28143
Gamma Knife radiosurgery, neuropsychological functioning, patients with ateriovenous malformations, (aged 31-62 yrs), 35074
Gerstmann syndrome, 59–yr old male with left subcortical angular gyrus ischemic lesion, 31280
global visual object recognition & auditory melody & other processing, 13 yr old female with right temporal lobe lesion, 28173

grouping by alignment of implicit axes, perception of simultaneously presented shapes, male 57 yr old with Balint's syndrome, 37818
hemispatial neglect without extinction, male 71 yr old stroke patient with right parietal lobe damage , 28134
high frequency EEG discriminant analysis, adults with vs without mild brain injury, 34683
hypotheses & forms of autism based on brain damage vs idiopathic causes, 18121
identification of locus of functional impairments in speech prosody via stress shift, fluent & non-fluent 38–54 yr old males with right vs left brain damage with vs without aphasia, 18378
impaired self-awareness & finger tapping & rehabilitation outcome after brain injury, 18407
impairment & lateralization of procedural learning & relation between visuomotor & verbal sequence learning & working memory & executive function, 19–69 yr olds with prefrontal cortex lesions , 24780
impairment in written number name to Arabic transcoding, 70 yr old male with brain damage, test of McCloskey's cognitive model of numeral processing, 28182
instruction based cognitive rehabilitation intervention, visual processing, Ss with acquired brain injuries (mean age 38 yrs), 38584
intelligence scores from 2–38 yrs, female craniopagus twins separated at 4 mo, 18266
interhemispheric transfer of auditory vs motor vs tactile vs visual information, 8–16 yr olds with mild–severe closed head injury with vs without corpus callosal damage, 28124
intonation unit production in conversational discourse, 20–54 yr olds with closed head injury, 18446
intra & interhemispheric transfer processes during programming of pointing with preferred vs nonpreferred hand & relation to RTs, 22–35 yr old right vs left handed males with vs without brain damage, 28210
IQ, attentional set-shifting ability, 26–64 yr old inpatients with chronic schizophrenia with vs without frontal lobe lesions, 27698
issues in lesion studies to establish brain systems involved in memory processes, 478
item analysis & age & education corrections for long & short forms of Speech-Sounds Perception Test, patients with diffuse brain damage vs referrals for neuropsychological assessment, 3336
kainic acid challenge response & motor function & cognitive processes in water maze task, 4 background inbred mouse strains, 10450
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary , 11876
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary reply, 11896
knowledge impairment of visual & non-visual attributes, 22 yr old female brain-damaged patient with semantic impairment for living entities, 2083
left sided neglect, deficits in representation of spatial & mechanical properties of body & body image, 47–73 yr olds with left vs right hemisphere lesions, 5325
lesion configuration & neuropsychological deficits in depression, patients 35–78 yrs old with left hemisphere vs 33–69 yr olds with right hemisphere strokes & depression , 37303
lesion localization & time of disease manifestation, patients with poststroke hand dystonia, 5291
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, 2041
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, erratum, 8632
localization vs counting, visual awareness, patients with visuospatial neglect following parietal damage, 34686
mechanisms underlying spatial attention, female left handed 79 yr old with hemispatial neglect, 28160
medroxyprogesterone acetate in treatment of hypersexuality & sexual aggressiveness, 36-yr-old severely brain injured nursing home resident, 5729
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, 34677
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, commentary, 34678
mental representation in terms of feature-based vs atomistic theories of lexical concept formation & classification, brain-injured patients with semantic deficits, 31209
mirror agnosia & mirror ataxia, 36–77 yr olds with unilateral parietal lobe lesions, 34606
mitochondrial genome lesions in pathogenesis of sporadic Alzheimer's disease, 34659
motor dominance & praxis & left motor apraxia & visuomotor learning, left handed 54 yr old with callosal disconnection syndrome following corpus callosum ischemic infarction, 14987
narrative elicitation task, discourse coherence & cohesion, adolescents with brain injury, 34655
needs of parents of 6 wk to 4 yr olds with Acquired Brain Damage during hospitalization, 25501
neural correlates of music & effect of music therapy on activation of preserved neural pathways, people with brain damage, 28557
neuroanatomical & neuropsychological correlates, 26 yr old female with massive bilateral prefrontal damage of unknown etiology, 18385
neuroanatomical substrates & distinguishing clinical features of & drug therapy for pathological laughter, 67 yr old male with 20 yr history of involuntary unremitting laughter following brain injury, 21581
neuroanatomical substrates of cognitive process dysfunction & humor appreciation ability, 18–70 yr olds with right vs left frontal lobe damage, 21602
neurologic signs of cerebellar & cortical sensory dysfunction, patients with schizophrenia & their relatives vs patients with bipolar disorder & patients with substance abuse disorder, 11420
neuropsychological dissociation in impaired visual repetition priming & recognition familiarity, 32 yr old male with lesion to right occipital cortex, 2100
neuropsychological evaluation used to diagnose & target treatment to encephalic focal lesion, 81 & 87 yr old females presenting with acute confusional state, 8615
operational method for determination of classification of motion of stimuli within defective vs nondefective visual field area, 40-yr-old male with left occipital lobe lesion, 31289
optometric assessment of vision disorders & rehabilitation, patients with acquired brain injury or dyslexia, 5907
pathogenesis & lesion localization & recovery, 30–91 yr olds with global aphasia without hemiparesis syndrome, 18 mo study, 14986
pattern reversal & photic stimuli, 2 dimensional visual EPs, healthy 18–46 yr olds vs 21 & 72 yr old patients with left posterior brain lesions, 24795
perceived taste intensity & quality, 27–65 yr olds with damage to insular cortex, 31305
perceptions of changes in weights in right vs left hands, 50 & 65 yr old females with right frontal vs right parietal damage, 5319
performance on supplemental measures of Wechsler Adult Intelligence Scale—Revised as Neuropsychological Instrument, adults with vs without brain injuries, 5381
performance on Twenty Questions task, patients with frontal or temporal lobe epileptic disturbances, 15046
planning & organizational abilities, patients with frontal lobe lesions, 8651
play & nonplay social behavior, male rats with vs without neonatal Borna disease virus infection, model of autism, 13579
pointing & grasping performance with vs without on-line visual feedback, 53 yr old male with unilateral visual neglect after right hemisphere damage, 28148
position of egocentric reference & RT & accuracy of production of lateralized arm movements, 40–69 yr old right-brain damaged patients with vs without left neglect, 5320
possible relationship between brain damage & offending, 37886
posterior association cortex lesions, flanker effect in motor responses to color discrimination task, 47–83 yr olds with lesions of temporoparietal junction vs posterior association cortex, 5398
poststroke lesion size & location & impairment, depression, hospitalized stroke patients, 2 yr study, 15042
prediction of neurodevelopmental outcome using cerebral proton magnetic resonance spectroscopy & structured neonatal neurological assessment, infants with presumed hypoxic-ischaemic brain injury, 1 yr followup, 34604
predictors of mortality in relation to severity of cognitive impairment, 65–85+ yr old nursing home residents with Alzheimers disease, .1–4.8 yr followup, 31229
presence of paraventricular area & thalamus lesions following cerebrovascular infarctions, 74 yr old male with mild dementia syndrome & delusions of jealousy, 2088
presenting symptoms & surgical treatment of 71-yr-old female with Gerstmann's syndrome resulting from chronic subdural hematoma, 5372
problem solving ability, patients with schizophrenia vs unilateral prefrontal lesions vs temporal lobectomies, 24283
processing of color & form information in blind field using flanker task, male 66 & 88 yr olds with right or left visual field hemianopia following stroke, 2022
processing of multiple acoustic-prosodic cues for comprehension of sentences with surface structure ambiguity, aphasic vs right hemisphere damaged adults, 28120
progesterone, avoidance learning & neuronal death following ablation of prefrontal cortex, rats, 7162
reaction time performance on predictable task-shifting task, patients with frontal or temporal lesions, 28125
recognition memory for delayed complex visual stimuli, amnesic 59–80 yr olds with vs without complete damage to perirhinal cortex, 8611
recognition of emotion in facial expressions, 28–73 yr olds with bilateral amygdala damage, 34603
recognition of emotional responses to stimuli in several sensory modalities, 22–42 yr olds with bilateral vs unilateral amygdala damage, 37806
recognition of emotional similarity in facial expressions, 59 & 73 yr old males with bilateral amygdala damage, 34637
recurrent & continuous forms of motor perseverations in motor intentional disorders & association with frontal lesions, 5301
redundant-target effects for visual search following complete commissurotomy of corpus callosum & hippocampal & anterior commissures, adults with brain damage, 18406
relation between neuroimaging & neuropsychological symptoms, 20–55 yr old patients with late whiplash syndrome, implications for presence of brain damage, 21597
relationship between reported awareness & confidence ratings in motion perception & discrimination, 41-yr-old male with damaged primary visual cortex, 2082
relationship between self-ratings of function & self-rated health & mortality, evidence of brain infarcts at autopsy, 75–102 yr old female nuns, 34635
residual chromatic visual capacity of moving stimuli, 41 yr old male with unilateral lesion to striate cortex, 5350
retrograde amnesia & remote & autobiographical memory ability, patients with diencephalic vs temporal vs frontal lobe lesions, 28171
right parietal cortex involvement in conjunction vs subset search, patients with right parietal lobe lesions (mean age 56.7 yrs) , 31178
role of caudate nucleus in ocular motor control tasks of memory-guided saccades, 45-yr-old male patient with bilateral caudate lesion, 21613
role of egocentric frame of reference in spatial bias & left sensory neglect, 47–80 yr olds with right brain damage, 28122
role of hippocampus in long-term spatial memory, 76 yr old amnesic male patient, 29651
role of stress response gene in neuron survival, rats, animal models of stroke & epilepsy, 433
role of stress response gene in neuron survival, rats, animal models of stroke & epilepsy, commentary, 430
selective apraxia for transitive gestures, male 74 yr old with left temporo-parietal infarction, 27828
selective semantic deficit for living things & role of conceptual structures, 37 yr old male with brain damage, 2062
selective sparing of body parts category in context of impairment for all other semantic categories, 55 yr old female with neurological damage, 2085
sentence length, production of linguistic stress, 37–79 yr olds with left vs right brain damage, 18343
spatial attention orienting, 13–42 yr olds with autism vs 15–75 yr olds with cerebellar damage from tumor or stroke, 28208
spatial deficits & frontal & parietal lobe damage, adults with ideomotor limb apraxia, 31238
spatial influences, motor & language function, Ss with parietal lesions, 24794
speech dysfluency & crossed aphasia & other neurobehavioral deficits, right handed male 38 yr old with right cerebral infarction, 37892
spermine with vs without diazepam & dizocilpine, acquisition & inhibition & retention of spatial learning in Morris water maze & cerebral lesions, rats, 3830
spontaneous confabulations & amnesia, 44 yr old male with orbitofrontal & basal forebrain damage after hemorrhage from anterior communicating artery aneurysm, 31308
stereotactic posteroventral pallidotomy, 36 yr old female patient with severe & refractory generalized dystonia, 5755
stimulus size & item number, magnitude & direction of error on center estimation & line cancellation tests, patients with left vs right hemisphere lesions, 5380
Strategic Management Simulation technique, difficulties in real-world challenges & complex decision making, 48-yr-old female with right orbitofrontal damage after traumatic brain injury, 32686
stress-related brain damage, 18351
structural brain abnormalities as marker for genetic liability for schizophrenia, schizophrenic patients (mean age 37.5 yrs) & unaffected first-degree relatives, 4959
structural cerebral damage, patients with mild head injury (mean age 31.6 yrs), 34680
stuttering associated with stroke related to damage in dominant hemisphere, 55–68 yr old males with vs without childhood stuttering, 24805

successful valproate treatment of brain injury-induced rapid-cycling affective disorder, male S, 35002
task complexity, interference vs negative priming vs inhibition of return selective attention processes, patients with right vs left frontal vs posterior vs bifrontal brain damage , 31325
temporal stability of neurological abnormalities, 26–45 yr old 1st episode patients with schizophrenia, 5 yr follow up, 34174
test-retest scores in neuropsychological assessments, patients with head injuries from mechanical impact (mean age 33 yrs), 1 & 2 yr follow up, 3340
timing of finger opening in overarm throwing & ball high-low overarm throw inaccuracy, patients with cerebellar damage, 31329
topographical disorientation, 70-yr-old female with hemorrhage in right medial parietal lobe, 2091
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, commentary, 5769
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, 5763
unimpaired word & nonword reading & written lexical decision, adult male with graphemic buffer impairment, 5352
use of proton magnetic resonance spectroscopy for detection of cortical dysfunction & correlation with neuropsychological testing, 47–74 yr old non-demented patients with Parkinsons disease, 31248
utility & validity & accuracy of self report & objective measures of fatigue, outpatients with brain injury , 3283
utility & validity of Judgment of Line Orientation Test & Facial Recognition Test, measurements for detection of unilateral cerebral hemisphere lesions, children with left vs right cerebral lesions, 19642
utterance length & complexity, speech timing subsequent to brain damage, 47–69 yr old left hemisphere aphasic & right hemisphere damaged patients, 18346
verbal working memory system in sentence comprehension, normals vs patients with brain damage, commentaries & reply included, 16572
visual EP latency variance & signal-to-noise ratio & interhemispheric transfer time, normal volunteers vs acallosal patients, 8610
visual field recovery, 31 yr old female with bilateral occipital lobe damage, 10 yr followup, 24839
working memory, performance of simple span & response tasks, patients with brain lesions of dorsolateral prefrontal cortex, 37823

Brain Damage [See Also Brain Concussion, Traumatic Brain Injury]—Chapters

Brain and behavior, 21018
A brief overview of four principles of neuropsychological rehabilitation, 35313
Central case management and postacute rehabilitation in Denmark, 35312
The CRBI at the University of Copenhagen: A participant–therapist perspective, 35303
Egocentric and object-based visual neglect, 31350
Empirical support for neuropsychological rehabilitation, 35316
The European Brain Injury Questionnaire: Patients' and families' subjective evalualtion of brain-injured patients' current and prior to injury difficulties., 32691
Meaning but not words: Neuropsychological evidence for very short-term conceptual memory, 28222
Milieu-based neurorehabilitation at the adult day hospital for neurological rehabilitation, 35309
Models and programs of the Center for Neuropsychological Rehabilitation: Fifteen years experience, 35317
Neuroplasticity: Evidence from unilateral brain lesions in children, 37928
Neuropsychological postacute rehabilitation, 35304
Novel approaches to the diagnosis and treatment of frontal lobe dysfunction, 34695
The Oliver Zangwill Center for Neuropsychological Rehabilitation: A partnership between health care and rehabilitation resesarch, 35319
Postacute neuropsychological rehabilitation: A holistic perspective, 35301
Psychosocial aspects of neurological impairments in children, 28223
Shock treatment IV: Resistance in the 1990s, 31744
Spatial frames of reference and somatosensory processing: A neuropsychological perspective, 31356
Spatial orientation and the representation of space with parietal lobe lesions, 31352
Testing for spatial brain dysfunction in animals, 3673
Therapeutic milieu day program, 35305
Ventromedial temporal lobe pathology in dementia, brain trauma, and schizophrenia, 27506

Brain Damaged [See Also Minimally Brain Damaged]—Serials

accuracy of traditional clinical memory measures vs memory assessment instrument emphasizing ecological relevance, differentiation of degrees of everyday memory functioning, brain injured adults, 29377
activation of intact spatial representation in visual modality, competition of left vs right representation of space in tactile modality, right-hemisphere lesioned patients , 2049
afferent dysgraphia, vision in handwriting, 41 yr old female with right brain damage, 21546
amantadine & adjunct dopaminergic drugs, frontal lobe dysfunction, 40 yr old female with bilateral frontal traumatic brain injuries & previous arteriovenous malformation bleed, 15413
anticipatory anxiety, skin-conductance-assessed peripheral autonomic arousal vs verbally reported emotional experience, patients with right vs left vs no hemisphere damage, 31321
availability of syntactic information regarding words which could not be sound retrieved, college students in tip of tongue state & 31 yr old brain damaged male speaker in anomic state, 24854
awareness of anosognosia, 44 yr old male who developed dysexecutive syndrome & moderate learning deficit following head trauma, 11868
bimanual coordination, 62 yr old female & 39 yr old male with lesions of the cingulate gyrus or corpus callosum & supplementary motor area, 18426
cerebral blood flow during rest vs listening to sentences vs sentence repetition, language organization, patients with left-hemisphere lesions developed early vs later in age, 21588
cognitive neuropsychological & model based assessment & treatment of acquired dysgraphia, semantic & graphemic processing, 45 yr old brain damaged female, 34614
confabulation with preserved memory verification & impaired memory search abilities, 40 yr old female patient with brain damage, 24796
consciousness & the label of developmental vegetative state as a self-fulfilling prophecy, 5–17 yr olds born with congenital brain malformations of the cerebral cortex, 31319
construct validity & intrascale reliability of Family form of the Frontal Lobe Personality Scale, measurement of neurobehavior, frontal lobe vs non-frontal brain damaged Ss, 35898
contribution of memory impairment & executive dysfunction to pathogenesis of false facial recognition, 51 & 67 yr old male patients with focal frontal lobe damage, 24841
control processes of frontal lobes in novel & conflicting & combined tasks, patients with post-aneurysmal prefrontal & vascular damage, 18376
correlation of alien hand syndrome & lesion sites, adult patients with anterior cerebral artery territory infarction, 31197
counselor role in cognitive & psychosocial & behavioral & educational interventions, school adjustment, students with brain injuries , 3000
damage to portion of primary visual cortex, reorganization of topographical maps in extrastriate areas, 41 yr old male with large calcarine lesion on primary visual cortex, 21529
deficits in spatial indexing, 31 yr old female patient with simultanagnosia following head trauma, 15019
development & psychometrics of Neurobehavioral Functioning Inventory, adults with head injuries, 36000
development & standardization of Iowa-Chapman Reading Test, brain damaged patients, 19641
discrimination & recognition of unfamiliar melodies & recognition of familiar melodies & their emotional tone, music agnostic female who sustained bilateral cerebral damage, 11924
disease & lesion characteristics, spatial characteristics of acoustic responses & right vs left hemisphere involvement, healthy 23–69 yr olds & 20–69 yr olds with cerebral cortex lesions, 18435
effects of frontal lobe lesions, control of movements during motor learning, patients with frontal vs temporal excisions (mean age 41 yrs), 37902
electrodermal non-response & negative symptoms, 16–60 yr olds with acquired brain injury, 28119
encoding & false recognition memory impairment, 54 yr old male patient with left frontal lobe damage, 24837
ERP correlates of lexical processing & repetition priming, 26–77 yr old stroke patients with anterior vs posterior lesions in dorsolateral prefrontal cortex, 2095
evidence supporting visual vs spatio-sequential components for non-verbal short-term memory & use of Visual Patterns Test to assess visual component, brain-damaged 15–86 yr olds & normal Ss, 32678
factors influencing behavior requests, 55.7–75.2 yr olds with right-hemisphere brain damage, 31192
false word recall & recognition, 29–65 yr old nonamnesic patients with frontal lobe damage vs amnesics with medial temporal lobe or diencephalic region vs medial temporal & frontal lobe damage , 24830
family differentiation based on Family Adaptability and Cohesion Evaluation Scales—II, 27–82 yr old primary caregivers of 16–68 yr old family members with brain injuries, 31262
frontal cortical areas & programming of trains of repetitive finger tapping movements, 22–51 yr old patients with frontal & temporal excisions & controls, 21575
frontal lobe lesions, neuropsychologic performance, 8–17 yr olds, 31218
fundamental frequency encoding of linguistic & emotional prosody, 29–87 yr old right hemisphere-damaged speakers, 34668
geometric information with vs without visual cue, spatial orientation, right brain-damaged patients with vs without hemispatial neglect, 8662
hemispheric & lobular foci of tactual stimulus recognition, male adults with left hemisphere with vs without parietal lobe damage, 37900
impairment at reading words & non-words mutilated with + symbol between each letter, 48 yr old male with neurological damage, implication for use of multiletter units in visual word identification , 11884
interhemispheric neural summation during visual RT task, 20–45 yr old males lacking the corpus callosum, 5324
internal consistency & discriminant validity of Luria Nebraska Neuropsychological Battery-III, discrimination of normal vs abnormal performance, normal & brain injured 14–89 yr olds, 29410
localized pontine lesions, auditory brain-stem ERPs & binaural processing, 44–80 yr olds with vascular disease, 5295
matching & imitation of hand & finger postures, patients with right vs left brain damage, 21557
nasal delivered lysine vasopressin, memory & learning deficits, severely head injured 18–55 yr olds, 31783
neural correlates of music & effect of music therapy on activation of preserved neural pathways, people with brain damage, 28557
partial least squares, brain tomography & left hemispatial neglect, acute stroke patients with right hemisphere damage, 21573
patterns of sensory dysfunction & correlations with MRI, 28–84 yr old patients with lateral medullary infarction, South Korea, commentary & reply, 8675
perception of first- & second-order motion, 41 & 66 yr old neurological patients with stroke induced focal unilateral lesions, 15047
perception of spatial distance in horizontal plane, 48–69 yr olds with unilateral right hemispheric lesions & spatial neglect, 8634
performance of visual–& tactile–spatial judgments of axis orientation in frontal plane, 45–61 yr old patients with left-sided visual neglect, 37863
performance on theory of mind tasks, 34–80 yr old patients with bilateral damage to orbito-frontal cortex vs unilateral damage in left dorsolateral prefrontal cortex, 2090
person-specific knowledge & knowledge of biological categories, 68-yr-old male patient with damage in right temporal region, 15016
pragmatic assessment & therapy for persons with brain damage, 32065
prediction of retrieval in face matrix learning task, patients with right posterior vs right frontal brain lesions, 18437
processing of sentence syntax or sequence information, patients with lesions in Broca's area &/vs prefrontal cortex, 8672
processing time & space components of semantic memory during script-generation tasks, patients with frontal lobe related impairments, 28155
relationship between blood glucose levels & performance in activities of daily living, 21 yr old male with acquired brain injury & Type I diabetes mellitus in behavioral rehabilitation, 31064
relationship of discourse to environment & organism, right-hemisphere brain-damaged Ss, 29601
remote memory loss for famous people & events with intact autobiographical memory, female 71 yr old with progressive right temporal lobe deterioration, 34652
reorganization of verbal memory from to right hemisphere, 19 yr old female with severe left mesial temporal damage, 11945
response of auditory evoked potentials to auditory stimuli, children (mean age 8 yrs 6 mo) with lesions of tuberous sclerosis complex with vs without autistic disorder, 37908

short-term memory & long-term learning & retention of lexical-semantic information, 73-yr-old patient with brain damage or amnesia, 11932
spatial ability, errors in topical coherence & spatial referential devises in ASL, right brain damaged 74 & 75 yr old male signers , 15015
spatial distribution of visual attention, 47–85 yr old brain-damaged patients with vs without left hemineglect vs extinction, 5407
stimulus context, 41–75 yr olds with right brain injury & left hemineglect, 2056
symptom experience & effect on daily living & well-being, individuals with hidden traumatic brain injury who identified themselves as nondisabled, 8628
tactile extinction, alteration of cortical somatosensory activations induced by hand vibration, 61–71 yr olds with right hemisphere stroke, 11860
time perception assessed by auditory stimulus & working memory task duration & attention & discrimination, 36–81 yr olds with focal vs unilateral neocerebellar vs prefrontal lesions, 5375
traditional vs relevance theories of sarcasm in normal & brain-injured populations, 31283
valence & motoric direction & arousal & emotion type & lesion side & site & size, perception of facial emotions, right- vs left-hemisphere damaged males, 37878
verbal learning & verbal memory, adolescents with brain damage, 15014
visual discrimination & attention, 27 yr old female with achromatopsia & prosopagnosia & memory loss following bilateral temporal lobe lesions, implications for monkey visual cortex, 8650
visual search & target enumeration, male 60 yr old with right temporo-frontal-parietal lesion, 37923
visual selective attention & response competition, 20–78 yr old patients with frontal lobe lesions vs with Parkinson's disease, 21572

Brain Damaged [See Also Minimally Brain Damaged]—Chapters

Application of cognitive rehabilitation techniques in psychotherapy, 38590
Challenged bodies, wounded body images: Richard III and Hephaestus, 24119
A cognitive neuropsychological approach to spatial memory deficits in brain-damaged patients, 5438
Group psychotherapy, 38382
Neuropsychological impairment: Challenges for therapeutic intervention, 37941
Psychotherapeutic issues in treating family members, 38387
Substance abuse interventions for people with brain injury, 38627

Brain Disorders [See Also Acute Alcoholic Intoxication, Aphasia, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chronic Alcoholic Intoxication, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Organic Brain Syndromes, Parkinsons Disease]—Serials

acute onset sharp short-lasting headache at vertex associated with laughing & Chiari type 1 malformation, 44 yr old female, 5229
apraxia characteristics, 63 yr old male with corticobasal degeneration vs adults with left-hemisphere stroke, 28185
brain biochemical abnormalities, 8–37 yr olds with Williams Syndrome, implications for role of cerebellum in cognitive deficits, comment & reply, 15001
brain electrical activity, Ss with hepatolenticular degeneration with & without neurological symptoms, 18365
brain volume abnormalities & disease severity, moderately vs severely ill male patients with schizophrenia, 11428
clinical & electrophysiological & neuropsychological evidence of prefrontal dysfunction & poor response to antidepressant treatment, elderly depressed patients (mean age 74.8 yrs), 31659
CT & MRI diagnosis of Marchiafava-Bignami disease & assessment of corpus callosum lesion origin & neuropsychological deficits & symptoms, 42 yr old female with alcoholism, 11888
early history of developmental skill & learning disorders as marker of cerebral status, adult patients with arteriovenous malformations, 11914
feasibility of 3-dimensional MRI morphometrics for examining ventricular morphology, 16–45 yr olds with schizophrenia, 11403
functional brain imaging in childhood neuropsychiatric disorders, 20995
Joubert syndrome & cognitive deficits & motor skills problems & behavioral problems & developmental delays, children, 37835
Joubert syndrome diagnosis & features of hypotonia & ataxia & developmental delay & hyperpnea & apnea & facial appearance & oculomotor apraxia, children, 37881
Joubert syndrome diagnosis & hyperpnea & apnea & abnormal eye movements & mental retardation & agenesis of the cellebellar vermis, sibling children, 37857
Joubert syndrome with borderline intellectual function & cerebral dysfunction & breathing & oculomotor disturbances & agenesis of the cerebellar vermis, 31-yr-old male, 30-yr follow-up, 37809
mental functioning, 6–62 yr old patients with arteriovenous malformations of the cingulate gyrus, 8612
methylphenidate treatment & childhood inattention-overactivity & aggression, prediction of outcome at age 21–23, 4–12 yr old males with hyperkinetic reaction of childhood/minimal brain dysfunction, 38292
neonatal borna disease virus brain infection, chronic emotional abnormalities & locomotor activity & defecation & freezing behavior, 3.3–4 mo old male rats, 26633
neurobehavioral aspects of clinical syndrome arising from abnormal function of reward system & leading to alcoholism & brain damage & criminal behavior, 34629
neurocognitive task performance, people with schizophrenia vs bipolar disorder, 37265
neurohistological & structural brain abnormalities in schizophrenia & mood disorders, 37256
neurophysiological function & brain structure, people with vs without bipolar disorder, 37328
parent's perceptions of family-centered & professional-provided caregiving & emotional well-being, parents of 3–5.9 yr olds with nonprogressive neurodevelopmental disorders, 11909
phenotype of schizophrenia as disruption in cortical-thalamic-cerebellar-cortical circuit & resulting cognitive dysmetria, 37347
presenting symptoms & surgical treatment of 71-yr-old female with Gerstmann's syndrome resulting from chronic subdural hematoma, 5372
prevalence of Royal College of Psychiatrists' consensus criteria for detection of reversible intracranial pathology & assessment of cognitive impairment, elderly patients referred for CT head scan, 31189
prolonged P3 latency & decreased brain perfusion in cerebellar degeneration, adults aged 46–74 yrs, 37917
psychosocial adjustment to seizure disorders & clinical usefulness of the Washington Psychosocial Seizure Inventory, 8622
relationship between visceral organ & brain mirror-image asymmetry & language functionality & lateral dominance, 33–49 yr olds with situs inversus totalis, 37762
representation vs production-execution deficits in apraxia, 60–76 yr olds with corticobasal degeneration, 28166
semantic vs repetition priming, facilitation of motor response to lexical stimuli, HIV+ patients with vs without cognitive impairment, 28072
spike triggered auditory ERPs & occurrence of EEG paroxysms, 6.7–7.5 yr olds with Landau-Kleffner syndrome, 5402
visuoconstructional drawing ability, patients with depression or neurologic compromise, 17777

Brain Disorders [See Also Acute Alcoholic Intoxication, Aphasia, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chronic Alcoholic Intoxication, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Organic Brain Syndromes, Parkinsons Disease]—Books

The changing nervous system: Neurobehavioral consequences of early brain disorders, 36472
Principles of neuropsychological rehabilitation, 28750

Brain Disorders [See Also Acute Alcoholic Intoxication, Aphasia, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chronic Alcoholic Intoxication, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Organic Brain Syndromes, Parkinsons Disease]—Chapters

Bedside frontal lobe testing: The ''Frontal Lobe Score'', 6656
Frontal lobe dysfunction and patient decision making about treatment and participation in research, 8689

Functional disorders, 21065
Illusory memories: A cognitive neuroscience analysis, 3344
Imidazoline receptors and human brain disorders, 27501
Infectious, inflammatory, and demyelinating disorders of the frontal lobes, 8034
Memory and the frontal lobes, 7110
Plasticity, localization, and language development, 37929
The psychobiology of attention-deficit/hyperactivity disorder, 24486
Role of the corpus callosum in the cognitive development of children with congenital brain malformations, 37936

Brain Injury (Traumatic) [See Traumatic Brain Injury]

Brain Lesions [See Also Hypothalamus Lesions]—Serials

'mouth-feeding' behavior, monkeys assessed after sequential pre- & post-central gyrus lesions, 3936
9-hole vs Skinner box, choice RT task, male rats with quinolinic acid injected into 2 sites in striatum, 3821
age at intrastriatal 6-OHDA lesion, effects of dopamine agonists on dyskinesias & rearing & grooming & gnawing & jumping & self biting behavior, adult rats, 20347
apomorphine induced striatal immunoreactivity, male rats with 6-OH-dopamine lesions, 23346
bilateral cerebellar interpositus-dentate lesions, short-term concurrent vs long-term taste aversion learning, male rats, 3665
bilateral cortical aspirations, pemoline induced self biting behavior, prepubertal male rats, animal model of self injury, 13531
bilateral NMDA lesions of the pedunculopontine tegmental nucleus, anxiety & learning in delayed nonmatching to position task, male rats, 486
bombesin injections into lateral parabrachial nucleus vs ip vs 4th ventricular routes, salt intake, area postrema-lesioned rats, implications for sites of antinatriorexic activity, 650
central 5-HT depletion, changeover behavior in concurrent schedule of reinforcement, female rats with dorsal & median raphe nuclei or sham lesions, 26568
cerebellar lesions, adaptation to laterally displaced prism & postadaptation shift during visual reaching task, monkeys, 20073
cerebellectomy, motor performance, Weaver mutant mice, 7052
clonidine & UK 14304 & methylphenidate & apomorphine & idazoxan & efaroxan, circling behavior, male rats with unilateral 6-hydroxydopamine lesions of nigrostriatal pathway, 17028
compensation in skilled reaching success with associated impairments in limb synergies after dorsal column lesion, female rats, 13563
different properties of visual stimuli, learning processes for visual differentiation, rhesus macaques with bilateral removal of parietal cortex field 7, 20092
dorsolateral tegmentum lesions, sociosexual behavior, male rats, 3846
electrolytic & chemical brain lesion of septal area, water & salt intake, rats, 3904
extensive neurotoxin lesions of hippocampus, path integration & homing in total darkness, rats, 10388
fear-conditioning & sham vs electrolytic lesions of periaqueductal gray, conditioned suppression & freezing, male rats, 36397
fimbria-fornix lesion, latent inhibition & spontaneous activity & 2-way active avoidance & delayed-non-matching-to-sample, male rats, implications for animal model of schizophrenia, 533
focal unilateral cortical lesions associated with psychomotor agitation or lethargy, adults & children with vs without mania vs depression, 11316
high vocal center lesion, sexual responsiveness to heterospecific vs highly vs weakly stimulating conspecific songs, female canaries, 460
hippocampal formation role in loft fidelity & landmark navigation, hippocampal lesioned homing pigeons, 5 yr study, 7090
hippocampectomy, development & recovery of conditioned reflex to time, rats with vs without initial training, 528
ibotenic acid-induced neuron loss in basal forebrain, alcohol consumption & defensive behaviors & impulsivity & serotonin levels, male rats, animal model of alcoholism subtype, 23317
immunotoxins 192-saporin vs OX7-saporin, performance on attention vs motor/sensory tasks distinguishing damage to cholinergic basal forebrain vs cerebellar function, male rats, 20384
incomplete nigrostriatal dopaminergic cell loss & partial reductions in striatal dopamine, parkinsonian symptoms, young vs middle-aged rats, 23328
infusion of neurotoxic doses of NMDA or electrolytic lesions into lateral hypothalamus, gastric mucosal erosions & eating & motor behaviors & body temperature, male rats, 36580
interpositus lesions & tone CS & intracerebellar stimulation of lobule HVI white matter UCS, reflex & CR initiation & learning rate, rabbits, 16953
interpositus nucleus lesions, tone-induced responses in cochlear nucleus & sensitivity to heat-induced pain & ability to learn conditioned eyeblink, Purkinje cell-degeneration mutant vs wild type mice, 10399
lesioning of fasciculus retroflexus fiber bundle, spontaneous sleep–wake stage variations of frontal cortex & hippocampus & REM, rats, 3933
lesioning of noradrenergic system, MK-801 induced hyperlocomotor activity & ataxia & stereotypy, male rats, 13548
lesions of epiphysis &/vs hippocampus, stress response to conflict & forced swimming, male rats, 7021
lesions of extrastriate cortex, transient & permanent deficits in motion & direction perception & spatial orientation, monkeys, 16945

lesions of intermediate medial hyperstriatum ventrale, acquisition & retention of sickness-conditioned learning, male day-old chicks, 33187
lesions of lateral portion of magnocellular nucleus of anterior neostriatum, seasonal regeneration of song, adult white-crowned sparrows, 454
lesions of neostriatum caudolaterale, reversal learning & go/no-go tasks, pigeons, implications for equivalencies to mammalian prefrontal system, 473
lesions of prefrontal cortex with vs without prelimbic area lesions, avoidance & radial maze learning, female rats, 3843
lesions of spinal trigeminal subnucleus vs rostral subnucleus caudalis, behavioral responses to formalin injection into lip vs electrical stimulation of tooth pulp, male rats, 3880
lesions to caudolateral neostriatum, spatial learning, homing pigeons, 7001
lesions to cerebellar vermis vs hemispheres, numerical & temporal discrimination, rats, 10394
lesions to parafascicular nucleus of the thalamus, operant food-procuring pedal pressing reflex, trained vs untrained male rats, 3929
light deprivation delay & duration, recovery from visual & tactile & auditory sensory neglect, male rats with unilateral medial agranular prefrontal cortex lesions, 3826
lithium & pilocarpine administration & development & long term consequences in status epilepticus-induced neuronal injury, rat pups, 741
medial frontal cortex & temporary memory during exploratory behavior before vs after bilateral lesioning, male rats, 7077
medial prefrontal lesions, appetitive Pavlovian conditioned jaw movements & heart rate, rabbits, 16768
midline thalamic nucleus lesioning, classical eyeblink & heart rate conditioning, rabbits, 7029
MK-801, dendritic pruning & behavioral recovery after sensorimotor cortex lesions, rats, 7067
modeling of paradoxical brain-lesion effects & rules of inference for brain structure & function, 29873
muscimol-induced inactivation of frontal eye field, performance of visually- & memory-guided saccade tasks & control of fixation & neurophysiology, female macaques, 20088
neonatal excitotoxic lesions of ventral hippocampus, locomotor activity & stress-induced dopamine levels in nucleus accumbens, male rats, 29771
nerve growth factor vs basic fibroblast growth factor vs Cerebrolysin, short vs long term effects on postlesion acquisition of water maze task & motor activity, rats, 17114
neural model of 1st- & 2nd-order motion perception & magnocellular dynamics, monkeys with lesions of parvocellular layers, 22764
neurotoxic medial dorsal thalamic lesions, spatial working memory, male rats, 7060
NMDA-induced brain lesions, mediation of taste aversion learning & memory, male rats, 33210
nonspatial working memory discrimination & proactive interference & reversal learning, rats with cytotoxic entorhinal cortex vs electrolytic medial septal lesions, 3947
object discrimination learning embedded within unique contexts, rhesus monkeys with hippocampal lesions, 7037
pertussis toxin lesions, inhibitory effects of S(-)3-amino-1-hydroxypyrrolidone-2 on nigral dopamine & possible mediation by GABA-B, male rats, 36459
positron emission tomography of cerebral glucose metabolism, unilateral entorhinal cortex-lesioned male rats, animal model of Alzheimer's disease, 29807
progression of clinical–pathological correlations & intellectual status & density of lesions, females aged over 75 yrs with Alzheimer's disease, 5332
proline containing dipeptide GVS-111, general behavior & passive avoidance performance & size of lesion, male rats with photochemically induced local cortical ischemia, 33466
pyrithiamine-induced thiamine deficiency vs lesions of lateral internal medullary laminae, allocentric spatial working memory & retrograde memory in delayed matching to place water maze task, rats, 10438
quinine infusion, gustatory nerve activity & central patterns of taste-evoked neuronal activation, rats with bilateral transection of chorda tympani or glossopharyngeal nerve or combined neurotomy , 16920
release of dopamine in nucleus accumbens during development & realization of an emotional conditioned response, male rats with lesions to hippocampal formation, 3907
restoration of locomotion following heterotopic transplantation into neocortical lesions in anterior & posterior limb & vibrissae areas, mongrel white male rats, 7093
saccades, rhesus monkeys with symmetrical vs asymmetrical cerebellar vermis lesions, 521
same vs different hemispheric lesions of amygdala central nucleus &/vs substantia innominata/nucleus basalis, incremental CS processing, rats, 10417
saporin induced nucleus basalis magnocellularis lesion, neuropeptide Y vs somatostatin immunoreactive neurons in frontoparietal vs occipital cortex, rats, implications for Alzheimer's disease, 3951
spatial memory & habituation & reactions to spatial & nonspatial change, rats with lesions of hippocampus vs entorhinal cortex vs subiculum, 469
spatial navigation in Morris water maze over time, rats with complete vs partial transections of perforant path, animal model of recovery of cognitive functioning in traumatic brain injury, 519
spatial working memory, male rats with lesions of medial or lateral entorhinal cortex vs pre- vs parasubiculum, 7064
standard vs enriched activity housing condition, neuronal markers & neocortical graft-host interface, hypertensive rats with cortical infarct cavity, 16959
subfornical organ lesion or captopril, water drinking response induced by intragastric saline, rats, 4275
temporally graded retrograde amnesia of fear & further increase in level of context fear relative to tone fear & generality of hippocampal hyperactivity, female rats after hippocampal lesion, 10390
treatment with ganglioside GM1, Hebb-Williams maze performance, adult male rats with unilateral electrolytic entorhinal cortex lesions, 29798
unilateral hippocampal lesion at birth vs in adulthood, contralateral long-term potentiation, adult vs newborn rats, 3934
unilateral transection of pyramidal tract, hindlimb motor function, rats, 498
unilateral vs bilateral lesions of insular gustatory cortex, conditioned taste aversion & induction of c-Fos-like immunoreactivity in intermediate division of nucleus of solitary tract, rats, 3908
variability in rewarding efficacy of self-stimulation & lateral hypothalamus lesions & forebrain–midbrain connectivity in ventral tegmental area, rats, 516
ventral tegmental area–nucleus accumbens pathway lesions, behavior & biochemical functioning & short- & long-term regenerative capacities of dopaminergic neuronal axons & cell bodies, rats, 29869
water maze task performance, male rats with vs without lesions in the anteromedial extrastriate visual cortex, 29789
white matter hyperintensities & other lesions & role of cerebrovascular disease risk factors, female Ss (mean age 52.8 yrs) with recurrent major depression & matched controls, 37321

Brain Lesions [See Also Hypothalamus Lesions]—Chapters

Explanations for the concept of apraxia of speech, 5426
Hierarchical organization of cognitive memory, 29883
The hippocampus and spatial memory in humans, 31104
Immature visual cortex lesions: Global rewiring, neural adaptations, and behavioral sparing, 36478
Neural mediation of language development: Perspectives from lesion studies of infants and children, 31089
The representation of space in the primate hippocampus, and its role in memory, 29889
Right medial temporal-lobe contribution to object–location memory, 31354

Brain Mapping [See Stereotaxic Atlas]
Brain Maps [See Stereotaxic Atlas]
Brain Metabolism [See Neurochemistry]

Brain Neoplasms—Serials

association between contextually based retrieval strategies necessary for prospective remembering & those employed in autobiographical recall, 59 yr old female with meningioma & dysexecutive problems, 11946
characteristics of astrocyte subtypes in damaged frontal & parietal & temporal cortex, 2 mo–80 yr olds with traumatic brain injury vs brain tumors vs vascular anomalies, 31196
clinical features & syndrome regression before & after surgical removal of tumor, 55 yr old male with Korsakov's syndrome with colloidal cyst of 3rd ventricle, 21318
ECT, bipolar mania, 16-yr-old female with history of intracranial tumor, 21982
frontal lobe brain tumor with atypical presentation & slow deterioration in living skills & depression, 68 yr old male psychogeriatric assessment ward patient, 24847
median nerve & posterior tibial nerve stimulation, somatosensory evoked potentials in brainstem, 4–41 yr old patients with 4th ventricle tumors, 34591
neuroleptic treatment for manic psychosis, 61 yr old male with temporal lobe tumor , 12211
perseveration of color visual images in right visual field & hemifield, 35 yr old man with left occipital lobe tuberculoma, 31338
tumor resection surgery for tremor, 60 yr old female with frontal convexity meningioma, 5333
utility of Nonverbal Learning Disabilities syndrome model for characterizing neurocognitive & psychosocial outcomes, children with brain tumors, 5197

Brain Neoplasms—Chapters

Frontal lobe tumors, 8575

Brain Self Stimulation—Serials

5-HT1A/1B agonist, effect of 5-HT1B/1D antagonist on hypothalamic self-stimulation of cocaine reward, male rats, 10587
bilateral hippocampal lesions, reward thresholds & maximal response rates during ventral tegmental electrical self-stimulation, male rats, animal-motivation model, 13553
dopamine D1 vs D2/3 agonists vs D1 vs D2 antagonists vs uptake inhibitor, electrical brain self-stimulation reward thresholds & response latencies, male rats, 13693
effects of withdrawal from chronic amphetamine vs fluoxetine administration on brain stimulation reward & acute vs chronic fluoxetine pretreatment on amphetamine challenge, rats, 33439
electrical stimulation of dopamine cell bodies in ventral tegmental area/substantia nigra, dopamine release from dopamine terminals in nucleus accumbens & intracranial self stimulation, male rats, 13397
increased brain activity in medial temporal lobe & anterior paralimbic structure, alcoholics with multiple previous detoxifications, 27850
intracranial self-stimulation & distribution of reward sites in medial prefrontal cortex & caudate putamen, male rats, 536
lesioned medial preoptic area & bed nucleus of stria terminalis in medial basal forebrain, electrical self-stimulation of lateral hypothalamus & ventral tegmental area, male rats, 13514
lesions to midbrain central grey & dorsal raphe, medial forebrain bundle self-stimulation, male rats, 531
neurotransmitter system interactions, motivated consummatory behavior & intracranial self-stimulation, rats, 13787
receptor specific dopamine agonists quinpirole vs quinelorane vs 7-OH-DPAT, intracranial self-stimulation of lateral hypothalamus, male rats, 7203
reduced availability of metabolic substrates, lateral hypothalamic self-stimulation sensitivity, food restricted male rats, 3835
strength of stimulation with d-amphetamine & 7-OH-DPAT & haloperidol, intracranial self-stimulation under progressive-ratio schedule, rats, 17032

Brain Size—Serials

age differences & brain volume, planum temporale asymmetry, right-handed 3–14 yr olds, 26943
anisotropy & volumes of white & grey matter, 32–64 yr old male veterans with schizophrenia, application of diffusion tensor imaging, 17915
asymmetry & size of Broca's area & Planum temporal & corpus callosum & relation to language & speech regions, male vs female 23–31 yr olds, 26637
behavioral influences & evolutionary perspectives on expanding human neocortex & myopia & intelligence, 26644
brain & head size & IQ, 24–43 yr old monozygotic twins, commentary & reply, 26569
brain size in bipolar disorder, meta-analysis, implications for links with schizophrenia, 21083
brain volume abnormalities & disease severity, moderately vs severely ill male patients with schizophrenia, 11428
brain weight, postmortem brains of patients with autism, 18120
caudate nuclei & intracranial volume, 1st-episode neuroleptic-naive schizophrenic patients, 34196
cortical regional gray matter & white matter volume & CSF distributions, patients with schizophrenia vs their siblings without schizophrenia, 8133
educational background & age-related changes in brain size & structure, nonclinical adults aged 65 yrs or older, 26584
extra sex chromosome, brain volume & IQ & schizotypal personality, 16–28 yr old phenotypic males & females with XXX or XYY or XXY genotypes, 31081
grey & white matter tissue volume in left vs right temporal lobe, 29–91 yr olds with schizophrenia, 30718
hemispheric asymmetry & volumes of superior frontal & anterior cingulate gyrus & orbital frontal region & hippocampus & amygdala, 19–44 yr olds with obsessive-compulsive disorder, 37413
hippocampal volume reduction & genetic risk, patients with schizophrenia with pregnancy & birth complications, 34192
hippocampal volume reduction, patients with schizophrenia vs affective psychosis, 11448
hippocampal/amygdala volumes & disease chronicity & age of onset & cognitive performance, 65+ yr old unipolar depressive patients, 24193

left subgenual cingulate volume, adults suffering 1st episode schizophrenia or bipolar manic or unipolar affective disorder with vs without family history of affective disorders, 27522
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, commentary, 29405
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, 26198
megalencephaly, males with autism (mean age 10.9 yrs), 30940
method for MRI-based in vivo measurement of amygdala volume allowing for separation from hippocampal formation, 32–52 yr old males, implications for study of psychiatric disorders , 23300
MRI scans of volumes of total cerebrum & lateral ventricles & hippocampus & amygdala, adolescents (mean age 14.4 yrs) with childhood onset schizophrenia, longitudinal study, 37362
MRI-assessed thalamic & total brain & intracranial volumes, patients with schizophrenia & their healthy siblings, 8154
MRI-based hippocampal volume readings as predictor of Alzheimer's disease, 60–89 yr olds with mild cognitive impairment, longitudinal study (mean 32.6 mo), 18383
MRI-based morphometric analysis of thalamic & amygdala–hippocampal volume, 20–65 yr old nonpsychotic & nonschizotypal 1st-degree relatives of schizophrenics, 37387
nailfold plexus visibility & neuropsychological functioning & clinical symptoms & brain structure, schizophrenic- vs depressed patients, 27661
planum temporal abnormalities, patients with schizophrenia, 11422
presence of female in breeding condition & short vs long days, size of song nuclei & song production rate, male white-crowned sparrows, 10461
race & head size & shape & intelligence, 4780
relation between gray matter volume & clinical & neurocognitive measures, males vs females with 1st episode vs previously treatment schizophrenia, 37365
relation between midlife systolic blood pressure & late-life cognitive decline & brain morphology, 68–79 yr old males, 28 yr prospective study, 2092
sex & size & fiber composition of anterior commissure, postmortem brains of individuals with schizophrenia, 21138
sex & species difference in forebrain commissures & ratio vs geometric vs linear regression vs allometric method of adjusting for brain size, rats vs mice, 13519
significance of age of onset & brain size & hand-eye & hand-foot crossed dominance, schizophrenic in- & outpatients (mean age 27 yrs), 27707
size of cerebellar vermis, clinical cognitive functioning, male 8.2–14.6 yr olds with ADHD, 5141
structural brain neuroimaging of abnormalities in schizophrenia, 34184
subcortical basal ganglia & thalamus MRI volumes, neuroleptic-naive & treated patients with schizophrenia, 8904
thalamic size & shape & metabolic activity, patients (mean age 38.3 yrs) with schizotypal personality disorder or schizoaffective disorder, 30716
volume of cerebellar complex, 30 specimens of prosimians, 20120
volume of nucleus accumbens & pallidum of basal ganglia, postmortem 39–62 yr olds with mood disorders, 11352
volumes of total & core amygdala nuclei, 23–86 yr old females with depression, 4923
volumetric abnormalities in frontal lobe subregions of superior frontal gyrus & anterior cingulate gyrus & orbital frontal region, 1st-episode schizophrenic patients, 17922
whole brain & bilateral temporal lobe & temporal gyrus volumes & laterality correlates of auditory hallucinations, schizophrenics (mean age 33.2 yrs) with history of auditory hallucinations, 37372

Brain Size—Chapters

Predicting hominid intelligence from brain size, 33044

Brain Stem [See Also Locus Ceruleus, Medulla Oblongata, Pons, Reticular Formation]—Serials

1–100 kHz tones, auditory brainstem responses & behavioral audiograms, killer whales, 33040
2,5-anhydro-D-mannitol, Fos like immunoreactivity in brainstem & forebrain structures, chronic decerebrate vs neurological intact male rats, 4171
2-deoxy-D-glucose, feeding & activation of hypothalamic pituitary adrenal axis & hyperglycemia, male rats with lesions of area postrema, 4143
auditory pathways in brainstem & auditory neural tuning to biologically relevant temporal sound patterns, echolocating bats, 23302
binaural interaction component in auditory brainstem response, 21–42 yr olds with normal hearing, 19769
brain lesions of area postrema & adjacent nucleus of solitary tract, anorectic actions of dexfenfluramine & amylin, female rats, 10449
brainstem binaural interaction components, 7–13 yr olds with normal intelligence & hearing sensitivity who are at risk for central auditory processing disorders, 28229
chronic low dose diisopropylfluorophosphate, time course of sleep/wake cycle changes & cholinergic inhibition in pontomesencephalic tegmentum, male rats, 36548
effects of cochlear hearing loss on auditory brainstem response test specificity & false positive rate in retrocochlear assessment, patients referred for auditory brainstem response screening, 28239
estrogen replacement & aging, auditory brain stem response latencies, young vs post breeding age female rats, 16966
gating of auditory evoked potentials in brainstem reticular nucleus & medial septal nucleus & hippocampus & auditory cortex, awake freely moving male rats, 23335
habituation of the infant arousal response through repetitive tactile stimulus & resistance of brainstem vs cortical responses to habituation & effects of sleep, infants aged 1–22 wks, 23711
injection of pain-inducing drug formalin into hind paw, microglial activation in spinal chord & brainstem, male rats, 23310
injury to nerves in hand, changes in cutaneous receptive fields & brain stem role in somatosensory cortex neural plasticity, monkeys, 33266
insert earphone decibel, detectability of cochlear & acoustic nerve & brainstem potentials, normal preterm newborns, 7388
magnitude of age-related Purkinje cell loss in brainstem & cerebellum, 32–104 yr olds, 36462
median nerve & posterior tibial nerve stimulation, somatosensory evoked potentials in brainstem, 4–41 yr old patients with 4th ventricle tumors, 34591
P300 component of visual evoked related potentials & brain stem auditory evoked potentials in menstrual cycle, 19–40 yr old females, 20154
role of caudal brainstem melanocortin receptors in food intake & body weight, male rats, 7050
sex, auditory brainstem response latency estimated cochlear filter times, 19–60 yr olds with mild–moderate cochlear hearing loss, 2112
sporadic hyperekplexia related to brainstem vascular anomaly, 35 yr old male, 24799
timing of neuron firing in brain stem auditory nuclei as acoustic information ascends auditory pathways, sound localization & interpretation, vertebrates, 23338

Brain Stimulation [See Also Brain Self Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation, Spreading Depression]—Serials

altered brain activation, 40–65 yr old women with high vs low risk for Alzheimer's disease, 37911
auditory sensitive areas in auditory brain-stem response stimulation, adult female dolphin, 23336
bilateral vs unilateral brain stimulation & stimulus redundancy, interhemispheric interaction & stimulus identification, college students, 33227
blockade of muscarinic receptor by scopolamine, cerebral blood flow responses to somatosensory stimulation, male rats, 33460
brain activation during language comprehension task, male vs female adults, 16911
chronic treatment with repetitive transcranial magnetic stimulation, seizure induction by electroconvulsive shock, rats, 13541
cortical magnetic stimulation, perceptual timing & characteristics of attenuation to somatosensory stimuli, Ss (mean age 36.4 yrs), 26306
effects of various abused drugs on threshold current intensities & the breaking points of intracranial self-stimulation, rats, 36529
electrical & drug activation of brain reward pathways & drug addiction, 4297
electrical activation of midbrain defense system & stressful environment, escape-related behaviors, male lister rats, 6968
interference stimulation, somatic evoked N20m primary response & high-frequency oscillations during wake–sleep cycle, 20–43 yr old males, 33287
interstimulus interval of motor cortex electrical excitability after transcranial magnetic stimulation, 14–50 yr olds with idiopathic generalized epilepsy, 38394
left prefrontal repetitive transcranial magnetic stimulation, Ss with resistant major depression, 25264
magnetic fields & electrical potentials evoked by medial or posterior tibial nerve stimulation on injured vs unaffected side, 35–70 yr old chronic unilateral neuropathic pain sufferers, 34682
magnetic stimulation of left parietal cortex vs V5 area, performance on conjunction visual search tasks with targets in left vs right visual field, 23–35 yr olds with vs without previous training, 10464
magnetic stimulation of the brain in animal depression models responsive to electroconvulsive shock, male rats, 2417
medial temporal lobe pathology, brain activation of language encoding areas during verbal encoding, 20–69 yr old patients with right vs left temporal lobe epilepsy , 5307
mental stimulation of flexion & extension movements of right vs left distal & proximal hand & arm joints with vs without magnetic stimulation of motor cortex, motor ERPs, right handed 23–35 yr olds, 10473
neural substrates in self induced anxiety & anger, activation of paralimbic structures, adults, 29661
pattern of cortical activation induced by tool use, adults, implications for apraxia, 8653
potential treatment applications & mechanisms of action & safety of transcranial magnetic stimulation & use in brain mapping & understanding brain-behavior relationship in neuropsychiatry, 17761
potential uses of transcranial magnetic stimulation in study of learning & memory, 10414
prefrontal brain activity & performance in temporal & linguistic task, 19–28 yr olds, 26582
repetitive transcranial magnetic stimulation in treatment of medication-resistant depressed outpatients aged 30–52 yrs, 12257
repetitive transcranial magnetic stimulation of dominant hemisphere of frontal lobe, disruption in visual naming, 29–54 yr old patients with temporal lobe epilepsy, 21616
repetitive transcranial magnetic stimulation, depression, 36 yr old pregnant female, 12261
short trains of transcranial magnetic stimulation over left or right dorsolateral prefrontal cortex or medial frontal cortex, random letter generation, healthy 29–39 yr olds, 10421
short trains of transcranial magnetic stimulation over left vs right dorsolateral prefrontal cortex, random number generation, 28–42 yr olds, 3863
side effects & efficacy in reducing depressive symptoms of low-frequency range right prefrontal repetitive transcranial magnetic stimulation, 27–88 yr olds with major depression, 2 wk study, 18760
single pulse transcranial magnetic stimulation of sensorimotor & posterior premotor & anterior premotor cortex, effects on signal & set & movement related activity, Ss, 10452
single pulse transcranial magnetic stimulation over occipital lobe, timing of visual processing in circumstriate visual cortex during forced-choice visual letter identification task, 22–32 yr olds , 10403
technique for bilateral activation of neural nets & functional asymmetry of 2 simulated cerebral hemispheres, 19496
topographic relationship of phosphenes & transient scotomas induced by transcranial magnetic stimulation of occipital lobe, 21–35 yr olds, 10424
transcranial magnetic stimulation in depression & Parkinson's disease & other neurological & neuropsychiatric conditions, commentary, 15370
transcranial magnetic stimulation over temporo-parieto-occipital junction vs occipital cortex, motion discrimination & spatial acuity, 18–49 yr olds, 10418
use of transcranial magnetic stimulation as neuropsychological tool allowing study of brain area roles without masking effects of cortical reorganization, 10465
use of transcranial magnetic stimulation to study neural plasticity, 10444
visual sensory functions, brain signal processing, 18–98 yr olds , 29497

Brain Weight—Serials

cerebellum morphometry, patients with bipolar disorder, 24195
chronic antipsychotic drug exposure, neuronal & glial density & cortical thickness in prefrontal area 46, male rhesus monkeys, 6 mo study, 26846
gestational stage-specific prenatal exposure to retinoic acid, regional brain weights & behavioral performance, rats, 33420

Brainstorming—Serials

brainstorming vs hierarchical methods vs incubation, solutions generated for problem of roommate who smoked, college students, 27275

Brainwashing—Serials

attraction to cults & indoctrination & clinical profile of members & clinical management, adolescent vampire cult in rural America, 11549

Brand Names—Serials

brand name's suggestiveness & decision task, brand information encoded & recalled, college students, 39026
consumer knowledge & satisfaction & product involvement & perceived risk, clothing brand loyalty, female vs male consumers, South Korea, 25993
credibility & quality observability of brand ally, quality perceptions, customers (aged 20–49 yrs), 22718

hedonic & perceptual responses for correctly vs incorrectly identified yogurts, 21–68 yr old females, implications for consumer behavior, 29474
low involvement processing theory of rational thinking in brand image perception & purchase decisions, consumers, 22704
managerial decision-making framework & conceptual model of influence of consumer corporate ad knowledge on managing brand in corporate advertising environment, 6398
market share & category-wide & brand-specific factors, perceptions of brand quality, consumers, 12925
moderating role of consumer familiarity & product category representation in effectiveness of positioning strategies based on similarity vs dissimilarity of brands, college students, 22711
ownership status, consumer responses to price-based brand line stretches, car owners vs nonowners & college students, 12926
positive mood, learning brand names, adults, 32967
product complementarity & promotional strategies in advertising alliances for new product introduction, product awareness & accessibility & attitudes, college students, 12934
technological hierarchy, brand extension evaluations, undergraduate business students, 39023
Brand Preferences—Serials
brand comparison technique on arbitrary ordinal scale, 3372
consumer knowledge & satisfaction & product involvement & perceived risk, clothing brand loyalty, female vs male consumers, South Korea, 25993
customer service vs perceived product value, customer loyalty & purchase behavior, retail customers, 6393
direction-of-comparison effect & need-for-cognition & attribute- vs attitude-based processing in consumer preference, college students, 16207
error components methodology for segmentation & modelling brand choice dynamics in consumer behavior & marketing research, 6384
high & low corporate vs endorser credibility of mock magazine ad, attitude toward ad & product brand & purchase intentions, female college students , 9680
high vs low advertising message involvement, brand attitude accessibility, college students, 16206
low involvement processing theory of rational thinking in brand image perception & purchase decisions, consumers, 22704
mathematical model of new product development with simulated demand function & time & technological change & consumer preferences, 36058
multistage process model of effect of price history on current perceived expensiveness & resulting product demand, college students, 22709
product complementarity & promotional strategies in advertising alliances for new product introduction, product awareness & accessibility & attitudes, college students, 12934
prominence & constructive sponsor identification bias toward product brands that are prominent in marketplace, adults, 35731
promotional history & industry norms & information on brand quality, pretrial brand evaluations, college students, 22717
relationship between commitment to or availability to switch brand & interpretation of advertising, consumers, Canada & South Africa , 6404
retailer's display decisions, expectations & equity of established brand preference, consumers, 35730
self vs situation congruity, perceived brand personality & preference, high vs low self-monitoring consumers, 16196
strategic brand evaluations & choice among fast-food franchises, adults, test of Brisoux-Laroche brand categorization paradigm & Bliemel price-quality evaluation model, 32423
Bravery [See Courage]
Brazil—Serials
clinical & organizational & educational & social psychology, Brazil, 6505
community mobilization resulting from commitment to identity of mother & cultural identity, Brazilian females, 1174
environmental belief systems, US vs Mexican vs Brazilian undergraduates, 12958
frequency & content of alcohol advertisements, Brazilian television 1992–93, 20811
model estimation of number of children orphaned and displaced by HIV/AIDS, orphans under age 14, Brazil, 5262
problem solving & planning processes, college students, Brazil vs Germany, 249
sleep habits, 1 mo–10 yr old Bororo children, Brazil , 23663
teacher education & recent educational reforms in Brazil, 15848
urban development & other causes & social impact of & mortality & injury rates associated with & challenges to changing & preventing high traffic accident rates, large cities in Brazil, 26014
Breakthrough (Psychotherapeutic) [See Psychotherapeutic Breakthrough]
Breakup (Relationship) [See Relationship Termination]
Breast—Serials
effect of body fat distribution & breast size on judgments of female attractiveness & age & desirability, male vs female British undergraduate students, 4651
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary reply, 5716
neuropsychological evaluations, 32–60 yr old females with breast implant-related complaints, 7 case reports, commentary, 5711
one stop clinics vs conventional arrangements in diagnosis of symptomatic breast problems, female adults, 11791
salience of maternal breast odor & role in motor activity & arousal & nipple location & sucking, newborns, 13950
Breast Cancer Screening [See Cancer Screening]
Breast Examination [See Self Examination (Medical)]
Breast Feeding—Serials
antidepressant & antipsychotic & mood stabilizing & benzodiazepine drugs in mother's breast milk, infants, 18755
attempts to balance work & breastfeeding, employed mothers, Thailand, 30347
development & reliability & factor analysis of theory-based instrument for assessing breastfeeding intention, 13–45 yr old low-income pregnant females, 3352
development of approach to nipple, rat pups in first 2 postnatal weeks, 16755
development of breastfeeding behavior, preterm infants, 33587
early mother–infant interaction during breast vs bottle feeding, neonates, 3 mo study, 7522
ethnic differences in marriage & breast-feeding & contraception & fertility, Hausa vs Yoruba vs Ibo females, Nigeria, 10983
health-enhancing behaviors & attitudes & breastfeeding, 17–45 yr old mothers with children 3 yrs or younger, 25359
length of time needed to reach full enteral or nipple feedings, medical complications & developmental outcomes, premature infants followed up from birth to 24 mo corrected age, 30129
olfactory function & discrimination of familiar vs unfamiliar amniotic fluid odor experienced in utero, breast-fed vs bottle-fed neonates, 7433
peer counselor support during 1st 3 mo postpartum, breast feeding duration & exclusivity, low income 15–36 yr old females, 8982
psychosocial variables & mood, breastfeeding, healthy mothers of infants, Barbados, 6-mo study, 17501
quantity of paroxetine excretion in breast milk, 28–35 yr old mothers with major depression or panic disorders & their infants, 35007
relationship between breast feeding termination & alcoholism 30 yrs later, adult males, follow up study , 18047
relationship of infant & child mortality & birth interval & order & maternal age & breast feeding, 15–49 yr old Malawi mothers, 13896
roles of breast-feeding & wet-nursing in sex-biased investment in children, England, 1600–1800, retrospective study, 17471
salience of maternal breast odor & role in motor activity & arousal & nipple location & sucking, newborns, 13950
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary, 2358
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary reply, 2399
social support & acculturation, breast-feeding behavior & intent, 18–45 yr old immigrant women, US, 1147
theory of planned behavior model of breastfeeding variability, mothers, 7694
Breast Feeding—Chapters
Savoring sucrose and suckling milk: Easing pain, savoring calories, and learning about mother, 20457
Breast Neoplasms—Serials
6 session psychoeducational support group, 34–49 yr old females at high genetic risk for breast cancer who were considering prophylactic mastectomy, 28553
acute vs chronic stress as predictors of cancer relapse, female patient with breast cancer, 31156
adjunctive Supportive-Expressive & other group psychotherapy, psychological & social & physiological well being, females with breast cancer, 38374
age, psychosocial adjustment following diagnosis of breast cancer, 22–35 yr old females, 31165
agreement between patients & providers on importance of general principles & guidelines for breaking bad news to patients, breast cancer patients & oncologists & oncology nurses, 25392
alexithymia & emotional disclosure & expression & repression & assertiveness & distress, breast cancer patients, 18325
attitudes toward aggression & anxiety & defenses & creative functioning, 37–77 yr old breast cancer patients with good vs poor prognosis, 5279
barriers in pain management research, breast cancer survivors, 22941
beliefs & images of the causes of breast cancer, 30–72 yr old South Asian women living in Canada, 31160
breast cancer family history, perceptions of bilateral prophylactic mastectomy, adult females, 35057
breast cancer screening adherence & sociodemographic & physician & religious behavior characteristics as predictors of screening, 50–80 yr old female church attendees, 9046
breast-conserving surgery vs mastectomy, perceived social support & distress & psychological & physical functioning, 36–86 yr females with breast cancer vs their partners, 13 mo study, 18832
cancer risk genetic counseling, knowledge & perceptions regarding risks for breast cancer, healthy females with relatives with breast cancer, 2531
cancer stage & treatment differences & coping behavior, distress & adjustment to breast cancer, 30–82 yr old women, 28604
causal structure of appraisals & coping & stress, 50 yr old & older females undergoing breast cancer screening, test of predictive power of cognitive-appraisal model, longitudinal study, 37801
coping & perceptions of social functioning, Black vs White 27–91 yr old females with early stage breast cancer, implications for social work, 28095
coping skills & adjustment & health control attitudes, symptoms of depression & anxiety, 36–80 yr old females with breast cancer, 6 mo study, 24757
cultural hypothesis for role of personality & femininity in breast cancer, human females, 11850
depression/anxiety & childhood environment & personality & coping response & expression of anger & extraversion-introversion & stressful life events & separation, development of breast cancer, women, 34592
development & implementation & evaluation of volunteer peer support program, females previously treated for breast cancer, 18789
dispositional optimism & pessimism & monitoring & stress-response symptoms of intrusive thoughts & avoidance & coping, predictors of anxiety & depression, females with Stage I–Stage IV breast cancer, 24755
distress moderated by conscientiousness & mammography utilization, female 40 yr olds & older with family history of breast cancer in first degree relative, 25368
education vs facilitated peer discussion based vs combination group interventions, mental & physical functioning, 27–75 yr old females with stage I-III breast cancer, 8 mo study, 18790
educational visual tool, chemotherapy treatment decision making, 34–53 yr old female breast cancer patients, 31794
effect of assertive patient behavior on decision making in treatment of older female breast cancer patients, physicians, 31798
effects of exercise on fatigue & quality of life, patients with females cancer, 37800
emotional support felt from discussing illness-related concerns with partner vs fellow patient, 28–55 yr old breast cancer patients, 5282
empathy & self-disclosure, perception of peer helping, 30–58 yr olds with breast cancer, 28103
evaluation of social comparison & psychological adjustment & disease prognosis, 34–81 yr old breast cancer patients, 11854
exercise as component in rehabilitation, breast cancer survivors, 28648
experiences of sexuality after treatment, female breast cancer survivors, 28099
fatigue & quality of life, 36–74 yr olds females undergoing autologous stem cell rescue for breast cancer, longitudinal study, 25308
general vs cancer-specific anxiety & adherence to breast self-examination, 17–77 yr old women with family history of breast cancer, 15441
group intervention to reduce symptoms of depression & reactive anxiety, high risk relative of breast cancer patients, 26–67 yr old females, 38129
health locus of control, 27–91 yr old Black vs White females diagnosed with breast cancer, 31153
knowledge & perceptions of need for further training about breast cancer screening, medical students at entry & exit from medical school, 6022

knowledge of & attitudes towards & practices regarding breast cancer & breast cancer screening, general practitioners, 18321
lifetime history of major depression & phobia, stage of breast cancer diagnosis, adult females (mean age 68 yrs), 37797
managed care approach to screening for anxiety & depression, 30–90 yr old females with breast cancer, 9935
marital satisfaction, change in emotional distress between 15 & 34 mo after diagnosis, 34–81 yr old females with breast cancer & their 28–82 yr old husbands, longitudinal study, 31167
menopausal symptoms & depression, 35–70+ yr old women likely to become acutely estrogen deficient during breast cancer treatment due to chemotherapy or tamoxifen, 2 yr study, 27466
meta-analysis of effects of stressful life events on breast cancer, 11852
narrative analysis for conceptualizations of satisfaction with physician—patient communication, 33–70 yr old female breast cancer patients, 21508
one-on-one peer support program, program satisfaction & quality of life, 21–65+ yr old female breast cancer patients, 2455
perceptions & experiences of the decision-making process with respect to using complementary & alternative therapies, women with breast cancer, 34588
physician recommendation & social & behavioral factors, enrollment in Breast Cancer Prevention Trial, females at increased risk for breast cancer, 2510
problem-solving & cognitive-behavioral coping skills intervention & cancer-specific distress & perceived risk, breast self examination, women who had relative with breast cancer, 28625
psycho-social & economic burden, caregivers (mean age 35.6 yrs) of female relatives with cervical or breast cancer , 37799
psychological & physical factors contributing to use of alternative medical treatment, women treated with standard therapies for early-stage breast cancer, 24753
psychological adjustment & self-blame attribution & anxiety & depression, women (mean age 54.8 yrs) with newly diagnosed breast cancer, 1 yr study, 34590
psychological stress & adjustment & body image & depression, South African Black vs White breast cancer patients, 18324
psychometric properties of Center for Epidemiological Studies Depression Scale, depressive symptoms, female cancer patients aged 18 yrs or older, 19621
psychosocial risk factors & the development of breast cancer, 31152
psychosocial sequelae of breast cancer & well being, 27–87 yr old White & Hispanic & Black female patients, 11853
psychosocial sequelae of genetic testing for breast cancer susceptibility, human females, emotional & behavioral implications, 25327
psychosocial sequelae of learning information regarding genetic risk for breast or ovarian cancer, females, 24749
PTSD prevalence, 25–75 yr old females diagnosed with & treated for breast cancer, comment, 11851
radiotherapy & tamoxifen & pamidronate disodium, pain relief & sclerosis of bone metastases, 71 yr old woman with breast cancer, 5766
rearing in individual vs group housing & acute daily exposure to novel environment as psychosocial stress, growth rate of SC115V mammary tumor, male & female mice, 20056
religiosity & religious coping & involvement, emotional distress pre- & post-surgery & at 3 & 6 & 9 mo followups, 35–78 yr old Catholic vs Evangelical Hispanic women with breast cancer, 28092
risk factors for breast cancer & screening adherence, lesbian & bisexual females 40 yrs old & older, 1992
social problem solving & distress reactions to stressful events, diagnosed cancer patients & females who underwent surgery for breast cancer, 24756
staff expectations & testing for differences in multiple quality of life dimensions, female patients with breast cancer & physicians & nurses, 5278
themes in content analysis of depictions of breast cancer in mass circulation magazines, 1974–1995, 23639
type & sources & perceived need & adequacy of social support, Anglo- vs Chinese- vs Japanese-American women after breast cancer treatment, 28580
worry about disease & frequency of breast self-examination, 18–77 yr old females with vs without family history of breast cancer, 8573

Brief Psychotherapy—Serials

affect & postmodernism in new models of brief treatment, 15128
alliance & technique as predictors of outcome in short-term dynamic therapy, 28365
application of solution-focused brief therapy to educational psychology, 31459
brief behavior & cognitive therapy, anxiety & depressive disorders, 24989
brief cognitive behavior therapy, panic disorder, panic disorder patients with or without mild agoraphobia (mean age 34.3 yrs), 31533
brief cognitive behavioral interventions for postconcussive syndrome, patients with mild traumatic brain injury, 8793
brief cognitive behavioral therapy & drug therapy for obsessive compulsive disorder, 37960
brief cognitive-behavior therapy, 18–48 yr old females with body dysmorphic disorder & depression symptoms, 1488
brief group based psychological intervention for improving psychological adjustment & enhancing adaptive coping, 20.4–64.7 yr olds with spinal cord injury, 6 wk followup, 15141
brief group treatment & narrative theory, individuals in crisis, 15085
brief high-density exposure & response prevention therapy, patients with obsessive–compulsive disorder, 1 yr followup, 25020
brief interactive laserdisc parent training program for pregnant or parenting adolescents, 28360
brief parent–infant psychotherapy , 15242
brief psychoanalytic counseling for emotional isolation & academic difficulties, 28 yr old male college student with eye problems, 38187
brief psychotherapy like session of dream interpretation, belief in false memory about early traumatic event, college students, 5511
brief psychotherapy principles in rehabilitation counseling, 19047
brief supportive psychotherapy, interpersonal functioning & personality change, patients with personality disorders, 6 mo followup, 8776
brief therapy in college counseling & mental health, college students, 34775
changes in patient contribution to therapeutic alliance during brief psychotherapy, adults, 5523
characteristics of short term diversified task-oriented psychotherapy & comparison with other types of psychotherapies, 19-yr-old female & 21-yr-old male therapy-resistant clients, 31468
cognitive-behavioral vs reduced therapist contact treatment for 18–52 yr old panic disordered patients, 31521
Combined Short-Term Psychotherapy–Psychopharmacology Fellowship developed at the State University of New York at Syracuse, 25601
cost-effectiveness of brief psychodynamic-interpersonal therapy vs usual treatment in high utilization of psychiatric services, 18–65 yr olds, 6 mo followup, 25394
cyclical maladaptive pattern format of case formulation in brief dynamic individual psychotherapy, 68-yr-old woman with anxiety disorder, implications for clinical training, 31456
Davanloo's Intensive Short-Term Dynamic Psychotherapy, early management of unconscious defiance, 2177
Davanloo's Intensive Short-Term Dynamic Psychotherapy, male adult patient with attacks of anxiety & hyperventilation, 2173
effect of physical disability in psychiatrist on therapeutic alliance in dynamic psychotherapy, 32129
effectiveness of brief interview-based interventions, secondary school students with emotional & behavior problems, 32327
effectiveness of Davanloo's Intensive Short-Term Dynamic Psychotherapy, 53 yr old male patient with panic & functional & somatization disorders, 2180
effectiveness of short course dramatherapy, 16–69 yr olds in a neurorehabilitation unit subsequent to head injury, 22034
effectiveness of short term treatment at university counseling center, college students, 38929
existence of therapeutic alliance in northern Europe in 12th–15th centuries & parallels with therapeutic rationales in psychoanalysis & dynamic therapy, 29308
full vs brief cognitive therapy, patients (mean age 34 yrs) with panic disorder, 3 & 12 followups, 28327
importance of cultural characteristics in & use of brief strategic family therapy, Chinese American families seeking therapy, 18612
inpatient time-limited group therapy in managed care environment, 2215
model for conducting time-limited group therapy, adult survivors of child abuse, 21794
outcome of brief psychotherapy focused on interpretation of recurrent dream & assimilation of key themes in dream, 19 yr old female, 5501
prestructured art elements for use in brief group therapy, adolescents, 35050
process & outcomes of brief interpersonal vs cognitive–behavioral therapy, 21–60 yr olds with major depression, 12015
psychiatric evaluation of sexual offenses & rehabilitation potential & brief psychotherapy, psychological health & outcome, Christian & Jewish clergymen, 1–6 yr followup, 28293
recommendations for training in brief dynamic psychotherapy & family existential therapy & other aspects of clinical training, 15727
recommendations for training in brief dynamic psychotherapy for psychodynamically trained therapists, 15739
relevance of object relations theory & assessment dimensions & methods & findings from Quality of Object Relations Scale in short-term dynamic psychotherapy, 28380
research in & different forms & efficacy & teaching of & matching of therapy to patient in short-term dynamic psychotherapy, 28363
role of social work professional in & intervention suggestions for time limited culturally sensitive group therapy model, African American 8–12 yr olds, 15526
short-term dynamic psychotherapy, transference interpretations & therapeutic alliance & treatment outcome, 20–57 yr olds, 34799
short-term outpatient supportive psychotherapy, remission, depressed patients, 28319
short-term practice model of social group work, adults , 8821
solution oriented brief counseling intervention model to resolve problems, 16–18 yr olds with learning disorders, 4 wk followup, 2176
solution-focused brief art therapy treatment, adolescents, 35049
specific technical interventions & corresponding responses using H. Davanloo's technique of Intensive Short-Term Dynamic Psychotherapy, 38028
temporal course & stability & determinants of therapist competence in short-term anxiety-provoking psychotherapy, 23–42 yr old patients with anxiety disorders, 38038
the unconscious in H. Davanloo's new metapsychology & development of technique of intensive short-term dynamic psychotherapy, 37991
therapists mental processes & learning & teaching of time-limited psychodynamic psychotherapy, 28833
time limited cognitive & relaxation treatment, 40 yr old female patient with snake phobia, 38070
time series analysis of perceptions of working alliance in short-term psychoanalysis & relation to counselor characteristics, 21–64 yr old clients & counselors, 5581
time-limited group treatment program, intrapersonal symptomatology & interpersonal difficulties, females with a history of childhood incest, 6 mo followup, 38124
two-plus-one model intervention of cognitive–behavior & psychodynamic–interpersonal therapy, depressed patients (mean age 44.9 yrs) of varying severity, 1-yr follow-up, 15072
use of psychodynamic insights in brief counseling, 5520
use of R. R. Kopp's life-style typology in brief therapy, unmarried 36 yr old female having conflicts with roommate, 21686
use of single session Eriksonian & traditional hypnosis treatment, male cocaine addict, 31745
use of template for developing compliments in solution-focused brief therapy, 15 yr old female with history if suicide attempts & her parents, 12089
use of testimony method of psychotherapy, levels of PTSD & depressive symptomology, traumatized 23–62 yr old refugees from Bosnia-Herzegovina genocide, 2- & 6-mo followups, 8784
usefulness of criteria for selection of patients for brief psychodynamic therapy & treatment outcomes, 25011

Brief Psychotherapy—Books

Brief adolescent therapy: Homework planner, 15166
Brief child therapy: Homework planner , 15167
Brief couples therapy homework planner, 12105
Brief therapy with intimidating cases: Changing the unchangeable, 28320
Group: Six people in search of a life, 28359
Short-term couple therapy, 18619
Short-term treatment and social work practice: An integrative perspective, 12052
Solution focused group therapy: Ideas for groups in private practice, schools, agencies, and treatment programs, 2230
Solution-oriented therapy for chronic and severe mental illness, 8086

Solutioning: Solution-focused interventions for counselors, 9345
Brief Psychotherapy—Chapters
Betrayed by a trusted adult: Structured time-limited group therapy with elementary school children abused by a school employee, 34915
Brief marital therapy: The story of the triangles, 18625
Brief psychodynamic therapy with anxious children, 37424
Brief psychotherapy with infants and their parents, 34836
Brief strategic marital therapy, 18627
Brief therapy strategies and techniques, 21738
Collaborative couple therapy, 18633
A Control Mastery approach to short-term couple therapy, 18632
Counselling within a time limit in general practice, 21716
Couples, culture, and discourse: A narrative approach, 18630
Doing therapy briefly in primary care: Theoretical concepts, 34852
Doing therapy briefly in primay care: Clinical applications, 34851
Dynamic psychotherapy, 31610
Emotionally focused couple therapy: Straight to the heart, 18626
Integrative couple therapy: The dyadic relationship of acceptance and change, 18629
Interpersonal psychotherapy, 31518
Narrative solutions in brief couple therapy, 18623
Personality factors in brief treatment of depression: Further analyses of the NIMH–sponsored Treatment for Depression Collaborative Research Program, 25031
Psychoanalytically informed short-term couple therapy, 18621
Short-term couples group psychotherapy: A tale of four fights, 18622
Short-term motivational therapy, 14783
Short-term structural family therapy with couples, 18631
Solution-focused brief therapy, 2627
Supervision in medical settings, 25634
Time limited psychotherapy, 34848
Time-effective couple therapy, 18620
A time-effective, solution-focused approach to couple therapy, 18624
Time-limited work in context, 21679
Brief Reactive Psychosis [See Acute Psychosis]
Bright Light Therapy [See Phototherapy]
Brightness Constancy—Serials
articulation in surrounds of simple center-surround visual stimuli, inference of brightness, adults, 13219
Brightness Contrast—Serials
brightness enhancement & illusory figure formation & figural completion, contrast sensitivity in contour gaps, adults, 32844
Brightness Perception [See Also Brightness Constancy]—Serials
anchoring theory of lightness perception as alternative to intrinsic image models, 36148
articulation in surrounds of simple center-surround visual stimuli, inference of brightness, adults, 13219
assimilation & brightness perception of achromatic neon figures, adults, 6759
brightness enhancement & illusory figure formation & figural completion, contrast sensitivity in contour gaps, adults, 32844
brightness induction, striate cortex & lateral geniculate nucleus & optic tract responses, cats, 26538
brightness matching & color vision, 11–18 yr old diabetics with vs without retinopathy, 15062
brightness of red vs blue stimuli, grip strength, male volunteers, 3429
detection model of spatial contrast sensitivity for chromatic & luminance-modulated gratings, Os, 26347
development of Form-And-Color-And-Depth vision model of binocular brightness perception, 39053
free-viewing perceptual asymmetries, judgement of brightness vs numerosity vs size, dextral adults (modal age 18 yrs), 13214
illumination parameters, signal detection & successive vs simultaneous brightness discrimination, male rats, implications for human vigilance decrement in sustained attention tasks, 23175
illusory brightness & visual territories based on characteristics of their edges & empirical explanation of Craik-O'Brien-Cornsweet effect, 36173
luminance conditions of Fuch's transparency with achromatic 2- dimensional patterns, adults, 6775
number of response categories, consistency of rating scales with brightness judgments using rating vs bisection measurement procedures, college students, 29505
perception of center-occluded objects in synchronously changing color & brightness displays, 4-mo-olds vs college students, 30172
psychophysical luminance contrast correlates of signatures of magnocellular & parvocellular pathways, 22–30 yr old males, commentary, 3485
relative luminance & relative area in anchoring brightness perception in 2-region visual fields, Ss (median age 19 yrs), 29498
retina-like spatial filtering in 2-D model of brightness perception, 13209
segregation of luminance- & texture-defined neural pathway responses during global motion integration, adults, 7074
simultaneous polarization of visual cortex by direct current anode & cathode, differentiation of lighting of visual stimuli, male rats, 7079
visual perception of motion & luminance & color, 49 yr old with hemianopia, 31290
Bromocriptine—Serials
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, commentary reply, 23587
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, 611
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, commentary, 23546
bromocriptine &/vs haloperidol & acoustic startle, prepulse inhibition of eyeblink or N1/N2 component of auditory-evoked potential, 18–30 yr old healthy males, 17020
bromocriptine, visual search, 41–69 yr old patients with right hemisphere lesions, comment, 37813
bromocriptine, visual search, 41–69 yr old patients with right hemisphere lesions, comment, 37838
Brothers—Chapters
Brother nature? Therapeutic intervention with young men who sexually abuse their siblings, 5484
Bruxism—Serials
self-management exercises in cases of nocturnal bruxism & excessive urinary frequency & unassertiveness & dog phobia, college students, 8807
Buddhism [See Also Zen Buddhism]—Serials
Buddhist conceptualization & treatment of anger, 15086
Buddhist tradition of Samatha practice, implications for study of first-person experience of consciousness, 16729
countertransference process & relation to psychoanalyst's Buddhist meditation practice, 35 yr old male with unmanageable anxiety who had been in & out of psychotherapy for 10 yrs, 15241
cultural & social factors & HIV transmission & integration of Buddhist principles in HIV prevention strategies, Asian Americans, 15454
Eastern meditative traditions & use in study of first-person experiences of consciousness, commentary, 16702
Eastern meditative traditions & use in study of first-person experiences of consciousness, 16721
integration & mutual enrichment of psychoanalysis & Buddhism, 14374
introspectionist & phenomenological & Buddhist approaches to study of first-person experiences of consciousness, commentary, 16696
medieval Tibetan Buddhist dream practices as religious & philosophical connection between body & consciousness, 17461
memories of previous Buddhist monk incarnation, Sri Lanka children, 36294
orthogonal contrasts & change on psychological scales of Adjective Checklist following Buddhist vs Roman Catholic retreats, adolescent females, Thailand, 17459
psychedelic usage methodology & attitudes, Buddhist meditative proficiency & deepened states & educational value, 8840
religious practices of social isolation & rigorous meditation & voluntary silence, attitudes & self awareness & perceptions of external phenomena, 23–66 yr olds in 3rd yr of Buddhist retreat, Scotland, 30292
similarities of Buddhism & psychoanalysis in methods & approaches toward individuals & relation to insights into nature of being & self, 14368
State Department Mental Health training program, mastery of conceptual complexities of dialectical behavior therapy, clinicians, 8804
suffering & dialectical self in Buddhism & relational psychoanalysis, gay male with suicidal depression, 14363
Buddhism [See Also Zen Buddhism]—Chapters
Consciousness it/self, 19904
Ethics for the coming century: A Buddhist perspective, 16235
Loving the world as our own body: The non-dualist ethics of Taoism, Buddhism, and deep ecology, 13864
A rDzogs-chen Buddhist interpretation of the sense of self, 19903
Three spiritual perspectives on resilience: Buddhism, Christianity, and Judaism, 38182
Treating Buddhist patients, 1090
Buddhists—Serials
definitions & methods & facilitative conditions for & teaching process & personal experiences in developing wisdom, 22–40 yr old Tibetan Buddhist monks, 17453
Budgets—Serials
mental accounting decision making & budgeting & choice bracketing & dynamic mental accounting, consumers, 32428
perceptions of patient influence on prescribing, general practitioners with high vs low-spending practices, UK, 28616
techniques for & effects of organizational nonlearning & characteristics of nonlearning organizations, nonlearning in public sector budgeting, Norway & Sweden & poor countries, 9620
Bulgaria—Serials
age & settlement & education & marital status & income & religion, alcohol consumption level, adults, Bulgaria, 30373
Bulimia—Serials
activity of natural autoantibodies reacting with dopamine & serotonin, autoimmune system, bulimic females (mean age 22 yrs), 34497
alexithymia & type A behavior, human females with bulimia nervosa (mean age 23.4 yrs), 34508
alterations in brain metabolism, patients (mean age 19 yrs) with anorexia & bulimia nervosa, 27982
alterations in serotonin activity & psychiatric symptoms, females after long-term recovery from bulimia nervosa, 1895
anorexia & bulimia nervosa in children & adolescents, commentary reply, 11755
anorexia & bulimia nervosa in children & adolescents, commentary, 11749
anticonvulsant lamotrigine, self-injury & bulimia nervosa, 23- yr-old male & 28-yr-old female with depression & treatment- resistant impulse tendencies, 21878
attention & memory & problem solving performance & neuropsychological predictors of outcomes, female Ss with anorexia or bulimia nervosa before & during & after treatment, 7 mo study, 18181
being overweight &/vs perceptions of & concerns about weight & bulimic behaviors, 9–14 yr old females vs males, 24653
binge first vs diet first course, body weight & weight anxiety & body image & age at onset & binge-purge relationship, 18–45 yr olds with bulimia, 11744
biological processes in pathophysiology of anorexia nervosa & bulimia nervosa, treatment implications, 24656
body dissatisfaction & bulimic symptoms & self-verification through interest in negative feedback as risk factor for development of later symptoms, female college students, 27978
brief group psychoeducation with vs without subsequent individual cognitive-behavioral therapy, eating symptoms & nonspecific psychopathology, 18–41 yr old females with bulimia nervosa, 18520
bulimia nervosa & anorexia nervosa & drive for thinness indices, athletes, 37709
bulimia nervosa, surgical cure of primary hyperparathyroidism, 29-yr-old Japanese female, 21424
changing symptoms of anorexia nervosa, female outpatients with anorexia of restrictive vs bulimic subtype, 15 yr study, 8461
cholesterol & lipoprotein & triglyceride blood levels, females with binge eating/purging anorexia nervosa vs bulimia, 11736
clinical & psychological correlates of compulsive vs impulsive vs absence of self-injurious behavior, 16–50 yr old outpatients with bulimia nervosa, 11739
clinical implications of psychosocial research on etiology & maintenance & predictors of treatment response for bulimia nervosa & binge eating disorder, 24667
clinical trial of placebo-controlled pharmacologic augmentation treatment, fluoxetine-resistant bulimia nervosa symptoms, 34 yr old with co-occurring alcohol dependence, 38227
cocaine analog as tracer in SPECT to visualize blockade of serotonin transporters by fluoxetine in brain in vivo, 18 yr old female with bulimia nervosa & major depressive disorder, 15345
cognitive behavior therapy for anorexia & bulimia nervosa & binge eating disorder, 25058
cognitive restriction & disinhibition, obese individuals with binge eating disorders & individuals with bulimia, 34493
cognitive-behavioral & interpersonal psychotherapy & pharmacological treatment for bulimia & anorexia nervosa & binge eating disorder, 24921
cognitive-behavioral & pharmacological therapy, plasma concentrations of interleukin-1 beta & -6 & tumor necrosis factor-alpha, 16–44 yr old females with bulimia & anorexia, 3 mo study, 5161
cognitive-behavioral therapy vs supportive psychotherapy plus antidepressant medication or placebo vs medication alone, predictors & processes of change, 18–45 yr old females with bulimia nervosa , 28265
cognitive-behavioral treatment, DSM-III—R or DSM-IV defined bulimia nervosa, 31526

contribution of additive genetic & common & individual-specific environmental factors, liability to binge eating & broadly defined bulimia nervosa, 17–55 yr old female twins, 8459
cost effective treatment program, females with bulimia nervosa, 34820
critical parent & nurturing parent & adult & free child & adapted child as ego states, 14–35 yr olds with anorexia or bulimia nervosa, 31021
D-fenfluramine, plasma prolactin response, 18–29 yr olds with bulimia nervosa, 5654
demographic characteristics & lifetime comorbidity & temperament & personality disorder symptoms, 17–45 yr old female bulimics with vs without rapid sustained response to cognitive-behavioral therapy, 28326
disease course & dieting & weight loss, 16–58 yr old binge eating disordered vs 16–38 yr old non-purging bulimic outpatients, 11752
drug- vs cognitive-therapy efficacy with binge–purge frequency & depression & eating attitudes as treatment outcome measures, bulimia nervosa patients, 14880
eating behavior & risk for anorexia nervosa vs bulimia vs binge eating or other eating disorders, 20–60 yr old female dietitians, 18179
eating behavior, normal weight bulimic vs self-identified binge-eating vs non-eating-disordered females, test of current theoretical models, 11743
effectiveness of fluoxetine therapy, patients with bulimia with vs without comorbid depression, 12177
emotional eating & bulimic psychopathology, Japanese vs British females in UK vs Japanese females in Japan, 34512
emotionally focused family therapy, attachment patterns, females (mean age 17 yrs) with bulimia & their families, 5562
etiology & use of serotonin reuptake inhibitors in treatment of anorexia & bulimia nervosa, 1894
evaluating recovery from anorexia nervosa & bulimia nervosa, 34499
factor analysis & reliability & validity of Bulimia Test-Revised, measurement of bulimic symptomatology, 11–18 yr old males & females, 32660
factor structure of Bulimic Investigatory Test, assessment of bulimic symptoms, male vs female 12–17 yr olds, 26156
fear of parental internal ghosts in psychoanalysis, female with bulimia & extreme withdrawal from life, 25110
femininity & bulimia & distress, female college students, 5162
genetic vs environmental risk factors for the characteristic concerns about weight & shape of bulimia nervosa, 30–45 yr old mono- & dizygotic female twins, 5169
group psychotherapy with cognitive behavioral & interpersonal psychotherapy techniques, weight phobia & binging & vomiting, 18–25 yr old females with bulimia nervosa, 1 yr followup, 18609
guided imagery therapy to promote self soothing in individuals with bulimia nervosa, 18524
health & development & temperament & body satisfaction & nutritional status & mealtime interaction, 1–4 yr old offspring of women with anorexia nervosa &/or bulimia, 11757
hedonics of binge eating, females with bulimia nervosa vs binge eating disorder , 27980
herbal weight loss products mimicking mania, 40-yr-old female with bulimia, 2470
impulsivity & dietary control & urge to binge, females (mean age 27.35 yrs) with bulimia, 34507
individual & environmental & therapeutic factors associated with treatment outcomes for bulimia nervosa, 1904
induced mood & forbidden vs non-forbidden foods, perceptions of eating behavior in imagined vs real eating situations, female college students representing continuum of bulimic symptomatology, 21414
influence of sexual or physical abuse on psychopathology of bulimia nervosa, 30830
insulin omission in females with bulimia nervosa vs binge-eating disorder with type I diabetes, 37716
interpersonal therapy, 39 yr old woman with bulimia nervosa, 25099
intracerebroventricular administration histamine receptor antagonist thioperamide maleate, peptide YY-induced hyperphagia, male rats, implications for etiology & treatment of bulimia nervosa, 13749
life events & stress & illness onset, adult females with anorexia vs bulimia, 11753
lifetime histories of eating disorders, male vs female first-degree relatives of patients with bulimia nervosa, 27983
manual-based cognitive behavioral therapy & alternate psychotherapies for people with bulimia nervosa, 25022
metaphoric understandings of illness, 19–23 yr old females with bulimia, 5163
methylphenidate, binge eating & purging, 2 females (ages 20 & 38 yrs old) with bulimia & cluster B personality disorder, 12238
minimum body weight & other physiological factors, prediction of lumbar bone mineral density, women with anorexia nervosa or bulimia or other eating disorders, 11740
mood changes, body width estimation, females with bulimia nervosa, 37710
ondansetron, dynamic association between binge eating/vomiting & pressure pain detection thresholds, 21–46 yr old females with severe bulimia nervosa, 2313
pain sensitivity & relationship to arterial BP, women (mean age 25.3 yrs) with bulimia nervosa, 8460
parent vs patient perceptions of family relations & functioning, female anorexic & bulimic patients & their parents, 18194
personality traits & history of suicide attempts, 17–48 yr old women with anorexia nervosa vs bulimia nervosa vs major depression, 30562
personality traits, 16–63 yr old females seeking treatment for obesity or bulimia nervosa or alcoholism, 8010
plasma & CSF leptin & neuropeptide Y & peptide YY, women recovered from anorexia nervosa or bulimia nervosa, 27974
predictive factors of long-term outcome of bulimia, females (mean age 35.3 yrs), 11748
pregnancy, bulimic symptoms, females with bulimia (aged 17–38 yrs), 14875
prevalence of bulimia & bulimic behavior & correlation with sociodemographic variables, female & male 14–16 yr olds, Finland, 31018

Cadres [See Social Groups]

Caffeine—Serials
ability of caffeine to reinstate extinguished cocaine-seeking behavior & ability to block A2A receptors, male mice, 33437
abuse potential & dependence & tolerance & withdrawal & sites & mechanisms of action of caffeine, 4131
acute vs chronic caffeine administration & withdrawal, tolerance & motor activity & brain G protein & adenylyl cyclase levels, male caffeine dependent vs tolerant mice , 4194
acute vs repeated administration of caffeine & pentoxifylline, anxiety-like behavior, diazepam treated vs untreated male mice, 23569
black tea vs coffee vs caffeinated vs plain water vs decaffeinated tea, cognition & psychomotor performance, adults (mean age 29.2 yrs), 681
caffeine & acyclovir, herpes simplex virus type I-induced paresthesia, male rats, 4269
caffeine as analgesic adjuvant in combination with acetaminophen & aspirin, headache pain, 18–65 yr olds, 28592
caffeine containing energy drink, cognitive performance on simple vs go no go RT tasks, males (mean age 22.5 yrs) vs females (22 yrs), 4228
caffeine dependence & tolerance & reinforcement & withdrawal, humans & animals, 20348
caffeine deprivation, vigilance performance & mood & caffeine-withdrawal symptoms, 22–56 yr old habitual coffee drinkers, 4191
caffeine dosage, visual task performance & information processing, 18–26 yr olds, 20364
caffeine or SCH58261 or DPCPX dosages administered immediately or 180 min after passive avoidance task training, memory retention, male mice, 36576
caffeine vs salicin vs aristolochic acid bitter diets, feeding inhibition & bitter-sensitive taste cell response & specificity, tobacco hornworm, 29799
caffeine vs theophylline vs strychnine vs denatonium, bitter taste signal transduction & rapid kinetics of guanosine cyclic monophosphate production & degradation in taste tissue, mice , 19704
caffeine, arousal & feelings of pleasantness & learning & memory, undergraduates (mean age 21.47), 30010
caffeine, psychomotor & cognitive & subjective test performance, 20–25 vs 50–65 yr olds, 33472
caffeine, vasovagal reactions during blood donation, female college student 1st-time blood donors, 23579
changes in coffee & cigarette consumption & urine cotinine levels, alcohol dependent inpatients evaluated at admission to & after discharge from detoxification program, longitudinal study, 19051
chronic caffeine in FI schedule of food reinforcement, behavioral responses to nicotine vs amphetamine vs cocaine, male rats, 7214
chronic exposure to caffeine, self administration of & responding maintained by nicotine, male rats, 17099
Citrus aurantium extract & caffeine & St. John's Wort, body weight & fat loss & metabolic variables & plasma lipid levels & mood states, overweight healthy adults , 18814
dosages of cocaine &/vs caffeine, conditioned place preference & locomotor activity & additivity, male rats, 626
doses & subjective effects of caffeine in morning vs evening, introverts vs extraverts, 26804
dosing conditions of & duration of exposure to caffeine, withdrawal symptoms, adults, 20286
endorsement of DSM-IV dependence & abuse criteria, caffeine users, 1780
ginseng & ginsenosides & coffee & caffeine, ethanol induced sleeping & righting reflex, mice, 10601
impact of genetic factors in caffeine intake & tolerance & withdrawal, female monozygotic vs dizygotic twin pairs, 10383
length & intensity of caffeine aftertaste perception, caffeine tasters vs nontasters, 16460
nicotine & caffeine & alcohol use, positive symptomology of schizotypy, undergraduate student smokers vs nonsmokers, 21145
physical dependence, relative reinforcing effects of caffeine vs placebo, 22–49 yr olds, 663
preferences for quinine & phencyclidine & caffeine solutions to water, rats, 13722
prenatal caffeine exposure, fearfulness & hypoactivity & exaggerated stress,l animals & humans , 20361
regional brain metabolic responses to caffeine & effects of tolerance, heavy caffeine users & caffeine-intolerant adults, 10496

Caffeine—Chapters
Behavioral pharmacology of caffeine, 780
Pharmacology of caffeine, 776
Psychological and psychiatric consequences of caffeine, 1431

Calcium [See Also Calcium Ions]—Serials
action of lamotrigine on calcium & potassium currents, rats, application to treatment of bipolar disorder, 674

basal & thapsigargin-stimulated intracellular calcium in platelets & lymphocytes, patients with bipolar affective disorder, 27595
calcium channel blocker nimodipine, operant iv ethanol self-administration, male rats, 17055
calcium chelating agent vs voltage dependent calcium channel blockers, sciatic nerve injury induced hyperalgesia, rats, animal model of neuropathic pain, 4294
calcium response of human T lymphocytes, patients with Alzheimer's disease vs normal aging, 15044
calcium++ influx & mobilization from intracellular pools, expression of morphine tolerance, male mice, 13817
calcium-dependent phospholipase A2 activity, adult schizophrenic patients with sensitive vs insensitive responses to niacin, 30721
chronic ethanol treatment, calcium-inhibited type 5 adenylyl cyclase inhibition for alcohol, male mice, 20304
comparison & reevaluation of results of meta analysis vs trial of effects of calcium on prevention of preeclampsia, women, 35082
development of ingestion & taste preference for calcium, parathyroidectomized rat pups, 19944
hypercalcemia & cardiac arrhythmia, 44–76 yr old male patients with bipolar disorder receiving maintenance lithium therapy, 2411
imipramine vs fluoxetine, 5-HT2A receptor-mediated intracellular calcium mobilization, postmortem human frontal cortex samples, 2337
intracellular calcium levels & heat threshold & heat responses, nociceptors, rats, 29817
long term memory stimulators ethylnorantiphein & M1 & M2 analogs, genetic apparatus of neuronal calcium-regulatory system in cortex and hippocampus, rats , 485
platelet 5-HT-induced calcium response to clinical symptoms, patients with eating disorders, 18184
platelet intracellular calcium response to glutamate, schizophrenic patients, 17896
platelet intracellular calcium response to serotonin & thrombin, 18–65 yr old patients with panic disorder, 14618
ryanodine vs thapsigargin & pretreatment & calcium in modifications of naloxone-precipitated withdrawal jumping & noradrenaline turnover frontal cortex, morphine-dependent mice with vs without diabetes, 13795
transient receptor potential calcium 2+ channel & olfactory adaptation, Drosophila, 23356

Calcium Channel Blockers [See Channel Blockers]

Calcium Ions—Serials

Ca ++ antagonists in treatment of subarachnoid hemorrhages & stroke & migraine & dementia & psychiatric & substance abuse disorders & Meniere's disease & amyotrophic lateral sclerosis, 5478
calcium influx vs protein kinase vs mitogen-activated protein kinase, mediation of ischemic preconditioning-induced protection in cortical neurons, rat cultures, 29864
chronic isolation, CA2+ dependent release of 5-HT & dopamine in CNS, rats, test of animal model of depression, 683
exposure of cerebral vascular smooth muscle cells to methanol concentrations of 10–400mM, changes in concentration of intracellular free calcium ions, male canines, implications for CNS toxicity, 30024
intracellular calcium, thermal hyperalgesia & allodynia, diabetic male mice, 33348
isolation of CA2+ downstream regulatory element antagonist modulator in human prodynorphin gene, implications for calcium regulation of gene expression, 13497
L-type vs T-type calcium channel blockers nilvadipine vs flunarizine, hypnotic potency of benzodiazepine-hypnotic triazolam vs -nonhypnotic zolpidem assessed by NREM sleep polysomnography, male rats, 26854
ryanodine receptor modulation of calcium, classical conditioning & associative memory storage, molluscs, 23293

Calculus [See Mathematics]

California Psychological Inventory—Serials

factor analysis of California Psychological Inventory, assessment of career indecision & personality dimensions, college students, 9952
MMPI & California Psychological Inventory profiles, adult children of alcoholics or problem drinkers followed from 11 yrs of age, 18057

California Psychological Inventory—Books

Interpreting personality tests: A clinical manual for the MMPI-2, MCMI-III, CPI-R, and 16PF, 26165

California Psychological Inventory—Chapters

The California Psychological Inventory, 35915

Calories—Serials

caloric deprivation & negative mood, caloric consumption & loss of control over eating, women with binge eating disorder, 5160
conditioning to solid food differing in caloric density & flavor, flavor–calorie learning & food intake, male golden hamsters , 10266
exercise focused vs weight focused maintenance program, exercise participation & energy expenditure & energy consumption & weight change, obese adults, 6 mo follow up, 22098
low vs high energy breakfast with vs without exercise, appetite, females (mean age 23.2 yrs), 3997
maternal control & support & eating cues delivered during mealtime, child's eating rate & caloric intake, mothers & their 3.5 yr olds, implications for obesity development, 17500
prevalence of & predisposing factors for protein calorie malnutrition, patients with dementia, 8605
sweetness &/vs energy content of drinks consumed post-exercise, energy & nutrient intake of food, young adult males, 20204

Cambodia—Serials

characteristics of mental health services, patients with psychiatric problems, Cambodia, 21666

Cameras—Serials

use of red light cameras to enforce against noncompliance with traffic signals, driver compliance & public opinion about program, drivers & community residents, 16247

Campaigns (Political) [See Political Campaigns]

Camps (Therapeutic) [See Therapeutic Camps]

Campuses—Serials

driver compliance with stop signs at pedestrian crosswalks on university campus, drivers, 20904
nonstudent dangers & the responsibility of colleges & universities to provide a safe environment for members of campus community, 19219

Canada—Serials

calculation of WISC-III General Ability Index using Canadian norms, children aged 6–16 yrs, 26110
characteristics of individuals who seek treatment for gambling problems, 24–62 yr olds, Canada, 27759
cluster of suicide & suicide attempts & ideation, Manitoba First Nations community, Canada, 1741
couple & family therapy training experience & subsequent practice profile, 29–71 yr old psychiatrists/graduates of McGill University Diploma Course in Psychiatry, 12092
culture & self-discrepancies & self-satisfaction, Japanese vs Asian Canadian vs European Canadian students, 27372
development & directions of geriatric psychiatry in Canada, 4524
divorce & marriage & birth rates, prediction of suicide rates, 1950–1990, Canada, 30822
implications of Supreme Court of Canada's 1999 decision in Smith v. Jones concerning duty to warn, psychiatrists, 29248
job stress, well-being, college teachers, Canada vs Pakistan, 32188
key dimensions for judging personalities of domestic vs foreign political vs nonpolitical public figures, undergraduates in US vs Canada vs UK, 27218
local & regional & individual & household variations in health perception, 15 yr olds & older, Quebec, 22104
organizational effectiveness of women's movements, Canada vs Finland, 1960–90, 4665
overview of research on self-schema in depression, Canada, 1979–1996, 1540
peer attachment & association with Chinese &/vs delinquent friends, delinquent behavior, Chinese-Canadian adolescents, 1840
practices & perceptions & attitudes about enforcement of impaired-driving laws, police officers, Canada, 29286
prevention alternatives to Youth Offenders Act, Canada, 11668
primary vs specialty mental health treatment, 15–64 yr olds with mood or anxiety or substance abuse or bulimia or antisocial personality disorders, Canada, commentary & commentary reply, 1405
problem use of drugs & alcohol, 14–17 yr olds, Canada, 27895
self-esteem & locus of control & stress & social support & perceived health & drug & alcohol use & not depression, suicidal ideation, male vs female 12–18 yr old French vs English Canadians, 10839
sex & age, nasalence characteristics, 9–85 yr old speakers of Western Canadian English vs French, Canada, 4373
sex & gun control laws, suicide & homicide mortality rate, adults, Canada, 1969–1976 vs 1978–1985, Canada, commentary reply, 17999
sex & gun control laws, suicide & homicide mortality rate, adults, Canada, 1969–1976 vs 1978–1985, commentary, 17980
social contacts during Stanley Cup of Hockey & role of age & sex & marriage status, incidence of suicide, Quebec, 1951–1992, 1733
stereotypes about the Canadian Innu of Davis Inlet, Labrador & images published in daily Newfoundland newspaper, 18–23 yr old college students, 17464
structure & implementation of Mental Health Act, right to appropriate & timely treatment, psychiatric patients, Ontario, comment, 22785
structure & implementation of Mental Health Act, right to appropriate & timely treatment, psychiatric patients, Ontario, 3231
television viewing & physical activity & health-related fitness, 9–18 yr olds, Quebec, 839
transnational linkages in nursing profession, Czech Republic vs Canada, 22128
trends in London vs St. Thomas vs North Bay vs other provincial psychiatric hospitals concerning involuntary patient certification, 1987–97, Canada, 28731
use of risperidone for treatment of schizophrenia, Canada, 2335
waste diversion behaviors & motivations & policy perceptions & environmental attitudes & recycling intensity, households in Greater Toronto Area, 16233

Canada—Chapters

Canadian innovations in career development, 29075
Determinants of psychosocial disorders in cultural minority children, 27569
Inclusion practices in Canada: Social, political, and educational influences, 2986
Intercultural education in Canada: Glimpses from the past, hopes for the future, 2888
Origins and incidence of workplace violence in North America, 21288
Psychotherapy services and cost-effectiveness: A Canadian perspective, 31516
Sexual misconduct: The Canadian experience, 25696
Social and family determinants of community service involvement in Canadian youth, 7577
The treatment of drug-related problems in Canada: Controlling, caring, and curing, 5966

Canaries—Serials

high vocal center lesion, sexual responsiveness to heterospecific vs highly vs weakly stimulating conspecific songs, female canaries, 460

Cancer Screening—Serials

age & health status & access to care & breast & cervical cancer screening, 18–74 yr old Hispanic & Black females, 18874
breast & cervical cancer screening practices, American Indian & Alaska Native women 18–65+ years, implications for prevention & control, 38446
breast cancer screening adherence & sociodemographic & physician & religious behavior characteristics as predictors of screening, 50–80 yr old female church attendees, 9046
breast cancer screening attitudes & practices, Russian immigrant females (mean age 49.3 yrs), Israel, 25362
cancer worry & age, subsequent mammography use, 26–72 yr old women at risk for breast & ovarian cancer, 12 mo study, 35123
causal structure of appraisals & coping & stress, 50 yr old & older females undergoing breast cancer screening, test of predictive power of cognitive-appraisal model, longitudinal study, 37801
culture & attitudes about cervical cancer screening & health behavior, 18–40 yr old American Indian women, 38463
enrollment rates for mammography screening, 40 yr old & older Asian-American women, 31842
health education program, knowledge of & intentions to get & actual use of Pap smear as screen for cervical cancer, 18–91 yr old women from Lumbee tribe, 9043
health related behavior & cancer screening, 17–55+ yr old lesbians, 25364
illness representations, attitudes toward & utilization of breast & cervical cancer screening, 46–69 yr old women, 9056
individual & family medical histories & perceived risk & physician recommendations & worry about cancer & demographic characteristics, annual colorectal cancer screening, Ashkenazi Jewish adults , 35127
information about screening for prostate cancer, patient decision making role & anxiety level, 50–79 yr old men, 31824
interactions with lay health advisors, mammography attitudes & behavior, African American females aged 50 yrs & older, 18860
intervention program for physician encouragement of skin cancer early detection practices, requests for skin examinations during consultations, family practice patients, Australia , 25350
knowledge & perceptions of need for further training about breast cancer screening, medical students at entry & exit from medical school, 6022
knowledge of & attitudes towards & practices regarding breast cancer & breast cancer screening, general practitioners, 18321
media lead education campaign, recognition & intention & receipt & currency of routine checkups & clinical breast exams & mammograms & Pap tests, Vietnamese American females, 18866
physician recommendation & social & behavioral factors, enrollment in Breast Cancer Prevention Trial, females at increased risk for breast cancer, 2510

practice setting & years since medical school graduation & fee-for-service vs salaried, prostate screening practices, physicians, 31785
prostate-specific antigen screening programs, psychosocial stress & satisfaction with social support, men (mean age 60.3 yrs), 35150
psychosocial predisposing and enabling factors related to cervical screening, American Indian females, 15456
race & income & employment & education & age variables created from National Health Interview Survey data for targeting underserved for breast & cervical cancer screening, 18–64 yr old females, 2545
recent screening for breast & cervical cancers & knowledge of cancer risk factors & perceptions of surviving cancer, females (aged 50–75 yrs), 25358
religious & sociocultural issues in breast cancer screening, older Asian-Islamic female immigrants, 22107
risk factors of pain in mammographic screening, 27–78 yr old women, 31821
risk profile & reproductive cancer preventive practices, 35+ yr old Russian immigrant females living in Israel, 28649
satisfaction with breast cancer screening services, females (aged 50 yrs & older), 31825
self-help intervention following cervical cancer screening, smoking cessation, human females, 35139
sociocultural factors, efficacy of health behavior models of breast cancer screening, African American females, 25320
specialist nurse training intervention vs routine procedure in cervical screening, state & trait anxiety at pretest & post test & after receipt of the smear results, 18–65 yr old females , 31815
training courses utilizing standardized patients, improvement in mammography counseling & clinical breast exam skills, community physicians , 38673
use of reminder letters for Pap tests & mammography screening & patient compliance, adult females, 35146

Cancer Screening—Chapters

Assessing needs and planning, implementing, and evaluating health promotion and disease prevention programs among Asian American population groups, 9068

Cancers [See Neoplasms]

Candidates (Political) [See Political Candidates]

Canids [See Also Dogs, Foxes]—Serials

scent marking & territoriality, free-ranging coyotes living in packs, 16774

Cannabinoids [See Also Tetrahydrocannabinol]—Serials

anandamide & 2-arachidonoylglycerol, performance on behavioral tests & rewarding properties, mice, 7183
anandamide & 2-arachidonoylglycerol, performance on behavioral tests & rewarding properties, mice, commentary, 7164
anandamide treatment alone vs pre-treatment with naltrexone, memory consolidation, male C57BL/6 vs DBA/2 mice, 33375
anandamide vs methanandamide vs WIN 55212-2, serum hormones & respiration rate & pain sensitivity, castrated male calves, implications for cannabinoid receptor role in stress response, 26866
antiemetic HU 210, cannabimimetic suppression of locomotor activity & rearing & grooming & elicited vocalization & circling & cisplatin- & emetine-induced vomiting & head-shake, pigeons & male rats, 10571
behavioral interactions between DAergic drugs & cannabinoid agonist HU 210, male rats implications for studying psychosis, 33395
cannabinoid CB1 receptor antagonist SR 141716, food intake & body weight, adult nonobese male Wistar rats, 4121
cannabinoid ligands, learning & performance, old world monkeys, 33511
cannabinoid receptor activation, learning & memory models of long term potentiation & long term depression in hippocampal slices, mice, 29828
cannabinoid receptor agonist WIN 55,212-2, development of hyperalgesia produced by intraplantar injection of capsaicin, male rats, 20323
cannabinoid receptor agonists, persistent pain, rats, 33445
cannabinoid receptor antagonist SR 141716A, behavioral effects induced by anandamide, male rats , 20276
cannabinoids, suppression of nociceptive neurotransmission, rats, 33508
cannabis & endogenous cannabinoid systems in brain & drug tolerance & reward & dependence, 4119
chronic ethanol exposure, down-regulation of cannabinoid receptor agonist-stimulated binding in synaptic plasma membrane, mice, 10536
motor effects of cannabinoids & role & distribution of CB1 cannabinoid receptors in basal ganglia, implications for rat model of Parkinson's disease, 33480
oil of wormwood vs thujone, cannabinoid receptor binding & evocation of cannabimimetic behaviors of pain perception & motor activity, male rats, 10623
oleamide, back muscle contractions & wet dog shakes induced by serotonin receptor agonist, male rats, 23495
ritanserin or naloxone or SR 141716, reduction of motivation for beer solution, male rats, implications for treatment of alcohol craving, 17040
role of cannabinoids & CB1 in GABA networks & subcellular location of CB1 & effects of CB1 agonist & antagonist on hippocampal GABA release, male rats, implications for cognitive functions, 20109
role of central cannabinoid receptor in physical dependence on & addiction to opiates, mutant mice, 10432
role of delta-9-THC & cannabinoid receptors in hippocampus in short-term memory interference, 33414
SR 141716 vs clozapine vs haloperidol, cocaine vs d-amphetamine vs morphine vs Win 55212-2 induced hyperactivity & exploratory behavior, habituated vs nonhabituated male gerbils, 30043
SR141716A, withdrawal syndrome, male mice exposed to delta 9- tetrahydrocannabinol, animal model of cannabinoid dependence, 4124
system of neuromodulation & potential application of cannabinoids as analgesics, animals & humans, 33399

Cannabinoids [See Also Tetrahydrocannabinol]—Chapters

Analgesic properties of THC and its synthetic derivatives, 18295
Cannabinoid interaction with brain reward systems, 17130
Cannabonoids and the cholinergic system, 17128
Clinical experience of the synthetic cannabinoid nabilone for chronic pain, 18296
Levonantradol, 17134
Marihuana: Effects on neuronal excitability and seizure threshold, 18294
Maternal or paternal exposure to cannabinoids affects central neurotransmitter levels and reproductive function in male offspring, 17127
Nabilone: A synthetic cannabinoid of medicinal utility, 18506
The psychology and physiologic effects of active cannabinoids, 17137
Studies of the brain cannabinoid system using positron and single-photon emission tomography, 17131

Cannabis [See Also Marihuana]—Serials

adolescent cigarette smoking, future alcohol & cannabis & other drug abuse disorders, young adults, 6–10 yr study, 30893
binocular depth inversion in 3D object perception & relation to associations between endogenous anandamide/cannabinoid system & schizophrenic psychoses, cannabis intoxicated adults & schizophrenics, 4262
cannabis & endogenous cannabinoid systems in brain & drug tolerance & reward & dependence, 4119
cannabis use, schizophrenia patients (mean age 24.2 yrs), 68.7 mo followup, 18035
cannabis, visual & verbal memory & cognitive & driving ability, adults, 23530
cannabis-related incidents, management in secondary & intermediate schools, principals & Board personnel in New Zealand, 9501
carbamazepine, cannabis related schizophrenia like psychosis, 19 & 22 yr old males, 18706
common syndrome model for explaining correlations between tobacco & alcohol & cannabis use during adolescence, 16 yr study, 1790
contingent reinforcement approach to reduce cannabis use, male methadone maintenance clients (mean age 48.3 yrs), 12504
effectiveness & extra-pyramidal side effects of olanzapine vs haloperidol, 19–58 yr olds with cannabis-induced psychotic disorder, 31619
prevalence & frequency & intensity & intentions for repeated use & functions of & peer involvement in alcohol & cannabis & amphetamine & ecstasy usage, 16–21 yr olds , 27031
self concept & attitudes & intentions & planned behavior & peer pressure & social norms & dimensions of habit, marihuana/cannabis usage, 17–59 yr old college students, 3-mo follow-up, 27843
visual scanning & specific attentional dysfunction after early start of cannabis use, healthy adults, 17036

Cannabis [See Also Marihuana]—Chapters

Behavioral pharmacology of cannabinoids, 777
Cannabis and alcohol: The green and the red, 17478
Cannabis and psychiatric syndrome, 17791
Cannabis and schizophrenia: An overview of the evidence to date, 17798
Detection of cannabis in victims of violent death in Stockholm (1987–1994), 18026
Historical overview of other abusable drugs, 14786
D-^{9}-tetrahydrocannabinol and cannabis intoxication in naive neuropsychiatric syndrome of study during wakefulness and sleep, 17138The
Pharmacology of cannabis, 785
Psychological and psychiatric consequences of cannabis, 1820

Canonical Correlation [See Multivariate Analysis]

Capgras Syndrome—Serials

concept of misidentification in delusional misidentification syndromes, comparison of Capgras syndrome with 'clonal pluralization of a person', 56 yr old male with reduplicative paramnesia, 8148
epidemiology & etiology & neuroanatomy & neuropsychology of Capgras syndrome, 11410
extreme stress of torture, case reports of 31 & 37 yr old patients suffering from Capgras syndrome & schizoaffective disorder & PTSD, 27560
misidentification of pet parrot, female 91 yr old with late paraphrenia & Capgras syndrome, 37388
prevalence & clinical correlates of Capgras syndrome, community-dwelling 65–97 yr olds with probable or possible Alzheimer's disease, 28158

Capital Punishment—Serials

attitude toward death penalty, probability of favoring conviction, potential jurors, 9747
attitudes toward death penalty & other types of punishment, east vs west Germans, 35824
death row prisoners' competency tests & right to waive appeal, 39090
improper statements made by prosecutor in closing argument during penalty phase of capital trial, death penalty recommendations, jury-eligible college students & community members, 29277
origin & evolution of right to refuse treatment doctrine & competency to be executed & therapeutic jurisprudence, death row inmates, 26044
requisite intellectual ability & aptitudes & legal knowledge & psychological stability for self-representation in post-conviction litigation, 20–68 yr old male death row inmates, 32534

Capital Punishment—Chapters

Capital punishment, homicide, and deterrence: An assessment of the evidence and extension to female homicide, 8407
Capital punishment, homicide, and deterrence: An assessment of the evidence, 9755

Capitalism—Serials

commodity fetishism in Marxist ideology & social repression & psychology of consumer capitalism, 23828
commodity form & value in Marxist ideology & commodification of subjectivity in capitalism, implications for psychological practice, 23831
development of industrial capitalism & modern social science & social psychology in US, writings of Henry George vs William Graham Sumner, 19559
false consciousness in Marxist ideology & psychology & social cognition & capitalism, 23827
model of investor–company relationship dynamics, 35670

Capsaicin—Serials

cannabinoid receptor agonist WIN 55,212-2, development of hyperalgesia produced by intraplantar injection of capsaicin, male rats, 20323
capsaicin with vs without kappa opioid agonists vs antagonists, thermal allodynia, rhesus monkeys, experimental animal model of pain, 20313
capsaicin, morphology of intracutaneous nerve fibers & number of epidermal nerve fibers & cold & mechanical & heat pain sensation, 24–69 yr olds, 20351
capsaicin, vibration & touch detection & mechanically evoked pain thresholds & 2-point discrimination ability & roughness detection, 19–25 yr old males, 4177
cutaneous sympathetic nerve activity & capsaicin-evoked pain & hyperalgesia & vasodilatation, adults (mean age 25.7 yrs), 16892
effects of selective 5-HT1D receptor agonist PNU-109 291 on electrically induced dural plasma extravasation & capsaicin-evoked c-fos immunoreactivity within trigeminal nucleus caudalis, guinea pigs, 29986
epidural resiniferatoxin, prolonged regional analgesia, rats, implications for treatment of cancer pain, 36627
glial cell line derived neurotrophic factor, regulation of capsaicin sensitivity/VR1 & substance P in cultured spinal sensory neurons, rats, 29835
heat/capsaicin sensitization model of hyperalgesia in response to nociceptor stimulation, 23–32 yr olds, 23012
hyperalgesia after intradermal injection of capsaicin as function of morphological changes in epidermal nerve fibers, 24–69 yr olds, 517
intensity of sensitization vs desensitization, whole-mouth rinses vs filter papers of vs foods containing capsaicin stimuli, college students, 26313
neural processing of & networks activated by pain component of capsaicin-inducted secondary hyperalgesia, healthy adults, 29978
painful heterotopic stimulation, capsaicin induced & brush evoked pain intensity & area of brush evoked pain, 23–27 yr old males, 3450
postnatal capsaicin pretreatment & C-fiber reduction, developmental changes in pain responses to nociceptive heat, mice, 33214

vanilloid receptor subtype 1 as capsaicin-receptor homologue in high threshold for noxious heat, cells from human & animals, 16994
Captivity (Animal) [See Animal Captivity]
Captopril—Serials
captopril, elevated ingestion of saline & plasma renin activity, male rats with ligation of common bile duct, 29678
subfornical organ lesion or captopril, water drinking response induced by intragastric saline, rats, 4275
Carbachol—Serials
acetylcholine & norepinephrine & carbachol, paired-pulse stimulation & modulation of long-term synaptic depression in visual cortex, rats, 13763
bicuculline & 8-OH-DPAT & carbachol, modulation of hippocampal evoked responses during paired prepulse inhibition, young vs aging vs old male rats, 4198
bilateral microinjections of carbacholine & scopolamine into striatum, signal differentiation, dogs, 3913
carbachol & SKF 38393 & quinpirole nucleus accumbens shell & core injections, behavior & dopamine levels, male rats, 36573
Carbamazepine—Serials
calcium channel blocker nimodipine with vs without carbamazepine augmentation, patients with treatment refractory affective disorders, 2377
carbamazepine & clonazepam alone & in combination, 68-yr-old female with Charles Bonnet Syndrome, 5781
carbamazepine vs valproate, haloperidol plasma levels & psychopathologic outcome, schizophrenic or schizoaffective Ss, 28437
carbamazepine, cannabis related schizophrenia like psychosis, 19 & 22 yr old males, 18706
carbamazepine, Kleine-Levin syndrome, 10- & 13-yr-old males , 28472
carbamazepine, Lyme disease-induced hyperacusis, 33 & 35 yr old women, 11804
carbamazepine, worsening of methylphenidate-treated symptoms, 13 yr old female with ADHD, 12233
carbamazepine-induced upregulation of adenosine A1-receptors, signal transduction in primary astrocyte cultures from brain, rats, implications for treatment of affective disorders, 10541
carbemazepine & neuroleptic administration & neuroleptic malignant syndrome, 54 yr old male with chronic schizophrenia, 2373
discontinuation of carbamazepine, neurocognitive performance, 10.1–14.3 yr olds with symptomatic partial epilepsy, 31803
effectiveness of carbamazepine, 12- & 13 yr old females & 14-yr-old male with juvenile-onset bipolar I disorder, 15358
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary, 12246
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary reply, 12248
efficacy of lithium & carbamazepine & valproate & other mood stabilizers, children & adolescents with mood & other disorders, 21949
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, commentary, 21893
efficacy of valproate plus lithium & triple therapy with lithium & carbamazepine & valproate, 19–74 yr old outpatients with refractory bipolar illness, 1 yr study, reply, 21880
exacerbation of epileptic seizures by carbamazepine, individuals with epilepsy & delayed psychomotor development & EEG paroxysmal abnormalities (mean age 10 yrs 4 mo), 3 yr 7 mo followup, 8928
insulin, anticonvulsant activity & brain concentration of carbamazepine, male mice with seizures induced by maximal electroshock, 13688
interaction of fluoxetine with & resulting increases in plasma levels of phenytoin & carbamazepine, 42 yr old male with grand mal seizures & behavioral problems & depression, 2 yr study, 37974
lithium vs carbamazepine vs sodium valproate, 5-HT receptor subtypes, male mice, 10645
lithium vs carbamazepine, 18–65 yr olds with bipolar disorder with vs without mood-incongruent delusions or comorbidity, 2.5 yr study, 8902
prophylactic efficacy of lithium vs carbamazepine, adults with bipolar I disorder, 2.5 yr study, 38249
prophylactic efficacy of lithium vs carbamazepine, patients with bipolar II or bipolar disorder not otherwise specified, 2.5 yr study, 38250
psychotic symptoms & utility of polydiagnosis, 24 yr old female with paranoid-psychotic symptoms who responded to combination of valproic acid & carbamazepine but not to neuroleptic drugs, 38252
reduction or elimination of methylphenidate by carbamazepine & liver metabolism, 7-yr-old male with severe mental retardation & attention deficit disorder & grand mal epilepsy, 2278
Carbamazepine—Chapters
Rational copharmacy for treatment resistant bipolar disorder, 25246
Carbidopa—Serials
carbidopa, L-dopa plasma levels & time course & frontal components of somatosensory evoked potentials & motor performance, patients with Parkinson's disease, 38325
dextromethorphan vs L-dopa/carbidopa vs SK 77434, motor coordination, Lurcher mutant mice with genetically determined cerebellar ataxia, 26856
Carbohydrates [See Also Deoxyglucose, Sugars]—Serials
carbohydrate deficient transferrin vs gamma glutamyl transpeptidase screening for alcohol problems after treatment for alcoholism, adult male vs female alcoholics, 9809
carbohydrate vs protein vs fat macronutrient ingestion, microdialysis-assessed serotonin in paraventricular–ventromedial hypothalamic nuclei, male rats, 13644
consumption of soup preload with maltodextrin, food intake & hunger & fullness ratings during lunch, male 20–28 yr olds, 4086
diagnostic validity of carbohydrate-deficiency, assessment of problem drinking, 18–70 yr old males, 27868
direct intragastric infusion of isoenergetic fat vs carbohydrate macronutrients, cold-pressor pain perception, 18–32 yr olds, 13655
duodenal infusion of fat vs sucrose while ingesting fat vs carbohydrate, suppression of food intake, male rats, 4037
effect of isocaloric intragastric carbohydrate vs fat infusions on food intake and preferences in low- vs high-fat diets, adult food-restricted female rats, 29681
efficacy of carbohydrate-deficient transferrin as marker of alcohol consumption vs chronic alcohol misuse, surgical inpatients, 8367
oral vs intragastric high-fat vs high-carbohydrate soup delivery, gastric emptying & appetite & eating behavior, male 21–35 yr olds, 33315
photoperiod & carbohydrate vs protein diet with granular vs powdery texture, diurnal food intake, male rats, 13642
preference conditioning effects of mixed high-carbohydrate vs high-fat diet infusions during short- vs long-term sessions, adult female rats, 29680
serum carbohydrate-deficient transferrin as marker for antemortem alcohol use & abuse, post-mortem medical examiner cases, 8362
Carbon Dioxide—Serials
35% carbon dioxide inhalation, anxiety symptoms, 18–34 yr olds at risk for panic disorder, 17931
blood cortisol responses to carbon dioxide-induced panic, patients with panic disorder with vs without agoraphobia vs healthy Ss, 24343
carbon dioxide inhalation, attention to bodily sensations & patterns of fear habituation vs sensitization & anxiety, college students with high levels of anxiety sensitivity, 34202
differential response to CO2 challenge, patients with respiratory vs nonrespiratory subtypes of panic disorder , 21172
fear-relevant imagery scripts as CS in differential learning, somatic complaints & respiratory responses & end-tidal carbon dioxide, female 18–22 yr olds, panic & agoraphobic anxiety implications, 10527
immobilization stress & carbon dioxide asphyxiation vs pentobarbital sodium injection, skin mast cell degranulation, male rats , 33354
influence of serotonin & metergoline on CO_2-induced anxiety in healthy Ss, 36528
long-term effects of 35% carbon dioxide inhalation, development of anxiety disorders &/or panic attacks, 1st-degree relatives of panic patients, 4 yr study, 11471
neurobiological & psychophysical mechanisms of oral sensations produced by carbonated water, rats & 19–29 yr olds, 32783
pathophysiology of panic disorder using models of lactate & carbon dioxide challenges, 8177
sensitivity to carbon dioxide, patients with generalized anxiety disorder vs panic disorder, 24339
Carbon Monoxide—Serials
assessment of postexposure neurobehavioral & neuropathological changes, 27–52 yr olds with carbon monoxide poisoning, 31051
behavioral vent-blocking maneuver, carbon monoxide exposure & puff number with Ultra-light vs Light cigarette brands, smokers (mean age 22 yrs), 20814
relationship between self reported smoking & measurement of expired air carbon monoxide, smokers who had attended behavioral program for smoking cessation, 4695
take out drops on cigarette filter as aid in smoking cessation, exposure to nicotine & carbon monoxide & cigarette draw & EEG & cardiovascular results, male vs female smokers, 5938
Carbonic Anhydrase [See Enzymes]
Carcinogens—Serials
radon–smoking risk reduction telephone counseling intervention, smokers, 35133
Carcinomas [See Neoplasms]
Cardiac Arrest [See Heart Disorders]
Cardiac Disorders [See Heart Disorders]
Cardiac Rate [See Heart Rate]
Cardiac Surgery [See Heart Surgery]
Cardiotonic Drugs [See Drugs]
Cardiovascular Disorders [See Also Aneurysms, Blood Pressure Disorders, Cerebrovascular Disorders, Embolisms, Heart Disorders, Hemorrhage, Hypertension, Ischemia, Thromboses]—Serials
accuracy of self-report of hypertension & hyperlipidemia & overweight as screening instrument for cardiovascular disease risk, 20–60 yr olds, 24766
accuracy of self-reported health behaviors & risk factors related to cancer & cardiovascular disease, general population, 37769
age & sex of child, correlations between siblings & mothers & their offspring for cardiovascular disease risk, 2–15 yr old siblings & their 22–51 yr old mothers, 18331
alcohol drinking & binge patterns, cardiovascular disease, at risk populations, 24769
anxiety & related symptoms, 25–65 yr old patients with automatic implantable cardioverter defibrillators vs panic, 12337
aspirin vs other drug treatments, plasma catecholamines & mood, patients with heart transplant vs coronary bypass vs as yet treated heart disease, 38430
assessment instruments for psychosocial outcome of cardiac rehabilitation programs, evaluation of quality of life, 10 yr review, 22249
biological & neuroticism & sensitization of emotion as risk factors, patients with atypical chest pain vs ischemic heart disease (mean age 51.3 yrs), 34596
cardiac rehabilitation, older coronary artery disease patients, 12488
cardiovascular disease knowledge & risk reducing behaviors, adults, 9059
cognitive & physical rehabilitation & neuropsychological performance at 3 & 8 wks postinjury, 49 yr old male with brain injury following cardiac arrest, 32016
comprehensive behaviorally oriented program, changes in risk factor related lifestyle behavior, coronary patients treated with percutaneous transluminal coronary angioplasty, 12 mo follow up, 12286
education & demographic characteristics, changes in level of knowledge of cardiovascular disease prevention over time, 18–64 yr olds, 12 yr longitudinal study , 38449
educational attainment & psychosocial & health communication variables & cardiovascular disease risk, 25–64 yr old White vs Hispanic males, 5808
epidemiological findings on cardiovascular factors in Alzheimer's disease dementia, 5409
epidemiology & pathophysiological alterations & treatment, patients with cardiovascular disease & major depression, commentary, implications for role of omega-3 fatty acids, 17780
exhaustion & hostility & anger & other psychological risk factors, progression of coronary artery disease & related syndromes, 31169
feedback model of inflammation & mental state before an acute coronary event, exhausted vs nonexhausted angioplasty patients, 24759
habitual coffee vs tea consumption, coronary heart disease & death, aged 40–59 yrs, 35156
heart rate variability at rest & during mental stress, 46–79 yr old coronary artery disease patients with high vs low depressed mood score, 14989
impact & effectiveness of incorporation of public health education message about cardiovascular health into popular TV hospital drama series, 15–50+ yr olds, 9035
individual factors related to dietary behavior & perceived susceptibility to cardiovascular disease & high blood cholesterol, 30–64 yr old females, 25341
ketoprofen, visual & auditory hallucinations & delusions of persecution, female 64 yr old with valvular abnormality with aortic valve prosthesis, 12345
links between depression & cardiac disease & microcirculatory cerebral blood flow using magnetic resonance imaging technique, depressed vs nondepressed elderly patients with coronary artery disease, 37803
localized pontine lesions, auditory brain-stem ERPs & binaural processing, 44–80 yr olds with vascular disease, 5295
materials vs imagery vs role exercise based occupational forms, lower extremity movements & heart rate changes & recovery period & affective response, 14–68 yr olds undergoing cardiac rehabilitation, 28113

morbidity & mortality from cardiovascular disease & risk factors, shift workers, 24761
optimism & cognitive appraisal of treatment & heart disease & cardiac risk reduction behavior, 32–84 yr old percutaneous transluminal coronary angioplasty patients, 8585
optimism & self esteem components of cognitive adaptation theory as predictor of new coronary events, 31-80 yr old patients treated with percutaneous transluminal coronary angioplasty, 6 mo followup, 31792
perceived sustainability of community-based heart health promotion interventions, 22–77 yr olds, 2522
plasma endothelin-1 peptide levels, cardiovascular risk, adults with major depression & hypercortisolemia, 37320
poor physical condition & plasma amino acid disturbances prior to surgery, incidence of postoperative delirium, 26–83 yr olds following cardiac surgery, 22072
predisposing & enabling & need factors & use of cardiac rehabilitation services, adults in rural areas hospitalized for myocardial infarction or coronary artery bypass or angioplasty, 5908
prevalence of cardiovascular disease risk factors & identification of high-risk individuals, 18–65 yr olds, use of computer-assisted telephone interviewing, 25278
process & outcome measures as quality of care, HMO vs non-HMO patients with cardiovascular disease, 8592
psychobiological mechanisms in respiratory distress & cardiovascular reactivity & role in sleep apnea & cardiovascular disorders, humans, 13662
psychosocial determinants & motives regarding smoking cessation, cardiac inpatients, 1993
psychosocial functioning, patients after cardiac transplantation vs artery bypass graft vs awaiting transplantation, 2482
reliability & validity of diagnostic thermal vascular test, distinguishing between patients with Raynaud's Phenomenon (mean age 45 yrs) & healthy controls, 22868
role of anger inhibition vs expression & slow cardiovascular recovery & low parasympathetic activity in model of link between hostility & cardiovascular disease, female & White vs Black male college , 24762
role of pessimism & anxiety & personality in development of cancer, 31–79 yr old men with coronary heart disease, 6–10 yr follow-up, 5286
seasonal distribution of acute myocardial infarction, patients with cardiovascular disease who have seasonal mood changes, 28110
self reported health & psychosocial & sociodemographic factors & comorbidity, 28–93 yr olds with coronary artery disease, 37802
simultaneous treatment of cardiovascular disease & major depression, patients, 31383
subclinical cardiovascular disease & diabetes mellitus & apolipoprotein E genotype, cognitive decline, 65+ yr olds, 28024
symptom severity in Alzheimer's disease & vascular comorbidities, African-Americans (mean age 76.5 yrs) vs Caucasians (mean age 79.7 yrs)., 18419
symptoms of sleep apnea & prevalent cardiovascular disease & cognitive impairment & mortality, 71–93 yr old Japanese-American men, 3-yr study, 21457
test-retest reliability & construct validity & responsiveness of Utility Based Quality of Life-Heart questionnaire, cardiac patients (mean age 60 yrs old), 32699
traditional medical education lecture on cardiovascular risk vs lecture with barriers to behavior change information, intention & actual clinical practice behavior changes, primary care physicians, 6026
validity of Spanish version of Structured Interview, assessment of Type A behavior, 29–68 yr old male heart patients with vs without coronary disease , 19616
venoarterial extracorporeal membrane oxygenation treatment, lateralized cognitive & perceptual motor & memory & tactile perceptual & neuropsychological abilities, 4–6 yr olds with cardiac disease, 28617
within-pair differences in midlife cardiovascular risk factors & health history & behaviors & brain morphology, 42–56 yr old monozygotic male veteran twins, 25 yr study, 18327

Cardiovascular Disorders [See Also Aneurysms, Blood Pressure Disorders, Cerebrovascular Disorders, Embolisms, Heart Disorders, Hemorrhage, Hypertension, Ischemia, Thromboses]—Chapters

Cardiovascular and psychosocial risk factors reduction: Office-based interventions, 11863
Cardiovascular health: A challenge for midlife, 8596
A model for office-based cardiovascular risk reduction and behavioral change, 11864
Neuropsychological assessment of executive functions: Impact of age, education, gender, intellectual level, and vascular status on executive test scores, 6655

Cardiovascular Reactivity—Serials

5 & 7% carbon dioxide respiratory challenge, respiratory response, 19–58 yr olds with panic disorder, commentary & reply, 17935
acute & chronic stress responses & lipid responsivity, airline pilots, 17013
agency & communion & cardiovascular reactivity during marital interaction, husbands vs wives, 1132
alert state during auditory detection task, event-related brain potentials & cardiovascular responses, 20–30 yr olds, 26724
animal model of cocaine-induced cardiovascular toxicity & differential reactivity, rats, 33430
autonomic nervous system in secretory immunoglobulin A & cardiovascular activity during mental arithmetic & paced breathing, male college students, 29966
baroreflex testing with phenylephrine & amyl nitrite, impedance cardiography-derived hemodynamic response, adults (mean age 44.4 yrs), 10480
beta-adrenoceptor blockade & propranolol, secretory immunoglobulin A at rest & during paced serial arithmetic & cold pressor & submaximal cycling, college students, 30067
biological & behavioral influences on lipid responses to acute & chronic stress, airline pilots, 17012
biosychosocial approach to social ''facilitation'' as challenge or threat patterns & cardiovascular responses, college students, 26702
BP & cardiovascular reactivity to video game & resting BP 3–4 yrs later, 11–14 yr olds, American & Western Samoa, 3–4 yr followup, 13897
BP & HR responses during naturally occurring interpersonal interactions involving verbal communication, traffic enforcement agents, implications for reactivity hypothesis of cardiovascular disease, 10506
cardiovascular & cortisol responses to standardized stress test, Lithuanian vs Swedish 50-yr-old men , 13674
cardiovascular & genital & endocrine changes following masturbation-induced orgasm, healthy females (mean age 24.8 yrs), 20232
cardiovascular & genital & endocrine changes following masturbation-induced orgasm, healthy females (mean age 24.8 yrs), commentary, 20224
cardiovascular activity & physiological response stereotypy during spatial memory & planning & attentional tasks, healthy young adults, 29957
cardiovascular changes during induced emotion, college students, 36512
cardiovascular effects & safety of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression, 2319
cardiovascular monitoring & cardiovascular effects of psychotropic drug medications, children & adolescents, 31651
cardiovascular reactivity & depression & anxiety & autonomic control 4 wk vs 18 mo after acute myocardial infarction, 45–74 yr olds, 34599
central adiposity & cardiovascular reactivity & mental-stress induced BP & heart rate & body composition & metabolic syndrome & health practices, 52–79 yr old African Americans, 17015
commute factors, BP & mood & frustration tolerance, 17–50 yr old college students, 3204
decongestant pseudoephedrine hydrocholoride, cardiovascular reactivity & blood pressure during rest & exercise & recovery, healthy males, 7251
defensiveness & hostility & BP-assessed cardiovascular reactivity to stress, 18–45 yr old males, 27384
desipramine, cardiovascular reactivity & norepinephrine levels during physical exercise, healthy 7–18 vs 19–66 yr olds, 10676
development of technique for microinjections glutamate & angiotensin II into the A5 region & effects of stimulation of the A5 region on renal sympathetic nerve activity, conscious rabbits, 13562
early parental loss & poor quality family relationships, long-term cardiovascular & cortisol reactivity to stress, 18–27 yr olds, 7151
effects of parental history of hypertension & urbanization on resting blood pressure levels & blood pressure responses to mental stress, 20–30 yr old medical students , 14990
emotion regulation in response to frustration, task compliance & cardiovascular reactivity, 5 vs 10 vs 18 vs 30 mo olds, 14046
emotional stimulation, facial EMG/H gradients & cardiac activity & mood & autonomic functioning, 20–41 yr olds with asthma, 21486
emotional stimulation, facial EMG/H gradients & cardiac activity & mood & autonomic functioning, 20–41 yr olds with asthma, erratum, 28045
family conflict stress interactions, systolic & diastolic blood pressure & heart rate & concordance of physiologic response, African American hypertensive vs normotensive mother-daughter dyads, 10517
fear of falling, anxiety, adults with cerebrovascular disease (mean age 62.2 yrs), 33346
fear vs relaxation conditions, heart period variability & emotional states & physiological responses, 20–48 yr old females with low & high trait anxiety, 20249
glycemic control & disease duration & somatic complaints, psychological functioning, 18–55 yr olds with asymptomatic insulin-dependent diabetes mellitus with aberrant parasympathetic cardiac input, 21479
heart rate & respiratory sinus arrhythmia & pre-ejection period & T-wave amplitude (cardiac activity) during sleep onset, adults, 20194
heart rate & subjective estimates of dependence of intensity of emotional feeling on need intensity & probability of its satisfaction, 18–45 yr olds, 4068
heart rate variability at rest & during mental stress, 46–79 yr old coronary artery disease patients with high vs low depressed mood score, 14989
individual differences in hostility & social stressors, cardiovascular reactivity during marital interaction, married couples, 29969
lavender aromatherapy after moderate physical exercise, cardiovascular measures of recovery, male college students, 29942
length of exposure & digit-scan & cold-pressor, intertask consistency of BP responses, 18–22 yr old males, 23430
lipid & cardiovascular responses to acute stressor, 18–30 yr old men with vs without parental history of myocardial infarction, 28111
manipulation of level of support, cardiovascular reactivity during the preparation & delivery of a speech, college students, 23447
menstrual cycle phase & task effect, BP recovery from acute stress, normotensive Black vs White females (mean age 33 yrs), 20244
model of cardiovascularly conditioned regulation of baroreflex, rats, 36309
model of neural components of basal forebrain cortical cholinergic system underlying anxiety & autonomic control & cardiovascular reactivity, 4022
neighborhood- & family-level SES & hostility & cardiovascular reactivity & left ventricular mass, Black vs White children & adolescents, 11858
NEO Personality Inventory-assessed neuroticism, cardiovascular reactivity, 18–23 yr olds, 10526
nonevaluative social support & presence of friend or stranger, cardiovascular reactivity during stressful tasks, females, 13663
observation of white noise, visual EPs & cardiac activity as indexed by pulse rate, female 20–26 yr olds, 20181
paroxetine, panic symptoms & long term heart period variability during sleep & wakefulness, adults with panic disorder, 38334
peer-led stress inoculation, state anxiety & heart rate & BP & perceived severity of symptoms, college students (mean age 18.75 yrs), 22093
perceived family support & cardiovascular response during conflict & other interactions, 24–50 yr old husbands vs wives, 20229
personality & sex & dominance during interaction vs exposure to dominant other & hostility, cardiovascular reactivity & blood pressure & heart rate, undergraduates, 13677
physical restraint stress, heart rate variability as measure of active vs passive coping style, laying hens from high- vs low-feather-pecking lines, 13673
potential mediators of relationship between personality & tonic cardiovascular & neuroendocrine & immunologic parameters, 18–55 yr olds, 23467
presence of supportive male vs female, cardiovascular responses to stressor, male vs female 18–25 yr olds, 13666
provocation, facial flushing & cardiovascular reactivity, women who scored high vs low on trait anger, 20196
psychobiological mechanisms in respiratory distress & cardiovascular reactivity & role in sleep apnea & cardiovascular disorders, humans, 13662
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/''Ecstasy'', healthy 23–47 yr olds, commentary, 33402
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/''Ecstasy'', healthy 23–47 yr olds, commentary reply, 33507
psychological & cardiovascular effects of cholecystokinin tetrapeptide-induced panic, healthy volunteers, 13756
pulse rate & BP & cardiovascular reactivity in natural school setting, 7–10 yr olds, 26932
repeated smoked cocaine self-administration, plasma concentrations & heart rate & BP & subjective ratings of drug desire, male vs female 26–43 yr olds, 29994
salt restriction vs potassium supplementation, cardiovascular responses during rest vs stress, 22–48 yr olds on high salt-low potassium diet, 17018
self perception & ability to control impression one makes on others & social stressor, cardiovascular response patterns, male 18–35 yr olds, 16998

sertraline, cardiovascular adverse effects, 6-17 yr olds with obsessive compulsive disorder, 21976
sex & cardiovascular reactivity, pain appraisal, 20–55 yr old unmedicated individuals with hypertension, 24768
sleep architecture & HR variability & response to sodium lactate challenge, patients with nocturnal vs daytime panic attacks, 24344
subjective thresholds & subliminal psychodynamic stimuli, anxiety & heart rate, male vs female college students, commentary reply, 4054
sustained-release vs immediate-release methylphenidate, acute performance & self-rated behavioral & physiological effects, healthy 20–46 yr olds, 695
temporal course of startle reflex modulation & autonomic response patterns to fear-relevant vs fear-irrelevant pictures, 18–41 yr olds with high vs low levels of animal fear, 10514
therapeutic role of tricyclic antidepressants & adverse cardiovascular effects, children & adolescents with ADHD & major depression & autism & obsessive compulsive disorder , 21894
thioridazine vs remoxipride, neuropsychological & hemodynamic responses, healthy 20–42 vs 65–77 yr olds, 23586
use of autonomic components to improve cardiovascular assessment of mental workload in flight simulation task, 44–58 yr old commercial pilots, 12967
vocal expressions of anger regarding strongly-held opinion, cardiovascular reactivity within dyadic interaction, college students, 26719
yohimbine vs clonidine vs resting, CSF epinephrine concentrations & cardiovascular responses, elderly with vs without Alzheimer's disease vs healthy young adults, 2074

Cardiovascular System [See Also Heart]—Serials

animal model of cocaine-induced cardiovascular toxicity & differential reactivity, rats, 33430
attitudes toward cardiovascular health promotion & efficacy & perceptions of skills in lifestyle counseling, GPs & practice nurses, 25370
brain hypocretins, regulation of cardiovascular function in ad lib feeding model, male rats, 29847
cardiovascular effects of tricyclic antidepressants & selective 5-HT reuptake inhibitors, elderly patients & cardiac disease patients with major depression, 5624
cardiovascular monitoring & cardiovascular effects of psychotropic drug medications, children & adolescents, 31651
citalopram, interindividual differences in cardiac conduction & repolarization, healthy males & 18–92 yr olds with major depression &/or Alzheimer's disease, 38298
epidemiological findings on cardiovascular factors in Alzheimer's disease dementia, 5409
evidence of role of communication in cardiovascular functions to support reconceptualization of physiology as physiology of inclusion, 4052
interactions between nitric oxide & glutamate in modulation of cardiovascular function in nucleus tractus solitarii, male rats, 29822
occupations & physical activity level at work & socioeconomic levels & energy expenditure & cardiovascular risk factors, 35–69 yr old females, 25285

Cardiovascular System [See Also Heart]—Chapters

Controlled laboratory studies on the effects of cocaine in combination with other commonly abused drugs in humans, 5117
Health effects of alcohol, 14781

Career Aspirations [See Occupational Aspirations]

Career Change—Serials

career guidance & personal problems, working adults (age range 21–49 yrs), 38941
career motivation theory as approach to contemporary career change, managers, 25851
Five Factor personality variables & profile elevation on Self-Directed Search, career interests, workers undergoing career change, 19388
perceived risk of work-related injury & intentions to change employment, employees, 19416
personality & vocational behavior, review of literature 1993–1997, 1358
personality characteristics as predictors of subsequent new-business start-ups via Five Factor Personality Model, outplaced managers & executives, 12766
structural model of combative vs preventive coping strategies & appraisal & emotional responses to accepting new job, graduate students, 25853

Career Choice [See Occupational Choice]

Career Counseling [See Occupational Guidance]

Career Development—Serials

applying career development theories to the school-to-work transition process, 25842
career choice development, career decision-making self-efficacy, college students (mean age 27.82 yrs), 19389
career commitment & growth opportunity & goal attainment, retirement decision making, adults aged 45+ yrs, extension of T. A. Beehr's model, 35590
career development & occupational decision making difficulties, gifted students, implications for career counseling, 12735
career development & the school-to-work transition process in theory & practice, commentary, 25837
career development & vocational maturity, 13–18 yr old students with hearing impairments, implications for prevocational programs, 5444
career development activities in informal economy, 38959
career development theories & the school-to-work transition process, 25827
career intervention, career decision making self-efficacy & career indecision, male vs female high school juniors, 4 wk followup , 25839
career maturity as construct for study of adolescent career development, counselors, 957
careerist orientation & work attitudes of job involvement & organizational commitment & turnover intentions & career growth, professional employees (mean age 31 yrs), 38985
changes in work environment & job stress & individual career patterns as challenges for rehabilitation counselors, 32062
changing nature of careers & adult developmental stages & theories in contemporary organizational climates, 29062
characteristics & interventions & utility of J. L. Holland's career development theory, implications for practitioners , 32344
children's games for use in management education & training & development, 22608
close peer relationships, career development, 17–22 yr olds, 19385
Cognitive Information Processing approach to career problem solving & decision making for career counseling & development, females, 23612
development & validity of Perceptions of Career Management Practices, college students & personnel, 19412
developmental model of the school-to-work transition process of youth, 25846
events & experiences in beginning & progression of career, consulting psychologists, personal experience , 15738
exploratory behavior & contents of career counseling, 22–55 yr old career counseling clients, 12792
fathers & role models & SES & social support & career intervention programs, career development, 25–57 yr old Black males, 10972
features of physician service networks & implications for psychiatrists in creating their own behavioral health care organizations, 15499
focus on personal development vs traditional academic subjects for career readiness in present 'communication age' based on Fortune 500 job-skill needs, 9581
framework for integration of formal theories of organizational justice into career development theory & practice, 35672
importance of contracting process & clear formulation of contract, successful outcome of careers interview, recordings of careers interviews conducting by 29–49 yr old careers advisers, 12787
issues & opportunities in & development of psychological science career, graduate students, 12595
issues encountered at various stages of career development process, 25–46 yr old self-identified battered females, 14667
new-DOTS theory & practice perspective on careers education & guidance, implications for career learning & choice, 12749
organizational & employee characteristics related to perception & effects of career plateauing & human resources career management practices, public sector managers & professionals (mean age 43), 38955
outsider & insider career strategies & model for Black women in academe, professors, 35599
parental factors, career development, 19–21 yr old African & Mexican Americans, implications for career development counselors, 32322
particularistic mobility thesis & paths to upper-tier occupations, 18–70 yr old African Americans vs Whites, 22582
perceived career preparation usefulness & employment & reason for not having aging-related job, alumni of graduate certificate program in gerontology, 9340
perceptions of feedback received & public self-consciousness & career motivation & empowerment, self-development & job performance, bank employees, 12811
personal growth initiative & coping styles & career exploration & vocational identity, college students, 12795
personality antecedents of career orientation & stability, males vs females followed from age 8 yrs to 36 yrs , 12794
productivity improvement methods & organizational culture, career rewards & values of professionalism, local government managers, 38970
professional identity & solidarity & adjustment to engineering culture & professionalization process in engineering, female college students, 36997
relation between leisure & career development, college freshmen (mean age 18 yrs), 3045
relationships between need for achievement & job involvement & tenure & negative affectivity & age & positive vs negative career-plateau coping, 22–65 yr old plateaued water-plant facility employees, 32379
reliability & validity of Career Influence Inventory, perceived influences on career development, college students, 19386
role of Career Path Tournament game in increasing awareness & anticipation of & coping with sociological barriers to career advancement in junior high & high school & college students, 15893
roles & functions in postemployment services for people with severe disabilities, vocational rehabilitation career maintenance specialists, 5979
social cognitive career theory & attribution theory & relation to role of perceived barriers in career development & counseling, 38917
social cognitive career theory perspective of the school-to-work transition process to promote students' career development across the school years & after work entry, 25841
theoretical perspectives of career development on the school-to-work transition process, commentary, 25838
type of job transition & level of support & perception of career barriers, 19–66 yr old male vs female employees, 25855
typical life path & sources of environmental commitment, environmentalists, US & Norway, 39041
using hierarchial linear modeling to predict creative performance over time, film directors, 38968
willingness to seek help & professional commitment & advancement, social workers (mean age 37.6 yrs), 32130
work stress & anxiety & insomnia & somatic symptoms & propensity to make errors, junior house officers, senior year followup, 28880
working conditions conducive to reflection-in-action, industry managers, 12828
workplace changes & guides for student success & activities to address career development, high school students, 12789

Career Development—Books

Advances in global leadership, Vol. 1, 32361
Career development and systems theory: A new relationship, 3049
The full-time faculty handbook, 9407
Learning, practicing, and living the New Careering, 29064
Professional Counseling: Transition into the next millennium, 38045
The role of work in people's lives: Applied career counseling and vocational psychology, 35580

Career Development—Chapters

Alternative modalities for uncovering individual life mission, 29073
Canadian innovations in career development, 29075
Career development and career guidance, 3050
Career-related continuous learning: Defining the construct and mapping the process, 29066
Contextualizing career concerns of Asian American students, 22567
Development, decision making, and the New (quantum) Careering, 29070
Do race and sex affect employees' access to and help from mentors? Insights from the study of a large corporation, 16060
From education to employment: Occupations and careers in the social transformation of East Germany, 16049
From management consultation to management development, 25886
Global leadership competencies for the twenty-first century: More of the same or a new paradigm for what leaders really do?, 32365
Health benefits of the New Careering, 29068
Job-entry patterns in a life-course perspective, 16057
Learning about and teaching Lifecareer®, 28872
Male career development in the formative years, 33596
Mental illness as a career: Sociological perspectives, 30588
National Institute of Mental Health: An update on women and minorities in research, 28826
The New (quantum) Careering model, 29069
The New Careering (Lifecareer®) practice, 29071
New routes to employment: Integration and exclusion, 16042
Paradigms, development, decision making, and the New Careering, 29072
A personal perspective on the development of social psychology in the twentieth century, 23960
Pythagorean assessment: An assessment paradigm for process careering, 29065
A self-determination perspective of interests and exploration in career development, 19394

Social and geographical mobility 20 years after high school, 16041
A social psychologist examines his past and looks to the future, 23961
Transcultural global leadership in the twenty-first century: Challenges and implications for development, 32366
Vocational theory in broad bush, 29074
Worldview, decision making, paradigms, and development—all one fabric, 29067
Career Education—Serials
career intervention & education program, career self-efficacy & congruence between career choices & occupational interests, 7th grade students at risk for vocational underachievement, 15888
college year status & sex & career education courses, career beliefs & career decision making, college students, 25854

Caregiver Burden—Serials
7 stages of caregiving, caregivers of patients of Alzheimer's disease, 22218
adult offspring/in-law gender & patient dementia severity & offspring caregiver stress & family characteristics, in-law marital strain, 3-generation families of Alzheimer's patients, 38546
beliefs about help seeking, caregiving experience & caregiver burden, family caregivers (aged 37–86 yrs) of patients with Alzheimer's disease, 25475
caregiver burden & nutritional status & weight loss, community dwelling patients with probable Alzheimers disease, 1 yr prospective study, 8629
caregiver burden & other variables & care receiver characteristics, 26–94 yr old family caregivers who placed elders with Alzheimer's disease in long-term vs continued in- home care, 38511
caregiver burden, caregivers of patients with early- vs late-onset dementia, 38553
caregiver burdens & satisfactions, Black vs White custodial grandmothers, 20756
caregiver role perceptions & burden & commitment & affirmation, 36–70 yr old male caregivers of severely mentally ill relatives, 31978
caregiver stress & burden & satisfaction & mental health, 49–90 yr old mothers vs fathers of children with chronic disabilities, 38548
caregiver's depressive symptoms & burden, caregiver's report vs direct assessment of activities of daily living, 53–91 yr old patients with mild or very mild dementia, 11947
caregiving & caregiver burden, family caregivers of demented vs nondemented patients, 22216
caregiving & employment, female caregivers, 31975
caregiving burden & mastery & satisfaction & impact & depressed mood & utilization of home health care, 29–88 yr old family caregivers for functionally impaired older adults, 25474
caregiving stressors & well-being measured by depression, caregivers of disabled 79–101 yr olds, 18997
changes in caregiving demands & activity restrictions, depressive symptomatology, adult caregivers of patients with stroke & hip fracture & heart disorders, 3 & 6 mo studies, 2637
clinical & psychosocial factors in caregiver burden, homecare givers of patients with dementia of Alzheimer's type vs vascular dementia, 15048
cognitive deficits & emotional impact & coping skills, patients with motor neuron disease & their carers, 34634
cognitive-behavioral intervention, coping & burden & satisfaction & emotional & physical health & patient activities of daily living, homebound female caregivers of dementia patients, 12 wk study, 22208
community-based empowerment program, empowerment status, 16–74 yr old family members of persons with traumatic brain injuries, 3 mo followup, 31952
concerns & support needs, informal carers of cancer patients receiving palliative care, 18991
construction of narratives on attitudes & life experiences & attitudes & caregiver burden, coping strategies, caregivers of mentally ill family members, 38550
control & commitment & support, stress & role strain & health, 29–82 yr old male guardians of aged adults, 15563
correlates of caregiver burden, caregivers & elderly, validation of Japanese version of Zarit Caregiver Burden Interview , 22903
critical review of impact of traumatic brain injury on families, 11925
demands of care & filial obligation & caregiving self-efficacy & involvement & coping strategies, caregiver burden, 65–97 yr old patients with dementia & their 20–82 yr old caregivers, 28716
demographic characteristics & caregiving strain & demands & occupational & personal impact & resources available, employed adults with family care responsibilities, 20719
determinants of strain & correlations with level of impairment, Swedish 40–87 yr old caregivers of 80+ yr old dependent relatives, 31976
development & reliability & validity of Bakas Caregiving Outcomes Scale, measurement of changes in family caregiving outcome, family caregivers of stroke survivors, 32697
development of scale to measure loss/powerlessness & provisional & ultimate meaning, caregivers of persons with dementia, 36010
differences in familism values & caregiving outcomes & burden & anxiety & depression, Korean vs Korean American vs White American dementia caregivers, 31343
education program, stress & depression & quality of life & knowledge of disease, at home caregivers of elderly patients with dementia, 9005
effects of respite provision on well-being, caregivers, 15565
emotions & laughter as "universal elixir" to allow better coping with stress & caregiving responsibilities, professional & family caregivers, 30514
epidemiologic survey of demographic & clinical characteristics & caregiver burden, elderly Ss with dementia living alone vs with others with vs without family caregivers, 37901
expectations of caregiving burden, adult caregivers of sibling with mental illness or mental retardation, 35250
experience of difficulty & satisfaction in caregiving, caregivers of patients with probable dementia of the Alzheimer's type, cross national European Study, 35252
extent of daily living assistance & patient behavior problems & caregiver stress, risk of hypertension, spousal caregivers of Alzheimer's disease patients, 11936
factor structure of revised Perceived Caregiver Burden Scale, Indian/Pakistani immigrant caregivers of elderly relatives, 26203
families' & members' caregiving patterns throughout their lives & problems of families at particular stages, 30117
family interventions, burden & distress & relationship with patient & family functioning, relatives of psychiatric patients, 30608
grandchild behavior & grandmother socioeconomic factors & health status, burden & stress & satisfaction, 38–77 yr old full-time vs part-time vs non-caregiving grandmothers, 27199
health & mental health & life stressors & availability of informal supports & unmet service needs & presence of grandchildren's special needs, 50–78 yr old Latino grandparents rearing grandchildren, 30339
hormone replacement therapy, physical & psychosocial functioning, 50 yr old & older chronically stressed postmentopausal dementia caregivers, 15428
illness beliefs & severity of patient's affective & psychotic symptoms, caregiver burden, family caregivers for patients with bipolar I or bipolar II or schizoaffective disorder, 27619
impact of new demands of assistance on caregiver depression, cohort family members of 55 yr old & older patients with high vs low needs for assistance before hospital discharge, 15561
interdisciplinary psychoeducational family group intervention, perceptions of frequency & severity of behavioral problems of persons with dementia & reactions, caregivers (mean age 65.6 yrs), 31980
internal consistency & validity of Chinese version of Caregiver Burden Scale, caregivers of outpatients with Alzheimer's disease, 31226
involvement of decreased lymphocyte growth hormone mRNA in poor immune response, female caregivers (mean age 64 yrs) with chronic stress in caring for patients with Alzheimer's disease, 18996
level of & change in depressive symptoms, 35–73 yr old daughters providing care to aging parent, 18 mo study, 22213
level of acculturation & rural vs urban residence, caregiver stress, 18–85 yr old Mexican American vs European American , 31981
lived experience & meanings of caregiving for children with end stage renal failure, 19–57 yr old mothers & their 1–18 yr old children, 24713
living arrangement & service use & satisfaction, social support & well being & caregiver burden, 55–79 yr old spousal caregivers of patients with probable dementia of the Alzheimer's type, 35256
measurement of burden in home-based palliative care of terminally ill patients, family members & caregivers, research review, 5881
memory clinic intervention, caregiver burden & psychosocial quality of life & mental health, caregivers of patients with dementia, 12 mo study, 35211
metabolic syndrome levels, caregivers with vs without coronary heart disease who cared for spouses with Alzheimers disease, 15–18-mo follow-up, 1999
motor & mental symptoms of Parkinson's disease patients, emotional & social distress, 28–81 yr old family caregivers of home-dwelling patients, 38542
multicultural framework for conceptualizing beliefs & expectations & needs of family caregivers of terminally ill patients, 5880
narrative themes of the meaning & experiences of caregiving relationship, daughters (aged 48–60 yrs) & their aging mothers (aged 71–92 yrs), 30322
neuroticism & coping strategies & negative well-being, 50–86 yr old female family caregivers of adult child with chronic disability, 22217
parent care & hypotheses of women's multiple roles, 33776
parent's perceptions of family-centered & professional-provided caregiving & emotional well-being, parents of 3–5.9 yr olds with nonprogressive neurodevelopmental disorders, 11909
patient & caregiver & relationship characteristics, caregiving tasks & distress, caregivers of persons with schizophrenia or chronic psychosis, 9181
patient gender & cognitive impairment & activities of daily living & behavior problems, caregiver burden & mental fatigue, spouse or offspring as caregivers of patients with dementia, 35253
patterns of family caregiving & support provided in long-term care, 45–91 yr old psychiatric patients in intermediate care facility, 35257
patterns of time transfers from middle-aged adult children to their elderly parents, Whites vs Blacks vs Hispanics, 14157
perceptions of burdens & gratifications & conflict & intimacy involved in caregiving of adult children with mental retardation, African American vs Caucasian mothers, implications for social work, 9182
place of residence & clinical & social morbidity & carer distress, schizophrenic 16–64 yr olds who were living with their families at time of initial study, 15-yr followup, 4934
predictability of model of caregiver burden & infectious illnesses, caregivers of persons with schizophrenia or schizoaffective disorder, 31972
predictability of model of schizophrenia caregiver burden & infectious illnesses, caregivers of 21-58 yr old persons with schizophrenia or schizoaffective disorder, 31974
professional & caregiver workload & satisfaction with transmural home care program, nurses & caregivers of terminal cancer patients, 5885
providing care for elderly care recipients, physical & mental health, caregivers, 2 yr study, 28717
psycho-social & economic burden, caregivers (mean age 35.6 yrs) of female relatives with cervical or breast cancer , 37799
psychometrics of Caregiver Reaction Assessment Scale, partners of colorectal cancer patients, 19626
relationship between family burden & sociocultural context, Euro-American vs Latino adults with schizophrenia or depression & their family members, comment, 24128
relationship between family burden & sociocultural context, Euro-American vs Latino adults with schizophrenia or depression & their family members, 11327

relationship between sociodemographic & illness-related & caregiver stress-related & psychological resources variables & burden of caregiver (mean age 52 yrs) for mentally ill relative, 35248
relative importance of caregiver & child & family & environmental characteristics & responses, caregiver stress, caregivers of emotionally disordered 4–12 yr olds, 11694
reliability & validity of Subjective Burden Scale, family caregivers of elderly relatives with dementia, 31279
self perceived stressing problems deriving from patient behavioral disturbances & quality of life, caregivers of family members with AD, 9180
services needs & utilization, African American vs White caregivers of persons with dementia, 22209
social impact & consequences of Alzheimer's disease & caregiver burden & potential impact of new antidementia drugs, patients & family caregivers , 31340
spousal interactions & relationship to functional abilities & physical & emotional health, 49–85 yr olds with Alzheimer's disease vs stroke, 6 mo follow-up, 9183
stress & psychological morbidity, caregivers of patients with Alzheimers disease, 38543
stress level & attribution of stress to caring for patients & subjective burden & attitudes toward continuing care, 17–70 yr old caregivers of 15–58 yr old patients with obsessive-compulsive disorder, 37405
theoretical model of issues & tasks in & stages of caregiving, caregivers (aged 28–83 yrs) of patients with potentially fatal cancer or AIDS, 4 mo study, 18984

Therapy for spouses of head injured patients, 25043

Caregivers—Serials

7 stages of caregiving, caregivers of patients of Alzheimer's disease, 22218
active vs passive cognitive stimulation intervention, caregiving interaction satisfaction, caregivers & patients coping with AD, 9 mo study, application of stress-adaptation modeling approach, 15557
age & gender & relationship & other caregiver & recipient characteristics, attitudes toward community services, family caregivers of elderly with dementia or cancer or other medical disorders, 25476
aging research & informal caregiving for people with AIDS, 2636
application of attachment theory to counseling & caregiving, 38026
approaches to illness management & adherence to treatment plan for child's illness, parents of 6–15 yr olds with chronic illnesses, 5879
assessment of training needs, carers of persons with dementia, 25478
attachment theory to understand quality of attachment security to primary caregiver, 6–11 yr old male psychiatric inpatients with self-destructive behaviors, 1695
attitudes toward need for assistive services, use of social & medical services, Black vs White vs Hispanic family caregivers of elderly patients with dementia, 25471
attitudes toward physician-assisted suicide, caregivers vs non-caregivers of relatives with Alzheimers disease, 28200
barriers to & multi-step family recruitment process & strategies for participation in qualitative research on caregiving, rural African American caregivers , 19681
behavior management planning for problem behaviors in dementia, 11940
behavior problems & disease severity as child-related stressors & family functioning & social support as moderators of adaptation, family caregivers of 5–17 yr olds with sickle cell syndromes, 8501
beliefs about help seeking, caregiving experience & caregiver burden, family caregivers (aged 37–86 yrs) of patients with Alzheimer's disease, 25475
boundary ambiguity & mastery & couplehood & social support & stress & health, depressive symptoms, community-dwelling caregivers of institutionalized mates with Alzheimer's disease , 17408
Breakaway social support program, caregivers of homebound or chronically ill patients, 22210
burden & quality of life & coping methods, 64–92 yr old husband caregivers of their 68–90 yr old wives with Alzheimer's disease, 22222
care & management issues, formal & informal caregivers of patients with vascular dementia vs Alzheimers disease, 8997
caregiver attitudes & use of community services, caregiver wives (mean age 72 yrs) of community dwelling dementia care recipients, 25453
caregiver burden & other variables & care receiver characteristics, 26–94 yr old family caregivers who placed elders with Alzheimer's disease in long-term vs continued in- home care, 38511
caregiver religious/spiritual coping & psychological distress & caregiver/receiver relationship quality, 30–90 yr old informal caregivers of 81–103 yr old community-residing disabled elders, 5878
caregiver role perceptions & burden & commitment & affirmation, 36–70 yr old male caregivers of severely mentally ill relatives, 31978
caregiver's age & level of education & health & stress & anger, sleep complaints, 49–82 yr old female caregivers of adults with dementia, 25479
caregivers perceptions regarding patients' ability to control depressive symptoms, depression recovery, geriatric psychiatry inpatients (mean age 77.2 yrs), 30652
caregiving & employment, female caregivers, 31975
caregiving burden & mastery & satisfaction & impact & depressed mood & utilization of home health care, 29–88 yr old family caregivers for functionally impaired older adults, 25474
caregiving stressors & well-being measured by depression, caregivers of disabled 79–101 yr olds, 18997
changes in caregiving demands & activity restrictions, depressive symptomatology, adult caregivers of patients with stroke & hip fracture & heart disorders, 3 & 6 mo studies, 2637
characteristics & physical & psychological health symptoms, caregivers of Alzheimer's disease patients, China vs US, 2071
characteristics of caregivers & effect of patient's sex & age on their experience of receiving that care, cardiac surgery patients in recovery, 28719
characteristics of program to address socialization needs, adults with dementia & their caregivers, 9163
child development training & general education, child care provision quality, caregivers, 7699
childrearing attitudes in day care vs after-school care vs family day care vs babysitter care, parents & nonparental caregivers, 4640
chronic stress, L-selectin expression on peripheral lymphocytes, elderly caregivers (mean age 73.5 yrs) of Alzheimer's disease patients, 15566
communication skills group program, carers of 45–72 yr olds with aphasia, 28128
community psychiatric nursing team & other family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, commentary, 15570
concerns & support needs, informal carers of cancer patients receiving palliative care, 18991
contributions of carers to development & evaluation of specialist mental health services for the elderly, 9105
control & commitment & support, stress & role strain & health, 29–82 yr old male guardians of aged adults, 15563
coping behaviors & psychological distress & social support & functioning & patient behavioral problems, 32–83 yr old family members who care for a relative with schizophrenia, 12470
coping congruency & level of couple coping, psychological distress & dyadic & individual adjustment to chronic illness, care receivers with multiple sclerosis & their caregivers, 12 mo study, 5883
coping skills & needs & role development & task provision & utilization of & gaps in services, 33–70 yr old male caregivers of females with Alzheimer's disease, 38547
critical review of impact of traumatic brain injury on families, 11925
cultural expectations & care-giving of parent, husbands & sons in Japan vs US, 38544
decision making needs & challenges & support, 26–88 yr old caregivers of 47–90 yr old family members with dementia, 22225
demands of care & filial obligation & caregiving self-efficacy & involvement & coping strategies, caregiver burden, 65–97 yr old patients with dementia & their 20–82 yr old caregivers, 28716
demographic characteristics & prior & current service use & caregiving mastery & preparedness as correlates of attitudes toward community services, elderly spousal caregivers of patients with dementia, 25473
demographics of caregivers & caregiving structure & factors that predict caregiving structure, caregivers of elderly African American family members, 35249
depressive symptomatology & role of family & religiosity on mental health, primary caregivers of community-dwelling & activities of daily living-disabled elderly, 25482
design & organization of study of efficacy & cost effectiveness of emotion oriented care, nursing home residents with dementia & their nurses, 9187
development & content of How To Cope classes, caregivers of persons with dementia, 38549
development & psychometric properties of 2 measures of self-care & problem solving self-efficacy, 30-85 yr old caregivers of cognitively impaired elders, 26124
development & reliability & validity of Bakas Caregiving Outcomes Scale, measurement of changes in family caregiving outcome, family caregivers of stroke survivors, 32697
development & reliability & validity of Family Accommodation Scale for Obsessive-Compulsive Disorder, patients with obsessive-compulsive disorder & their family caregivers, 35925
development & reliability & validity of Short Sense of Competence Questionnaire, assessment of competence in dealing with burden of caring for dementia patients, caregivers (mean age 63 yrs), 9821
development & reliability of Social Circles Questionnaire, caregiver ratings of social support provided by family & workers & friends & romantic partners, 18–74 yrs olds with mental retardation, 27963
development & validation of Indicators of Abuse screen, caregiver abuse, 55 yr old & older community dwelling care receivers, 5884
development of Carer Assessment Scale, assessment of needs of family carers of stroke patients, nurses & family carers, Hong Kong, 5882
development of inventory to measure knowledge of behavioral methods, caregivers of patients with severe psychiatric impairments, 16370
disciplinary responses to child misbehavior, caregivers, 7695
disclosure of HIV status, anticipated & perceived & directly experienced HIV-related stigma, 44–80 yr old Black females caregivers of children with HIV, 12469
distribution of & assessment of Dutch "Poststroke Guide", stroke patients & caregivers & stroke providers, 31773
early memories of parental acceptance & control & perceptions of abusiveness & typicality of caregiver behaviors toward elderly adults, White American vs Korean college students, 34277
effectiveness of needs based family psychosocial intervention service, carers of outpatients with schizophrenia, 27653
emotions & laughter as "universal elixir" to allow better coping with stress & caregiving responsibilities, professional & family caregivers, 30514
established family behavior patterns & elder & caregiver characteristics & nursing home policies & practices, expected vs actual involvement in nursing home, family members of nursing home residents, 31989
estimates of physical complaints & main concerns & presence of affective disorder, terminal colo-rectal cancer patients (mean age 69 yrs) vs carers vs general practitioners, 18990
experience of & feelings about experience of psychiatric hospitalization & caregivers & interventions employed in treatment, 10.11–24 yr old former patients, 22239
experience of ward rounds, carers of persons with dementia, 25490
experiences & characteristics in coresident caregiving of aging parents, daughters vs daughters-in-law & their husbands as caregivers, 15568
experiences & stresses of providing palliative home care to relative with HIV &/or AIDS, 31–65 yr old family caregivers, 5886
experiences in caring for relatives with serious mental illness in home setting, 29–70 yr old family caregivers, Hong Kong, 2633
extent of daily living assistance & patient behavior problems & caregiver stress, risk of hypertension, spousal caregivers of Alzheimer's disease patients, 11936
factors affecting & level of agreement & methods for resolving disagreements in decision-making for health care procedures, 75–95 yr olds & their 27–85 yr old family members, 22220
factors in delayed diagnosis of dementia & other related illness, families & caregivers, 18348
factors that predict anticipation of future caregiving, grandmothers (aged 57–92 yrs) & mothers (aged 39–71 yrs) & granddaughters (aged 18–44 yrs), 7677
family adaptiveness & cohesiveness ratings, 7–17 yr olds with sickle cell disease vs their 24–48 yr old caretakers, 24685
family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, 15569

family caregiver training, patient outcomes & behavioral problems & institutionalization, patients with dementia, commentary, 15560
fatigue & energy & sleep difficulty, elderly caregivers of spouses with Alzheimer's vs Parkinson's disease vs cancer , 31984
feasibility of electronic tracking device for prevention of wandering & injury, carers of elderly with dementia, 5379
felt obligation & parental caregiving, male vs female 17–25 yr olds vs their 36–60 yr old parents, 4622
formal & informal care, adults (aged 55 yrs & older) living in board & care homes, 22229
future directions for research on caregiver attitudes toward & beliefs about & perceptions of service use, 22959
gender & home vs nursing home care, grief states of anxiety & sadness & anger & guilt, 51 to over 80 yr old spousal caregivers of demented partners, 28673
gender roles & marital intimacy & spousal caregiving, married males vs females (aged 21–65+yrs) undergoing cancer treatment, 22207
grief, 40–88 yr old spouse & 44–70 yr old childcaregivers of dementia patients, 31977
group education for problem solving skills in caregiving, family caregivers of cancer patients, 25467
health & mental health & life stressors & availability of informal supports & unmet service needs & presence of grandchildren's special needs, 50–78 yr old Latino grandparents rearing grandchildren, 30339
health behaviors & lifestyles of family dementia caregivers, wives vs daughters, 25472
health promotion counseling, health promoting behaviors, 20–83 yr old family home caregivers, 6 mo followup, 25330
health-promoting behaviors, 20–91 yr old Black vs White caregivers of impaired elders, 31979
illness beliefs & severity of patient's affective & psychotic symptoms, caregiver burden, family caregivers for patients with bipolar I or bipolar II or schizoaffective disorder, 27619
impact of stroke on quality of life & coping & health services, informal caregivers, 37874
individual counseling & community self-help groups for management of stress & coping strategies, family members & caregivers for Parkinson's disease patients, 21647
influence of perceived helpfulness of formal & family helpers on perceptions of quality of care, caregivers (mean age 59 yrs) of elderly health impaired patients, 25465
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, commentary, 18988
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, commentary, 18985
integrative model of formal & informal caregiving, aged patients with dementia, implications for future research, 18989
issues & concerns that can negatively impact effectiveness of local caregivers & foreign mental health care personnel in war zone, 28671
Kinship Support Network, provision of private community based case)managed services, adult kinship caregivers & relative children, 25431
level of & change in depressive symptoms, 35–73 yr old daughters providing care to aging parent, 18 mo study, 22213
levels of past and current intimacy in caregiver–patient relationship, expressed emotion, family caregivers of dementia patients, 2026
meaning of family-like care among operators (aged 39–81 yrs) of small board & care homes for elderly, 38552
mood symptoms & daytime ambulatory BP, 20–79 yr old Black female elder caregivers vs noncaregivers, 22219
multicultural framework for conceptualizing beliefs & expectations & needs of family caregivers of terminally ill patients, 5880
nature of medical condition & familial & social & other factors in understanding caregiving roles, child caregivers of parents with illness or disability, 30212
need & predisposing factors in institutional respite care & service appraisals, caregivers , 2631
overt vs covert homosexuality & family relations & demographics & level of family health caregiving & child care duties, 17–81 yr old homosexual men vs lesbians, 15558
palliative care experience, 28–65 yr old Bangladeshi patients & their primary carers, England, 18934
parenting alone to multiple caregiver child care & parenting arrangements, Black vs White urban families, 1142
patient & caregiver & relationship characteristics, caregiving tasks & distress, caregivers of persons with schizophrenia or chronic psychosis, 9181
patient & caregiver variables at palliative care referral, prediction of caregiver psychological symptoms & bereavement outcome following cancer patient's death, family caregivers, 28718
perceptions & use of & resistance to formal support, 33–87 yr old male caregivers of adults with cognitive impairment, 31971
perceptions of & progression in caretaking & medical expert roles, 18–40 yr old mothers of premature infants in neonatal intensive care unit, 38561
perceptions of 16–38 mo olds in their care in kibbutz setting, mothers & nonmaternal caregivers, 23901
perceptions of behavior identified as being pain related, 46–96 yr old nursing home residents vs 22–64 yr old nurse vs 30–91 yr old family caregivers, 21495
perceptions of burdens & gratifications & conflict & intimacy involved in caregiving of adult children with mental retardation, African American vs Caucasian mothers, implications for social work, 9182
perceptions of division of responsibility for asthma management tasks in families, inner city 6–9 yr olds & their caregivers, 18842
perceptions of experience in making placement decisions, 35–80 yr old caregivers, commentaries & responses appended, 9178
personal competence & meaning of experiences living with memory-impaired partner & use of formal support services, spousal caregivers, 35254
perspectives on definition & purpose of & who should provide eldercare, older adults & family members & friends & neighbors & volunteers & direct service providers & policy makers, 5837
physical problems & home care intervention, psychological status, caregivers of cancer patients (mean age 62.3 yrs), 3- & 6-mo followups , 25470
pragmatic & psychological issues involved in helping parental caregivers & mental health consumers cope with parental aging & loss, 15564
predictability of model of caregiver burden & infectious illnesses, caregivers of persons with schizophrenia or schizoaffective disorder, 31972
predictability of model of schizophrenia caregiver burden & infectious illnesses, caregivers of 21-58 yr old persons with schizophrenia or schizoaffective disorder, 31974
problem-solving nurse counseling, psychosocial adjustment & distress & burden & coping & health & social service utilization, 38–87 yr old caregivers of cognitively impaired relatives, 1 yr study , 22221
processes & management of & adjustment to diagnosis disclosure, 18–65 yr old family caregivers of 6–12 yr old children with perinatally acquired HIV disease, 21501
profile following palliative care, 26–78 y rold bereaved caregivers within 3 mo of patient's death, 25481
profiles of grandmothers & their caregiving behavior & other social roles, nationally representative US sample, 1137
psychoeducational intervention, psychological & immune function, 62–81 yr old females who were their spouses primary caregiver, 1 mo followup, 25480
psychoeducational nursing intervention to manage behavioral problems of persons with Alzheimer's disease & related dementias, caregivers' affective responses, home caregivers, longitudinal study, 18902
psychometrics of Caregiver Reaction Assessment Scale, partners of colorectal cancer patients, 19626
psychopathology associated with Alzheimer's disease & interventions for caregivers, patients with Alzheimer's disease, 22211
recreation & activity social support programs to increase leisure opportunities, caregivers, implications for activity specialists, 18972
relationship with caregivers & institutionalization, older adults with Alzheimer's disease or vascular dementia, 3 yr study, 21584
reliability & utility of Revised Memory & Behavior Problems Checklist, caregiver evaluation of & reaction to observable behavioral & memory problems, 47–90 yr olds with Alzheimer's disease & their caregivers, 31225
reliability & validity & factor analysis of Relative's Assessment of Global Symptomatology, assessment of cognitive & behavioral symptoms, caregivers of 52–91 yr olds with AD, 35943
reliability & validity of Caregiver Quality of Life-Cancer, 19–87 yr old caregivers, 36030
religious & nonreligious appraisals of caregiving, situational & & mental & spiritual health outcomes, 25–84 yr old caregivers, 9177
respite experience as coping strategy, 47–82 yr family caregivers of dementia patients, 31983
role capacity & overload as subjective & patient behavior problems as objective stress, risk for & prediction of depression, 23–82 yr old caregivers for relative with Alzheimer's or other dementias, 14993
satisfaction with services provided by social work staff of hospice, primary caregivers of deceased patients, 28714
self identified needs & patterns of service use, 50–78 yr old grandparent caregivers, 11032
self perceived stressing problems deriving from patient behavioral disturbances & quality of life, caregivers of family members with AD, 9180
self-development through caregiving journey, 34–83 yr olds caregivers of relatives with Alzheimer's disease, 31181
self-help &/or mutual aid activities such as support groups & telephone support, 60+ yr old caregivers of persons with dementia, Canada, 2632
services needs & utilization, African American vs White caregivers of persons with dementia, 22209
social problem solving abilities & emotional & physical adjustment of patient, caregivers of family members with recent-onset physical disability, 11783
sociological & demographic & social/emotional contexts of intergenerational households headed by grandparents in the US, implications for policy, 30320
spirituality as coping mechanism during postbereavement period, male caregivers of partners with AIDS, 11231
stressors & cognitive appraisal of stressor & social support & coping strategies & well-being, family caregivers of institutionalized elders with vs without dementia, 31992
surrogate decision-making about research participation & other barriers to informed consent in dementia research, 63–99 yr olds with advanced dementia, comment & reply, 13162
theoretical model of issues & tasks in & stages of caregiving, caregivers (aged 28–83 yrs) of patients with potentially fatal cancer or AIDS, 4 mo study, 18984
treatment of depressive disorders, spousal caregivers of persons with Alzheimer's disease, 37988
typology of users of institutional respite care, caregivers & patients (aged 64–84 yrs), 1 yr study, 12471
use of aftercare services & perceived barriers to service use & perceived facilitators of service use, 22–64 yr old primary caregivers, 15501
use of electronic bulletin boards in development & reinforcement of skills in problem solving & prevention of crises at home, family caregivers of patients with cancer & other chronic disorders, 25271

Caregivers—Books

Caregiving across cultures: Working with dementing illness and ethnically diverse populations, 5860
Dementia, aging, and intellectual disabilities: A handbook, 11725
I'll take care of you: A practical guide for family caregivers, 31985
Stress reduction for caregivers, 28722

Caregivers—Chapters

Adult romantic attachment and couple relationships, 20462
Attachment and caregiving: The caregiving behavioral system, 20767
Attachment and psychopathology in adulthood, 21014
Developmental deficits in children with Down syndrome, 31012
Family caregiving: Stress, coping, and intervention, 5887
Grandparents as caregivers, 4532
The health effects of caregiving for adults in later life, 12473
The home environment, 13036
Intergenerational relationships in later-life families: Adult daughters and sons as caregivers to aging parents, 18998
Language socialization: Patterns of caregiver speech to young children, 36778
Maintaining communication, 12434
The nature of individual differences in infant–caregiver attachment, 20480
A parent's experience, 11727
Relations among relationships: Contributions from attachment theory and research, 20456
Variations in families' explanations of childhood chronic conditions: A cross-cultural perspective, 31098

Carotid Arteries—Serials

presence of transient migraine-like symptoms, 41–50 yr olds with internal carotid artery dissection, 5404

Cartoons (Humor)—Serials

race & social construction of family life in Sunday comics, 10686
rhetorical analysis of activist cartoon humor as tool to change societal attitudes toward disability, 4395

Case History [See Patient History]

Case Law—Serials

case of legal liability by local education authority & educational psychologist for failure to diagnose dyslexia in 12 yr old student, 39083

Case Management [See Also Discharge Planning]—Serials

application of broker model of case management for severely mentally ill in rural areas, personal characteristics & perception of availability & adequacy of community support services, case mangers , 5875
assessment of needs & problems in child-care social work using Depression Social Assessment Schedule, children & their families, 13074

attachment states of mind, effectiveness of therapeutic relationships & client functioning, 25–62 yr old clients with serious psychiatric disorders & 25–58 yr old case managers, 35195
care & management issues, formal & informal caregivers of patients with vascular dementia vs Alzheimers disease, 8997
case management & cognitive therapy in comprehensive housing program to prevent homelessness, formerly homeless & at risk mentally ill adults, 35160
case management training, sexually transmitted disease drug dispensing behavior & HIV/STD preventive communication & condom promotion & sales, male pharmacists, 9 mo study, India, 2770
characteristics of & implementation of case management with Access to Community Care and Effective Services and Supports program, homeless clients with mental disorders, 31948
characteristics of optimal clinical case formulations, clinicians, 5490
Child Well-Being Scales for clinical assessment & case management in family services, families, 22180
client preferences & agency factors & manager characteristics, out-of-home placement decisions for 65+ yr olds, long-term care case managers, 15571
client–case manager alliance & client characteristics, client outcomes, homeless persons with severe mental illness, 9159
clinical case management, access to & utilization of community social services as adjunct to & outcomes of outpatient substance abuse treatment, adults with substance abuse disorder, 6 mo study, 25530
community-based case management, recidivism, recently released mentally ill offenders, 3 yr study, 2726
Computerized Lab Alert System for case management & patient monitoring & decision support, 28670
conceptual overview of health psychology training philosophy & how training model has guided Army health psychology in managing primary care of patients, 25608
content analysis of practice themes in cases of child abuse fatality or serious child protection concern cases, 18973
demographic & clinical predictors of management problems, supported housing residents with severe & persistent mental illness, 18964
development of Caseload Segregation/Integration Ratio, children & adolescents in community mental health vs child protection vs special education service sectors, 25405
dyadic case management as strategy for prevention of homelessness, adults with alcohol & drug dependence, 6 & 12 mo followup, 35232
education & training issues in new role of case management, occupational therapists, 12568
efficacy of olanzapine & psychosocial rehabilitation & case management in community mental health setting, patients with psychosis, 37969
elementary school integrated services & use of case management techniques, case example of 12 yr old female with problems of truancy & failing grades, 9571
evaluation of demonstration program for delivery of customized job-training & intensive case-management & supportive services, highly disadvantaged adults in high-unemployment community, 2 yr study, 3053
evaluation of standard vs single-case-design evaluation treatment by probation officers, delinquent behavior & psychological functioning, juvenile delinquents (mean age 16.45 yrs), 9–12 mo followup, 25570
factors predicting satisfaction with case management services, parents of children & youth with severe emotional disturbance, 9160
feminist & critical-theory perspectives in analysis of nursing case management & dilemmas of caring in corporate context, commentary, 22312
feminist ethics paradigm in long term care case management, clients (aged 60 yrs & older), 12448
feminist ethics paradigm in long term care case management, clients (aged 60 yrs & older), commentary reply, 35235
feminist ethics paradigm in long term care case management, clients (aged 60 yrs & older), commentary, 35237
identification of services needed by foster care families & amount of case manager effort needed in delivering services, children aged under 4 yrs & their foster care families, 38541
implementation of case management program for enhancement of primary health care for older patients, physicians & case managers, 3 yr study, 12415
importance of case management, severely mentally ill, 15100
intensive vs standard case management in community mental health service, functioning & hospital admission or duration & number of episodes & treatment compliance, 17–69 yr old males with schizophrenia or bipolar disorder, Australia, 3194
intensive vs standard case management, hospitalization & costs, patients with psychosis, 12392
Kentucky IMPACT program, case management wraparound expenses, children with severe emotional disabilities & their families, 5 yr study, 5843
level of asthma control & management, Black inner city 2–6 yr olds visiting emergency room for asthma exacerbations & accompanying adult, 2647
long-term case management services in community-based psychosocial rehabilitation & treatment program, adult patients with schizophrenia, 19048
management of psychosis & agitation in elderly patients by primary care physicians, 80 yr old male with multiple medical problems & dementia, 28655
models & philosophy & practice of & case management in & ethical dilemmas concerning community psychiatry, 31962
nurse case management, quality of life & satisfaction with care & functional status & hospital admission & length of stay & emergency readmission, patients aged 70 yrs old & older, 35275
population demographics & history of representative payee program for persons with mental disabilities, 35223
Psychiatric Security Review Board for monitoring & managing insanity acquittees & other high risk individuals, 28743
quality of STD case management at primary care clinics, STD patients & 20–25 yr old field workers simulating STD symptoms, 9115
Regional Support Networks, profiles of & variations in need to met need for different types of mental health services, case managers working with severely mentally ill, 5849
strategies for victim management of sexual assault case processing, prosecutors , 6484
strengths vs generalist model of case management training, client outcomes, community mental health center clients with mental disorders , 18975
traditional case management vs intensive case management, relapse prevention & patterns of mental health care & hospitalization, patients with serious mental illness, 1 yr follow-up, 18966
variables in prediction of assessment of strength in helping alliance after 1 yr of treatment, case managers & therapists of patients with psychiatric disability, 18516
views & practice of community care management, social work practitioners & middle managers & clients, 9 mo study, 28707
Case Management [See Also Discharge Planning]—Books
Assessing allegations of sexual abuse in preschool children: Understanding small voices, 8788
Case Management [See Also Discharge Planning]—Chapters
Central case management and postacute rehabilitation in Denmark, 35312
Control and compassion: The uncertain role of Mental Health Review Tribunals in the management of the mentally ill, 39069
Finding our way home: Home- and community-based care, 2626
Home-based treatment of first-episode psychosis, 31987
Multi-agency task management of mentally disordered sex offenders: A probation case study., 38514
The Parole Board and the mentally disordered offender, 39094
Preventive case management in first-episode psychosis, 31401
The state of care management in services for people with mental retardation in the UK, 31919
Case Report—Serials
case presentation of 7.5 yr old Black male with delayed reading skills, commentary & reply, 37684
nature & purpose & methods of experimentally controlled between-group psychotherapy outcome research & issues in use of case studies, commentary, 9993
number of male vs females in vignettes in psychiatric textbooks, messages conveyed to trainees regarding patient care, 25613
seizures & visual hallucinations during clomipramine treatment, 25 yr old male, case report, 31702
story/dialogue method for health promotion knowledge development & program evaluation, 18869
underestimation of power of case reports in psychiatry, 28315
use of case reports for construction of individual histories of mental illness & institutionalization, females, South Africa, 1891–1910, 22242
use of multiple case study for experiences of reentry in psychology doctoral programs, 32–48 yr old females, 2.5 yr study, commentary, 28851
use of multiple case study for experiences of reentry in psychology doctoral programs, 32–48 yr old females, 2.5 yr study, 28859
Case Report—Chapters
The case study method and evolving systems approach for understanding unique creative people at work, 7962
How to write a client case study, 25630
Progress and outcome assessment of individual patient data: Selecting single-subject design and statistical procedures, 26188
Writing assessment results, 9379
Caseworkers [See Social Workers]
Caste System—Serials
feminist perspective on caste & gender basis of & patriarchal & Hinduistic interests underlying psychoanalysis, India, 34925
Castration [See Also Male Castration, Ovariectomy]—Serials
affiliative vs aggressive social behavior, neutered indoor-only male vs female domestic cats, 23222
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary reply, 24164
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24138
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24140
Castration [See Also Male Castration, Ovariectomy]—Chapters
Cracks: On castration, death, and laughter, 20969
Castration Anxiety—Serials
castration anxiety as inappropriate general terminology for females & female genital anxiety as suggested general term & effects of terminology on therapist attitudes, 31590
psychosexual characteristics of Japanese families & mother-son relationship as causal factors in castration anxiety, pictorial content analysis of castration anxiety fantasies in Japanese comic books, 20785
CAT Scan [See Tomography]
Catabolites [See Metabolites]
Catalepsy—Serials
7-OH-DPAT & PD 128907, core temperature & locomotor activity & catalepsy & grip strength, dopamine D-2 receptor knock-out mice, 36533
ampakines & antipsychotic drugs, methamphetamine induced hyperactivity & neuroleptic induced catalepsy, male rats, implications for treating schizophrenia, 20307
conditioning to long-term dopamine D1 antagonist intraperitoneal injections, catalepsy, male mice, 36538
nicotine, sulpiride induced catalepsy, male mice, 772
PLG & peptidomimetic analogs, anticataleptic effects through dopamine modulation, male Sprague-Dawley rats, 36542
Catamnesis [See Posttreatment Followup]
Cataplexy—Serials
validation of the Sanford Center for Narcolepsy Sleep Inventory, measurement to screen for presence of definite cataplexy, patients diagnosed with narcolepsy, 13088
Cataracts—Serials
contact lens insertion, visual acuity, infants deprived of patterned visual input by cataracts in 1 or both eyes, 37947
driving habits & crash risk, 55–85 yr olds with cataracts, 19480
early visual deprivation, psychophysiological characteristics of individual temperamental features, 13–38 mo olds who underwent surgery for inborn bilateral cataracts, 5452
spatial & temporal vision, 5–18.8 yr old patients deprived of patterned visual input during infancy until treatment for dense central cataracts, 34703
Catatonia—Serials
anticonvulsive gabapentin withdrawal, development of catatonia, 48-yr-old female with bipolar affective disorder, 18731
attention & executive & visual-spatial & working memory functioning, 27–69 yr old catatonic patients vs non-catatonic psychiatric patients, 21044
case series & reviews on catatonia in young people, 30653
development of catatonia while on valproic acid & sertraline & risperidone, 42 yr old White female with schizoaffective disorder , 5645
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary, 8967
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary & reply, 8972
haloperidol vs lorazepam, crack-cocaine-induced catatonia, 36-yr-old female, 2318
lorazepam, catatonia & motor processes, 27 yr old male & 31 yr old female, 35003

lorazepam, persistent catatonic states, clinically stable schizophrenia patients, 18749
mediastinal seminoma causing paraneoplastic syndrome, 20 yr old male presenting with acute paranoid psychosis with catatonia, 8574
progressive neurologic deterioration with persistent catatonia & right hemiparesis, 23 yr old male with childhood-onset pervasive developmental disorder, 18118
relationship of catatonia to schizophrenia symptoms & diagnostic classification, 8135
serum iron levels as risk factor for developing neuroleptic malignant syndrome, psychotic patients with vs without catatonia, 14411
transcranial magnetic stimulation to right prefrontal cortex, catatonia, 24-yr-old female with acute psychosis, 2421
treatment with neruoleptics vs lorazepam & ECT, 43-yr-old male with agitated catatonia, 11966
use of amantadine for treatment of akinetic febrile catatonia, 60-yr-old female with bipolar disorder & 52-yr-old female with schizoaffective psychosis, 38287
Catatonic Schizophrenia—Serials
cortical sulcal enlargement, brain morphology, 18–65 yr old patients with catatonic vs hebephrenic vs paranoid schizophrenia, 34180
gender & age of onset, patients with chronic schizophrenia with periodic vs systematic catatonia, 8156
risperidone, 22 yr old male with catatonic schizophrenia, 2350
Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]—Serials
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, commentary, 21076
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, 21071
alprazolam, monoaminergic neurotransmitter metabolites & clinical response, 35–60 yr old females with primary late onset dysthymia, 5668
aspirin vs other drug treatments, plasma catecholamines & mood, patients with heart transplant vs coronary bypass vs as yet treated heart disease, 38430
catecholamine depletion & nocturnal 6-hydroxymelatonin sulfate as marker of tyrosine hydroxylase inhibitor alpha-methyl-para-tyrosine in noradrenergic activity, healthy 19–38 yr olds , 13770
catecholamine depletion, adults with obsessive compulsive disorder (mean age 28.2 yrs), 30779
chronic desipramine treatment & catecholamine levels in specific brain regions, Flinders Sensitive Line rats, model of depression, 23366
cocaine, responses of ventral posterior medial vs somatosensory thalamic neurons to peripheral receptive field stimulation & thalamic norepinephrine & 5-HT, male rats, 3903
cross cultural differences in catechol-O-methyltransferase enzyme activity, individuals from 30 nations, 29838
CSF concentrations of monoamine metabolites, 0.4–23 yr olds with Prader-Willi syndrome, 8039
desipramine vs fluoxetine, treatment response & catecholamine excretion, depressed patients, 2392
ethoxyidazoxan doses, brain glucose metabolism & catecholamines responses & BP & behavior, 21–42 yr old males, comparison with idazoxan findings, 36617
fluoxetine & fluvoxamine & venlafaxine, discriminative effects of lysergic acid diethylamide & stimulus effects of hallucinogens, male rats, 33512
galanin, forebrain dopaminergic monoamine synthesis & open-field locomotor behavior, male rats, 23306
history of neuroleptics & monoaminergic transmission in schizophrenia, commentary, 24282
history of neuroleptics & monoaminergic transmission, 629
mutation analysis of catachol O-methyltransferase gene, patients with schizophrenia (mean age 47 yrs), implications for genetic role , 30704
neonatal monoaminergic depletion in neocortex & hippocampus, novel odor discrimination & passive avoidance & locomotor activity, adult mice, 7024
physiological & pathophysiological role of monoamines in spinal transmission of pain, 16912
prenatal depression & catecholamine & cortisol levels, neonatal neuromotor performance & catecholamine & cortisol levels, pregnant mothers with depression (mean age 19.4 yrs) & their neonates, 24211
prenatal stress, plasma corticosterone & catecholamines in response to footshock, 4.5–5 mo old male offspring of stressed & unstressed rats, 4084
relationship between passive avoidance learning & changes in activities of monoaminergic systems, septic male rats, 29855
S-adenosyl-L-methionine, serotonin & dopamine levels & mood, patients with depressive disorders, 8955
serotonin & norepinephrine & dopamine functioning as correlates of aggressive behavior & relevance to violent crime & criminal responsibility & insanity defense, 5126
serotonin selective reuptake inhibitors vs desipramine, noradrenergic vs serotonergic probe-assessed brain monoamines, patients drug-free & depressed vs in remission with vs without antidepressants , 2292
serotonin synthesis inhibition with p-chlorophenylalanine, anxiety behavior & brain concentrations of noradrenaline & dopamine & 5-HT & their metabolites & GABA, male rats, 20316
sex & inheritance of variance of catechol-o-methyltransferace & monoamine oxidase-A, susceptibility to obsessive compulsive disorder, families of individuals with obsessive compulsive disorder, 21178
tyrosine-free amino acid mixture, catecholamine synthesis & release in brain, male rats, 10619
Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]—Chapters
Brain and sexual behavior, 26550
Modulation of monoamine neurotransmitters by estrogen: Clinical implications, 23280
Categorizing [See Classification (Cognitive Process)]
Catharsis—Serials
involvement in aggressive vs nonaggressive sports, belief that sports watching will reduce aggression, college students, 20954
procatharsis messages to act aggressively or to express anger, behavioral choices of aggressive activity following anger provocation, college students, 11106
Catheterization—Serials
parent behaviors & child distress behaviors during urethral catheterization, 3.2–6.9 yr olds & their parents, 38413
simulation training, accuracy & latency during performance of clean intermittent self-catheterization procedures, 5 yr old females with urinary problems, 25293
Cathode Ray Tubes [See Video Display Units]
Catholicism (Roman) [See Roman Catholicism]
Catholics—Serials
attitudes toward science, Northern Irish 13–16 yr old students attending Protestant vs Catholic grammar schools, 32285
Catholics—Chapters
Religion and mental health from the Catholic perspective, 1080
Cats—Serials
behavioral signs of estrus & fecal estradiol concentrations, captive-born adult female cheetahs in breeding facilities, 591
demographic characteristics & feeding habits of cat colonies & relationship with cat lovers, feral cats in Rome, 23252
gender identification training, identification of cat gender from color photographs of cat faces vs heads vs bodies vs whole cats, undergraduates & animal care workers, 32774
hypothalamus & periaqueductal gray matter & neurotransmitter involvement in aggressive behavior, cats & rats, 13591
socialization toward conspecifics & people, stress & adaptation to animal shelter single- vs group-housing, rescued cats, 16825
Cattell Culture Fair Intell Test [See Culture Fair Intelligence Test]
Cattle—Serials
behavioural & physiological & heart rate response to noises during handling, beef heifers, 10368
color of handler overalls, handler recognition & distance, Danish Friesian cows, 33073
confinement & motivation to perform locomotor behavior during open field & spatial preference tests, calves & heifers, 10323
dry vs lactating physiological state & sward surface height, grazing behavior & herbage intake, cows, 19984
feeding & handling, response & development of human–animal interactions, young cattle, 10321
frequency of visits & accessibility of automatic milking system, cows, 10361
front- vs side-view mirror to reduce fear response, cattle, 16736
grazing & walking & standing & ruminating & drinking & urinating/defecating behavior & lying down, purebred Holstein vs Sahiwal vs crossbred dairy cows under tropical conditions, 3731
habitat use & group & home range size & travel patterns, feral vs domestic cows in Chihuahuan Desert, Mexico, 19989
introduction of novel species into perennial ryegrass pasture, grazing behavior, male & female cattle, 10344
lying down behavior, adaptations to tethering, dairy heifers, 10322
preference definition & selective differences in foraging behavior, naive vs experienced cattle, 10316
presence of & physical contact with dominant bull, sexual behavior & libido, 15–27 mo old bulls, 33130
restraint & branding, rates & acoustic parameters of vocalizations & pain, beef cattle, 10367
sodium & potassium fertilizers & pasture composition & herbage availability, grazing behavior, dairy cows, 10343
thermal dehorning with vs without local anaesthesia, behavioral & physiological reactions, 4–6 wk old calves, 10317
voluntary automatic milking & grazing availability, milking frequency & behavior, cows, 19999
Caucasians [See Whites]
Cauda Equina [See Spinal Nerves]
Caudate Nucleus—Serials
AP-5 induced NMDA receptor blockade in nucleus accumbens core vs shell vs medial vs posterior caudate, spatial learning & performance, male rats, 30056
caudate nuclei & intracranial volume, 1st-episode neuroleptic-naive schizophrenic patients, 34196
caudate nucleus, lexical decision & semantic categorization & recognition memory & reading aloud & object naming, adults with Parkinsonism, 8598
clozapine or haloperidol, dopamine release in prefrontal cortex vs caudate nucleus, rhesus monkeys, 13839
development of dopamine D1 receptors in caudate & putamen, 9 wk–49 yr olds, 36708
glutamate & gamma aminobutyric acid, dorsal & ventral striatal neuronal activity, unrestrained male rats, 23321
place- vs cue-guided place navigation & thigmotaxis, male rats with lesions to dorsomedial vs dorsolateral caudate-putamen, 13536
posttraining intrahippocampal vs intracaudate glutamate, memory enhancement in visible vs hidden platform task in water maze, male rats , 17081
preprodynorphin & preproenkephalin mRNA expression in striatum & nucleus accumbens, alcohol preferring Fawn Hooded vs nonpreferring Wistar Kyoto rats, 3831
pseudoakathisia in a 14-yr old female with a tumor involving caudate nucleus & globus pallidus & anterior hypothalamus & periventricular frontal parenchymal , 5329
role of caudate nucleus in ocular motor control tasks of memory-guided saccades, 45-yr-old male patient with bilateral caudate lesion, 21613
sulpiride, involvement of posteroventral caudate-putamen in memory consolidation in Morris water maze, male rats, 17097
Causal Analysis—Serials
agency & implicit theories of group vs individual dispositions, East Asian vs North American perceivers, 17610
analysis of ethnographic & ethnohistoric & archaeological material & reconstruction of behavior for interpretation of mutilated human remains in prehistoric Anasazi culture, retrospective study, 17468
application of phenomenologically-based theory of role of management-employee social processes in causation & perception of industrial plant accidents, operators & management staff, 25942
causal analysis of drug trafficking &/vs use, urban African-American 9–15 yr olds, 2 yr study, 943
causal inference from epidemiological data on mental illness, 4890
causal relations between health & satisfaction with medical care, patients with better vs worse health, 28565
causal relationship between risk of PTSD & drug use disorders, 21–30 yr olds with exposure to traumatic events, 3 & 5 yr followup, 1450
causal relationship between stressful life events & onset of major depression, female twins, 1 yr study , 24205
causal status hypothesis & natural vs artifactual category feature interaction effect, feature centrality in relational structure, college students, 6832
comparison of structural models representing turnover cognitions, sales personnel, 3090
contrasting thought on notion of cause & effect between Descartes & Spinoza, implications for psychotherapy, 18518
criminology & stress-distress perspective on effects of criminal victimization on well being, 20–85 yr old Czech adults, 37599
degree of causal bridging inferences during reading, interest of a story, college students, 10109
deontic perspective effects, bias in causal conditional deductive reasoning in relation to necessity & sufficiency in argument structure, college students, 32907
determinist view of causation & experimental effects, 36090
dissipation effect as model of causal interactions in physical systems, judgments of perturbation on populations of species in food web, college students, 36245
dissipation effect in unidirectional vs interactive causal judgments about ecological systems, adults, 253
drug use & sexual risk taking & psychopathology & social networks in model of causal pathways & relationship between sexual abuse history & HIV risk, human females, 14970

electroclinical characteristics & causative factors of nonconvulsive status epilepticus of frontal origin, patients, 5 yr study, 18431
explanatory coherence (ECHO) & autoassociative feedback models of causal reasoning & learning & social explanation, commentary, 17613
family & school behaviors & presence of conduct disorder, 13–17 yr old Black males with vs without biological father absence, implications for prevention & school counseling, 37503
feminist evolutionary perspective analysis of female-female aggression & criminal assault rate, 1828
incidence of & causal factors for slip & trip & fall accidents during delivery of mail, managers & delivery employees, 9644
inferences about causes & consequences of performance-related behavior of leaders & subordinates, leaders & subordinates in semi-governmental organization, 16114
integration of positivism & hermeneutics in non-linear phenomenological model of causality in psychotherapy, 5524
life expectancy & causes of death, persons treated for serious mental illness, 1989–1994, 30566
public belief & stigmatization & methodological barriers in precluding causal inference between mental illness & violence, 8037
relationship between child maltreatment & timing of academic difficulties, maltreated vs nonmaltreated 5–18 yr olds, 34298
relationship between counterfactual thinking and causal attributions, 29599
relationship of labor force participation & rape as test of backlash hypothesis, victimized females, 34251
urban development & other causes & social impact of & mortality & injury rates associated with & challenges to changing & preventing high traffic accident rates, large cities in Brazil, 26014

Causal Analysis—Books

Narrative comprehension, causality, and coherence: Essays in honor of Tom Trabasso, 32934
Violence in intimate relationships, 34315

Causal Analysis—Chapters

Analyzing associations between mental health and social circumstances, 29460
Attributions and emotions among people with AIDS in Uganda, 34587
Can meanings be causes?, 21753
Comprehension of mathmatical proofs, 32940
Content integration and source separation in learning from multiple texts, 32986
Detecting causal inconsistencies in scientific text, 32948
Genes and codes: Lessons from the philosophy of mind?, 36395
Understanding biological causation, 36651

Celibacy [See Sexual Abstinence]

Cells (Biology) [See Also Blood Cells, Chromosomes, Cones (Eye), Neurons, Sperm]—Serials

alcoholism, cytokine production pattern by peripheral blood T-cells, chronic alcoholics (mean age 38 yrs) with vs without liver cirrhosis vs without liver disease (mean age 42 yrs), 34364
binocular suppression in area 21a cells, cats, 33230
cellular mechanisms underlying induction & expression of homosynaptic depression at glutamatergic synapse between sensory & motor neurons, Aplysia, 451
colchicine, ocular growth & form-deprivation myopia & amacrine & ganglion cell effects, newly hatched male chicks, 16985
corticomotoneuronal cell production of postspike effects in muscles of proximal vs distal forelimb joints during reach & prehension task, rhesus monkeys, 585
desipramine, norepinephrine re-uptake transporter mRNA & 3H-nisoxetine binding, SK-N-SHSY5Y cells, 33517
effect of non-steroidal anti-inflammatory drugs on toxicity of human THP-1 monocytic cells towards neuron-like cells, implications for role of inflammatory processes in Alzheimer's disease, 30016
gene transfer into neurons by herpes simplex-based vectors for molecular & cellular analysis of animal behavior & models of neurological diseases, 33169
glial cell loss in hippocampus, alcoholics, 11626
intracellular vs extracellular dehydration, water absorption response & thirst-related behavior, toads, 13650
involvement of natural killer cell activity & cell subsets, 36–51 yr old male workers with a tendency to burnout, 29121
ionic mechanism of clotrimazole in anterior pituitary GH3 cells, rats, 30068
lymphocyte subsets & lymphocyte proliferative response & soluble interleukin-2 receptors as indicators of cell mediated immunity, female with restrictive vs binging-purging types of anorexia nervosa, 14876
map of spatial interactions in middle temporal area cell receptive fields, female monkeys, 23295
novel antipsychotic aripiprazole & its metabolites, dopamine & serotonin receptor subtypes, rat cells , 20320
nucleoside transport regulation in undifferentiated Neuro-2A cells & effect of protein kinases, 29851
olanzapine, activation or antagonism of neuronal receptors, hamster ovary cell lines transfected with human muscarinic subtypes & receptor-selective isolated rat retinal tissue, 23297
pentylenetetrazol-induced seizures, cell suffering &/or cell death, 10 day old rats, 10638
phosphorylation of Alzheimer's disease amyloid precursor protein 695 at Thr668 during neuronal differentiation of PC12 cells, implications for pathogenesis of Alzheimer's disease, 21528
presenilin-1 & beta-catenin stability, neuronal apoptosis & Alzheimer's disease, 2106
role of mitochondrial mutations & oxidative pathology & protective nuclear responses & cell death in neurodegeneration & diseases, implications for treatment, 13526
T-cell counts & CD4/CD8 ratio, patients with chronic vs first episode schizophrenia, 30751

Cells (Biology) [See Also Blood Cells, Chromosomes, Cones (Eye), Neurons, Sperm]—Chapters

Dissociation of exteroceptive and idiothetic orientation cues: Effect on hippocampal place cells and place navigation, 29879
Modulation of cell firing in the nucleus accumbens, 27719
Variable place-cell coupling to a continuously viewed stimulus: Evidence that the hippocampus acts as a perceptual system, 29890

Censorship—Serials

multiculturalism & artistic expression & political correctness & censorship in art therapy, 38354
multiculturalism & artistic expression & political correctness & censorship in art therapy, commentary, 38358

Central America [See Also Guatemala, Nicaragua, Panama]—Serials

perceptions of causes & symptoms & treatment of colds, Mexican Americans vs Puerto Ricans in US vs Latino communities in Guatemala vs Mexico vs middle-class Americans, 36932

Central Nervous System [See Also Extrapyramidal Tracts, Meninges, Neural Pathways, Spinal Cord]—Serials

5-HT involvement in paracrine neurotransmission in CNS, 33191
auditory feedback, voice fundamental frequency control, college students, application of pitch-shifting paradigm, 7291
central & peripheral mechanisms of neuropathic pain following peripheral nerve injury, 37811
chronic isolation, CA2+ dependent release of 5-HT & dopamine in CNS, rats, test of animal model of depression, 683
CNS alteration of sleep & other behaviors & peripheral immune system responses to invading pathogens, 21483
CNS network & lumbar epaxial muscle that produces lordosis reflex displayed during mating, rats, 20084
cocaine, nitric oxide synthesis with L-nitro-arginine methyl ester, isolation-induced ultrasonic vocalizations, rat pups, 20272
cognitive impairment & CNS involvement in myotonic dystrophy, patients with myotonic dystrophy & (CTG)n expansion vs nonaffected relatives vs patients with spinal muscle atrophy, 31073
cognitive- & conditioning-activated endogenous CNS opioid systems in placebo analgesia, adults, 10389
conversion of enzyme blockade in periphery vs central nervous system, angiotensin-induced drinking & pressor responses, rats, 36454
cortical vs peripheral silent period during leg muscle contraction, adults with primary restless leg syndrome, implications for etiological role of human biological rhythms, 37831
expression of receptor tyrosine kinase RYK in developing rat CNS , 20107
inactivation of lateral semicircular canals, horizontal eye movements elicited by linear acceleration & neural computational strategies used by CNS to resolve ambiguous otolith information, monkeys, 10391
intellectual & academic functioning, 6–16 yr olds with cancer treated with vs without central nervous system-prophylactic chemotherapy, 4 yr follow-up , 38395
link between neurobiology of apolipoprotein & lipoprotein receptors in CNS & Alzheimers disease, 5306
long-term oxygen therapy, cerebral blood flow velocity & CNS & autonomic nervous system function, 51–74 yr old patients with hypoxaemic chronic obstructive pulmonary disease, 35086
nervous system involvement in visual input transformation into motor command, 461
neural function effects on feedback control in human communication, 7290
neurotoxicological effects of low-level lead exposure within CNS, children & animals, 5335
participation of CNS proteinases & serpines & other inhibitors in regulation of physiological functions & mobilization of endogenous proteolysis inhibitors during inflammation, 16913
peptides, CNS actions, humans & animals, review of research published in journal ''Peptides'' during 1994–1998, 36601
perinuclear antibodies directed against microglia in amygdala & frontal cortex, patients with Alzheimer's disease, implications for role of immune mechanisms in neural degeneration, 15022
postnatal dexamethasone exposure, CNS development, rats, 13726
quantitative autoradiography of mu-opioid receptor binding densities in CNS, alcohol-naive male alcohol-preferring vs -nonpreferring rats, 493
reboxetine vs imipramine, CNS & EEG parameters & psychomotor performance & mood & side effects, 18–40 yr old healthy males, 4169
research of CNS tumor growth & therapeutic strategies on survival rates & methods for improving neurocognitive function & quality of life & training for medical personnel, 21509
role of angiotensin II type-2 receptor in CNS, type-2- receptor-deficient mice vs wild-type mice, implications for anxiety disorders, 13571
sensory & endocrine & neural mechanisms & importance of learning & plasticity, mother–infant relationship, mechanism for intergenerational transmission of parenting styles & responsiveness, 29926
substance P & other neurokinins in CNS development & neurodegenerative or psychiatric disorders, 506
system of references used by CNS for maintenance of upright posture of body, spatial coordinates & body schema structure & receptive fields of muscles, healthy adults, 16914
tropicamide, pupillary dilatation & central nervous system activation, 55–85 yr old patients with Alzheimer's disease, 31236

Central Nervous System [See Also Extrapyramidal Tracts, Meninges, Neural Pathways, Spinal Cord]—Chapters

Brain imaging: Functional consequences of ethanol in the central nervous system, 4312
Neurobiological bases of alcohol's psychological effects, 23368
Savoring sucrose and suckling milk: Easing pain, savoring calories, and learning about mother, 20457
Temporal windows of vulnerability within the third trimester equivalent: Why ''knowing when'' matters, 15052

Central Nervous System Disorders [See Also Brain Disorders, Chorea, Dysarthria, Meningitis, Myelitis, Progressive Supranuclear Palsy]—Serials

clinical recognition & research diagnostic criteria for clinical syndromes associated with frontotemporal lobar degeneration, 8657
clinical recognition & research diagnostic criteria for clinical syndromes associated with frontotemporal lobar degeneration, commentary reply, 37894
clinical recognition & research diagnostic criteria for clinical syndromes associated with frontotemporal lobar degeneration, commentary, 37834
cognitive deficits & emotional impact & coping skills, patients with motor neuron disease & their carers, 34634
complement proteins & receptors for chemotactic & anaphylactic peptides, neurons & neurodegenerative processes of CNS, 34663
concurrent validity of Kaufman Adolescent & Adult Intelligence Test, adolescents & preadolescents with central nervous system disorders & scholastic concerns, 3290
correlation of clinical symptoms & MRI findings, 0.8–14 yr olds with Chiari I malformations with vs without syringomyelia, 37782
development of CNS lupus with psychotic symptoms in 44 yr old woman with systemic lupus erythematus, 31127
disease course & symptoms & psychological profiles, 9 & 12 yr old males with X-linked adrenoleukodystrophy, implications for differential diagnosis of childhood neurodegenerative disorders, 11903
disorders of tactile recognition vs higher-level tactile recognition deficits, patients , 18425
epidemiology & course & everyday impact & associated features & pharmacological treatment of neurocognitive complications of HIV disease , 24746
etiological role of potassium channel dysfunction/mutation & use of channel blockers & activators in treatment of CNS & psychiatric disorders, 4835
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary reply, 11896
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary , 11876

neuroscientific advances in discovery & development of antidepressants & other drugs selectively modifying serotonergic neurotransmission, patients with CNS disorders, 15325
pathology & diagnosis & medical workup & drug treatment & clinical presentation & psychiatric symptoms associated with CNS manifestations of Sjogren's syndrome, 47 & 54 yr old females, 21544
research of CNS tumor growth & therapeutic strategies on survival rates & methods for improving neurocognitive function & quality of life & training for medical personnel, 21509
role of detailed clinical observation & neuropsychiatric organizing paradigm in diagnosis & treatment, 27-yr-old HIV-1 positive male with delirium & aphasia & mania & complex partial seizure disorder, 21504
Central Nervous System Disorders [See Also Brain Disorders, Chorea, Dysarthria, Meningitis, Myelitis, Progressive Supranuclear Palsy]—Chapters
Issues in developing effective interventions, 37661
Neurological rehabilitation in Germany: The phase model, 35314
Recovery from acquired reading and naming deficits following focal cerebral lesions, 38438
Central Nervous System Drugs [See CNS Affecting Drugs]
Central Tendency Measures [See Also Mean]—Serials
averaging across observers using generalized context models vs decision bound models of categorization, 13138
Central Vision [See Foveal Vision]
CER (Conditioning) [See Conditioned Emotional Responses]
Cerebellar Cortex [See Cerebellum]
Cerebellar Nuclei [See Cerebellum]
Cerebellopontile Angle [See Cerebellum]
Cerebellum [See Also Purkinje Cells]—Serials
abnormalities in corpus callosum & cerebellum, patients with late vs early onset schizophrenia, 34189
activation of cerebellum during odorant smelling vs clean air sniffing, 20–39 yr olds, 568
bilateral cerebellar interpositus-dentate lesions, short-term concurrent vs long-term taste aversion learning, male rats, 3665
brain biochemical abnormalities, 8–37 yr olds with Williams Syndrome, implications for role of cerebellum in cognitive deficits, comment & reply, 15001
cerebellar abnormalities & symptom duration & psychosocial outcome, patients with schizophrenia spectrum disorders, 7-yr study, 11450
cerebellar adaptive control of biomimetic manipulator in neural network dynamic learning model, 32508
cerebellar interpositus nucleus & lateral pontine nuclei neuronal activity during conditioned inhibition of eyeblink response, male rats, 33203
cerebellar lesions, adaptation to laterally displaced prism & postadaptation shift during visual reaching task, monkeys, 20073
cerebellar purkinje cell simple spike discharge, movement direction & speed during arm movement & tracking task, monkeys, 13633
cerebellectomy, motor performance, Weaver mutant mice, 7052
cerebellum morphology, cognitive dysfunction, 18–42 yr old males with schizophrenia, 34179
cerebellum morphometry, patients with bipolar disorder, 24195
cerebellum, motivation to explore environments, +/+ vs Lurcher mutant mice, 457
classical conditioning of nictitating membrane/eyelid response, membrane-bound protein kinase C in cerebellar cortex & deep nuclei, male rabbits, 3653
clinical & neuropsychological features of spinocerebellar ataxia type 2, 8 adult-onset members of Australian pedigree displaying frontal-executive dysfunction, 11815
cognitive impairment & functional outcome, 18–44 yr olds with infratentorial infarcts, 5374
computational analysis of plasticity at mossy fiber synapses in cerebellar nucleus, learning & memory storage in conditioning of eyelid responses, 32499
delta-9-tetrahydrocannabinol, cerebellar & cortical blood flow & time sense, adults, 4210
diazepam vs zolipidem vs furosemide & ethanol, cerebellar GABA A receptor subtype specific modulation & glutamate release, adult male alcohol-tolerant vs nontolerant rats, 36618
divided attention, temporal processing, adult patients with lesions in cerebellum vs prefrontal cortex, 8614
effects of ethanol, responses to nicotine in cerebellar interneurons & medial septal neurons, male rats, 26655
elevated endogenous noradrenergic levels, potentiation of cellebellar ethanol depressant & other effects, male rats, 7265
functional imaging of regional cerebral blood flow in basal ganglia vs cerebellum during control of movements, healthy volunteers, 3864
glucocorticoid targeting & aging &/vs dexamethasone infusion, noradrenergic/adenylyl cyclase signaling in cerebellum, 9 wk vs 19 mo old male rats, 3916
horizontal & vertical smooth pursuit &/vs otolith ocular responses during off vertical axis rotation, 20–57 yr olds with cerebellar ataxia, 5300
interpositus lesions & tone CS & intracerebellar stimulation of lobule HVI white matter UCS, reflex & CR initiation & learning rate, rabbits, 16953
interpositus nucleus lesions, tone-induced responses in cochlear nucleus & sensitivity to heat-induced pain & ability to learn conditioned eyeblink, Purkinje cell-degeneration mutant vs wild type mice, 10399
involvement of hippocampus in path integration in novel environment, rats with lesions to hippocampus with vs without overlying cortex, 29800
IQ & cerebellar vermis area, 9.8–16 yr old autistic children, 24589
Joubert syndrome & cognitive deficits & motor skills problems & behavioral problems & developmental delays, children, 37835
Joubert syndrome diagnosis & features of hypotonia & ataxia & developmental delay & hyperpnea & apnea & facial appearance & oculomotor apraxia, children, 37881
Joubert syndrome diagnosis & hyperpnea & apnea & abnormal eye movements & mental retardation & agenesis of the cellebellar vermis, sibling children, 37857
Joubert syndrome with borderline intellectual function & cerebral dysfunction & breathing & oculomotor disturbances & agenesis of the cerebellar vermis, 31-yr-old male, 30-yr follow-up, 37809
length of milnacipran administration, firing of dorsal raphe 5-HT & locus ceruleus norepinephrine neurons & role of alpha 2 adrenergic autoreceptors & heteroreceptors, rats, 4223
lesions in inferior olive vs cerebellar cortex, concurrent vs sequential taste aversion learning, male rats, 26620
lesions to cerebellar vermis vs hemispheres, numerical & temporal discrimination, rats, 10394
magnitude of age-related Purkinje cell loss in brainstem & cerebellum, 32–104 yr olds, 36462
motor inhibition response & equilibrium & motor coordination, Lurcher mutant mice with degradations of Purkinge cells & cerebellar granule & inferior olive cells, 3663
movement-related cerebellar activation without sensory input, 54–66 yr olds with severe pansensory neuropathies & normal muscle strength, 31337
NMDA & metabolic glutamate receptor-dependent long-term potentiation of granule cell excitatory postsynaptic currents, rat cerebellar slices, 13607
patterns of neural activity in cerebellum during motor learning in vestibulo-ocular reflex, male monkeys, 565
phase-based synaptic modification & tuning of Purkinje cell parallel-fiber connections in model of cerebellar information storage, 29783
prenatal binge-like alcohol exposure at various trimesters, cerebellum & olfactory bulb cell loss, rats, 20326
prolonged P3 latency & decreased brain perfusion in cerebellar degeneration, adults aged 46–74 yrs, 37917
pulse train microstimulation of the hook bundle of Russel in the midline of cerebellar white matter, coordinated quadrupedal locomotion, decerebrate cats, 29831
pursuitlike vs saccadelike effects on eye movements of microstimulation within oculomotor vermis, rhesus monkeys, 484
role of cerebellum in motor learning & nonmotor functions, 141
role of cerebellum in movement coordination learning, 524
role of conditioning & reinforcement activation of pathway from inferior olive climbing fiber projection system to cerebellar interpositus nuclei in learning, animals, 526
role of mitogen activated protein kinases in cerebellar vermis, postmortem brains of 42–82 yr old schizophrenic patients, 34169
roles of frontal cortex vs basal ganglia vs cerebellum in visuomotor sequence learning, monkeys, 475
saccades, rhesus monkeys with symmetrical vs asymmetrical cerebellar vermis lesions, 521
selective inhibition of group I metabotropic glutamate receptors, beta-amyloid-induced apoptosis of rat cerebellar granule cells & cortical neurons, implications for Alzheimer's disease, 33358
size of cerebellar vermis, clinical cognitive functioning, male 8.2–14.6 yr olds with ADHD, 5141
spatial attention orienting, 13–42 yr olds with autism vs 15–75 yr olds with cerebellar damage from tumor or stroke, 28208
spatial learning & memory, Lurcher mutant mice with massive loss of neurons in cerebellar cortex & inferior olivary nucleus, 3852
speech impairment, 51-yr-old male with right cerebellar infarction, 31232
test of cerebellar vs neocortical systems models of autism based on oculomotor performance, nonmentally retarded autistic adolescents & adults, 18129
testing of cerebellar dysfunction, dyslexic children with mean ages of 9 vs 11 vs 13 vs 15 yrs, implications for screening, 14847
time perception assessed by auditory stimulus & working memory task duration & attention & discrimination, 36–81 yr olds with focal vs unilateral neocerebellar vs prefrontal lesions, 5375
timing of finger opening in overarm throwing & ball high-low overarm throw inaccuracy, patients with cerebellar damage, 31329
transcranial magnetic stimulation, topography of oculomotor cortical region activation during saccadic eye movements, humans, 3927
validity of cerebellum as reference region for SPECT quantification, patients with dementia of Alzheimer's type, 24838
vertical vestibular stimulation frequency & orientation, fastigial nucleus activity, monkeys, 29856
volume of cerebellar complex, 30 specimens of prosimians, 20120
volumetric MRI study & clinical & cognitive correlates of the cerebellum & vermis, schizophrenia patients (mean age 37.6 yrs), 27690
Cerebellum [See Also Purkinje Cells]—Chapters
Functional consequences of congenital cerebellar dysmorphologies and acquired cerebellar lesions of childhood, 37934
Nonhuman primates as models of hemispheric specialization, 36480
Cerebral Aqueduct [See Cerebral Ventricles]
Cerebral Atrophy—Serials
activity stress, hippocampal dendritic atrophy, male rats, 3875
affective disorders & ischemia related cortical atrophy & supratentorial ventricular dilatation, 65–92 yr olds with cerebrovascular insufficiency, 8649
age at onset & duration & behavioral changes & neurologic deficit & hippocampal atrophy & other clinical characteristics, patients with frontotemporal dementia vs Alzheimer's disease, 31302
apolipoprotein epsilon 4 allele, rate of brain atrophy, patients with Alzheimers disease vs objective or subjective cognitive impairment vs vascular or frontotemporal or unspecified dementia, 31335
atrophy of language-associated cortical gyri, deceased Ss with Alzheimer's disease, 21559
auditory ERP & short-latency somatosensory evoked potentials, 65–73 yr olds with corticobasal degeneration vs progressive supranuclear palsy, 5410
bilateral anterior cortical atrophy & subcortical atrophy, 21–42 yr old inpatients with reduplicative paramnesia , 34038
brain atrophy & morphology, reality distortion & psychomotor functioning, hospitalized males vs females with schizophrenia, 14563
brain atrophy progression & cognitive decline, untreated patients with probable Alzheimer's disease (mean age 58.1 yrs) , 21554
clinical features of depression & dementia & akinetic rigid syndrome & atypical cortical atrophy in neuroimaging findings, 58 & 61 yr old females with Huntington's disease, 5344
cognitive & MRI features important in clinical diagnosis, patients with corticobasal degeneration vs progressive supranuclear palsy , 31323
depression, cerebral atrophy & cognitive performance & dementia, 85 yr olds, 3 yr study, 14496
development of severe cerebellar atrophy & mild ataxia & some neuropsychologic problems after short-term phenytoin intoxication, young adult female with epilepsy, Finland, 2481
diagnostic sensitivity & specificity of oculomotor deficits, patients with Friedreich ataxia vs cerebellar atrophy vs olivopontocerebellar atrophy, 5416
efficacy of amantadine on RT & movement time, patients with olivopontocerebellar atrophy (mean age 43 yrs), 3.75 yr followup, 31779
executive aspects of gesture/action behavior, 64 & 75 yr old males with corticobasal degeneration, 31186
familial dementia lacking specific pathological features presenting with clinical features of corticobasal degeneration, 3 family members, 2011
GABA-benzodiazepine receptor levels in absence of grey matter atrophy, abstinent alcohol-dependent males (mean age 43.2 yrs), 5085
long-term sleep deprivation, brain cell degeneration, rats, 36405
marked cerebellar atrophy, 20 yr old female with anorexia nervosa & cerebral atrophy, 1889
MRI-assessed atrophy in mesial temporal cortical gray matter & neocortical gray matter & thalamus & caudate nuclei, verbal learning & memory, 59–83 yr olds with probable Alzheimer's disease, 18427

neuroleptic treatment, mental state, 19–63 yr old schizophrenic patients with vs without MRI-detected cortical atrophy, 15303
patterns of temporal lobe atrophy, patients with dementia with Lewy bodies vs Alzheimer's disease, implications for use of MRI in differential diagnosis, 11894
progressive prosopagnosia, female 65 yr old with bi-temporal atrophy, 37840
repeated restraint stress & subsequent CA3 dendritic hippocampal atrophy, fear conditioning, male rats, 36406
speech & oral motor learning, 35–68 yr olds with cerebellar cortical atrophy, 37907
stress & glucocorticoids & excitatory amino acid neurotransmitters & NMDA receptors, hippocampal plasticity & atrophy & related disorders, 21580
topography & atrophy of corpus callosum & frontal & temporal & parietal lobe volume & severity of dementia, patients with Alzheimer's disease, 31298
validity of visual rating of medial temporal lobe atrophy on coronal magnetic resonance imaging scans, 30–83 yr old patients with dementia, 31336

Cerebral Blood Flow—Serials
acetazolamide-induced increase in global cerebral blood flow & focal hypoperfusion in rostral anterior cingulate cortex, adult schizophrenic patients, 30754
age & duration of illness & antipsychotic dosage & use of antiparkinsonism & antianxiety drugs, regional cerebral blood flow, male vs female 20–76 yr olds with schizophrenia, 21149
assessed regional cerebral blood flow & other neuroanatomical correlates of sexual vs competitive arousal, 21–32 yr old males, 33243
auditory responsive naming while blindfolded, regional cerebral blood flow, 21–35 yr olds, 3819
blockade of muscarinic receptor by scopolamine, cerebral blood flow responses to somatosensory stimulation, male rats, 33460
brain perfusion deficits, crystal methamphetamine abusers with psychotic symptoms, 18031
cerebral blood flow & cognitive functions, 25 yr old speechreading expert with hearing loss, 11958
cerebral blood flow during rest vs listening to sentences vs sentence repetition, language organization, patients with left-hemisphere lesions developed early vs later in age, 21588
cerebral blood flow in anterior limbic & paralimbic brain regions during recollection & imagery of traumatic events, 19–54 yr old females with histories of childhood sexual abuse with vs without PTSD, 17949
cerebral blood flow velocity during cognitive stimulation, patients with Huntington's disease, 8621
changes in cerebral flow associated with attribution of emotional valence to pleasant vs unpleasant vs neutral visual stimuli, development of model for psychopathology of emotions, 36503
changes in functional regional brain activity measured via blood flow during recall of abstract designs under less vs well practiced conditions, 22–29 yr old right handed males, 20130
changes in neural function & regional cerebral blood flow mediating differences in performance of verbal recognition tasks, 20–29 vs 62–79 yr olds, 13560
correlation of regional cerebral blood flow & psychiatric symptoms during active vs remitted illness stage, patients with schizophrenia, 17908
delta-9-tetrahydrocannabinol, cerebellar & cortical blood flow & time sense, adults, 4210
depersonalization induced by tetrahydrocannabinol & cerebral blood flow as assessed by positron emission tomography, adults (mean age 31.8 yrs), 30028
dichotic listening for left & dichaptic task for right hemisphere, regional cerebral blood flow & hemispheric specialization, 8–13.5 yr olds with dysphasia vs Duchenne muscular dystrophy, 37820
distribution of regional cerebral blood flow & visuomotor coordination, 18–54 normal Ss & patients with Parkinson's disease, 21549
effect of antidementia drug FK960 & cholinergic & glutamatergic modulations on regional cerebral blood flow response to vibrotactile stimulation, rhesus monkeys, 30061
exposure to traumatic pictures & sounds, cerebral blood flow, Vietnam veterans with vs without PTSD, 17930
exposure to white noise vs trauma-related combat sounds, limbic regional cerebral blood flow, Vietnam veterans with vs without PTSD , 17937
functional imaging of regional cerebral blood flow in basal ganglia vs cerebellum during control of movements, healthy volunteers, 3864
functional neuroanatomy & regional cerebral blood flow during hypnotic state, 23–39 yr olds, 10241
gaze direction discrimination, functional regional brain activity & cerebral blood flow, male 20–53 yr olds, 20110
hypoxic hypoxia & hypercapnia, regional parenchymal cerebral blood volume & cerebral blood flow & mean transit time, newborn piglets, 10392
insidious or physically traumatic symptom onset, resting state regional cerebral blood flow, female patients with fibromyalgia vs non-patients with fibromyalgia vs healthy controls, 37740
judgment of personality trait adjectives related to self vs well-known public figure vs social desirability vs number of syllables, PET of right &/vs left frontal brain activation, 19–26 yr olds, 10472
language functioning & cerebral blood flow patterns, patients with Alzheimer's disease (mean age 69.4 yrs), 37861
links between depression & cardiac disease & microcirculatory cerebral blood flow using magnetic resonance imaging technique, depressed vs nondepressed elderly patients with coronary artery disease, 37803
mescaline, psychological & neuropsychological & neurometabolic effects, 27–47 yr old males, implications for acute psychotic symptomatology, 4168
neural blood flow during picture naming & semantic judgment, 18–29 yr old males, 29834
panic attack, cerebral blood flow, healthy 19–46 yr olds, 16999
positron emission tomographical study on regional cerebral blood flow patterns in semantic & episodic memory, healthy volunteers (mean age 26 yrs), 271
positron emission tomography & quantitative EEG study of electrical activity & cerebral perfusion coupling, normal 20–30 yr old males, 23326
prefrontal regional cerebral blood flow during rest or activation using SPECT, acute unmedicated schizophrenic female patients, 1610
prolonged P3 latency & decreased brain perfusion in cerebellar degeneration, adults aged 46–74 yrs, 37917
quantitative EEG &/vs regional CBF measurement with SPECT with high resolution device, assessment of brain failure, patients with probable Alzheimers disease, 8658
rate of regional cerebral blood flow as index of functional activity of brain regions at various levels of reactive anxiety, 18–43 yr old males, 26710
regional cerebral blood flow & comorbid diagnosis of major depression, 24–33 yr old opiate addicts, 5076
regional cerebral blood flow & reading & writing ability for Japanese characters, 7 yr old with dyslexia, 5150
regional cerebral blood flow & SPECT findings, patients with probable Alzheimer's disease (mean age 66 yrs), 34661
regional cerebral blood flow in frontal cortex during serial RT learning, healthy 20–28 yr olds, 26630
regional cerebral blood flow in prefrontal cortex & basal ganglia & temporal lobes, 13–18 yr olds with major depressive disorder, 24208
regional cerebral blood flow, Ss with schizophrenia (mean age 34.9 yrs), 24237
relationship between cerebral blood flow & introversion/extraversion, 19–48 yr olds, 10516
remembering seen & heard items vs generating autobiographical images vs visualizing & mentally rotating stimuli, transcranial-Doppler-assessed regional cerebral blood flow velocities, college students, 3857
role of task difficulty & motor output in regional blood flow in anterior cingulate cortex via PET, humans, 3895
scopolamine, regional cerebral blood flow changes during classical eyeblink conditioning, 22–30 yr olds, 23486
sex, neuropsychological factors & cerebral blood flow patterns in grammatical & reading tasks, adults, 3862
short vs long term memory tasks requiring automatic vs retrieval & organizational processes, cerebral blood flow & brain activation, HIV plus males with vs without minor cognitive motor disorder, 21507
sleep state changes, cerebral haemodynamics, 2–8 day olds, 4405
SPECT, assessment of visual fixation & cerebral blood flow, 20–50 yr old schizophrenic patients vs comparison subjects, 27692
tomography of cerebral blood flow during dichotic presentation of consonant–vowel vs musical instrument stimuli, healthy 20–30 yr old males, 13552
treatment with ifenprodil tartrate to increase blood flow to amygdala & hypothalamus & cerebellum, 51–68 yr old patients with somatoform disorder, 34995
type A vs B personality, blood flow in hypothalamus & hippocampus, 23–40 yr old females, 7043
visual word stem completion priming within vs across modalities, changes in regional cerebral blood flow measured by positron emission tomography, 18–29 yr olds, 29848
Wisconsin Card Sorting Task performance, regional cerebral blood flow, 19–35 yr olds with Down syndrome, 21404
Wisconsin Card Sorting Test, frontal regional cerebral blood flow in cingulate gyrus vs prefrontal cortex, normal volunteers, 3829

Cerebral Cortex [See Also Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Left Brain, Limbic System, Occipital Lobe, Parietal Lobe, Right Brain, Temporal Lobe]—Serials
abnormalities in cerebral serotonin vs dopamine transporter binding, male users of ecstasy vs other drugs, 26847
acute vs chronic MK-801, recovery of spatial memory, male rats with traumatic brain injury & bilateral cortical deafferentation, 7081
age as main effect vs intervening variable in age-related changes in cortical acetylcholine & cognition, rodents, 3906
anisotropy & volumes of white & grey matter, 32–64 yr old male veterans with schizophrenia, application of diffusion tensor imaging, 17915
atrophy of language-associated cortical gyri, deceased Ss with Alzheimer's disease, 21559
behavioral influences & evolutionary perspectives on expanding human neocortex & myopia & intelligence, 26644
bilateral cortical aspirations, pemoline induced self biting behavior, prepubertal male rats, animal model of self injury, 13531
bilateral excitotoxic lesions of perirhinal cortex, effect of novelty & distal vs local cues on performance in predelay vs postdelay phases of spatially guided radial maze tasks, male rats, 29824
bilateral hippocampal vs neocortical lesions, trace eyeblink conditioning, male rats, 13599
bilateral neurotoxic lesions & entorhinal & perihinal cortices, neocortical & hippocampal glucose hypometabolism, adult male baboons, implications for Alzheimers disease, 33228
brain function & cerebral basis of subjective experience & psychic phenomena, 16919
cerebral activation & processing of stimuli of animate vs inanimate semantic categories in visual vs verbal modality, 24–32 yr olds, 13578
cerebral activation & temporal nature of hemodynamic responses of cortical motor areas using functional MRI, adults during performance of movement activation tasks, 7087
cerebral asymmetry in outpatients with schizoaffective disorder (mean age 38.6), 27702
chaotic component of high-frequency EEG of cortex during development of conditioned defensive reflex to nonrhythmic light stimulation, rabbits, 7118
characteristics of astrocyte subtypes in damaged frontal & parietal & temporal cortex, 2 mo–80 yr olds with traumatic brain injury vs brain tumors vs vascular anomalies, 31196
chronic antidepressant administration, expression of phosphodiesterase isoforms in frontal cortex & nucleus accumbens, male rats, implications for role of cyclic adenosine monophosphate in depression, 10670
classical conditioning of aversive emotional reactions, brain activity in cortical & subcortical regions, 18–45 yr olds with social phobia, 17948
cocaine, motor behavior, female mice with cortical-limbic induced compulsions, 33193
cognitive behavioral therapy, cerebral metabolic activity in obsessive compulsive disorder, 5538
coherent oscillations & short-term synaptic plasticity in corticothalamic networks during NREM sleep, 33304
combined perirhinal & postrhinal cortex lesions induced by NMDA, object & place memory, male rats, 10397
consciousness & the label of developmental vegetative state as a self-fulfilling prophecy, 5–17 yr olds born with congenital brain malformations of the cerebral cortex, 31319
contribution of dimensional complexity EEG measure to understanding psychophysiology of cortical arousal, 33309
contribution of somatosensory area to gustatory-activated regions in cerebral cortex, 21–37 yr olds, 23391
cortical & subcortical dementia, explicit & implicit memory task performance, patients with Alzheimer Disease (mean age 70.6 yrs) vs Parkinson Disease with dementia or without (mean age 65.9 yrs), 37867
cortical 5-HT type 2 receptors before & after clomipramine, depressed patients, 15276
cortical abnormalities identified by structural magnetic resonance imaging, 16–45 yr olds with schizophrenia, 24256
cortical dysfunction during auditory word & tone working memory demonstrated by magnetic resonance imaging, outpatients with schizophrenia, 8155
cortical mechanisms of visuomotor integration, 25–40 yr olds, 20127
cortical neuronal involvement, 15–38 yr olds with hyperekplexia, 5308
corticospinal tract lesions, ground reaction forces during overground locomotion, rats, 33234
D. F. Benson's ideas about role of insula in language & aphasia, 14995

density of dendritic spines on cerebral cortical pyramidal neurons, postmortem brains of 44–83 yr olds with schizophrenia, 1589
description of life & work of cognitive psychologist J. Requin, model of motor preparation & neuron classification & cortical organization, 2731
developmental changes in synaptically connected pyramidal cell evocation in layers 2/3 & 5 of neocortex, young vs mature rats, 20137
developmental plasticity in cerebral cortex & implications for abnormal cognitive development, human infants, 33620
distribution of dopamine D3 receptors & neurons positive for D3 mRNA vs dopamine D2 receptor/mRNA in subcortical regions of human brain, 7053
divided visual field paradigm assessment of cerebral asymmetries in semantic priming for inter- vs intraconceptually related words, 26573
drugs given into CA1 & entorhinal cortex & posterior parietal cortex & anterolateral prefrontal cortex & amygdala, short-term & long-term & working memory, rats, 33217
effect of intracerebroventricular vs intracerebral injections of methylnaloxonium, ethanol self-administration, male rats, 36567
emotional vs nonemotional lexical perception, patients with right brain damage (mean age 67.1 yrs) vs left brain damage (mean age 63.2 yrs), 37821
endogenous dopamine concentration in rostral agranular insular cortex, nociception & activity of spinal nociceptive neurons, male rats, 20269
epidemiology & risk factors, patients with subcortical vascular dementia, 8643
expression of gonadal hormones & sexual dimorphism in cerebral cortex, finches, 483
frontal-subcortical neuroanatomy of obsessive-compulsive disorder, 4994
functional MRI-assessed spatio-temporal organization of cortical activity during complex tasks, 20–32 yr olds, 29792
functions of dorsolateral prefrontal vs posterior parietal cortex neurons in working memory via cell firing in perception-action cycle, adult male monkeys, 23399
glutamatergic deficiency model of schizophrenia, 14541
habituation of the infant arousal response through repetitive tactile stimulus & resistance of brainstem vs cortical responses to habituation & effects of sleep, infants aged 1–22 wks, 23711
hemispheric asymmetry & volumes of superior frontal & anterior cingulate gyrus & orbital frontal region & hippocampus & amygdala, 19–44 yr olds with obsessive-compulsive disorder, 37413
human memory & cerebral hemispheres & limbic system, 10448
infrared guided laser stimulation, long term depression-like response of glutamate receptor responses in neocortex, rats, 36412
interhemispheric conduction delay, hemispheric specialization of time critical neuronal computational tasks, 16891
intraoperative cerebral microembolic signals & postoperative neuropsychological deficit, patients with cardiac valve replacement vs coronary artery bypass grafting, 2467
inverse spatial distribution of alpha rhythm frequencies in cortex, 22–50 yr olds with chronic neurosis, 4981
laser evoked potentials from parasylvian cortex, 26–43 yr olds with temporal lobe epilepsy, implications for evoked potentials in normal populations, 2051
lestons of hippocampal formation or perirhinal cortex, allocentric spatial working memory, male rats, 7046
limbic-neocortical interactions in visual memory consolidation in temporal cortex, 500
maximal electroconvulsive shock stimulation, induction of neocortical long-term potentiation, adult male rats, 23412
mechanically induced traumatic brain injury, electrical activity & excitotoxicity of AMPA receptors in neonatal cortical neurons, rats, 33207
model of temporal accumulator as internal timer & involvement of cerebral structures & neurotransmitters in timing brief durations, 488
morphological correlate for & disturbances of cerebral corticogensis as evidence for maldevelopmental hypothesis of schizophrenic psychoses, 30724
MRI of cortical gray & white matter changes in volume, 9.2–17.9 yr olds with childhood-onset schizophrenia, 4 yr followup, 27700
neocortex bursts of high-frequency electrical oscillations during food-related operant conditioning, dogs, 7117
network model of sequence processing & short-term information storage by cortico-basal ganglia-thalamic neural circuitry, 32487
network of cerebral activation during covert spatial attention, adults, 29797
neural activity in caudate nucleus & anterior insular & temporal & prefrontal cortices & amygdala in response to sad vs happy vs fearful vocalizations, normal males, 33231
neurochemistry of left frontal & temporal cortices & left basal ganglia & left & right thalamus & possible drug effects, 25–67 yr old males with schizophrenia, 4943
neurofibrillary tangle staging in nucleus basalis & cerebral cortex, patients with Alzheimer's disease with vs without Lewy body disease, 5328
neurofibrillary tangles in neocortex & hippocampus & entorhinal cortex & amygdala, postmortem 62–103 yr olds with questionable vs mild vs moderate Alzheimer's disease, 31239
neuron activity in medial superior temporal area of extrastriate cortex in response to optic flow &/vs translational self-movement stimuli, rhesus monkeys, 462
neurotoxic lesions of prelimbic-infralimbic cortex, acquisition of visuospatial conditional discrimination & working memory, male rats, 36409
NMDA evoked [3H]NE release produced by application of kynurenic acid to human neocortex slices & prevention by putative nootropics, biochemical assay of cognition enhancers, 26834
NMDA receptor blockage in barrel cortex, classical conditioning-induced changes of cortical body map, adult mice, 23313
odor recognition & segmentation by coupled olfactory bulb & cortical networks, 32495
pain perception vs stimulus identification, temporal properties of cortical activations & differentiation of cortical regions, 29747
perceived taste intensity & quality, 27–65 yr olds with damage to insular cortex, 31305
positron emission tomography & quantitative EEG study of electrical activity & cerebral perfusion coupling, normal 20–30 yr old males, 23326
prefrontal & subcortical glucose metabolism, predatory vs affective murderers, 5135
presence of corticohippocampal route from ventromedial temporal areas to CA1, macaques, implications for visuospatial processes, 23344
properties of cortical areas for memory storage & processing for neural network model, 35802
real-time tracking of memory formation in rhinal cortex vs hippocampus . patients with temporal lobe epilepsy, commentary, 34675
real-time tracking of memory formation in rhinal cortex vs hippocampus, patients with temporal lobe epilepsy, 34626
recognition memory for delayed complex visual stimuli, amnesic 59–80 yr olds with vs without complete damage to perirhinal cortex, 8611
reduced synaptic facilitation between pyramidal neurons in priform cortex after odor discrimination operand conditioning task, male rats, 36458
regional cerebral metabolic rate for glucose & neuropsychological performance, 16–47 yr old patients with systemic lupus erythematosus with or without psychiatric symptoms, 34554
relation of senile dementia to normal cerebral aging, 5397
repeated high-dose methamphetamine, local cerebral glucose utilization, male rats, neurotoxic model of human methamphetamine psychosis, 30012
responses of neurons in medial superior temporal area of cerebral cortex & ocular tracking, 33291
rhinal cortex lesions, visual discrimination learning for auditory secondary reinforcer, rhesus monkeys, 16894
right temporo-parietal cortex infarction, vestibulo-ocular dysfunction & clinical vestibular symptoms, 50 yr old male, 24853
role of brain allopregnanolone content in regulation of pentobarbital-induced righting reflex loss, socially isolated & group-housed mice, 30029
role of hippocampal formation & perirhinal cortex in visual recognition memory, male rats, 10466
role of precuneus in episodic memory retrieval, males, 16922
saporin induced nucleus basalis magnocellularis lesion, neuropeptide Y vs somatostatin immunoreactive neurons in frontoparietal vs occipital cortex, rats, implications for Alzheimer's disease, 3951
selective attention to color vs motion, visually evoked vs attentively modulated & evoked potentials, humans, 33281
serotonin 1A receptor agonists & stressful & anxiogenic conditions, cortical cholecystokinin like material release in frontal cortex, free moving adult male rats, 23292
short trains of transcranial magnetic stimulation over left or right dorsolateral prefrontal cortex or medial frontal cortex, random letter generation, healthy 29–39 yr olds, 10421
signals from Purkinje cells in floccular region of cerebellar cortex, smooth pursuit eye movements & gaze control during active head movements, squirrel monkeys, 29768
similarities & cortical resource overlapping in odor & language information processing, 13558
slow wave spindle complexes at thalamic & cortical regions during slow wave sleep, rabbits, 20167
smooth pursuit vs saccadic eye movements, cerebral activation, 25–45 yr olds, implications for schizophrenia, 504
spatial working memory, male rats with lesions of medial or lateral entorhinal cortex vs pre- vs parasubiculum, 7064
spatio-temporal cooperative cortical dynamics measured by multivariate autoregressive modeling of local-field ERPs, macaques, 29772
spatiotemporal patterns of oscillations & local field potentials in suprasylvian cortex during waking & natural sleep, cats, 20171
spike activity of cerebral cortex, food-procuring behavior, cats, 13539
stimulation of chewing area of fronto-orbital cortex, muscles & medullary interneurons or motoneurons active during swallowing, adult ewes, 29819
stress & sertraline, regulation of cholecystokinin mRNA expression in the hippocampus & cerebral cortex, rats, 23507
structural cerebral damage, patients with mild head injury (mean age 31.6 yrs), 34680
structural equation modeling of functional interactions between right medial temporal lobe & neocortical regions during visual recognition memory, males, 3871
subcortical white matter hyperintensities & neuropsychological impairment, resistance to monodrug therapy with vs without lithium augmentation or ECT, 65–85 yr old patients with major depression, 2397
synaptic action of serotonin (5-HT) in the cerebral cortex & implications for depression & schizophrenia, 7121
synaptic excitation via cortico-thalamic fibres vs antidromic driving of thalamo-cortico cells from ectopic firing zone in epileptic cortex, thalamic neurone activation during epilepsy, cats, 13601
system model of perception & action hierarchical modules & their connections in computational architecture of primate neocortex, 32481
taste stimuli humans describe as bitter, evoked activity & sensitivity responses of gustatory neurons from insular cortex, male macaques, toxicity implications, 13588
technique for bilateral activation of neural nets & functional asymmetry of 2 simulated cerebral hemispheres, 19496
temporal information processing model of animal timing & role of neurotransmitter systems & cerebral activations in humans & dynamic dimension of models, 511
theory of emotion involving attention & appetitive & defensive motivational systems organized in subcortical & deep cortical circuits, psychophysiological responses to photos, 308
transient forebrain ischemia, mRNAs encoding brain derived neurotrophic factor in hippocampus & cerebral cortex & mediation by NMDA & non NMDA type glutamate receptors, rats, 3932
transient invoked sadness & changes in sustained dysphoria, mediation by reciprocal interactions between limbic & neocortical sites, healthy females & males with major depression , 21095
tryptophan depletion & cerebral serotonin levels, intensity dependency of auditory evoked potentials, 24–32 yr olds, 36549
visual search & target enumeration, male 60 yr old with right temporo-frontal-parietal lesion, 37923
volumetric abnormalities in frontal lobe subregions of superior frontal gyrus & anterior cingulate gyrus & orbital frontal region, 1st-episode schizophrenic patients, 17922

Cerebral Cortex [See Also Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Left Brain, Limbic System, Occipital Lobe, Parietal Lobe, Right Brain, Temporal Lobe]—Chapters

Cortical afferents to the extended amygdala, 26551
Functional and anatomical relationships among the amygdala, basal forebrain, ventral striatum, and cortex: An integrative discussion, 26662
Modern phrenology: Maps of human cortical function, 26668
Neurotransmitters and neuromodulators in frontal–subcortical circuits, 7102

Cerebral Dominance [See Also Lateral Dominance]—Serials

cerebral asymmetry & musical functions, patients with partial epilepsy, 8619
cerebral blood flow during rest vs listening to sentences vs sentence repetition, language organization, patients with left-hemisphere lesions developed early vs later in age, 21588
cerebral dominance for speech production & mouth asymmetry, persons with Down syndrome (mean age of 22.73 yrs), 34475
cerebral side of onset & subsequent development of psychosis, patients with Parkinson's disease (mean age 71 yrs), 2086

cognitive processing style (cerebral dominance), personality traits, adults, 33968
dorsolateral temporal cortex of both cerebral hemispheres to speech perception & right hemisphere in speech perception in recovered aphasics, 26–58 yr old males & 38–42 yr old patients with aphasia, 28191
language dominant vs nondominant cerebral hemispheres, immune function, 20–48 yr olds undergoing epilepsy surgery, 18829
location of coordination of speech movements in dominant hemisphere via magnetoencephalographic signals, 24–28 yr olds, 23392
matching & imitation of hand & finger postures, patients with right vs left brain damage, 21557
moving objects, spatial field bias effects in visual tracking & reaching, 16–20 wk olds, 17264
prediction of positive & negative affect by resting EEG asymmetry in brain regions & relationship of EEG & dispositional mood & personality, adults, 20911
significance of age of onset & brain size & hand-eye & hand-foot crossed dominance, schizophrenic in- & outpatients (mean age 27 yrs), 27707
similarities & differences in target vs distractor, visual search & hemispheric specialization in left vs right visual field, adults, 26586
speech dysfluency & crossed aphasia & other neurobehavioral deficits, right handed male 38 yr old with right cerebral infarction, 37892
structural & functional asymmetries of brain & disturbances in schizophrenia, 14572
validity of cerebral dominance for language data from magnetic source imaging, 8–56 yr olds with intractable seizure disorder, 37819

Cerebral Hemorrhage—Serials

category-specific naming impairment for tools, 27 yr old male with hemorrhage in left temporal lobe, 2013
episodically remitting akinetic mutism following subarachnoid hemorrhage, 52-yr-old male , 11856
neonatal predictors of health & developmental & educational outcomes, low birthweight infants with intraventricular hemorrhage, 8 yr follow-up, 31188
neuropsychological consequences of hemorrhage & surgical repair of a deep right frontal arteriovenous malformation, 7 yr old boy, 6 mo & 4 yr followups, 16909
surgical experience & outcomes, 60–75 yr olds with cerebellar infarcts vs hemorrhage, 5392

Cerebral Ischemia—Serials

acute & permanent occlusions of carotid & vertebral arteries, cerebral energy metabolism & working & reference memory, adult male rats, model of cerebral ischemia, 26632
affective disorders & ischemia related cortical atrophy & supratentorial ventricular dilatation, 65–92 yr olds with cerebrovascular insufficiency, 8649
articulatory processes & grapheme to phoneme conversion, 73 yr old male with phonologic dyslexia resulting from ischemic injury to anterior perisylvian region of left hemisphere , 18326
calcium influx vs protein kinase vs mitogen-activated protein kinase, mediation of ischemic preconditioning-induced protection in cortical neurons, rat cultures, 29864
cerebral ischemia, spatial & olfactory learning & social & exploratory behavior & motor function, 4 vs 14 vs 20 mo old male rats, 13512
chronic lithium, neurological deficit & brain infarct induced by occlusion of left middle cerebral artery, rats, 4233
cortical neuronal death after transient cerebral ischemia & delayed recovery of auditory cortical evoked potentials, awake gerbils, 428
degree of cognitive impairment & severity of cerebral ischemic changes, 65–92 yr olds with cerebrovascular insufficiency/multi infarct dementia, 8648
dopamine D1 vs D2 receptor antagonists, cerebral-ischemia-induced hyperactivity, male gerbils, 20256
effects of delta-sleep-inducing peptide vs MK-801 neuropeptide, pain response & posture, male rats with cerebral ischemia, therapeutic implications for stroke patients, 3799
functional characteristics of memory impairment, adults who have suffered transient global ischaemia, 2059
neonatal focal cerebral hypoxia-ischemia, sleep-waking pattern & electrocorticogram power spectra & locomotor activity, adult male Wister rats, 449
pain relief following accidental subparietal ischemia & ipsilaterality of pain processing, 52 yr old female with neurogenic pain, 5198
persistent Kluver-Bucy syndrome after bilateral ischemic lesions in thalami, 69 yr old female , 18335
presence of acute exploratory-motor & perceptual-sensory neglect without hemiparesis, 43–66 yr olds with right hemisphere ischemic stroke, 11859
required concentration of kynurenic acid in CNS for neuroprotection, gerbils, animal model of forebrain ischemia, 23576
skilled hand use prior to & after small ischemic infarct & subsequent to rehabilitation, adult squirrel monkeys, 465

Cerebral Lesions [See Brain Lesions]

Cerebral Palsy—Serials

effectiveness of Touch Window vs mouse with enlarged on-screen arrow for on-screen letter-matching task, 9 yr old male with spastic quadriplegic cerebral palsy & visual & cognitive deficits, 15005
effects of transcranial micropolarization of the frontal cortex on motor & cognitive functions, children with cerebral palsy, 5692
Japanese psycho-rehabilitation method of dohsa-hou, consciousness & feeling about body & postural appearance & body movement, adult male sportsmen with cerebral palsy, 5704
learning careers, college students with cerebral palsy, Finland, 11928
prenatal & perinatal & postnatal factors, incidence of autistic disorder & cerebral palsy, neonates born to high- & intermediate-risk patients, 2–3 & 5 yr followups, 24093
prenatal & perinatal characteristics & family history of epilepsy & other risk factors, 2–15 yr olds with cerebral palsy with vs without mental retardation & epilepsy & their mothers, 17751
residential transition from nursing home to community-based setting, health & community functioning, 32–88 yr olds with cerebral palsy & severe to profound mental retardation, 3 yr followup, 25440
stimulus dimension & amplitude & frequency, saccadic & pursuit eye movements, 23–62 yr olds with cerebral palsy, 5256

Cerebral Palsy—Chapters

Psychomotor and socioemotional processes in literacy acquisition: Results of an ongoing case study involving a nonvocal cerebral palsic young man, 12555
Resolving the past and present: Relations with attachment organization, 37940

Cerebral Vascular Disorders [See Cerebrovascular Disorders]

Cerebral Ventricles—Serials

cholecystokinin-B receptor antagonist PD-135158 in lateral ventricle, food intake, male rats, 4137
cortical regional gray matter & white matter volume & CSF distributions, patients with schizophrenia vs their siblings without schizophrenia, 8133
feasibility of 3-dimensional MRI morphometrics for examining ventricular morphology, 16–45 yr olds with schizophrenia, 11403
frequency & duration of amnesia & size of ventricles, patients following perimesencephalic hemorrhage, 2035
intracerebroventricular administration histamine receptor antagonist thioperamide maleate, peptide YY-induced hyperphagia, male rats, implications for etiology & treatment of bulimia nervosa, 13749
intracerebroventricular administration of kainic acid, neuronal loss & damage, male rats, 14 day study, implications for schizophrenia, 7034
intrastriatal quinolic acid vs 3-nitropropionic acid, behavior & striatal & lateral ventrical size & neuropathology, male rats, animal model of Huntington's disease, 746
ketamine vs acepromazine, ventricular size following limbic seizure induction, brains of male rats, implications for seizure-related aggression, 36541
nailfold plexus visibility & neuropsychological functioning & clinical symptoms & brain structure, schizophrenic- vs depressed patients, 27661
neuropeptide Y vs NPY 3–36 vs pancreatic polypeptide dose in 3rd ventricle, food intake, male rats, 13735
stringent & lenient criteria, development of health status questionnaire, patients suffering from chronic left ventricular dysfunction, 5760
twin concordance for schizophrenia, cerebral ventricle brain ratio, monozygotic twins, 4953
xenin icv in lateral hypothalamus, food & prandial water intake & time spent feeding, fasted male rats, 4091

Cerebrospinal Fluid—Serials

blood folate & vitamin B12, CSF monoamine metabolites & depression & hopelessness & personality, 18–71 yr old suicide attempters, 27773
cerebrospinal fluid & family psychiatric history & monoamine metabolites & temperament, infants, implications of risk for psychiatric disorders, 14439
cerebrospinal fluid dynorphin A[1–8] and beta-endorphin levels, individuals with Tourette's syndrome , 21612
cerebrospinal fluid levels of beta-amyloid(1–42) with vs without cerebrospinal fluid tau to distinguish Alzheimer's disease, patients with Alzheimer's disease , 21562
cerebrospinal fluid of monoamine metabolites & beta endorphin levels & craving response, early vs late onset alcoholism (mean age 44.3 yrs), 34371
cerebrospinal fluid tau levels as diagnostic adjunct in differentiating alcohol-induced organic brain disordered vs nondemented alcohol dependent vs Alzheimers disease patients, 21585
cortical regional gray matter & white matter volume & CSF distributions, patients with schizophrenia vs their siblings without schizophrenia, 8133
CSF & serum nerve growth factor & brain-derived & glial cell line derived neurotrophic factor, 1.8–17.4 yr olds with Rett syndrome, 4856
CSF beta-amyloid levels as biochemical diagnostic marker, patients with Alzheimer's disease, 20-mo followup, 31176
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, errata , 24319
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, 17929
CSF findings, 13–89 yr olds with acute consciousness compromise, Brazil, 5304
CSF neurofilament protein levels, patients with mild to moderate dementia, 18412
CSF neuropeptides & temperament traits, 20–72 yr old suicide attempters, 8256
CSF oxytocin & NPY levels, 20–65 yr olds with obsessive-compulsive disorder, 17927
CSF soluble beta-amyloid peptide levels, 44–88 yr olds with Alzheimer's disease at various disease stage vs mild cognitive impairment vs depression, 21564
CSF thyrotropin-releasing hormone, male vs female patients (mean age 39.8 yrs) with depression, implications for neurobiology & treatment of depression, 30663
encephalopathic symptoms & neuropsychological deficits, adult Lyme disease patients with vs without abnormal CSF, 11908
gangliosides in cerebrospinal fluid, 1–22 yr olds with autistic & other autism spectrum disorders, implications for etiology of autism, 1857
levels of transforming growth factor alpha in CSF, 15–82 yr old patients with various neurological symptoms, implications for pathophysiology of neurological diseases & brain development, 21611
neuropeptide analog 1DMe, met-enkephalin release & mediation of neuropeptide antinociception in spinal cord, rats, 36524
plasma & CSF concentrations of nociceptin, pregnant 25–39 yr olds presenting for elective Caesarean section vs established in labour, 595
radioimmunoassay of CSF chromagranin A vs B vs C in synaptic dense-core vesicles, 16–54 yr old schizophrenic inpatients, etiological implications, 27688
rate of production of CSF & caudorostral gradients of total CSF protein, patients with Downs syndrome vs patient with probable Alzheimer's disease vs normal Ss, 5155
relationship of cerebrospinal HVA concentrations & HVA/5-HIAA ratios & HVA/MHPG ratios, 19–72 yr old suicide attempters, 37460
sensitivity & specificity & stability of CSF-tau, geriatric patients with probable or possible Alzheimer's disease or depression, 37218
symptoms & etiology & diagnosis & surgical treatment of dementia resulting from normal pressure hydrocephalus & use of phase-contrast CSF MRI for patient screening, 31249
tapping time in lumbar puncture for CSF, male pathological gamblers, 8283
tau protein levels in CSF as possible biological marker, patients with Alzheimer's disease vs other forms of dementia, followup studies, 8680
venlafaxine vs bupropion, CSF levels of 5-HIAA & serotonin & 3-4-MHPG & HVA & DOPAC, outpatients with unipolar depression, 12205

Cerebrovascular Accidents—Serials

"theory of mind" impairments after stroke, 51–75 yr old patients with right hemisphere damage, 24809
3D object perception & somatosensory extinction for meaningful objects, 69-yr-old patient with left hemispatial neglect following right hemispheric stroke, 14981
acquisition & retention & reacquisition of motor skills, 37–79 yr olds with brain damage after stroke, 28214
activities of daily living & social contact & isolation & other psychosocial & physical consequences of stroke, 40–87 yr old stroke victims, 5394
affording objects with different levels of support, reaching performance, 39–84 yr olds recovering from cerebrovascular accident, commentary, 8594
alcohol consumption & coronary heart disease & stroke, 1207
alcohol consumption & risk occurrence of stroke, 1202
amnesia caused by basal forebrain lesions & role of nucleus accumbens, 55 yr old male with basal forebrain amnesia, commentary, 34657
amnesia caused by basal forebrain lesions & role of nucleus accumbens, 55 yr old male with basal forebrain amnesia, 34633

anomalous double sensations evoked by tactile stimuli to contralesional hypoaesthesic hand, 51–68 yr old patients with damage to cortical somatosensory representation of hand, 34530
apraxia characteristics, 63 yr old male with corticobasal degeneration vs adults with left-hemisphere stroke, 28185
apraxia test internal consistency & diagnostic discriminability expressed as sensitivity & specificity & predictive values, stroke patients with vs without apraxia vs nursing home residents, 29411
assessment of customer satisfaction as key to comprehensive customer service initiative, stroke patients of a rehabilitation hospital in Washington, DC, 9931
assessment of safety & pharmacokinetics & biological activity of enlimomab administration & dosages, 29–88 yr old hospitalized patients with acute stroke, 5669
baseline NIH Stroke Scale & TOAST subtype diagnosis, power of outcome prediction, patients with ischemic stroke, 26128
behavioral & brain mechanisms underlying everyday action skills, 25–76 yr olds recovering from right hemisphere stroke with vs without neglect, 8591
behavioral & neuroanatomic characteristics of motor perseverative behavior on line cancellation task, 24–87 yr olds with left hemispatial neglect from right hemispheric stroke , 21589
bidirectional task specific neglect on cancellation vs line bisection task, 72 yr old females with left vs right hemisphere stroke, 5288
bilateral thalamic infarction, cessation of stuttering & personality regression, 66 yr old male, 37890
cognitive impairment & functional outcome, 18–44 yr olds with infratentorial infarcts, 5374
cognitive memory training program, memory deficits, stroke patients, 4 wk followup, 2667
comprehension of emotional prosody in spoken material & matching to emotional facial expressions, 31 yr old female with large left hemisphere stroke & global aphasia, 18240
conditioning stimulation of upper limb, lower limb motor EPs to transcranial magnetic stimulation, healthy 65 & 70 yr olds with left thalamic infarcts, 24790
dementia status, treatment for secondary prevention of stroke, older patients, 28190
depression & cerebrovascular risk factors, primary care patients (aged 60–94 yrs), 24212
deterioration of partially recovered aphasia after a second occipital stroke to the nondominant hemisphere, 70 yr old female, 15030
development & reliability & validity of Bakas Caregiving Outcomes Scale, measurement of changes in family caregiving outcome, family caregivers of stroke survivors, 32697
developments in health insurance industry & effects on stroke rehabilitation services, 12493
differences in therapy sessions in home vs hospital rehabilitation, 60 yrs & older male stroke patients, 2676
disabilities experienced & evolution of impairment & health-related quality of life, adults up to 1 yr poststroke, implications for rehabilitation strategies, 24828
dissociations between sensory–discriminative & motivational–affective components of pain perception, 57 yr old male postcentral stroke patient, 21521
distal vulnerability & anatomical proximity & restricted sensory symptoms, 57 yr old diabetic male with cortical stroke, 37864
distribution of & assessment of Dutch "Poststroke Guide", stroke patients & caregivers & stroke providers, 31773
driving ability evaluation by neurologist with multidisciplinary neurological rehabilitation team & traffic psychologist vs spouse vs self, male stroke patients, 26199
estimation of own performance in line bisection task, patients with left unilateral spatial neglect due to cerebrovascular accident, 8593
ethics of behavior modification in rehabilitation of stroke patients, 12080
etiology of anosognosia for hemiplegia, 4 51–81 yr olds with pontine infarction, 31216
evaluation of program for teaching compensatory strategies to improve activities of daily living & motor functions, 33–91 yr old stroke patients with apraxia, 12 wk followup, 5916
excitotoxicity & peri infarct depolarizations & inflammation & apoptosis to delayed mechanisms of damage in peri infarct zone or ischemic penumbra & development of ischemic stroke, 34620
extent to which ABCX model of family crisis can accommodate family functioning after rehabilitation from stroke, stroke survivors, 25508
face & word & object recognition, 47 yr old male with severe alexia & prosopagnosia due to cerebrovascular accident, 8577
facial recognition, 5.25–20.33 yr olds with left vs right hemisphere damage after perinatal or prenatal stroke, 18344
family vs speech pathologist's perception of degree of communication impairment, 30–87 yr old patients following right hemisphere stroke, 11870
floodlight size for distributed attention, 52 & 58 yr old male patients with neglect after right hemisphere stroke, 2005
floodlight size for distributed attention, 52 & 58 yr old male patients with neglect after right hemisphere stroke, commentary, 21553
fluoxetine or sertraline or paroxetine in treatment of emotional incontinence with pathological laughing or crying, adult & elderly males with traumatic brain injury or multiple sclerosis or posstroke, 2064
formation of viewer-& object-centered representation of visual stimuli & discrimination, 69 yr old male patient with visual agnosia due to ischemic stroke, 1994
functional recovery, 27–81 yr old stroke patients admitted for clinical rehabilitation with vs without depression, 6 mo followup, 28747
functionality of tools vs birds & semantically different exemplars as predictors of identifiability, 71 yr old male with stroke & category-specific recognition deficits, 28143
gaze direction & frames of spatial coordinates in unilateral neglect, visual perception when looking to left vs right, 64 yr old male & 72 yr old female with right hemisphere stroke, 11862
health behavior & perceptions & interventions to improve compliance with antihypertensive medication, African-American stroke patients, 38404
home hospitalization service vs general medical ward management, mortality & length of stay & cognitive functional status, over 65 yr old acute stroke patients, 9179
ideomotor apraxia, performance of intransitive & transitive limb movements, adult patients with Alzheimer's disease vs left hemispheric stoke damage , 31222
impact of 1991/1992 war on incidence of cerebrovascular insult, Croatia, 1986–1995, 5293
impact of stroke on quality of life & coping & health services, informal caregivers, 37874
incidence & pattern of thalamic infarction & presence of sensory symptoms, patients with posterior cerebral artery territory infarction (mean age 63.3 yrs), 31234
internal consistency & interrater reliability of disability assessment by occupational therapists by observation of activities of daily living, stroke patients with apraxia aged 36–91 yrs, 13096
ipsilateral vs contralateral finger tapping, site of motor cortex activation, dominant-hemisphere stroke patients, 15002
left frontal damage vs psychosocial factors as predictors of post-stroke depression, 35–75 yr old stroke patients, 31228
left hand inferiority in performing matching to sample tasks involving letter & color recognition carried out in full vision, 82 yr old male with cerebrovascular accident in left hemisphere, 5376
lesion configuration & neuropsychological deficits in depression, patients 35–78 yrs old with left hemisphere vs 33–69 yr olds with right hemisphere strokes & depression , 37303
lesion localization & time of disease manifestation, patients with poststroke hand dystonia, 5291
low-density lipoprotein cholesterol & risk of dementia with stroke, nondemented individuals (mean age 75.0 yrs), 7 yr study, 31170
magnetic stimulation & topography of corticomotor projection to hand & functional reorganization of motor centers & motor recovery, 17–72 yr olds with subcortical infarcts & motor deficit, 24786
magnetoencephalography, stroke & psychiatric patients, 24100
major vs minor depression, stroke patients, 24836
mianserin, prevention of poststroke depression & effect on outcome of ischaemic stroke, hospital patients with acute ischaemic stroke, 21937
mirtazapine-induced mania, 68 yr old male with poststroke depression , 12160
motion perception, mid-line cerebellar stroke patients, 9–25 mo follow up, 5384
motor & cognitive impairments & physical activities of daily living after stroke, 56–90 yr old stroke patients, 34598
motor EP interhemispheric differences in motor excitability, Ss with monohemispheric stroke, 8 wk followup, implications for prognosis in monohemispheric stroke lesions, 18337
multidisciplinary approach & increased use of computer technology & emphasis on functional gains & neuroplasticity in stroke rehabilitation, United Kingdom, 5914
object recognition, 74 yr old patient who suffered major right hemisphere stroke, implications for global vs local object representation, 14984
paraphasias & perseverations in & visuo-semantic activation of modality specific visual misnaming, 77 yr old male with emoblic stroke, 1996
paroxetine, amotivational syndrome, 51-yr-old male with right putamen stroke, implications for link between amotivational syndrome & obsessional slowness, 5725
partial least squares, brain tomography & left hemispatial neglect, acute stroke patients with right hemisphere damage, 21573
pathogenesis & lesion localization & recovery, 30–91 yr olds with global aphasia without hemiparesis syndrome, 18 mo study, 14986
pathological jealeusy, 25-yr-old female with right hemisphere cerebrovascular infarction, 14992
patient characteristics & provider utilization patterns & results of rehabilitation care, measurement of stroke outcomes & quality of life, 12498
perceived space & judgment of line length, 46–84 yr olds with right-hemisphere lesions & visual hemineglect after cerebrovascular accident, 28164
perception of first- & second-order motion, 41 & 66 yr old neurological patients with stroke induced focal unilateral lesions, 15047
perceptual distortion in hemispatial neglect, 54- & 76- yr-old stroke victims, 2 & 12 mo following stroke, 24765
personally meaningful goal-directed therapeutic activities, standing endurance, 48–72 yr olds with cerebrovascular accidents, 15674
physical disabilities & psychological & cognitive impairments & activities of daily living & rehabilitation & services received, 48–94 yr old nonhospitalized stroke patients 1 mo post-stroke, 9218
physical functions & activity performance & further care needs at time of discharge & placement & physician decision motives, 44–90 yr old stroke patients, 15597
physiotherapist-led training programme to enhance rehabilitation skills, attitudes toward stroke patients, 41–63 yr old nurses, 22247
post-stroke depression & functional recovery, 15 yr olds & older first-time stroke victims, 31263
poststroke lesion size & location & impairment, depression, hospitalized stroke patients, 2 yr study, 15042
predictive validity of Halstead Category Test as cognitive-ability correlate of motor-function recovery in upper-limb hemiplegia, 27–82 yr old stroke survivors, 29355
preference vs utilization of long term care, stroke patients, 2555
presence of acute exploratory-motor & perceptual-sensory neglect without hemiparesis, 43–66 yr olds with right hemisphere ischemic stroke, 11859
presence of paraventricular area & thalamus lesions following cerebrovascular infarctions, 74 yr old male with mild dementia syndrome & delusions of jealousy, 2088
presence of transient migraine-like symptoms, 41–50 yr olds with internal carotid artery dissection, 5404
preservation of axial movements, stroke patients with apraxia & aphasia, 8584
prognosis for recovery of mental & physical functioning, patients suffering a first stroke (23–92 yrs old), 34631
psychological reactions & coping strategies, 43–88 yr old stroke patients with vs without emotionalism, 31214
psychosocial problems affecting quality of life, wives vs husbands of patients with poststroke chronic aphasia, 14988
quality of life, 65–85 yr olds poststroke, 21523
reading & phonological & orthographic skills & acquired developmental phonological dyslexia, female 7.2 yr old with left-hemisphere stroke, 4 yr study, 34524
relationships among cortical glucose metabolism & degree of cognitive impairment & dementia, patients with subcortical infarction, 31267
repetitive transcranial magnetic stimulation to motor cortex, accuracy & timing errors in performance of piano finger sequences of varying complexity, healthy 21–64 yr olds & 44–53 yr old patients, 5345
replication of factor structure & relationship of Wisconsin Card Sorting Test to other neuropsychological measures as functional indices of rehabilitation outcome, stroke patients (mean age 70.65 yrs), 26141
right parietal infarction with concomitant mutism, 50 yr old male, 14983
right temporo-parietal cortex infarction, vestibulo-ocular dysfunction & clinical vestibular symptoms, 50 yr old male, 24853
screening for presence & severity of adjustment disorder & depressive mood or major depression, 25–87 yr olds with stroke, 4-mo study, 21520
sertraline treatment, patients with stroke associated mood lability, 8 wk study, 35076
situation specific training strategy, communication in emergency situations, 39 yr old female & 62 yr old male with aphasia from strokes, 2723
skilled hand use prior to & after small ischemic infarct & subsequent to rehabilitation, adult squirrel monkeys, 465
speech impairment, 51-yr-old male with right cerebellar infarction, 31232

spousal interactions & relationship to functional abilities & physical & emotional health, 49–85 yr olds with Alzheimer's disease vs stroke, 6 mo follow-up, 9183
stuttering associated with stroke related to damage in dominant hemisphere, 55–68 yr old males with vs without childhood stuttering, 24805
subcortical crossed aphasia, 55 yr old female stroke patient, 5294
subjective experience & stroke features & emotional behavior & impact on medical care seeking, acute stroke patients, 3 mo followup, 11857
surgical experience & outcomes, 60–75 yr olds with cerebellar infarcts vs hemorrhage, 5392
tactile extinction, alteration of cortical somatosensory activations induced by hand vibration, 61–71 yr olds with right hemisphere stroke, 11860
tactile morphagnosia associated with impairment in detecting orientation of line or rod in space, 73 yr old male who had a haemorrhagic stroke, 31172
test of models of brain–behavior relationship & validity of statistical analyses, simulated & real stroke patients, 5347
tomography assessed activation patterns & language performance poststroke, 31–77 yr old aphasic patients with frontal vs subcortical vs temporal lesions, 21561
treatment outcome of biofeedback & autogenic training for poststroke anxiety, 58 yr old male, 28605
validity of Kaufman Short Neuropsychological Assessment Procedure, 45–79 yr olds with left vs right-hemisphere stroke, 8581
verbal vs nonverbal implicature processing, right-brain-damaged 38–78 yr olds vs left-brain-damaged 26–78 yr old stroke patients, 31168
viewer centered sensory neglect contralateral to brain damage in reading & nonlexical tasks, 61–69 yr olds with unilateral right hemisphere strokes, 5289
visual errors & disturbed lexical candidate activation of semantic representations in oral reading, male 52 yr old with acquired dyslexia & mild aphasia following cerebrovascular accident, 37804
visuospatial neglect with stimulus presented at several distances, 52–84 yr olds with visuospatial hemineglect following cerebrovascular accident, 8580

Cerebrovascular Accidents—Books
Psychotherapeutic interventions for adults with brain injury or stroke: A clinician's treatment resource, 38377

Cerebrovascular Accidents—Chapters
Application of cognitive rehabilitation techniques in psychotherapy, 38590
Assessing and treating open head trauma, coma, and stroke using real-time digital EEG neurofeedback, 28220
Awareness and denial in psychotherapy, 38383
Depression and its diagnosis and treatment, 37342
Group psychotherapy, 38382
A history of psychotherapy with patients with brain injury, 38386
Neuroimaging evidence of diaschisis and reorganization in stroke recovery, 34602
Perception of motion discontinuities in patients with selective motion deficits, 3954
Poststroke rehabilitation practice guidelines, 35307
Psychotherapeutic issues in treating family members, 38387
Social role negotiation in aphasia therapy: Competence, incompetence and conflict, 19120
Substance abuse interventions for people with brain injury, 38627
Transference and countertransference in psychotherapy with adults having traumatic brain injury, 38385

Cerebrovascular Disorders [See Also Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents]—Serials
associations between cognitive decline & dementia & measures of hypertension & cerebrovascular disease, commentary, 27474
brain MRI & total lesion load & age & sex, cognitive performance, 24–68 yr olds with cerebral autosomal dominant arteriopathy, 18251
cerebrospinal fluid tau levels as diagnostic adjunct in differentiating alcohol-induced organic brain disordered vs nondemented alcohol dependent vs Alzheimers disease patients, 21585
cerebrovascular toxicity, 25–58 yr old males with cocaine dependence asymptomatic of vasospasm, 21295
characteristics of astrocyte subtypes in damaged frontal & parietal & temporal cortex, 2 mo–80 yr olds with traumatic brain injury vs brain tumors vs vascular anomalies, 31196
cognitive manifestations of frontal lobe infarction, children with sickle cell disease, 5253
correlation of alien hand syndrome & lesion sites, adult patients with anterior cerebral artery territory infarction, 31197
role of stress response gene in neuron survival, rats, animal models of stroke & epilepsy, commentary, 430
role of stress response gene in neuron survival, rats, animal models of stroke & epilepsy, 433
vasomotor reactivity & subcortical white matter lesions, adults (aged 55 yrs old or older), 11867
white matter hyperintensities & other lesions & role of cerebrovascular disease risk factors, female Ss (mean age 52.8 yrs) with recurrent major depression & matched controls, 37321

Cerebrovascular Disorders [See Also Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents]—Chapters
Abnormal muscle synergies in hemiparetic stroke: Origins and implications for movement control, 5298
Vascular diseases of the frontal lobes, 8595

Certification (Professional) [See Professional Certification]
Certification Examinations [See Professional Examinations]
Certified Public Accountants [See Accountants]
Cervical Plexus [See Spinal Nerves]
Cervical Sprain Syndrome [See Whiplash]

Cervix—Serials
depression & subjective sleep quality, immunocompetence, 18–44 yr old low-income females at risk for cervical cancer, 30577
diagnosis of cervical human papillomavirus infection, psychosexual behavior, infected vs uninfected women, 11808
psycho-social & economic burden, caregivers (mean age 35.6 yrs) of female relatives with cervical or breast cancer , 37799
psychosocial predisposing and enabling factors related to cervical screening, American Indian females, 15456
specialist nurse training intervention vs routine procedure in cervical screening, state & trait anxiety at pretest & post test & after receipt of the smear results, 18–65 yr old females , 31815
structured educational intervention, costs & anxiety, women with mild dyskaryosis, 35052
vaginal anatomy & function changes in women treated for cervical cancer, sexual function & levels of distress, 25–80 yr old females with history of cervical cancer, 22041

Chance (Fortune) [See Also Statistical Probability]—Serials
"closeness heuristic" in estimation of probability of counterfactual outcome, perception of luck following dangerous or careless behavior, college students, 7943
purchase & nonpurchase motivations, government-sponsored lottery players in Georgia, 9664
rank dependent weighting, descriptive validity of standard gamble in quality-adjusted life-years-based decision making, college students , 24007

Change (Organizational) [See Organizational Change]
Change (Social) [See Social Change]

Channel Blockers—Serials
amiloride, chorda tympani nerve responses to sodium chloride, male sodium chloride preferring NZB/B1NJ vs avoiding CBA/J mice, 4231
Ca2+ channel blockade with nifedipine, amphetamine sensitivity & neurochemical consequences of immobilization stress, male rats, 10610
calcium channel agonist (–)-BAY k 8644, alcohol drinking action, male alcohol preferring vs female & male high ethanol preferring rats, genetic models of alcoholism, 17121
calcium channel antagonists & calcium dependent protein kinases, expression of behavioral sensitization to cocaine, rats, 4244
calcium channel blocker nimodipine with vs without carbamazepine augmentation, patients with treatment refractory affective disorders, 2377
calcium channel blocker nimodipine, 13-yr-old male with refractory ultradian rapid cycling bipolar disorder, 21879
calcium channel blocker nimodipine, operant iv ethanol self-administration, male rats, 17055
calcium chelating agent vs voltage dependent calcium channel blockers, sciatic nerve injury induced hyperalgesia, rats, animal model of neuropathic pain, 4294
chronic nimodipine, spatial learning & long term potentiation in hippocampal dentate gyrus, young male rats, 7218
electrophysiology of riluzole, striatal spiny neurons, rats, 3963
etiological role of potassium channel dysfunction/mutation & use of channel blockers & activators in treatment of CNS & psychiatric disorders, 4835
icv injections of ethanol with vs without nitrendipine, nicotine-induced emesis & convulsions, cats, 30052
isradipine, positive subjective effects & abuse liability of d-methamphetamine, 19–48 yr olds, 26789
KB-R7943, blocking of aspartate & glycine-elicited currents through NMDA channels in acutely isolated rat hippocampal neurons, 33487
L-type voltage-sensitive calcium channel modulators, discriminative stimulus effects of ethanol, male rats, 20293
L-type vs T-type calcium channel blockers nilvadipine vs flunarizine, hypnotic potency of benzodiazepine-hypnotic triazolam vs -nonhypnotic zolpidem assessed by NREM sleep polysomnography, male rats, 26854
nimodipine, amitriptyline-induced avoidance impairment, male mice, 13810
nimodipine, extracellular dopamine levels in the nucleus accumbens shell, ethanol dependent vs non-dependent male rats, 36611
quinine & 4-aminopyridine, conditioned place preference & morphine-induced changes in motor activity, male rats, 23551
sertindole as a high affinity antagonist of the human cardiac potassium channel & acquired long QT syndrome, cloned human cardiac potassium channels of human ether-a-go-go-related gene & Kv1.5 , 4252
spinal administration of mexiletine, somatosensory transmission of spinal neurones, neuropathic rats, 540
use of calcium channel blockers to treat mental disorders, literature review, 34984
water maze performance & electrophysiology & expression of synaptotagmin, apolipoprotein E-deficient mice, 23413

Chaos Theory—Serials
application of chaos concepts of holism & nonlinear dynamics & sensitive dependence on initial conditions & self-organization to issues & problems in criminology, 24573
chaos & complexity systems theories in nonlinear dynamics of social work practice & research, commentary, 12451
chaos & complexity theories in nonlinear dynamics of social work practice & research, commentary reply, erratum, 31963
chaos & complexity theories in nonlinear dynamics of social work practice & research, commentary , 22191
chaos & complexity theories in nonlinear dynamics of social work practice & research, commentary reply , 22197
chaos and complexity theories in nonlinear dynamics of social work practice & research, commentary reply, erratum, 38540
chaos theoretical measurement perspective on affective instability relative to normal affective variability, 14–60 yr old patients with affective instability, 11383
chaos theoretical measurement perspective on affective instability relative to normal affective variability, 14–60 yr old patients with affective instability, erratum, 24231
conceptualization of self as complex dynamical system & as process-structure that is fractally organized, 35848
Darwin-like mechanism of chaotic evolution of animals & humans & model on relationship between thoughts & feelings & actions, 17145
management group downsizing from 3 players to 2 vs from 2 players to 1 vs from 3 players to 1, hierarchical work flow dynamics, college students, 39002
motor preparation, chaotic neural dynamics generated by simultaneously recorded spike trains in primary motor cortex during performance of delayed pointing task, monkeys, 571
parallels between chaos theory & certain aspects of psychic functioning as observed in psychoanalysis, commentary, 24073
parameter windows & analogues of contextual noise & chaotic dynamics of nonlinear psychophysics, 33339

Chaplains—Chapters
The role of nonparish clergy in the mental health system, 1093

Character [See Personality]
Character Development [See Personality Development]
Character Disorders [See Personality Disorders]
Character Formation [See Personality Development]

Charisma—Serials
attributions & perceptions of charisma, effect of leader outcomes on subsequent influence, undergraduates, 20875
meso level approach to charismatic leadership in context of work unit structure & work group collectivism & crisis & cross levels, managers & subordinates, 16085
perceptions of Presidential candidate B. Clinton's vs B. Dole's transformational & charismatic leadership & voting behavior during the 1996 election, voters, 1160
proactivity & charismatic leadership & rated performance, American presidents, 1148
telepathy as function of empathy & charisma, 18–45 yr olds, 3619

Charitable Behavior—Serials
2nd-donation request letters with vs without incentives vs appeals to commitment & altruism & volunteerism, number of subsequent donations, 18–77 yr old 1st-time blood donors, 7857
belief that donation amount was known vs unknown, memory & recall of charitable donation amount & frequency, 17–48 yr olds, 7844
charity worker ingroup vs outgroup vs neutral social identity, charitable behavior & amount & mood before vs after sporting event, fans of winning vs losing teams, 20867

effects of sequential requests on donor compliance & generosity, adults , 37107
I Have a Dream program as personalized philanthropic approach to bridge social & ethnic divides & support youth & build civic commitments, 6th graders, 3 yr study, 12660
personal & social functions underlying motivations to volunteer, 33721
preppy vs messy attire, charitable behavior, female college students, 4724
product type & charity donation incentive, promotion & sale of product, college students, 25992
religious affiliation & religiosity, charitable giving to poor, adults, 4580
societal interest value, working on community problem & giving money to charity & volunteer time, Ss, 1031
Charitable Behavior—Books
Sociology of giving, 37083
Cheating—Serials
attempted paraphrasing & subsequent unintentional/potential plagiarism, college students, 28913
credibility of source of information, unconscious plagiarism, college students, 19841
factors inhibiting or contributing to cheating & plagiarism, college of education graduate students, 9522
learning & grade orientation & accomplice's motive in aiding cheater, peer judgements of cheater vs accomplice 18–34 yr old college students, 29007
motivations surrounding cheating behavior, male vs female undergraduate students, 28990
prevalence & patterns of academic dishonesty, college students, Japan vs South Africa, 9508
professor vs student perceptions of student propensity to cheat in academic cheating & other moral situations, college professors & students, 6105
reasons why evidence of student cheating is ignored by instructors, college psychology teachers, 2798
Cheating—Books
Cheating on tests: How to do it, detect it, and prevent it, 29008
Chemical Brain Stimulation—Serials
brain activation induced by high & low concentrations of air born compound oestra-1,3,5(10), 16-tetraen-3yl acetate, males, 16949
requirements for memory-forming mnemogenic chemical reactions to avoid molecular turnover in long-term memory storage , 32975
Chemical Elements [See Also Calcium]—Serials
blueberry vs spinach vs strawberry dietary supplements, age-related declines in neuronal signal transduction & cognitive & motor behavioral deficits, male rats, 33165
zinc & manganese deficiencies, schizophrenia, 24280
Chemicals [See Also Chemical Elements]—Serials
ability of kairomones to induce arrestment & antennal examination, female aphid hyperparasitoid, 3705
antidepressant effects of hyperforin, adult male rats, animal model of depression, 4117
anxiolytic effects & benzodiazepine receptor actions of synthetic flavonoid 6-bromo-3'-nitroflavone, male mice, 767
application of irritant chemicals to oral or ocular mucosa, activation of neurons in trigeminal subnucleus caudalis, anesthetized rats, 3828
attitudes & beliefs & perceptions regarding risks from chemicals, British senior managers of chemical company vs toxicologists vs members of general public in US & Canada, 4753
bird repellent properties of several structurally similar & trigeminally mediated avian irritants administered singly vs in mixture, European starlings, 4120
excitatory amino acids & nitric oxide in rostral ventromedial medulla & secondary hyperalgesia produced by mustard oil, male rats, 20377
mechanisms underlying responses to nose touch & osmosensory & volatile repellants in ASH sensory neurons, Caenorhabditis elegans, 16916
n-alkanes as markers for determination of digestive strategies, captive giraffes, 7133
neurologic & neurophysiologic & neuropsychological & biochemical diagnostic tests to assess effects of exposure to chemical neurotoxins, neurologists, implications for deposition or testimony, 22306
odorants & fragrances, sensitization or elicitation of multiple chemical sensitivities, 24720
presence vs absence of conspecific male urine, light avoidance behavior, male mice, 16734
psychological desensitization & selective serotonin reuptake inhibitor to control panic symptomatology, 43 yr old female with multiple chemical sensitivity, 8737
Chemistry [See Also Biochemistry]—Serials
action-oriented research on higher-order cognitive skills-oriented teaching of organic chemistry, college freshmen & sophomores, 22472
chemistry & pharmacology of hallucinogens & entactogens & stimulants, 4186
conceptions of chemical equilibrium & fundamental concepts of chemical thermodynamics & comparison with expert conceptions & correlation with exam grades, college students majoring in science fields, 9495
construction of pre & postlab concept maps, understanding of chemistry concepts in chemistry labs & achievement, 1st yr college students, 2915
in-service program for development of pedagogical content knowledge, upper-secondary school chemistry teachers, 6132
perceptual differences & physical/chemical properties of reward & nonreward odors, rats, 33081
Chemoreceptors—Serials
combined chemosensory & mechanosensory stimuli effects on mating responses, giant rotifer males, 26507
computational neural network model of spatio-temporal spiking patterns & odor recognition by computer-simulated olfactory bulb in artificial chemosensing system, 32510
effect of RU 486 on progesterone inhibition of maternal responsiveness & brain sites & expression of intracellular progesterone receptors during pregnancy & lactation, rats, 26826
functional expression of & odor molecule specificity & sensitivity thresholds in OR17-40 chemoreceptor protein, humans & frogs, implications for odor discrimination, 33264
identification of possible new G-protein coupled receptors in rat & mouse taste cells, 29858
linear neural network model of nemotode-like chemotaxis control circuit, 32486
molecular biology of odorant receptor genes, olfactory discrimination, humans & vertebrates, 19703
use of close range chemical cues in discrimination between prey & nonprey species, female digger wasps, 593
Chemoreceptors—Chapters
Sensory and integrative development in the human fetus and perinate: The usefulness of animal models, 36389
Chemotherapy [See Drug Therapy]
Chess—Chapters
Component-based construction of surmise relations for chess problems, 32586
Chest [See Thorax]
Chewing Tobacco [See Smokeless Tobacco]
Chi Square Test—Books
Statistical analysis of longitudinal categorical data in the social and behavioral sciences: An introduction with computer illustrations, 32748
Chicanos [See Mexican Americans]
Chickens—Serials
adoption by males & survival of adopted vs own in semicaptive population, chicks, 16833
behavioral responses during exposure to different gas mixtures, free vs restrained vs restrained with brain electrodes broiler chickens, 10330
color matched bunches of string vs baubles vs leg bands, pecking behavior, chickens, 19996
early rearing conditions, feather pecking & cannibalism, 0–45 wk old chicks, 328
illumination cues used in social discrimination & recognition, laying hens, 10308
influence of meal size, stereotyped pecking after feeding, restricted-fed female broiler breeder chickens, 10352
low vs high light intensity & amount of feather pecking during rearing & laying period, female chickens, 10329
peripheral space that is empty vs contains novel objects vs essential vs supplementary resources, exploratory behavior, young male broiler chickens, 20013
pyrazine &/or yellow coloring, avoidance of presented food, chicks, 13420
white vs yellow vs blue vs orange string bunches, pecking behavior, 45–86 wk old caged hens, 329
Child Abuse—Serials
abuse & neglect & family structure & other psychosocial factors as risk factors for borderline pathology, 7–12 yr olds in child psychiatry day treatment, 11498
abuse &/or household dysfunction during childhood, unintended pregnancy during adulthood, 20–50 yr old women, 37454
abusive family environments, domain-specific cognitive complexity, Ss who were abused vs nonabused as children, 24582
adult & adolescent sexual revictimization & development of PTSD, 19–47 females with history of child sexual abuse, 37588
adult anger expression & childhood physical abuse history & event memory & self labeling, 18–56 yr old medical patients, 24409
age & gender & race & type of abuse or neglect,0–7 yr old victims of abuse, 1990–96, 37491
alleged therapeutic value of reliving childhood abuse & dissociative identity disorder as developmental accomplishment, commentary reply, 34796
alleged therapeutic value of reliving childhood abuse, commentary, 34818
anthetic therapy & specific mechanisms of & techniques for reducing self blame in adults who have experienced childhood sexual abuse, 18523
attachment & child maltreatment & intergenerational transmission of maltreatment, 1714
attachment style & coping, psychological distress & interpersonal functioning, 14–16 yr olds female survivors of childhood sexual & other abuse & neglect, 37511
attachment style & self-esteem & relationship attributions as mediators between abusive childhood experiences & adult relationship difficulties, 25–42 yr old females, 14686
attitudes & themes in psychology & legal professional writing on & prosecution of child sexual abuse, 1900–1975, 29274
attitudes toward punishment & sexual contact & blame, male child sexual abuse offenders (aged 25–67 yrs), 24572
avoidant encoding style & impaired memory for trauma cues, female survivors of childhood sexual abuse with vs without PTSD, 1712

Assessing childhood parentification: Guidelines for researchers and clinicians, 20731
Assessment of pediatric posttraumatic stress disorder, 6646
Behavior problems in feeding: Individual, family, and cultural influences, 14881
Behavioral treatment of child-adolescent posttraumatic stress disorder, 8225
The bilingual child: Some issues and perspectives, 10806
Child-adolescent posttraumatic stress disorder: Prevalence, risk factors, and comorbidity, 8226
The CHILDES system, 12993
Coordination of services, 15117
Development of intention: The relation of executive function to theory of mind, 17206
Epidemiology of inadequate growth, 14957
Executive functions and theory of mind: Cognitive complexity or functional dependence?, 17305
Failure to thrive and pediatric undernutrition: Historical and theoretical context, 14946
Family routines and the feeding process, 13929
Frontal lobe development in childhood, 7483
Hair pulling in children and adolescents, 8221
Home-visiting intervention for families of children who experience growth delay, 15552
How do we know what children know? Problems and advances in establishing scientific methods for the study of language acquisition and linguistic theory, 10822
The intentionality of referring, 17198
Intentions, consciousness, and pretend play, 17217
The language of intention: Three ways of doing it, 17196
Language, levels of consciousness, and the development of intentional action, 17231
Making sense of the social world: Mindreading, emotion, and relationships, 17203
Managed care as part of family-centered service systems, 15511
Maturation and growth of grammar, 10831
Parentification in the context of the African American family, 20729
Peer relationships in childhood, 17398
Romantic research: Why we love to read, 17393
Sexing the tomboy, 23807
Social perspectives on the emergence of language, 13985
Therapeutic rituals and rites of passage: Helping parentified children and their families, 21807
Toddlers' understanding of intentions, desires and emotions: Explorations of the dark ages, 17218
Trauma, invisibility, and loss: Multiple metaphors of parentification, 21727
Universal grammar: The strong continuity hypothesis in first language acquisition, 10821
Use of the Children's Depression Inventory, 26191
"Will it hurt?" Children and medical settings, 22026
Working with families: An overview for providers, 15121

Childhood Development [See Also Early Childhood Development]—Serials

ability to discriminate frequency of short-duration tone pulses, 5 yr olds vs 7 yr olds vs 9 yr olds vs 11 yr olds vs 22–41 yr olds, 36771
achievement & behavior development, 6–7 yr olds, 6 yr study, 26940
adjustment to parents' divorce & developmental stage as reflected through drawings, 4–6 yr olds whose parents recently divorced, 17327
adolescent marijuana use & assumption of adult roles & likelihood of later marijuana use, families with children aged 1–10 yrs followed to early adulthood, 23754
adverse obstetric experiences & functional–developmental trajectory during 1st 7 yrs of life, schizophrenic patients born between 1959–1965 , 34147
age & sex, morphology of corpus callosum, children & adolescents, longitudinal study, 23651
age & sex, time spent TV viewing vs in other activities, cohorts of 2–5 & 4–7 yr olds, 3 yr study, 23655
attachment & interpersonal theory fer & childhood antecedents & social factors of somatization, 11816
attitudes toward parenting style & child's competence, 25–43 yr old parents with healthy children & children with hepatitis B virus, 21470
behavioral & developmental changes, naltrexone treated 5.2–8.3 yr olds with autism vs age- & IQ-matched medication-free autistic children, 6 mo study , 25231
biological & psychological environments of the human genome & multidisciplinary system approach for optimizing its expression in child development, 23648

caregiving & development in adverse situations, resilience vs stress affected outcomes, at risk 7–9 yr olds in urban environments, 23795
changes in progression of childhood & family & cultural change, post-Soviet Belarus, 30306
child development training & general education, child care provision quality, caregivers, 7699
child developmental milestones & skills, effectiveness of teaching, parents, 36706
childhood antecedents & biological markers of schizophrenia within neurodevelopmental framework, 21161
childhood developmental issues in educational simulation game development & game model, 10–11 yr old students, 22452
choice & combining of disliked activities, interest in those activities, 8.7–11 yr olds, testing of activity engagement theory, 20435
cognitive & behavioral development, 5.5–18.3 yr old males with fragile X vs Down's syndrome, Israel, 24577
cognitive & emotional & behavioral functioning, adolescents (mean age 11.75 yrs) who had survived Reye syndrome with no obvious neurological damage, followup study, 37885
cognitive developmental & familial factors in obsessive-compulsive disorder, children & adolescents, 34226
composition & management & processes in multidisciplinary child development treatment teams, children with neurodevelopmental disability & their parents, 15486
contentive vs indicative conceptions of representation in child theory of mind literature, 26997
contributions to child development research, L. B. Ames, 25581
correlation of neurobehavioral development & MRI data, 1.2–17 yr olds with Joubert syndrome, 5346
cultural values & transition & cross cultural differences, 4 yr old Ethiopian blind male & his family, Israel, 24887
cultural-historical perspective on longue duree & relative continuity & everyday co-construction in school environments, implications for cognitive consequences in child development, 23664
cultural-historical perspective on longue duree & relative continuity & interpersonal co-construction in school environments, comment, 25700
demographic & child determinants of parental investment, fathers vs mothers, 33781
developing a cultural theory of mind in children through the CIAO approach, 23706
developing ability, class & propositional reasoning skills, 7–13 yr olds, 33624
development & understanding of recent past vs present events, 3–5 yr olds, 36758
development of communicative competence, children & adolescents with communication disorders, 8438
development of conceptual & attentional skills that underpin successful pedestrian behavior, 4–10 yr olds, 30161
development of episodic memory & temporal understanding in children at different developmental stages, 10785
development of offending & risk factors for delinquency from Pittsburgh Youth Study, 1st & 4th & 7th grade inner-city boys, 10 yr study, 1831
development of pedestrian skills & cognitive abilities, 4–5 vs 7–8 vs 10–11 yr olds, 32457
development of spatial & temporal vision measured by contrast sensitivities & critical flicker fusion frequency, 4–7 yr old vs adult Os, 26980
development of visuospatial & classification ability & mental representations of between spatial relationship, 6–7 mo-olds, 36760
developmental & mental health status & presence of risk factors, 0–3 yr olds entering state's legal custody, 23662
developmental differences in time duration judgments, children vs adolescents vs adults, 10727
developmental factors & concepts of finality & inevitability & universality of death, 5–12 yr old Israeli kibbutz children , 10783
developmental framework for understanding personality in middle childhood, 969
developmental perspective on diagnosis & treatment of mood disorders, children & adolescents, 21102
developmental perspective on suggestibility of memory in childhood, 13932
developmental precursors of schizophrenia & affective disorders, 37270
developmental psychopathology & affective neuroscience perspectives on phobia & generalized anxiety & separation anxiety disorders, children, 21189
disease & treatment factors in cognitive impairment & developmental model & assessment strategies, children with cancer, 28093
divorce & adjustment & vulnerability & resiliency of children, 10852
dynamic-maturational model of attachment & mental & behavioral strategies for coping with danger, infants & young children, 36791
early childhood memories & developmental explanations for childhood amnesia, implications for models of adult attachment & repression, 6919
early parental employment, child development, 3–12 yr olds, 10732
eating-related risk factors & maternal restriction of child's access to snack foods as predictor of food intake, 3–6 yr olds & their parents, 30121
economic & child development perspective on current state of child day care & Head Start, US, comment, 11049
economic & child development perspectives on current state of child day care & Head Start, US, commentary reply, 11045
economic & child development perspectives on current state of child day care, US, comment, 11047
effects of brain damage on developmental pragmatics, 31182
essentialist perspective on fathering & family structure & significant factors in responsible parenting & child development, 20761
experiences & development of missionary children & their families, 27131
experiences & emotional & developmental impact of & phases of psychotherapy for Munchausen syndrome by proxy, hospitalized 6 yr old female , 5017
facilitation of deductive reasoning via cues & imagination, 2–4 yr olds, 36762
factor structure & psychometric properties & stability estimates of EAS Temperament Questionnaire, 18 vs 30 vs 50 mo olds , 13045
familial narratives & coherence & interaction & relationship beliefs, child adjustment & development & maternal depression effects on family functioning, premarital couples & adoptive & other families, 23877
familial narratives & coherence & interaction & relationship beliefs, child adjustment & development & maternal depression effects on family functioning, couples & adoptive & other families, comment, 23871
family environment, adaptive development, infants with Down Syndrome, 5 yr study, 28025
family processes in development & maintenance of self-regulation & motivation, children, 10848
fearfulness & stimulation-seeking & large body size at 3 yrs of age, indicators of predisposition to aggression & later violent criminal offending, 11 & 15–26 yr olds, comment, 14037
fearfulness & stimulation-seeking & large body size at 3 yrs of age, indicators of predisposition to aggression & later violent criminal offending, 11 & 15–26 yr olds, commentary reply, 14035
feminist perspective on issues of gender & culture in children's competence, 26929
feminist perspective on issues of gender & culture in children's competence, commentary, 26928
food & nonfood risk factors, child morbidity & growth failure & poor health, under 5 yr old & school age children, Guatemala, 20437
genetic disposition for global maturity as explanation for genetic effects on parental report on ADHD symptoms, 8–9 yr old twins, 24605
gestational maturity & perinatal hypoxic risk, intellectual outcomes, 4.0–6.9 yr olds, 33632
health & development & temperament & body satisfaction & nutritional status & mealtime interaction, 1–4 yr old offspring of women with anorexia nervosa &/or bulimia, 11757
health & developmental & behavioral risk markers, 2–6 yr old children of battered women, 24380
health behavior in daily living, 5–12 yr olds, 935
hierarchical model & multidisciplinary approach to assessment & management of interdependent areas of functioning, children with multiple disabilities, 21452
history of role of genetics in intelligence & childhood disorders, 20061
impact of war on physical environments & ecosystems & implications for children's physical & psychological harm, 7339
importance of 1st 3 yrs of life to development, editorial, 36709
individual & age differences in reasoning with causal conditionals, 1st–6th graders, 23771
individual differences in reading development in kindergarten & early elementary grades, 3 yr study, test of Matthew effects hypothesis, 857
integration of perceptual causality with knowledge of underlying causal mechanism, 5–10 yr olds, 7434
integrative causal model of individual & developmental & environmental variables in development & propensity for antisocial behavior, children & adolescents, 27794
intergenerational patterns of age at 1st birth & family & personal characteristics in childhood & adolescence & adult self-sufficiency, offspring & their mothers, 30 yr study, 838
level of emotional understanding, physically maltreating mothers & their 6–12 yr old children , 30844
Life Chart assessment of family & other adversity exposure in childhood & adolescence, 8–12 yr olds, 7 & 10 yr followups, 13042
linguistic labels & development of similarity judgments of schematic faces, 6–12 yr olds, 36768
linguistic vs nonverbal (visual) metaphoric development, 8–12 yr olds with language disorders, 11763
long-term stability of Child Behavior Checklist profile types, outpatient children & adolescents (mean age 8.6 yrs) at psychiatric clinic, 4.8 yr follow-up, 24152
maternal history & parenting behavior & concurrent stressors & child behavior & adjustment outcome & socially desirable response, mothers with low levels of self-reported depressive symptoms, 21093
maternal nausea during pregnancy, child temperamental & behavioral outcomes, children assessed at 5–7 mo & 5 & 12 yrs, 33665
maternal responsiveness & directive behaviors & development of child with visual impairments, mothers & their 20–36 mo olds, 28230
mechanisms underlying effectiveness of massage & other touch therapies, infants & children, 8970
modern approaches & developmental effects & special risks involving childhood sleep disorders, 37779
neonatal predictors of health & developmental & educational outcomes, low birthweight infants with intraventricular hemorrhage, 8 yr follow-up, 31188
neurobiological effects & developmental sequelae of child abuse & neglect, 24417
neurodevelopmental & social development, 24 mo olds with severe respiratory failure treated conventionally vs with extracorporeal membrane oxygenation, 5753
neuropsychological assessment of cognitive ability, 8–19 yr olds with Lyme disease vs their siblings, 4 yr study, 11865
nonparametric methods of genetic analysis of childhood disorders, 29452
overview of United Nation's study on Impact of Armed Conflict on Children & its methodology, 7338
pantomime & gestural representation as form of pretense in theory of mind development, 3–4 yr olds, 10741
parent's gender role attitudes & sex composition of sibling dyad, sex-typing of child functioning, firstborn (mean age 10.4 yrs) vs secondborn (mean age 7.7 yrs) siblings & their peers & parents, 26941
parent-child relationship qualities & child adjustment, poor highly stressed African-American vs White parents & their 2nd-6th grade children , 11012
parenthood course & child outcomes, parents with intellectual disability, 2 yr follow-up, 14867
parenting style, child participation in behavior planning discussions during family interactions, families with 4 yr old children, 11 yr study , 11007
participation in Aid to Families with Dependent Children & Food Stamp programs, children's anthropometric & nutritional status, 12–53 yr old mothers and their 2 wks–60 mo old children, 26939
paternal roles, child well-being & development & behavior & home environment, African American fathers & their 3 yr olds, 26930
perceptions of & factors that influence child development, low income Mexican American parents of preschool children, 7502
physical abuse &/or neglect, psychological adjustment & peer social competencies, 2.9–4.8 lower income urban preschoolers, 1829
poverty & deprivation & inequalities in children's environments, 0–15 yr old children in Britain, 20434
predictors of developmentally appropriate classroom beliefs & practices, 1st–3rd grade teachers, 9389
probability adjustment in fair chance construction for competitive game, 6–14 yr olds , 865
program for early identification of developmental & behavioral problems, children at risk from poverty, 25390
psychoanalytic analysis of impact of single-parent family structure, children, 30541
Q sort patterns & resilient & overcontrolled personality prototypes, developmental outcomes until age 12, 3–4 yr olds, 33642
relation between family instability & problem behaviors, 5 yr olds from economically disadvantaged families, 2 yr study, 7491
relationship between social inequality & childhood discourses & government policies & economy, Traveller children, Ireland, 4567
relationship effects & benefits, grandparents or older adults & children, 17182
reliability & validity of revised Positive and Negative Affect Schedule for Children, 8–15 yr olds , 6575
representational attachment & separation models in infancy & childhood, 6 yr olds & their mothers, 5 yr study, 10893
research on adaptive significance & implications of self-esteem during childhood & adolescence, 17248
research on development in children with Down syndrome, 1888

role of developmental assessment in comprehensive psychiatric assessment & review of common assessment instruments, young children, 17186
role of obtaining developmental history in psychiatric evaluation, young children, 18772
school-based developmental evaluation as alternative to traditional clinic-based psychiatric evaluation, young children, 18778
security of attachment, behavioral inhibition & heart rate & respiratory sinus arrhythmia, 4.5 yr olds, 26949
self-reported childhood traumas & abuse & stability of beliefs & characteristics, borderline personality disorder assumptions, 21217
sensitivity to temporal grouping effects in development of short-term memory during visual & auditory stimuli, 4–8 yr olds, 23727
social & cultural influences on school adjustment, students, application of identity-focused cultural ecological perspective, 12711
social anxiety as outcome of inhibited temperament, 13 yr olds who had been inhibited vs uninhibited in 2nd year of life, 30788
social cognition in psychopathogenic effect of childhood experience on psychic development & psychoanalytic understanding of how experience becomes constructed & reconstructed in form of memory, 17190
social cognitions, change in aggressive habits over time, 3rd–7th graders, erratum, 911
social contextual factors in study of child & youth development, 10840
social influences on school adjustment, commentary, 12714
sociocultural perspective on effects of out-of-home child care on children's development, implications for Anglo-American societies, 23910
stability & validity of individual differences in infant executive function performance, prediction of preschool understanding of theory of mind, children , 873
statistical methods for documenting development over time & identifying processes underlying developmental patterns, at risk children & their families , 6686
statistical model for maternally recalled pubertal developmental milestones, mothers & twin daughters, 4406
stress of maltreatment experiences in childhood & adverse brain development, maltreated 6.7–17 yr olds with PTSD, 24327
university–community partnership projects for disseminating research on children & youth & families, 38661
use of Joint Professional Record for child's health & development, children on Child Protection Register or with special needs, 28667
use of Wisconsin Card Sorting Test to measure developmental trends, 7–13 yr olds with learning disabilities, 5153
utilization of practices designed to increase family participation in child assessment & value placed on practices by families & professionals, child development professionals, 38477

age & sex & race & group size & playground area, interactions on elementary school playground, 1st & 2nd & 5th & 6th graders, 15977
Bayley Scales of Infant Development vs Play-Based Assessment, assessment of cognitive development, at-risk 2 yr olds, 22842
behavior chain interruption strategy as playground-based communication intervention, correct requests for play, 4.7 yr old male with autism, 34879
behavior chain interruption strategy for encouraging requests for more play, 3 yr olds with developmental disabilities & severe communication impairments, 38097
characteristics & categories of metaplay behavior, 2–5 yr olds, 7549
characteristics & categories of metaplay behavior, 2–5 yr olds, comment, 7537
characteristics & categories of metaplay behavior, 2–5 yr olds, comment, 7534
childhood imaginary companionship, mental health, healthy 10th & 12th graders, 27028
childhood trauma from psychoanalytic perspective & posttraumatic reactions & play, 7979
children's play & adult simulation/gaming & developmental theories & learning, 20429
compliance & noncompliance strategies & correlates of compliance during free play vs mother–child play vs toy pick up, 5 yr olds, Japan vs US, 13990

concepts & practices in enhancement of peer interactions within context of play experiences & development of social competence, children with developmental disabilities, 34423
conflict in dyadic play, 3 yr olds, 23777
construct & concurrent validity of modified Penn Interactive Peer Play Scale, 37–64 mo old African American Head Start children, 9512
development of play & language, infants, 10 mo study, 33584
development of preschool play-based curriculum for children with disabilities, 35547
distinguishing serious from play fighting, children with learning disabilities, 34468
early physical & psychological deprivation, children's pretend & social role play, 4 yr old UK vs Romanian adoptees, 33662
effect of urban environments on children's play in India, 20593
exploratory & symbolic & social play interaction, mothers & their 20 mo olds, US vs Argentina, 17321
factor analysis of play strategies & cognitive style, 3–5 yr olds, 30241
fear vs exhilaration responses in risky play situations, actual risky vs protective play behavior, 4th graders, test of injury risk model, 13999
free play behavior on school playground before vs after availability of TV, aggression, 3–8 yr olds, St. Helena, 1994–96, 4468
gender boundaries & play behavior in gender transgression zone & race & socioeconomic class & hegemonic masculinity, female vs male 5–12 yr olds, 36816
guidelines & strategies & teaching of object-related toy play skills to preschool children with developmental concerns, 35551
hearing status of mother–child dyad, expressive & receptive language & symbolic play abilities, 2 yr olds, 28227
hormone transfer theory & stereotyped toy play, opposite- vs same-sex dizygotic twins, 4496
implementation of developmentally appropriate play-based curriculum, development, male & female child with severe disability fully included in community child care center, 9 mo study , 8431
individual behavioral reactions to modifications of play area, interaction with peers & group, 21–37 mo olds, 23772
interactions during open-ended preschool construction activity, adults & 3.6–4.4 yr olds, 10854
model of indirect & direct pathways in parent & child expressed affect during play, child's social functioning, parents & their kindergarten-aged children , 10855
parental & sibling dyadic play interactions, 3.2–7.2 yr olds with autism, 27918
perceptions & role of play, 5-yr-old vs her parents & grandparents & teachers, China, 36789
play interactions & verbal communication, low vs middle SES African American mothers (aged 20+ yrs) & their 12–18 mo old infants, 36978
play-based occupational therapy for children with developmental disabilities, 35359
playground design, play behaviors & peer relationships, 2nd graders with high vs low physical competence, 20546
pretend play & theory of mind development, 3–5 yr olds, 33630
rationale for & overview of contextual factors informing play-based program planning for preschool children with disabilities, 35550
relation between affective & cognitive processes in fantasy play & comprehension of emotional understanding, 6–8 yr olds, 20442
relation between changes in general adaptive behavior & play-related skills, 35–55 mo olds with developmental disabilities, 3-yr study, 18132
relationship between playfulness & coping skills, 36–63 mo olds, implications for occupational therapy intervention, 14042
risk factors for infant attrition & low engagement in cognitive-perceptual experiments & in free-play with their mothers, 2 mo olds, 7330
role of diagnostic play interview in comprehensive psychiatric evaluation, young children, 18771
SES & ethnicity, free play use of space & activity choices, 3–5 yr olds in various preschool & day-care settings, 4477
sex, toy choice in structured play session, male vs female 1 vs 3 vs 5 yr olds, 17376
social & pretend play & divergent & convergent problem solving, 48–66 mo olds, 36712
social sensitivity & peer conflict, 3.1–6.9 yr olds playing in dyads with 'same' vs 'change' partner, 14040
spatial ability in Lego block play task, male vs female 9 yr olds, 4421
symbolic play behavior, verbal vs nonverbal children with autism (aged 2.5–3.6 yrs), 24576
toys & play & role of adults with children with severe & profound disabilities, 18119
use & utility of child-centered play & filial therapies, Head Start families, 18605
video modeling intervention, play comments, 6 & 9 yr old males with autism & their 8 & 6 yr old siblings, 38907

early parental preoccupations & behaviors in caregiving & parent–child relationship building & obsessive-compulsive disorder symptoms, 22–49 yr old parents, 8 mo prepartum vs 2 wks vs 3 mo postpartum, 33785
educational & occupational level, child-rearing attitude & style, mothers, Egypt, 33786
effects of Slovak–English bilingual childrearing practices, female from birth to 5.9 yrs, 23722
extinction of parental attention, sleep problems, 2.5 yr old male with a physical disability, 28333
factor structure of Parental Bonding Instrument, assessment of parental rearing behaviors, 18–66 yr olds, Japan, 11044
factorial & construct validity & reliability of Egna Minnen Betraffande Uppfostran short-form measure of perceived parental childrearing behavior, 17–51 yr olds, Greece & Guatemala & Hungary & Italy, 26114
family members' perspectives on parental differential treatment of siblings, mothers vs fathers vs 1st vs 2nd born adolescent siblings, 20746
financial & parenting & global stress & social support & employment status, punitive & nonnurturant parenting behavior, 14–19 yr old Caucasian vs Mexican American mothers, 976
financial resources & maternal childrearing efficacy beliefs & developmental goals & parenting practices & child competence, rural single-mother-headed African American families with 6–9 yr old child, 36954
food rules imposed on children, lower vs higher class mothers in Netherlands vs Belgium vs Germany, 1143
general deviance vs deviant attitudes vs inadequate family support & bonding during adolescence, poor parenting, mothers, 20754
grandchild behavior & grandmother socioeconomic factors & health status, burden & stress & satisfaction, 38–77 yr old full-time vs part-time vs non-caregiving grandmothers, 27199
intrusive & demanding parenting behaviors & parent–child relationship closeness & peer victimization, kindergartners & their parents, 1144
maternal education & occupation & income & parenting practices, child's academic achievement, recently separated mothers of 6–9 yr old boys, 36977
maternal response latency & verbal/vocal vs nonverbal vs intermodal responses to infant signals, mothers & their 3-mo-olds, 17349
maternal responsivity & involvement & control style, preschool competency, preschoolers born at medical risk & their mothers, 7700
maternal smoking & socialization & parenting support & control practices, intergenerational transmission of adolescent smoking, mothers & their children, 835
mediating role of parenting & quantity of nonmaternal care & problem behavior & adjustment, 3–5 yr old firstborn male children, 17319
meta-analysis of similarities vs differences in parents' child rearing, 11037
methodological & theoretical issues of attachment theory & cultural assumptions & social implications involved in development & use of the Parental Investment in the Child Questionnaire, commentary, 3298
methodological & theoretical issues of attachment theory & cultural assumptions & social implications involved in development & use of Parental Investment in the Child Questionnaire, commentary reply, 3296
mothers' representations of attachment to their children & observed mothering behavior, mothers (mean age 28.4 yrs) & their 10 mo olds, 11 mo study, 20762
mother–child attachment & maternal support & caregiving characteristics, mother–child dyads, Indonesia, 14168
parent attitudes on parenting & discipline practices, implications for child abuse prevention, 36988
parent-training program, parenting practices & child adjustment, 21.4–49.6 yr old divorcing mothers with 1st–3rd grade sons, 33784
parental divorce & death & perceptions of caregiving in attachment styles & personality disorders, 18–50 yr olds , 1665
parental religiosity, authoritarian parenting style & adolescent social responsibility, mothers vs fathers & their 10–18 yr old adolescents, 20582
parenthood course & child outcomes, parents with intellectual disability, 2 yr follow-up, 14867
parenting & familial & other psychosocial influences, high academic achievement, African American male college students & their parents, 2–7 yr followup, 6209
parenting alone to multiple caregiver child care & parenting arrangements, Black vs White urban families, 1142
parenting as protective process for school success, 6–11 yr old African Americans & their parents from homeless families , 14164
parenting correlates, ego control in adulthood, 23-yr-olds originally observed at ages 3–4, 938
parenting strategies & effective vs disruptive adolescent problem solving, families, 2 yr study, 960
parenting stress & depression & parenting, 38–88 yr old grandmothers raising their grandchildren, 20758
parenting style, child participation in behavior planning discussions during family interactions, families with 4 yr old children, 11 yr study , 11007
past vs current vs other drug problems & punitiveness toward their children, female adults, 34366
peasant family life & child education & consequences of neglectful & abusive childrearing for adult personality, 19th century Belarus, 30304
perceived parental rearing behavior & anxiety disorders symptoms, 8–12 yr olds, 1646
perceived parenting styles in childhood & sex & age & symptoms, stress coping strategies, outpatients (mean age 38.5 yrs) in remission from major depression, 30689
perception of own mothering practices, 20–41 yr old drug-abusing mothers, 21294
perceptions of appropriate & inappropriate child rearing practices & help seeking preferences for children at risk, Jewish immigrant parents, Israel, 20760
perceptions of nurturance & independence fostering with child & family enmeshment & locus of control, parents of language delayed children 1st seen at 2 yrs, 3 yr followup, 37721
perceptions of parenting alliance & marital quality & amount of father involvement in child rearing, parents of preschool children, 4637
personality characteristics in parents & parenting styles, child's development of narcissistic disorder, 14643
profiles of grandmothers & their caregiving behavior & other social roles, nationally representative US sample, 1137
proximal & distal maternal characteristics & maternal control style, mothers & their 4-yr-old children, commentary, 20751
proximal & distal maternal characteristics & maternal control style, mothers & their 4-yr-old children, commentary reply, 20764
proximal & distal maternal characteristics & maternal control style, mothers & their 4-yr-old children, 20765
psychogenesis & childhood & childrearing & cultural evolution, 10729
psychohistorical perspectives on Romanian culture & family relations & childrearing & mythology & effects of politics on national identity, 30296
recollected levels of parental care & current symptomatology & comorbidity & family psychiatric history, 18–64 yr olds with depression, 27463
relation of family cohesion & parental leadership & strong family subsystems to teachers' perceptions of children's classroom behavior, 2-parent families & their 1st grade children & their teachers, 32288
relationship of youth & parent perceptions of parent child rearing styles & family environment & adolescent reports of social anxiety, 7–11th grade students & their parents, 24324
religious affiliation, beliefs & reported use of corporal punishment, Mainline Protestant vs Roman Catholic vs no affiliation vs Conservative Protestant mother & fathers of 3 yr olds, 30315
role theory perspective on social relationships, Hispanic grandparent caregivers rearing their grandchildren, 14162
roles of breast-feeding & wet-nursing in sex-biased investment in children, England, 1600–1800, retrospective study, 17471
sociological & demographic & social/emotional contexts of intergenerational households headed by grandparents in the US, implications for policy, 30320
stereotyping effects & parental child rearing orientations, spouses (aged 20–54 yrs) parenting preschool children, 4 yr study, 11033
structural validity of French translation of Parental Bonding Instrument, measurement of perceived levels of parental care & protection, parents of 7–8 & 12–13 yr olds, 16302
validity & stability of reports of parenting practices & parent-child relationship constructs within multitrait-multimethod model, 5th–7th grade adolescents, 7530

parents & factors influencing children's food choice, 23769

Childrens Manifest Anxiety Scale—Chapters

Characteristics and applications of the Revised Children's Manifest Anxiety Scale (RCMAS), 26125

Childrens Recreational Games—Serials

children's games for use in management education & training & development, 22608
learning & mathematical problems & solutions over course of board game play, 8 vs 11 vs 14 yr old high vs low mathematics achievers playing standard vs junior versions of Monopoly, 7401

Chile—Serials

childhood background & family history & marital satisfaction & motivation to stay together, couples married for over 25 yrs, Chile, 14154

Chimpanzees—Serials

cultural variation & behavior patterns in chimpanzees, 26535
environmental enrichment & size of viewing crowds, animal activities & social interactions & well-being & orientation to public & visitor responses, zoo chimpanzees, 421
estrous cycling & gregariousness, adult female chimpanzees, 16840
mother & son vs mother & daughter kin vs same individual recognition using facial photographs in chimpanzees, 26520
rotation of temporary objects in captive environment, temporary object use, female chimpanzees, 23258
social determinants of association patterns, male chimpanzees, 33134
visual search task presentation of compound stimuli, visual processing of global & local stimulus features, chimpanzees vs human 24 yr old males, 10245

Chimpanzees—Chapters

Social understanding in chimpanzees: New evidence from a longitudinal approach, 16744
Social-experiential contributions to imitation and emotion in chimpanzees, 16876

China [See Peoples Republic of China]

Chinese Cultural Groups—Serials

Chinese version of Junior Eysenck Personality Questionnaire & Big 3 & Big 5 personality factors & dual nature of Extraversion dimension & Lie scale, 12–15 yr olds, comment & reanalysis of data, 6568

Chinese version of Junior Eysenck Personality Questionnaire & Big Three & Big Five personality factors & dual nature of the Extraversion dimension & Lie scale, 12–15 yr olds, 48
cross cultural applicability of MMPI & MMPI-2 to Chinese, 26116
cultural & identificational & structural assimilation, prepurchase information search tendencies prior to the purchase of formal clothing, Chinese Americans, 16200
culture & family, academic achievement, Chinese & Korean American college students, 32250
demographic characteristics & length of psychotherapy use, 2–80 yr old Chinese American clients seen in private practice , 8761
ethnic identity & personal self esteem, Chinese 13–18 yr olds who were born in vs immigrated to Canada, 27059
friendship development, female 16-yr-old Chinese immigrants with vs without preference for friends of same ethnicity, 7859
importance of cultural characteristics in & use of brief strategic family therapy, Chinese American families seeking therapy, 18612
indeterminate linguistic space used to negotiate relational status in discourse, Chinese speakers, Taiwan, 17152
marital therapy & mediation, marital satisfaction & concerns & problems, Chinese American immigrants, 18607
masculinity & hegemony & negative stereotypes, Chinese American males (aged from mid 20s–mid 40s), 36996
peer attachment & association with Chinese &/vs delinquent friends, delinquent behavior, Chinese-Canadian adolescents, 1840
perceptions of intercultural compliment interactions with North Americans, 18–36 yr old Chinese immigrants, 4719
plasma dexamethasone, DST, Chinese patients with anxiety vs major depression , 1479
positional transposition of radicals in Chinese characters, character recognition, native Chinese speakers, 23633
predictors of self-rated adjustment & psychiatric morbidity, 15+ yr old recent Chinese migrants, New Zealand, 13989
relationship of acculturation & peer relations to juvenile delinquency, 10–20 yr olds of Chinese descent, 17475
reliability & validity of an instrument developed in US to identify major depression in 10–17 yr old White vs Chinese Americans, 69
Strengthening of Intergenerational/Intercultural Ties in Immigrant Chinese American Families parenting program, intergenerational relationships, immigrant Chinese American parents , 10999

Chinese Cultural Groups—Books

Communicating effectively with the Chinese, 4377

Chinese Cultural Groups—Chapters

Counseling Chinese families: A postmodern approach, 8837
A personal look at psychology in my life, 6009
Reading Chinese: Some basic eye-movement characteristics, 13342

Chiroptera [See Bats]

Chloral Hydrate—Serials

imipramine vs chloral hydrate, acute stress disorder symptoms, burn patients (aged 2–19 yrs), 28485

Chloralose [See Hypnotic Drugs]

Chlordiazepoxide—Serials

chlordiazepoxide & FG 7142, delayed matching-to-sample performance, male rats, animal model of diencephalic amnesia, 17027
chlordiazepoxide vs ethanol, behavior & activation of central nucleus of amygdala, B6 vs D2 mouse strains, 30011
chlordiazepoxide, body weight & food intake, male rats in activity anorexia regimens, 698
dorsomedial hypothalamus mediation of response to chlordiazepoxide on trial 2 of elevated plus maze, male rats, 26770
mild social stress, social isolation effects on anxiety & anxiolytic effect of chlordiazepoxide, male rats, 26703
motivational conflict situation, 1-trial tolerance to anxiolytic effect of chlordiazepoxide in elevated plus-maze, male rats, 33470
naloxone, chlordiazepoxide induced anxiolysis in elevated plus maze task, male Swiss vs C57BL/6 vs BALB/c mice, 17022
naxolone, chlordiazepoxide effects on anxiety vs emotional vs spatial memory, male mice, 7165
pre- & perinatal exposure to pentachlorobiphenyl, performance on visuospatial & sustained attention tasks & response to chlordiazepoxide challenge, adult male rats, 33370

Chloride Ions—Serials

benzalkonium chloride, small intestine & its functioning & satiety & discomfort associated with distention of gut, male rats surgically prepared with Thiry-Vella intestinal loop, 4227

Chloride Ions—Chapters

Prenatal ethanol exposure alters the modulation of the $GABA_A$ receptor-gated chloride ion channel in adult rat offspring, 13843

Chlorimipramine—Serials

adjunctive chlorimipramine & serotoninergic agents for treatment of obsessive-compulsive symptoms, patients with schizophrenia, 38221
buspirone augmentation of fluoxetine or paroxetine or citalopram or clomipramine, outpatients with single or recurrent episode major depression, 8883
clomipramine & selective serotonin reuptake inhibitors, 9–23 yr olds with obsessive–compulsive disorder, 5–22 mo followup, 8891
clomipramine on as-needed basis shortly before intercourse, 21–73 yr old males with premature ejaculation, 18840
clomipramine vs selective serotonin reuptake inhibitors, patients with obsessive compulsive disorder, 15326
clomipramine, 43–78 yr olds with delusional disorder of somatic type, 31708
clomipramine, desmethylclomipramine plasma levels & clinical outcome, 23–55 yr old patients with panic disorder with/without agoraphobia, 18712
clomipramine, mood, 21–50 yr olds, 670
clomipramine, serotonin syndrome, 60-yr-old female with hypertension & diabetes mellitus & depression & anxiety, 21946
cortical 5-HT type 2 receptors before & after clomipramine, depressed patients, 15276
efficacy & safety of moclobemide vs clomipramine treatment, 18–65 yr olds with panic disorder with & without agoraphobia, 21914
efficacy & safety of sustained release alprazolam or adinazolam vs clomipramine, adults with panic disorder with or without agoraphobia, 18693
efficacy of clomipramine vs desipramine, 26–55 yr old patients with panic disorder, 18734
exposure & response prevention vs clomipramine, 8–18 yr olds with obsessive compulsive disorder, 2128
fluoxetine treatment for clomipramine withdrawal symptoms, 42 yr old male with major depression and panic disorders, 18661
guessing correctness of paroxetine or clomipramine treatment method, treatment outcomes, patients with panic disorder & their physicians , 28394
neonatal clomipramine treatment, day–night differences in locomotor activity & anxiety-related behavior & brain serotonin metabolism, hamsters, 23606
ondansetron, prolactin & nausea responses to clomipramine challenge, healthy adults, 13772
pharmacokinetics & disposition of clomipramine & N-desmethylclomipramine, 16-76 yr old Japanese vs Swedish Ss taking clomipramine with vs without benzodiazepines, 38308
plasma prolactin response to parenteral clomipramine challenge, depressed adolescents (mean age 16.3 yrs), 2390
predictive variables for & response to acute iv clomipramine vs chronic oral clomipramine & fluoxetine, patients with obsessive compulsive disorder, 12214
psychological assessment results & age of onset & adverse drug reactions as predictors of response to clomipramine vs fluoxetine, adults with obsessive-compulsive disorder, 38206
seizures & visual hallucinations during clomipramine treatment, 25 yr old male, case report, 31702
serotonin syndrome induced by clomipramine & fluoxetine, 34 yr old female with symptoms of obsessive–compulsive disorder & PTSD, 5609
therapeutic effects of aerobic exercise vs clomipramine vs placebo, 18–50 yr olds with panic disorder with vs without agoraphobia, commentary reply, 28245
therapeutic effects of aerobic exercise vs clomipramine vs placebo, 18–50 yr olds with panic disorder with vs without agoraphobia, commentary , 28255
triiodothyronine with vs without clomipramine, frontal cortex serotonin levels & serotonin autoreceptor activity, rats, 7202
venlafaxine vs clomipramine, 18–79 yr old outpatients with depression, 2391

Chlorimipramine—Chapters

Temperament and the pharmacotherapy of depression, 25247

Chlorisondamine [See Amines]

Chlorophenylpiperazine [See Piperazines]

Chlorpromazine—Serials

5-hydroxytryptamine receptor blockers cyproheptadine vs chlorpromazine in the treatment of serotonin syndrome, 18682
acute vs chronic chlorpromazine & haloperidol & sulpiride, neuropeptide Y-like immunoreactivity in nucleus accumbens, male rats, 13794
alpha2-adrenoceptor agonist & antagonist, clozapine vs chlorpromazine activity, male rats responding for electrical stimulation of ventral tegmental area, 33455
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, commentary on case report, 2349
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, reply to commentary on case report, 2281
chlorpromazine vs lorazepam, abnormal antisaccade & no saccade distractibility, healthy adult males, implications for schizophrenia , 672
chlorpromazine, GABA & miniature IPSC, rats, 20345
development & advantages & disadvantages of conventional vs atypical antipsychotic agents for treatment of schizophrenia , 12168
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, 12 wk study, 12190
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, erratum, 22687
side effect as qualitative indicator of plasma concentrations of chlorpromazine &/or its metabolites, 19–50 yr old schizophrenic patients, 15288

Choice Behavior—Serials

ability to use experimenter-given manual & facial cues during object-choice task, gorillas, 29695
accuracy of & sex differences in utilization of cues used in postdiction of dater selection & romantic attraction to datee, adults, 27318
allowing examinees to select questions to answer on the GRE, test validity & internal consistency & performance, students taking the computer-based GRE, 26232
amount & subjective importance of missing information, inferences & decision making in personnel choice task, adults, 3550
amount dependent temporal discounting as accounts of self-control choice, pigeons trained on concurrent chain procedures with differing durations of reinforcement within vs between components, 10270
amount of & delayed vs immediate reward, relationship of & transfer between self-control & social cooperation, female undergraduates, 37049
anticipated emotions of decision outcomes, choice behavior for monetary gambles, college students, 29581
anticipated regret vs instructions vs accountability, prechoice screening of options, college students, image theory in test of compatibility test, 16600
application of behavioral inhibition system of anxiety & sensitivity to punishment &/vs reward during counterconditioning choice task, 18–25 yr old females, 33954
attitude-based models for binary choices using an innovation, entrepreneurs, 36213
base-rate training with vs without cues, base-rate neglect in choice task, college students, 29541
behavioral choice treatment vs traditional behavioral treatment to promote continued weight loss, 18–55 yr old obese women, 12-mo study, 15183
behavioral theories of choice & contextual view of reinforcement in predicting substance use, psychiatric outpatients (mean age 38.41 yrs), 30878
body coloration as visual cue for social association choices & preferences, black vs white mollies, 3734
brand name's suggestiveness & decision task, brand information encoded & recalled, college students, 39026
cancellation & focus choice model, preferences for political candidates, college students, 7849
choice & combining of disliked activities, interest in those activities, 8.7–11 yr olds, testing of activity engagement theory, 20435
choice & spatial or symbolic stimulus–mapping response compatibility, response time, adults (mean age 27.75 yrs), 10094
choice accountability & issue involvement & prior knowledge, information acquisition & use in decision making, college students, 19814
choice between & preferences for unequal temporal reward sequences, male rats, test of parallel time discounting model , 16748
choice in health care & representation of consumers & members & patients by physicians & employers & health plans, 22122
choice in health care & representation of consumers & members & patients by physicians & employers & health plans, commentary, 22136
choice inferred risk preferences, China vs US, 20700
choice of host cacti within & between populations of Drosophila mojavensis, 397
choice of recreational reading, 8th grade students, 6243
choice probability & response time during risk-taking decision-making task under time pressure with predictions made by sequential sampling model, college students, 32905
choice to switch to less-preferred experiences or options for sake of variety, college students, 29184
choice, performance confidence & subjective control perception during task, female college students, 37171

client choice of vs assigned cognitive or behavior change -targets of self-management therapy, depressed 60–86 yr olds, 15156
combined error model & prediction of format dependence, undergraduates, 22932
comparison & grouping, assessments of option attractiveness & choice, human Ss, 23080
conceptual & empirical comparison of ratings- vs choice-based conjoint approaches, 6396
concurrent FR schedules, transitivity of choices between different response requirements, hens, 33079
constraint satisfaction models & cognitive dissonance theory in free choice paradigm, 13 yr old French speaking Canadians, 7860
constructive consumer choice processes, 9676
consumer choice model of health care plan & provider selection, 22114
contextual & procedural determinants of partner selection, college students, 30465
correlation of parietal neuronal firing rate & choice of eye movement response in relation to probable reward, monkeys, 26682
criteria & alternatives in academic major choice & affective responses to decision-making process, 1st-yr college students, 28987
cross-cultural differences, preferential choice tasks with & without use of computerized decision aids, college students, Japan vs US, 10089
cumulative prospect theory & security-potential/aspiration theory in risk choice, college students , 24028
d-amphetamine, stimulus detection & choice behavior & RT, male rats, 7200
decision making & deliberation time, adult chronic opiate vs amphetamine abusers vs adults with orbital prefrontal vs dorsolateral/medial prefrontal damage vs lowered tryptophan, 14754
decoy effects & attribute-level inferences in decision making, undergraduates, 36239
demographic & clinical & neuropsychological & psychological measures as predictors of behavioral dysregulation & thought disorder on choice task, 20–52 yr old schizophrenic patients, 34183
development & validity & reliability of Choice Questionnaire for self-report vs 3rd party rating of choice behavior in relation to quality of life, 18–61-yr olds with intellectual disability, 29394
developmental issues & choices & self-concept, Black gay male 25–31 yr olds, 7748
differential weighting in choice vs advice, undergraduate & graduate students, 29574
dominance criterion, gamble choice, MBA students, 12764
educational attainment level, motivational factors affecting dietary intake choices, adults, 25371
effect of choice on cognitive & affective engagement during reading, college students, 9529
effect of time pressure on choice deferral, college students, 16201
emotionality of quality & gain vs loss & price attributes, choice behavior, college students, 22705
estimates of number of youth who experiment with smoking & become established smokers each day, 11–20 yr olds, implications for prevention, 36801
ethanol, autoshaping as impulsive responding in delay of reward & operant choices, rats, 757
extent & consistency of milking order, dairy sheep, 20042
extent &/vs intensity of variety seeking, promotional response to & consumption of soft drinks, adults, 9686
factors affecting & preferences for males of 1 of 2 host species, all-female Amazon molly fish, 16829
factors affecting decision to care for child at home vs seek out-of-home placement, families of 15 mo to 9 yr olds with severe disabilities, 25401
factors influencing accuracy of spouses' descriptions of partner's tactics in joint economic decisions, 19–77 yr old couples, 30318
factors inhibiting or contributing to cheating & plagiarism, college of education graduate students, 9522
factors related to interracial vs intra-racial partner choices, Asian American college students, 17470
feedback, self-efficacy & performance & task choice in hurdles jumping activity, 18–24 yr olds, 19445
flavor of drink, spontaneous intake of drinks & consequence of volume of liquid ingested on subsequent food intake, healthy volunteers, 3433
framing & reflection & probability & payoff characteristics, risk preference & choice behavior, students, 24027
GABA-B agonist baclofen, maintenance of voluntary ethanol intake, rats, 17104
game theoretic analysis behavioral interpretation of rational choice & equilibrium strategies in international relations, 33803
general usage of antidepressants & issues influencing choice of tricyclics vs selective serotonin reuptake inhibitors, 23–45+ yr old general practitioners, 28881
generalized matching law & contingency discriminability model & concurrent performance & foraging theory, performance on concurrent variable-interval reinforcement schedule, pigeons, 19929
generalized matching law as explanation for choice under schedules of cocaine availability, cocaine- & food-maintained behavior, rhesus monkeys, 10680
German vs French in-store music, wine selections, supermarket customers, 22707
hyperbolic vs exponential discounting functions to choices of immediate vs delayed monetary & drug rewards, heroin addicts (mean age 34.5 yrs), 27861
impulsiveness & discount rates for delayed monetary rewards, 31–42 yr old heroin addicts, 11625
inclusion of task-irrelevant acoustic accessory stimulus with imperative visual stimulus in choice reaction task, RT & lateralized readiness potential, young adults, 23382
increased water temperature & predation threat, choice of shoal size, female guppies, 36301
individual & social contextual factors in decision to be single mothers, educated financially independent women, 20753
individual thresholds for recycling & subjective expected utility of disposal alternatives, 18–86 yr olds, 32446
induced mood, condom use intention & food choice, 18–41 yr olds, implications for theory of reasoned action to health related behavior, 19795
influence of retail task definition on store choice & store-attribute salience, customers shopping at do-it-yourself home improvement stores, 25996
information & other factors in choice of health insurance, health care consumers, 22139
information & other factors in choice of health insurance, health care consumers, commentary, 22153
innate attraction & nest site selection in tropical arboreal mosaics, dominant ant species, 16794
integration of base-rate & cue-specific information, variability in choices over time, college students, test of ReCyCLe model, 19818
intensity of relevant vs irrelevant auditory stimuli, response force in simple vs go/no-go vs choice RT tasks, colleges students, 10073
intentional switching between preferred coordination modes & isofrequency & multifrequency conditions across different effector combinations, college students, 32894
irrelevant location of response signal, choice reaction time, 20–35 yr olds, 26298
knowledge & information & rational nature of decision making in choosing health plans or providers, health care consumers, 22138
knowledge & information & rational nature of decision making in choosing health plans or providers, health care consumers, commentary, 22141
knowledge & use & choice of & attitudes toward modern contraceptive methods, women, Russian Federation, 4673
limitation of choice options & types of features used to represent the options, choice-process satisfaction, college students, 13317
mandatory vs freely chosen volunteerism, future intentions to volunteer, college students, 11238
mate choice copying, female guppies, commentary, 3696
mental accounting decision making & budgeting & choice bracketing & dynamic mental accounting, consumers, 32428
menu approach as method for choosing from employment options, employment outcomes, clients with severe psychiatric disabilities, 5-yr study, 35355
moderate intensity exercise, information processing in choice reaction time tasks, college students, 4016
monitoring vs blunting information seeking style & ability to achieve cognitive structure, coping strategy choice & effectiveness, college students, 27350
motivational & social comparison & informational factors, self-control in local vs global choice paradigm, 18–35 yr olds, 13370
multicultural training & graduate school application decisions, White vs ethnic minority clinical psychology doctoral students, 12584
necessity-sufficiency relations & content effects & perspective shifts, performance on Wason four-card selection task, college students , 23076
no decision aid vs pro/con or computer program decision aid for choosing a college, satisfaction with college choice, high school seniors, 35527
number of alternative selections, information search & consumer contingent decision behavior, college students, 9674
number of sample stimuli & number of choices, conditional stimulus–response discrimination in detection task, pigeons, 26479
nutritional state, shoal choice & locomotor behavior & foraging success, food-deprived vs well-fed male zebrafish, 16733
overlapping waves model of strategy choice & change in learning to spell, 1st graders, 1 yr follow up, 17280
parallel distributed processing computational model for choice RT in cognitive & perceptual & stimulus-stimulus and stimulus-response compatibility tasks, 19839
parental values & search process used & selection reasons & program knowledge, mothers of 37–75 mo olds with autism enrolled in child care programs, 8432
policy theories of school choice, commentary, 2809
policy theories of school choice, commentary, 2823
positive & negative reinforcement, time allocation & occurrence of problem behavior & completion of parent instructions during concurrent choice assessment, 4 yr olds with severe problem behaviors, 15193
positive vs negative framing of decision alternatives, number of risky choices, 22–53 yr old doctoral students in school psychology vs educational administration , 23089
positive vs negative political campaign advertisements, politician evaluations & choices, college students, 11053
postdecisional biases in the evaluation of elected & rejected & precluded alternatives, happy vs unhappy high school & university students, 20925
practical & ethical issues & safeguarding suggestions & guidelines for potential clients in choosing psychotherapists & type of psychotherapy, commentary , 28309
practical & ethical issues & suggestions & guidelines for potential clients in choosing psychotherapists & type of psychotherapy, commentary , 28312
practice vs transfer designs, stimulus–response compatibility & Simon effects in choice–reaction tasks, adults, 10133
preferences for & actual treatment choices, 29–87 yr old patients with amyotrophic lateral sclerosis, 28116
preferences for & information acquisition from over the counter medicine labels, 69–90 yr olds, 10923
preferences in school choice & values in education, parents of children in kindergarten through 8th grade in inner city vs suburban school districts, 2821
prey selection & collection behavior during self-feeding vs chick provisioning, rhinoceros auklets, 36332
provision of choice, intrinsic motivation, Anglo- vs Asian-American 3rd–5th graders, 10856
public policy & consumer choice & protection in health care & insurance, 22115
public policy & consumer choice & protection in health care & insurance, commentary, 22121
public policy & consumer choice & protection in health care & insurance, commentary, 22120
rate of ECT use, patients aged <18 yrs, UK, 35038
rational choice & out-of-wedlock births, African American females , 14166
rational choice on non-finite sets by means of expansion–contraction axioms, 3558
rationality & functionality of regret & its influence on decision making, 36248
reaction times to simple vs choice reaction tasks & relation to changes in central cerebral processing vs in the initiation of movement, 44–72 yr old patients with Parkinson's disease,, 15018
red vs green colored leg rings, choice of song tutor, young male zebra finches, 10340
reference point for product category attractiveness, category purchase, adults, 35723
reinforcement probability & response cost in symmetrical choice procedure, pigeons, 29697
reinforcement schedules, learning & response probability & strength & variability in choice behaviors, pigeons, 33070
relative-frequency vs probability elicitation question, likelihood judgment accuracy in answering test item questions, college students, 6863
response preparation & stimulus anticipation in underadditive interaction between stimulus onset asynchrony, simple vs choice RT & bottleneck localization in dual tasks, college students, 10139
response variability in binary & continuous choice, undergraduates, 226
response-selection bottleneck hypothesis & practice, choice of task-scheduling strategies in perceptual–motor learning of general regularities & specific sequences, college students , 19854
risk perception & behavioral choice, 13263
robustness of asymmetrically dominated effect under different buying frames & phantom alternatives & in-store purchase conditions, college students & adults, 22701
role of social science in school choice debate, commentary, 2813
sabcomeline vs tacrine vs RS86, delay-induced deficit in choice accuracy in T-maze & conditioned taste aversion, male rats , 4167
sample duration & presentation frequency, delayed matching accuracy, pigeons, 29688

school choice options & policies, tradeoffs among liberal goals of equality of educational opportunity & social diversity & parental rights & relation to student academic outcomes, 2812
school choice options & policies, tradeoffs among liberal goals of equality of educational opportunity & social diversity & parental rights & relation to student academic outcomes, commentary reply, 2811
semantic representations of spatial prepositions, judgments of location control & choice of description across range of scenes, Os, 36218
sequential effects in auditory choice reaction time tasks, psychology students, 29518
sex & decision framing as gain vs loss, supplier choice, buyers in price &/or quality based purchasing scenarios, 39027
sex & perception & nature & approval of choice in employment status in model of psychosocial development, college students , 4476
sign as point of decision prompt, lifestyle sedentary vs active behavioral choice, male vs female library users above vs below age 30 yrs, 28650
single- vs concurrent-operants procedures, evaluation of presession vs within-session reinforcement on choice behavior, 7–11 yr old males with developmental disabilities or attention deficit disorder, 24585
size-assortment & predator pressure in matching vs nonmatching fish shoals, shoal choice, small & large 3-spined sticklebacks, 36357
species variety vs size of prey in choice of spiders to provision mud chamber for larval consumption, mud dauber wasp, 16798
stability of preferences for use of life-sustaining treatment in conditions of severe chronic illness, 70–90+ yr olds, Israel, 35079
task performance as a function of choice stimuli of candy array vs Arabic numerals, chimpanzees, 23188
tax practitioner's recommendation & probability of audit & severity of sanction, preference for advice & behavior, taxpayers, 33865
temporal discounting of monetary rewards, children vs young vs older adults, 23653
test of memory vs safe key choice as function of metamemory in delayed matching to sample, pigeons, 23135
theory of intrapersonal dilemmas & concept of multiple selves, addiction & procrastination, 36231
thermoregulatory vs food choice conflict, decision-making, juvenile green iguanas, 6957
timing processes & choice behavior in concurrent chains, pigeons, 16759
tradeoff between goals & resources, highlighting vs balancing goal-consistent vs resource-consistent choices in consumption episode, consumers, 16202
unsignaled vs signaled vs no reinforcement delay in 3-component multiple schedule, resistance to change in test of Pavlovian stimulus–reinforcer contingencies, pigeons, 26476
use of simulation modeling in political science in context of social choice theory & individuals & international relations & prisoner's dilemma game & multiperson interaction, 26281
various choices for obtaining 30 min of brisk walking 6 days per week, sedentary 18–55 yr olds, 25332
visual vs auditory stimulus repetition, sequential effects on choice RTs, adults , 13303
worker size & age & crop fullness in task selection, worker fire ants, 16788
working mothers' child care choice behaviors in the US, 11042

Choice Behavior—Books

Overcoming modern confusion: Consistency and choice, 26416

Choice Behavior—Chapters

Choice and self-control, 3418
Control: Cognitive and motivational implications, 1028
Deliberation reasons and explanation reasons, 26425
Feelings as the proximate cause of behavior, 36376
Female adolescent sexuality in relational context: Beyond sexual decision making, 20649
Improving the 1957 version of dissonance theory, 13336
Linking gender to educational, occupational, and recreational choices: Applying the Eccles et al. model of achievement-related choices, 1179
Media appropriateness: Effects of experience on communication media choice, 30086
The psychological and economical perspectives on human decisions in social and interactive contexts, 7839
Reflections on choices: The road not taken, 6001
Women's and men's role models: The importance of exemplars, 16131

Cholecystokinin—Serials

acute vs chronic administration of citalopram, plasma oxytocin & cholecystokinin & gastrin & somatostatin & insulin, male rats, implications for clinical profile of SSRI antidepressants, 13825
acute vs subacute cholecystokinin A receptor agonist AR-R 15849, food intake & activity level & tolerance, male rats, 10663
amphetamine pretreatment & withdrawal & endogeneous cholecystokinin-A receptor activation with devazepide, potentiation of amphetamine-induced locomotion, male rats, 10560
amylin &/vs cholecystokinin, inhibition of food intake, male mice, 4104
CCK-B antagonist CI-988, rate of panic attacks, 18-65 yr old patients with panic disorder with or without agoraphobia, 35008
ceruletide, PCP & NMDA receptor antagonist dizocilpine induced changes in extracellular levels of dopamine & 5-HT in prefrontal cortex & striatum, male rats, 658
cholecystokinin & antisense oligodeoxynucleotide, anxiety, male rats, implications for human anxiety disorders, 644
cholecystokinin &/vs 8-OH-DPAT, ethanol intake satiety, water-deprived rats, 696
cholecystokinin A vs B receptor agonists &/vs antagonists, defensive rage behavior, adult cats, 4202
cholecystokinin agents & morphine, hypothermia, male albino mice, 17088
cholecystokinin agonist pentagastrin, dose dependent ACTH/cortisol release & anxiety/panic symptoms & cardiovascular response, 18–45 yr olds, implications for hypothalamic-pituitary-adrenal axis, 33357
cholecystokinin octapeptide in inhibiting ingestive behavior, male rats with lateral hypothalamic 6-OHDA mine lesions, 4251
cholecystokinin tetrapeptide, platelet & plasma catecholamine concentrations, healthy volunteers, 13755
cholecystokinin vs lithium chloride, fos expression in the brain, Japanese quail, implications for cholecystokinin effects on feeding behavior, 4107
cholecystokinin, neuroleptic-like effects on dopamine-related behaviors, rats, animal models of psychosis & implications for treatment, 7188
cholecystokinin-B receptor antagonist PD-135158 in lateral ventricle, food intake, male rats, 4137
cholecystokinin-tetrapeptide & L-365.260, ultrasound induced defense behavior, male rats, animal model of panic attacks, 33505
effect of chronic fluoxetine &/or ipsapirone on anxiogenic effect of central cholecystokinin administration in social interaction test, male rats, 17111
genetic association of alcohol withdrawal symptoms & polymorphism of cholecystokinin gene promotor, patients with alcohol withdrawal syndrome, 21332
impaired learning & memory, male rats without cholecystokinin receptor, 26627
influence of cholecystokinin system on enkephalinergic system in exploratory behavior, male rats, 29987
maintenance on high- vs low-fat diets, sensitivity to satiating effects of cholecystokinin & bombesin, rats, 645
naloxone pretreatment & morphine, cholecystokinin induced plasma oxytocin concentration & electrical activity of oxytocin cells in supraoptic nucleus, female rats, 4116
ovarian cycling & exogenous estradiol, cholecystokinin satiety-signalling system, intact & ovariectomized female rats, 33313
peptide 1-27 vs cholecystokinin, intraoral vs independent intake of sucrose & milk solutions, adult male Sprague-Dawley rats, 36614
peripheral administration of cholecystokinin receptor-specific antagonists, effect of morphine on maternal behavior, female postpartum rats, 36592
proglumide, iminodipropionitrile induced excitation & chorea & circling syndrome & dyskinesia & neurotoxicity & inner ear pathology, male rats, 755
psychological & cardiovascular effects of cholecystokinin tetrapeptide-induced panic, healthy volunteers, 13756
receptor specific cholecystokinin agonists & antagonists, anxiety- & stress- & panic-related behavior, implications for treatment of attention &/or memory disorders, 648
role of hippocampus & prefrontal cortex in effects of cholecystokinin B agonist on memory task, rats & mice, 29850
satiating action of endogenous cholecystokinin, food intake & meal size during estrus, female rats, 33318
selective cholecystokinin subset B agonist, 2-trial recognition memory task performance, male rats, 23536
sensitivity to panicogenic effects of cholecystokinin-4 administered during follicular vs luteal phase of menstrual cycle, females with vs without premenstrual dysphoric disorder, 8107
serotonin 1A receptor agonists & stressful & anxiogenic conditions, cortical cholecystokinin like material release in frontal cortex, free moving adult male rats, 23292
single & multiple doses of ondansetron, cholecystokinin tetrapeptide-induced behavioral & neuroendocrine changes, adult males, 7182
stress & sertraline, regulation of cholecystokinin mRNA expression in the hippocampus & cerebral cortex, rats, 23507
stress & spinal cholecystokinin processes, morphine's antinociceptive potency, rats, 23514

Cholesterol—Serials

biochemical link to & influence of major negative vs positive life changes on serum cholesterol & cardiovascular mortality, 50–60 yr old males, 1-yr followup, 23460
cholesterol & aggression, humans & nonhuman primates, 23461
cholesterol & lipoprotein & triglyceride blood levels, females with binge eating/purging anorexia nervosa vs bulimia, 11736
cholesterol levels & depression & anxiety & suicidal behavior & impulsivity & aggression, 12–21 yr old psychiatric inpatients, 30601
feasibility of diet intervention, cholesterol level, hypercholesterolemic low-income patients (mean age 56.7 yrs), 5290
Food for Heart Program of nutrition & dietary counseling by public health nurses to lower blood cholesterol, residents of rural South at risk for heart disease, 28639
gene environment interaction in etiology of Alzheimer's disease & interaction of serum cholesterol & epsilon 4 genotype, cross national twin studies, 2015
hypocholesterolemic dietary & drug therapy, dysphoric emotions, hypocholesterolemic male outpatients, 8488
individual factors related to dietary behavior & perceived susceptibility to cardiovascular disease & high blood cholesterol, 30–64 yr old females, 25341
low-density lipoprotein cholesterol & risk of dementia with stroke, nondemented individuals (mean age 75.0 yrs), 7 yr study, 31170
olanzapine, cholesterol & triglyceride levels & weight gain, 27–67 yr olds with schizophrenia, 16 mo average followup, 35020
physical exercise & dietary habits, clinically relevant serum cholesterol levels, patients with anxiety disorders, 21188
plasma cholesterol, acute suicidality risk, 18–74 yr old suicidal psychiatric inpatients vs patients with affective disorder, 11553
psychosocial & demographic factors & degrees of risk for rapid serum cholesterol decline, postpartum depression, 22–39 yr old women, 17885
serum cholesterol & impulsive aggression, male vs female adult patients with borderline personality vs other personality disorders, 17965
serum total cholesterol & depression & suicide, 50–69 yr old males, 5–8 yr study, 34046

Choline—Serials

citicoline treatment, mood states & craving, cocaine dependent adults, 15331
dorsolateral prefrontal midtemporal lobe N-acetyl-aspartate & amino acid & choline to creatine ratios, neuroleptic naive patients with 1st-episode schizophrenia, 8134
lesions of cingular bundle & fimbria–fornix & co-grafts with cholinergic & serotonergic neurons, spatial reference & working memory, female rats, 33185
lithium, choline & creatine ratios in temporal lobe, healthy 19–40 yr olds, 20370
neuropsychological function & alteration in cholinergic system, patients with Alzheimer's disease, 37814
postnatal choline, passive avoidance & learning & locomotion, male vs female rat pups, 7247
role of dopaminergic & cholinergic systems in memory storage, mice treated with D1 vs D2 dopamine receptor agonist or antagonists, 6961
scopolamine, non-nmestic cognitive performance & impairment, healthy 20–64 yr olds, implications for contribution of cholinergic system to senile dementia of the Alzheimer's type, 4234
short-term vs long-term effects of oral choline, metabolite concentrations in human brain, 24–34 yr olds, 29988
subcortical N-acetylaspartate & choline metabolites, HIV-positive patients with vs without cognitive impairment & clinical symptoms, 18311
true drug response to fluoxetine, choline-creatine rations in basal ganglia, depressed patients (mean age 38.9 yrs), 38311

Choline Chloride [See Choline]

Cholinergic Blocking Drugs [See Also Atropine, Levodopa, Nicotine, Orphenadrine, Scopolamine, Trihexyphenidyl]—Serials

acetylcholinesterase reversible inhibitor N-octyl-1,2,3,4-tetrahydro-9-aminoacridine, locomotor activity & avoidance learning, male mice, 20273
age & dark eye color & instillation of mixture of tropicamide & phenylephrine HCl in eye, pupil dilation response, Down's syndrome vs vascular dementia vs probable Alzheimer's disease patients, 10669
amizil, short-term memory & stimuli involving different types of visual information, monkeys, 13720
anticholinergic & other drugs that induce delirium, implications for treatment of dementia & elderly patients, 38263

anticholinergic drug effects & serum anticholinergic levels, acetylcholine as critical neurotransmitter in pathogenesis of delirium, elderly patients, 37920
benztropine & haloperidol, substantia nigra dopamine neuron electrophysiological activity, male rats, implications for treatment of antipsychotic drug-induced movement disorders, 17112
blockade of cholinergic receptors in somatosensory barrel cortex, long-term changes in evoked potential during sensory preconditioning & neuronal plasticity, rats, 3881
CCK receptor antagonists, GABAergic-induced antinociception in formalin test, male mice, 13803
cholecystokinin receptor agonists, naloxone-induced jumping behavior, morphine-dependent male mice, 13700
cholinergic antagonist tropicamide & diagnostic usefulness of videopupillography, pupillary dilation, patients (mean age 68 yrs) with Alzheimer's disease, comment & reply, 11944
cholinergic immunotoxin ME20.4IgG-saporin vs glutamate blocker MK801 in diagonal band of Broca &/vs basal nucleus of Meynert, simple vs conditional visual discrimination learning, monkeys, 17089
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, commentary reply, 28509
cumulative amount of & interruptions in neuroleptic treatment & cumulative amount of anticholinergics, tardive dyskinesia, adults with schizophrenia or diabetes mellitus or leukotomy, comment, 28496
differential binding of benztropine-based photoaffinity ligands on dopamine transporters, male rats, animal model of cocaine abuse, 10675
early withdrawal from repeated cocaine, neostriatal muscarinic & dopaminergic receptor binding density, female rats, 10665
effect of antidementia drug FK960 & cholinergic & glutamatergic modulations on regional cerebral blood flow response to vibrotactile stimulation, rhesus monkeys, 30061
efficacy & safety of donepezil, 50–93 yr old patients with mild to moderately severe Alzheimer's disease, 30 wk study, 31622
interaction of muscarinic selective antagonist with cloned human muscarinic receptors, implications for treatment of Alzheimers disease, 10428
L-dopa with benserazide, drug-induced parkinsonism & tardive dystonia, 60 yr old female with chronic paranoid schizophrenia, 5649
long-term vs acute administration of anticholinergics, subcortico-frontal syndrome with executive dysfunction, patients with PD, 28584
modulation of perirhinal cortex neuronal firing by cholinergically mediated hippocampal theta activity, male rats, 502
ontogeny of sensitivity to muscarinic agonists vs antagonists & number of muscarinic receptors, Flinders Sensitive vs Resistant Line rats at Postpartum Days 13–120, animal model of depression, 13714
oxotremorine in reticular vs ventroposteromedial nucleus of thalamus, suppression of high-voltage spindles & mediation by muscarinic receptor antagonists or anticholinesterase drugs, male rats, 7244
receptor binding of muscarinic antagonist [3H]AF-DX 384 in caudate putamen, deceased schizophrenic patients, 17903
role of muscarinic receptors via muscarinic agonist, rats & mice, animal models of schizophrenia, 10398
self-poisoning & suicide risk & fatal toxicity potentials of orphenadrine & other antipsychotic & anticholinergic drugs, patients with psychotic illnesses, commentary, 15340
treatment efficacy of biofeedback-assisted behavioral training vs oxybutynin, female 55–92 yr olds with urge urinary incontinence, 8712
tropicamide, pupillary dilatation & central nervous system activation, 55–85 yr old patients with Alzheimer's disease, 31236

Cholinergic Drugs [See Also Acetylcholine, Physostigmine, Pilocarpine]—Serials

192-IgG saporin & scopolamine vs oxotremorine vs muscimol in medial septum–vertical limb of diagonal band, cholinergic neuronal involvement in spatial working memory, male rats, 17084
ABT-594 vs morphine, tactile allodynia & mechanical hyperalgesia in Chung & diabetic neuropathy models, male rats, 4101
cognition enhancer NS-105, learning & memory deficits elicited by scopolamine vs cerebral ischemia vs nucleus basalis magnocellularis lesion vs baclofen vs ECS, male rats, implications for role of cholinergic & GABAergic systems, 36598
competitive vs noncompetitive NMDA vs cholinergic antagonists to rostral ventromedial medulla, beta-endorphin analgesia elicited from ventrolateral periaqueductal gray, male rats, 23583
controlled-release physostigmine, 50+ yr old patients with probable Alzheimer's disease of mild to moderate severity, 18841
degree of spatial learning & memory deficit & sensitivity of cholinergic drug treatment, aged female rats, 6978
effectiveness of anticholinergics & neuroleptic dose reduction, neuroleptic-induced pleurotonus, psychiatric patients, 21958
generality of cholinergic action in attention shifting as assessed by effects of scopolamine on RT on cued target detection task, rhesus monkeys, 13712
interaction of nicotinic or muscarinic receptor mechanisms with apomorphine-induced licking behavior, male albino mice, 17124
intrathecal oxotremorine, antinociceptive response to long-lasting pain stimulus & spinal nitric oxide synthase immunoreactivity, male rats, 10641
Linopirdine, implicit & explicit & primary memory, elderly adults with age-associated memory impairments, 34963
muscarinic receptor agonists, conditioned avoidance responding, male rats, 33484
neonatal icv 192 IgG-saporin, neural development & hippocampal ingrowth & maze behavior at 21 vs 45 vs 90 days, male vs female rats, animal model of Rett syndrome, 20146
nicotinic agonist ABT-418, total recall in verbal learning & spatial learning & memory, Alzheimers disease patients (mean age 72.7 yrs), 18835
ontogeny of sensitivity to muscarinic agonists vs antagonists & number of muscarinic receptors, Flinders Sensitive vs Resistant Line rats at Postpartum Days 13–120, animal model of depression, 13714
oxotremorine concentration & administration time, formalin pain behavioral responses & plasma corticosterone & beta-endorphin content in hypothalamus & periaqueductal gray & septum, rats, 26747
oxotremorine in reticular vs ventroposteromedial nucleus of thalamus, suppression of high-voltage spindles & mediation by muscarinic receptor antagonists or anticholinesterase drugs, male rats, 7244
partial sabcomeline vs full RS86 muscarinic receptor agonist, deficits in radial maze performance induced by brain lesions of basal forebrain & medial septic area, male rats, 10592
posttraining administration of insulin & drugs on cholinergic system, retention of habituation response in exploration, male Swiss mice, implications for role of central cholinergic mechanism, 10602
role of spinal nitric oxide in antinociception induced by peripheral &/vs intrathecal injections on oxotremorine, male rats, 17060
sabcomeline vs tacrine vs RS86, delay-induced deficit in choice accuracy in T-maze & conditioned taste aversion, male rats , 4167
tacrine &/or milameline, behavioral efficacy & continuous performance during scopolamine-induced impairments, rhesus monkeys, implications for treatment of Alzheimer's disease, 26743
xanomeline vs other muscarinic agents, stimulation of in vivo phosphoinositide hydrolysis, mice & rats, implications for use in cholinergic replacement therapy for Alzheimer's disease, 4114

Cholinergic Nerves—Serials

192 IgG-saporin lesions of cholinergic input to hippocampus, blocking of conditioning to additional CS in Pavlovian appetitive conditioning paradigm, male rats, 36400
192-IgG saporin & scopolamine vs oxotremorine vs muscimol in medial septum–vertical limb of diagonal band, cholinergic neuronal involvement in spatial working memory, male rats, 17084
apolipoprotein E4 allele & cholinergic dysfunction in Alzheimer's disease, 15035
cholinergic immunotoxin ME20.4IgG-saporin vs glutamate blocker MK801 in diagonal band of Broca &/vs basal nucleus of Meynert, simple vs conditional visual discrimination learning, monkeys, 17089
cholinergic parameters, mice carrying mutated presenilin-1 &/or amyloid precursor protein transgenes, implications for Alzheimer's disease, 20160
chronic oral nicotine exposure, sensitivity to nicotine & brain nicotinic cholinergic receptors, female C57B1/6 mice, 10667
incidence of Fuld WAIS-R profile for cholinergic deficiency, 16–49 yr olds with traumatic brain injury vs 42–80 yr olds with Parkinson's disease, dementia diagnosis & treatment implications, erratum, 2067
modulation of perirhinal cortex neuronal firing by cholinergically mediated hippocampal theta activity, male rats, 502
mu-opioid & nicotinic cholinergic mechanisms in pedunculopontine tegmental nucleus, male rats, 33381
muscarinic acetylcholine receptor binding & cognitive function, 35–79 yr olds with Parkinson's disease vs progressive supranuclear palsy, 5302
neuroprotective agents piracetam & GM1 during withdrawal from alcohol, hippocampal cholinergic fiber network & intrinsic cholinergic neurons, male rats, 33368
physostigmine vs benzodiazepine receptor agonist FG 7142, 192 IgG-saporin induced cortical cholinergic deafferentation & sustained attention, male rats, 7226
postinjury attention & memory dysfunction & cholinergic mechanisms & sensory gating & EEG auditory evoked responses as physiologic marker, 34–45 yr olds with traumatic brain injury, 14994
presynaptic cholinergic & neurotrophin markers in hippocampus & basal forebrain during assessment of spatial learning ability, young vs old male rats, 3923
prolyl endopeptidase inhibitor JTP-4819, spatial memory & central cholinergic & neuropeptide neurons, male rats with lesions of nucleus basalis magnocellularis induced by ibotenate , 10660
pupillary cholinergic sensitivity to pilocarpine eyedrops, response to lithium carbonate, 25–56 yr olds with hypomania or mania, 24167
role of cholinergic system in pathophysiology & therapeutics of positive & negative symptoms, patients with schizophrenia, 14586
role of cholinergic systems of the dorsal & ventral striatum in controlling learned movements, rat, 3837

Cholinergic Nerves—Chapters

The basal forebrain corticopetal system revisited, 26671

Cholinesterase—Serials

acute low dose sarin, EEG & erythrocyte cholinesterase & neuropsychological behavior, common marmosets, 23565
commercially prepared exogenous equine serum butyrylcholinesterase, operant behavior & recognition learning, monkeys, 10616
serum anticholinergic activity changes with acute illness, nursing home patients with vs without delirium (mean age 88 yrs), 11787
use of serum anticholinergic activity in diagnosis of delirium, elderly patients just admitted to a hospital, 34074

Cholinesterase Inhibitors [See Also Physostigmine]—Serials

accidental donepezil overdose, 74 yr old female with cognitive decline, 12180
acetylcholinesterase inhibitor metrifonate, cognitive performance & behavioral & psychiatric problems & performance of activities of daily living, patients with Alzheimer's disease, 22064
acute vs repeated pyridostigmine bromide, lever press response acquisition with immediate vs delayed reinforcement, male rats, implications for pretreatment against chemical warfare, 13827
chronic low dose diisopropylfluorophosphate, neurochemical changes in the pontomesencephalic tegmentum, rats, implications for role of cholinergic neurotransmission in behavioral state control, 36410
chronic low dose diisopropylfluorophosphate, time course of sleep/wake cycle changes & cholinergic inhibition in pontomesencephalic tegmentum, male rats, 36548
clinical benefits of piperidine-class acetylcholinesterase inhibitor donepezil, patients with Alzheimer's disease, 21881
clinical development process of cholinesterase inhibitor donepezil, patients with Alzheimer's disease, 21967
cost-effectiveness analysis of donepezil in treatment of mild or moderate Alzheimer's disease, 18833
cost-effectiveness of donepezil as adjunct to usual care, patients with mild-to-moderate Alzheimer's disease, 21932
cost-effectiveness of donepezil vs no treatment, Swedish patients with Alzheimer's disease, 35088
donepezil treatment, 57-yr-old male & 59-yr-old & 65-yr-old females with Alzheimer's disease associated with Down's syndrome, 34983
donepezil, cognition & hallucinations & parkinsonism & functional ability, 67–84 yr olds with dementia with Lewy bodies, 5770
donepezil, cognitive & behavioral symptoms, 70–81 yr old patients with vascular dementia, 6 mo follow up, 22059
donepezil, improvements in cognition & activities of daily living & visual hallucinations, 71 yr old female with dementia with Lewy bodies, 12137
donepezil, P300 auditory & visual cognitive evoked potentials, 67–81 yr olds with Alzheimer's disease, 38424
donepezil, symptoms of post-operative delirium, 76-yr-old male patient with early Alzheimer's disease who underwent total knee arthroplasty, 15356
donepezil, visual hallucinations arising in postoperative period, 74-yr-old male who had operation for spinal stenosis, 28402
donepezil-induced behavioral disturbances, adults (mean age 76.4 yrs) with Alzheimer's disease, 2487
donepezil-induced paranoia & violent behavior, 76-yr-old male with Alzheimer's disease, 2465

efficacy & safety of 15 vs 20 mg eptastigmine, 52–90 yr old Alzheimer's disease patients, 15302
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary, 12347
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary reply, 12340
guidelines for appropriate use of cholinesterase inhibitors to treat patients with Alzheimers disease, 25219
high vs low doses of muscarinic agonist cevimeline & cholinesterase inhibitor tacrine, reduction of spontaneous random movement, macaques, implications for agitation reduction in dementia, 10573
huperzine A, scopolamine induced or naturally occurring spatial working memory deficits, young adult vs aged rhesus monkeys, animal model of drug therapy for Alzheimer's disease, 16958
interaction between donepezil & paroxetine, 78-yr-old male with memory loss & dysphasia & 67-yr-old female with Alzheimer's disease, 31623
metrifonate, cholinergic neurotransmission & associative learning, aging rabbits, 10406
olanzapine, suppression of tacrine-induced tremulous jaw movements & lever pressing, rats, 33497
oxotremorine in reticular vs ventroposteromedial nucleus of thalamus, suppression of high-voltage spindles & mediation by muscarinic receptor antagonists or anticholinesterase drugs, male rats, 7244
pharmacological effects of Ginkgo biloba vs tacrine, 44–83 yr olds with possible or probable Alzheimer's disease, 2336
pyridostigmine bromide, locomotion rate & thigmotactic response, male vs female rats in proestrous & metestrous stages of estrus, 33421
pyridostigmine, muscle strength & fatigue & health-related quality of life & insulin-like growth factor levels, adults with postpoliomyelitis, 38320
sabcomeline vs tacrine vs RS86, delay-induced deficit in choice accuracy in T-maze & conditioned taste aversion, male rats , 4167
tacrine &/or milameline, behavioral efficacy & continuous performance during scopolamine-induced impairments, rhesus monkeys, implications for treatment of Alzheimer's disease, 26743
tacrine prescribing & patient data, nursing home residents with dementia, 12325
tacrine, cognitive performance, elderly with Lewy body dementia vs mild or moderate Alzheimer's disease, 5754
tetrahydroaminoacridine vs clonidine, executive functions vs recall vs visuoconstructive functions vs verbal function ability, adults with Alzheimer's disease, 15332
treatment with donepezil for Tourette's disorder & ADHD, 11 & 13 yr old males, 28440
Cholinolytic Drugs [See Cholinergic Blocking Drugs]
Cholinomimetic Drugs [See Also Acetylcholine, Carbachol, Physostigmine, Pilocarpine]—Serials
high vs low doses of muscarinic agonist cevimeline & cholinesterase inhibitor tacrine, reduction of spontaneous random movement, macaques, implications for agitation reduction in dementia, 10573
Chorda Tympani Nerve [See Facial Nerve]
Chorea [See Also Huntingtons Disease]—Serials
chorea & tardive dyskinesia associated with risperidone treatment, 13.5-yr-old female patient with a history of aggression & defiance & noncompliance, 31624
Choroid [See Eye (Anatomy)]
Choroid Plexus [See Cerebral Ventricles]
Christianity [See Also Protestantism, Roman Catholicism]—Serials
attitudes toward sex roles & Christianity, male vs female 13–15 & 16–18 yr olds, 4573
cross-cultural treatment issues in Spirit-filled psychotherapy, 28316
eight theories on the nature of the unpardonable sin, 38351
Francis Scale of Attitude toward Christianity, measurement of intrinsic & extrinsic & quest religiosity, churchgoers, 29331
helping theories & Christian beliefs & spirituality & healing & rehabilitation, persons with disabilities or chronic illness, 2664
integrating family therapy & Christianity, 8826
integrating modern psychologies & religion, Allen E. Berger & Latter-day Saints, late 20th century, 19561
life themes in experiencing the role of the Holy Spirit in personality growth & change, Christians, 27128
loneliness & strength of Christian faith, college students, 4578
moral & religious & identity development in Christian liberal arts environment, 3 1/2 yr study, 17450
object relational perspective on psychological processes enabling experience of the Holy Spirit, 27423
perspectives on the distinctive components & undergirding sources of gain in Christian counseling, Christian practitioners, 38349
pneumadynamic approach to personality & psychopathology & health, 27420
Postmodern postsecular model for psychotherapy, 28308
role of biblical Scriptures in determination of sexual ethnics in Christianity, 17451
strength of Christian belief, notions of sexual activity, younger (mean age 19) vs older (mean age 36.6) Christian college students, 36920
Christianity [See Also Protestantism, Roman Catholicism]—Books
On Christianity, 36929
Christianity [See Also Protestantism, Roman Catholicism]—Chapters
Christian humanistic psychology, 9788
Crossed paths, crossed sticks, crossed fingers: Divination and the *Classic of Change* **in the shadow of the West, 14383**
Queering the center by centering the queer: Reflections on transsexuals and secular Jews, 24001
Three spiritual perspectives on resilience: Buddhism, Christianity, and Judaism, 38182
Christians [See Also Catholics, Protestants]—Serials
influence of conservative Christian political organizations on voting, adults, 30350
perceived effectiveness of Christian & secular graduate training programs in preparing Christian psychologists to deal with sexual attraction in professional context, 25615
perceptions of male family headship & symbolic traditionalist & pragmatic egalitarianist ideals, evangelical Christians (aged 20–83 yrs), 17482
personality & Christian belief, adult churchgoers, 7895
Christians [See Also Catholics, Protestants]—Chapters
Religion and culture in psychiatry: Christian and secular psychiatric theory and practice in the United States, 1076
Chromaticity [See Also Color Saturation, Hue]—Serials
achromatic & chromatic information in visual search task, adults, 32828
changes in ambient illuminant chromaticity, shift in visual sensitivity balance, Os, 3472
chromatic properties of moving objects with vs without adequate luminance, motion perception in middle temporal area neurons, macaques, 26645
chromatic system & perception of global motion cues, Os, 10021
chromaticity & luminance of gratings varying along L & M cone axes, spatial pairwise contrast matching of gratings in comparison of color & luminance contrast, Os, 16519
contrast, motion of luminance vs chromatic stimuli & threshold amplitudes for relative & static Gabor patches, 32821
development of luminance & chromatic temporal contrast sensitivity function, 3–4 mo olds vs adults, 33612
distractor colors & luminance, visual search of color target, Os, convex hull test of linear separability hypothesis in visual search, 23015
low spatial & temporal frequency chromatic stimuli, transient visual EPs, 26–34 yr olds, 16952
M- & L- & S-cone contributions to pupillary responses evoked by chromatic flash offset, Os, 13206
ophthalmic lens-induced transverse chromatic aberrations in natural viewing conditions, spatio-temporal thresholds, 33–39 yr olds, 34734
psychophysical & oculomotor & neurophysiological responses to plaids containing chromatic & luminance contrast, humans & female rhesus monkey, 161
simulated inter-observer comparison of color-matching functions, 19743
spatial facilitation with colored targets & inducers & chromatic & achromatic mechanisms in collinear detection facilitation, adults, 32803
visual system in combination of signals for trichromatic opponent color classification, college students, 32797
Chromosome Disorders [See Also Autosome Disorders, Deletion (Chromosome), Sex Chromosome Disorders]—Serials
20/22 chromosomal translocation & interstitial deletion in region 22q11, 3-yr-old male with autistic disorder, 5137
22q11 Deletion Syndrome as genetic subtype of schizophrenia, 37351
47, XYY karyotypes, 7 yr old with autism & 14 yr old with pervasive developmental disorder not otherwise specified, 5144
autosomal chromosome abnormalities associated with infantile autism & identification of candidate chromosomal regions, 14826
behavioral characteristics without associated mental retardation, 12-yr-old female with Smith-Magenis syndrome, 1925
chromosomal aberrations in peripheral blood lymphocytes after abstinence, 23–59 yr old alcoholics in outpatient treatment, 3 & 12 mo followups, 12515
chromosomal disorders & genetic markers for autism, 1850
chromosome 2q37 & chromosomal abnormalities, 6- & 12-yr old males with autism, 27921
diepoxybutane, lymphocyte chromosomal instability, 72–96 yr olds with dementia of Alzheimer's type, 9027
etiology via chromosomal analysis, 5 yr old female with mild developmental delay & dysmorphic features, 18135
genetic & physical & developmental & psychiatric features, 16–35 yr old patients with schizophrenia & velo-cardiofacial syndrome, 11290
neuronal loss & gliosis & vacuolization as characteristic neuropathologic changes in chromosome 17 linked frontotemporal dementia, 31320
stress & coping & moderating role of families' friends, families of children (mean age 8.35 yrs) with Smith–Magenis syndrome, 1394
Chromosome Disorders [See Also Autosome Disorders, Deletion (Chromosome), Sex Chromosome Disorders]—Chapters
Challenged bodies, wounded body images: Richard III and Hephaestus, 24119
Chromosomes [See Also Sex Chromosomes]—Serials
20/22 chromosomal translocation & interstitial deletion in region 22q11, 3-yr-old male with autistic disorder, 5137
audiovestibular functions in family with low-frequency sensorineural hearing impairment linked to chromosome 4p16, 28231
autosomal chromosome abnormalities associated with infantile autism & identification of candidate chromosomal regions, 14826
chromosome 2q37 & chromosomal abnormalities, 6- & 12-yr old males with autism, 27921
complementary DNA cloning & genomic expression & location & organization of human GABA-B receptor, implications for neurobehavioral disorders located on chromosome 6p21.3, 439
DNA pooling for identification of quantitative trait loci associated with cognitive ability on chromosome 22, children of high general cognitive ability, 23286
etiology via chromosomal analysis, 5 yr old female with mild developmental delay & dysmorphic features, 18135
frequencies of HLA-A & triplet repeat CTGB33 alleles, 70 yr old & older Ss with high vs low IQ, 13499
genetic factor in chromosomal region of gene clusters, vulnerability to alcohol dependence, 14757
genetic linkage between bipolar affective disorder & markers on chromosome X, families multiply affected by bipolar affective disorder with absence of male-to-male transmission, 1549
genetic marker loci in histocompatibility complex of loci region on chromosome 6p, 2.9–40.9 yr old sibling pairs in families with autistic child, 27936
genetic research on monozygotic triplets & other multiple births with schizophrenia in medical literature, comment, 14587
identification of acute ethanol locomotor response quantitative trait locus on chromosome 2, male mice, implications for alcoholism, 10559
linkage between bipolar affective disorder & chromosome 12q24, families, 1513
linkage between markers on chromosome 13q141.1-q32, South African Bantu-speaking families multiply affected with schizophrenia, 1613
linkage in chromosome 6 markers, family pedigrees with schizophrenia, 1604
localization of breakpoint & search for neighboring genes using long-range restriction map across 3 Mb of chromosome 11 breakpoint region of translocation linked to schizophrenia, 1607
molecular genetic characterization on chromosome 3 & evidence for genetic anticipation & trinucleotide repeat expansion involvement, family with familial nonspecific frontotemporal dementia, 31179
non-pseudoautosomal region of Y chromosome & spatial learning, NZB & CBA/H mouse strains & their respective congenics for YNPAR, 33180
pericentric inversion of chromosome 9, mother & son with schizophrenia, 4947
quantitative trait loci mapping of genes linked with measures of sensorial & motor & body weight development, preweanling mice from lab-inbred strains, 13501
severity of retardation & autism symptoms & facial & other physical anomalies, children with autistic disorder with vs without chromosome abnormalities, implications for genetic etiology of autism, 34435
Chronic Alcoholic Intoxication—Serials
baclofen &/vs angiotensin II fragment 3–7, passive & active avoidance conditioning & locomotor & exploratory activity, chronically ethanol-intoxicated male rats, 10603
life course theory to examine racial & ethnic differences in drunkenness, 18–39 yr old Whites & African Americans & Hispanics, 18071
Chronic Fatigue Syndrome—Serials
beta-endorphin concentrations in peripheral blood mononuclear cells, patients with chronic fatigue syndrome vs depression, 37237

biomedical conceptualization & personal accounts & efforts to legitimize claims of Chronic Fatigue Syndrome as physical disease vs psychological disorder, 34541
childhood fibromyalgia & chronic fatigue syndrome, literature review, 31040
comparison of ratings of personality traits, Ss with major depression or chronic fatigue syndrome (mean age 43.1 yrs), 17753
computer tomography adrenal gland assessment, dysregulated hypothalamic–pituitary–adrenal axis & adrenal gland size, 20–49 yr old chronic fatigue syndrome patients , 31076
cortisol & adrenal androgens & dehydroepiandrosterone & & 17-alpha-hydroxyprogesterone, adults with major depression vs chronic fatigue syndrome, 27626
degree of social support & patient's & support giver's perceptions of illness etiology, patient's mood & stress, 27–73 yr olds with chronic fatigue syndrome, 14906
desmopressin, pituitary-adrenal responsivity to corticotropin-releasing hormone, patients with chronic fatigue syndrome (mean age 38.9 yrs), 21952
efficacy & acceptability of combined graded exercise & antidepressants, patients with chronic fatigue syndrome with or without depression, commentary, 2137
efficacy & acceptability of combined graded exercise & antidepressants, patients with chronic fatigue syndrome with or without depression, reply, 2140
etiological role of spirochete Borrelia burgdorferi & patient immunoreactivity, adults with chronic fatigue syndrome, 37792
Euroqol EQ-5D vs SF-36 Health Questionnaire, assessment of health status & quality of life, 14–73 yr olds with chronic fatigue syndrome, 36019
exercise, cognitive & symptomatic & muscular & effort perception responses, 25–60 yr olds with chronic fatigue syndrome vs major depressive disorder, 1387
functional status, nurses with chronic fatigue syndrome or chronic fatigue or psychiatric disorders, 21–65 yr old nurses, 8025
illness course & symptoms & role restriction as social & cultural dimensions of chronic illness, job performance & loss, 27–72 yr olds with chronic fatigue syndrome, 3 mo study, commentary, 14892
immune activation, patients with major depression with vs without chronic fatigue syndrome, 21099
ion channel dysfunction in chronic fatigue syndrome, 11780
life events & infections & symptoms during year preceding disorder, patients (mean age 39.5 yrs) with chronic fatigue syndrome, 21492
lifetime & premorbid physical health history, psychiatric patients with chronic fatigue syndrome, 8494
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, comment reply, 22069
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22071
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22038
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22049
nefazodone, male 58 yr old & female 55 & 42 yr olds with chronic fatigue syndrome, 21899
perceptions of variables mediating illness course & coping strategies, females with chronic fatigue syndrome in primary care, 5238
perfectionistic personality & mood & fatigue, chronic fatigue syndrome suffers 18 yrs old & older, 34538
physical & neuropsychological symptoms, chronic fatigue syndrome, 37773
pragmatic cognitive-behavioral treatment, 16 & 25 yr old female wheelchair-bound chronic fatigue syndrome patients, 31532
rest & activity & medication & psychological & other treatment advice given on internet & information seeking by parents for management of chronic fatigue syndrome, children, 31084
self-efficacy as predictor of chronic fatigue syndrome, 5209
sensitivity to acute fatigue during tests of sustained attention & responding, 17–73 yr olds with chronic fatigue syndrome, 18284
test & development of model of factors perpetuating fatigue, 19–56 yr olds with chronic fatigue syndrome vs multiple sclerosis with fatigue, 8518
use of self-report rating scales & devices to assess frequency & intensity of activity & symptoms, 51 & 56 yr old males suffering from chronic fatigue syndrome , 13067
validity of Chalder fatigue scale, chronic fatigue patients (mean age 39 yrs), 109

Chronic Illness [See Also Chronic Alcoholic Intoxication, Chronic Fatigue Syndrome, Chronic Mental Illness, Chronic Pain]—Serials

application of chronic disease risk index, assessment of lifestyle & development of chronic diseases & mortality & cancer incidence, 18+ yr olds, 19 yr follow up , 38458
approaches to illness management & adherence to treatment plan for child's illness, parents of 6–15 yr olds with chronic illnesses, 5879
Breakaway social support program, caregivers of homebound or chronically ill patients, 22210
characterization of chronically ill in children's fiction, males vs females, 20999
chronic systemic physical & neurological disorders, disability & depressive symptoms & life satisfaction as indicators of life quality, 75+ yr olds, erratum, 27461
clinical interventions to maintain adequate attachment patterns in young children, 1.5 & 3.8 & 6 yr old males with chronic medical illness, Canada, 15420
conceptual model of hope in context of health & illness, 18–84 yr old healthy adults vs nurses vs adults with chronic & life threatening illnesses, 18271
construct validity & internal consistency of a Chinese Chronic Illness-Related Stress Inventory, primary care patients with chronic illness, 26204
coping strategies of 51–78 yr olds with postpolio syndrome, 24701
courage in a variety of lingering threats to well-being, individuals (age range 14–94 yrs old), 36118
depression & pediatric chronic illness, interpersonal attraction & rejection, graduate students, 4754
diathesis-stress models & depression in pediatric chronic illness, 11356
disability & trauma & other risk factors & psychiatric symptoms & chronic medical illnesses, adults (mean age 50 yrs) in refugee camp, Croatia, 30573
eating & weight-related cognitions, 12–17 yr olds with chronic illness with vs without special dietary recommendations, 24722
effect of exercise training on quality of life, patients (mean age 65.6 yrs) with chronic heart failure, 2430
epidemiology of chronic daily headache, Ss from the general population, 18248
experience as prisoner of war as a risk factor for chronic disease & later disability, male veterans (mean age 73.7 yrs), 11283
expression of family humor & relationship to family coping as indicator of family social health, 25–54 yr olds with diabetes mellitus vs rheumatoid arthritis vs multiple sclerosis & family members, 28008
general vs health-related quality of life vs valuation of life as important concepts in estimating worth of one's life, elderly in poor health, 30259
health & mental health & perceived quality & valuation of life, years of desired life, 70+ yr olds, 33701
health promotion intervention, 65+ yr olds discharged from hospital to home care for chronic medical conditions, 22 wk & 1 yr followup, 18876
health status & socio-demographic measures as risk factors, traffic accident &/vs chronic disease risk perception, 15 yr olds & older, 20909
helping theories & Christian beliefs & spirituality & healing & rehabilitation, persons with disabilities or chronic illness, 2664
home visit program, teaching special needs of children with chronic disease or disability, 5th yr medical students, 38680
illness demands & social support & depression, females (aged 19–87 yrs) with chronic illness, 31055
impact of health condition on school life, 11–16 yr olds with chronic illness or physical disability in mainstream school, 29026
institutionalized care in orphanages, educational status & psychological well-being & distress & stress-related chronic physical symptoms, 45–68 yr olds raised in orphanages, 12477
metabolic syndrome levels, caregivers with vs without coronary heart disease who cared for spouses with Alzheimers disease, 15–18-mo follow-up, 1999
perceived role restriction & depressive symptoms, mothers of 5–8 yr olds with chronic health conditions & functional limitations, 37758
prevalence of chronic conditions & functional activity limitation & utilization of health-related support services for activities of daily living, female 55–85+ yr old Canadians, 23818
prevalence of disability from chronic conditions due to injury, 18–69 yr olds, US, 1994, 20986
prevalence of mental health risk & psychological adjustment, families coping with childhood chronic illness, 24689
provisional framework of the transition process from hospital to home- & community- based care, technology-dependent children, 1 yr study, 35165
psychiatric comorbidity, patients with migraines with vs without history of chronic substance use, 34561
psychosocial rehabilitation in community support systems & outcomes & policy recommendations, persons with severe & chronic mental illness, 19030
recognition and treatment of pain medication-induced rebound daily headaches, adults, 34574
role of response stability in measurement of coping, test–retest reliability/inconsistency & measurement artifact, over 70 yr olds & chronically ill patients, 16353
selected bibliography on chronic medical conditions & educational or behavioral issues, 27457
self-mediated recording & intervention with family monitoring for treatment of generalized anxiety about health, 8 yr old boy with leukemia & other chronic physical illnesses, 25015
senior center self management & disability prevention program, health & physical activity & functioning & healthcare & psychoactive drug usage, chronically ill frail 70 yr olds & older, 1 yr study, 2512
severity of illness & SES & family relations & social support & child's emotional characteristics & parent's health & psychological distress, impact of asthma on family, 6–17 yr olds with asthma, 8497
social support & personal coping resources, depressive symptoms, 55–85 yr olds with diabetes mellitus vs lung vs cardiac disease vs arthritis vs cancer vs without disease, 1408
social support network size & functional social support & loneliness, 55–85 yr olds with chronic physical diseases, 21484
stability of preferences for use of life-sustaining treatment in conditions of severe chronic illness, 70–90+ yr olds, Israel, 35079
stress & coping & academic & psychosocial adjustment, children with a chronic disease, 34539
structures and processes of transformational experiences, individuals with Type I diabetes (24–81 yrs old), 38423
struggle with child's chronic illness & sources of strength & social & professional support resources, family of 17 yr old boy with Sturge-Weber syndrome, 28212
use of electronic bulletin boards in development & reinforcement of skills in problem solving & prevention of crises at home, family caregivers of patients with cancer & other chronic disorders, 25271
vocational rehabilitation, later sick leave, employed & unemployed long-term sick leave clients, 22283

Chronic Illness [See Also Chronic Alcoholic Intoxication, Chronic Fatigue Syndrome, Chronic Mental Illness, Chronic Pain]—Books

Psychosocial aspects of chronic illness and disability among African Americans, 4857

Chronic Illness [See Also Chronic Alcoholic Intoxication, Chronic Fatigue Syndrome, Chronic Mental Illness, Chronic Pain]—Chapters

Asian Pacific Islander health, 2454
Chronic illnesses in childhood, 11827
Chronic medical illness, 12014
Depression as a pivitor component in secondary aging: Opportunities for research, treatment, and prevention, 1968
Health and disease in midlife, 8033
Health Promotion, 12378
In support of rational suicide: A social work viewpoint, 11580
Neuropsychological findings in chronic medical illness, 24736
The separation–individuation process in adolescents with chronic physical illness, 37786
Variations in families' explanations of childhood chronic conditions: A cross-cultural perspective, 31098

Chronic Mental Illness [See Also Chronic Psychosis]—Serials

acute & chronic PTSD, victims of serious motor vehicle accidents, 12 mo study, 17954
Brief Psychiatric Rating Scale vs Brief Symptom Inventory, 24–76 yr olds with chronic mental illnesses, 84
demographic & clinical predictors of management problems, supported housing residents with severe & persistent mental illness, 18964
development & implementation & evaluation of smoking cessation group, inpatients with chronic mental illness (mean age 33 yrs), 25538
evaluation of prognosis & potential risk factors for chronicity of PTSD & clinical application of PTSD Prognostic Checklist, adults with PTSD, 14623
experiences with a program to assist in community reintegration after lengthy psychiatric admissions, clients with schizophrenia & inpatient & public health nurses, 14 mo study, 5872
factors influencing placement recommendations, hospitalized patients (mean age 36 yrs) with chronic mental illness, 19019

fresh-start vs stressful life experiences & coping & attachment styles & other psychosocial factors, remission after befriending, adult inner-city females with chronic depression, 1 yr followup, 15081
history of childhood conduct disorder & substance abuse & other premorbid risk factors for violence, adult patients with chronic mental illness, 14448
hospital outcome measures for 1 yr before vs 1 yr after assertive community treatment (ACT) program registration, 18–65 yr olds with persistent & severe mental illness, 22193
intimate relationships & sexual decision-making, 23–54 yr olds receiving treatment for severe & persistent mental illness, recommendations for HIV risk assessment & prevention , 17762
long-term time-limited group therapy, symptomatology & self-esteem scores, 24–60 yr old females sexually abused as children & severely & persistently mentally ill, 50 wk study, 31556
loss & reconstruction of self, patients with chronic mental illness, implications for nursing, 2558
patterns of health care utilization, 21–65 yr olds with vs without severe and persistent mental illness, 18899
persistent or recurrent major depressive disorder, HIV positive vs negative IV drug users with vs without history of major depressive disorder, 11292
problems & limits of deinstitutionalization & needs of chronically & severely mentally ill persons in the community, 5873
psychopharmacologic treatment termination, clinical & psychosocial outcomes, outpatients with early onset chronic depression, 1 yr followup, 28390
reciprocity between severely & persistently mentally ill & their families, 8055
role in addressing issues of family planning & parenting, mental health clinicians of women aged 20–84 yrs with severe & persistent mental illness, 32143
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, comment, 28395
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, reply, 28446
stability of neurological soft signs in relation to psychopathology & drug therapy with typical vs atypical neuroleptics, chronically hospitalized Ss with schizophrenia or schizoaffective psychosis, 11441
strategies for preventing loss of control & maintaining mental health, patients with chronic mental illness, implications for nursing, 2546
therapy group on spiritual issues, 22–60 yr old patients with chronic mental illness, 31734

Chronic Mental Illness [See Also Chronic Psychosis]—Books

Speculative innovations for helping people with serious mental illness, 35203

Chronic Mental Illness [See Also Chronic Psychosis]—Chapters

Are consumers going to the dogs (and cats and birds)?, 34758
Assessing psychosis in acute and chronic mentally ill older adults, 32672
Counselling for patients with severe mental health problems in the general practice setting, 22157
How do you provide treatment if different people need different things at different times?, 34763
Individual quality of life and assessment by carers or 'proxy' respondents, 28899
The sword of reform has two sharp edges: Normalcy, normalization, and the destruction of the social group, 35207
What does "community" mean for persons with mental illness?, 35206
When I'm gone: Mourning the dearly departed . . . slightly before departure, 34086

Chronic Pain—Serials

accuracy of remembered pain & perceptions of current pain & pain relief, 16–45 yr olds with chronic myalgia of jaw muscles, 5207
age & sex & educational level & civil & employment & disability pension status, effect of multidisciplinary pain treatment, chronic non-malignant pain patients, 3 & 6 mo followups, 2120
alexithymia, 15 yr old female with agenesis of corpus callosum & chronic pain, 37833
analysis of narratives of chronic pain in later life & conventions of storytelling, adults' stories of pain experiences, 14078
attitudes toward treatment of women with chronic pelvic pain, gynecologists & general practitioners, 5714
biopsychosocial pain model & psychosocial predictors of disability & pain progression to chronicity & treatment response & compensation issues, patients with low back pain, 14899
characteristics of chronic pain & depression & physical symptoms & activity level, Holocaust survivors (mean age 67.9 yrs) , 14632
chronic pain, processing & recall of self- vs other-referenced pain-related information, 10.5–16 yr olds with vs without juvenile arthritis, 31059
clinical guidelines for non-cancer chronic pain management in older persons, commentary reply, 12276
clinical guidelines for non-cancer chronic pain management in older persons, commentary, 12284
clinical utility of DSM-IV pain disorder, 18–65 yr old chronic pain patients with vs without depression vs hypochondriasis vs other comorbid psychiatric disorder, 37214
cognitive & neuropsychological functioning, patients with migraine headache vs nonheadache chronic pain vs mild traumatic brain injury, 18242
cognitive-behavioral perspective on role of fear & avoidance & information processing bias & anxiety sensitivity in chronicity, patients with musculoskeletal pain, 11774
coping skills, pain chronicity, patients over 55 yrs old with chronic pain, 5217
cultural & psychosocial factors, chronic pain following whiplash, adult victims of rear-end automobile collision, 1 yr study, Lithuania, 16244
cutaneous sensibility at symptomatic vs asymptomatic site, 18–70 yr old burn patients with vs without chronic pain & paresthesia problems , 1942
detection & assessment & treatment of chronic pain, elderly patients, 8505
development & outcome of participation in self-help support group, 36–69 yr olds with chronic nonmalignant pain, 5 mo study, 25296
development of chronic daily headache, headache practice patients, 5243
development of clinical notions about pathological signs & expressed symptoms & perceived disability & subtext of patient's moral character, intractable chronic low back pain patients, 14911
development of structured pain interview & comparison with 0–10 scale, prevalence of chronic pain, nurses & nursing home residents, 1 mo followup, 22911
diagnosis & management of chronic low back pain & aspects of doctor-patient interaction that reinforce illness behavior, general practitioners, 18250
diagnostic nerve block vs placebo, hypesthesia & pain, 21–77 yr old chronic pain patients with vs without neuropathy, 5783
diffuse noxious inhibitory controls, modulation of nociception, rats with acute vs chronic monoarthritis in ankle, 16907
drug use toxicology, accuracy of toxicology & validity of self-reported drug use during psychiatric exam, chronic pain patients (mean age 45.46 yrs) , 35937
dynamically modulated & spatially organized relationship between hypoesthesia & hyperesthesia, chronic pain patients, 21477
early sensitization to tonic heat, 17–77 yr old chronic pain patients with musculoskeletal/back pain or headache, 21469
economic vs social rewards, domestic & work disability & inactivity & medical visits, patients with chronic nonmalignant back pain, 31042
efficacy & side effects & other aspects of clinical experience with oral ketamine, 29–81 yr olds with chronic neuropathic pain, retrospective study, 25306
evaluation of practice of pain treatment by means of A. Donabedian's structure-process-outcome framework, adult cancer patients with chronic pain, prospective study, 25305
experiences of pain & self-care & medical treatment & meaning of diagnostic tests, 26–65 yr old chronic back pain patients, 21485
exploration of experiences of abuse in primary care & way it was described & hinted at, female 21–61 yr olds with biomedically undefined long-term musculoskeletal pain, 2 yr followup, 28599
factor analysis of Beck Depression Inventory, 20–64 yr olds with chronic back pain with vs without depression, 24730
factor analysis of Coping Strategies Questionnaire—Revised, coping with chronic pain, patients with low back pain & mixed pain etiology, 24719
fluoxetine vs desipramine, headache improvement & relation of pain control to changes in depression, 19–59 yr olds with chronic tension type headache, 5784
frequency & intensity of anger directed toward various potential targets & relation between anger intensity & chronic pain experience, chronic pain patients (mean age 44.32 yrs) , 31072
Goal Attainment Scaling, multidimensional treatment planning & outcome measurement for cancer & pediatric & work related nonmalignant & geriatric pain, 12428
influential factors in care seeking & medication, adults with chronic pain, 33002
issues in opioid treatment for chronic intractable pain, 40 yr old female, 35063
kappa vs mu vs delta opioid receptor agonists, spinal outflow of calcitonin gene related peptide like material, male rats with induced polyarthritis, model of chronic inflammatory pain, 4100
knowledge & attitudes about use of opioids in chronic & nonchronic cancer pain patients & resistance to stocking & dispensing opioids & availability of opioids for chronic pain, community pharmacists, 25576
learned helplessness & internal locus of control, depression & well being & psychosocial adjustment & overt pain coping behavior, disabled adults with fibromyalgia & chronic pain, 24712
lived experiences, 28–80 yr old patients with chronic back pain, 21494
long term patterns of morphine use & dosage & pain intensity, 36–80 yr old palliative care unit patients with chronic cancer pain, 28615
magnetic fields & electrical potentials evoked by medial or posterior tibial nerve stimulation on injured vs unaffected side, 35–70 yr old chronic unilateral neuropathic pain sufferers, 34682
medically oriented vs self-reliant attitude profiles & emotionality level, clinical status, patients with chronic pain, 1963
methods of measurement & definitions used, reported prevalence of chronic benign pain, 18–75 yr olds, 1965
models & measurements of depression in chronic pain patients, 37236
morphine, pain-related disability in adjuvant-induced arthritis model of severe chronic pain, male rats, 26805
neurocognitive performance & emotional status, chronic pain patients ages 22–67 yrs, 28029
neurosurgical & psychotherapeutic & behaviorist intervention methods for preventing suicide, 42 & 47 yr old females with chronic pain, 2121
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31083
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31080
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31068
opinions about knowledge & management & documentation of patients with chronic pain, 25–62 yr old female district nurses, 9140
pain beliefs & patient functioning & behavior, 23–65 yr old chronic pain patients in multidisciplinary treatment & their spouses, 6 mo followup, implications for cognitive–behavioral model of pain, 22018
patient status at follow-up & secondary financial gain, global impressions of improvement vs validated indices of treatment outcome, 18–75 yr old patients with chronic nonmalignant pain , 18825
patient stop signals, pain & distress & state anxiety, 26–78 yr old chronic pain patients undergoing diagnostic nerve block/local anesthetic injection, 37774
perceptions of diagnosis & treatment & management & psychosocial characteristics of women with chronic pelvic pain, general practitioners, 28883
personality dimensions & adjustment to chronic pain, 21448
presence of psychiatric illness & family situation, methadone or oxycodone efficacy & side effects & patient quality of life, 23–59 yr old severe refractory chronic daily headache patients, 28612
prognostic demographic & socioeconomic data & physical & psychological measures & treatment-related changes, return to work, chronic back pain patients 6 mo after multimodal treatment program, 28262
psychometrics of Pain Cognitions Questionnaire & underlying assumptions of cognitive behavioral therapies, severely impaired chronic pain patients, 1 mo followup, 9900
recommendations for clinicians & researchers in use of psychosocial & behavioral assessment of chronic pain, 22
rehabilitation treatment stages & assessment of physical deconditioning & psychological & economic & social barriers to recovery, patients with chronic low back pain, 15609
relationship among history of physical & sexual abuse & alcoholism & drug addiction, 20–60 yr olds with chronic facial or myofascial pain or fibromyalgia, 14901
relationship between blood pressure & chronic pain, chronic low back pain patients, 14893
relationship between daily pain & negative mood & perceived social support, reflex sympathetic dystrophy syndrome sufferers (mean age 39.8 yrs), 34545
reliability & validity of Dutch version of Multidimensional Pain Inventory, adults (mean age 42.5 yrs) with chronic pain, 6659

reliability of Counterdependency Scale, assessment of counterdependent traits, patients with chronic pain, 21460
role of nerve growth factor in central plasticity linked to chronic pain, rats, animal model of arthritis, 26546
self efficacy, physical & psychosocial components of pain & disability & depression, patients with chronic pain, 21447
sensory & motor abnormalities & CNS pathology, complex regional pain syndrome patients with vs without trigeminal hypoesthesia, 5246
sensory stimulation as strategy for pain management, individuals with chronic pain, 1954
sex, clinical pain ratings, chronic back pain & facial pain & mixed pain patients & surgery candidates, 8513
social stress & personality traits, stress reactions & chronic pain coping behavior, 42–75 yr old females with osteoarthritis vs 50–78 yr old females reporting fibromyalgia syndrome, 24732
social/contextual or environmental factors in assessing chronic pain & disability status, conference paper, 5210
standard pharmacologic treatment of neuropathic pain & use of gabapentin in treatment of postherpetic neuralgia & diabetic peripheral neuropathy, 38406
strategies & flexibility in coping with pain, perceptions of control over pain, adults with chronic pain conditions, 5215
theory of sympathetic efferent activity & chronic pain, 18269
therapeutic value of lidocaine/bupivicaine local anesthetic block of sympathetic ganglia, 21–55 yr olds with complex regional pain syndrome, 5765
use of MMPI & clinical staff ratings to identify psychological contributions to somatic complaints, rehabilitation outpatients with chronic pain (mean age 39.5 yrs), 3323
validity of Chronic Pain Coping Inventory, patients, 19620
variables predicting dropout from outpatient clinical treatment of chronic low-back pain, 11980
year & month & hours of sunshine & age & gender, depression, chronic pain patients, 5-yr study, 37311

Chronic Pain—Books

The changing nature of pain complaints over the lifespan, 31088

Chronic Pain—Chapters

Anxiety sensitivity and chronic pain: Empirical findings, clinical implications, and future directions, 11485
Cancer pain, 14979
Central mechanisms of pain and analgesia, 17139
Changing people from tender-minded to tough-minded: A PATHWAY for dealing with chronic pain, 5485
Chronic and recurrent pain in children, 8539
Chronic pain and consciousness: A constructivist perspective, 14932
Chronic pain on trial: The influence of litigation and compensation on chronic pain syndromes, 8533
Chronic pelvic pain, 8544
Chronic posttraumatic headache, 8528
Clinical experience of the synthetic cannabinoid nabilone for chronic pain, 18296
Clinical outcome and economic evaluation of multidisciplinary pain centers, 8541
Complex regional pain syndromes: An interdisciplinary perspective, 8548
Coping with pain, 14930
Family therapy for adults with chronic pain, 14945
Fibromyalgia: Search for mechanisms and effective treatments, 14953
Geriatric benign chronic pain: An overview, 8546
HIV, AIDS, and pain, 14975
Interdisciplinary treatment of chronic pain patients, 15112
Irritable bowel syndrome, 14929
Models of pain, 8545
Motivation and adherence in the management of chronic pain, 8535
Pain management in primary care: An individualized stepped-care approach, 14960
Personality, individual differences, and psychopathology in chronic pain, 14963
Pharmacological treatment in chronic pain, 8540
Pharmacology of chronic pain, 17129
Presurgical psychological screening in chronic pain syndromes: Psychosocial risk factors for poor surgical results, 15394
Prevention with special reference to chronic musculoskeletal disorders, 14948
Psychological factors influencing treatment of temporomandibular disorders, 8538
Psychosocial predictors of chronic pain and response to treatment, 14941
The role of emotion in pain, 14955
Soothing and chronic pain, 21497
Surgery for chronic spine pain: Procedures for patient selection and outcome enhancement, 8524
Temporomandibular disorders: A problem in dental health, 14938
A vulnerability-diathesis-stress model of chronic pain: Herpes Zoster and the development of postherpetic neuralgia, 14937

Chronic Psychosis—Serials

DRD4 gene polymorphisms & drug responses, patients with chronic psychosis who responded well to typical neuroleptics vs clozapine, 12156

Chronic Schizophrenia [See Schizophrenia]

Chronicity (Disorders)—Serials

age & duration of past depression & hippocampal volume, 23–86 females with recurrent major depression, 24224
alcohol drinking & growth hormone & slow wave sleep, humans, implications for alcoholism treatments, 30021
autoimmune disease & chronic stress in shift of corticotropin- releasing factor to vasopressin ratio, autoimmune male mouse brains, 16887
child attachment security & parenting stress, parents of 6–32 mo olds with recurrent otitis media, 6 mo study, 37948
chronic disability associated with use of wheelchair but with no organic disorder to account for disability & illness beliefs, 36–55 yr old wheelchair patients & their carers, 31046
chronic hypoxia, psychomotor skills, experienced male climbers (age 24–37 yrs), 36199
clinical & neuroradiologic features & medical comorbidity & cerebrovascular disorders & other risk factors associated with chronicity, 57–75 yr old outpatients with late-life depression, 37319
cognitive factors related to onset & maintenance of PTSD, adult sexual or physical assault victims with recovered vs persistent vs no PTSD, 30773
coping skills, pain chronicity, patients over 55 yrs old with chronic pain, 5217
experience of illness & construction of self, patients with chronic illness, 21453
family experiences with chronic childhood illness & religious faith & families' spiritual & secular responses to illness, 21–51 yr old Mexican-American parents of children with chronic illness, 17774
frequency of episodic vs chronic course, obsessive-compulsive disorder patients with 10 yr illness history, 8196
personality changes, patients with chronic temporal lobe epilepsy, 34608
perspectives on treatment history, 14–65 yr old patients with chronic eating disorders, 1900
self-hypnosis, female 43 yr old with chronic idiopathic vaginal & anal itch, 22035
skin pain sensitivity & psychoemotional stress, male 18–49 yr olds with vs without chronic neurasthenia, 30771
symptomatology & comorbidity & persistence & predictors of outcome, 4–5.5 yr old males with oppositional defiant disorder, 2 yr study, 27822
T-cell counts & CD4/CD8 ratio, patients with chronic vs first episode schizophrenia, 30751
toileting habits, symptomatic vs asymptomatic 6–15 yr old siblings vs nonsiblings with chronic encopresis, 28006
type & seriousness of health/mental health conditions reported in response to question about chronic illness, males vs females in late 30s & 50s, 14407

Chronicity (Disorders)—Books

Solution-oriented therapy for chronic and severe mental illness, 8086

Chronicity (Disorders)—Chapters

Chronic back pain: Conservative approaches, 8532
Psychodynamic group psychotherapy with chronically mentally ill women, 15227
Psychological interventions for children with chronic physical illness and their families: Toward integration of research and practice, 37247
Psychotherapy training for nurses as part of a group psychotherapy project: The pivotal role of countertransference, 15770
Supervision of group psychotherapy with chronic psychotic patients, 15769
Where there's a will... Cognitive therapy for people with chronic depressive disorders, 14524

Churches [See Religious Buildings]

Cichlids—Serials

fighting behavior & vigilance & predation risk, South American cichlid fish, 3683
parasite loads, height skew of sand bowers, spawning vs nonspawning male cichlids, 3771

Cigarette Smoking [See Tobacco Smoking]

Cimetidine—Serials

acute cimetidine challenge, neuropsychological & cognitive effects, healthy 65–77 yr olds, 17080

Circadian Rhythms (Animal) [See Animal Circadian Rhythms]

Circadian Rhythms (Human) [See Human Biological Rhythms]

Circulation (Blood) [See Blood Circulation]

Circulatory Disorders [See Cardiovascular Disorders]

Circumcision [See Surgery]

Cirrhosis (Liver)—Serials

alcoholism, cytokine production pattern by peripheral blood T-cells, chronic alcoholics (mean age 38 yrs) with vs without liver cirrhosis vs without liver disease (mean age 42 yrs), 34364
clinical features & course & prognostic factors, survivors vs nonsurvivors with severe alcoholic liver injuries, 21308
marriage & divorce & birth & death & suicide rates, death rate from liver cirrhosis, US vs Hungary, 5223
personality disorder as contraindication for liver transplantation, adults with alcoholic-related liver disease, 6 mo study, 8521
psychiatric outcome assessment of quality of life & alcohol consumption & psychosocial readjustment & mental health, alcoholic vs other liver disease transplant recipients, 18820
PTSD, patients with liver cirrhosis who survived variceal hemorrhage, 24338

Citalopram—Serials

acute vs chronic administration of citalopram, plasma oxytocin & cholecystokinin & gastrin & somatostatin & insulin, male rats, implications for clinical profile of SSRI antidepressants, 13825
citalopram administered during luteal phase vs entire menstrual cycle, premenstrual dysphoria, adult females, 2407
citalopram vs fluvoxamine, motor & vocal tic symptomatology, 6–14 yr olds with Tourette's disorder, 15277
citalopram, depression, 44–79 yr olds with idiopathic Parkinson's disease, 2406
citalopram, interindividual differences in cardiac conduction & repolarization, healthy males & 18–92 yr olds with major depression &/or Alzheimer's disease, 38298
citalopram, voluntary ethanol intake, male rats with induced ethanol dependency, 677
efficacy of fluoxetine vs citalopram, short-term & long-term treatment, 18–65 yr old panic disorder patients with vs without agoraphobia, 34958
GABA-B mechanism involvement in baclofen or imipramine or desipramine or citalopram induced antinociception, male mice, 17093
involvement of 5-HT-2C receptors in discriminative stimulus effects of citalopram, male rats, 17068
light therapy with vs without citalopram treatment, 35–60 yr old females with seasonal affective disorder, 1 yr study, 31385
PCP or citalopram, extracellular 5-HT vs 5-HIAA vs GABA levels, rats, 708
PET-assessed uptake & distribution of selective serotonin reuptake inhibitor NS2381 & displacement by citalopram in vivo, pigs vs rats, 26852
pharmacodynamics & neurochemical changes & behavioral actions of citalopram in treatment of depression, 38295
repeated nicotine treatment &/vs citalopram, locomotor activity & behavioral inhibition, rats, 13796
review of pharmacodynamic & pharmacokinetic profiles of SSRIs citalopram vs fluoxetine vs paroxetine vs sertraline in treatment of affective disorders, 2322
safety & tolerability of citalopram in treatment of depression, 38330
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, 25162
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, comment, 34979
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, reply, 35030
use of 5-HT reuptake inhibitors including citalopram in treatment of obsessive-compulsive disorder, 31682

Cities [See Urban Environments]

Citizenship—Serials

functional differentiation & migration & risks of exclusion in nation-state segmentation of political system, evolution of citizenship, 7711
history & current status of social psychology of citizen participation, Venezuela, 7722
hypotheses on role of organizational citizenship behavior in employee turnover, supervisor–subordinate dyads, 9603
organizational citizenship behavior & impression management, 12859
participation in service learning, perceptions of academic & personal & civic development, college students in service learning courses, 22449
relating citizenship to & rights of disabled people for inclusion & membership in society based on citizenship rights, Malaysia, 24088
stories as narrative maps of HIV community & identity & selfhood & citizenship, adults with HIV, 11841

Citizenship—Chapters

Adolescents and the "social contract": Developmental roots of citizenship in seven countries, 7567
A new kind of performance for industrial and organizational psychology: Recent contributions to the study of organizational citizenship behavior, 16152

Civil Law—Serials

civil liability, police personnel engaging in sexual violence, 26064

court approach to refusal to treat HIV-infected patients vs refusal to treat for other legitimate reasons & legal & ethical mandates, medical professionals, 25687
development & progress of awards for emotional distress since Fair Housing Act of 1968, plaintiffs, 26046
hindsight bias & judgments of liability for punitive damages, jurors, 35815
litigant status & higher authority mandates & dispute context, federal district court fair housing decision making, 9739
marriage & family law in rapidly changing society, Vietnam, 32530
origin & evolution of right to refuse treatment doctrine & competency to be executed & therapeutic jurisprudence, death row inmates, 26044
patient progress following Thomas S. lawsuit, patients with intellectual disability inappropriately placed in state psychiatric hospitals, 32522
plaintiff's comparative negligence, decision to award damages in mock medical malpractice case, jurors, 35818
stress of civil litigation, mental health & psychotherapeutic processes, psychotherapy patients, 25016

Civil Law—Chapters

Assessing and aiding civil jury competence, 9745
Civil competency, 9746
An examination of California's civil commitment laws and national future trends, 32531
Issues in civil sexual misconduct litigation, 26049

Civil Rights [See Also Client Rights, Equal Education]—Serials

analysis of psychological examinations & opposing expert testimony & effect of psychological parent theory in contested parental rights termination case, 19527
approach to social justice & civil rights in community service care policies, persons with disabilities, 13003
attitudes toward particular acts of political expression & tolerance of right of ethnic 'Hungarians in Romania' vs 'people in Romania' to engage in those same acts, Romanian adults , 1159
conflicts in construction of gay/lesbian identity & related legislative & civil rights issues, 22788
constitutional & judicial & legislative developments, implementation of gender equality & women's rights in Southern African countries, 39076
court admission & omission of hypnotically refreshed witness testimony, Constitutional rights, defendants, 19512
exclusion from voting & need for legislative reform, individuals with mental disorders, 3237
female employment & political participation & economic status & reproductive rights & cause specific death rates & days of activity limitation & male & female mortality, 18+ yr olds, US, 14403
history of & reasons for recent legislation for special psychiatric commitment of sex offenders & legal grounds for attack, 3245
issues in protecting the rights & welfare of human research subjects, 36077
litigant status & higher authority mandates & dispute context, federal district court fair housing decision making, 9739
origin & evolution of right to refuse treatment doctrine & competency to be executed & therapeutic jurisprudence, death row inmates, 26044
perspectives on history of civil rights & disability rights & self-determination for people with developmental disabilities & autism, 39081
psychological underpinnings of democratic governance & democratic values & support for civil liberties & political tolerance & participation, 14185
refusal to consent to Caesarean section in case of Re MB, 23 yr old woman with needle phobia, implications for right to refuse to consent to medical treatment , 3233
relating citizenship to & rights of disabled people for inclusion & membership in society based on citizenship rights, Malaysia, 24088
responses & feelings & stigmatized role to social justice involvement with wearing pink triangle pin in support of gay rights in teaching social issues in university setting, college students, 20792
Supreme Court interpretation & opinion regarding due process & involuntary commitment for mental illness in O'Connor v. Donaldson case, 19521
susceptibility to prisoner claims of Eighth Amendment mental suffering & cruel/unusual punishment, boot camp prison & shock incarceration programs , 22787
US educational & civil rights laws applicable to interdisciplinary treatment approaches & special education, students with ADHD, implications for school counseling practice, 19368
use of state emancipation laws to gain independence in mid-teens, children born into cults or brought into them at young age, 26045
validity of US Supreme Court denial of full rights to children based on inability to make critical decisions in informed & mature manner, pregnant adolescents , 26047

Civil Rights [See Also Client Rights, Equal Education]—Chapters

The challenge of cyberspace: Internet access and persons with disabilities, 4859
Electronic performance monitoring: A consideration of rights, 6352
The sword of reform has two sharp edges: Normalcy, normalization, and the destruction of the social group, 35207

Civil Rights Movement—Serials

gendered experiences, recruitment to & participation in civil rights movement, Black vs White females, 7712
oppositional discourses of the civil rights and women's movements, articulations of gender & race, Black women's autobiographies, 11058
rhetoric of critical race theory as response to civil rights abuses, 3232

Civil Rights Movement—Chapters

"I've got to try to make a difference": A White woman in the civil rights movement, 33829

Civil Servants [See Government Personnel]

Class Attitudes [See Socioeconomic Class Attitudes]

Classical Conditioning [See Also Conditioned Emotional Responses, Conditioned Responses, Eyelid Conditioning, Higher Order Conditioning, Unconditioned Responses]—Serials

192 IgG-saporin lesions of cholinergic input to hippocampus, blocking of conditioning to additional CS in Pavlovian appetitive conditioning paradigm, male rats, 36400
7-OH-DPAT into central nucleus vs basolateral nuclei of amygdala, Pavlovian vs instrumental conditioned approach responses, male rats, 7209
ABA & AAB renewal to UCS signal value & responding in extinction in different contexts during appetitive conditioning preparation, rats , 13399
age, hippocampal processing of fear conditioning & spatial memory of radial maze, male rats, 6974
appetitive reinforcement overexpectation in Pavlovian & instrumental conditioning, rats, 3664
blocked & overshadowed conditioned stimuli as blockers & 2nd-order reinforcers in Pavlovian fear conditioning, rats, 6976
bupivacaine in nucleus accumbens, acquisition & expression of contextual fear conditioning, male rats, 36564
classical conditioning of aversive emotional reactions, brain activity in cortical & subcortical regions, 18–45 yr olds with social phobia, 17948
classical conditioning, respiratory pumping vs swimming vs inking defensive responses, Aplysia, 13410
classical eyeblink conditioning, obsessive-compulsive disorder-like college students, implications for associative learning & interpretation of obsessive-compulsive disorder, 11478
cognitive- & conditioning-activated endogenous CNS opioid systems in placebo analgesia, adults, 10389
conditionability of cocaine-induced oscillation, male rats, 33435
conditioned olfactory associative learning, Caenorhabditis elegans Irn-1 & Irn-2 mutants, 16885
conditioning-induced changes in cellular responses in mechanosensory conditioned stimulus pathway & motoneuron plasticity, Lymnaea stagnalis, 10457
conjunctive representation vs saliency enhancement view of contextual fear conditioning after hippocampal damage, rats, 36456
development of excitatory & inhibitory response potentials as function of low vs moderate vs high number of trials in backward conditioning tasks, rats, 19933
dose-dependent effects of intramygdaloid infusions of dopaminergic selective agonist vs antagonist on acquisition & expression of Pavlovian fear conditioning, female rats, 30005
electrolytic lesions of caudal granular/dysgranular insular cortex &/vs posterior intralaminar nuclei of thalamus, relay of shock information to amygdala & subsequent fear conditioning, male rats, 10453
excitotoxic lesions of nucleus accumbens shell vs core, aversive Pavlovian conditioning to discrete & contextual cues, male rats, 26629
factors for renewed research interest in human classical eyeblink conditioning, 10009
flavor acceptance & preference conditioning by postingestive actions of glucose, food restricted rats, 3667
flavor conditioning effects of intragastric infusions of maltose vs sucrose, female rats, 3642
generalization of contextual fear conditioning, male C57BL/6N vs C57BL/6J vs Balb/c mice, 351
hippocampal ibotenic acid lesions, contextual learning & fear conditioning, inbred DBA/2 vs C57BL/6 mice, 343
hippocampal lesions, acquisition of & strategies used to learn serial feature negative vs positive conditional vs nonconditional discriminations & activity levels & behavior, male rats, 20105
important behaviors associated with relapse & magnitude of responding for cocaine &/or conditioned stimulus, male rats chronically self-administering cocaine followed by extinction, 33433
inhibition of mesoamygdala dopaminergic pathway with D1 or D2 antagonists vs agonists, Pavlovian conditioned fear, male rats , 36593
intra-amygdala R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated Pavlovian conditioned locomotor responses, male rats, 7208
lesions of nucleus accumbens shell vs core, amphetamine-potentiated Pavlovian conditioned reinforcement & locomotion, rats , 16936
lidocaine vs oxotremorine in basolateral amygdala complex of nuclei, memory for classical fear conditioning, male rats, 26860
medial prefrontal lesions, appetitive Pavlovian conditioned jaw movements & heart rate, rabbits, 16768
midazolam, acquisition vs expression of Pavlovian-conditioned fear, male rats, 10271
midline thalamic nucleus lesioning, classical eyeblink & heart rate conditioning, rabbits, 7029
model of classically conditioned regulation of baroreflex, rats, 36309
neural mechanisms underlying operant & classical conditioning of antennal movements, honeybees, 10426
neural network model of timing in Pavlovian conditioning & occasion setting , 16749
neurophysiological substrates of context conditioning & learning & memory, Hermissenda, 33256
new applications for classical eyeblink conditioning paradigm in study of learning & memory , 10219
nitrous oxide, nictitating membrane response conditioning at different interstimulus intervals, rabbits, implications for effect on memory, 10581
NMDA receptor blockage in barrel cortex, classical conditioning-induced changes of cortical body map, adult mice, 23313
norepinephrine & associative conditioning, reaction to facial vibrissa stimulation & aversive shock & isoproterenol & somatosensory system, neonatal rats, 20115
novel sound & appearance of predator, development of call recognition, golden-mantled ground squirrels, 36315
olfactory classical conditioning, sexual behavior, male rats, 6989
oral/sweetness vs postingestive/nutrients reinforcement, conditioned appetitive & consummatory responses to flavors, weanling rats, 4060
overshadowing CS–UCS interval, cue competition effects in conditioned lick suppression, rats, test of comparator & temporal-coding hypotheses, 6959
overshadowing protocol, anticipatory & posttreatment nausea & heart rate, 20–60+ yr old cancer patients in chemotherapy, 5779
overtraining, impact of neurotoxic basolateral amygdala lesions, on Pavlovian fear conditions, male rats, 36435
paired parallel fiber stimulation & intracellular depolarizing current, effect of calphostin C & EGTA on Purkinje cell excitatory post synaptic potentials, rabbits, 3841
promotion vs prevention of awareness of stimulus contingencies during trace vs delay differential eyeblink classical conditioning, 48–81 yr olds, 10184
real-time model of temporal encoding of fear conditioning in lateral amygdala & perirhinal cortex, rats, 19507
repeated dextro-amphetamine, sensitization of mesoaccumbens dopamine projection & enhanced appetitive conditioning, male rats, 4166
repeated restraint stress & subsequent CA3 dendritic hippocampal atrophy, fear conditioning, male rats, 36406
reserpine depletion of biogenic amines, effect of dopamine vs octopamine vs 5-HT on reward reinforcement vs sensitizing vs response-releasing function, honeybees, 30032
respondent conditioning using sexually explicit vs neutral stimuli, sexual arousal, implications for behavior therapy strategies, 18–20 yr old males, 15200
role of amygdalar NMDA receptors in new fear learning, previously fear-conditioned rats, 345
role of conditioning & reinforcement activation of pathway from inferior olive climbing fiber projection system to cerebellar interpositus nuclei in learning, animals, 526
ryanodine receptor modulation of calcium, classical conditioning & associative memory storage, molluscs, 23293
salience of color vs figure elements in paired associate learning in classical conditioning, college students, 3589
savings after extinction of reacquisition vs cross-modal acquisition vs naive acquisition of nictitating membrane response, rabbits, 16766
scopolamine methylbromide vs hydrobromide, conditioned trace jaw movement responses & hippocampal activity, rabbits, 13813
selective ibotenate lesions of hippocampus vs hippocampal ablation, sensitivity to effects of unsignaled UCS on CS–UCS training, male rats, 16895

serial feature-positive discrimination training within conditioned lick suppression preparation, latent inhibition & learned irrelevance of occasion setting, rats, 19950
sound–shock associations & sound habituation before vs after telencephalic lesions, exploratory behavior, male feral pigeons, 20098
spatial & temporal cues, response to lever vs food in conditioning, rats, 3669
spontaneous & auditory evoked activity & reciprocal changes in firing probability of lateral & basolateral & central medial amygdala neurons, cats, implications for auditory fear conditioing, errata, 20082
spontaneous & auditory evoked activity & reciprocal changes in firing probability of lateral & basolateral & central medial amygdala neurons, adult cats, implications for auditory fear conditioning, 10402
sucrose-induced central excitatory state & pseudoconditioning vs acquisition & extinction of excitatory conditioning of proboscis extension response, 7 vs 28 vs 49 day old Drosophila melanogaster, 33061
sulpiride in hypothalamus after conditioning sessions, associative learning & conditioned responses, male rats, 7239
summation of stimulus-outcome associations with different outcomes of same affective value in Pavlovian conditioning, male rats, 13419
symmetry of associative changes in stimulus compounds & elements in Pavlovian-conditioned magazine approach, male rats, 10283
timing in eyeblink classical conditioning & timed interval tapping, college students, implications for role of cerebellum, 10007
tone CS & airpuff UCS classical delay eyeblink conditioning, 4–5 mo olds, 10777
trace conditioning of odor aversion, functional interaction between entorhinal cortex & basolateral amygdala, rats, 10410
trial & intertrial durations, magazine approach behavior & conditioned responses, rats, 33064
trial-spacing effect in Pavlovian fear conditioning measured by defensive freezing, female rats, test of contextual-mediation vs event-processing theories & perceptual–defensive–recuperative model, 10262
unsignaled vs signaled vs no reinforcement delay in 3-component multiple schedule, resistance to change in test of Pavlovian stimulus–reinforcer contingencies, pigeons, 26476
use of odor discrimination as conditioned stimulus in classical conditioning to hypoxia, male rats, 6973
V. P. Protopopov's perspective on habit formation & its relation to Pavlovian theory of higher nervous activity, dogs, 36317
validity of facial EMGs, prediction of subliminal conditioning, adult males, 23271
ventral subiculum lesions, Pavlovian fear conditioning, male rats, 16927
white noise UCS & emotional salience of cue, classical conditioning & emotional modulation of attention & spatial orienting & skin conductance & EP & RT, 19–26 yr olds, 23162

Classical Conditioning [See Also Conditioned Emotional Responses, Conditioned Responses, Eyelid Conditioning, Higher Order Conditioning, Unconditioned Responses]—Chapters

Startle modification during orienting and Pavlovian conditioning, 23444

Classification (Cognitive Process)—Serials

ability to form categorical representations to monosyllabic & bisyllabic stimuli, 3–4 mo olds, 13936
age, fragmented object identification & category exemplar generation & explicit memory & attention & verbal fluency, 21–91 yr olds, 19820
aging, amplitude & latency & scalp distribution of N400 congruity effect during semantic categorization task, 20–80 yr olds, 4523
application of extended generalized context model for categorization of partial objects during time pressure, Os, 26399
artificial-grammar & prototype learning as measures of intact nondeclarative cognitive skills, 55–79 yr old Parkinson's disease patients, 18409
attention to object structure in manipulation & categorization tasks, 14 vs 18 vs 22 mo olds, 883
attentive texture features across sets of natural textures in photographs, college students , 10032
automatic & conscious processes for control of pre-encoded material in category production tasks, individuals with schizophrenia, 17897
averaging across observers using generalized context models vs decision bound models of categorization, 13138
background knowledge during category acquisition, category typicality & feature frequency judgments, college students, 36241
cascade-correlation generative connectionist network model for development of children's seriation, 32497
categorization learning from novel computer-generated stimuli, horses, 29686
categorization of action words used to describe robbery & individual differences in event duration estimates, college students, implications for eyewitness testimony , 19842
categorization of prototypical vs non-prototypical items, ERPs &RT, adults (aged 19–38 yrs) vs 6 yr olds, 16579
categorization of triads of concepts that share both emotional & nonemotional relations, college students induced to feel happy vs sad emotional states, 19889
category & angle of orientation of object & function of task, misorientation on identification of natural objects & artifacts, 18–36 yr olds, 23086
category & motives in simulation & gaming, 3547
category learning & perceptual categorization of discrete vs graded categories as indication of functioning of basic processes of abstraction, 27–67 yr olds with schizophrenia, 30726
category learning, patients with Alzheimer's disease, 31260
category-specific naming impairment for tools, 27 yr old male with hemorrhage in left temporal lobe, 2013
causal status hypothesis & natural vs artifactual category feature interaction effect, feature centrality in relational structure, college students, 6832
cerebral activation & processing of stimuli of animate vs inanimate semantic categories in visual vs verbal modality, 24–32 yr olds, 13578
changes in event-related potentials during picture classification task, 7 yr olds, 3960
class-consistent differential reinforcement in matching-to-sample training, stimulus class formation, pigeons, 26486
cognitive load, social categorization in category confusion paradigm, 18–35 yr olds, 26410
color cues in images of food vs animals, accuracy of visual categorization & RT, male rhesus monkeys vs humans, 342
competitive & 2-dimensional neural network classification of killer whale vocalizations, 6811
conceptual categorization development assessed by object-examination task, 7–11 mo olds, 877
conceptual differences in 3 theoretical treatises in analysis of stimulus equivalence, 13021
context of multifaceted stimuli & accentuation & sensitization effects in categorization, college students, 36215
continua produced by computational morphing of face-action images, categorical perceptions of face actions that carry language significance, 19–55 yr old college students who use sign language, 13866
cross-classification & script categories organization in complex real-world domain of food, college students, 19828
definition of units for counting, 4 vs 5 vs 7 yr olds, 7436
degree of visual similarity & semantic relatedness, picture & word categorization, Os, 32919
development & validation of fuzzy set-based measures of gradedness of product attributes in product categorization, college students, 13146
development of categorization ability, 4 vs 7 vs 10 mo olds, 17294
development of visuospatial & classification ability & mental representations of between spatial relationship, 6–7 mo-olds, 36760
differences in language & ontological knowledge, physical & spatial & temporal distinctions, English & Spanish speaking adults & children, 36676
discrimination of song notes based on C. B. Sturdy et al's classification methodology vs based on random assortment of same notes, zebra finches, 19956
display luminance & polarity & exposure duration, lateralization of categorical & coordinate spatial judgments & processing, Ss, 16609
distinction between remembering & knowing & effects of exact & category repetition in recognition memory, college students, 32956
domain differences in absolute judgment of category membership vs typicality gradients of animals vs artifacts, college students, 29546
ERP of object categorization processes at superordinate vs basic vs subordinate levels, adults, 23410
ERPs to orthographic & phonological & semantic tasks, dyslexic children with auditory processing impairment (aged 7–12 yrs), 18154
event related potentials during on-line semantic & syntactic processing of open- & closed-vocabulary-class words, 39–74 yr olds with Broca's aphasia with agrammatic comprehension, 31328
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary reply, 10206
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary, 10211
exposure to transformations & principled change in concept formation, transformational knowledge & categorization of novel objects, college students , 32931
false memory paradigm, categorical vs associative arrangement & representation in semantic lexicon, college students, 29538
features vs histories, categorization of artifacts & people & natural-kind terms, adults, 247
folk biology vs scientific biology & convergences & divergences & folk-biological cognitive taxonomies of American students vs Maya Indians, comments & reply included , 3257
formation of stimulus classes on basis of same response in conditional concurrent discriminations during overtraining, rats, 13412
framework for modeling memory colors & categorization & representation, memory prototype for object color & similarity judgments of apparent colors, 20–30 yr olds , 36187
functional categorization of object to their pictures, baboons, erratum, 13390
functional categorization of object to their pictures, baboons, 3645
functionality of tools vs birds & semantically different exemplars as predictors of identifiability, 71 yr old male with stroke & category-specific recognition deficits, 28143
gamma range EEG activity & event-related potentials during visual classification task, 20–35 yr olds, 23385
gender identification training, identification of cat gender from color photographs of cat faces vs heads vs bodies vs whole cats, undergraduates & animal care workers, 32774
generalized imitation approach to inductive inference in associative learning & conceptualization of domain neutral or specific properties of animals & vehicles & household items, 14 mo olds , 878
global dominance outside focus of attention, 19885
global semantic context, semantic classification RT & auditory EP indication of expectancy, 7–10 yr olds with vs without autism, 27916
grammatically gendered & count-mass marking linguistic syntax, language & thought coding, Spanish vs English speakers , 30091
hierarchical stimuli, modulation of brain activities & ERPs, healthy male 20–24 yr olds, 20176
holistic vs analytic haptic learning of categories by size & shape & surface texture & weight attributes, 3–9 vs 18–40 yr olds, 36764
identical face stimuli, categorization &/vs visual processing, college students, 13172
instance-based model of age of acquisition in face categorization RT, female college students, commentary reply, 36746
instance-based model of age of acquisition in face categorization RT, female college students, commentary, 36752
instance-based model of age of acquisition in face categorization RT, female college students, 23705
interaural time differences, perceptual grouping & selective attention, 21–52 yr olds, 19882
interpretation of semantic category-specific deficits & organization of conceptual knowledge in brain, 2014
interrater & internal consistency reliability & concurrent & discriminative validity of Toglia Category Assessment, 18–86 yr olds with brain injury vs schizophrenia, 17764
knowledge based on grammatical rules vs associative chunk strength, classification in artificial grammar learning, college students, commentary, 10195
knowledge impairment of visual & non-visual attributes, 22 yr old female brain-damaged patient with semantic impairment for living entities, 2083
knowledge level about dinosaurs & development, subordinate category extension & differentiation & revision, 5–9 vs 17–73 yr olds, 7406
language-inherent classification & mental representations of classifiers in cognition & memory & evaluations, English vs Chinese speaking adults, 6878
learning to use categories after learning to classify, category representation & classification knowledge, college students, 16663
levels-of-processing & list organization, conceptual priming & implicit memory during category exemplar production test, college students, 32923
lexically based sources of information, phonetic categorization, 48–84 yr old patients with aphasia, 18350
linguistic &/vs perceptual speech dimensions, classification reaction time, adults, 20412
lorazepam vs flumazenil vs scopolamine, implicit vs explicit memory & conceptual priming, healthy 18–49 yr olds, 7166
memory in word-associate production vs category-exemplar priming tasks, patients (mean age 76.7 yrs) with Alzheimer's disease, 34684

methods for classifying song notes into types & describing harmonic structure of song notes & determining order of notes in song motifs, discrimination of zebra finches' notes, human Os, 20035
models of category learning, college students, 293
negativity bias in evaluative categorization, college students, 229
neural network algorithm of category learning through visual & auditory speech sensing, 6457
neural network modeling of developmental effects in discrimination shifts, 9721
neuropsychological evidence for dissociation in explicit categorization, male 60 yr old with naming difficulties, 24843
nodal distance in 5-member equivalence classes, response times & accuracy & latencies during testing for emergent relations, college students , 13265
objects learned at general vs specific level of categorization, visual encoding & perceived changes in objects, university students, 22993
optimal decision bounds for categorization of multidimensional stimuli, pigeons, 6967
organization of behaviors by Big Five personality traits in person memory, college students, 29629
organizational vs distinctive processing/encoding during cued recall & category production, college students, 26402
parametric manipulation of interstimulus shape-space proximity, 3-dimensional object categorization, Os, 16481
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, commentary, 20507
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, commentary reply , 20512
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, 20506
person-specific knowledge & knowledge of biological categories, 68-yr-old male patient with damage in right temporal region, 15016
phonological properties of English male vs female names, gender predictability & human & inanimate object name usage, 3.3–5.6 yr old children & adults, implications of connectionist model, 29542
predictive validity of Halstead Category Test as cognitive-ability correlate of motor-function recovery in upper-limb hemiplegia, 27–82 yr old stroke survivors, 29355
presentation duration & binary categorization of artificial multidimensional objects, college students, 32916
presentation of names of typical vs atypical category instances to left vs right visual field, strategies of semantic categorization in cerebral hemispheres, college students, 16591
prime duration & semantic-nonassociative vs semantic-associative word pairs, semantic memory facilitation onset & amount & categorization accuracy, humans, 29553
prior knowledge & acquisition of category structure in unsupervised learning conditions, college students, 32913
processing of relevant vs irrelevant stimulus features in semantic category word naming version of Simon paradigm, university processing, implications for study of automatic semantic processing, 3538
prosodic parameters, categorization of meaning of ambiguous sentences, college students, 23631
prototype vs category priming, speed of categorization processes, college students, 36227
rapid visual presentation of primed words in speeded category membership decision task, explicit memory contamination, normal right-handed Ss ages 18–29, 16630
referential communication in category acquisition during classification & building task, dyads, 235
rehearsal & relearning & subsequent forgetting of semantic category exemplars, 63 yr old male patient with semantic dementia, 15 mo study, 24804
relation of living & non-living category-specific deficits to visual-perceptual or associative knowledge impairment, patient with dementia of Alzheimer's type & patient with semantic dementia, 2077
rhyme vs orthogonal vs diagonal training conditions to name pictorial stimuli, functionality of verbal behavior in equivalence class formation, 18–40 yr olds , 19860
role of motion in categorization of animal & non-animal kinds, 4 & 7 yr olds vs adults, 23708
roles of perceptual & categorical similarity in color pop-out, adults (mean age 28.3 yrs) & 3 mo olds, 32807
RT-assessed categorization of chromatic vs achromatic complex natural images as rapid-process model of magnocellular visual pathways, monkeys & humans, 29780
rule-plus exception model for classifying objects in continuous-dimension spaces, undergraduate Os, 238
salience of attribute, attentional persistence vs contrast as competing attentional mechanisms in category learning, college students, 304
segmentation based on linear vs local rotational motion, motion grouping in visual search for target, college students, 6791
selective semantic deficit for living things & role of conceptual structures, 37 yr old male with brain damage, 2062
selective sparing of body parts category in context of impairment for all other semantic categories, 55 yr old female with neurological damage, 2085
self-categorization & identity construction associated with managing diversity, library employees, 12838
self-organizing neural architecture combining perceptual & recognition models to categorize & classify textured scenes, 19502
semantic category interference effects, kinematics of reach-to-grasp movement, undergraduates, 23072
semantic–autobiographical memory interactions, semantic representations of animals, 75-yr-old female with category-specific semantic dementia, 28174
sensitivity to perceptual cues to lexical & grammatical words, 1–3 day old newborns, 36765
shape identification & memory for objects with differing vs similar dimensions, 71 yr old male with category-specific visual agnosia, 28144
similarities in artifact categorization as object recognition vs naming, speakers of English vs Chinese vs Spanish, 10119
similarity judgements & style categorization of classic & romantic piano exemplars, novice listeners, 6871
single vs repeated in-group majority vs minority message & intergroup vs intragroup context, immediate & delayed influence & conversion to minority, 19–53 yr old moderate vs extreme feminist females, 27320
spontaneous classification of objects in action & formal features of manipulating objects, bonobos vs chimpanzees, 29701
stereotype consistency & comparative & normative fit, social categorization in memory & social category attribution, 19–50 yr olds, 27315
stimulus similarity & practice, speeded classification & RTs, adults, 10125
strategic brand evaluations & choice among fast-food franchises, adults, test of Brisoux-Laroche brand categorization paradigm & Bliemel price-quality evaluation model, 32423
striatal activation during learning of probabilistic classification skill, 19–43 yr olds, 33240
structural vs semantic knowledge for visual classification & recognition of biological objects, 75-yr-old male with category-specific visual agnosia, 28175
subcategorization of physical stimuli & category differentiation & decategorization processes, female college students, replication & extension, 26387
subordinate-level object classification in neural-net &/vs other models, 32900
successive-reversal training, functional class establishment in sequential responding task, female chimpanzee, 26490
superordinate & basic-level categorization & identification of specific instances of familiar categories in approach to study of visual representation, comments & reply included, 3461
tactual equivalence class formation in conditional discrimination & tactual-to-visual cross-modal transfer, 28–67 yr old deaf-blind vs hearing-sighted blindfolded adults, 13264
task difficulty & task rule familiarity, classification performance & strategy & retrieval from memory, college students, 26384
taxonomic assumption & shape similarity, word learning & lexical decisions on noun category bias task, 18–24 mo olds, 17279
taxonomic vs functional information before vs after premise statement, facilitation of category-based coordinate inferences, 5.3–6.5 yr olds vs college students, 4435
test of computational model accounting for category specific deficits in naming of items in Alzheimer's disease, 26033
texture & shape perception, categorization of complex visual stimulus classes, pigeons, 13385
threshold model of factors affecting salience of social categorizations & relation to accessibility & fit, 15–31 yr olds, 11148
understanding of dichotomy between natural vs artificial, 3.9–5.0 yr olds vs 18–27 yr olds, 17217
unequal base rates & payoffs, optimality in categorization performance in decision task, adults, 234
unidimensional vs diagonal boundaries, decision rules in unsupervised vs supervised categorization, college students, 32896
use & scope of count nouns or adjectives as novel words in fostering formation of object categories, 12–14 mo olds, 23732
use of category exemplars in judgment of social category attitudes, adults, 14278
use of cognitive load paradigm to investigate adequacy of popular resource-based vs fit-based explanations of stereotyping, high school & college students, 26403
variability discrimination in successive same-different visual task, pigeons, 33089
visual system in combination of signals for trichromatic opponent color classification, college students, 32797

Classification (Cognitive Process)—Books

Conceptual coordination: How the mind orders experience in time, 32933

Classification (Cognitive Process)—Chapters

Adjustment of adult–child instruction according to child's age and task, 7482
Concepts and categorization, 264
Diagnostic recognition: Task constraints, object information, and their interactions, 16534
The emergence of the semantics of argument structure constructions, 13880
Exploring automatic stereotype activation: A challenge to the inevitability of prejudice, 11175
Grouping mechanisms in music, 206
The internalization of perceptual processing constraints, 146
Joining groups to reduce uncertainty: Subjective uncertainty reduction and group identification, 11139
Kinship and mathematical categories, 26424
Names of things and stuff: An Aristotelian perspective, 26429
The nature of human concepts: Evidence from an unusual source, 26427
On the status of the count–mass distinction in a mental grammar, 303
Perceiving and responding to multiple categorizable individuals: Cognitive processes and affective intergroup bias, 11102
Representing logic, 10166
Social categorization and social context: Is stereotype change a matter of information or of meaning?, 11177
Social identity, social cognition, and the self: The flexibility and stability of self-categorization, 11092
Some consequences of a belief in group essence: The category divide hypothesis, 27311
Some recent research and its link with a new theory of groupings and conservations based on commutability, 4457

Classification Systems [See Taxonomies]

Classmates—Serials

explicit & implicit memory for faces of preschool classmates after a 3-yr interval, 8–9 yr olds, 7410
sudden death of classmate & friend & perception of school support, 8th grade students, 1 mo & 9 mo followup, 20560

Classroom Behavior—Serials

accuracy of academic responding & aggression, 10 & 11 yr old boys with mild mental retardation, 25813
behaviors & interactions & learning in cooperative groups during social studies activity, 1st & 3rd graders, 9516
child & classroom characteristics, complex interactions with objects vs peers vs teachers, 39–70 mo old preschool children, 22535
child-centered play therapy intervention, classroom learning behavior & self efficacy beliefs, 5–9 yr olds, 12743
classroom context & preventative intervention, course & malleability of aggressive behavior, 1st graders, 6 yr followup, erratum, 15975
classroom furniture design, on-task behavior & sitting positions, 9–10 yr olds, 19464
cognitive–behavioral group counseling, self-esteem & self-control & classroom behavior, elementary school children with disruptive behavior, 28329
computer-based business & consumer projects, motivation & behavior & academic achievement, at risk secondary students, 25721
correlation of School Performance Rating Scale & ADD-H Comprehensive Teachers' Rating Scale, estimations of academic behavior after treatment, elementary school students with ADHD, 32307
effects of neighborhood & school violence & crime on attendance & school behavior & grades, 6th–12th graders, 25698
functional analysis & treatment of self-injurious behavior in classroom, 10-yr-old with severe/profound mental disability, implications for training teachers, 29039
high-probability instruction sequences with fading by teacher, compliance during transitions, 7–8 yr old students, 2- & 3-wk followups, 38858
individual differences & the development of perceived control & academic achievement & classroom engagement, 8–13 yr olds & their teachers, 3-yr study, commentary, 7890
individual differences & the development of perceived control & academic achievement & classroom engagement, 8–13 yr olds & their teachers, 3-yr study, 7939

interpersonal relations & differences between school classes & aspects of psychosocial adjustment at school, 4–5 yr olds, 15987
motives for communication with instructors, college students, 22538
peer network vs teacher vs outgroup mandated behavior contingencies, classroom engagement & motivation, 5th graders, 15985
perceived reasons for classroom help-avoidance & help-seeking behaviors in math class, 10–12 yr olds, 9509
perceptions of classroom instruction & learning environment, resilient vs nonresilient disadvantaged predominantly Hispanic 4th & 5th graders, 15983
perceptions of creativity level of classroom climate, students & teachers , 9515
prevalence & nature of bullying in classroom interactions, 6–12 yr olds, 9502
ratings of withdrawn & sociable behaviors, elementary school teachers of 5–8 & 10–13 yr old students with vs without language impairment, 22552
recess, class working & fidgeting & listlessness, 4th graders, 9520
relation of family cohesion & parental leadership & strong family subsystems to teachers' perceptions of children's classroom behavior, 2-parent families & their 1st grade children & their teachers, 32288
sex, performance of hands-on activities & science attitudes over the school year, 5–8th graders in performance-based science classrooms, 2950
teachers' instructional strategies & self-report of involvement in mathematics, 5th–6th grade students in high vs low involvement classrooms, 9531
teasers & teased students & teacher recognition, 6–13 yr olds, Finland, 2933

Classroom Behavior—Chapters

Children and adolescents with oppositional defiant disorder and conduct disorder in the community: Experiences at school and with peers, 24496

Classroom Behavior Modification—Serials

classroom preventive intervention, long-term antisocial behavior, kindergarteners with conduct problems, 35544
common classroom contingencies and/vs methylphenidate, disruptive & off-task behaviors, male 7–8 yr olds with ADHD, 15321
cooperative games program, 2nd grade class with cooperation problems, 12740
prevention program with classroom management & social skills & peer tutoring, classroom behavior & social competence, at-risk & emotional & behavioral disordered urban elementary students, 35548
responses to classroom misbehavior & confidence, concerns about misbehavior & use of support & management strategies & information needs, K–Yr 2 teachers, 25710
school-based cognitive behavior modification, hyperactivity–impulsivity & aggression, 5–18 yr old students, 29033
task difficulty & adult attention & treatment, off-task behavior, 1st & 3rd graders with behavior problems, application of functional analysis involving antecedent events, 25814
use & single-case design elements of brief experimental analysis, identification of effective school-based behavioral intervention, 3–4 yr olds with noncompliant behavior, 25734

Classroom Behavior Modification—Books

Effective school interventions: Strategies for enhancing academic achievement and social competence, 12675

Classroom Behavior Modification—Chapters

Structuring and management strategies for children and youths with autism, 16023
Teaching students with autism, 16024

Classroom Discipline—Serials

class size, time devoted to instruction vs administrative tasks & discipline, high school students & their teachers, 35490
collaborative development of student codes of conduct, parents & principals, 35534
conduct problems in classroom & effects on teacher managerial skills & interventions across home & school settings, 15881
guide for use of time-out in preschool & elementary classrooms, 12713
perceptions of classroom management & strategies, junior high school teachers, 6231
review of discipline referrals in school records, prediction of & screening for violent behavior & chronic discipline problems & high school failure, 6th graders, 6-yr study, 25801
school discipline & racial inequality & government proposals to reduce exclusion from school, teachers & students from West Midlands case study primary & secondary schools, 19336

Classroom Environment—Serials

academic achievement values using peer nomination procedures, Black 6th–8th graders, 9476
accounts of social & cultural & political aspects of teaching & work in assessing students' mathematical capabilities in the classroom, teachers, 28986
behaviors & interactions & learning in cooperative groups during social studies activity, 1st & 3rd graders, 9516
beliefs about goals for history education & perceptions of students & roles as teachers & classroom patterns, academic historians, 25712
big-fish-little-pond effect, academic self-concept & test anxiety & school grades & reference group, gifted 9–12 yr olds in gifted vs regular mixed-ability classes, 38916
child & classroom characteristics, complex interactions with objects vs peers vs teachers, 39–70 mo old preschool children, 22535
class size variation, teaching method alterations, middle & high school teachers, 35475
class size, time devoted to instruction vs administrative tasks & discipline, high school students & their teachers, 35490
classroom characteristics, intrinsic motivation for participation in literacy tasks, 3rd & 5th graders, 9526
classroom context & preventative intervention, course & malleability of aggressive behavior, 1st graders, 6 yr followup, erratum, 15975
Classroom Crisis Intervention to help students cope with traumatic events, 9562
classroom discourse & interaction in science education based on teaching goals, urban 6th graders, 19269
classroom environment, perceptions of science education project, 14–15 yr old secondary students vs science teachers, 6248
classroom furniture design, on-task behavior & sitting positions, 9–10 yr olds, 19464
classroom practices & student rudimentary vs no prior knowledge of fractions, student achievement in domain of fraction learning, elementary school students, 22519
classroom-based practices supporting mathematical development, 3rd graders, 22422
cooperative games program, 2nd grade class with cooperation problems, 12740
critique of methodological aspects & results of research on culture of mathematics classroom, teachers & students, Comment, 28907
development & validity of questionnaire to assess cultural learning environment in relation to science attitudes & teacher–student interactions, secondary science students, 32284
developmental & cultural analysis on children's attributions & affects & willingness to help in achievement contexts, Anglo vs Chinese American 3rd–4th vs 6th–8th graders, 9503
educators tips for effective classroom environment, 22390
environmental arrangements vs child specific vs peer mediated vs comprehensive intervention strategies, promotion of peer-related social competence, preschool age children with disabilities, 29030
evaluations of classroom friend vs classroom best friend relationship quality, 2nd & 3rd & 5th & 6th graders, 38875
interaction with peers & caregivers & environment in preschool setting, 3–5 yr olds with developmental delays, 38892
interpersonal relations & differences between school classes & aspects of psychosocial adjustment at school, 4–5 yr olds, 15987
linguistic tools of social & math attitudes toward classroom culture & mathematics discussion, 17-yr-old male students, 28979
multidimensional framework for analysis of negotiations of meaning in physics classroom interactions, students & teacher, 22513
ontological & constructivist perspective of classroom discourse & cultural production, elementary school children, 15982
perceptions of classroom instruction & learning environment, resilient vs nonresilient disadvantaged predominantly Hispanic 4th & 5th graders, 15983
perceptions of classroom management & strategies, junior high school teachers, 6231
perceptions of creativity level of classroom climate, students & teachers , 9515
perceptions of culture & construction of mathematics curriculum & classroom & learning, teacher & 13 yr old students, 3 yr study, 28927
perceptions of factors that contribute to successful classroom environment, education majors vs experienced teachers, 22536
perceptions of instructor verbal & nonverbal immediacy, undergraduate students enrolled in conventional vs distributed learning classrooms, 2943
perceptions of school belonging & classroom & social goals, changes in achievement goal orientations after transition middle school, 5th graders followed to 6th grade, 9466
personal & contextual achievement goals & help seeking during problem solving, 4th–5th graders, 9525
politicians' statements & research findings on class size reduction & student learning, 9535
practices & experiences of teaching large classes in physical education, female elementary school physical education teachers, 15843
pulse rate & BP & cardiovascular reactivity in natural school setting, 7–10 yr olds, 26932
reflexive processes in rich mathematics learning environment, grade 9 students, 22511
relationship of expectations for teacher nonverbal immediacy & enrollment in distance learning course, 18–66 yr old community college students in telecourse vs on-site class, 22545
self-regulated learning during classroom writing & portfolio activities, 2nd & 3rd graders, 9488
severity of disability & classroom composition, peer acceptance, students with disabilities, 19346
sex, classroom friendship choices, African- & European-American elementary school students, 3 yr study, 15965
sex, faculty-student interactions & perceptions of classroom environment & interaction patterns, male vs female college students & instructors, 12703
sharing of resources among universities in several places & Internet with use of videoconferencing in introductory cognitive science laboratory, class effectiveness & interactivity, college students, 25729
solution-oriented classroom management plan, classroom environment & communication, 1st graders, 35489
special classroom & educational accommodations & modifications, college students with dyslexia, 2967
strategies & resources for & importance of incorporating & attempts to infuse diversity in classrooms, members of American Psychological Association's Division 2, 22463
student vs classroom level opportunity to learn, science achievement, 8th graders, 2924
studies of classroom vs nontraditional setting of 18 educational interventions, improvement in proenvironmental behavior, 39045
teacher demographic & classroom structural characteristics, kindergarten teachers, implications for facilitating children's transition to kindergarten, 9392
teachers' instructional strategies & self-report of involvement in mathematics, 5th–6th grade students in high vs low involvement classrooms, 9531
teacher–student interaction in integrated classroom, African American vs Caucasian American 7th graders & their teacher , 9510
theoretical framework for assessment of classroom environment, motivation & self efficacy & academic achievement & mental efforts, 3rd graders, 36035
training session activities, metacognitive awareness, 5th graders in homogenous vs mixed intellectual ability classes, 32315
type of teacher & instructional behavior & grouping structures, academic responding, elementary students with severe disabilities, 9557
use of computers & computer technology in undergraduate classroom, 19241
views of lay inspection by Office for Standards in Education in England, inspectors & educational personnel, 19216

Classroom Environment—Books

The culture of the mathematics classroom, 6254
Mathematics classrooms that promote understanding, 22473

Classroom Environment—Chapters

About the notion of culture in mathematics education, 6107
Activating the zone of proximal development in school: Obstacles and solutions, 9537
American Sign Language and reading ability in deaf children, 34725
Assessment in classrooms that promote understanding, 22526
Building on children's intuitions to develop mathematical understanding of space, 22525
Characteristics of elementary school classrooms where children with moderate and severe disabilities are included: A compilation of findings, 2982
The child's construction of knowledge, 36726
Classroom choices from a cognitive perspective on peer learning, 19278
A constructivist perspective on the culture of the mathematics classroom, 6257
Contingent literacy: The social construction of writing for nonnative English–speaking college freshmen, 25805
The culture of the mathematics classroom: Negotiating the mathematical meaning of empirical phenomena, 6259

Equity as a value-added dimension in teaching for understanding in school mathematics, 22499
Evolution of classroom culture in mathematics, teacher education, and reflection on action., 6255
A fish called peer learning: Searching for common themes, 19279
Joint activity in mathematics classrooms: A Vygotskian analysis., 6256
Learning communities in classrooms: A reconceptualization of educational practice, 22546
Mathematical understanding in classroom interaction: The interrelation of social and epistemological constraints, 6113
The power of classroom hegemony: An examination of the impact of formal and postformal teacher thinking in an inner-city latina/o school, 35498
Problems of transfer of classroom mathematical knowledge to practical situations, 6224
Recognizing and valuing difference: Process considerations, 19343
Relating ethnic and racial identity development to teaching, 22416
Reorganizing the motivational sphere of classroom culture: An activity-theoretical analysis of planning in a teacher team., 6183
Systematically using powerful learning environments to accelerate the learning of disadvantaged students in grades 4–8, 22493

Classroom Instruction [See Teaching]

Classroom Teachers [See Teachers]

Classrooms—Serials

classroom vs home video wellness intervention, 50–87 yr old primary care patients, 12373
experiences of school as meeting ground & conflicts between groups, 25 yr old recounting early days as quiet student Sweden , 2819

Claustrophobia—Serials

fear of confinement & fear of suffocation as separate components in claustrophobia, adults, 8179
hypnosis with sedation & diaphragmatic respiration, ability to complete MRI procedure, highly claustrophobic 45 yr old male army veteran with history of panic disorder & somatic complaints, 16180

Cleft Palate—Serials

feeding & attachment interaction, infants with vs without orofacial clefts, 9 mo followup, 8495
mismatch negativity in deficit of auditory sensory memory, school-age children with cleft palate or CATCH syndrome, 4840

Clergy [See Also Chaplains, Ministers (Religion), Priests]—Serials

characteristics & impact of practitioner sexual misconduct & experience with subsequent professional help, 30–85 yr old female victims of health care & clergy professionals, 18001
collaboration activities & shared values & beliefs, clergy & psychologists, 9300
collaboration in context of mental health services & parish life & community concerns & academics, psychologists & clergy, 38652
collaborative relationship with clergy to address therapy clients' spiritual beliefs & religious orientations, US Air Force psychologist, 37993
involvement of Black clergy in the delivery of health & human services to their communities , 18895
legal differentiation of secular vs religious aspects of work & findings on breach of fiduciary duty in sexual misconduct, clergy counselors, 19516
prevalence of adaptive &/vs maladaptive narcissism, university faculty vs clergy vs politicians vs librarians, 1323
psychiatric evaluation of sexual offenses & rehabilitation potential & brief psychotherapy, psychological health & outcome, Christian & Jewish clergymen, 1–6 yr followup, 28293
psychotherapist–clergy collaboration in treatment of clients with psychological trauma & spiritual & religious issues, 18526
Rorschach test scores, detection of minimization of psychopathology, 20–78 yr old male cleric vs noncleric alleged sex offenders, 6638

Clergy [See Also Chaplains, Ministers (Religion), Priests]—Chapters

Mental health professionals working with religious leaders, 1094
Neuropsychological findings in clergy who sexually abuse, 37537
The role of nonparish clergy in the mental health system, 1093

Clerical Personnel—Serials

stressful incidents at work, clerical workers vs university professors vs sales associates, 12848

Clerical Secretarial Skills—Books

Management and administration skills for the mental health professional, 38702

Client Attitudes [See Also Client Satisfaction]—Serials

ability to answer questions regarding quality of life, nursing home residents with cognitive impairment, 38555
acceptability of computerized self-report of alcohol habits, outpatients (mean age 42 yrs), 32027
acceptance of gender of therapists, patients with sexual problems, 31432
acute stress response patterns to accidental injury, 15–69 yr olds assessed before & during & after the accident, implications for treatment of trauma victims, 1953
anxiety about examination by intraoral camera vs traditional colposcopy in sexual abuse evaluation, 3–18 yr olds, 28675
aspects of general practitioners' behavior that determine patients' evaluations of care, 18–88 yr old patients, Netherlands , 2473
assessments of affective experience during psychotherapy session & treatment effectiveness, clients, 21694
attitudes & knowledge & experience of electroconvulsive shock therapy, 15–18 yr old patients with psychiatric disorders, 21989
attitudes toward & experiences with ECT, patients with major depressive or bipolar affective or schizoaffective disorder, 5686
attitudes toward & influences on decision to take hormone replacement therapy, 20–69 yr old females, implications for physicians, 31787
attitudes toward & issues & problems regarding use of electronic monitoring, criminal offenders, England & Wales, 13011
attitudes toward medical student participation in their health care, family medicine patients, 25273
attitudes toward obesity & perceptions of care, male vs female nurses & obese vs nonobese patients, 5164
Awareness of Being a Patient Scale development & psychometric properties, 18–67 yr old schizophrenia patients, 35941
beliefs about arthritis & unconventional therapy, focus group patients (mean age 55.9 yrs) with rheumatoid arthritis, 5713
beliefs about responsibility & control & threat estimation & tolerance of uncertainty & concern about anxiety & capacity to cope, patients with obsessive compulsive vs other anxiety disorders, 8203
cancer support groups, client outcomes & perceptions of group processes, group members, 35066
client attitudes toward treatment utilization & quality of care in managed care vs fee for service, 22–80 yr olds with multiple sclerosis treated by physician specialists vs neurologists, 38436
client perception of recommendation fit & difficulty of implementation & therapist influence, implementation of therapist recommendations, clients & therapists, 25009
client rights & attitudes & advance directives for mental health services & care provider compliance, commentary, 35817
client rights & attitudes & advance directives for mental health services & care provider compliance, commentary, 35813
client rights & attitudes & advance directives for mental health services & care provider compliance, 29260
client's position & other therapeutic aspects of psychological treatment of schizophrenia & other psychoses, therapist & patient, transcript, 18522
client/family attitudes toward debriefing by therapist vs separate debriefer, 34881
clients' & therapists' attitudes toward experienced emotional trauma & collusive resistance, 18–42 yr old female rape survivors, 31430
cognitive & experiential group therapy, self efficacy & perceptions of employability, women with chemical dependence (mean age 32.7 yrs), 21798
compliance behaviors & general improvement perceptions & reactance in psychotherapy relationship, 21–60 yr old clients & their therapists, 31461
conjoint analysis of structure & pattern of patient–consumer preference for treatment attributes, medical decision making, parents of 4–15 yr olds needing growth augmentation therapy, 5774
construct validity of self- & community-orientations of consumer empowerment as assessed with the Empowerment Scale subscales, mental health service consumers with Axis I disorders, 29363
construction & reliability & validity of Illness Attitude Scales & subtests for diagnosis of angina, adults with chest pain with vs without panic disorder & anxiety, 16339
coping strategies, perceived handicap from dizziness & anxiety, 30–84 yr olds with Meniere's disease, 11793
cross cultural differences & commonalities in priorities with respect to general practice care, adult patients, European countries, 18916
development of & evaluation process for Psychiatric Discomfort Scale, self-report measure of discomfort with psychiatric symptoms, psychiatric inpatients, 6603
discontinuity patterns in ratings of pros & cons & confidence, 16–79 yr old daily smokers at precontemplation vs contemplation vs preparation stage of behavior change, 25279
discrepancies between practice & preferences for use of life-sustaining treatments, 25–65 yr old physicians vs 70 yr old & older patients, 38396
disease recurrence & family history of cancer & physical disability & attitudes of medical skepticism toward physicians, psychological distress, cancer survivors aged over 50 yrs, 31164
doctor- vs patient-centered interviewing style, preference for physician communication style & behaviors, Hong Kong, 31807
dysfunctional attitudes & personality, patients with depression, 27609
educational videotape on health care proxies as an advance directive, completion or intention to complete health care proxy, hospitalized medical patients, 15406
emotions & psychiatric signs & attitudes & satisfaction with decision regarding choice of abortion or relinquishment of custody of child, hospitalized female 19–61 yr olds, 27557
evaluations of hospitalization following treatment after discharge, psychiatric patients (mean age 36.9 yrs), 35277
expectations & perceptions of specialist palliative care services, 37–83 yr old patients with advanced cancer & their relatives, 18920
experience of & feelings about experience of psychiatric hospitalization & caregivers & interventions employed in treatment, 10.11–24 yr old former patients, 22239
experience of predictive tests for Alzheimers Disease & genetic counseling process & life planning & psychological issues, individual at risk for Alzheimers Disease, 12369
experience with & attitudes toward naltrexone or disulfiram as pharmacotherapy for alcoholism, 24–67 yr old alcoholic patients in treatment, 9252
experiences of therapeutic factors in educational group therapy, 19–74 yr old male batterers, 25091
faith & despair & will & acceptance in analytic process, patients, 15255
feasibility & patient acceptance & anxiety level & number or referrals generated by genetic history taking & preconceptual counseling in primary care setting, 20–34 yr olds & general practitioners, 18886
framework for medical reassurance & patients' responses, 2468
functional performance & the challenge of preserving personal integrity, 50–76 yr olds with chronic obstructive pulmonary disease, 11799
importance of specific aspects of service provision, adults with mild or moderate learning disabilities or mental retardation, implications for health care quality & quality of life, 18922
influence of patient preferences & local health system characteristics on home vs hospital place of death , 1014
intensive group-oriented evening treatment, psychological mindedness & psychodynamic work & outcomes, patients with paranoid & borderline & dependent personality disorders, commentary, 12099
interactive processes & mediating factors, perception of coercion, 17–64 yr old patients admitted to psychiatric hospital voluntarily vs involuntarily under law, New Zealand, 19511
internal consistency & validity of conjoint analysis, assessment of benefits of in vitro fertilization via patient preferences & indirect estimation of willingness to pay, adults, 15424
internal representations of therapists & between-session uses & benefits, 25–54 yr old long-term individual psychotherapy clients & their 37–60 yr old therapists, 15142
intersubjective approach to emotions of entitlement in analysis, analysts & patients, 31583
interviewer sex, reports of prevalence & severity of physical & psychological & menopausal symptoms following breast cancer diagnosis, 36–83 yr old females, 35417
item wording & observability & clarity, discrepancies between nurse & patient ratings on Appraisal of Self-Care Agency scale, 35940
letter writing as a psychotherapeutic method for revealing attitudes of costs & benefits of anorexia nervosa & factors of resistance to treatment, females (mean age 24.1 yrs) with anorexia nervosa, 11754
medically oriented vs self-reliant attitude profiles & emotionality level, clinical status, patients with chronic pain, 1963
mental adjustment to & appraisals of cancer & optimism & emotional functioning, males (mean age 75 yrs) with prostate cancer, 31151
method of physician payment & level of trust of physician, adult managed care vs indemnity patients, commentary & reply, 18489

methodological issues in use of narration & interviews & other subjective user perspectives in research on dementia care, 15079
methodological issues in use of narration & interviews & other subjective user perspectives in research on dementia care, 15104
methodological issues in use of narration & interviews & other subjective user perspectives in research on dementia care, 15090
methodology for evaluating certain aspects of quality of life dealing with subjective & interpersonal meaning of symptoms in psychotherapeutic diagnosis, 19685
modification of treatment according to patient wishes, treatment assessment, patients with schizophrenia in acute day hospital (mean age 38.4 yrs), 28734
neurocognitive functioning & perceived cognitive abilities, patients (mean age 61 yrs) undergoing coronary artery bypass grafting, 19015
number of doctors met during treatment & continuity & perceived quality of care, cancer patients (aged 50–94 yrs), 31902
occurrence of & reasons for delay in seeking treatment, adults with asthma, 1937
optional smoking program development & implementation, attitudes & utilization, clients & staff at abstinence-based addiction treatment center, 38596
outcomes & experiences of treatment, consenting vs nonconsenting depressed patients who received ECT, 12267
patient beliefs & motivational factors in informed consent & compliance, patients who choose vs choose not to participate in clinical trials , 2486
patient characteristics & symptoms & perceptions of general practitioner role in managing emotional problems & likelihood of detection of psychiatric comorbidity, 18–65 yr old primary care patients, 12273
Patient Self Determination Act, discussion of future treatment issues with nursing home medical clinicians, nursing home residents & their surrogates, 2630
patient status at follow-up & secondary financial gain, global impressions of improvement vs validated indices of treatment outcome, 18–75 yr old patients with chronic nonmalignant pain , 18825
patient vs spouse's illness representations, patient adaptation, chronic fatigue syndrome vs Addison's disease patients & their spouses, 25277
patient vs staff rated severity of met & unmet need & patient quality of life, 15–80 yr olds with psychosis & their health care personnel, 34748
patients' perceptions of therapeutic & nontherapeutic aspects of constant observation, hospitalized suicidal patients, 32002
perceived coercion, patients admitted involuntarily vs voluntarily & detained in psychiatric hospital, 19022
perceived curative factors in & outcomes of inpatient cognitive therapy based treatment program, 17–38 yr old patients with schizophrenia & other long-term mental illnesses, 9209
perceived locus of control vs actual skill in mental performance task, 20–66 yr old alcoholics, 8390
perceived similarities & differences with counselor, evaluation of counseling relationship, 18–70 yr old clients in community mental health counseling, 15550
perception of changes in health state & satisfaction with change & pain & disability, patients in education program vs drug therapy vs surgery, 34546
perception of patient's depression, 70 yr old patients vs general practitioners, 27574
perception of quality of life, elderly living in nursing homes vs at home, 9141
perceptions & experiences of the decision-making process with respect to using complementary & alternative therapies, women with breast cancer, 34588
perceptions & understanding of change during long-term counseling, 22–48 yr olds successfully involved in counseling, 18527
perceptions of barriers to health care access for refugee patients, Somali refugees seeking primary care vs their doctors & nurses, US, 25380
perceptions of benefits & problems with representative payee relationship, clients receiving assertive community treatment & their case managers, 25435
perceptions of cognitive vs noncognitive aspects of treatment helpfulness & depressive symptomology, psychiatric inpatients (mean age 35.8 yrs) on cognitive therapy unit, 18552
perceptions of early family environment, patients with endogenous depression, 14512
perceptions of early intervention services, parents of special needs children, 25419
perceptions of effective & ineffective ingredients of marital therapy, good- vs poor-outcome couples , 18597
perceptions of experiences, patients receiving hemodialysis for end stage renal disease, 1933
perceptions of genetic counseling & impact on decision making, clients, 31843
perceptions of helpful experiences & interpersonal processes in counseling, 18–56 yr old clients, 25001
perceptions of obstetricians & midwives & student midwives & nurses & husbands during perinatal period, pregnant 20–35 yr olds, 20912
perceptions of pain & avoidance of physical activity & fear of pain returning as barriers to return to physical activity, 18–60 yr olds with low back pain enrolled in exercise program, 1 yr study, 18265
perceptions of patient influence on prescribing, general practitioners with high vs low-spending practices, UK, 28616
perceptions of precipitants or triggering factors for seizures, adults with epilepsy, 2089
perceptions of residential treatment programs in Hong Kong, 13–19 yr old male ex-offenders, 35365
perceptions of social support role of extended family network, patients with schizophrenia & affective disorders, 1474
perceptions of staff & services, 34–52 yr olds with mild to moderate learning difficulties living in community-based residential settings, 30983
perceptions of treatment for drug & alcohol dependence, 22–51 yr old inpatients, 25513
perceptions of variables mediating illness course & coping strategies, females with chronic fatigue syndrome in primary care, 5238
Personal Appraisal Inventory development & factor analysis & quantification of individual differences in personal meaning of psychiatric disorder, 21–70 yr old patients with major depression, 35922
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, commentary, 17905
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, 17924
perspective of major dimensions affecting acceptability of loneliness counseling interventions, college students, comparison with dimensions posited by theoretical models of treatment acceptability, 2169
perspective on client-centered approach to mental health service delivery, adults with mental illness & experience in mental health service delivery system , 22118
perspectives on & nature of & innovations in family support services, families with children with developmental disabilities at risk for out of home placement, 9165
perspectives on causes of institutionalism, psychiatric inpatients & staff, 22243
perspectives on multidisciplinary rehabilitation team & professional roles within team, multidisciplinary psychiatric rehabilitation service users (mean age 40 yrs), 19039
possible factors that contribute to therapist-client sexual boundary violations, female victims, 35442
preferences for & actual treatment choices, 29–87 yr old patients with amyotrophic lateral sclerosis, 28116
preferences in research topics on homeless veterans, consumers vs providers, 25976
provision of hospice care in bureaucratized health care system, hospice personnel & clients, 2635
psychiatric hospitalization experiences, contemporary children & adolescents receiving inpatient treatment vs adult females institutionalized between 1840–1945, 9206
psychological aspects of medication use & pain & moods & thoughts & functioning during most recent attack, patients with migraine, 5232
psychosocial predisposing and enabling factors related to cervical screening, American Indian females, 15456
rankings of therapeutic factors of inpatient group psychotherapy, 20–54 yr old male sex offenders, 25567
reasons for obtaining & expectations of methadone & other substitute drugs, persons who misuse illicit drugs, 15319
relationship with primary health care provider, beliefs & intentions concerning zidovudine therapy during pregnancy, 19–45 yr old HIV-infected women at risk for pregnancy, 38428
reliability & construct & predictive validity of Trust in Physician Scale, patients of primary care physicians, 22907
response to intensive group-oriented evening treatment, psychological mindedness & psychodynamic work & outcomes, patients with paranoid & borderline & dependent personality disorders, 12097
self- vs physician-ratings of patient attitudes toward their illness, 18–69 yr olds with schizophrenia vs other psychotic disorders, 14533
self-efficacy & outcome expectations & dental health value, prediction of dental plaque preventive oral hygiene behavior, 22–72 yr olds, 25372
sociocultural attitudes toward appearance, 13–40 yr old females with anorexia nervosa vs bulimia vs eating disorders not otherwise specified, 24654
socioeconomic deprivation & perceived doctor availability, perceptions of medical urgency, patients attending general practices, 18951
solicitation of patient's agenda of concerns in primary care office in patient-physician interviews, family physicians, commentary, 38365
solicitation of patient's agenda of concerns in primary care office in patient–physician interviews, family physicians, commentary reply, 38367
solicitation of patient's agenda of concerns in primary care office in patient–physician interviews, family physicians, 15384
standardized patient evaluation of English language proficiency, 17–31 yr old 2nd yr medical student undergraduates, Australia, 28836
strategies & flexibility in coping with pain, perceptions of control over pain, adults with chronic pain conditions, 5215
subjective experiences of psychosocial consequences of multiple sclerosis, 25–67 yr old patients with multiple sclerosis, 24832
supernatural powers in explanations for mental health symptoms & role of psychiatrist-patient cultural differences in treatment termination, 16–80 yr old Bedouin-Arab psychiatric patients, Israel, 17805
symptomatology & perceived level of social support within hours of psychiatric emergency service arrival, homeless vs domiciled psychiatric patients, 37295
termination discussion, counselor's social influence rating, 16–50 yr old clients, 31436
themes & issues in analysis of attitudes of inpatient mental health service users , 19014
therapeutic alliance & therapeutic process, patient & therapist ratings, patients with mental illness (mean age 25 yrs), 34815
time series analysis of perceptions of working alliance in short-term psychoanalysis & relation to counselor characteristics, 21–64 yr old clients & counselors, 5581
understanding of & satisfaction with mental health tribunal process, legally detained psychiatric hospital patients with psychopathic disorder &/or mental impairment, England, 38562
unique vs combined influence of individual & illness & functional & milieu variables, self-esteem & distress & life satisfaction, adults with schizophrenia or schizoaffective disorder, 17898
use of Patient Exit Interview in assessment of physician-delivered counseling interventions for health behavior changes & smoking cessation, patients in primary care clinic, 12370
use of phenomenographic approach to research on patients' understandings of their experiences & other aspects of health care, 16417
view of helpful & harmful aspects of treatment, females assessed after completion of family counseling or cognitive- behavioral treatment for anorexia nervosa or bulimia nervosa, 5509
views & practice of community care management, social work practitioners & middle managers & clients, 9 mo study, 28707
views of efficacy of shelter services, 16–50 yr old battered females, 35244
views on facilitation of perinatal substance abuse treatment & successful program components, pregnant women & program administrator & treatment provider focus group participants, 38610

characteristics of patients & prevalence of repeated assaults on staff & other patients, patients who committed 2 or more assaults in Veterans Affairs medical centers & freestanding outpatient clinics, 14650
Chronic Care Clinics as primary care, improvement of urinary incontinence & falls & depressive symptoms & high risk medications & functional impairment, frail older adults, 24 mo followup, commentary, 28682
Chronic Care Clinics as primary care, improvement of urinary incontinence & falls & depressive symptoms & high risk medications & functional impairment, frail older adults, 24 mo followup, 28659
client characteristics & choice & usefulness of waiting-list therapy group, university-affiliated urban mental health clinic clients placed on treatment waiting list, 38128
delivery of mental health care in an on-site infectious disease clinic vs specialized AIDS psychiatric program, HIV-positive patients, 28688
drinking habits & prevalence of heavy drinking & need for brief alcohol intervention, 20–60 yr olds attending primary & occupational health care clinics & in general population, Finland, 37543
health education in sexually transmitted infection clinics, clinic workers, 2526
memory clinic intervention, caregiver burden & psychosocial quality of life & mental health, caregivers of patients with dementia, 12 mo study, 35211
model of staffing needs based on workload, VA outpatient mental health clinics, commentary reply, 9128
model of staffing needs based on workload, VA outpatient mental health clinics, commentary, 9090
model of staffing needs based on workload, VA outpatient mental health clinics, commentary, 9106
organizational & contextual features of training of child psychotherapists at Tavistock Clinic, 15755
outcomes of patients in a memory clinic & contributions of research to clinical practice, 38509
perceived efficacy of pain clinics in rehabilitation of injured workers, physicians vs vocational rehabilitation counselors vs pain clinic staff vs workers compensation employees, 5913
providers' & evaluators' experiences in developing & implementing project promoting HIV prevention, low income females from different ethnicities at urban American Indian clinic, 15514
scope & impact of assaultive behavior & violence by patients in health care facilities, Veterans Affairs medical centers & freestanding clinics, 1 yr study, 14680
sequencing & topic development & diagnostic information as asymmetry & phatic communication as mitigation strategy in medical interviews in outpatient clinic, doctors & 23–76 yr old patients, China, 31934
strategies to enhance compliance of a smoking cessation guideline in staff model clinics, clinical personnel, 38611
Clinics [See Also Child Guidance Clinics, Psychiatric Clinics]—Chapters
Management of a mental health clinic, 38664
Specialty clinic perspectives, 12431
Cliques [See Social Groups]
Clomipramine [See Chlorimipramine]
Clonazepam—Serials
5 mo continuation treatment following 6 mo of successful treatment with clonazepam vs tapered discontinuation, clinical response & relapse rates & withdrawal symptoms, 18–55 yr olds with social phobia, 2296
adjunctive dose & side effects of clonazepam during ongoing antidepressant treatment, 21–71 yr olds with prolonged depression, 28471
carbamazepine & clonazepam alone & in combination, 68-yr-old female with Charles Bonnet Syndrome, 5781
clonazepam, panic disorder, adult chest pain patients, 38333
clonazepam-induced mania, 48-yr-old male hospitalized with bipolar disorder treated also with clomipramine, 5638
efficacy & safety & gradual discontinuation of clonazepam drug treatment, 18–74 yr old patients with panic disorders with or without agoraphobia, 38284
gabapentin added to perazine & clonazepam, possibility of renal dysfunction, 27 yr old male inpatient with bipolar I manic disorder, 2327
reduction of dyskinetic & dystonic movements following treatment with clonazepam, 81-yr-old male with bipolar disorder & tardive dyskinesia, 28424
Clonidine—Serials
6-hydroxydopamine lesion of noradrenergic neurons of locus ceruleus, opiate withdrawal syndrome & clonidine, male rats, 33192
alpha-2 adrenergic agonist clonidine & yohimbine, prefrontal cortical neuronal activity related to spatial working memory, female monkeys , 36581
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & mental well-being measured by self-reported mood, 33–54 yr old alcohol-dependent patients in early withdrawal, 37558
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & psychopathology measured by depression & anxiety, 26–65 yr old alcohol-dependent patients in early withdrawal, 37559
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary , 21975
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary, 21959
clinical practice of combining methylphenidate & clonidine, children with ADHD, 21978
clonidine & fusaric acid, induction of food intake, male neonatal broiler chicks, implications for role of noradrenergic system, 20268
clonidine use & illicit abuse, 24–59 yr old methadone program patients & applicants, 9229
clonidine vs B-HT920, neural activity in prefrontal cortex during visual discrimination task, female monkeys, 3973
clonidine vs guanfacine, spatial working memory & planning & attentional set-shifting central executive functions of prefrontal cortex, 23–35 yr olds, 13753
clonidine vs idazoxan, cognitive function, adults, 33453
clonidine vs norepinephrine vs isoproterenol vs ephedrine, thermal preference & body temperature, female rats, 23494
clonidine, food intake & hunger & satiety & sedation, healthy 21–30 yr olds, 647
clonidine, spatial working & short-term & recognition memory & planning functions, middle aged & elderly patients with Parkinson's disease, implications for role of alpha2-adrenoceptors, 38300
guanfacine vs clonidine, visual paired associates learning & delayed matching to sample recognition memory tests, 23–35 yr olds, 7215
high vs low dose clonidine vs diazepam, spatial working memory, 4–15 yr old female monkeys, 36558
high vs low dose of clonidine vs guanfacine, effortful vs automatic attentional performance & RT, healthy 23–35 yr olds, 33423
iv self administered clonidine substitution for cocaine, reinforcing effects such as food intake & injection rates & sedation & toxicity signs, adult male baboons, 17119
methylphenidate vs clonidine, response inhibition & state regulation, 6–12 yr olds with ADHD, 15351
moxonidine vs clonidine vs SK&FA 86466 vs efaroxan, antinociception, wild type mice vs mice with dysfunctional alpha 2 adrenergic receptors, 26766
nitric oxide synthesis on intrathecal clonidine or baclofen antinociception in formalin test, male rats, 13799
opposition to clinical use of combined methylphenidate & clonidine, children with ADHD, commentary, 21960
quantification of synergism of FR combinations of morphine sulfate & clonidine hydrochloride, antinociception, mice, 20373
tetrahydroaminoacridine vs clonidine, executive functions vs recall vs visuoconstructive functions vs verbal function ability, adults with Alzheimer's disease, 15332
unintentional clonidine patch overdose, 6 & 15 yr old males with ADHD, 12150
yohimbine vs clonidine vs resting, CSF epinephrine concentrations & cardiovascular responses, elderly with vs without Alzheimer's disease vs healthy young adults, 2074
yohimbine vs clonidine, acoustic startle response with vs without fear conditioning, cycling vs lactating female rats, 10673
Clonidine—Chapters
Nonnicotine medications for smoking cessation, 12544
Closed Circuit Television—Serials
effectiveness of closed circuit television for child witness testimony, 35820
Closedmindedness [See Openmindedness]
Closure (Perceptual) [See Perceptual Closure]
Clothing—Serials
apparel & general spatial visualization ability & training level, college & graduate students with manual flat pattern making vs without computer-aided design vs no training, 29063
color of handler overalls, handler recognition & distance, Danish Friesian cows, 33073
consumer knowledge & satisfaction & product involvement & perceived risk, clothing brand loyalty, female vs male consumers, South Korea, 25993
development of test to measure spatial abilities associated with apparel design & product development, female college students majoring in clothing & textiles, 22838
dress code in workplace & public school & human behavior, legal practices & legislative actions regarding sexual harassment & rape, US, 26040
dress, legal practices & legislative actions regarding sexual harassment & rape, US , 26039
job characteristics & satisfaction, mostly-female maquiladoras, Mexico, 22618
perception of femininity & figure & diet & clothing before vs after inpatient treatment of female patients with bulimic-type vs restricting-type anorexia nervosa, 24660
preppy vs messy attire, charitable behavior, female college students, 4724
quantitative & qualitative methods in product development & evaluation of functional clothing in climatic chamber tests vs field tests, fishermen, 3188
role conflict & uniform satisfaction, female collegiate golfers, 22680
role of dress in social construction of gender/femininity, college sorority members, 20773
socialization, retail format & career preferences, 19–44 yr old college students majoring in retailing or fashion/merchandising or clothing/textiles/design, 22578
vividness of imagery, creativity, 19–50 yr old fashion illustration course students, 20919
women's weight satisfaction & self-consciousness & use of clothing in mood enhancement, female college students & employees, 29183
Clothing—Chapters
Appearance and adornment cues, 10694
Clozapine—Serials
abstinence from substance abuse after treatment with clozapine, 43 yr old male with history of paranoid schizophrenia & cocaine & alcohol abuse , 28506
actions of scopolamine vs dopamine vs 5-HT vs adrenoceptor vs histamine for discrimination of clozapine, female mice, 7198
alpha2-adrenoceptor agonist & antagonist, clozapine vs chlorpromazine activity, male rats responding for electrical stimulation of ventral tegmental area, 33455
arterial plasma levels of norepinephrine & other catechols during iv infusion of tritium-labeled norepinephrine, schizophrenic patients treated with clozapine vs fluphenazine, 8888

association between 102-T/C & His452Tyr polymorphisms of 5-HT serotonin receptors & clozapine response, clozapine-treated patients, 5602
atropine eye drops, clozapine-induced hypersalivation, schizophrenic patients, 21860
benefits of clozapine therapy for treatment-resistant schizophrenia , 25200
change from clozapine to olanzapine treatment, male patients (mean age 40.8 yrs) with refractory schizophrenia & self induced water intoxication, 28467
chronic clozapine vs haloperidol, open field & activity level behaviors & RNA display analysis, female rats, 661
clinical properties & effects of clozapine & risperidone & amisulpride & olanzapine & quetiapine & sertindole & ziprasidone for psychotic disorders, 21869
clinical trial of low doses of clozapine, patients (mean age 72 yrs) with Parkinson's disease & antiparkinsonian drug-induced psychosis, 15347
clozapine & adjunct high-dose glycine, adults with treatment resistant schizophrenia, 8933
clozapine & diazepam, transient syncope & electrocardiogram changes, 50 yr old male with paranoid schizophrenia, 38323
clozapine & fluoxetine vs sertraline, clinical & motor & cognitive function & mood, male 44 yr old with schizophrenia, Canada, commentary, 2293
clozapine & olanzapine associated diabetes mellitus, 32–56 yr old males, comparison with previous non-insulin-dependent diabetes mellitus cases, 2408
clozapine & paroxetine, 32-yr-old man with obsessive-compulsive features & schizophrenia, 24169
clozapine & risperidone & olanzapine & quetiapine in treatment of psychosis & agitation associated with dementia, 34992
clozapine &/vs citalopram/paroxetine, psychiatric patients with mental retardation/autism, 28505
clozapine as adjunctive treatment, 31–45 yr olds with treatment-resistant bipolar or schizoaffective disorder , 31698
clozapine induced alternating Pisa syndrome, 45 yr old female with schizophrenia, 2285
clozapine induced diabetes mellitus, 30 yr old Black male with schizophrenia, 15318
clozapine or haloperidol, 5-HT receptor mRNA levels in brain, male rats, 30000
clozapine or haloperidol, dopamine release in prefrontal cortex vs caudate nucleus, rhesus monkeys, 13839
clozapine plus lamotrigine, 25–51 yr olds with treatment-resistant schizophrenia, 38236
clozapine pretreatment, haloperidol-elicited forebrain Fos expression in dorsal striatum & nucleus accumbens compartments & septum & prefrontal cortex, adult male rats , 26865
clozapine therapy, aggression & substance abuse in schizophrenic patients, 25229
clozapine tolerance & withdrawal, core body temperature, female rats, 17042
clozapine treatment & clinical & demographic factors, weight gain, 21–73 yr olds with schizophrenia or schizoaffective disorder, 15 mo study, 2284
clozapine treatment, cognitive functioning, patients with schizophrenia, 25194
clozapine treatment, health care costs & health status, schizophrenic adults supported by public funds, 6-mo followup, 8871
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary, 8939
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary reply, 8924
clozapine vs fluphenazine, brain metabolism patterns, male vs female schizophrenia patients , 38224
clozapine vs haloperidol, Fos-like immunoreactivity in extended amygdala, rats, 23471
clozapine vs haloperidol, negative symptoms & deficit syndrome, patients with refractory schizophrenia, longitudinal study, 8940
clozapine vs haloperidol, PCP-induced hyperactivity of NMDA receptors in cortical neurons, male rats, 20257
clozapine vs olanzapine vs risperidone vs haloperidol vs sertindole, weight gain liability, male patients with schizophrenia, 25232
clozapine vs other neuroleptic drugs, emergence of obsessions, psychotic patients, 25158
clozapine vs risperidone, positive & negative symptoms & depression & parkisonian side effects & neuroendocrine function, 18–55 yr olds with schizophrenia, 12149
clozapine vs traditional antipsychotics in treatment of treatment-resistant schizophrenia, 25165
clozapine vs typical antipsychotics, impairment in information processing assessed by prepulse inhibition of startle response, 20–65 yr old male schizophrenic patients, 27685
clozapine, body weight, male vs female patients with chronic schizophrenia, 21862
clozapine, deep vein thrombosis & pulmonary embolus, 71-yr-old female with chronic paranoid schizophrenia, 21916
clozapine, ethanol's motivational properties, male mice 7 wks old, 33082
clozapine, homovanillic acid & 5-HIAA & MPHG & cortisol & prolactin in plasma &/or urine & psychopathology scores, males with schizophrenia (mean age 33.3 yrs), 2332
clozapine, hypoosmolemia & hyponatremia, polydipsic male 33–57 yr old inpatients with schizophrenia, 24-wk study, 11404
clozapine, neutropenia & circadian rhythm of white blood cells, 3- yr-old male with paranoid schizophrenia, 28391
clozapine, non-treatment resistant patients with schizophrenia, 8894
clozapine, pancreatitis, 34-yr-old male with schizoaffective disorder, 25148
clozapine, positive & negative & extrapyramidal symptoms, patients with resistant schizophrenia , 8869
clozapine, production of reactive oxygen metabolites by blood monocytes & clinical outcome, 24–41 yr olds with neuroleptic resistant schizophrenia, erratum, 28444
clozapine, reduction of psychotic symptoms & violent behavior & rate of discharge, inpatients with schizophrenia, 28416
clozapine, schizophrenia, family members, 31658
clozapine, severe self-mutilation & aggressive behavior, 26–47 yr old female patients with borderline personality disorder & psychosis, 31627
clozapine, severe tardive dyskinesia, 17–55 yr old schizophrenic patients, 8865
clozapine, severity of psychopathology, psychotic patients with "treatment refractory" symptoms with vs without akathisia, 24276
clozapine, stuttering, 49-yr-old female with psychotic episode , 38316
clozapine, treatment-refractory psychosis & negative symptoms & tardive dyskinesia, 51-yr-old female with schizophrenia, implications for changing pharmacological treatments, 5674
clozapine, treatment-resistant schizophrenia & aggressive & self- injurious behavior, 32 yr old male with moderate intellectual disability, 25177
clozapine-induced diabetic ketoacidosis, 40 yr old male with paranoid schizophrenia, 15341
clozapine-induced neuroleptic malignant syndrome, female 41 yr old with severe mental retardation & paranoid delusions, implications for role in cholinergic & adrenergic antagonism, 38269
clozapine-induced parotitis, 49 yr old female with chronic bipolar disorder, 15342
combined ECT & clozapine therapy, 22–42 yr olds with treatment resistant schizophrenia, 18485
concurrent substance abuse, patients with schizophrenia receiving clozapine vs other antipsychotic medications, 2355
cost-effectiveness of clozapine vs haloperidol, patients with high vs low levels of hospital use, Veterans with refractory schizophrenia, 12 mo followup, 25216
D-cycloserine, negative symptoms, schizophrenic outpatients being treated with clozapine, implications for role of glycine recognition site of NMDA receptor in action of clozapine, 13 wk study, 15294
decision to switch from clozapine to newer antipsychotic olanzapine & effect on functional & cognitive status & positive & negative & other symptoms, 40 yr old male with schizophrenia, 28483
discontinuation of clozapine treatment due to grand mal seizures & liver toxicity, 30 yr old male with schizophrenic psychosis, 12222
dose & age & body weight, plasma levels of clozapine & its metabolites, male vs female inpatients with schizophrenia, 12198
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, comment, 35027
dose–plasma level relationships & intraindividual variability, psychiatric patients receiving clozapine treatment, 2352
dysrhythmia after initiation of clozapine treatment, 44 yr old male with chronic schizophrenia, 15352
effectiveness & cost effectiveness of clozapine in treatment of schizophrenia, 12226
effectiveness of clozapine vs conventional neuroleptics, patients with schizophrenia, 27714
effectiveness of risperidone & clozapine & other novel antipsychotic drugs, children & adolescents with psychiatric disorders & symptoms, 12209
efficacy & cost effectiveness of clozapine treatment, patients with treatment resistant schizophrenia, 5 yr study, 12152
efficacy & cost effectiveness of clozapine vs traditional neuroleptics, patients with schizophrenia, 66 mo study, 12225
efficacy & safety of combined clozapine & ECT, 36–66 yr old inpatients with treatment-resistant schizophrenia &/or intolerant to clozapine, 24913
efficacy of cognitive-behavioral therapy & social skills training vs individual supportive psychotherapy, clozapine-treated adults with treatment-resistant schizophrenia, 28257
expression of basic fibroblast growth factor in response to atypical antipsychotic clozapine, rats, 30048
extrapyramidal side effects after addition of fluvoxamine to clozapine, 46 yr old male & female with schizophrenia, 8920
frequency & course of sexual disturbances during clozapine & haloperidol treatment & influence on compliance with medication, patients with schizophrenia, 18696
haloperidol & clozapine & olanzapine & phencyclidine, locomotion & balance, male rats, 33488
haloperidol vs clozapine & variable interval reinforcement, responsive behavior toward food reinforcement, male rats, 23512
haloperidol vs clozapine, generation of mismatch negativity & N200 & P300 auditory event-related potentials, patients with schizophrenia, 2401
historical development of clozapine & its current position as gold standard therapy for treatment-resistant schizophrenia, 25174
long term clozapine, 30–52 yr olds with severe schizophrenia, 25205
long term CLZ vs classical antipsychotic drugs, body weight changes, neuroleptic-resistant chronic schizophrenic patients, 35024
lower vs higher dose of acute vs subchronic vs chronic clozapine with 5-HT-2A vs dopamine D2 & D3 blockade, neuropeptide Y-like immunoreactivity & neuropeptide Y mRNA in nucleus accumbens, male rats, 26829
management strategies for treatment of schizophrenia including use of antipsychotic clozapine, 25178
mechanisms of action & potential predictors of treatment outcomes of clozapine, persons with schizophrenia, 25175
nefazodone, clozapine plasma concentrations, 21–34 yr olds with depression, 31701
olanzapine treatment following clozapine induced granulocytopenia, patients with chronic schizophrenia (aged 26–38 yrs), 15344
olanzapine, clozapine discontinuation symptoms, adult in- & out-patients with schizophrenia treated with clozapine, 9+ wk study, 38319
oral clozapine, distribution of clozapine & desmethylclozapine between blood & brain, male rats, 17120
oral medication noncompliance as reason for use & side effects associated with & success of parenteral administration of clozapine, 21–58 yr old psychotic inpatients, 38274
pharmacokinetic profile of clozapine & metabolites norclozapine & clozapine N-oxide in red blood cells, 18–48 yr olds with chronic schizophrenia, 8903
plasma concentration & outcome after acute clozapine overdose taken in suicide attempt, 19 yr old schizophrenic female treated with clozapine, 5608
prediction of response to clozapine after olanzapine, treatment-resistant schizophrenic patients (mean age 38.9 yrs) , 27659
rapid displacement of clozapine & quetiapine from dopamine D2 receptors by competing compounds, implications for antipsychotic withdrawal & early clinical relapse in treatment of schizophrenia , 23580
reasons for non-prescription of clozapine, male inpatients (mean age 42 yrs) with treatment-resistant schizophrenia or schizoaffective psychosis, 38317
rehospitalization rates of patients recently discharged from psychiatric hospitals on regimen of risperidone vs clozapine, 1994–1996, 24131
role of adenosine A2A receptors in induction of c-fos expression by clozapine & haloperidol, male rats, 7240
role of clozapine & quetiapine & olanzapine & risperidone in treatment, patients with drug-induced psychosis in Parkinson's disease or antipsychotic-induced movement disorders, 25163
role of clozapine in aleviating dysfunction in dopaminergic mediated mesocorticolimbic reward system, patients with comorbid schizophrenia & substance use disorder, 15297
safe clozapine treatment of HIV-associated psychosis combined with stavudine & lamivudine, 34 yr old man who developed neutropenia with zidovudine & lamivudine, 5617
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, erratum, 22687
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, 12 wk study, 12190

safety & tolerability of add-on therapy with fluvoxamine to clozapine monotherapy, 18–46 yr olds with schizophrenia or delusional disorder, 35028
SCH23390 vs raclopride vs haloperidol vs clozapine, hyperlocomotion induced by cocaine vs amphetamine vs MK-801 vs dopamine agonist C-APB, mice, 33465
seizure duration & safety & effectiveness of concurrent clozapine & ECT, 25 yr old male with schizophrenia, 15083
seizures following discontinuation of lorazepam cotreatment during clozapine treatment, 26 yr old male with schizophrenia, 25187
sertraline, clozapine-induced obsessive-compulsive behavior, 39-yr-old male with paranoid schizophrenia, 2384
sex & race & weight & smoking status & dose & age at 1st assay, prediction of steady state clozapine plasma concentration, patients with schizophrenia, 2378
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28419
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, commentary reply, 28400
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28487
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28465
smoking & therapeutic response to clozapine in 21–56 yr old patients with schizophrenia, 28463
spontaneous magnetoencephalographic activity, male schizophrenics treated with clozapine (mean age 28.3 yrs) vs haloperidol (mean age 31.3 yrs) , 18737
striatal D2 dopamine receptor occupancy of neuroleptic & clozapine & occurrence of extrapyramidal side effects, inpatients with schizophrenia, 5607
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary reply, 8936
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary, 8946
suicide risk & schizophrenia & clozapine treatment, 25195
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, commentary reply, 28407
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, comment, 28464
tolerability & safety & efficacy of clozapine, elderly psychiatric patients with no neurological comorbidity, 27508
white blood cell monitoring programs aimed at reducing rate of agranulocytosis in clozapine therapy for treatment-resistant schizophrenia, 25139
withdrawal from clozapine, rebound phenomenon of psychotic exacerbation & anticholinergic effects, 31–64 yr old treatment-resistant schizophrenic patients, 34967
withdrawal symptoms after discontinuation of adjunctive fluoxetine, 51 yr old male patient with schizophrenia treated with clozapine , 28454
ziprasidone vs clozapine & olanzapine vs desipramine, firing rate of serotonergic dorsal raphe neurons, 36626

Cluster Analysis—Serials

3-way 3-mode hierarchical classes model for analysis of individual differences in binary object & attribute arrays, 13137
algorithm & computer programs, generation of simulated plasmodes & artificial data in cluster evaluation research, 32746
classification & cluster analysis of parenting practices & their relation to demographic characteristics & reported child behavior problems, mothers of young children, 30338
cluster analysis & criterion validity of brief values inventory scales, 6599
cluster analysis of alcohol-related attitudes & health behavior & nonclinical alcohol use patterns, adults, 33857
cluster analysis of children's self-systems & significant others' perceptions of relationship quality, aggressive 2nd–3rd graders , 14662
cluster analysis of masculinity ideology, male college students, 1172
cluster analysis of patient subgroups based on therapeutic work & treatment outcome of group-oriented evening treatment program, adult patients with borderline personality disorder, 25081
cluster subtypes in California Verbal Learning Test—Children's Version, assessment of memory ability, 5–16 yr olds, 35881
development of typology of & cluster analysis of items measuring parent rated child behavior, 6–11 yr olds, 20576
factor & cluster analyses with Dimensional Assessment of Personality Pathology—Basic Questionnaire, 17–46 yr old eating-disordered females, 18175
hierarchical analysis of somatic symptoms & psychiatric diagnoses & disability, 18–67 yr old primary care patients with unexplained symptoms, 1930
multidimensional scaling & cluster analysis methodology use for information processing theory modeling & taxonomy & treatment development for schizophrenia , 30703
multiple monotonic neural network perception based spike detection & clustering algorithms vs human expert perception based marking, 6 mo to 66 yr olds with epilepsy, 24858
sample cluster analysis of nonmarital Alcohol Use Inventory primary scales, alcoholics in Matching Alcoholism Treatments to Client Heterogeneity project, erratum, 32050
statistical clustering using task performance as method for grouping occupational tasks, subject matter experts, 3401
synthetic data analyses of methods to examine stability of data clustering, 36059
use of cluster analysis to facilitate standard setting in educational testing, 7th-grade test takers taking mathematic proficiency test, 26235
use of cluster analysis to validate International Headache Society criteria for migraine & tension-type headache, headache sufferers (mean age 42 yrs), 16359
vocational interest structure using Strong Interest Inventory Occupations items into Occupational Aptitude Patterns Map clusters, adults, 9953

Cluster Analysis—Chapters

Occupation classification: Using basic and cross-functional skills and generalized work activities to create job families, 12771

Clustering [See Cluster Analysis]

CNS Affecting Drugs [See Also CNS Stimulating Drugs]—Serials

behaviorally conditioned CNS immunosuppressive effects of cyclosporine A using saccharin as stimulus, rats, 4035
etiological role of potassium channel dysfunction/mutation & use of channel blockers & activators in treatment of CNS & psychiatric disorders, 4835
glatiramer therapy, neuropsychologic functioning, 18–45 yr olds with relapsing-remitting multiple sclerosis, 2 yr study, 15436
metabolic interactions & CNS medications & selective 5-HT reuptake inhibitors, 30038

CNS Depressant Drug Antagonists [See Analeptic Drugs]

CNS Stimulating Drugs [See Also Amphetamine, Analeptic Drugs, Caffeine, Clonidine, Dextroamphetamine, Ephedrine, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Piracetam]—Serials

antidepressant vs stimulant treatment, adults with ADHD, 12187
anxiety, 6–12 yr olds with ADHD not responding well to psychostimulant medication in intermediate & long term, 31707
causality & clinical significance of drug interactions with psychostimulants, 17063
chemistry & pharmacology of hallucinogens & entactogens & stimulants, 4186
clonidine with vs without psychostimulants, electrocardiogram variability, 4–16 yr olds with attention deficit/hyperactivity or tic disorder, 34989
CNS excitatory behavior & antianalgesic pharmacology of nomorphine-3-glucuronide, adult male rats, 4271
drug discrimination & generalization & pharmacokinetics of S(−)-methacathinone vs other CNS stimulants vs fenfluramine vs haloperidol, male rats, 7271
fenethyllin-induced psychosis with rapid resolution upon cessation of drug usage, 36 & 56 yr old drug dependent males, 35022
fluoxetine & fluvoxamine & venlafaxine, discriminative effects of lysergic acid diethylamide & stimulus effects of hallucinogens, male rats, 33512
ginseng & ginsenosides & coffee & caffeine, ethanol induced sleeping & righting reflex, mice, 10601
involvement of dopamine & glutamate neurotransmission & neural substrates mediating context-dependent sensitization to psychostimulants, 26823
medium term outcome of stimulant drugs, children (mean age 10.6 yrs) with Attention Deficit Hyperactivity Disorder, 37632
metabolic interactions & CNS medications & selective 5-HT reuptake inhibitors, 30038
naps &/vs modafinil, psychomotor performance in simulated military operations, sleep-deprived 28–47 yr old male military personnel, France, 17025
overdiagnosis & stimulant overtreatment of ADHD, 9–17 yr olds, US, 28443
parent-reported frequency & severity of sleep problems, stimulant treated vs untreated 4–18 yr olds with ADHD, 38314
prescribing of stimulants for learning disabilities, psychiatrists, 38215
prescriptions of pemoline, methylphenidate, amphetamines & other psychostimulants written by psychiatrists for adult patients with ADHD or depression or narcolepsy, 34960
psychopharmacology of central nervous system stimulant ricinine, male rats, 33396
psychostimulants & hyperdopaminergic states in schizophrenic illness phases, patients with schizophrenia (mean age 40 yrs), 27689
role of serotonin in calming effect of psychostimulants on hyperactivity, dopamine transporter knockout mice, implications for ADHD in humans, 10578
self-esteem, stimulant medicated vs unmedicated 7–12 yr olds with ADHD with vs without oppositional defiant disorder, 38243
sleep problems & subtype & comorbidity & efficacy of stimulant medication, 6–12 yr olds with ADHD, 37624
stimulant therapy, behavioral & quantitative EEG responses, 6.0–16.1 yr olds with attention disorders, 31626
stimulant use in psychiatric sports medicine, 1782
trends & current psychostimulant usage, 4–18 yr olds with ADHD, Australian vs US data, 25209
type of information, perceptions of stimulant medication efficacy for children with Attention-Deficit Hyperactivity Disorder, 18–24 yr olds, 38213

CNS Stimulating Drugs [See Also Amphetamine, Analeptic Drugs, Caffeine, Clonidine, Dextroamphetamine, Ephedrine, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Piracetam]—Chapters

Psychoactive drug–drug interactions in children, adolescents, and adults, 25241

Coaches—Serials

analysis of interactive decision making factors considered during games, male coaches of youth ice hockey, 13278
attitudes toward integration of adolescents with disabilities into school sports programs, interscholastic coaches, 2968
coaching experience & feedback & athlete perception of coach-athlete dyadic interactions, 14–19 yr old high vs low expectancy high school basketball players & their coaches, 9661
coach–athlete compatibility & perception of coaching behaviors & trait & state anxiety & state self-confidence, female collegiate basketball players, 25966
critical review of state of practice of executive coaching, executives & coaches , 12822
development of coaching motivation scale to identify motivational style & its relationship to personality & decision making, Div I & II NCAA male & female coaches (mean age 45 yrs), 25952
evaluation of sport psychology internship program, 18–22 yr old female collegiate basketball athletes & their 36 yr old coach, 19441
evaluative vs informational vs neutral coaching feedback, perceived ability of youth athletes as depicted in videotapes, 6–8 vs 12–14 yr old boys vs girls, 7372
opinions about & use of mental skills in teaching, 24–68 yr old junior tennis coaches, 19446
parent- vs nonparent-coached, motivation & competitive anxiety, 9–14 yr olds, 25955
personal history & athlete injury severity & age & ability level & competition importance, decisions about injured athletes' competition participation, 16–57 yr old coaches of female gymnasts, 16171
positive vs negative coaching style, body image & body weight anxiety & dieting & vulnerability to eating disorders, male vs female college athletes, 34495
sex, gender bias & perceptions of hypothetical male vs female head coach, 15–18 yr old male vs female track & field athletes, 7509
stress & burnout, 25–77 yr old male vs female collegiate tennis coaches, 25910
teaching behaviors & verbal cues used during basketball training, coach J. Tarkanian, 25957
time spent in specific practice behaviors & player performance in competition, girls' basketball team coaches & their players, 25960
use & effectiveness of & factors affecting team cohesion strategies, sport coaches, US vs Australia, 39015
use of & opinions on ways of conveying mental skills training information & making it more user friendly, junior tennis coaches, 25962

Coagulation (Blood) [See Blood Coagulation]

Coalition Formation—Serials

computer simulation as method of teaching political coalition formation & mixed-motive negotiation & bargaining theory, 28931

influence of social networks of board interlocks, corporate & distrust in decision making & strategic alliance formation, CEOs, 39003
perceived ownership of ElderCARE community coalition activities & its health promotion program, coalition members, 18955

Coalition Formation—Chapters

A national coalition of communities, 37654

Cocaine—Serials

(–) vs (+) isomers of cocaine vs cocaine methiodide with vs without mianserin pretreatment with vs without morphine, antinociception, rhesus monkeys, 13736
2-wks of daily sessions of cocaine self-administration, diurnal rhythms of heart rate & core temperature, rats, 33496
2nd-order schedule of reinforcement with CS, acquisition & maintenance & reinstatement of conditioned iv cocaine self-administration, male rats, 7161
5-HT1A/1B agonist, effect of 5-HT1B/1D antagonist on hypothalamic self-stimulation of cocaine reward, male rats, 10587
kappa opioid agonists, cocaine- & food-maintained responding, rhesus monkeys, implications for pharmacological treatment for cocaine dependence, 4216
ability of caffeine to reinstate extinguished cocaine-seeking behavior & ability to block A2A receptors, male mice, 33437
acceptability & perceptions of female condom for HIV risk reduction intervention, 22–67 yr old females who used crack cocaine, 3 mo followup, 30891
acquisition of fixed ratio schedule, adult male rats neonatally exposed to ethanol &/vs cocaine, 10657
acquisition rate of cocaine & heroin self-administration, male vs female rats, 23541
acute & repeated administration of cocaine, stereotyped behavior, male vs female rats, 26849
acute & repeated cocaine administration, locomotor activity & behavioral sensitization, male vs female Hyperactive vs Spontaneous Hypertensive rats, animal model of ADHD, 36378
acute & repeated cocaine dose, cocaine self-administration under FR reinforcement & sensitization & locomotor activity, male mice lacking gene encoding tissue plasminogen activator, 23570
acute & sustained cocaine administration on startle reflex & prepulse inhibition, female rats, model for brain disturbances for deficient sensorimotor gating in schizophrenia, 17064
acute psychological stress, craving and stress reactivity & changes in sadness & anger & heart rate & salivary cortisol & anxiety & joy & fear & physiological responses, cocaine abusers , 18078
acute vs chronic cocaine, responses to ethanol induced hypothermia vs hypnosis, male rats, 7270
ad libitum cigarette smoking, adults with cocaine dependence, 1802
animal model of cocaine-induced cardiovascular toxicity & differential reactivity, rats, 33430
anti-addictive agent ibogaine, cocaine-induced locomotor sensitization, female rats, 33490
antisocial personality disorder & psychopathy, females with cocaine dependency, 24101
association between D2 dopamine receptor alleles or haplotypes & severity of substance dependence, cocaine-dependent European- vs African- vs Hispanic-Americans, 11612
attention, patients with cocaine abuse or dependence, 18054
attenuation of cocaine-induced response-rate increases in operantly conditioned behavior during acute & repeated administration, pigeons, implications for cocaine reinforcement & tolerance, 10546
auditory P50 amplitude & suppression, African-American chronic cocaine abusers vs Caucasian gay or bisexual alcoholics, commentary, 1760
auditory P50 amplitude & suppression, African-American chronic cocaine abusers vs Caucasian gay or bisexual alcoholics, commentary reply, 1769
behavioral sensitization to apomorphine, adult rats exposed to cocaine during preweaning period, 33372
brain metabolic activation during cocaine cue-elicited cravings & physiological responses, 26–48 yr olds, 13597
brief social defeat stress, c-fos expression in periaqueductal gray & behavioral sensitization to cocaine, male mice, 10624
cadmium chloride exposure, discrimination of cocaine vs d-amphetamine vs apomorphine vs dopamine agonist SKF 38393 vs SKF 82958 vs quinpirole vs antagonist GBR 12909 vs procaine vs morphine, male rats, 17075
calcium channel antagonists & calcium dependent protein kinases, expression of behavioral sensitization to cocaine, rats, 4244
cellular & molecular actions of cocaine & amphetamine in mesoaccumbens & related dopamine systems & chronic exposure induced neuroadaptations & addiction & withdrawal states, 4295
cellular neuroadaptations underlying interactions between pharmacology of & learned associations made with pharmacologic effect of cocaine & associated behavioral changes of paranoia & craving, 1783
cerebrovascular toxicity, 25–58 yr old males with cocaine dependence asymptomatic of vasospasm, 21295
changes in mood & personality characteristics, cocaine dependent females in therapeutic community, 12 mo followup, 15638
changes in starting point of Bayley Scales of Infant Development II, test results, 11 mo 16 day to 12 mo 15 day old cocaine exposed infants, implications for intervention placement, 18044
characteristics & service provision & placement, infants exposed to cocaine in utero, 24515
chronic cadmium, cocaine vs apomorphine vs lithium chloride effects on conditioned place preference vs aversion, male rats, 36590
chronic caffeine in FI schedule of food reinforcement, behavioral responses to nicotine vs amphetamine vs cocaine, male rats, 7214
chronic cocaine exposure in late preweanling period, longevity of behavioral sensitization as seen in matrix crossings & stereotypy, rat pups, 4272
chronic cocaine vs GBR 12909 or RTI-117 vs nisoxetine, locomotor activity patterns, male rats, 13750
circadian genes mutation, cocaine sensitization, Drosophila, 33361
cis-flupenthixol, locomotor activity during withdrawal from self- vs experimenter-administered cocaine, male rats, 10533
citicoline treatment, mood states & craving, cocaine dependent adults, 15331
client vs therapist ratings of therapeutic alliance, depression & drug use outcomes, 19–59 yr old cocaine dependent outpatients in cognitive vs dynamic therapy vs drug counseling, 18473
clinical symptom overlap, patients with acute schizophrenia &/vs cocaine intoxication, 24286
cocaethylene administered with cocaine vs alcohol, schedule-controlled responding behavior, rats, 33486
cocaethylene, neurochemistry & behavior, adult male Long-Evans vs Sprague-Dawley rats, 4102
cocaine & 3-beta-phenyltropane cocaine analogs, antagonism of motor & antinociceptive & physiological effects of nicotine, male mice & rats, 23499
cocaine & alcohol use & stress & coping & social support characteristics, completers vs dropouts from residential treatment program for cocaine abuse, 15628
cocaine & haloperidol & clozapine & vitamin E & MK-801, brain dopamine dynamics following discontinuation of cocaine, male rats, model of schizophrenia, 768
cocaine & methylphenidate & amphetamine & propylnorapomorphine, locomotor activity & stereotyped sniffing, preweanling rats pretreated with U-50, 488 agonist, 17065
cocaine & MK-801, conditioned place preference, male rats, 10540
cocaine & tobacco use & spontaneous abortion, pregnant 14–40 yr olds with vs without spontaneous abortions, 22 wk followup, commentary, 11629
cocaine & tobacco use & spontaneous abortion, pregnant 14–40 yr olds with vs without spontaneous abortions, 22 week followup, 11632
cocaine &/vs heroin self-administration, nucleus accumbens extracellular dopamine concentration, male rats, 7204
cocaine abuse, patient history & treatment course, hospitalized schizophrenic patients, 8138
cocaine analog as tracer in SPECT to visualize blockade of serotonin transporters by fluoxetine in brain in vivo, 18 yr old female with bulimia nervosa & major depressive disorder, 15345
cocaine dosage, pharmacokinetic & metabolite profiles & response rate in contingency-controlled timing behavior, food-limited rats, 17056
cocaine hydrochloride, avoidance/escape & flight & freezing & defensive behaviors in response to threat from conspecifics, male rats, animal model, 33418
cocaine in medial preoptic area vs nucleus accumbens vs dorsal striatum vs dorsal medial hippocampus, maternal behavior vs motor activity, female rats, 17117
cocaine injections into endocrine system, plasma levels & locomotor & rearing activity, nonmaternal virgin vs lactating maternal rats, 4285
cocaine preexposure, acquisition of cocaine-induced taste aversion, female rats, 26837
cocaine priming threshold as measure of reinstatement of cocaine self-administration, male rats, 30040
cocaine self-administration, single neuron electrical activity in nucleus accumbens, male rats, implications for drug addiction, 23342
cocaine sensitization, responding for conditioned reward produced by intra-accumbens amphetamine, male rats, 13822
cocaine use vs abuse vs dependence, 22–62 yr old female monozygotic vs dizygotic twins, 1784
cocaine vs amphetamine in basal or central amygdala, locomotion & stereotypy & conditioned place preference, male rats, 20354
cocaine vs cocaethylene, acute development of tolerance to neurochemical & behavioral effects of cocaine, male rats, 36534
cocaine vs cocaine analog WIN 35,065-2 vs dopamine reuptake inhibitor GBR 12909 in ventral tegmental area, behavioral sensitization, rats, 7258
cocaine vs methylphenidate, dose-striatal dopamine transporter receptor occupancy & dose- locomotor activity effect relationships, male mice , 36559
cocaine vs morphine pre-exposure & conditioned place preference induced by dose range of cocaine & sensitization to the rewarding effects of the specific dopamine uptake inhibitor GBR12783, rats , 4240
cocaine withdrawal, midbrain dopamine neurons in substantial nigra pars compacts & ventral tegmental area, rats, 23533
cocaine withdrawal, serotonergic responsiveness, male rats, animal model of major depression, 625
cocaine, depressive symptoms during abstinence & subjective high produced by subsequent administration, cocaine-addicted males (aged 25–47 yrs), 34378
cocaine, estrous cycle stages & stereotypic behaviors & locomotor activity, female rats, 20359
cocaine, food- &/vs play-rewarded spatial discrimination in T-maze, neonatal male rats, 10678
cocaine, motor behavior, female mice with cortical-limbic induced compulsions, 33193
cocaine, responses of ventral posterior medial vs somatosensory thalamic neurons to peripheral receptive field stimulation & thalamic norepinephrine & 5-HT, male rats, 3903
cocaine, sensitized responding & conditioned locomotion, male vs female rats with neuronal nitric oxide synthase deficiency, 7213
comparative sociodemographic & substance use & psychiatric symptoms & medical status findings, adults seeking marijuana- vs cocaine-dependence treatment, 1761
conditionability of cocaine-induced oscillation, male rats, 33435
congruence of MCMI-II & MCMI-III, urban poor cocaine abusers (mean age 35 yrs), 3320
contingent vs noncontingent cocaine administration, drug-seeking behavior in reinforcement, male rats, 20327
crack cocaine & schizophrenia as risk factors for tuberculosis, 17–60 yr old inpatients with dual diagnoses in psychiatric unit , 9253
cue-induced craving, regional cerebral blood flow in limbic regions, cocaine dependent adults (mean age 37 yrs), 8252
D1 & D2 dopamine receptor antagonists, cocaine-induced self-stimulation & locomotor activity, male rats, 13764
delta-FosB expression, responsiveness to effects of cocaine, transgenic mice, 36571
demographic & medical & biologic & self-report measures of drug exposure & visual attention to familiar vs novel stimuli, cocaine vs non-cocaine poly drug exposed 38–44 wk olds & their mothers , 23721
demographic characteristics & drug histories, cocaine users (aged 10–49 yrs) in drug treatment, 34351
depressive symptomatology & cocaine-induced hypothalamic-pituitary-adrenal axis activation, adults with cocaine dependence, 34352
desipramine, buprenorphine- vs methadone-maintained opioid-dependent cocaine-abusing 20–53 yr old males vs females, 35004
dexamethasone attenuation of hypothalamic-pituitary-adrenal function at pituitary level, subjective & reinforcing effects of cocaine, 25–45 yr old crack cocaine abusers, 34379
dexamethasone vs aldosterone dosage, corticosterone & cocaine self-administration, male rats, 706
dextro-amphetamine, food intake vs sweet fluid with cocaine intake vs location preference, monkeys, 10574
diazepam & zolpidem, cocaine- & amphetamine-induced place preference, male rats, 10622
differential binding of benztropine-based photoaffinity ligands on dopamine transporters, male rats, animal model of cocaine abuse, 10675
discriminative stimulus effects of cocaine/heroin speedball effect, male rhesus monkeys, 4230
dopamine D1 vs D2 receptor specific antagonists, demand for smoked cocaine under chained FR schedules, monkeys, 26744
dopamine partial agonist terguride, cocaine self- administration, rats, 4250
dopaminergic neurotoxin methylphenyltetrahydropyridine, cocaine & methamphetamine-induced locomotor activity, mice, 20305
dosages of cocaine &/vs caffeine, conditioned place preference & locomotor activity & additivity, male rats, 626

dose of auricular acupuncture, cocaine abuse, residential & day treatment patients with mean age 30.2 yrs, 15612
dose-related association between chronic cocaine use & neurobehavioral performance, 21–46 yr old abstinent chronic cocaine abusers, 30869
dose–response relationship of gestational chronic maternal cocaine, onset of & established maternal behavior, lactating female rats, 7231
drug addiction & selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, commentary, 26733
drug use & medical & psychiatric & criminal history, male cocaine users with current vs past vs no iv use, 1789
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary, 14728
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary reply, 14763
early withdrawal from repeated cocaine, neostriatal muscarinic & dopaminergic receptor binding density, female rats, 10665
effect of availability of alternative reinforcer on responding maintained by food pellets or cocaine under FR schedule, adult male baboons, 33059
effects of amperozide on & source of cocaine-induced social withdrawal, male rats, 10642
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25516
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, 25518
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25544
efficacy of monetary reinforcers in drug rehabilitation, cocaine dependent patients (aged 20–55 yrs), 38619
estimation of annual deaths from tobacco & cocaine use & homicide, college students, 18046
ethanol content & food deprivation & cocaine, beer consumption, male rats, 7227
ethanol diet & cocaine, ethanol consumption & cocaine induced behavior & cocaine & ethanol levels & liver catalase & esterase activity, male rats, 13748
ethanol hangover, operant self-administration of cocaine, male rats, 7168
evolutionary constructivism as vantage point for understanding substance use & addiction, cocaine users, 11599
existence of outcome related neurophysiological subtypes, 17.7–48.5 yr old males with cocaine dependence in residential therapeutic community, 19077
exposure to cocaine cues, skin temperature & resistance & heart rate & self reported drug states & negative moods, male vs female cocaine dependent outpatients, 18073
exposure to cocaine in utero during acquisition & reversal learning of discriminative avoidance response, neuronal activity in cingulate cortex & limbic thalamus, male vs female Dutch-belted rabbits, 10377
flupenthixol &/vs quadazocine, self administration of cocaine & heroin speedballs, rhesus monkeys, implications for polydrug abuse treatment, 33450
gamma-hydroxybutyrate vs cocaine, mRNA expression of D1 & D2 dopamine receptors, male rats, 36619
gamma-vinyl GABA, cocaine self-administration & cocaine-induced reward, male rats, 33436
generalized matching law as explanation for choice under schedules of cocaine availability, cocaine- & food-maintained behavior, rhesus monkeys, 10680
ginsenosides, cocaine-induced hyperactivity & conditioned place preference & postsynaptic dopamine receptor sensitivity, male mice, 33426
haloperidol vs lorazepam, crack-cocaine-induced catatonia, 36-yr-old female, 2318
heroin & cocaine usage patterns, methadone patients, 1792
high vs low locomotor response to novelty, conditioned locomotor effects in cocaine place conditioning, male rats, 4185
HIV needle risk behaviors & drug use in injection drug users, crack-smoking vs non-crack smoking adults, 37552
hydroxydopamine-induced dopamine depletion in medial prefrontal cortex, motor & neurochemical response to cocaine, male rats, 33366
ibogaine pretreatment, dose-locomotor response function, rats chronically treated with cocaine vs saline, 33491
identification of subgroups, crack cocaine abusing, African-American women , 37553
important behaviors associated with relapse & magnitude of responding for cocaine &/or conditioned stimulus, male rats chronically self-administering cocaine followed by extinction, 33433
in vivo potency of methylphenidate vs cocaine in striatum vs cerebellum dopamine transporters for abuse liability, 30–40 yr old normal vs cocaine abusers , 30065
induction of cocaine tolerance, sensitization of cocaine induced behaviors, male rats, implications for animal model of addiction to psychomotor stimulants, 4130
injected & crack cocaine & heroin use & spread of HIV & AIDS in South America & Caribbean, 24744
intimate physical assault & PTSD, 20–51 yr olds seeking treatment for cocaine dependence, 21302
ip vs local infusion of chlorobenztropine &/vs cocaine, locomotor activity & stimulus discrimination & extracellular dopamine levels in nucleus accumbens, male rats, 20375
isradipine with naltrexone, cocaine enhancement of conditioned place preference & cocaine induced hyperactivity, rats, implications for treatment of cocaine use disorders, 4127
iv cocaine vs nicotine, subjective & physiological effects, 25–43 yr old cigarette-smoking cocaine abusers, 8357
iv self administered clonidine substitution for cocaine, reinforcing effects such as food intake & injection rates & sedation & toxicity signs, adult male baboons, 17119
iv vs oral cocaine, reinforcement response rate & non-reinforced response rate, male rats, implications for pharmacodynamics & pharmacokinetics, 26808
kappa opioid receptor agonist U69593, maintenance of cocaine self administration & reinstatement of drug-seeking, male rats , 26843
ketoconazole, cocaine discrimination & induced reinstatement of cocaine-seeking, male rats, 36585
ketoconazole, stressor-induced reinstatement of extinguished cocaine seeking behavior & generalization of discriminative stimulus to cocaine, male rats, 17061
lithium vs sucrose vs morphine vs cocaine UCS, caloric intake of sucrose CS, food-deprived male rats, test of reward vs aversion hypotheses of appetite suppression by drugs of abuse, 33404
long-term cocaine abuse, mood & performance on procedural & episodic memory tasks, abstinent patients with cocaine dependency (mean age 39.2 yrs), 11644
luteinizing hormone-releasing hormone, plasma cocaine levels, male vs female rhesus monkeys, 20336
mathematical analysis of changes in incidence of heroin/cocaine use, Switzerland, 1979–97, application of compartment model, 21317
mecamylamine, cue-induced cocaine craving, cocaine-dependent patients , 10646
methadone maintenance treatment, HIV risk behaviors, individuals (mean age 38.5 yrs) with cocaine dependence and abuse, 9242
methadone take-home contingencies, cocaine & opiate use, persistent opiate & cocaine abusers, 15613
methodological issues in clinical trials of cocaine pharmacotherapy, 21919
methylphenidate induced craving, glucose metabolism in brain, male cocaine abusers (mean age 36 yrs), 8294
microinfusions of opioid subtype-selective agonist & antagonist into ventral tegmental area, self administration of cocaine, rats, implications for role of mu opioid receptors in cocaine reinforcement, 10554
MK-801 or buspirone with vs without cocaine, cocaine conditioned effects, rats, 23493
mutism subsequent to crack-cocaine abuse, 35 yr old female, 37570
naltrexone implant, social interactions & cocaine-induced conditioned place preference, male rats, 10627
naltrexone in ventral tegmental vs dopaminergic area of mesocorticolimbic system, cocaine self-administration behavior, male rats, 13800
neuropsychological & executive functioning, 17–21 mo olds exposed to cocaine in utero, 20495
neuropsychological deficits, male patients who have withdrawn from cocaine, 21346
neuropsychological functioning, adult cocaine abusers with vs without alcohol dependence, 11636
neuropsychological performance, recently abstinent cocaine-dependent 18–45 yr olds, 1772
NMDA antagonists, cocaine-induced convulsions, male rats, 20390
NMDA receptor antagonist CPP, development & expression of conditioned hyperactivity & sensitization induced by cocaine, male rats, 23503
nonresponse vs response contingent delivery of cocaine & animal's cocaine history & sex, hypothalamic pituitary adrenal axis effects & corticotropin releasing hormone, rhesus monkeys, 26740
nucleus accumbens or ventral tegmentally infused brain-derived neurotrophic factor, cocaine-induced locomotor activity & reward responding, male rats & knock-out mice, 20303
operant responding on progressive ratio schedule for intravenous cocaine & sucrose reinforcement during reproductive process, female rats, 33416
opioid receptor agonists, analgesic effects of cocaine & more selective inhibitors of neuronal reuptake of dopamine & norepinephrine & serotonin, male rats, 13831
orphanin FQ administered to intraventral tegmental area, cocaine induced hyperlocomotion & sensitization, male rats, 26824
patient characteristics & group vs individual treatment & time in treatment, reduction in AIDS risky behavior, cocaine dependent outpatients (mean age 31.9 yrs), 9 mo followup, 9235
patient characteristics, cocaine using patients in inpatient treatment, 32035
pattern of use & dependence & criminal justice history & user characteristics, progression of use between powder cocaine & crack, 18–69 yr old arrestees, 18076
peri adolescent exposure to nicotine, subjective cocaine effects, adult male mice , 36570
pharmacokinetics of iv cocaine, males vs females assessed during follicular vs luteal phase of menstrual cycle with history of cocaine abuse, 26818
pharmacological & behavioral effects of 3-alpha-diphenylmethoxy-1alphaH,5alphaH-tropane analogs & similarities to cocaine effects, rats , 7219
pharmacological effects of methamphetamine-HCl & methcathinone-HCl & cocaine & ephedrine via inhalation exposure on locomotor activity, male mice, 10621
pharmacological treatment of cocaine abuse & dependence, 5659
phentermine, cocaine-maintained multiple fixed-ratio responding, male rhesus monkeys, 17122
phenytoin, cocaine self administration & cardiovascular measures & self reported craving, 20–45 yr old crack cocaine users, 18079
physiological & subjective & behavioral performance effects of graded doses of oral cocaine HCL, 24–45 yr old recent cocaine users, 23575
postnatal administration of cocaine with vs without Delta-9-tetrahydrocannabinol, open field behavioral response to D1 dopamine receptor agonist administration, male vs female rat pups, 26 day study, 33452
pre-exposure to ethanol in sensitizing conditioned place preferences toward cocaine & rewarding effects, rats, 4193
preclinical research on environmental determinants of cocaine self-administration, 30022
predicting dropouts from outpatient treatment, adults with cocaine dependency, 15630
prenatal & early postnatal cocaine exposure, phase responsiveness to light cycle & role of D1 dopamine receptors of suprachiasmatic nucleus in circadian timing, hamsters, 754
prenatal cocaine exposure, operant self-administration of ethanol, male mice, 36563
prenatal cocaine exposure, sensimotor development, 12 mo olds, 8333
pretreatment with 5-HT antagonist SB206553, cocaine-induced hyperactivity in open field test, male rats, 20331
pretreatment with 7-nitroindazole, cocaine-induced conditioned place preference, male mice & wild type vs mice lacking neuronal nitric oxide synthase gene, 4173
prevalence & subtypes of ADHD, hospitalized patients with alcohol &/vs cocaine dependence, 30876
propranolol vs nefazodone vs combination of phentermine & fenfluramine vs multivitamin treatment using open trials, 18–65 yr old cocaine dependent patients, 22263
reasons for combining cocaine & cigarette use & preference for mentholated or nonmentholated cigarettes, 26–59 yr old cocaine & nicotine dependent outpatients, 8389
reduction of N-acetyl aspartate in thalamus, 25–45 yr old cocaine abusers, 21324
regulation of iv nicotine vs cocaine self-administration, male rats, 26807
reinforcement magnitude, voucher-based reinforcement of cocaine abstinence, treatment-resistant methadone patients (mean age 35.7 yrs), 38620
reinforcement value of heroin/cocaine combination in progressive ratio schedule of drug reinforcement, male rats, 657
relationship betweensubstance abuse & patient characteristics associated with autonomy to mood disorders, 24–56 yr old cocaine using methadone patients, 17776
repeated brief separations during early neonatal period, cocaine self-adminstration behavior as adults, infant rats, 10614
repeated cocaine preexposure, fear-potentiated startle, male rats, 23509
repeated cocaine, responsiveness of nucleus accumbens to cocaine challenge, periadolescent rats, 10637
repeated smoked cocaine self-administration, plasma concentrations & heart rate & BP & subjective ratings of drug desire, male vs female 26–43 yr olds, 29994
responsiveness of central serotonergic system following cocaine discontinuation & prolactin responses to sequential DL-fenfluramine challenges, cocaine addicts, 25515
role of 5-HT1B receptors in modulation &/or mediation of cocaine self administration & reinforcement, male rats, 7235

role of neurotrophins & Ras/mitogen-activated protein kinase signal transduction cascade, behavioral sensitization to cocaine, male rats, 36449
role of novel cocaine & amphetamine regulated transcript peptide neurotransmitters & cotransmitters in drug abuse & feeding behavior & sensory processing & stress & development, 26611
role of prelimbic medial prefrontal cortex in development of cocaine-induced behavioral sensitization, lesioned rats, 4281
selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, 26833
selegiline, cocaine-induced changes in medial temporal lobe metabolism & euphoria, cocaine-dependent adults, 21296
self administered cocaine vs cocaine & heroin, breaking points in progressive ratio reinforcement schedule, male rats, implications for polydrug abuse & treatment, 4253
self-administration of cocaine, cortisol & adrenocorticotropic hormone release & hypothalamic-pituitary-adrenal axis function, rhesus monkeys, 23492
sensitization of operant behavior to cocaine with increasing & repetitive dosage regimens, rats, 13777
serotonergic vs dopaminergic vs muscarinergic antagonists, discriminative stimuli properties of S-16924 & cocaine, male rats, 20341
serotonin (5-HT) depletion & para-chlorophenylalanine, motivation & extinction of cocaine- and food-seeking behavior, male rats, 36629
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients in treatment for drug abuse, 12 mo followup, 25541
severity of abuse & length of stay in treatment, relapse & posttreatment outcomes, cocaine dependent patients, 12 mo followup, 25525
severity of choreoathetoid movements, 25–56 yr old males with cocaine dependency, 24512
sex & menstrual cycle differences & subjective effects, 20–45 yr old crack cocaine users, 27881
sex & ovariectomy with vs without estradiol &/vs progesterone supplementation, cocaine induced behavioral sensitization, inbred Fischer 344 & Lewis vs outbred Sprague-Dawley rats, 20371
sex, psychiatric comorbidity, cocaine using opiate addicts in methadone maintenance program, 9241
short vs long-access to cocaine, dose–response curve in drug self-administration escalation, rats, implications for role of hedonic set point, 616
single pretreatment with NMDA antogonist MK-801 vs cocaine, locomotor response, rats, implications for physiology of addiction & neurodevelopmental hypothesis of psychoses, 30041
social support networks, self efficacy & condom use, female crack cocaine abusers not in treatment, 5088
stigmatized image of being a crack head as barrier to cocaine use, 16–21 yr olds at risk for drug abuse, 18043
stimulant drug treatment as an HIV prevention tool, cocaine & methamphetamine abusers, 9251
striatal dopaminergic abnormalities, adult cocaine users, 10435
subject-collateral reports of substance abuse, alcholic inpatients with vs without cocaine dependence, 21348
subtle effects of early exposure to cocaine during pretanal life, 1788
technology transfer of Network Therapy vs treatment as usual, patients with cocaine abuse, 15625
time course of 2-beta-propanoyl-3-beta-(2-naphthyl)-tropane vs cocaine, spontaneous locomotion & biogenic amine transporters, male rats, 4138
time-course of discriminative & subjective effects of oral cocaine & acquisition of discrimination of placebo vs oral cocaine, 22–35 yr old male cocaine abusers, 34354
timing & duration of prenatal cocaine exposure, motor development, 4 mo olds, 37582
transcription factor CREB & mutant form, rewarding effects of cocaine & response at opioid receptors, nucleus accumbens, rats, 7171
transitions in route of cocaine administration, adult current and ex-cocaine & crack users, 30881
treatment modality, psychosocial functioning, cocaine-dependent male veterans, 2 yr followup, 12518
treatment outcomes & completion of high vs low intensity cognitive-behavioral therapy, cocaine dependent methadone patients, 15 mo followup, 25539
treatment with NBQX an AMPA receptor antagonist, behavioral sensitization induced by methamphetamine or cocaine doses, male rats, 618
trial duration & cocaine dose & genetic differences in sensitivity to & rewarding effect of cocaine, cocaine-induced conditioned place preference, C57BL/6J vs DBA/2J male mice, 36543
tropane analog self-administration & selective binding affinity for dopamine vs 5-HT transporters, male rats trained to self-administer cocaine, 26839
type IV phosphodiesterase inhibitors Ro 20-1724 & rolipram, food-reinforced cocaine self-administration, male rats, 10600
untreated symptoms of posttraumatic stress disorder, cocaine-dependent patients in pharmacologic trial, 36-mo study with 3-mo followup, 8343
use of single session Eriksonian & traditional hypnosis treatment, male cocaine addict, 31745
validity & reliability of Cocaine Risk Response Test, prediction of relapse & change in coping ability in relation to intervention type, Ss with cocaine dependency (mean age 29.4 yrs), 9877
validity & reliability of Voris Cocaine Craving Scale, 27–62 yr old recently withdrawn cocaine-dependent patients, 11639
validity of Timeline Follow-Back & weekly calendar reports as self-report methods for estimating cocaine use, patients with cocaine use disorders, 11617
vulnerability & proximal factors in relapse & near miss episodes & aftercare, adult cocaine-dependent patients, 1 yr followup, 34365
withdrawal from continuous cocaine administration, duration of behavioral tolerance to cocaine & covariance of behavioral tolerance & accumbens 5-HT3 receptor functional down regulation, male rats, 17050

Cocaine—Books

Cocaine abuse: Behavior, pharmacology, and clinical applications, 5096

Cocaine—Chapters

An alternative path to exceptionality: Prenatal effects of teratogenic substances on developmental processes, 28059
Basic pharmacological mechanisms of cocaine, 4311
Behavioral pharmacology of cocaine and the determinants of abuse liability, 4307
Behavioral pharmacology of cocaine, 794
Behavioral-environmental determinants of the reinforcing functions of cocaine, 4309
Clinic and laboratory studies on the use of incentives to decrease cocaine and other substance use, 18578
Cocaine and a mechanism for long-term changes in gene expression, 18094
Cocaine and stimulants, 5112
Cocaine effects on brain function, 3805
Cocaine legalization: Designing the experiments, 6487
Cocaine self-administration research: Implications for rational pharmacotherapy, 5949
Controlled laboratory studies on the effects of cocaine in combination with other commonly abused drugs in humans, 5117
The crack epidemic: Drug addiction in women, 1824
Criminal justice responses to adult substance abuse, 15660
Differential therapies and options, 5940
Disability income, cocaine use, and contingency management among patients with cocaine dependence and schizophrenia, 18098
Effective treatment of homeless substance abusers: The role of contingency management, 18586
Evaluation of potential pharmacotherapies: Response to cocaine challenge in the human laboratory, 4308
Historical overview of other abusable drugs, 14786
Monitoring cocaine use during contingency management interventions, 18584
Neuroanatomical bases of the reinforcing stimulus effects of cocaine, 3804
Pharmacology of cocaine, 781
Preclinical evaluation of pharmacotherapies for cocaine abuse, 4314
Prenatal exposure to cocaine, 5118
Psychological and psychiatric consequences of cocaine, 1813
Relapse to cocaine use, 5107
Stimulants: Amphetamines and cocaine, 34398
Tolerance and sensitization to cocaine: An integrated view, 4315
Treating cocaine abuse: What does research tell us?, 5953
Treatment of cocaine abuse in methadone maintenance patients, 5969
Vulnerability to cocaine abuse, 5102

Cochlea—Serials

computational model of cochlear neuronal stimulation & formation & variability of tonotopic maps in auditory cortex, 32484
contralateral complex tones, variations in amplitude of transiently evoked otoacoustic transmissions, normal hearing adults (mean age 23.85 yrs), 6809
effects of cochlear hearing loss on auditory brainstem response test specificity & false positive rate in retrocochlear assessment, patients referred for auditory brainstem response screening, 28239
electrocochleographic assessment of residual hearing, 0–6 yr olds with severe hearing impairment, 15 yr study, 28236
insert earphone decibel, detectability of cochlear & acoustic nerve & brainstem potentials, normal preterm newborns, 7388
model of pure-tone loudness perception, adults with cochlear hearing loss, 34708
monotonic vs dichotic musical interval identification, complex tone pitch perception, 61–74 yr olds with high-frequency cochlear hearing loss, 34697
nonlinear systems identification of salicylate vs noise-induced cochlear damage, gerbils, 31
recruitment of auditory cortex by long-term cochlear electrostimulation, congenitally deaf cats, implications for hearing acquisition in prelingually deaf infants, 33166
temporal factors, tuning of difference tone vs cochlear nerve compound action potential to dual vs single tones, gerbils, 550
temporal integration of loudness, 32–72 yr olds with hearing impairments of primarily cochlear origin, 24876
white noise amplitude & tuning frequency variability, cochlear auditory nerve fiber response modeled mathematically, gerbils, 29860

Cochlear Implants—Serials

biophysical/physiological & psychophysical & clinicopathological approaches to analysis of cochlear prosthetic implant function, implications for treatment of sensorineural hearing loss, 34710
cognitive performance & speech understanding, deaf adults with cochlear implants, 2478
complex patterns of electrical stimulation, temporal processing abilities, prelingually deafened cochlear implantees, 38635
duration of forward masking & temporal integration, performance in speech perception tasks, adult cochlear implant users, 15057
effects of auditory deprivation & subsequent cochlear implants & stimulation on maturation of central auditory system, 6-yr-olds with profound hearing impairment, 11 yr study, 37950
electric vs acoustic amplitude modulated pulse trains, perception of temporal pitch, normal-hearing adults vs cochlear implantees, 6808
English language & grammar achievement, prelinguially deaf children with vs without cochlear implants vs hearing aids, 18469
forward masking as measure of temporal & spatial interactions, speech-recognition skills, cochlear-implant Ss , 13244
method in enhancing speech envelope in continuous interleaved sampling processors for cochlear implants, deaf persons, 19109
noise & spectral resolution, vowel & consonant recognition, adults with cochlear implants , 9015
parameters in prediction of post operative performance, cochlear implant users with postlinguistic deafness, 22286
pulse rates & stimulus duration & measures of speech-perception performance & auditory deprivation & experience & gap-detection thresholds, early-deafened cochlear-implant 9.3–21.5 yr olds , 15403
raised vs threshold stimulation levels for active electrodes in Nucleus 22 cochlear implant, understanding of soft speech sounds with SPEAK speech coding strategy, deaf 39–70 yr olds, 32066
recognition of sentences produced through simulations of cochlear implant signal processors with 6–20 channels, normal hearing 22–55 yr olds, 9012
stimulation mode, threshold & loudness growth, deaf male patients with multielectrode cochlear implants, 15056

Cockroaches—Serials

forced exercise, learned helplessness, female cockroaches, 16747

Code Switching—Serials

bilingual anticipation, picture-word processing, English monolingual Ss vs Spanish-English bilingual Ss functioning in monolingual mode, 23079
codeswitching patterns, Spanish–English bilingual 44–66 yr olds with vs without aphasia, 15028
conversation vs discourse analysis of language mixing in conversation, 75–89 yr old females with Alzheimer's disease, 21555
language switching & selection & response latencies during naming task, 23–44 yr old bilingual speakers, 10122
phonemic vs semantic vs alternation word fluency, patients with Parkinson's disease (mean age 66.4 yrs), 15051
preferred language used in sleeptalking episodes, balanced vs dominant 3–17 yr old bilingual Basque children, Spain, 23714
retrieval in analogical transfer of problem solutions within & between languages, Spanish–English bilingual adults, 16636

Codeine—Serials

characteristics of dependent vs nondependent regular users of codeine, 18–82 yr olds, 27882
characteristics of long-term codeine use & associated mental health issues, Ss (mean age 44 yrs), 27877

Codeine Sulfate [See Codeine]

Codependency—Serials
development & validity of Codependency Assessment Tool, adult females in abusive & potentially harmful relationships, 1462
developmental & crisis & shock & grief stages of codependent recovery, female spouses (aged 26–63 yrs) of sex addicts, 25088
manifestations of narcissism, codependent clients, 37263
parental alcoholism & self-labeling & endorsement of adult children of alcoholics & codependency traits, college students, 11613
prevalence & symptoms of codependency, 22–72 yr old females receiving outpatient treatment for depression currently or in past, 8101
prevalence of codependency, 23–73 yr old male vs female helping professionals, 19209
shame proneness & low self-esteem & parentification & codependency, 17–48 yr old college students, 11241
validity of Cermak co-dependence scale, spouses & relatives of alcoholics, 26163
validity of Spann-Fischer Codependency Scale & relationship of codependency with age & sex & self-confidence & autonomy & succorance, college students, 11214
Codependency—Books
Codependent forevermore: The invention of self in a Twelve Step group, 31748
Coeds [See College Students]
Coeducation—Serials
federal mandates for forced school desegregation & coeducational programs, curricular & teaching decisions, veteran middle school physical education teachers, 2832
perceptions of coeducational vs same-sex physical education classes, male vs female 6–8th graders, 2956
single-sex vs coeducational schooling & socioemotional & academic development of adolescents, 6099
Coercion—Serials
appraisal of partner coercive control & aggressive behaviors in violent vs non-violent dating relationships, college students, 37458
calloused sexual beliefs & sexual coercion history & token resistance, decision latency to stop coercive interaction during date rape, male college students , 30915
co-occurrence of obsessive relational intrusion & sexual coercion, college students self-identified as victims of relational intrusion or stalking, 11131
coercion as control of behavior through punishment & negative reinforcement vs positive reinforcement in educational settings, 35514
correlates of sexual coercion vs rape, 20–35 yr old females at increased risk for sexual victimization due to sexual activity & alcohol consumption, 21270
demographic & problem characteristics & sources & levels of coercion into alcohol treatment, 18–55+ yr olds, 19076
dynamics of coercion & resistance in cognitive social control, violent offenders in prison, 15689
experiences of & reactions to sexual coercion, male vs female college students, 4679
forced confabulation, false memory susceptibility, 1st vs 3rd–4th graders vs colleges students, 855
gender & attitudes toward women & past/current relationship & alcohol & coercion strategies & victim resistance & rape justifiability, path model of sexual coercion, 37593
interactive processes & mediating factors, perception of coercion, 17–64 yr old patients admitted to psychiatric hospital voluntarily vs involuntarily under law, New Zealand, 19511
interrogative suggestibility & anxiety & drug/alcohol withdrawal & memory disturbance, coerced false confessions to robbery, 21 yr old male & 22 yr old female, 37507
perceived coercion, patients admitted involuntarily vs voluntarily & detained in psychiatric hospital, 19022
processes of acquiescence to unwanted sex, 21–74 yr old married females or in long-term intimate relationship, 37440
psychological & pharmacological effects of alcohol, ability of sexually coercive & noncoercive Ss to discriminate when female wants partner to stop sexual advances, 21–29 yr old male college students, 21253
sexual coercion & health risks & recommendations for prevention, females with severe mental illness, 24176
sexual coercion, lesbian & gay couples, 24476
unskilled parenting & other childhood risk factors, adolescent fatherhood, 18–20 yr old males, test of family coercion model of childhood antisocial behavior, 837
use of coercion for admission of offense in therapy, incarcerated male 14–18 yr old sexual offenders, 35373
use of coercion in psychiatric care & conflicts with patients & nursing staff & legal & ethical demands & need for reflection & support, 27–52 yr old physicians & assistant physicians, 35186
Coffee [See Beverages (Nonalcoholic)]
Cognition—Serials
"cool" cognitive vs "hot" emotional dynamic systems in willpower as exemplified by delayed gratification paradigm, 11257
age as main effect vs intervening variable in age-related changes in cortical acetylcholine & cognition, rodents, 3906
Axis II personality pathology & dysfunctional cognitions, formerly depressed adult inpatients, 11499
behavioral analysis movement away from animal to human testing & application of relational frame theory approach to analysis of language & cognition in humans, 36208
black tea vs coffee vs caffeinated vs plain water vs decaffeinated tea, cognition & psychomotor performance, adults (mean age 29.2 yrs), 681
cognition of conversation partner's false belief & readiness to issue a corrective statement, 3 vs 5 yr olds, 17383
cognitive efficiency as measured by short-term memory & spatial orientation & visual-spatial perception & problem solving, alcohol &/vs polydrug abusers, 1797
cognitive impenetrability of & effects of cognition on visual perception, commentaries & reply included, 26345
cognitive reserve & cognition & functional ability & depression & mortality rates, 65–84 yr old dementia patients, 37837
cognitivist studies of organizational thinking & theory, 9634
comparison of studies discussing role of pragmatics in determining what speakers say vs what speakers implicate, 13277
competence & performance in false belief understanding, autistic 7–18 yr olds vs normally developing 3 yr olds, 17286
connectionist computational simulation model of role of dopamine & prefrontal function in cognitive control, patients with schizophrenia, 30698
cyclic interaction and its base in human–computer interaction & application to cognition & cognitive psychology, 3553
D. F. Benson's taxonomy & neurological & cognitive manifestations of alexia & agraphia, 15021
Darwin-like mechanism of chaotic evolution of animals & humans & model on relationship between thoughts & feelings & actions, 17145
development of teaching & learning skills within situated cognition in physical therapy graduate program, graduate students, 22460
dialogic approach to self & cognition & interactional structure in autobiographical narrative discourse, 14361
differential maze-solving performance on puzzle feeder task as test of global cognition, young vs aged female cynomolgus monkeys, 29702
disturbances in sexual arousal & degree to which disturbances are consequence of dimunition of ability to form & manipulate sexually arousing imagery, 21–61 yr old males with traumatic brain injury, 31206
emotional discourse as result of fixed cognitive scenarios vs flexible range of oppositions & contrasts, commentary, 33542
emotional discourse as result of fixed cognitive scenarios vs flexible range of oppositions & contrasts, 33545
emotional discourse as result of fixed cognitive scenarios vs flexible range of oppositions & contrasts, commentary, 33548
ethanol &/or nitrous oxide, mood & cognitive & psychomotor performance & pain, healthy 21–39 yr olds, 771
face perception vs non-perception of Mooney face stimuli, EEG gamma-band visual cortex electrical activity & phase synchrony, 20–30 yr olds, 10447
feelings about & thoughts about reasons for violence in their lives & ways of surviving & growing, 10–17 yr olds of battered women or refugees of war, 17975
increasing age, cognition, nondemented 50–90+ yr olds, 5-yr study, 20668
individual difference characteristics & moderators of relation between age & cognition, crossword puzzle proficiency, 18–80 yr olds , 19811
informational atomistic vs traditional theory of concepts in human cognition, commentary on J. Fodor's concept of metaphysics & epistemology of conceptual content, 13290
interdisciplinary & comparative psychological study of animal cognition & tool & mirror use & imitation & self-recognition & attributional processes, nonhuman animals, 13381
interference & inhibition in cognition & behavior, implications for educational psychology, 19211
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28909
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28911
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28903
interference & inhibition in cognition & behavior, implications for educational psychology, commentary reply, 28904
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28912
introduction of referential behavior theory as path for reconciliation of dynamical & information-processing accounts of action & cognition, 35839
language-inherent classification & mental representations of classifiers in cognition & memory & evaluations, English vs Chinese speaking adults, 6878
left prefrontal rapid transcranial magnetic stimulation, mood & cognition & motor evoked potential threshold, 30–74 yr olds with medication resistant major depression, 21987
MDMA, mood & cognition before vs during vs after a Saturday night dance, 19–30 yr old regular vs novice MDMA users vs controls who had never taken MDMA, 729
memory & comprehension & cognition in older adults, 23717
memory scanning performance & cognitive & affective effects of worry, 19–56 yr olds with anxiety, 1660
metaphysical account of radical emergence vs dualistic vs physicalistic accounts of consciousness & cognition, 319
methodological issues in study of emotion & relation of emotion to cognition & operation of affect system & evaluative processing, 13365
model of cognition from perspective of Peircean semiotics & role of inference, 6845
mood & cognitive failure, pregnant working women (mean age 27 yrs), commentary reply, 12902
mood & cognitive failure, pregnant working women (mean age 27 yrs), commentary, 12896
mood & neuropsychological functioning & cognition, 19–44 yr old premenstrual dysphoric disorder patients , 24214
neural cognition as supported by non-neural storage of 3-dimensional model of local space used in movement planning, theory & basis of phenomenal consciousness, 13374
personality & cognition & social networks & aging as predictors of perceived loneliness & physical health, 60–106 yr olds living independently, 33963
preference for teleological explanations of natural world, first vs second vs fourth graders vs college students, 36744
reliability of Maternal Cognition about Infant Sleep Questionnaire, assessment of sleeping problems, mothers of 13–16 mo olds, 1 mo study, 13103
role & context of corticosteroids & mineralocorticoid & glucocorticoid receptors, ability to cope with stress & cognition & memory performance, humans, 36408
roles of affect & cognition, attitude formation from product trial of hedonic vs functional products, college students, 9679
situated cognition & assessment of competence in science education about simple machines, Grade 6–7 students, implications for measurement process & assessment, 6215
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), erratum, 23450
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), 10508
steroid hormones & verbal & visual & semantic memory & concentration & attention & language fluency & mood, males vs females (average age 72.1 yrs), 4516
supportive function of perceptual attention for cognition & categorization, commentary, 10112
supportive function of perceptual attention for cognition, 10115
supportive function of perceptual attention for cognition, commentary reply, 10153
supportive function of perceptual attention for cognition, commentary, 10084
supportive function of perceptual attention for cognition, commentary, 10148
tasks of behavioral scientist when addressing cognition & insanity, 39089
theory of language as human instinct, commentary, 36664
thyroid hormone functioning, cognition, healthy euthyroid older males, 17414
Cognition—Books
Acceptance and commitment therapy: An experiential approach to behavior change, 34824
Animal models of human emotion and cognition, 36302
At play in the fields of consciousness: Essays in honor of Jerome L. Singer, 13376
Conceptual development: Piaget's legacy, 20533
Ecological approaches to cognition: Essays in honor of Ulric Neisser, 16614
The evolution of mind, 890
Fleeting memories: Cognition of brief visual stimuli, 26415

From language to communication (2nd ed.), 33537
The hippocampal and parietal foundations of spatial cognition, 29875
Knowledge representation, 6880
Mind and cognition: An anthology (2nd ed.), 13318
The MIT encyclopedia of the cognitive sciences, 23122
Perception and cognition at century's end, 142
The presence of mind, 23615
Sex and cognition, 23120
Social context and cognitive performance: Towards a social psychology of cognition, 33940
Spoken and written discourse: A multi-disciplinary perspective, 36680
The war between mentalism and behaviorism: On the accessibility of mental processes, 32936
Cognition—Chapters
Advances in the cognitive neuroscience of neurodevelopmental disorders: Views from child psychiatry and medical genetics, 30968
Aggression, 1296
Beliefs about purpose: On the origins of teleological thought, 33637
Cognition and affect in medication adherence, 22027
Cognition, behavior, neurochemistry, and genetics in Prader-Willi syndrome, 31113
Cognitive functions of the frontal lobes, 7103
Cognitive theories of post-traumatic stress disorder, 21203
Communication problems resulting from brain injury in children: Special issues of assessment and management, 37932
Comparative music perception and cognition, 205
Complex systems methods in cognitive systems and the representation of environmental information, 32951
Concepts and categorization, 264
Conceptual and methodological issues in dyslexia research: A lesson for developmental disorders, 30994
Conceptual development in the child and in the field: A personal view of the Piagetian legacy., 20535
Consciousness and meaning, 13332
Creative cognition, 7969
Designing medication instructions for older adults, 20673
The development of music perception and cognition, 891
Down syndrome in cognitive neuroscience perspective, 30970
Effects of differential experience on brain and cognition throughout the life span, 36479
EPAM to EGO: A cognitive journey, 16618
Externalism and memory, 4332
Getting a grip on reality, 16620
Hierarchical expectation and musical style, 208
How does an advisor influence a student?, 19169
Human cognitive evolution, 33045
Information from the world around us, 143
Integrating affective, behavioral, and cognitive factors in stuttering, 18234
Interpersonal and cognitive pathways into the origins of attributional style: A developmental perspective, 11393
Linking cognition, brain structure, and brain function in Williams syndrome, 31090
Modeling working memory in a unified architecture: An ACT-R perspective, 19879
Multimodal integration for the representation of space in the posterior parietal cortex, 29876
The nature of human concepts: Evidence from an unusual source, 26427
The nature of human concepts: Evidence from an unusual source, 32946
Neural nets, temporal composites, and tonality, 203
Neuroimaging and activation of the frontal lobes, 7105
Neuropsychiatry of the right frontal lobe, 7101
On the social nature of human cognition: An analysis of the shared intellectual roots of George Herbert Mead and Lev Vygotsky, 6891
Peer and self perception of children with short stature—The role of recognition, 23673
The perspective of situated and self-organizing cognition in cognitive psychology, 32949
Philosophy, perception, and cognitive science, 147
Pictures and their special status in perceptual and cognitive inquiry, 185
Prader-Willi syndrome: Toward a behavioral phenotype, 31095
Pragmatics, cognition, and communication in traumatic brain injury, 37931
Problems of transfer of classroom mathematical knowledge to practical situations, 6224
The relevance to psychology of Antonio Gramsci's ideas on activity and common sense, 9786
Savant syndrome—Rhyme without reason, 30971
Self-recognition in nonhuman primates: Past and future challenges, 36319
Situated agency and the descent of desire, 36657
Social norms and other minds: The evolutionary roots of higher cognition, 262
Sources of environmentally destructive behavior: Individual, organizational, and institutional perspectives, 29225
Turner syndrome: Potential hormonal and genetic influences on the neurocognitive profile, 31108
Unity and diversity in knowledge, 17308
Using what we know: Commitment and cognitions in marital therapy, 38176
Vygotsky: The social negotiation of semiotic mediation, 7361
Working memory: The multiple-component model, 19874
Cognition Enhancing Drugs [See Nootropic Drugs]
Cognitions [See Also Expectations, Irrational Beliefs]—Serials
affect-based vs cognition-based dissonance, strategies & motivated reasoning & health-related persuasion, female college & graduate students, 29573
antecedents & behavior & cognitions & attitudes & experiential response dimensions, 18–22 yr old anger prone individuals, 27402
anxiety sensitivity & threat-related cognitive biases, college students, panic disorder premorbidity implications, 13297
application of Q methodology to counselor education for giving meaning to transitive thought & deepening of self understanding & understanding feelings in thought, 28829
attitudes & perceptions & expectations & cognitive & normative influences on binge-drinking & nonbinge-drinking alternative activities, binge-drinking tendencies, college students, 33858
behavioral activation & lack of concern as possible core symptoms of anorexia nervosa, 1891
beliefs about responsibility & control & threat estimation & tolerance of uncertainty & concern about anxiety & capacity to cope, patients with obsessive compulsive vs other anxiety disorders, 8203
causal structure of appraisals & coping & stress, 50 yr old & older females undergoing breast cancer screening, test of predictive power of cognitive-appraisal model, longitudinal study, 37801
cognitions concerning body perception & illness behavior & health, patients with somatization syndrome & /or hypochondriasis, 1948
cognitions, patients with generalized anxiety disorder & panic disorder , 21173
cognitive & behavioral & personality correlates of unsafe sexual behavior, HIV-positive 18–59 yr olds, 11845
cognitive bias in eating disorders, cognitive-behavioral theory & therapy implications, 37718
cognitive coping strategies, psychological well being, 29–69 yr old females with history of childhood sexual abuse, 1719
cognitive factors & attitudes in etiology of & proclivity to rape, male rapists, 11519
cognitive factors related to onset & maintenance of PTSD, adult sexual or physical assault victims with recovered vs persistent vs no PTSD, 30773
comparison of structural models representing turnover cognitions, sales personnel, 3090
coping self-talk & negative cognitions, task performance, 5th–6th graders with high test anxiety, 28966
deliberate suppression of rape-related thoughts, frequency of intrusive thoughts, female rape victims (mean age 28.5 yrs) vs non victims, 8377
depressive predictive certainty & causal certainty & depressive symptomatology, students, 6-wk prospective study, 17868
development & reliability & validity & psychometric properties of Reasons for Living Inventory for Adolescents, assessment of suicidal behavior, clinical & nonclinical 14–18 yr olds , 6624
development of Scott–McIntosh Rumination Inventory, measurement of emotionality or motivation or distraction component of thoughts about failed goal pursuits, college students, 16327
developmental & clinical differences in on-line representation of ongoing social events, 5–10 yr olds with vs without ADHD, 18128
dispositional optimism & pessimism & monitoring & stress-response symptoms of intrusive thoughts & avoidance & coping, predictors of anxiety & depression, females with Stage I–Stage IV breast cancer, 24755
dysfunctional cognitions & poor problem solving, prediction of hopelessness, depressed outpatients, implications for assessment & prevention of suicidality, 34096
early parental preoccupations & behaviors in caregiving & parent–child relationship building & obsessive-compulsive disorder symptoms, 22–49 yr old parents, 8 mo prepartum vs 2 wks vs 3 mo postpartum, 33785
eating & weight-related cognitions, 12–17 yr olds with chronic illness with vs without special dietary recommendations, 24722
effect of choice on cognitive & affective engagement during reading, college students, 9529
emotional & behavioral & cognitive responses to dissatisfaction with core service failure, college students, 32425
evolutionary psychology perspective on cognitive distortions, 8052
experiences & emotions & perceived control & support earthquake cognitions, preparedness behavior, earthquake survivors, 14322
facilitated vs inhibited RTs as measures of mental representations of self vs in- vs out-groups vs relationship partners, college students, 23995
factor analysis & utility of cognitions & affective states in differentiation of symptoms of anxiety & depression, community-dwelling 65–93 yr olds, 17689
framework for medical reassurance & patients' responses, 2468
frequency of & ability to control negative cognitions about dental treatment, dentally anxious vs nonanxious 18–75+ yr olds, 18827
general cognitions & attributions of parent & self, abused or aggressive 6–11 yr olds & their mothers, 34267
group cognitive-behavior therapy, changes in cognitions, recovered vs nonrecovered mood disordered patients following treatment for depression, 31531
implicit & explicit measures of prejudice & normative protection against discrimination & acceptability of negative opinion expression, Italian Catholic 12–93 yr olds, 20859
level of relationship satisfaction, concurrent cognitions during conversation, 17–31 yr old heterosexual romantic couples, 17589
Marxian views of improvisational dances & productive & textual relations & liberated subjectivities, college students, 27265
modular or contextual knowledge representation analysis & integrated instructional design theory & methodology for information analysis & goals for automated instructional systems, 19484
motivational & experiential thinking factors in pseudoscientific beliefs, 7916
negative affective cues & activation of alcohol concepts, 21-54 yr old problem drinkers with high vs low psychiatric distress, 27893
negative campaigning, voting & semantic differential & thought listing, college students, 7718
negative mood, dysfunctional attitudes, adult females vulnerable vs not vulnerable to depression, 4917
news frames, thoughts & recall, college student readers, 36689
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1625
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1576
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, 1575
opinions about & use of mental skills in teaching, 24–68 yr old junior tennis coaches, 19446
origins of inflated sense of responsibility, patients with obsessive compulsive disorder, implications for therapy, 34227
perceived vs actual alcohol intake, subjective anxiety & heart rate & cognitions, 21–60 yr olds with social phobia, 30778
person-first vs direct-label terminology, beliefs & attitudes of fluency & other speech-language disorders, parents of & speech-language-hearing impaired clients & speech-language pathology students, 14417
personality factors & cognitions & behavior in development & progression of excessive exercise, female adolescent patients with anorexia nervosa, test of nonrecursive structural equation model, 24651
physical disability & pain experiences & internal vs external locus of control cognitions, prediction of adaptation & depression & anxiety, 16–69 yr olds with spinal cord injury vs multiple sclerosis, 8503
preoccupying cognitions & working memory deficit associated with weight-loss dieting, female high vs low/medium restraint eaters vs dieters, 227
principles of Best Test Theory of Extension, extension of natural kind concepts in language of thought, 36640
program-induced mood, processing of & cognitions & attitudes about embedded TV advertisements, undergraduate students, 6386
psychological functioning & reasons given for attempting suicide, 12–17 yr old suicide attempters admitted to pediatric general hospital, 8247
psychometric properties of White Bear Suppression Inventory & its association with dimensional & categorical measures of psychopathology & proneness to dissociation, psychiatric outpatients, 29393

psychometrics of Pain Cognitions Questionnaire & underlying assumptions of cognitive behavioral therapies, severely impaired chronic pain patients, 1 mo followup, 9900
qualitative & quantitative analysis of verbal protocols & thoughts while teaching, experienced ESL teachers, 22403
reason-giving for & rumination in response to depression, reactions to activation- vs insight-oriented psychotherapy, 20–65 yr olds, 28280
relational vs couple identity vs biological sex, relationship thinking & relationship satisfaction, 18–59 yr old married vs unmarried couples, 37045
relationship between intellectual level & dysfunctional cognitive style–irrational beliefs measured by Shipley Institute of Living Scale & Revised Questionnaire of Absolutistic Thinking, 17–37 yr olds, 6587
relationship of attachment cognitions & social support, 16.42–19.42 yr old female urban high school seniors, 4 yr followup, 36807
relationship of cognitive process of catastrophizing to general looming maladaptive style & looming vulnerability to potential catastrophes, 18–53 yr old college students, 17684
reliability & validity of Posttraumatic Cognitions Inventory, measurement of trauma-related thoughts & beliefs, traumatized patients with vs without posttraumatic stress disorder, 30775
ruminative response style, vulnerability to dysphoria, currently vs previously vs never dysphoric college students, 4921
sad-mood induction, Dysfunctional Attitudes Scale ratings & reported mood, previously vs never depressed college students, test of mood-state hypothesis of cognitive dysfunction, 14297
secondary agenda in classroom activities to increase students' awareness of their assumptions & biases, 32235
self esteem & loneliness & fatalism & pessimism & depression, risk of suicidal thinking & ideation, 10–17 yr olds with vs without history of suicide attempts, 8286
similarity judgment & attribute ratings, organization of cognitive verbs, German vs Japanese adults, implications for cultural commonality & variation in folk theory of mind, 36236
suppressing chocolate-related thoughts in articulated thoughts tasks, performance of behaviors related to thoughts, cravers vs noncravers, 19813
suppression of negative emotionally relevant thoughts, thought frequency, implications for understanding development & persistence of emotional disorders, 34075
test reliability & validity & norms of Swedish version of Dysfunctional Attitude Scale, depressive cognitions, euthymic outpatients with unipolar depressive disorder & normal adults, 87
theories of cognitive approaches to delusions, comment , 37258
theories of cognitive approaches to delusions, comment, 37257
theories of cognitive approaches to delusions, comment, 37264
therapists mental processes & learning & teaching of time-limited psychodynamic psychotherapy, 28833
thought suppression & compulsive ritualistic behavior, 17–39 yr old college students, 24037
thoughts & feelings & perceived exertion during prolonged maximal run, physiological responses, well-trained male runners (mean age 32.36 yrs) who finished vs did not finish running task, 7145
thoughts & images during anxiety, patients with generalized anxiety disorder vs panic disorder, 8166
thought–action fusion & responsibility as causal factors in development of obsessive intrusions, 16–20 yr olds, 13304
training in meditation, occurrence of spontaneous thoughts during working memory task vs recitation of prayer vs quiet, 19–53 yr olds, 29550
typology of cognitive distortions & self beliefs, problem gamblers, 34305
use of counseling relationship to change thoughts & feelings & actions & other relationships & earn opportunities for further guidance services, students with conduct disorder & school counselors, 25829
worry as coping strategy in cognitive model of generalized anxiety disorder, 37415

Cognitions [See Also Expectations, Irrational Beliefs]—Books

Knowledge representation, 6880
Self-theories: Their role in motivation, personality, and development, 20960
Visual journaling: Going deeper than words, 35051

Cognitions [See Also Expectations, Irrational Beliefs]—Chapters

Beliefs about memory and aging, 32991
The child with attention-deficit/hyperactivity disorder in family contexts, 24507
Children as folk psychologists: The developing understanding of the mind, 13918
Conflicting mindscapes and the inevitability of stress in teaching, 22644
Content and self-knowledge, 4328
An expanded model of organizational identification, 29126
Improving the 1957 version of dissonance theory, 13336
Insight and metacognition, 3579
Intrusive thinking in post-traumatic stress disorder, 21205
A multiplicative power-function model of cognitive dissonance: Toward an integrated theory of cognition, emotion, and behavior after Leon Festinger, 14353
Paradigms, development, decision making, and the New Careering, 29072
Parietal cortex contructs action-oriented spatial representations, 29881
''Remembering'' dissonance: Simultaneous accessibility of inconsistent cognitive elements moderates epistemic discomfort, 14351
Representation of allocentric space in the monkey frontal lobe, 29885
Separating hippocampal maps, 29888
The theory of ascriptions, 17629
Thought flow: Properties and mechanisms underlying shifts in content, 13331
Toward a neurocognitive processing model of imaginal thought, 13320
What exactly have I done? The role of self-attribute accessibility in dissonance, 14355
Worldview, decision making, paradigms, and development—all one fabric, 29067

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Serials

''frontal'' neuropsychological tests & existence of central executive, adults (mean age 46.2 yrs) with frontal lesions, 2024
''theory of mind'' impairments after stroke, 51–75 yr old patients with right hemisphere damage, 24809
20 min noontime nap, EEG recordings & daytime wakefulness/arousal level & computer task performance & mood, 20–22 yr olds, 29898
ability to answer questions about domino play with 2-dimensional symbolic representations, skilled dementia patients with or without Alzheimers disease, 24779
ability to individuate objects based on shape & size & pattern & color, 4.5–11.5 mo olds, 36775
abstinence, pattern of cognitive deficits & time-dependent recovery, 24–60 yr old male alcohol-dependent patients, 6 wk study, 32044
accidental donepezil overdose, 74 yr old female with cognitive decline, 12180
achievement in college-level course, high school students with high vs low analytical &/vs creative &/vs practical ability placed in class that matched their pattern of ability , 22466
action-oriented research on higher-order cognitive skills-oriented teaching of organic chemistry, college freshmen & sophomores, 22472
acute 3,4-methylenedioxymethamphetamine, locomotor activity & skilled motor function & cognition, male rats, 23545
acute cimetidine challenge, neuropsychological & cognitive effects, healthy 65–77 yr olds, 17080
acute triazolam challenge, inhibitory & other cognitive functions, normal vs alcoholic volunteers, 5093
acute tryptophan depletion & cognitive impairment & acute depressive relapse & brain activity, 27–64 yr old males, 27632
ad lib smoking & nicotine yield, cognitive task response selection & RT, 21–37 yr old smokers , 10593
adaptive abilities & cognitive functioning in late-life schizophrenia & its importance & implications for overall outcome, elderly patients, 27674
additional methadone increases, drug craving & mood & cognitive & psychomotor functioning, chronic opiate patients in methadone substitution treatment, 25154
aerobic exercise & memory training techniques of rehabilitation, cognitive functioning & perceived changes in quality of life, 60–76 yr olds, 12494
aerobic fitness, task switching & stopping & response compatibility controlled by frontal & prefrontal lobes, sedentary 60–75 yr olds, 27093
age & capacity to use trait labels in making inferences about mental states, kindergartners vs 2nd- vs 5th-graders vs adults, 23700
age & cognitive ability, verbal fluency performance task, 6–32 yr olds with learning disabilities vs autism, 14840
age & cognitive status & encoding, word-stem completion priming, young vs old adults vs Alzheimer's disease patients, 8626
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, 866
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, commentary, 889
age & education & Mini Mental State Examination scores, 100–108 yr olds, 7591
age & general health rating & self-reported medical conditions of diabetes & stroke & high blood pressure & heart & lung disease, cognitive performance, 70–103 yr olds, 1424
age & sex & ability, prediction of individual differences in memory changes, 28–36 vs 55–87 yr olds, 16 yr study, 6925
age & sex differences in cognitive function, rhesus monkeys, 29690
age effects & utility in discriminating cognitive dysfunction from normal aging & long-term changes, performance on Trail Making Test, 60–96 yr olds with vs without dementia, 2 yr study, 3339
age, Digit Symbol performance, 58–73 yr olds, 7-yr study, 20670
age, speed of information processing including sensorimotor & working memory speed in generation & manipulation of mental imagery, 18–77 yr olds, 30119
age-related cognitive deficits, elderly patients, 4522
age-related impairments in memory & cognitive & sensorimotor abilities & role of estrus cycle, male vs female rats, 33030
aggressive behavior & physical restraint & psychoactive drugs & secured unit placement, nursing home residents with cognitive impairment, 35264
aging, memory & other cognitive abilities, 60–69 vs 70–93 yr olds, longitudinal study, 17417
aging, planning & drawing abilities during figure copying tasks, 24–42 vs 65–78 yr olds, 27091
agreement between self-reports & state records regarding factors involved in vehicle crashes & prevalence of visual & cognitive impairments, 55–85 yr old & older drivers, 3200
alcohol use, risk for functional disability, older adults with cognitive impairment, 27097
alertness maintenance gamebox device, drowsiness & mental effort & driving quality & safety in advanced driving simulation, 25–49 yr old drivers, 16253
alpha-1 adrenergic agonist phenylephrine in prefrontal cortex, cognitive ability, male rats, implications for role in mental disorders associated with elevated norepinephrine turnover, 10530
alpha-1-antichymotrypsin polymorphism & cognitive function, patients with schizophrenia, 34148
alprazolam, mood & memory & anxiety & cognitive performance, female 22–39 yr olds with premenstrual syndrome , 2309
alterations of EEG temporo-spatial characteristics, healthy elderly vs demented or cognitively impaired elderly vs young, 7125
altered brain activation, 40–65 yr old women with high vs low risk for Alzheimer's disease, 37911
Alzheimer-type senile degenerative abnormalities & cognitive impairment, elderly with chronic schizophrenia, 1582
anticonvulsant gabapentin, cognitive ability & quality of life, 21–71 yr olds with chronic epilepsy, 2480
antihypertensive medication & diuretics, protection against dementia & cognitive decline, patients 75 yrs & older with dementia, 35085
antioxidant vitamins A & E & cognitive function, 91–104 yr olds with vs without dementia, 8666
anxiety & cognitive problem solving, 12–17 yr old females with disruptive behavior disorders, 8262
APOE gene & -491 A/T polymorphisms, cognitive impairment in multiple sclerosis patients, implications for increased risk of Alzheimers disease, 37772
apolipoprotein E epsilon4 & smoking & drinking & cognitive performance, 59–69 yr old White male veteran twin pairs, 23283
Apolipoprotein e4 allele, cognitive decline on delayed recall performance, 59–95 yr olds with e3/e4 vs e3/e3 genotype, 4–5 yr followup, 7614
apolipoprotein epsilon 4 allele, rate of brain atrophy, patients with Alzheimers disease vs objective or subjective cognitive impairment vs vascular or frontotemporal or unspecified dementia, 31335
apoloprotein E alleles & olfactory status as a marker for cognitive decline, Japanese-Americans aged 65 and older, 2 yr follow up study, 36887
application of cognitive psychology methods to investigate information processing abnormalities, persons with PTSD, 8190
application of findings on genetics & general cognitive ability to genetic research on mild mental retardation, 14868
apraxia characteristics, 63 yr old male with corticobasal degeneration vs adults with left-hemisphere stroke, 28185
artificial-grammar & prototype learning as measures of intact nondeclarative cognitive skills, 55–79 yr old Parkinson's disease patients, 18409

assessment of & treatment for cognitive & social-emotional deficits associated with mesial orbitofrontal damage, 47-yr-old female with an isolated right orbital frontal lesion, 34665
assessment of cognitive impairment over time, patients with Alzheimer's disease (mean age 76.5 yrs), 1.5–4.5 yr study, 19640
assessment of long-term course of cognitive change with Scales of Cognitive Impairment Rated from Institutional Records, deceased elderly schizophrenia patients (mean age 80.9 yrs) , 11433
association between memory complaints & incident Alzheimer's disease, 65–84 yr olds with normal vs impaired baseline cognition, 3.2 yr follow up, 18375
association of cognitive decline & other structural & functional biological markers with chronological aging & adult height, elderly Ss (mean age 67.5 yrs), 20213
association of failure &/or frustration with ambient odor, cognitive performance in room with same vs different vs no odor, 5 yr olds, 33614
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), commentary, 34128
associations between cognitive decline & dementia & measures of hypertension & cerebrovascular disease, commentary, 27474
attention & executive & visual-spatial & working memory functioning, 27–69 yr old catatonic patients vs non-catatonic psychiatric patients, 21044
attention & executive functioning including abstract reasoning & cognitive inhibition & working memory & verbal recognition memory, 20–55 yr old schizotypal personality vs schizophrenia patients, 21024
atypical antipsychotic drugs, neurocognitive impairment in schizophrenia, 25180
awareness of illness & subjective cognitive complaints, 24–47 yr old outpatients with bipolar I or II disorders in clinical stabilization phase, 27617
behavioral & cognitive & clinical & psychophysiological effects, 19 & 21 yr old men receiving amygdalotomy for intractable aggression, 2050
behavioral & emotional & cognitive-functioning problems, children that witnessed domestic violence, 30814
behavioral patterns & prevalence of language deficits, 6–11 yr olds with primary attention-deficit vs ADHD, 1861
benzodiazepine discontinuation, psychomotor performance, 22–75 yr old long-term benzodiazepine users, 12-wk study, 18729
biology textbooks with vs without illustrations, attention measured by eye movement & comprehension & recall, 4th grade science students with high vs low cognitive ability, 15937
blood alcohol level & cognitive status, 15–81 yr olds with recent traumatic brain injury, 5312
blood presssure, level of change in cognitive functioning, 65–102 yr olds, 9 yr study, 10919
blood pressure in relation to performance on Wechsler Adult Intelligence Scale, 40–70 yr olds, 19-yr study, 836
blueberry vs spinach vs strawberry dietary supplements, age-related declines in neuronal signal transduction & cognitive & motor behavioral deficits, male rats, 33165
bone mineral density & cognitive function, women aged 65 yrs & older, 6 yr study, 37783
brain atrophy progression & cognitive decline, untreated patients with probable Alzheimer's disease (mean age 58.1 yrs) , 21554
brain biochemical abnormalities, 8–37 yr olds with Williams Syndrome, implications for role of cerebellum in cognitive deficits, comment & reply, 15001
brain MRI & total lesion load & age & sex, cognitive performance, 24–68 yr olds with cerebral autosomal dominant arteriopathy, 18251
brain-behavior relations & adaptive & cognitive function, individuals with prenatal alcohol exposure or fetal alcohol syndrome or fetal alcohol effects, 11623
caffeine, psychomotor & cognitive & subjective test performance, 20–25 vs 50–65 yr olds, 33472
calculation of WISC-III General Ability Index using Canadian norms, children aged 6–16 yrs, 26110
cannabis, visual & verbal memory & cognitive & driving ability, adults, 23530
carriage of the epsilon-4 allele of apolipoprotein E gene & decline of mental abilities in elderly & response to brain injury & mechanisms for effects of different polymorphisms at neuronal level, 7607
case register data vs morbidity survey estimates of dementia incidence and prevalence in cognitive disability planning model, 65 yr olds & older, England, dementia care needs assessment implications, 5323
caudate nucleus, lexical decision & semantic categorization & recognition memory & reading aloud & object naming, adults with Parkinsonism, 8598
central executive functioning & working memory & performance on phonological task, 65–84 yr olds with Alzheimer's disease, 28135
cerebellum morphology, cognitive dysfunction, 18–42 yr old males with schizophrenia, 34179
changes in word & story recall, 55–70 vs 71–86 yr olds, 6 yr study, Canada, 13311
child intellectual/adaptive functioning & maternal sensitivity & attachment security, 14–30 mo olds with Down's syndrome & their mothers, 2 yr study, 37687
childbirth & job demands, cognitive functioning & job anxiety, 21–43 yr old working mothers with 1 child aged 24 mo or younger, 25916
circulating serum levels of dehydroepiandrosterone sulphate & cognitive function, 91–104 yr olds with vs without dementia, 8665
citocoline, neuropsychological functional recovery, male 41 & female 39 yr olds with traumatic brain injury, case reports, 18738
clinical & demographic characteristics & other factors mediating relationship between coronary heart disease & cognitive impairment, 67–65+ yr old community dwelling males vs females, 21516
clinical criteria & outcome, patients with mild cognitive impairment vs Alzheimer's disease with dementia rating 0.5 vs 1, 10 yr study, 15033
clinical criteria & outcome, patients with mild cognitive impairment vs Alzheimers disease with dementia rating 0.5 vs 1, 10 yr study, correction, 31301
clinical predictors of short-term outcome & cognitive side effects of ECT, 19–91 yr olds with major depressive disorder, 15365
clinical symptoms vs subjective experiences of cognitive impairment & auditory ERP-assessed P300 abnormalities, young adult schizophrenia patients, 37382
clock drawing task scoring systems vs measures of executive control function vs Mini-Mental State Exam, outpatients (mean age 73.1 yrs) with probable Alzheimer's disease, 35996
clozapine & risperidone & olanzapine, cognitive deficits in schizophrenia, 25196
clozapine vs typical antipsychotics, impairment in information processing assessed by prepulse inhibition of startle response, 20–65 yr old male schizophrenic patients, 27685
clozapine vs typical neuroleptics, cognitive function, patients with neuroleptic-responsive schizophrenia or schizoaffective disorder (mean age 25.6 yrs), 6 & 12 mo followup, 25188
cluster subtypes in California Verbal Learning Test—Children's Version, assessment of memory ability, 5–16 yr olds, 35881
cognitive & adaptive & neuropsychological functioning, 14–16 yr olds with fetal alcohol syndrome, 8373
cognitive & affective disorders & thyroid functions, over 70 yr olds, 8070
cognitive & affective functioning as areas needing further consideration & investigation as possible areas of intervention & prevention, older adults, 1006
cognitive & emotional & behavioral functioning, adolescents (mean age 11.75 yrs) who had survived Reye syndrome with no obvious neurological damage, followup study, 37885
cognitive & functional changes with aging in schizophrenia, 37360
cognitive & language & social-cognitive measures, variability in use of common ground in selecting referents & seeking confirmation & signaling noncomprehension, 9–19 yr olds with mental retardation , 8448
cognitive & linguistic attributes underlying performance on listening comprehension test via rule-space methodology, college students, 6197
cognitive & MRI features important in clinical diagnosis, patients with corticobasal degeneration vs progressive supranuclear palsy , 31323
cognitive & neuroendocrine response to estrogen, 66–89 yr old postmenopausal women with probable Alzheimer's disease, 25301
cognitive & neuropsychological functioning, patients with migraine headache vs nonheadache chronic pain vs mild traumatic brain injury, 18242
cognitive & psychosocial outcomes, 15–78 yr olds with mild–severe head injury & their relatives, 6 vs 12 vs 24 mo followup, 34642
cognitive & psychosocial predictors of first-year academic success, Caucasian & African-American college students, 9498
cognitive & social functioning & mood according to significant others, 50+ yr old patients with closed head injury, 11788
cognitive abilities, 9–10 yr olds with Williams vs Down syndrome, 37699
cognitive ability & cerebral lateralization & cross-gender identity, 17–57 yr old early onset transsexuals, 5010
cognitive ability & receptive & expressive language skills, 6–15 yr olds with typical Cri du Chat syndrome, 24633
cognitive ability & task knowledge & information sharing & conflict & group composition & process, group decision making effectiveness, college students, 37052
cognitive ability profiles as predictors of response to mnemonic training, serial word & proper name recall, community-dwelling 55–88 yr olds, 2 wk study, 36268
cognitive benefit of D-cycloserine treatment, Alzheimer's disease patients (mean age 72.2 yrs), 15432
cognitive changes in aging & computer instruction, older adults, 1005
cognitive constraints & development of narrative skills in expression of coreference in oral production of French, adults vs 11 vs 7 yr olds, 17288
cognitive decline & length of survival, Alzheimer's disease cases with vs without Lewy body variant , 5386
cognitive deficits & emotional impact & coping skills, patients with motor neuron disease & their carers, 34634
cognitive deficits & theory of mind, 6–10 yr olds with pervasive developmental disorders not otherwise specified, 27938
cognitive deficits in attention & memory & executive functions & treatment with cognitive training or antipsychotics, patients with schizophrenia, 34188
cognitive deficits underlying spelling disorder, individuals (mean age 72.2 yrs) with Alzheimers disease, 24801
cognitive deficits, 18–65 yr olds with spinocerebellar ataxia 2 with vs without dementia, 21542
cognitive determinants of performance on Austin Maze, 17–52 yr olds, 10091
cognitive dysfunction & psychiatric & behavioral disturbances, patients with epilepsy, 34669
cognitive dysfunction, elderly persons mean age 73 yrs with type 2 noninsulin dependent diabetes mellitus, 34572
cognitive effects of antiepileptics gabapentin vs lamotrigine vs topiramate, healthy 19–35 yr olds, 10612
cognitive enhancer T-588, cholinergic activity & potassium ions in hippocampal CA1 neurons, male rats, 30014
cognitive function & acoustic evoked potentials, elderly patients with newly diagnosed systolic hypertension, 8578
cognitive function & age & social class & contacts & medication & leisure pursuits & alcohol & cigarette consumption, 55–69 yr old men, 13272
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, 38431
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, commentary, 38420
cognitive function & survivorship, 34–95 yr olds, 36876
cognitive function & timing of menopause, females in 1946 birth cohort, 26407
cognitive function, adult males with multiple sclerosis vs Huntington's disease vs cortical dementia, 1389
cognitive functioning & age & sex & living arrangements, suicidal behavior, 50+ yr old inpatients with major depression, 37516
cognitive functioning & depression & health, metamemory, 67–96 yr old nursing home residents, 33699
cognitive functioning & sociodemographic & health factors, 70 yr olds & older, Taiwan vs US, 36900
cognitive functioning & style & rates of decline, surviving vs deceased older adults, 14-yr longitudinal study, 20654
cognitive functioning after minimum of 4 days of abstinence, mildly to moderately alcohol dependent outpatients, 21313
cognitive functioning while sober vs after consuming ethanol, children of alcoholics vs nonalcoholics, 14732
cognitive functioning, 14 yr 9 mo–23 yr olds with Lesch-Nyhan syndrome, 4-yr study, 24710
cognitive functioning, 55–98 yr old community dwelling males vs females with non insulin dependent diabetes mellitus vs impaired vs normal glucose tolerance, 1955
cognitive functioning, dementia, adults (mean age 75.28 yrs) with late- vs early-onset depression, 17886
cognitive functioning, good & poor outcome clinically euthymic patients with bipolar disorder, 34100
cognitive impairment & CNS involvement in myotonic dystrophy, patients with myotonic dystrophy & (CTG)n expansion vs nonaffected relatives vs patients with spinal muscle atrophy, 31073
cognitive impairment & functional outcome, 18–44 yr olds with infratentorial infarcts, 5374
cognitive impairment & functional status & comorbid conditions & 1-yr survival, 65 yr old & older nursing home patients, 2048
cognitive impairment & psychiatric disorders, 8–12 yr olds with epilepsy, 5351
cognitive impairment, somatic symptom complaints, community-dwelling 75–92 yr olds, 18254
cognitive impairments in odor discrimination & latent learning tasks, wild-type vs heterozygous BTBR vs phenylketonuria mice, 26560
cognitive levels & social & cultural aspects of developing conceptions of family, Mexican vs French children (mean ages 5.4 & 8.3 & 11.6 yrs), 10730

cognitive manifestations of frontal lobe infarction, children with sickle cell disease, 5253
cognitive performance & major depression & activities of daily living, 55–97 yr olds with diabetes, 8506
cognitive performance & severity of injury & psychological distress, 12-72 yr olds with multiple head traumas, 3 yr study, 31219
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary reply, 37364
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary, 37346
cognitive processing efficiency, 13–18 yr old athletes, implications for monitoring recovery from concussion, 32406
cognitive profiles, patients with Alzheimers disease with vs without dementia with vs without concomitant Lewy bodies (mean age 75.9–76.7 yrs), 5322
cognitive rehabilitation, executive functioning skills, adult female with schizophrenia, 38583
cognitive scripts, high functioning children with autism, 27943
cognitive side effects of lithium treatment, patients with bipolar disorder, 31655
cognitive status & behavior problems, elderly nursing home patients with dementia, 2 & 7 yr follow ups, 8652
cognitive status & body & fat mass & vitamin D measures of nutritional status, 91–104 yr old female with vs without dementia, 8664
cognitive status & need for surrogate consent through durable power of attorney for involvement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 21552
cognitive status & need for surrogate consent through durable power of attorney for involvement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 21545
cognitive style & belief bias in using prior knowledge, critical thinking skills, college students, 29594
cognitive vs physical impairment & medical prognosis & pain, preferences for life-sustaining treatments, adults (mean age 78.5 yrs), 36882
cognitive vs skills based educational programs, cognitive skills & performance & math & reading achievement, socioeconomically disadvantaged kindergartners, 1 yr follow up, 22468
color & digit naming, 22-year-old female with digit synesthesia, 13178
competence & intellectual functioning & parenting quality & psychosocial resources in relation to adversity level in determining resilience vs maladaptation, 8–12 yr olds, 7 & 10 yr followups, 14027
complexity of background music, performance on 4 cognitive tasks, introverts vs extroverts, 11205
complimentarity of verbal & prosodic aspects of cerebral function, adults with left vs right preferences for foot & writing & throwing hand, 26588
concept formation & shifting assessed by California Card Sorting Test, 45–54 yr old frontal-lobe vs 64–75 yr old Parkinson's-disease patients, 8623
concurrent & predictive validity of Allen Cognitive Levels Assessment, measurement of cognitive & adaptive functioning, schizophrenic patients discharged from state psychiatric hospital, 94
concurrent performance on random time interval generation task & memory task, adults, 6874
concurrent validity, telephone adaption of Modified Mini-Mental State Exam, 65–93 yr olds, 35862
congestive heart failure & cognitive impairment, 65–95 yr olds, 1390
construct validity of Medical Outcomes Study cognitive function scale, HIV patients, 4 mo study, 3330
construction diving, neuropsychological functioning & RT, 24–54 yr old male construction divers, 7023
context-sensitive & cross-task performance on versions of Continuous Performance Test & Stroop & lexical-disambiguation tasks as cognitive deficit measures, adults with schizophrenia vs depression, 11318
contextual reasoning ability via Cognitive Bias Task, patients with schizophrenia (mean age 29.6 yrs), 24294
conversational analytic profiles of interpersonal communication & interaction with carers & ability to discriminate lewy body dementia, 59–84 yr olds with Parkinson's disease & cognitive impairment, 21618
correlates of person-fit indices derived from item response theory & effect of person-fit on validity of tests of cognitive ability & personality, adults, 9818
correlation between apolipoprotein E genotypes & cognitive function, healthy 65 yr olds & older , 27100
correlation between circadian type & cognitive ability, 17–34 yr old US Air Force recruits, 33995
correlation between the Folstein Mini-Mental State Examination & clock drawing scoring, assessment of cognitive functioning, Albertan adults (mean age 76 yrs), implications for primary care services, 32679
correlations between auditory function & depression & cognitive function & overall wellness, 65–98 yr olds, 17411
counterfactual reasoning & pretence, 7.9–18 yr olds with autism, 34440
course & status of cognitive & functional impairment, 65 yr old & older chronically institutionalized inpatients with schizophrenia, 30-mo followup, 11416
CS–UCS interval in eyeblink classical conditioning, RT & response timing & motor learning & declarative memory & attention in neuropsychological tests, 18–28 vs 45–55 vs 70–80 yr olds, 7096
D-cycloserine with neuroleptics, negative schizophrenic symptoms & cognitive ability & chemistry levels, inpatients & outpatients with schizophrenia (mean age 44.1 yrs), 12176
Darwinian mechanism for intellectual & attentional aspects of consciousness, 311
decline of cognitive abilities after 1st episode schizophrenia, adults, 5 yr follow up, 34159
deficits in processing pre-determined goal-directed actions in sequences of script events, 38–74 yr old patients with Parkinson's disease, 2105
deficits in reflective cognitive abilities, male drug abusers (mean age 31.1 yrs), 30886
degree of cognitive impairment & severity of cerebral ischemic changes, 65–92 yr olds with cerebrovascular insufficiency/multi infarct dementia, 8648
degree of craving & nicotine content, progressive ratio responding & cognitive performance, 18–41 yr old deprived vs non-deprived smokers, 7253
delirium-causing factors, cognitively intact vs previously cognitively intact hip-fractured elders who became delirious postoperatively, 20984
delta-fenfluramine, prolactin response & executive functioning, 22–71 yr olds with major depression, 30657
dementia & decline in social & cognitive abilities with age, 35–63 yr old Ss with Down's syndrome vs 45–68 yr olds with non-Down's syndrome learning disabilities, 12 mo study, 37703
depression & anxiety & psychotropic drug use & cognitive performance, community dwelling 59–71 yr olds, 17770
depression & cognitive decline & comorbidity & prediction of mortality, 65 & 75 & 80 & 85 yr old birth cohorts, 5 yr prospective study, 8023
depression & cognitive impairment & demographic characteristics & medical illnesses as predictors of mortality, 60+ yr old medically ill patients, 1 yr followup, 17750
depression, cerebral atrophy & cognitive performance & dementia, 85 yr olds, 3 yr study, 14496
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, 7986
depressive symptomatology & incidence & rate of cognitive decline, community-dwelling 65 yr olds & older, 12 yr study, commentary, 8008
depressive symptoms as risk factor for cognitive decline, elderly females without dementia, 4 yr followup, 21119
developing ability, class & propositional reasoning skills, 7–13 yr olds, 33624
development of cognitive & neuropsychological symptoms, presymptomatic 31–63 yr olds at risk for autosomal dominant familial Alzheimer's disease, 6 yr study, commentary, 5355
development of cognitive & neuropsychological symptoms, presymptomatic 31–63 yr olds at risk for autosomal dominant familial Alzheimer's disease, 6 yr study, 5339
development of conceptual & attentional skills that underpin successful pedestrian behavior, 4–10 yr olds, 30161
development of dementia with vs without depression, activities of daily living & cognitive ability, 65–100 yr olds, 3 yr longitudinal study, 8669
development of Executive Interview, assessment of executive functioning & cognitive deficits & treatment compliance, 25–74 yr old outpatients with HIV or AIDS, 18309
development of meta-analytic matrix for examination of cognitive ability measures & interviews & personality & biodata & relation to job performance, job performance, 35600
development of psychometric vs information processing assessments for cognitive abilities in military testing, 26245
development of the Duke University Parkinson's Rating Scale, measurement of impairments & physical performance, Ss in early to middle stages of Parkinson's disease, 22893
diazepam, executive vs episodic memory task performance, healthy 21–41 yr olds, neurophysiological implications, 33382
diclofenac & misoprostol, protection from cognitive & noncognitive decline, adults with mild–moderate Alzheimer's disease, 28494
differences in cognitive performance & physiological changes when protected with COMBAT EDGE vs advanced technology anti-G suit, adult female pilots, 33333
differential comorbid neurocognitive dysfunction assessed by Halstead–Reitan Neuropsychological Test Battery, 16–73 yr old patients with schizophrenia &/vs alcoholism, 7984
differential prediction in cognitive ability test scores, job performance ratings by majority group vs matched-race raters, Black vs White employees, 38964
difficulty of initial training & acquisition & transfer of strategic processing skills & memory for processed stimuli during visual discrimination tasks, 18–25 yr olds , 32769
dimensions of cognitive ability & their sensitivity to degree of cognitive impairment in Alzheimer's disease, 41–90 yr olds with dementia, 5382
discovery of cognitive impairment & other neuropsychiatric dimensions through content analysis of speech samples, 20–74 yr olds who stutter, 27990
discriminant validity of Upper Preschool Level of Differential Ability Scales, discriminating between normal & at-risk preschoolers (mean age 57.28 mo) with developmental disabilities, 11695
disease & demographic factors & sex, cognitive functioning & academic achievement & learning problems, children with insulin-dependent diabetes mellitus, 28026
disease & treatment factors in cognitive impairment & developmental model & assessment strategies, children with cancer, 28093
distinguishing serious from play fighting, children with learning disabilities, 34468
diurnal variations in & response to perceived failure in cognitive task involving negative feedback, patients with unipolar or bipolar depression, 11377
DNA pooling for identification of quantitative trait loci associated with cognitive ability on chromosome 22, children of high general cognitive ability, 23286
donepezil, cognition & hallucinations & parkinsonism & functional ability, 67–84 yr olds with dementia with Lewy bodies, 5770
dopamine depletion in fronto-striatal system, sentence comprehension, patients with Parkinson's disease, 28156
dressing activity as disorder of everyday activities, elderly patients suffering from senile dementia of Alzheimer's type, 18370
Drug Regimen Unassisted Grading Scale assessment of correlation between inability to take medication independently & presence of cognitive impairment, 72–93 yr old outpatients, 20983
duration of disorder & degree of cognitive impairment, patients with unilateral temporal lobe epilepsy with or without anterior temporal lobectomy, 6 mo followup, 31254
dysfunction of executive abilities & characterological changes, 15–50 yr old patients with traumatic brain injury & their relatives, 18429
dysphoric vs euphoric emotional states, frontal lobe cognitive task performance, females (aged 18–51 yrs), 23448
early music training, cognitive & development & abilities & academic achievement, comment, 7437
educational & sociodemographic factors in epidemiology of cognitive decline, 18 yr old & older adults in Baltimore Epidemiologic Catchment Area Study, 11.5 yr followup, 7412
effectiveness of 5 prediction methods for estimating premorbid intellectual functioning, male patients referred for neuropsychological evaluation, 18342
effectiveness of interactive computer-based memory training program, 72–90 yr olds with Alzheimer's disease or dementia , 19046
effects of cross-sex hormones on cognitive functioning, 19–45 yr old male-to-female vs 16–44 yr old female-to-male transsexuals, replication, 1 yr follow-up , 17101
effects of discourse skills intervention, 3–7 yr olds with delayed language development with vs without cognitive impairments, 15685
effects of Dutch intervention program, reading performance, 7-15 yr old outpatients with dyslexia &/or reading problems &/or cognitive deficits &/or psychiatric symptoms, 36741
efficacy & cognitive & other adverse effects of fluoxetine vs amitriptyline, over 60 yr olds with major depression, 8879
efficacy & safety of alpha-dihydroergokryptine mesylate, motor & intellectual & emotional functions & neuropsychological performance, 63–83 yr olds with dementia, 2 yr followup, 9011
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary, 12347

efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary reply, 12340
efficacy & safety of posatirelin, motor & intellectual & emotional functions & dementia related behavior change, 65+ yr olds with Alzheimers disease or vascular dementia, 9013
efficacy of clock drawing test to predict presence of very mild Alzheimer's disease, outpatients with probable Alzheimer's disease, 101
emergence of cognitive ability to distinguish persons vs objects during first few months of life, infants studied at 4 &10 wks old, 10764
emotional state & cognitive & disease characteristics, Emotional Stroop task performance, 37–96 yr olds with Parkinson's disease , 11935
emotions & cognitive skills, male vs female 20–50 vs 65–94 yr olds, 36902
energy metabolism in brain & mental fatigue, 22–36 olds, 23463
epidemiology & neuropsychology & neuropathology & neurochemistry of cognitive impairment, patients with Parkinson's disease, 2075
epilepsy surgery, patterns of cognitive functioning & neuropsychological outcomes, patients with temporal lobe development malformation & mesial temporal sclerosis, 38375
equivalence of Short Portable Mental Status Questionnaire & Orientation-Memory Concentration test, cognitive functioning, 68+ yr olds, 3 yr study, 6846
estrogen replacement therapy, improved cognitive functioning, postmenopausal females reporting cognitive impairment, 1 yr followup, 28415
ethical & legal & psychological & assessment & diagnostic issues in mental capacity evaluation & guardianship & patient advocacy & rights, forensic psychologists & elders with dementia, 2800
etiology of individual differences in general cognitive ability, monozygotic vs same- vs opposite-sex dizygotic twin pairs, 7910
evaluation of social service assessments of activities of daily living & cognition & mood & other psychosocial factors & social environment & clinico-medical domains, elderly, 15548
exception & nonword reading & role of magnocellular vs parvocellular geniculate body in language & visual processing deficits using apparent movement displays, children with developmental dyslexia, 30981
executive & mnemonic functions, 53-73 yr old males with mild frontal variant frontemporal dementia, 34671
executive attentional abilities & performance of complex instrumental activities of daily living vs activities of daily living, 70–80 yr old cognitively intact & high functioning older women, 36877
executive cognitive functioning & risk for substance abuse, 24523
executive control function & cognition & mood & disability & behavior problems & demographic variables & prescribed medication, level of care, retirement community residents (mean age 83.7 yrs), 9195
executive dysfunction & neuropsychiatric symptomatology & functional impairment, patients (mean age 69.9 yrs) with Alzheimer's disease, 2017
executive dysfunction & resistiveness to physical care, male nursing home patients with dementia (aged 65–100 yrs), 24848
executive dysfunction, 65–84 yr olds with Alzheimers disease, 18359
executive dysfunction, 65–84 yr olds with Alzheimers disease, erratum, 28136
executive function abilities, children with extremely low birthweight, implications for school learning, 25772
executive function skills & spatial span, 5.8–19.11 yr old siblings of children with autism vs developmental delay, 27926
executive function/attention deficits,8.3–11.9 yr old males with Asperger syndrome vs attention disorder vs reading/writing disorder, 37640
executive functioning performance, stimulant medicated vs nonmedicated 6–12 yr olds with ADHD, 24587
executive neuropsychological functioning, Ss diagnosed as subclinically obsessive-compulsive (mean age 19.4), 17939
exercise, cognitive & symptomatic & muscular & effort perception responses, 25–60 yr olds with chronic fatigue syndrome vs major depressive disorder, 1387
exploratory behavior & communication & cognitive ability, group decision making about new nest location, honeybee swarms, 10365
extrapyramidal symptoms & neuropsychological deficits, 45+ yr old outpatients with schizophrenia, 14568
eyeblink conditioning & declarative & procedural learning ability, 41–69 yr olds with Parkinson's disease, 31324
factors & outcomes of using the Neuropage, 23 yr old male with memory & executive problems following head injury, 28748
familial density criteria for alcoholism & neuropsychological characteristics, 7–15 yr old children of alcoholics, 27844
fetal alcohol syndrome & brain dysfunction & paraphilias & sexually aggressive behavior, 21275
flexibility & planning capacities & inhibition aspects of executive function, 6–18 yr olds with autism vs 8–17 yr olds with Tourette Syndrome vs 8–18 yr olds with ADHD, 24096
fluctuations in mood, cognitive performance, geriatric psychiatry inpatients with dementia of the Alzheimer's type vs vascular dementia vs schizophrenia vs major vs bipolar depression, 13089
fluid intelligence & perceptual speed, performance on frontal-lobe functioning tasks, 63–72 vs 75–88 yr olds, 33707
fluoxetine vs tricyclic antidepressant dothiepin, cognitive function & symptoms, 18–70 yr olds with major depression, 31637
frequency of apolipoprotein E-epsilon4 allele & cognitive function in euthymic phase, patients with unipolar or bipolar affective disorder , 14488
frequency of mood & anxiety disorders & memory & executive functions during the course of acute episode, patients with episodic cluster headache vs tension headache, 31057
frontal dysfunction & neuropsychological impairment, chronic alcoholics, 1765
frontal lobe lesions, neuropsychologic performance, 8–17 yr olds, 31218
frontally mediated executive dysfunction & response disinhibition & motor dyscoordination & IQ & Brief Psychiatric Rating Scale & psychosocial adaptation, schizophrenic adult outpatients, 17771
functional & cognitive impairment & depressive features, outpatients (mean age 76 yrs) with diverse etiologies for dementia, 2072
functional ability & dietary intake, community living 53–98 yr olds with some activity limitation, 30258
functional ability in daily activities, elderly patients with mild cognitive impairment not diagnosed as dementia, 24772
functioning & daily life patterns, 70–103 yr old males vs females , 7620
general cognitive ability &, complexity of job, alcohol & cigarette & marihuana & cocaine use, adults , 34368
general needs for & consequences of & alternatives to restraint use in nursing homes & dementia care units, patients with dementia, 9193
genetic influences on general cognitive & language & reading ability & phonological awareness, 5.7–6.8 yr old monozygotic & dizygotic twins , 10776
genetic research & link between genes & intelligence & cognitive ability & information processing & brain functioning, 23287
genetic vs environmental influences & effects of cognitive ability on authoritarianism, 18–77 yr old monozygotic & dizygotic reared apart vs together twin pairs, 30509
geographic location &lead & mercury level, intelligence & visual contrast & neurobehavioral measures of cognitive & sensorimotor functions, 5–7 yr olds, Germany, 2101
glatiramer therapy, neuropsychologic functioning, 18–45 yr olds with relapsing-remitting multiple sclerosis, 2 yr study, 15436
guidelines for psychologists who perform evaluation of dementia & age-related cognitive decline, 9371
haloperidol vs benzodiazepine midazolam vs scopolamine, timing processes & cortical arousal & semantic memory & cognitive & motor skill acquisition, 20–35 yr old male students, 30045
haloperidol, cognitive & behavioral & neuroendocrine & physiologic effects of ketamine, healthy adults, 33434
head circumference & low head-circumference growth velocity in 1st year, learning & cognition & ADHD at school age, extremely-low-birthweight infants tested through age 6, 31077
health & cognitive & psychosocial & personality factors & SES & health behavior as predictors of mortality, 70–85 yr old males vs females, 3.6 yr followup , 14091
heredity vs environment, memory performance & cognitive ability & lifestyle, 27–60 yr old vs 60–94 yr old twins, 7323
high monunsaturated fatty acid intake, age related cognitive decline, 65–84 yr olds, Italy, 21607
high vs low frontal-lobe vs medial-temporal-lobe functioning, event-based prospective memory, 66–85 yr olds, 7075
high-dose vitamin-mineral supplementation, reversal of cognitive deficits, healthy 80–89 yr old non-vitamin-deficient females with cognitive malfunction, 1-yr study, 31776
history of operation under general anesthesia, determinant or risk factor for accelerated age-related cognitive decline, 24–86 yr olds, Netherlands, 861
home hospitalization service vs general medical ward management, mortality & length of stay & cognitive functional status, over 65 yr old acute stroke patients, 9179
icv injection of streptozocin, cognitive performance & biochemical markers in septum & hippocampus & striatum, rats, animal model of sporadic Alzheimer's disease, 23566
identification of complex mental state expressions, adults with mental retardation & Williams syndrome vs with Prader-Willi syndrome, 1860
impact of flood, psychosocial factors & cognitive performance, elderly (mean age 71 yrs), 22743
impairment & lateralization of procedural learning & relation between visuomotor & verbal sequence learning & working memory & executive function, 19–69 yr olds with prefrontal cortex lesions , 24780
impairment of cognitive function as risk factor in development of tardive dyskinesia, clinical implications for elderly, 28145
incorporating gender role strain perspective in assessing & treating cognitive distortions, men, 25052
increasing age, cognition, nondemented 50–90+ yr olds, 5-yr study, 20668
incremental validity of Differential Ability Scales factor scores, prediction of individual achievement criteria & cognitive ability, exceptional vs nonexceptional 6–17 yr olds, 13113
incurrence of concussions & chronic traumatic brain injury, performance on memory & planning & other tests of neuropsychology functioning, amateur soccer players, 37882
individual changes in blood lead concentrations & measures of cognitive development & ability, 2 yr olds, 9–11 yr study, implications for reversibility of lead induced cognitive deficits, 8442
individual difference characteristics & moderators of relation between age & cognition, crossword puzzle proficiency, 18–80 yr olds , 19811
individual differences in interaction of need for & ability to achieve cognitive structure in moderation of stress on information processing, adults, 27349
individual differences in memory & executive function abilities, normally aging 55–70 vs 71–85 yr olds, 1011
individual differences in reflective thought & reasoning & cognitive ability & arguments for vs against normative principle, normative behavior on decision making & problem solving, college students, 19834
individual differences in susceptibility to interference & general cognitive ability, 23085
individual differences in working memory span & recognition ability, event-based prospective memory, young vs older adults of high vs low educational attainment & occupational status & verbal ability, 13348
insight impairment, patients with Alzheimer's disease or vascular dementia, 15050
insight of illness & executive functions, performance, patients with chronic schizophrenia (mean age 36.3 yrs), 34177
intellectual & academic functioning, 6–16 yr olds with cancer treated with vs without central nervous system-prophylactic chemotherapy, 4 yr follow-up , 38395
intellectual & language abilities & behavior problems & health & health services, 5 yr olds with tuberous sclerosis, 13–19 yr study, 2037
intellectual abilities & personality & subjective well-being & social relations as predictors of mortality, 70–103 yr olds, 1990–93, 17409
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary, 1590
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary, 1578
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary reply, 1616
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary, 1619
intellectual functioning & maternal age & sexual orientation, male pedophiles, 24557
intellectual impairment & exceptional skill in savant syndrome, 8435
intensity of pain & suffering & nociceptive processes & pain feeling & cognitive processing & affective-motivation processes, adult rheumatology inpatients, 1939
internalizing &/vs externalizing behavior problems & intellectual functioning & academic achievement, male vs female 3–8 yr old children of alcoholics with antisocial vs nonantisocial familial subtype, 7333
intuition & intellectual deficits, idiot savants, 24607
Japanese cultural vs US lifestyle, cognitive decline & development of Alzheimer's disease, older Japanese Americans, 2 yr followup, 24807

job performance & cognitive ability & job experience & situational judgement & test scores & race effect size, retail employees, 32577
jury deliberations, jurors' reasoning skills during murder trial, college students, 35827
Kaufman Brief Intelligence Test vs Matrix Analogies Test—Short Form for predictive cognitive screening, White vs Aboriginal 12.2–17.9 yr old delinquents in correctional institutions, 9890
left–right orientation & systematic reversal & cognitive ability, 5–8 yr olds, 7393
level of intellectual dysfunction & mortality, community residing 65+ yr olds, commentary, 7617
level of intellectual dysfunction & mortality, community residing 65+ yr olds, commentary reply, 7613
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, erratum, 8632
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, 2041
lexically based sources of information, phonetic categorization, 48–84 yr old patients with aphasia, 18350
lexipafant tolerability & safety, patients with HIV-associated cognitive impairment, 10 wk study , 28079
lifelong estrogen exposure, cognitive performance, women ages 52–97, longitudinal study, 16604
lipids & carbohydrates & proteins & nutrition & selective malnutrition/vitamin deficiencies & cognitive & affective performance, elderly people, 7154
list learning & recall assessed by 9- vs 16-item versions of California Verbal Learning Test & severity of cognitive impairment, elderly with Alzheimer's disease, 5338
living arrangements, physical & cognitive & emotional functioning, 51–61 yr old Black vs White vs Hispanic males vs females, 23825
living arrangments prior to admission to nursing home, activities of daily living & cognitive functioning, 65+ yr old nursing home residents, 35260
locomotor activity & pain sensitivity & cognitive ability, 7–11 wk vs 17–18 mo old female mice, 23227
long-term vs acute administration of anticholinergics, subcortico-frontal syndrome with executive dysfunction, patients with PD, 28584
longitudinal decline in cognitive or psycho- or oculomotor function, presymptomatic gene or non-gene carriers at risk for Huntington's disease, 3+ yr follow up, 24821
low dose 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, frontal cognitive & oculomotor & skeletomotor dysfunctions in spatial delayed response task, female rhesus monkeys, 17103
low doses of alprazolam, psychomotor & cognitive performance, healthy 20–25 yr olds, 632
low executive cognitive functioning & difficult temperament & aggressive & nonaggressive forms of antisocial behavior, 14–18 yr old females with conduct disorder, 1694
LSD or other hallucinogens, neuropsychological functioning, 13–58 yr old drug users, 18048
magnetic resonance imaging & cognitive deficits, 46–52-yr-old siblings with heriditary sensory neuropathy & deafness & dementia, 31243
magnitude & quality of neurocognitive function, 34–72 yr olds with major depressive disorder across existing empirical studies, 4927
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary, 30264
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, commentary reply, 30255
maintenance of intellectual engagement through participation in everyday activities as buffer against cognitive decline in later life, 55–86 yr olds, 6 yr study, 20659
master class inclusion & sequencing strategies, cognitive & academic gains, academically-challenged male 6–7 yr olds, tests of Piagetian theories of cognitive development , 32218
maternal IQ & parental education & proximal environmental factors, cognitive ability & IQ, male vs female 5 yr olds, 7373
mathematical achievement & cognitive ability, mathematics self concept, male vs female 3rd vs 6th graders, Norway, 9482
mathematical model for human sensibility ergonomics in product design, 12952
measurement & evaluation of cognitive decline, older patients, 6653
measurement of residual function & compensatory resource allocation using functional MRI, 48-yr-old male with Huntington's Disease with dementia & parietofrontal atrophy, 18366
measures of emotional intelligence & cognitive ability & personality, 17–55 yr olds, 40
memory deficits & intelligence & learning, patients with schizophrenia vs Korsakoff's syndrome vs Alzheimers disease vs traumatic brain injury, 37267
memory on naturalistic vs laboratory task ability, 18–28 vs 60–69 vs 80–92 yr olds, 32928
menstrual cycle phase, performance on sex-sensitive cognitive & motor-skill tasks, college females vs males, 7147
Mental Aerobics to enhance self-esteem & cognitive functioning of older adults, participants (mean age 70 yrs), 14098
mental functioning, 6–62 yr old patients with arteriovenous malformations of the cingulate gyrus, 8612
metaphor, processing style in persuasion tasks & listeners' motivation & cognitive responses & recall & enjoyment of sports, college students, 33994
minor & major head injury caused by falling & risk of cognitive decline, home-dwelling 70 yr olds or older, follow-up study, 11917
models for role of neurocognitive deficits in schizophrenia & effects on pharmacological & cognitive/behavioral intervention outcomes, 24257
moderating role of cognitive functioning in relationship between hyperactivity & drinking habits, 16–45 yr olds, 10666
monoamine oxidase B deficiency, visuospatial learning & age-related cognitive decline, male rats, 36501
mortality & cause of death & mention of dementia on death certificate, 65+ yr olds with vs without dementia or other cognitive impairment, Canada, 5-yr study , 31297
motor & cognitive abilities, 43 yr old female with myotonic dystrophy, 11 yr study, 18289
motor & cognitive impairments & physical activities of daily living after stroke, 56–90 yr old stroke patients, 34598
Mozart's music, IQ & performance on cognitive tasks, adults & children, 33609
MRI-based hippocampal volume readings as predictor of Alzheimer's disease, 60–89 yr olds with mild cognitive impairment, longitudinal study (mean 32.6 mo), 18383
muscarinic acetylcholine receptor binding & cognitive function, 35–79 yr olds with Parkinson's disease vs progressive supranuclear palsy, 5302
music therapy, active involvement & social & emotional & cognitive skills, Ss with dementia, 21996
music training, cognitive abilities & academic achievement & brain development, children, commentary, 7425
music, cognitive development & abilities & academic achievement in music & other areas, comment, 7407
music, cognitive development & abilities & academic achievement, comment, 7400
nature of attentional deficits, patients with Parkinson's disease with vs without frontal lobe deficits, 24783
negative-prime Stroop task & directed-forgetting memory task as tests of cognitive inhibitory ability, 8–15 yr olds with ADHD, 27920
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary reply, 26950
neonatal & social risks & cognitive function & neuropsychological abilities & academic achievement & behavior, 5–9 yr olds weighing less than 750 g vs 750–1499 g at birth, commentary, 26947
neural network EEG pattern recognition methods for assessing transient cognitive impairment associated with alcohol intoxification or fatigue, 36219
neural substrates of age-related declines in mental imagery generation & manipulation & role of dorsolateral prefrontal cortex, 19–77 yr olds , 30133
neurobehavioral deficits, Persian Gulf war veterans, 18340
neurochemical basis & mechanisms of cognitive impairment & effects of atypical antipsychotic agents on cognition, patients with schizophrenia, 14536
neurocognitive changes associated with substance abuse & nature of alcoholic deficit & recovery of function, alcoholics who do vs do not abuse other substances , 24531
neurocognitive functioning & addiction relapse coping strategies, prediction of alcohol & drug involvement, 14–18 yr old substance abuse treatment inpatients, 1 & 2 yr follow ups, 28783
neurocognitive functioning & perceived cognitive abilities, patients (mean age 61 yrs) undergoing coronary artery bypass grafting, 19015
neurocognitive impairment, 63–68 yr olds with fronto-temporal dementia, 5420
neurocognitive performance & emotional status, chronic pain patients ages 22–67 yrs, 28029
neurocognitive performance, patients with degenerative dementia & REM sleep behavior disorder (mean age 69.8 yrs) vs patients who met criteria for Alzheimer's disease (mean age 82.5 yrs), 18369
neurocognitive remediation intervention, executive functioning, 19–66 yr old schizophrenic patients, 25511
neurocognitive task performance, people with schizophrenia vs bipolar disorder, 37265
neurodevelopmental models of neurocognitive impairment in childhood onset schizophrenia, 37349
neuroleptics, cognitive dysfunctions, patients with schizophrenia, 28489
neurological & cognitive ability, 13–35 yr old males with chronic petrol sniffing, 1794
neurological signs & test scores as predictors of cognitive & neuropsychological performance & ability to discriminate from healthy Ss, schizophrenia patients (aged 18–61 yrs), 34141
neuropsychologic functions, adult patients with chronic obstructive pulmonary disease & mild hypoxemia vs mild Alzheimer's disease, 31060
neuropsychological & cognitive ability, elderly patients with Alzheimer's disease with vs without apathy &/vs depression, 18390
neuropsychological & neuroimaging & neurophysiological indexes to fronto-subcortical deficit in progressive supranuclear palsy & related neurocognitive features, 8685
neuropsychological & pharmacokinetic assessment of cognitive functioning, 29–76 yr old hospice patient receiving morphine for cancer pain, 3341
neuropsychological assessment of cognitive ability, 8–19 yr olds with Lyme disease vs their siblings, 4 yr study, 11865
neuropsychological assessment of short-term verbal memory & other cognitive functioning, patients with dementia syndrome of depression vs Alzheimer's dementia & concurrent major depression, 3 yr study, 31285
neuropsychological assessment of visuospatial & verbal memory & other cognitive performances, monozygotic twins discordant for bipolar disorder, 14485
neuropsychological assessment via tasks differentially sensitive to functioning of specific cortical brain regions, developmental trends in cognitive performance, 8–23 yr olds, 17245
neuropsychological dissociation in impaired visual repetition priming & recognition familiarity, 32 yr old male with lesion to right occipital cortex, 2100
neuropsychological function & later development of Alzheimer's disease, nondemented older adults genotyped for Apolipoprotein E epsilon 4 allele vs those without copy of epsilon 4 allele, 21535
neuropsychological function, young adult inpatients with psychotic vs nonpsychotic unipolar depression, 8040
neuropsychological functioning & cerebral glucose metabolism, 62–70 yr old patients with memory impairment vs Alzheimer's disease, 3 yr study, 11873
neuropsychological impairments & cognitive & academic functioning, children with sickle cell disease, 28005
neuropsychological performance & frontal lobe executive functioning, 21–55 yr olds with ADHD, 18126
neuropsychological performance as measure of cognitive impairment, schizophrenic patients, 30737
neuropsychological performance, recently abstinent cocaine-dependent 18–45 yr olds, 1772
neuropsychological test performance & cognitive impairment, 13–18 yr olds with schizophrenia, commentary, 14542
nicotine acetylcholine involvement in cognitive function in animals & nicotinic function in clinical populations & potential for therapeutics, 4197
normal vs disease-evoked neuronal loss as cause of cognitive decline, Alzheimer's disease patients, 2020
number of affective episodes, cognitive impairment assessed during euthymic phase, patients with unipolar vs bipolar disorder assessed 12–25 yr post-hospital discharge, 1528
nutritional & cognitive & functional status & effect of nutritional education in care personnel, elderly living in service flats, 6-mo study, 30256
olanzapine vs haloperidol vs placebo, attention & memory & psychomotor function, healthy 62–81 yr olds, 23489
parental report of pain & coping, children with borderline to profound cognitive impairment, 31001
parent–child multivariate conditional path model of heritability of verbal & spatial ability & visual memory & perceptual speed, adopted vs biological families, 3807
paroxetine treatment, cognitive toxicity, 61–84 yr old patients with major depression, 38286
participants of everyday use & effectiveness of meta-coping strategies & association with state & trait measures of anger & curiosity & anxiety & emotional states & cognitive performance, adult Ss, 14294
pathologic speech & behavior & cognitive deterioration, 70+ yr olds, 6865
patient & general practitioner appraisal of health status & drug protocols & psychiatric symptoms & cognitive performance & satisfaction with health status, 66–89 yr olds, 8993

patient gender & cognitive impairment & activities of daily living & behavior problems, caregiver burden & mental fatigue, spouse or offspring as caregivers of patients with dementia, 35253
patterns of cognitive activity & their relation to cognitive functioning, persons aged 65+ yrs & older, 23826
patterns of frontal cognitive & memory impairment, melancholic &/vs nonmelancholic depressed patients, 11350
perceived locus of control vs actual skill in mental performance task, 20–66 yr old alcoholics, 8390
perceived vs actual changes in attention & memory abilities during pregnancy, pregnant women, 16575
perception of emotion & neurocognitive functioning, treatment-resistant schizophrenic patients (mean age 37 yrs), 1598
perceptions of parents' job insecurity, academic performance, 17–21 yr old undergraduates, 22505
performance on Cognitive Assessment System, cognitive ability & verbal learning deficits, hospitalized male offenders (aged 15–17 yrs), 6651
performance on Modified Card Sorting Test & general intellectual ability & demographic variables, 16–75 yr olds, 13570
performance on neuropsychological tests of early signs of age-related cognitive deficits associated with dementia, 28–58 yr olds with Down's syndrome , 1875
performance on non-rulebound & rulebound verbal output executive tasks, 6.1–18.1 yr olds with autism, 24602
performance on Rivermead Behavioural Memory Test, assessment of memory problems & cognitive deficits, 11–17 yr olds with PTSD, 13071
performance on Sentence Arrangement subtest of Wechsler Adult Intelligence Scale-Neuropsychology Instrument as evidence of cognitive deficits, 20–55 yr olds with schizophrenia, 37361
performance on tests of intelligence & sustained attention & frontal lobe functioning, adults who underwent 34–36 hours of continuous sleep deprivation, 23420
performance on theory of mind tasks, 34–80 yr old patients with bilateral damage to orbito-frontal cortex vs unilateral damage in left dorsolateral prefrontal cortex, 2090
performance on Twenty Questions task, patients with frontal or temporal lobe epileptic disturbances, 15046
person-specific knowledge & knowledge of biological categories, 68-yr-old male patient with damage in right temporal region, 15016
phenomenological symptoms & assessment of neuropsychological & developmental cognitive dysfunctions, model for neurodevelopment of autism, 34632
phenotype of schizophrenia as disruption in cortical-thalamic-cerebellar-cortical circuit & resulting cognitive dysmetria, 37347
phonologic processing abilities & reading, children with language-learning disorders, 8481
phonological processing deficits as predictor of phonological alexia, 74 yr old male with nonfluent primary progressive aphasia, 28146
planning & organizational abilities, patients with frontal lobe lesions, 8651
positive symptoms of schizophrenia, neurocognitive functioning for language and memory, hospitalized patients (mean age 36 yrs) with schizophrenia, 34165
postmortem choline acetyltransferase & acetylcholinesterase deficits & cognitive deterioration, 62–103 yr olds with no vs questionable cognitive impairment vs early Alzheimer's disease, comment, 21547
postmortem choline acetyltransferase & acetylcholinesterase deficits & cognitive deterioration, 62–103 yr olds with no vs questionable cognitive impairment vs early Alzheimer's disease, 21548
poststroke lesion size & location & impairment, depression, hospitalized stroke patients, 2 yr study, 15042
precision of phonemic perception & processing, patients with schizophrenia, 11408
predictive validity of phonology & listening comprehension & cognitive ability & visual-motor coordination against early reading skills, kindergartners from diverse linguistic backgrounds, 1 yr study, 36749
prefrontal cognitive & neuropsychological dysfunction, 8–19 yr olds with continuously treated phenylketonuria, 28053
preinjury factors & postinjury family environment, cognitive & academic & behavioral sequelae at 6 & 12 mo, 6–12 yr olds with moderate vs severe traumatic brain injury vs orthopedic injuries , 8676
premorbid educational attainment & symptomatology & quality of life & cognitive performance & neurobiologic correlates of improved outcome, patients with schizophrenia , 1622
prenatal androgen exposure, cerebral lateralization & handedness & cognitive functioning & IQ, 10–23 yr olds with congenital adrenal hyperplasia, 28031
prenatal exposure to phenobarbital or phenytoin, hormone related cognitive functioning & spatial ability, adults, 2300
preoccupying cognitions & working memory deficit associated with weight-loss dieting, female high vs low/medium restraint eaters vs dieters, 227
prevalence of dementia & cognitive decline, 75 yr olds & older, 9 yr study, 5388
prevalence of psychosis & cognitive functioning & depression & severity of disorder, patients with Parkinsons disease, 24771
prevalence of Royal College of Psychiatrists' consensus criteria for detection of reversible intracranial pathology & assessment of cognitive impairment, elderly patients referred for CT head scan, 31189
prevalence of thiamine deficiency & associated disorders & treatments & relationship to cognitive & function status, geriatric inpatients (mean age 83 yrs), 20997
prior history of & in-season concussion & presence of learning disability & cognitive functioning as determined by performance on neuropsychology test battery, male college football players, 37743
problem solving ability, patients with schizophrenia vs unilateral prefrontal lesions vs temporal lobectomies, 24283
prodromal evolution of cognitive deficits, 60–100 yr olds at risk for developing Alzheimer's disease, 3 yr study, 31330
prognostic significance of cognitive impairment in schizophrenia & relation to disease course & recovery, implications for cognitive rehabilitation effectiveness, 24289
progressive decline of numerical skills, 74 yr old female with Alzheimer-type dementia, 28154
progressive muscle relaxation, behavioral disturbance & cognitive performance, patients with Alzheimer's disease, 12083
prolonged P3 latency & decreased brain perfusion in cerebellar degeneration, adults aged 46–74 yrs, 37917
prosodic loss, 50–86 yr olds with Parkinson's disease, 28179
protective role of educational attainment & age in relation between oral estrogen replacement therapy & cognitive function, nondemented 65+ yr old women, 4–6 yr study, 21923
psychological state & neuropsychological performance, 26–60 yr olds with post-Lyme syndrome, 11885
psychometric sensitivity & predictive validity WAIS/WAIS—R premorbid IQ estimations of cognitive decline, normal 16–88 yr olds, 9839
psychometrics of everyday functioning questionnaire as measurement of cognitive & emotional problems, 23–60 yr old neurosurgical outpatients & their partners , 100
Psychomotor Activation Programme, individual & group behavior & cognitive functioning, 64–96 yr old group care home residents with dementia, 35047
psychopathological & cognitive impairment & psychiatric diagnoses, patients (mean age 47.7 yrs) with encephalomyelitis disseminata , 21534
psychosocial & psychiatric & injury-related factors, cognitive outcome, 5–14 yr olds following severe traumatic brain injury, 11918
quantitative EEG &/vs regional CBF measurement with SPECT with high resolution device, assessment of brain failure, patients with probable Alzheimers disease, 8658
radial maze vs platform maze vs water maze, test of cognitive ability & hippocampal morphology & neurotrophin expression, aged rats, 19947
rate of cognitive decline, patients (aged 65 yrs & older) with Alzheimers Disease & other dementias, 18399
re-evaluation of critical thinking skills & role at cognitive dissonance & ability to evaluate competence of experimental abstracts, nonbelievers vs believers in the paranormal , 10136
reaction time performance on predictable task-shifting task, patients with frontal or temporal lesions, 28125
reading & spot the word tests, estimation of premorbid intellectual ability, 18–55 yr old patients with closed head injury vs orthopedic trauma controls, 21617
reasoning skills & critical thinking abilities & dispositions, college student athletes vs non-athletes, 2916
receptive communication as evidence of cognitive functioning, 15-yr-old female with late stage Rett syndrome , 14829
reduction in priming during dysphonemic or phonemic word stem completion, 55–95 yr olds vs young adults, 16570
regular current or former use of nonsteroidal anti-inflammatory drugs or/vs aspirin, cognitive performance, 48–67 yr olds, 23564
relation between midlife systolic blood pressure & late-life cognitive decline & brain morphology, 68–79 yr old males, 28 yr prospective study, 2092
relation of successive percentiles of reaction time distributions to cognitive variables & age, adults, 7935
relationship between psychosocial functioning & cognition & psychopathology, 36 patients with bipolar mood disorder, 4903
relationship between cognitive functioning & performance of daily living skills & cognitive level after discharge, psychiatric inpatients, implications for occupational therapy assessment, comment, 14444
relationship between cognitive functioning & performance of daily living skills & cognitive level after discharge, 18–55 yr old psychiatric inpatients, implications for occupational therapy assessment, 14459
relationship between neurocognitive variables & social functioning, outpatients with schizophrenia (mean age 40.1 yrs), 2 yr followup, 24252
relationship between neuropsychological testing & on-the-road driving test performance, adults (mean age 70 yrs) with vs without Alzheimer's disease, 5309
relationship between slow-wave sleep & cognitive performance, older adults with vs without insomnia (mean age 67 yrs), 31045
relationship of patient age & psychiatric diagnosis & neurological & cognitive functioning to CT results influencing patient care, 23–85 yr old psychiatric patients, 4851
relationship of processing speed to cross-sectional differences in cognitive performance & longitudinal within-person cognitive decline, 66–92 yr olds, 13310
relationships among cortical glucose metabolism & degree of cognitive impairment & dementia, patients with subcortical infarction, 31267
reliability & stability of Mayo Cognitive Factor Score as measure of cognitive ability change, 54+ yr olds assessed 3–4 times at 1–2 yr intervals, 7405
reliability & validity of Brigance K & 1 screen, identification of children in need of more comprehensive evaluation, 52–69 mo olds attending a preschool Head Start program, 9827
reliability & validity of testament definition scale, measurement of capacity to define testament, 61–85 yr old cognitively impaired patients, 28159
ritalin, academic achievement & cognitive ability, 9–11 yr olds with attention deficit hyperactivity disorder, 27919
role of dopamine & norepinephrine & acetylcholine in core cognitive deficits of schizophrenia, therapeutic implications, 12170
role of hydrocortisone & other glucocorticoid hormones in stress induced impairment of neuronal function & contribution to brain aging & cognitive impairment, 7070
role of language & different verbs in development of understanding false beliefs, 3–5 yr old Chinese-speaking children, 17266
role of locus coeruleus brain system in regulation of cognitive performance, monkeys, implications for attention modulation & exploratory behaviors, 10462
role of orthostatic hypotension as risk factor for cognitive decline, home-dwelling & institutionalized 70–85+ yr olds, 21522
role of recurrent hypoglycemia in cognitive deterioration, 79-yr old female presenting with symptoms of behavior disorder, 14897
safety & efficacy of nicergoline, cognitive functioning, 60–82-yr-old hypertensive patients with leukoaraiosis, 31185
schizoaffective psychosis & intellectual deterioration, 18-yr-old female fragile-X carrier, 31038
schizophrenia symptoms vs neurocognitive measures as predictors of community functioning, 20–50 yr old schizophrenic patients, 14567
scopolamine, non-nmestic cognitive performance & impairment, healthy 20–64 yr olds, implications for contribution of cholinergic system to senile dementia of the Alzheimer's type, 4234
scores on cognitive & perceptual & motor & psychological measures, 14–15 & 20–22 yr old basketball players, 6355
SCRIPTKELL computer-assisted tool for measurement of cognitive effort & time processing in writing & other complex cognitive activities, 13302
self-appraisal of having lived up to intellectual abilities at mid-life & relation to life satisfaction & retrospective life choices 1 & 3 decades later, gifted adults (mean age 49 yrs) , 20436
self-rated & objective cognitive ability & subjective cognitive complaints & affective distress, Gulf War veterans (mean age 32.7 yrs), 27509
self-rated health, cognitive performance, community dwelling elderly (mean age 69.9 yrs), 14088
self-reported cognitive deficits & objectively measured cognitive performance, patients entering substance abuse treatment, 25527
semantic errors in serial cognitive neuropsychological models of oral reading, 34-yr-old female with deep dyslexia, 18153
semantic vs repetition priming, facilitation of motor response to lexical stimuli, HIV+ patients with vs without cognitive impairment, 28072

sensitivity of ten-point clock test, screening for cognitive impairment of early stage Alzheimer's disease, patients with Mini-Mental State Examination scores greater than 23, 26149
sensory & cognitive & motor deficits & advice about driving & impaired driving behavior, traumatic brain injury survivors, 5336
service utilization & direct care costs, 65–85+ yr olds with different degrees of cognitive disability, 28252
sex & estrogen use in females, cognitive function with age, 65–95 yr old males vs females, longitudinal study, 10914
short vs long term memory tasks requiring automatic vs retrieval & organizational processes, cerebral blood flow & brain activation, HIV plus males with vs without minor cognitive motor disorder, 21507
short-term exposure to music on cognitive development & abilities & academic achievement, comment, 7446
short-term memory & long-term learning & retention of lexical-semantic information, 73-yr-old patient with brain damage or amnesia, 11932
shunt for congenital hydrocephalus in spina bifida vs aqueductal stenosis, neuropsychologic & adaptive functioning & presence of nonverbal learning disabilities observed in childhood, adults, 18824
similarity & distinctness of age-associated memory impairment & ageing-associated cognitive decline as research diagnostic criteria, adults without dementia with evidence of cognitive decline, 30265
size of cerebellar vermis, clinical cognitive functioning, male 8.2–14.6 yr olds with ADHD, 5141
snoring & excessive daytime sleepiness, cognitive ability, 59–71 yr olds, 4 yr study, 34560
social & cognitive abilities & social constructionist view of selfhood, 63 yr old female with Alzheimer's disease, 18415
social background & cognitive ability & educational attainment level, occupational outcomes, high school graduates vs their siblings, application of dataset followed from 1957 through the early 1990s, 13889
sociodemographic factors & functional status, use of advanced care directive vs do-not-resuscitate order prior to vs after admission, male vs female Black vs White nursing home residents, 1993–94 , 22230
spatial navigation in Morris water maze over time, rats with complete vs partial transections of perforant path, animal model of recovery of cognitive functioning in traumatic brain injury, 519
specificity of word & tone working memory deficits, outpatients with schizophrenia, 8160
spectrum of diseases in vascular cognitive impairment, 37904
speed requirements & response alternatives & repetition, random sequence generation, 5–11 yr olds, 33634
stability of cognitive function & relationship between cognitive performance & clinical symptoms, first-episode & recent-onset schizophrenia patients (mean age 24 yrs), 5 yr study, 34155
stability of Stanford-Binet Intelligence Scale: Fourth Edition & Kaufman Assessment Battery for Children, measurement of cognitive abilities, low SES African American vs White 4–9 yr olds, 5-yr study, 35884
standardized regression-based approach to evaluation of cognitive changes, 63–69 yr olds with Alzheimer's disease or vascular dementia or Pick's diseae, 15040
state of mood & prevalence of experienced loneliness, 75–98 yr olds with vs without cognitive impairment, 31244
strength & sensitivity of neuropsychological test findings, cognitive deficits, nondemented vs demented patients with Parkinson's disease, 34692
structure of dorsolateral & medial & orbital regions of frontal lobe & cognitive function & symptomatology, 18–40 yr old males with schizophrenia, 24240
subclinical cardiovascular disease & diabetes mellitus & apolipoprotein E genotype, cognitive decline, 65+ yr olds, 28024
subjective vs neuropsychologically assessed word finding & naming ability, adult Lyme borreliosis patients, 11943
substantively complex work, intellectual functioning, younger vs older participants studied over 20 yr period, 30134
sulpiride dose, cognitive & subjective effects, males, implications for cognitive deficits in Parkinson's disease, 36589
symptoms of sleep apnea & prevalent cardiovascular disease & cognitive impairment & mortality, 71–93 yr old Japanese-American men, 3-yr study, 21457
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3556
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3530
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary reply, 3549
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3561
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3539
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, 3548
tacrine, cognitive performance, elderly with Lewy body dementia vs mild or moderate Alzheimer's disease, 5754
task complexity vs qualitative differences in cognitive demands, selective attention in color-block vs color-word versions of Stroop test, younger vs older adults, 17403
test-retest reliability of Assessment of Motor & Process Skills, assessment of activities of daily activities, 55–92 yr olds with & without cognitive impairment, 1–10 day followup, 26096
theory of mind abilities, individuals with autism or mental retardation, 1863
theory of mind ability, 7.11–14.8 yr olds with autism, 14811
theory of relationship between brain dopamine levels & positive affect & performance on cognitive tasks, 26571
thioridazine vs remoxipride, neuropsychological & hemodynamic responses, healthy 20–42 vs 65–77 yr olds, 23586
tiapride, psychomotor performance & cognitive functions & EEG, 65–75 yr olds, 33469
time of day & age, cognitive performance, 20–78 yr olds, 10083
time of day, cognitive task performance, college students with high vs low impulsivity , 7913
timing of influences of cumulative poverty, cognitive ability & achievement, 14–21 yr olds, longitudinal study, 869
training program, inferential skills induced from verbal protocols during reading & thinking aloud tasks via causal network model, 10 & 11 yr olds, 12645
transition to nursing home, cognitive status & morale & depression & satisfaction with care, newly admitted patients (mean age 84.7 yrs), 6 mo study, 25486
translation & standardization of Differential Aptitude Test & Primary Mental Abilities, assessment of sex differences in cognitive ability, students, 1979–1995, 32715
transpersonal experiences & emotional conflict & cognitive abilities, creativity, visual artists vs actors vs people in non-artist field, 32897
treatment program designed to teach fundamental workplace skills, employed persons with schizophrenia & affective disorder, 6 mo followup, 35298
tryptophan depletion, memory & learning & perceptual & psychomotor & other cognitive functions, 18–61 yr olds with vs without positive family history for depression, 10647
tyrosine, cognitive task performance & mood & BP & MHPG, 18–27 yr old cadets in demanding military combat training course , 17031
underdetection & undertreatment of pain & self-report & behavioral pain assessment tools, institutionalized elderly with cognitive impairment, 28137
unilateral pallidal stimulation, cognitive outcomes, 38–70 yr olds with Parkinson's disease, 3 mo study, 15434
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, 5763
unilateral stereotactic pallidotomy, cognitive functioning, patients with Parkinsons's disease, commentary, 5769
use of magnetic resonance spectroscopy to examine relation between executive function & frontal lobe pathology, 24–50 yr old patients with multiple sclerosis, 11889
use of magnetization transfer ratio histogram analysis & correlates to clinical & neuropsychological functioning, patients with multiple sclerosis, 34613
use of neuropsychological assessment for evaluation of cognitive functioning during treatment for medical disorders, 8733
use of proton magnetic resonance spectroscopy for detection of cortical dysfunction & correlation with neuropsychological testing, 47–74 yr old non-demented patients with Parkinsons disease, 31248
use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, comment & reply , 28115
use of the modified Kral procedure & facilitory & oppositional paratonia as predictors of performance on motor & nonmotor tests of frontal lobe function & cognition, 54–84 yr old patients , 2009
use of Tower of Hanoi in assessment of cognitive procedural memory, 47 yr old male with Korsakoffs syndrome, 5070
use of visual & orthographic analogies when reading, phonemic awareness, 1st graders with limited reading experience & ability, 30198
validation of normative data on Doors & People Memory Test & relationship between test results & intellectual level, 16–75 yr olds , 35985
validity of Allen Cognitive Level Test, persons with schizophrenia living in long-term psychiatric hospital vs community, 8145
validity of assessments of cognitive abilities & academic achievement, diverse groups, 32713
validity of computerized adaptive test of word knowledge administered via telephone to estimate general cognitive aptitude, 17–53 yr old US Army recruits, 6591
validity of memory complaints for detecting cognitive impairment, 75 yr olds & older, 33710
validity of Mini Mental State Examination assessment of cognitive functioning & impairments, 60+ yr old Hispanics vs Whites living in rural areas, 32594
variability of scores on Mini-Mental State Examination, measurement error & ability to track individual cognitive changes, patients with probable Alzheimer's disease, 1–6 yr followup, 31199
venoarterial extracorporeal membrane oxygenation treatment, lateralized cognitive & perceptual motor & memory & tactile perceptual & neuropsychological abilities, 4–6 yr olds with cardiac disease, 28617
ventroposterior pallidotomy, balance & activities of daily living & cognitive ability & neuropsychiatric symptoms, 34–82 yr olds with Parkinson's disease, 5756
very low birth weight with bronchopulmonary dysplasia in infancy, cognitive performance at school age, 8–10 yr olds, 11795
visual & attentional & perceptual & cognitive & psychomotor abilities & structured road test performance, 62 yr old & older drivers with vs without unsafe driving incidents, 29232
visual information processing deficits, performance, adult patients with schizophrenia, 30748
visual selective attention & linguistic performance in letter cancellation task, 11–12 yr olds, 858
visual–spatial working memory & other executive &/vs phonological processing measures, reading-disabled vs slow-learning 1st–5th graders with vs without ADHD, 27941
visuo-spatial & linguistic & memory ability, 10 yr old male with Williams syndrome, 31005
visuoconstructional drawing ability, patients with depression or neurologic compromise, 17777
vitamin supplements, cognitive performance, people with dementia vs without cognitive impairment, 9014
vocal & instrumental music as distractors, cognitive test performance, introverted vs extraverted 16–18 yr olds, 20566
wandering & becoming lost & relation to institutionalization & cognitive ability, patients with dementia, 5 yr study, 5378
Wisconsin Card Sorting Task & Tower of Hanoi as measures of planning & problem-solving capacity, patients with schizophrenia, 17901
working & marital & cognitive status & age & mental or physical health, perceived quality of life, 65–85 yr old males vs females without dementia, 7616
working alone vs alongside 1 other peer vs within a group of 6, performance on cognitive tasks, 9–14 yr olds with emotional & behavioral difficulties , 19345
workload, performance & mental effort & distress, adult inpatients with severe closed head injury, 18410
zopiclone vs temazepam, cognitive functioning, outpatients with insomnia, 28500

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Books

The clinical neuropsychiatry of multiple sclerosis, 37926
Human cognitive abilities in theory and practice, 3570
Human differences, 19547
An introduction to cognitive psychology: Processes and disorders, 29615
Managing anger, 31395
Personality development in individuals with mental retardation, 34479
Processing of medical information in aging patients: Cognitive and human factors perspectives, 20671
Sex and cognition, 23120
Who is rational?: Studies of individual differences in reasoning, 16613

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Chapters

Abilities as aptitudes and achievements in learning situations, 6225
Age-related cognitive decline and the dementia threshold, 2110
Aging and the controlled and automatic processing of medical information and medical intentions, 20674
Aging, language, and language disorders, 5433
Assessment of cognitive functioning in preschoolers, 6577
Basic cognitive processes, 17427
Brain injury and theories of recovery, 35315
Cognitive control processes in attention-deficit/hyperactivity disorder, 24488
Cognitive development and cognitive deficit, 13972

Cognitive functioning in children with oppositinal defiant disorder, 24493
Cognitive performance and learned helplessness in mentally retarded persons, 34490
Cognitive processes and medical decisions, 22031
Computer-mediated critical thinking: The Vee heuristic, 25754
Conceptual capacity as competitive advantage: Developing leaders for the new army, 16187
The Delta Group Experience: TBI in France, 35311
The development of intelligence includes the capacity to processing relations of greater complexity, 30205
Development of intention: The relation of executive function to theory of mind, 17206
Epistemology, expectation, and aging: A developmental analysis of the gerontological curriculum, 1024
The evolution of reference, 258
Executive cognitive functioning in alcohol use disorders, 5106
Fragile X syndrome, 31099
Frequency reports of physical symptoms and health behaviors: How the questionnaire determines the results, 20676
Frontal lobe development in childhood, 7483
How do I work this thing? Cognitive issues in home medical equipment use and maintenance, 22227
Implications of early sensory processing and subcortical involvement for cognitive dysfunction in schizophrenia, 24307
Individual differences and development—One dimension or two?, 30203
Individual differences in motivation: Traits and self-regulatory skills, 10225
Insights into working memory from the perspective of the EPIC architecture for modeling skilled perceptual-motor and cognitive human performance, 19878
Intellectual functioning in midlife, 7489

The use of cultural tools: Mastery and appropriation, 10817
When age is in, the wit is out?, 33603
Where is intelligence? Some answers from the triadic theory, 3573

Cognitive Assessment—Serials

AC pulsed electromagnetic fields in picotesla flux density, cognitive function as assessed by picture orientation on Draw-A- Bicycle Test, 42–71 yr olds with Parkinson's disease or Parkinsonism, 2483
achievement in college-level course, high school students with high vs low analytical &/vs creative &/vs practical ability placed in class that matched their pattern of ability , 22466
age & educational level & gender, scores on Cognitive Abilities Screening Instrument, cognitively intact 65–101 yr olds, development of reference distribution for use by clinicians, 35989
assessment of cognitive impairment over time, patients with Alzheimer's disease (mean age 76.5 yrs), 1.5–4.5 yr study, 19640
assessment of long-term course of cognitive change with Scales of Cognitive Impairment Rated from Institutional Records, deceased elderly schizophrenia patients (mean age 80.9 yrs) , 11433
assessment of verbal memory functions, 54–82 yr olds with non-demented Parkinsons disease, 24816
Bayley Scales of Infant Development vs Play-Based Assessment, assessment of cognitive development, at-risk 2 yr olds, 22842
clinic vs home-based testing location, cognitive assessment, Alzheimer's patients (mean age 77.8 yrs) with mild to moderate dementia, 35951
clinical & functional & sociodemographic variables, results of Clock Drawing Test used for cognitive screening, 60–96 yr olds hospitalized for rehabilitation following hip fracture or stroke , 32017
clinical criteria & outcome, patients with mild cognitive impairment vs Alzheimer's disease with dementia rating 0.5 vs 1, 10 yr study, 15033
clinical criteria & outcome, patients with mild cognitive impairment vs Alzheimers disease with dementia rating 0.5 vs 1, 10 yr study, correction, 31301
clock drawing task scoring systems vs measures of executive control function vs Mini-Mental State Exam, outpatients (mean age 73.1 yrs) with probable Alzheimer's disease, 35996
cluster subtypes in California Verbal Learning Test—Children's Version, assessment of memory ability, 5–16 yr olds, 35881
cognitive & general mental health assessment & estrogen & progestins, postmenopausal women, 90
cognitive assessment of competent & impaired reading performance, 4th graders, Scotland vs Brazil, 30988
cognitive factors & attrition rates, prediction of medical school performance, medical school applicants, 2769
computer-based networked collaborative knowledge mapping system, assessment of team processes & outcomes & teamwork skills, 9th grade student teams, 26223
concurrent validity, telephone adaption of Modified Mini-Mental State Exam, 65–93 yr olds, 35862
context-sensitive & cross-task performance on versions of Continuous Performance Test & Stroop & lexical-disambiguation tasks as cognitive deficit measures, adults with schizophrenia vs depression, 11318
convergent validity of cognitive assessment methods, research & practice in cognitive behavior therapy, adults, 13059
correlation between the Folstein Mini-Mental State Examination & clock drawing scoring, assessment of cognitive functioning, Albertan adults (mean age 76 yrs), implications for primary care services, 32679
criteria for & appropriateness of alternative cognitive assessment for culturally diverse groups., 32572
current & future directions & issues of heterogeneity of ethnicity & language & acculturation & age & education in practice of neuropsychology & measurement of cognition, Hispanics , 32684
development & reliability of cognitive assessment battery, 20–36 mo olds with physical impairments, 22865
development of psychometric vs information processing assessments for cognitive abilities in military testing, 26245
discontinuation of carbamazepine, neurocognitive performance, 10.1–14.3 yr olds with symptomatic partial epilepsy, 31803
discriminant validity of relatedness ratings vs Pathfinder vs concept map knowledge structure measures & experience, posttraining performance, 17–43 yr olds , 6552
dynamic testing for assessment of cognitive processes & potential for learning, erratum , 128
equivalence of Short Portable Mental Status Questionnaire & Orientation-Memory Concentration test, cognitive functioning, 68+ yr olds, 3 yr study, 6846
examines predictive & construct validity in cognitive tests with respect to biases since 1980, 32570
guidelines for identification & management of sports concussion, commentary, 37856
internal & external validity of Thinking Styles Inventory, gifted 12–17 yr olds, implications for gifted education, 32309
interrater & internal consistency reliability & concurrent & discriminative validity of Toglia Category Assessment, 18–86 yr olds with brain injury vs schizophrenia, 17764
measurement & evaluation of cognitive decline, older patients, 6653
methods & implications of cognitive task analysis on design of computer simulation-based performance assessment of problem solving & decision making in dental hygiene, 26082
neuropsychological consequences of hemorrhage & surgical repair of a deep right frontal arteriovenous malformation, 7 yr old boy, 6 mo & 4 yr followups, 16909
performance on Cognitive Assessment System, cognitive ability & verbal learning deficits, hospitalized male offenders (aged 15–17 yrs), 6651
performance on Rivermead Behavioural Memory Test, assessment of memory problems & cognitive deficits, 11–17 yr olds with PTSD, 13071
prevalence of Royal College of Psychiatrists' consensus criteria for detection of reversible intracranial pathology & assessment of cognitive impairment, elderly patients referred for CT head scan, 31189
psychiatric & cognitive & neurological characteristics at disease onset, 45–80 yr olds with Alzheimer's disease, 5377
psychometric properties of Sustained Attention Test & correlations with measures of learning and social skills acquisition, patients with schizophrenia , 3331
reliability & classification accuracy of cognitive screening, test to identify children at risk for learning problems, kindergarten & prekindergarten children with vs without learning disabilities, 6668
reliability & validity of Delirium Severity Scale, inpatients (aged 55 yrs & older) with delirium , 66
review of research on intelligence & personality & cognitive test bias against immigrant children and job applicants in the Netherlands from 1984 to 1999, 26087
status processes & expected costs & rewards, mental ability test scores, college students, 4752
Strategic Management Simulation technique, difficulties in real-world challenges & complex decision making, 48-yr-old female with right orbitofrontal damage after traumatic brain injury, 32686
testing battery, assessment of cognitive & behavioral & functional characteristics, 76–94 yr olds with possible or probable Alzheimers disease, 8613
use of Tower of Hanoi in assessment of cognitive procedural memory, 47 yr old male with Korsakoffs syndrome, 5070
validity of assessments of cognitive abilities & academic achievement, diverse groups, 32713
validity of time & change test in screening for dementia, 70+ yr olds, 8627
Wide Range Assessment of Memory & Learning, assessment of memory functioning, 6–17 yr olds with mild-moderate or severe traumatic brain injury, 16360

Cognitive Assessment—Books

Developing and validating multiple-choice test items (2nd ed.), 19576
Essentials of CAS assessment, 9830
Testing and assessment in counseling practice (2nd ed.), 35870

Cognitive Assessment—Chapters

Can measures of infant information processing predict later intellectual ability?, 13924
Cognitive and behavioral assessment, 35872
Cognitive assessment in late-stage dementia, 32666
Cognitive behavior therapy, 31536
Focus chapter: **Methodological issues in research on neuropsychological and intellectual assessment, 9928**
Neuropsychological assessment in dementing conditions, 22902
The Williams syndrome cognitive profile: Strengths, weaknesses, and interrelations among auditory short-term memory, language, and visuospatial constructive cognition, 18144
Williams syndrome: Findings from an integrated program of research, 29324

Cognitive Behavior Therapy [See Cognitive Therapy]

Cognitive Complexity—Serials

abusive family environments, domain-specific cognitive complexity. Ss who were abused vs nonabused as children, 24582
age & bilingualism & attentional control & cognitive complexity, younger (mean age 4.2 yrs) vs older (mean age 5.4 yrs) children, 23680
breadth of perspective & creativity & complexity, individuality operationalized through photographic essays, 18–54 yr olds, 30492
cognitive complexity & political preference, judgments about President Clinton's integrity, college students, 4758
cognitive complexity of graphical representations during ecology lectures, professor & college students & scientists, 19263
cognitive diversity & complexity, outcomes attained in crisis negotiations, college students, 7819

development & evaluation of a computer-administered measure of cognitive complexity, college students, 58
self complexity in cognition & persistence of depression, patients with major depression (mean age 36.9 yrs), 27646

Cognitive Complexity—Chapters

Conceptual capacity as competitive advantage: Developing leaders for the new army, 16187
The development of intelligence includes the capacity to processing relations of greater complexity, 30205
Executive functions and theory of mind: Cognitive complexity or functional dependence?, 17305
Some aspects of innateness and complexity in grammatical acquisition, 23744

Cognitive Contiguity—Serials

hippocampus & learning & memory & association of discontiguous events in terms of temporal &/or spatial positioning & computational framework, animals, 3939

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Serials

ability to complete analogies on causal mapping task as evidence for relational shift hypothesis, 3–6 yr olds, 7424
ability to continuously interpret speech & recognize familiar words, 24 mo olds vs adults, 26999
ability to form categorical representations to monosyllabic & bisyllabic stimuli, 3–4 mo olds, 13936
ability to individuate objects based on shape & size & pattern & color, 4.5–11.5 mo olds, 36775
ability to inhibit initial misinterpretation of garden path passages, 3rd vs 6th graders vs college students, 7411
ability to recognize vs distinguish facial patterns of surprise & fear, 5–6 vs 9–10 yr olds, 20500
ability to reproduce previously observed actions following 24 hr delay, 6 & 9 mo old infants, implications for declarative memory, 33610
ability to resist interference during processing of auditory dimensions of speech, 3–16 vs 18–48 yr olds, 30170
acculturation strategies & cognitive performance, 7–12 yr old first vs second generation migrant children, Netherlands, 30140
achievement & behavior development, 6–7 yr olds, 6 yr study, 26940
age & education, phonemic & categorical verbal fluency, 16–59 & 60–79 & 80–95 yr olds, 13959
age & Piagetian & Neo-Piagetian vs Pascual-Leone's potential for learning & individual differences for prediction of academic performance, 7–10 yr olds, 6213
age & water-level task performance stability vs change stochastically modeled, 8–16 yr olds, 3 yr study, 23725
age, construction of Utrecht Early Mathematical Competence Scales, 4–7 old 1st vs 2nd vs 3rd-grade males vs females, 13961
age, encoding & use of information in recall & recognition of remember- vs forget-cues & pictures in intentional forgetting task, 2–9 graders & college students , 874
age, operationalization of understanding of observation & prediction & hypothesis in everyday vs educational contexts, 6th–11th graders, application of Test of Hypothetico–Deductive Reasoning, 20488
age-related developmental differences in performance on Piagetian water-level task & relation to educational quality, 4th vs 5th vs 6th vs 8th vs 11th graders, China, 30178
amount & type of change to previously experienced event, generalization of event knowledge, 29–30 mo olds, 7378
analysis of technological problem-solving strategies, novice 7th grade dyads, 30196
analytical & creative & practical abilities as evidence of cognitive development, 8–17 yr olds attending traditional vs innovative public schools, Russia, 32215
application of findings in developmental cognitive science to educational setting, commentary, 4447
appraisal of personal beliefs through experimentation, 9–14 yr olds, 26982
attention to object structure in manipulation & categorization tasks, 14 vs 18 vs 22 mo olds, 883
attention, development of verbal short-term memory, 1st vs 4th graders vs adults, 36738
attributional complexity & cognitive development & situational cues, correspondence bias in social perception, college students, 4742
baby walker & visual motor experience, motor & mental development, 6–15 mo olds, 36766
Bayley Scales of Infant Development vs Play-Based Assessment, assessment of cognitive development, at-risk 2 yr olds, 22842
blood pressure, level of change in cognitive functioning, 65–102 yr olds, 9 yr study, 10919
cascade-correlation generative connectionist network model for development of children's seriation, 32497
chronopsychophysiology, measurement of developmental changes in selective attention & mechanisms underlying age effects on speed of responding, 7156
cognition & motor skill acquisition & language development, 30157
cognition theory & development for college instruction, 15900
cognitive & behavioral development, 5.5–18.3 yr old males with fragile X vs Down's syndrome, Israel, 24577
cognitive & language & daily living & motor skill developmental patterns, preterm vs fullterm infants with vs without acute vs chronic respiratory diseases of varying severity, 24 mo study , 28052
cognitive development & knowledge about mind & relation to theory of mind development, infants & children, 13937
cognitive development & processes & control mechanisms & structures in creative thinking & effective novelty, children & adults, implications for gifted individuals, 30160
cognitive development, brain activation, 5 yr old females, 3 yr study, 13957
cognitive developmental & familial factors in obsessive-compulsive disorder, children & adolescents, 34226
cognitive distortions about sexual abuse & self evaluated social behavior, sexually aggressive vs non-aggressive vs physically aggressive 6–12 yr old males, 30807
cognitive learning in mastery of Instrumental Enrichment intervention program tasks, 9–10 vs 15–16 yr old immigrant students, Israel, 22512
cognitive readiness & personal adjustment & intelligence & social support model of adolescent parenting, adolescent mothers & infants, 20755
cognitive science concepts of learning & analogy & capacity, implications for cognitive development, 4429
college residence vs commuting, critical thinking skill development, college dorm residents vs commuters, 9519
community-based literacy program, maintenance of parental literacy behaviors & child language production & conceptual development, 1–3 yr olds & their parents, 1 yr follow-up, 28934
competence & performance in false belief understanding, autistic 7–18 yr olds vs normally developing 3 yr olds, 17286
comprehension & memory of different types of rap music, 7–9 vs 10–12 yr olds, 4430
comprehension of concept of unconsciousness, 5 vs 6 vs 7 vs 8 vs 10 yr olds vs adults, 17251
comprehension of desire for & knowledge constraints on intended action, 3 vs 4 vs 5 yr olds, 20502
comprehension of self presentational display rules & association with second order mental representation, 4–6 yr olds, 17234
computer modelling of cognitive development, implications for education, 9717
concept formation & identification of geometric shapes, 3.5–6.9 yr olds, 17241
conceptual categorization development assessed by object-examination task, 7–11 mo olds, 877
conceptual model of cognitive capacity development, beliefs & search for meaning at death of sibling, adolescents, 33763
conceptualization of health & illness & competence for consent & guidelines for practitioner communication regarding treatment & hospitalization & health promotion, children, 28571
constructivist & enactivist interpretation of development of knowledge-building processes in self-directed classroom building science projects, secondary science students, 25730
contentive vs indicative conceptions of representation in child theory of mind literature, 26997
context reinstatement as reminder of event, recall enhancement, 5–7 yr olds, 6 mo study, 23716
critique of social skills deficit view of anti-social behavior & argument for enhanced social cognition & theory of mind skill use in bullying, 14708
critique of social skills deficit view of anti-social behavior & argument for enhanced social cognition & theory of mind skill use in bullying, commentary reply, 14707
critique of social skills deficit view of anti-social behavior & argument for enhanced social cognition & theory of mind skill use in bullying, commentary, 14658
day & nighttime quiet sleep respiration rates & sex & birth weight & maternal age & education & delivery mode & cognitive development, 1–2 day olds, 6 mo followup , 4404
definition of units for counting, 4 vs 5 vs 7 yr olds, 7436
delay & media effects & self- & object recognition in use of external representations, 3 vs 4 yr olds, 23735
developing ability, class & propositional reasoning skills, 7–13 yr olds, 33624
developing knowledge of information book language, preliterate kindergartners, 3 mo study, 864
development & implementation of curriculum to introduce rational numbers based on developmental model, 4th graders, 19258
development & understanding of recent past vs present events, 3–5 yr olds, 36758
development of & relation between Piagetian concrete operational thought & formal thought & general intelligence & spatial & verbal abilities, 4.5 yr olds, 11 yr study, 17235
development of attentional processes in parallel & serial visual search tasks, 7–12 yr olds, 20527
development of calibration-based reasoning about collision events, 5.5 & 6.5 mo old infants, 4437
development of categorization ability, 4 vs 7 vs 10 mo olds, 17294
development of concepts of geometric shapes, 3 vs 4 vs 5 vs 7–8 vs 9–11 vs 21–63 yr olds, 7432
development of corpus of emotional words for use in cognitive processing studies, primary & secondary students, 20494
development of episodic memory & temporal understanding in children at different developmental stages, 10785
development of expectations & reasoning about when objects should be occluded, 2.5 mo olds, 33606
development of pedestrian skills & cognitive abilities, 4–5 vs 7–8 vs 10–11 yr olds, 32457
development of teleological thinking & scope of functional intuitions & concepts, 4–5 yr olds vs adults, 23702
development of visuospatial & classification ability & mental representations of between spatial relationship, 6–7 mo-olds, 36760
developmental & clinical differences in on-line representation of ongoing social events, 5–10 yr olds with vs without ADHD, 18128
developmental & cognitive correlates of theory of mind & emotion recognition ability, children with autism vs pervasive developmental disorder not otherwise specified, 34424
developmental age & message abstractness–concreteness, inferences of likelihood of repeated behavior, 8–19 yr olds, implications for communication & transmission of stereotyped behavior, 10801
developmental change from use of spatiotemporal to object property or kind information to language in object individuation & identity, infants , 36776
developmental changes in recognition & memory specificity & priming latency & development of multiple memory systems & maintaining memories with reminders & infantile amnesia, infants, 26995
developmental course of productive goal setting, 2–4 yr olds, 7413
developmental neuropsychology & language acquisition, 36743
developmental patterns in social & physical transitive inferences using linear & nonlinear dimension problems, 6–11 yr olds, 20508
developmental plasticity in cerebral cortex & implications for abnormal cognitive development, human infants, 33620
differential task difficulty for working memory, motor response in reward retrieval, 10.8–36.3 mo olds, 23678
dynamic model of cognitive growth in cross sectional populations & prediction of distribution of scores as function of age, 13131
early declarative location memory & recall for hidden objects, older vs younger 7 mo olds, 33623
early development of symbolic functioning & implications for education, 4424
early music training, cognitive & development & abilities & academic achievement, comment, 7437
early-developing knowledge & head tracking & reaching for moving objects, 6-mo-olds, 4452
educational & sociodemographic factors in epidemiology of cognitive decline, 18 yr old & older adults in Baltimore Epidemiologic Catchment Area Study, 11.5 yr followup, 7412
emotional & cognitive patterns in development, 12–17 yr olds with school difficulties, erratum, 36814
evolution of complex thinking & the development of self-authorship, men & women interviewed from age 18–30 yrs, 26989
experienced vs never experienced medical procedure, memory & forgetting & suggestibility & emotions, 3–13 yr olds, 13951
experimental curriculum & dynamic theory of giftedness, creativity & cognitive development as seen in IQ & social giftedness, gifted & nongifted 6–7 yr olds, 6 yr study, 29040
explanations facilitating generalization strategies in tic-tac-toe game, kindergarten vs 1st vs 2nd grade students, 17243
facilitation of deductive reasoning via cues & imagination, 2–4 yr olds, 36762
familiarity/rationalization of permission rules & social contract forms in facilitatory rules & pragmatic determinants of conditional reasoning on Wason Selection Task, 8 vs 10 vs 11 yr olds, 23696
fathers' parenting attitudes & behavior, social & cognitive development, African American 1–3 yr olds, 7326

financial resources & maternal childrearing efficacy beliefs & developmental goals & parenting practices & child competence, rural single-mother-headed African American families with 6–9 yr old child, 36954
forced confabulation, false memory susceptibility, 1st vs 3rd–4th graders vs colleges students, 855
framework for advancement & support of developmental & conceptual understanding of mathematics, 1st grade teachers using Everyday Mathematics curriculum, 19245
generalized imitation approach to inductive inference in associative learning & conceptualization of domain neutral or specific properties of animals & vehicles & household items, 14 mo olds , 878
genetic & environmental origins of cognitive delay as measured by verbal & performance abilities, 2 yr old twin pairs, 24581
growth & cognitive development, short normal 4 yr old children from socioeconomically disadvantaged backgrounds, 7 yr followup, 862
high thyrotropin & low thyroxine level in maternal hypothyroidism during pregnancy, cognitive & visuomotor development & IQ, 7–9 yr olds without hypothyroidism at birth, 31054
incidence of & cognitive & educational & anthropometric outcomes in nonorganic failure to thrive, general population infants, 7–9 yr follow-up, 21384
individual & age differences in reasoning with causal conditionals, 1st–6th graders, 23771
individual changes in blood lead concentrations & measures of cognitive development & ability, 2 yr olds, 9–11 yr study, implications for reversibility of lead induced cognitive deficits, 8442
individual changes in learning strategies in higher education, freshman & advanced university students tested after the 1st & 3rd semesters, 28974
individual differences in reading development in kindergarten & early elementary grades, 3 yr study, test of Matthew effects hypothesis, 857
individual differences in social cognition & false-belief understanding & language abilities & family background, 3–4 yr olds, 26978
Infant Health & Development Program, early educational intervention on cognitive & social-emotional development, low birth weight premature infants & their mothers, 2863
instance-based model of age of acquisition in face categorization RT, female college students, 23705
instance-based model of age of acquisition in face categorization RT, female college students, commentary reply, 36746
instance-based model of age of acquisition in face categorization RT, female college students, commentary, 36752
integration of perceptual causality with knowledge of underlying causal mechanism, 5–10 yr olds, 7434
inter- & intraindividual differences in memory performance & academic achievement, 4–12 yr olds, 8 yr study, implications for theoretical models of cognitive development, 6220
intermodal & verbal knowledge about gender, 18–24 month olds, 4443
interrelationship among knowledge of pragmatics of life & epistemic & biographical perspective as dimensions of wisdom, 15–20 vs 25–35 vs 40–50 vs 60–70 yr olds, 36753
knowledge level about dinosaurs & development, subordinate category extension & differentiation & revision, 5–9 vs 17–73 yr olds, 7406
lead poisoning & childhood cognitive development, individual vs population-based data, 10793
local coherence in testing of linguistic processing, adults with autism or asperger syndrome, 27927
localization & innateness & domain specificity of language & infant brain, 30155
locomotor experience, development of spatial search ability, 4–144 mo olds, 4453
magnetic resonance imaging of age-related differences in structural maturation of neural pathways, 4–17 yr olds, 13899
maturation of retrieval & articulation processing rates related to short term memory digit span, 7–8 vs 9–10 vs 11–12 yr olds, 13934
mediated learning & cognitive modifiability, 6–7.6 yr old Ethiopian immigrants vs Israeli-born (mean age 7.2 yrs) 1st graders, Israel, 20531
mediated learning experience strategies in mother–child interactions & child's cognitive modifiability & SES & mother's intelligence & child's personality & situational variables, 23728
memory for schema-typical & atypical episodes & repeated events, 4 vs 7 yr old children, implications for memory development , 26981
mental models theory applied to content effects in conditional reasoning, 3rd vs 6th vs 9th graders vs adults, 4418
mental processing & motor abilities & neurodevelopmental outcomes, HIV Type 1-infected infants of non-drug-using mothers, 2-yr prospective study, 11833
mental representation of referential relations between world & mind, 4–5 yr olds, 4417
microgenetic approach to unconscious & conscious strategy discoveries in arithmetic insight problem, 2nd graders, Germany , 887
minor deficiencies in development of basic visual functions & formation of concrete visual thinking, 2–18 mo olds, 5448
music training, cognitive abilities & academic achievement & brain development, children, commentary, 7425
music, cognitive development & abilities & academic achievement, comment, 7400
naming of calendar months & days, development of calendar calculation, 8- & 10-yr-old children vs college students, China vs US , 26985
nature & importance & teaching strategies to facilitate metacognitive development, children , 7396
neural network modeling of developmental effects in discriminiation shifts, 9721
neurobiological bases of learning & memory, 10423
neuropsychological & executive functioning, 17–21 mo olds exposed to cocaine in utero, 20495
neuropsychological assessment of cognitive ability, 8–19 yr olds with Lyme disease vs their siblings, 4 yr study, 11865
neuropsychological assessment via tasks differentially sensitive to functioning of specific cortical brain regions, developmental trends in cognitive performance, 8–23 yr olds, 17245
neuropsychological function & cognitive development problems, 8–28 yr olds with nonprogressive cerebellar ataxia, 37914
neutral vs familiar situational context, performance of solving mathematical word problems with vs without drawing task elements, 1st graders, 23730
number concept development facilitated by existing conceptual structures, 5–7 yr olds, 4431
organizational strategy development on same–different task, 4 yr olds, 30156
pantomime & gestural representation as form of pretense in theory of mind development, 3–4 yr olds, 10741
parental support for literacy as predictor of academic performance & early childhood literacy development, 3 & 4 yr olds, 2 yr study, 860
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, commentary reply, 21473
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, 21472
parent–child interactions, cognitive & language skill development, healthy preterm & full-term infants tested at 3- & 12- & 18-mo old, implications for nursing intervention, commentary, 21450
perception of rational action to interpret behavior as goal directed action without agency cues, 6- vs 9- vs 12-mo olds , 36740
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, 20506
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, commentary reply , 20512
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, commentary, 20507
performance on nonverbal task of false belief understanding, 4–5 yr olds vs chimpanzees & orangutans, 16751
performance on pulling support to retrieve distant object as measure of development of means–end behavior, 6 mo olds, 2 mo study, 20532
Piagetian test performance as measure of formal thought development, cohorts of 10–15 yr olds, 1967–1996 vs 1972–1993, 23694
picture vs text writing tasks & strategies used in writing process & narratives, 12 yr olds, 13956
plausibility, false memory recall, 5–7 vs 9–12 yr olds, 26993
preference for teleological explanations of natural world, first vs second vs fourth graders vs college students, 36744
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5187
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study, commentary, 37735
prenatal & postnatal methylmercury exposure from fish, neuropsychological & developmental effects, 66 mo olds & their mothers, prospective study , 5188
presence vs absence of peer audience & age & practice & trick length, informative & descriptive & persuasive speech in providing magic trick instructions, 5–9 yr olds, 13946
pretend play & theory of mind development, 3–5 yr olds, 33630
probability adjustment in fair chance construction for competitive game, 6–14 yr olds , 865
processing of causal & noncausal events in task involving moving video images, 3.5 mo olds, 30289
progression from field dependent to independent cognitive style & locus of control, male vs female 9–10 vs 12–13 yr olds, 13948
realist judgement errors regarding out-of-date pictures & words as representations of referents, 3–4 yr olds, 30193
reasoning about structured objects & grasp of borderline case & unexcluded middle, 3–4 yr olds, 26998
relational complexity of premises, ability to make transitive inferences, 4–6 yr olds, 7374
relationship between perceptions of campus climate & cognitive development, female students through the 2nd & 3rd years of college, 19341
reliability & stability of Mayo Cognitive Factor Score as measure of cognitive ability change, 54+ yr olds assessed 3–4 times at 1–2 yr intervals, 7405
representation & extraction & generalization of abstract algebraic rules & development of neural networks, 7 mo olds, implications for language learning, commentary, 33631
representation & extraction & generalization of abstract algebraic rules, 7 mo olds, implications for language learning, 7423
representation & extraction & generalization of abstract algebraic rules, 7 mo olds, implications for language learning, 7414
role of cognitive style in transformation of gifted potential, intellectually advanced 3–4 yr olds, 30166
role of different cognitive strategies & cooperative learning in computer-supported environments, 9 & 10 yr old individuals vs paired dyads in optimistic vs pessimistic vs defensive conditions, 32259
role of folk tales of deception, development & understanding of mental representation & social interaction, 3 & 4 yr olds, 884
role of language & different verbs in development of understanding false beliefs, 3–5 yr old Chinese-speaking children, 17266
role of motion in categorization of animal & non-animal kinds, 4 & 7 yr olds vs adults, 23708
rotation of Rey complex figure during copy & recall, 8.10 & 10.8 yr old males with normal perceptual & cognitive development, 26990
rule selection vs execution & perseverative errors on postswitch phase of Dimensional Change Card Sort, 3–5 yr olds, 19577
science teaching based on inquiry approach & concept substitution strategies, cognitive & affective changes & evolving conceptions of heat & temperature, male 11th grader, 12659
self-awareness of metarepresentation & relation between delayed video representation & current reality & mirror reflection, 3–4 yr olds, 13958
Self-Verbalization Questionnaire, self-report measure of function & incidence of private speech in young adults, 17–47 yr olds, 16308
sex & skill in spatial transformation task & vocabulary, 4–6 yr olds, 23773
smoking during pregnancy, child's cognitive & motor development, children at age 1 & 5 yrs, 27000
social cognition & joint attention & communicative competence, 9–15 mo olds, 7382
social representation in dolls' house play & theory of mind tasks & family adversity & child disturbance & maternal depression, 5 yr old children of postnatally depressed vs well mothers, 5 yr study, 26942
sociocultural approach to domain specificity in conceptual change with natural kind & artifact concepts, rural vs urban vs elite Yoruba peoples, Nigeria, 20444
sociocultural psychology & service-learning as teaching method for developing critical thinking, college students, 22442
speed requirements & response alternatives & repetition, random sequence generation, 5–11 yr olds, 33634
stability & validity of individual differences in infant executive function performance, prediction of preschool understanding of theory of mind, children , 873
standardization & validity of Learning Behaviors Scale, differential patterns of classroom learning, 5–17 yr olds, US, 26106
structural equation analysis of factorial model best fit of date for California Verbal Learning Test—Children's Version in standardization sample, 20493

structured tuition in Karmiloff-Smith model of representational redescription & beam balancing, cognitive development, 5–7 yr olds, 20514
student design of hypermedia document as tool for classmate learning & development of critical standards, 6th & 7th graders, 2 yr study, 9425
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3539
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary reply, 3549
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3561
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3530
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3556
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, 3548
task type–social context & age, false belief understanding during play, 3–5 yr olds, 20526
teaching method of case discussions, cognitive growth in elementary educational game class, elementary students & preservice physical educators, 2847
theoretical & empirical contributions of cognitive science to cognitive development, commentary, 4416
theory of mind & imitation & memory, language acquisition & development, infants & toddlers, 30182
timing of influences of cumulative poverty, cognitive ability & achievement, 14–21 yr olds, longitudinal study, 869
total work time & part- vs full-time & on- vs off-campus work, student cognitive development, college freshmen, 3 yr study, 6214
toxins in environment, cognitive & language structure development, 5–6 yr olds, 34528
types of verbal imprecision & prediction of problem-solving performance & processes of knowledge change, 9.9–12.5 yr olds, 20513
understanding and judgments of pretense action & representation, 4–5 yr olds, 36731
understanding of belief & desire & emotion in social situations, 3 vs 5 yr olds, 14033
understanding of logical consistency, 3.2–7.2 yr olds, 26996
understanding of role of germs & contagion in illness, young children, implications for nature of conceptual development, 7435
utility of Nonverbal Learning Disabilities syndrome model for characterizing neurocognitive & psychosocial outcomes, children with brain tumors, 5197
validity of model on knowledge & social information-processing mechanisms as cues of influence on aggression beliefs, school age children, 1 & 2 yr followup, 27085
verbal & performance IQ, 5–8 yr olds who received extracorporeal membrane oxygenation during neonatal period for persistent pulmonary hypertension, 25310
very low birth weight with bronchopulmonary dysplasia in infancy, cognitive performance at school age, 8–10 yr olds, 11795
welfare & support services in reform & mother's earnings, child cognitive development, 8 yr study, 23734
whole-number & fraction & mixed-number calculation ability, 3–7 yr olds, 7415
word–object pair recognition, 8–14 mo olds, 888

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Books

Child abuse: Implications for children development and psychopathology (2nd ed.), 34320
Child development: Its nature and course (4th ed.), 33592
Children (6th ed.), 30148
Cognitive perspectives on peer learning, 19276
Conceptual development: Piaget's legacy, 20533
Development across the life span (2nd ed.), 30144
Development and cultural change: Reciprocal processes, 13908
The development of intelligence, 30199
Early social cognition: Understanding others in the first months of life, 17193
Instructional-design theories and models: A new paradigm of instructional theory, Vol. II, 22475
Lev Vygotsky: Critical assessments: The zone of proximal development, Vol. III, 7453
Lev Vygotsky: Critical assessments: Thought and language, Vol. II, 7452
Lev Vygotsky: Critical assessments: Vygotsky's theory, Vol. I, 7451
Life-span development (7th ed.), 30147
A mind of one's own: A Kleinian view of self and object, 12136
Smart and smarter: Enhancing your child's intelligence through cognitive coaching, 10803

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Chapters

Action analysis: A gateway to intentional inference, 17298
Activating the zone of proximal development in school: Obstacles and solutions, 9537
Adolescent development and health, 10752
Are socioeconomic gradients for children similar to those for adults?: Achievement and health of children in the United States, 27005
Assessing models of information literacy, 23739
Assessment of cognitive functioning in preschoolers, 6577
Becky: Motive in her mindlessness: The discovery of autistic features in a learning disabled adolescent, 37655
Building a cognitive creature from a set of primitives: Evolutionary and developmental insights, 892
Children as folk psychologists: The developing understanding of the mind, 13918
Cognition, development, and cultural practices, 13982
The cognitive context of historical change: Assimilation, accommodation, and the segmentation of competence, 13969
Cognitive development and cognitive deficit, 13972
Cognitive development, 17302
Cognitive education and the cognitive domain, 22495
Commentary on Vygotsky's criticisms of *Language and Thought of the Child* and *Reasoning in the Child* , 7480
Community service and social cognitive development in German adolescents, 7568
Computers in the zone of proximal development: Implications for evaluation, 7463
The concept of internalization in Vygotsky's account of the genesis of higher mental functions, 7488
The conceptual habitat: In what kind of system can concepts develop?, 22758
Continuity and change in the development of children with autism, 37670
Cultural change and human development, 13916
The cultural ecology of young children's interactions with objects and artifacts, 17310
Culture and development in our postcultural age, 13983
Current activity for the future: The Zo-ped, 7472
Developing an understanding of external spatial representations, 10819
The development of intelligence includes the capacity to processing relations of greater complexity, 30205
Development of intention: The relation of executive function to theory of mind, 17206
The development of representation as the coordination of component systems of action, 10162
The development of representational abilities in middle school mathematics, 10818
The development of voluntary attention in the child, 7474
The development of Vygotsky's thought: An introduction, 6529
Developmental and experiential variables in the self-images of people with mild mental retardation, 34486
Developmental change: Lessons from microgenesis, 20540
Diagnosing zones of proximal development, 7459
The dialogic mind: A dialogic approach to the development of the higher mental functions, 7468
Direct perception and representation in infancy, 17307
Early symbolic representation, 10813
Effectance motivation and the performance of individuals with mental retardation, 34481
Evolution and creativity, 10167
Executive functions and theory of mind: Cognitive complexity or functional dependence?, 17305
Explanatory understanding in conceptual development, 20538
The form of thought, 10809
Frontal lobe development in childhood, 7483
Having intentions, understanding intentions, and understanding communicative intentions, 17227
The impact of growing up orphaned on decision-making capacity, 30202
Implications of Piagetian theory for peer learning, 19318
Implications of Vygotsky's theory for peer learning, 19319
Individual differences and development—One dimension or two?, 30203
Infants' distinction between animate and inanimate objects: The origins of naive psychology, 17306
Intentional relations and triadic interactions, 17221
Intentionality and interpretation, 17205
The intentionality of referring, 17198
L. S. Vygotsky's ideas about the planning function of speech in children, 7475
The language of intention: Three ways of doing it, 17196
Levels and modes of representation: Issues for the theory of conceptual change and development, 20541
Lifespan developmental approaches to pain, 14961
Locating development: Locating developmental systems, 20542
Matthew: From numbers to numeracy: From knowledge to knowing in a ten year-old boy with Asperger's Syndrome, 37671
Mechanisms of brain development: Neuronal sculpting by the physical and social environment, 26961
The nature and development of representation: Forging a synthesis of competing approaches, 10156
Nature, nurture, and development, 895
Neo-interference research and the development of intelligence, 30204
Neuroplasticity: Evidence from unilateral brain lesions in children, 37928
A new foundation for cognitive development in infancy: The birth of the representational infant, 20539
Peer influences on cognitive development: Piagetian and Vygotskian perspectives, 7486
Play, cognitive development, and the social world: Piaget, Vygotsky, and beyond, 7575
The properties of representations used in higher cognitive processes: Developmental implications, 10816
Protective factors in the development of preschool-age children of young mothers receiving welfare, 10832
Psychological interventions designed to counter sexism in children: Empirical limitations and theoretical foundations, 985
Reclaiming the natural line in Vygotsky's theory of cognitive development, 7477
A reconsideration of concepts: On the compatibility of psychological essentialism and context sensitivity, 20537
Representation once removed: Children's developing conceptions of representational life, 10810
Representation: Picture or process?, 10805
Representational competence, 10829
Representing logic, 10166
Role of the corpus callosum in the cognitive development of children with congenital brain malformations, 37936
Social cognition before the revolution, 17311
The social construction of meaning and cognitive activity in elementary school children, 7479
Socialization and cognitive functioning, 36728
Socialization and cognitive-moral influences on justice rule preferences: The case of Indian culture, 36723
Social–cognitive development in the first year, 17223
Socioeconomic gradients in mathematical ability and their responsiveness to intervention during early childhood, 27008
Some recent research and its link with a new theory of groupings and conservations based on commutability, 4457
Some reflections on L. S. Vygotsky's *Thought and Language* , 7351
Sortals and kinds: An appreciation of John Macnamara, 27007
Sources of concepts: A cultural-developmental perspective, 20543
Sources of conceptual change, 20534
The study of intelligence—The interplay between theory and measurement, 30209
A systemic interpretation of Piaget's theory of knowledge, 20536
Teaching the young child: Some relationships between social interaction, language, and thought, 7490
Truth and its negation: Macnamara's analysis of the place of logic in a cognitive psychology, 27016
Unity and diversity in knowledge, 17308
The use of cultural tools: Mastery and appropriation, 10817
Vitality contours: The temporal contour of feelings as a basic unit for constructing the infant's social experience, 17309
Vygotsky, Piaget and the dialectic of development, 7458
Vygotsky, Piaget, and Bandura: Perspectives on the relations between the social world and cognitive development, 7485
What twins can tell us about the development of intelligence—A case study, 30207
Why Vygotsky? The role of social interaction in constructing knowledge, 7460
The zone of proximal development: Some conceptual issues, 7487

Cognitive Discrimination—Serials

background knowledge during category acquisition, category typicality & feature frequency judgments, college students, 36241
cognitive discrimination of stimulus shape & color combinations, frontal & parietal & occipital visual evoked potentials, selectively attentive 19–29 yr olds, 13626
confirmatory multidimensional 2-parameter item response theory models, generation & evaluation components of synonym task performance, 16–18 yr olds, 32737
effects of invalid & valid messages delivered by same vs different sources on discounting of invalid & use of valid information, college students, 27332

explicit vs implicit instructions, memory for previously learned figural sequences & item-to-item covariations within figural sequences, 17–23 vs 35–45 vs 55–65 yr olds, 36255
holistic vs analytic haptic learning of categories by size & shape & surface texture & weight attributes, 3–9 vs 18–40 yr olds, 36764
jusification effects, judgment of quality of match & discrimination of importance between stories with degrees of superficial vs analogical similarity, college students, 36238
learning to use categories after learning to classify, category representation & classification knowledge, college students, 16663
practice as measured by eye movement, discrimination between task-relevant & -irrelevant information in cognitive skill acquisition, college students, test of information-reduction hypothesis, 6850
similarity judgment & attribute ratings, organization of cognitive verbs, German vs Japanese adults, implications for cultural commonality & variation in folk theory of mind, 36236
smoking status & schizotypy, auditory & visual latent inhibition & Stroop effect & negative priming, adults 24–46 yrs old, 17906
student design of hypermedia document as tool for classmate learning & development of critical standards, 6th & 7th graders, 2 yr study, 9425
taxonomy of responses to anomalous scientific data, college students, implications for science education, 6142
word recognition & discrimination accuracy & decision bias, positive & negative symptoms, patients with schizophrenia, 1571

Cognitive Discrimination—Chapters

Word recognition during the reading of Chinese sentences: Evidence from studying the word superiority effect, 13323

Cognitive Dissonance—Serials

affect-based vs cognition-based dissonance, strategies & motivated reasoning & health-related persuasion, female college & graduate students, 29573
cognitive discrepancy models of self perceptions of body image vs ideal standards, 7th through 10th grade students, 17675
constraint satisfaction models & cognitive dissonance theory in free choice paradigm, 13 yr old French speaking Canadians, 7860
emotional dissonance & mediating role of self-monitoring & social support, organizational commitment & intention to turnover, retail customer service representatives, 29112
re-evaluation of critical thinking skills & role at cognitive dissonance & ability to evaluate competence of experimental abstracts, nonbelievers vs believers in the paranormal , 10136
stereotype-incongruent information about group members, central tendency or dispersion in perceived group variability & stereotype change, college students , 37057

Cognitive Dissonance—Books

Cognitive dissonance: Progress on a pivotal theory in social psychology, 14285

Cognitive Dissonance—Chapters

Computer simulation of cognitive dissonance reduction, 14354
Dissonance, hypocrisy, and the self-concept, 14345
Improving the 1957 version of dissonance theory, 13336
An introduction to cognitive dissonance theory and an overview of current perspectives on the theory, 14287
Moving beyond attitude change in the study of dissonance-related processes, 14348
A multiplicative power-function model of cognitive dissonance: Toward an integrated theory of cognition, emotion, and behavior after Leon Festinger, 14353
A radical point of view on dissonance theory, 13321
"Remembering" dissonance: Simultaneous accessibility of inconsistent cognitive elements moderates epistemic discomfort, 14351
A self-accountability model of dissonance reduction: Multiple modes on a continuum of elaboration, 14349
Self-affirmation theory: An update and appraisal, 14362
Toward an understanding of the motivation underlying dissonance effects: Is the production of aversive consequences necessary?, 13328
Unwanted consequences and the self: In search of the motivation for dissonance reduction, 14347
What exactly have I done? The role of self-attribute accessibility in dissonance, 14355

Cognitive Functioning [See Cognitive Ability]

Cognitive Generalization—Serials

generalized imitation approach to inductive inference in associative learning & conceptualization of domain neutral or specific properties of animals & vehicles & household items, 14 mo olds , 878

Cognitive Hypothesis Testing—Serials

cognitive-environmental model on understanding unprotected sexual behaviors, gay vs lesbian vs bisexual 14–21 yr olds, 17527
content specificity hypothesis in prediction of negative events & anxiety & dietary restraint, college students (mean age 21.76 yrs), 27353
deductive reasoning & inferences for factual or possible or counterfactual conditionals, college students, 32901
dissipation effect as model of causal interactions in physical systems, judgments of perturbation on populations of species in food web, college students, 36245
effectiveness of positive vs negative hypothesis testing, inductive & deductive rule learning, college students, 10113
familiarity/rationalization of permission rules & social contract forms in facilitatory rules & pragmatic determinants of conditional reasoning on Wason Selection Task, 8 vs 10 vs 11 yr olds, 23696
group vs individual performance on rule induction problems with single vs multiple hypotheses, college students, 7803
item response theory model selection & misspecification on classification decisions made using computerized test, 19663
location of feature in evidence vs hypotheses & similarity of evidence & hypotheses & disjunctive hypotheses, likelihood judgment, 13307
mental models theory applied to content effects in conditional reasoning, 3rd vs 6th vs 9th graders vs adults, 4418
model of cognitive appraisal & coping strategies in response to job loss following company closing, airline personnel , 12844
multi layer hierarchical rule learning in reactive robot control using incremental decision trees, 19491
negative premises, response bias in conditional inference & logical thinking, college students, 32906
performance on non-rulebound & rulebound verbal output executive tasks, 6.1–18.1 yr olds with autism, 24602
positive & negative hypothesis & target testing in group-based sequential rule-discovery tasks for processes of inductive inference, college students, 1218
representation & extraction & generalization of abstract algebraic rules, 7 mo olds, implications for language learning, 7423
representation & extraction & generalization of abstract algebraic rules & development of neural networks, 7 mo olds, implications for language learning, commentary, 33631
representation & extraction & generalization of abstract algebraic rules, 7 mo olds, implications for language learning, 7414
rule selection vs execution & perseverative errors on postswitch phase of Dimensional Change Card Sort, 3–5 yr olds, 19577
time pressure & training in expert system, time constrained & rule based decision making in emergency management of chemical spills, college students, 6439
use of support theory to model nonextensionality of subjective probability & introduction of decompositional model, college students & basketball fans, 13267
vocabulary learning & dissociation between cognitive rule learning of training target & bound-morpheme generalization performance, 4.0–5.9 yr olds with vs without specific language impairment, 24674

Cognitive Hypothesis Testing—Chapters

Processes and consequences of peer collaboration: A Vygotskian analysis, 7585
Some consequences of a belief in group essence: The category divide hypothesis, 27311

Cognitive Load [See Human Channel Capacity]

Cognitive Maps—Serials

animal models for role of experience for language-specific functional mappings of vowel sounds, European starlings & college age adult humans, 6805
assimilator vs converger vs accommodator learning style & field-dependent vs -independent vs -mixed cognitive control, group development of hypermedia-related concept map, graduate students, 14248
binding problems & role in feature integration & visual search & spatial maps, 26346
bodily asymmetries, saliency & retrieval & accessibility of spatial relationship information from spatial mental models, 19798
change in shape vs spatial arrangement of familiar vs novel objects, cognitive maps & exploratory response patterns, baboons, 33062
cognitive perspective on corporate diversification project, imagery as described with cognitive mapping techniques & organizational learning, managers, 9594
construction of pre & postlab concept maps, understanding of chemistry concepts in chemistry labs & achievement, 1st yr college students, 2915
differences in spatial firing fields & hippocampus maps in environment containing 2 visually identical regions, rats, 518
distance rotation & new environment, abstract cognitive map formation & recognition of new location on radial maze, rats trained with patterns of rewarded & nonrewarded arms or reward quantities, 23209
factor structure of Spanish version of L. S. Gottfredson's cognitive map of occupations, assessment of occupational interest & choice, 14 yr olds, 19572
frontal vs profile views of familiar faces vs own face, facial recognition, Os, 32854
hippocampal lesions & subsequent inability to use navigational maps, use of learned or memorized landmarks in homing behavior, pigeons, 10413
incorporation of path-integrator capability into combined Taxon-Affordances Model & World Graph model of hippocampus-based spatial navigation, rats, 32491
management development & learning through complexity, coping with organizational change & turbulence with complexity map, middle managers, 38978
minor deficiencies in development of basic visual functions & formation of concrete visual thinking, 2–18 mo olds, 5448
node link mapping in therapeutic community drug treatment, self efficacy & life skills motivation, probationers, 32064
orientation specificity in small scale vs large scale imagined routes presented as verbal descriptions & spatial learning, 19–44 yr old college students , 16669
perceptions & mental representations of living with lupus, 27–60 yr old female patients, implications for educational interventions, 34575
perceptions & mental representations of living with lupus, 27–60 yr old female patients, implications for educational interventions, commentary, 34536
performance on pulling support to retrieve distant object as measure of development of means–end behavior, 6 mo olds, 2 mo study, 20532
preference & default frame of reference for maps of movement in visual world, primates, 26574
proximal & distal cues, cognitive mapping place performance in virtual space, college students, 3546
relational algebraic model provision of semantic foundation for computational use of cognitive maps, 3378
reliability & validity of computer-based knowledge mapping system, assessment of student content understanding & collaboration & problem-solving skills, middle & high school teachers, 26226
representation of space in parietal cortex, visuospatial attention & generation of eye movements, humans & monkeys, 20081
role of hippocampal system in general mapping of antecedents to actions & arbitrary visuospatial mapping as example of declarative knowledge in nonhuman primates, 20159
route & survey knowledge from computer model vs direct experience vs maps of campus environment, 15–61 yr olds, 29592
structure-mapping, attributive predicates vs relational predicates vs double comparisons & the simile-metaphor preference, adults, 30089
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, 3548
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3539
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3556
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary reply, 3549
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3530
systematic logical analysis of theory of empirically delimited & specialized structural systems of mind & cognitive organization & growth, commentary, 3561
top-down vs location-based visuospatial information inhibition in visual marking & cognitive mapping of & selective attention & reaction time to moving vs static stimuli, 18–33 yr olds, 32834
word–word vs property–property vs word–property vs word–word–property maps, learning of color vs size words, 13 yr olds, longitudinal study, replication with 2 yr olds, 20522

Cognitive Maps—Chapters

Expectation of exploration: Evaluating the effect of environmental variables on wayfinding, 29212
Julia's analysis, 21848
Tonal structure and scales, 16625

Cognitive Mediation—Serials
cognitive activity during depressed vs arousal vs schema vs neutral mood, selective processing in mood-congruent memory of word lists, undergraduates, 251
systematic cognitive barriers endemic to environmental disputes, 19470
Cognitive Mediation—Chapters
Discourse patterns for mediating peer learning, 19281
Spontaneous private speech and performance on a delayed match-to-sample task, 7359
Cognitive Processes [See Also Associative Processes, Classification (Cognitive Process), Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Schema, Semantic Generalization, Social Cognition, Thinking, Transposition (Cognition)]—Serials
0 vs 50 vs 100% proportion of foil word probes, RT & morphological decomposition in speech recognition, native French-speaking adults, 29515
ability of cognitive indexes of including other in self to differentiate degrees of & correspondence to aspects of closeness & relation to aspects of relationship experience, college students, 30390
ability of response expectancies to elicit automatic responses in self-fulfilling prophecies & automatic processes in clinical psychology , 23099
ability to attribute intentions to others in task requiring choosing verbal vs nonverbal targets, patients with disorganized vs non-disorganized schizophrenia, test of theory of mind in schizophrenia , 21155
ability to decode nonverbal information, 17–26 yr old African Americans vs Afro Carribbeans vs Africans vs European Americans, 1244
ability to resist interference during processing of auditory dimensions of speech, 3–16 vs 18–48 yr olds, 30170
acetylsalicylic acid, cognitive functions measured by visual ERPs & RT, 21–56 yr olds , 4096
acquisition & development of cognitive skills & strategies underlying preperformance facilitative anxiety, 19–27 yr old male elite swimmers, 16167
action & information chunking in basal ganglia, 472
activation of left hemisphere temporal & frontal cortices during sentence processing & working memory, 19–24 yr olds, 520
acute triazolam challenge, inhibitory & other cognitive functions, normal vs alcoholic volunteers, 5093
affect system with parallel & integrative processing systems, 17707
affective expectations & behavioral unitization, assimilation & contrast effects in affective experience, college students, 26455
age & education & ethnicity, performance on & norms for Paced Auditory Serial Addition Task, 20–68 yr olds, erratum, 13048
age & education & ethnicity, performance on & norms for Paced Auditory Serial Addition Task, 20–68 yr olds, 6583
age vs sex vs education level during verbal vs nonverbal task, error patterns on verbal & rule induction tasks, 54–89 yr olds, 13291
age, hippocampal processing of fear conditioning & spatial memory of radial maze, male rats, 6974
age, interindividual variability in memory & spatial functioning & speed, 70 yr old & older community dwellers, 30251
age, operationalization of understanding of observation & prediction & hypothesis in everyday vs educational contexts, 6th–11th graders, application of Test of Hypothetico–Deductive Reasoning, 20488
age, prefrontal cortex neurophysiology during cognitive activation, 18–80 yr olds, 29790
age, strategic allocation of visual spatial attention, 18–21 vs 58–79 yr olds, 23698
aging effect on olfactory event-related potentials, younger (mean age 23.2 yrs) vs older (mean age 69.7 yrs) adults, 20185
alcohol & cognitive demands, reactions to threat, college students, 1198
alexithymia & mental representations of attachment, patients with idiopathic spasmodic torticollis, 11934
ambient task complexity & nature of intrinsic attribute information, global product stereotypes & heuristic processing, college students, 39022
antecedent priming at trace positions in scrambled German sentences, reactivation of antecedent at gap position in double-object constructions, German-speaking undergraduates, 23620
anxiety-related cognitive biases, patients with obsessive compulsive disorder, 8205
application of cognitive ergonomics framework to control room design of advanced technologies, 16221
application of cognitive information processing approach to career problem solving & decision making to career decision-making process & obtaining employment, 35597
application of H. Bergson's analysis of humor resulting from mechanical movement to depth perception & visual illusions & knowledge retrieval as components of information-processing model of mind, 26301
application of J. L. Holland's typological theory of vocational personalities & cognitive information processing theory to career planning & academic decision making, 19-yr-old female college student, 16051
approaches to guided cognitive imagery, teaching & learning about alternative futures, 2862
architecture & operating characteristics & positive & negative components of affect system, 33337
arousal & dissociation of mismatch negativity & processing negativity attentional waveforms with nitrous oxide during dichotic listening task, 25–38 yr olds, 29914
aspects of memory performance, savant calendrical calculators, 11688
assessment of reading difficulties & dyslexia using letter-sound knowledge & alphabetic processing & logographic sight vocabulary as indicators, 6.7–12.1 yr olds with reading difficulties, 37683
association & internal vs external dissociation, performance & perceived fatigue & rate of exertion, recreational swimmers, 35696
association between contextually based retrieval strategies necessary for prospective remembering & those employed in autobiographical recall, 59 yr old female with meningioma & dysexecutive problems, 11946
association of neuropsychological deficits & clinical symptoms, 16–55 yr old first-admission patients with psychotic disorders, 21164
associative & dissociative cognitive strategies in exercise & running, comment, 25953
asymmetric relationship between perception of identity & emotional expressions in faces & relative processing speed, college students, 32847
asymmetries in judgment comparisons of stimuli, adults, 29530
asymmetry in & effects of item attributes on lexical processing & conceptual memory, proficient Chinese–English bilinguals, 223
attachment style & attachment system priming, effect of memory of supportive vs rejecting experiences in friendship on information processing, college students, 16597
attachment style & perception of romantic partner, cognitive openness in close relationship, 20–38 yr olds, 33986
attention & executive functioning including abstract reasoning & cognitive inhibition & working memory & verbal recognition memory, 20–55 yr old schizotypal personality vs schizophrenia patients, 21024
attention training, information processing, 20–45 yr old inpatients with chronic schizophrenia, 24275
attention training, information processing, 20–45 yr old inpatients with chronic schizophrenia, commentary, 24265
attentional bias for body shape & weight words in processing of supraliminally & subliminally presented words in computerized Stroop task, female high vs low restrained eaters, 1324
atypical hemispheric asymmetry & relationship between schizophrenia symptoms & global–local processing efficiency, 27–52 yr old schizophrenic males, 27668
automatic direction of attention & controlled processing & response modulation in psychopathic individuals & implications for diagnosis & treatment, 17839
automatic updating of spatial position in locomotion without vision task, adult Ss, 3430
automatic vs controlled attentional processing in Stroop negative priming, college students, 36228
automatic vs controlled processing, generation of semantic category meanings in right vs left cerebral hemispheres, Ss (mean age 25.6 yrs) , 29778
autonomic nervous system in secretory immunoglobulin A & cardiovascular activity during mental arithmetic & paced breathing, male college students, 29966
awareness of anosognosia, 44 yr old male who developed dysexecutive syndrome & moderate learning deficit following head trauma, 11868
base morpheme position & prime characteristics & morphological vs semantic vs orthographic similarity, morphological processing & lexical decision latency, 29551
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary reply, 19810
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19823
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19815
Beck's & L. Y. Abramson et al's theories of cognitive vulnerability to depression & supporting evidence, 17855
behavioral & brain imaging techniques to estimate depth of processing of masked numerical primes, adults, 224
behavioral toxicity of various anxiolytic & antidepressant drugs in choice RT vs short term memory or critical flicker fusion threshhold tests , 18692
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary reply, 6842
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6848
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6866
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6869
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6862
benefits of incorporating findings from cognitive neuroscience into educational psychology, commentary, 6859
benefits of incorporating findings from neuroscience into educational psychology, commentary, 6877
bidirectional task specific neglect on cancellation vs line bisection task, 72 yr old females with left vs right hemisphere stroke, 5288
bilingual anticipation, picture-word processing, English monolingual Ss vs Spanish-English bilingual Ss functioning in monolingual mode, 23079
biobehavioral model of visceral hypersensitivity in irritable bowel syndrome, 8507
biological mechanisms & cognitive sequeli & inflammatory pathogenesis in Alzheimer's disease, 31227
brain localization of phonological storage subsystem & A. D. Baddeley & G. Hitch's model of working memory, 36250
brain processes responsible for organization of conscious experience in relation to blindsight & neglect, 31304
C. R. Griffith's contributions to sports psychology, 19443
caffeine containing energy drink, cognitive performance on simple vs go no go RT tasks, males (mean age 22.5 yrs) vs females (22 yrs), 4228
caffeine dosage, visual task performance & information processing, 18–26 yr olds, 20364
cardiovascular activity & physiological response stereotypy during spatial memory & planning & attentional tasks, healthy young adults, 29957
categorical structure of iconic languages, 7306
category & angle of orientation of object & function of task, misorientation on identification of natural objects & artifacts, 18–36 yr olds, 23086
category-adjustment model of spatial representation for examining asymmetries in judgments, undergraduates, 23041
central executive functioning & working memory & performance on phonological task, 65–84 yr olds with Alzheimer's disease, 28135
cerebral blood flow & cognitive functions, 25 yr old speechreading expert with hearing loss, 11958
cerebral blood flow velocity during cognitive stimulation, patients with Huntington's disease, 8621
challenge of situated cognition to building of symbolic knowledge-based systems & development of Ripple-down Rules , 9719
childhood development of theory of mind & model of mental state attributions, cognitive & empathy & intimacy deficits in sex offenders, 37613
clinical characteristics of amnesia disorders & implications for cognitive theory, application of case report data from 22 & 43 yr olds with verbal or focal retrograde amnesia, 2079
clonidine vs idazoxan, cognitive function, adults, 33453
clozapine treatment, cognitive functioning, patients with schizophrenia, 25194
cognitive & affective & physiological & interpersonal behavioral processes in worry, 7882
cognitive & emotional & relational characteristics, 50–72 yr old peer nominated master therapists, 9357
cognitive & emotional & relational characteristics, 50–72 yr old peer nominated master therapists, commentary, 9360
cognitive & motivational & behavioral activities & expectation in social interpersonal interaction, 14253
cognitive & neurobiological processes in speechreading, 158
cognitive appraisal biases & psychological adjustment to stressful divorce-related events, 9–12 yr olds, 14159
cognitive approach to & inferencing in conversational analysis, 7309
cognitive avoidance of threatening information, panic disorder patients (mean age 32.9 yrs), 34219
cognitive basis of spiritual experience & use of cognitive assimilation & accommodation strategies during mourning & dying, 33985

cognitive behavior treatment for & information processing approach to deficits in empathy & social skills & cognitive theories & attitudes & distortions in sex offenders, 37597
cognitive behavioral theory integrating self control & shape & weight issues in maintenance of anorexia nervosa, implications for treatment, 1893
cognitive bias in eating disorders, cognitive-behavioral theory & therapy implications, 37718
cognitive categories for subordinates, experienced vs nonexperienced bank managers, 35619
cognitive causes of spelling difficulty, 22-yr-old male with developmental surface dysgraphia, 14885
cognitive dedifferentiation, 22–35 yr olds with synesthesia & eidetic imagery, 22995
cognitive defenses against feeling of guilt, 1260
cognitive deficits in dyslexia & autism or other developmental disorders, 1849
cognitive development & processes & control mechanisms & structures in creative thinking & effective novelty, children & adults, implications for gifted individuals, 30160
cognitive differences between reasoning with self-constructed external representations & presented representations, 19802
cognitive distortion of thought-shape fusion & eating psychopathology, college students, 24666
cognitive effects of antipsychotics, individuals with schizophrenia, 25223
cognitive efficiency as measured by short-term memory & spatial orientation & visual-spatial perception & problem solving, alcohol &/vs polydrug abusers, 1797
cognitive effort in encoding, recollective vs perceived known experience in recognition memory, college students, 10186
cognitive explanation for preferences for attractive faces, 6 mo olds, 20521
cognitive factors & the role of the nucleus accumbens in the goal-directed behavior of heroin & cocaine addiction, rodent models of drug seeking, 26549
cognitive factors for social behavior & group division & intergroup discrimination, 1213
cognitive factors responsible for maintenance of PTSD, patients unimproved after cognitive therapy, 8794
cognitive heterogeneity & clinical symptom phenomenology, males with schizophrenia (mean age 36.6 yrs), 27706
cognitive heuristics & debiasing methods, experts' ability to predict performance of novices in completing new task, novice & intermediate & expert users, 26395
Cognitive Information Processing approach to career problem solving & decision making for career counseling & development, females, 23612
cognitive mechanisms in personal/group discrimination discrepancy perceptions, adult females, 37164
cognitive mechanisms of & hemispheric dissociations in semantic priming & lexical decision, college students, 33221
cognitive mechanisms underlying creative thought, implications for design of educational programs for gifted students, 2995
cognitive mechanisms underlying development of linguistic & emotional prosodic processing, French 5 & 7 & 9 yr olds & adults, 4428
cognitive memory training program, memory deficits, stroke patients, 4 wk followup, 2667
cognitive model for selective processing of & attention to threat in anxiety, 7921
cognitive modeling scheme for task analysis, estimated vs actual task time & mental workload on computer editing task, 22–26 yr olds, 13286
cognitive perspective on concept of formal dominance & dominance hierarchies & aggressive/submissive behaviors, primates, commentary reply, 10332
cognitive perspective on concept of formal dominance & dominance hierarchies & aggressive/submissive behaviors, primates, commentary, 10346
cognitive pragmatics & cognitive science & mind/brain architecture, 29603
cognitive processes & sighted vs blind variation mechanisms of evolution of human creativity, commentary, 1306
cognitive processes & sighted vs blind variation mechanisms of evolution of human creativity, 1354
cognitive processes & use of visual mental imagery in software design & computer programming in visually vs nonvisually based programming languages, expert vs regular programmers , 29589
cognitive processes associated with learning through use of visual displays, 29632
cognitive processes in computer programming, 35782
cognitive processes in panic disorder with agoraphobia & efficacy of cognitive behavior therapy, 15181
cognitive processing & memory accessibility of knowledge associated with social norms, college students & 10–11 yr old students, 26977
cognitive processing computation of semantic operations with vs without expected syntactic processes & combination of lexical items in sentences, undergraduates, 23630
cognitive processing speed assessed in mental arithmetic vs perceptual-motor matching vs other process-specific tasks, adult Lyme disease patients, 11927
cognitive processing style (cerebral dominance), personality traits, adults, 33968
cognitive processing, 18–39 yr old vs 64–81 yr old smokers vs nonsmokers, 32914
cognitive responses to tailored vs generic weight-loss health information promoting risk-reducing behavior changes, overweight Ss (mean age 47 yrs), 35132
cognitive structure & parametric properties & applications & theoretical issues related to multinomial processing tree models, 16568
cognitive structuring of & preferences for top-down vs bottom-up sequences in verbal-pictorial learning material, male Armed Forces university students, 32176
cognitive subtraction in functional neuroimaging of neural correlates of spatial working memory, 19–28 yr olds, 10492
cognitive theory application for computer use & training, computer-task performance, older vs younger adults, 33704
cognitive therapy for anxiety disorders & processes that maintain anxiety-related negative beliefs, 25049
cognitive visual functioning, 5–17 yr olds with hydrocephalus, 24813
cognitive vs interpersonal vs childhood adversity perspectives on maintenance & persistence of depression, implications for understanding chronic depression, 24209
cognitive vs skills based educational programs, cognitive skills & performance & math & reading achievement, socioeconomically disadvantaged kindergartners, 1 yr follow up, 22468
cognitive- & conditioning-activated endogenous CNS opioid systems in placebo analgesia, adults, 10389
cognitive-behavioral perspective on role of fear & avoidance & information processing bias & anxiety sensitivity in chronicity, patients with musculoskeletal pain, 11774
cognitive-behavioral theory of obsessive-compulsive disorder, implications for therapy, 4993
cognitive–affective model of pain as interruption of ongoing attentional engagement & behavior, implications for coping with chronic pain, 17756
cognitive–behavior therapy, cognitive measures & panic & improvement in non-cardiac chest pain, 18–75 yr olds with non-cardiac chest pain, 6 & 12 mo followup, 25057
collaborative visual & metaphorical thought in organizational vision building, 9382
common vs different features between anchor & target, value judgments & cognitive processes, college students, 29543
computer simulation of human face perception combining both perceptual & cognitive aspects, 19482
concepts of turning & angle, 7–11 yr olds, 879
conceptual framework of theory of ironic processes of mental control & application to understanding & enhancing performance in sport & exercise settings, 25965
conceptual framework of theory of ironic processes of mental control & application to understanding & enhancing performance in sport & exercise settings, commentary, 25963
conceptual framework of theory of ironic processes of mental control & application to understanding & enhancing performance in sport & exercise settings, commentary, 25971
conceptual knowledge & semantic memory during semantic priming & verification tasks, 64 yr old male with semantic dementia, 18 mo study, 8678
concurrent cognitive processes, stuttering & inhalation & speech timing, 23–52 yr olds who stutter, 14883
concurrent performance of primary & secondary item vs source memory tasks, divided attention & frontal lobe functioning, college students, 32930
conjoint-recognition model with identity–similarity distinction & process-dissociation model with recollection–familiarity distinction & related dual-process conceptions of memory, 10177
connectionist model of human performance in processing recursive language structures, 32482
consequences automatic attitude activation & stimulus classification as immediate behavioral predispositions to approach or avoid stimulus, college students, 10088
constraint relaxation & decomposition of perceptual chunks & insight problem solving, college students, 36222
constructivism & essentialism & identity formation & maintenance & cultural logic & metaphysical balance in Maya identity, 36937
constructivist & enactivist interpretation of development of knowledge-building processes in self-directed classroom building science projects, secondary science students, 25730
context effects in recognition memory, undergraduates, 29630
contextual knowledge in word knowledge & meaning, 13873
contribution of cognitive control failures & fantasy proneness to dissociative experiences measured by Dissociative Experiences Scale, undergraduates, implications for utility of scale for screening, 13052
control processes of frontal lobes in novel & conflicting & combined tasks, patients with post-aneurysmal prefrontal & vascular damage, 18376
controlled acute hypoglycemia, visual information processing, 18–47 yr old outpatients with type 1 diabetes mellitus, 5206
controlled processing & response inhibition & set adoption in vocal RT version of Stroop task, HIV positive adults, 18306
convergent vs divergent cognitive processing, attitude change in relation to minority vs majority approval, undergraduates, 14264
cortical acetylcholine & cognitive dysfunctions & schizophrenia & Lewy Body Dementia, 8014
cortical organization of language using magnetic resonance imaging, right-handed fluent bilinguals in English & Mandarin, 16905
credibility of source of information, unconscious plagiarism, college students, 19841
cyclic organization of attention during information processing, processing speed & recognition memory, 3 vs 6 mo olds, 23692
D4 dopamine receptor antagonists, cognitive functioning of frontostriatal system as measured by performance on object retrieval/detour task, monkeys repeatedly exposed to phencyclidine, 13754
Darwinian mechanism for intellectual & attentional aspects of consciousness, 311
decompositional hypothesis of lexical semantic structure in cognitive science, 26405
deficits in reflective cognitive abilities, male drug abusers (mean age 31.1 yrs), 30886
deficits in visual information processing, visual repetition priming & encoding in implicit memory, adult patients with unilateral brain damage, 34625
degree of protection by aggregate frequency formats against biases typically found in single-event probability judgments, college students, 13283
delay & media effects & self- & object recognition in use of external representations, 3 vs 4 yr olds, 23735
delayed or uneven understanding of others' minds & emotions & executive dysfunctions, "hard-to-manage" 3.6–4.6 yr old preschoolers, 1702
depression & antidepressant drug effects on cognition & sexual function, 5636
design & execution of mental skills & self modeling & kinematic intervention for promotion of effective learning of techniques for performance recovery, male elite javelin thrower, 35695
determinants of confidence in accuracy of knowledge retrieval, bank managers, 3602
developing knowledge of information book language, preliterate kindergartners, 3 mo study, 864
development & factor analysis & reliability & validity of Perceived Modes of Processing Inventory, assessment of individual processing styles in stress & coping situations, college students, 29329
development & internal consistency & test-retest reliability of Tower of London-Revised, college students, 6598
development & understanding of recent past vs present events, 3–5 yr olds, 36758
development of content analytic measure of cognitive bias, college students, 29316
development of Executive Interview, assessment of executive functioning & cognitive deficits & treatment compliance, 25–74 yr old outpatients with HIV or AIDS, 18309
development of general theory of labor activity & associated problems concerning relationship between physiological and psychological processes in organization of activity, 26715
development of psychometric vs information processing assessments for cognitive abilities in military testing, 26245
dietary style & cognitive restraint & feminist values, 14–45 yr olds, implications for vegetarian dietary style as masking of dietary behavior, 14026
direct & indirect effects of positive affective states & information processing demands & introversion-extraversion & need for cognition traits, social judgments of target social group, Ss, 27331
disclosure sessions, cognitive & affective processing & stressor resolution, college students, 30411
discourse function & processing cost, processing of nounphrase anaphors & reading time, college & graduate students, test of informational load hypothesis, 36207

discovery constraints on use of imagery in mental synthesis tasks, college students , 32899
discriminant validity of relatedness ratings vs Pathfinder vs concept map knowledge structure measures & experience, posttraining performance, 17–43 yr olds , 6552
donepezil, P300 auditory & visual cognitive evoked potentials, 67–81 yr olds with Alzheimer's disease, 38424
dose-related association between chronic cocaine use & neurobehavioral performance, 21–46 yr old abstinent chronic cocaine abusers, 30869
dynamic testing for assessment of cognitive processes & potential for learning, erratum , 128
dynamic-maturational model of attachment & mental & behavioral strategies for coping with danger, infants & young children, 36791
dysphoria, primary & secondary appraisal & coping & psychological & physical adjustment, college students, 8092
EEG oscillations in alpha & theta band & cognitive memory & performance in tonic & phasic or event-related changes, 20179
EEG source localization during passive vs active cognition functions, dextral females (mean age 25.4 yrs), 33294
effect of cognitive interview on face identification accuracy, undergraduate students, implications for real world eyewitness identification, 19846
effectiveness of wavelet transform time-frequency technique in analysis of auditory related potentials elicited in cognitive task, 18–25 yr olds, 13610
effects of alcohol-related picture cues on cognitive processing of Stroop task using alcohol vs control words, college students classified as heavy vs social drinkers, 23497
effects of invalid & valid messages delivered by same vs different sources on discounting of invalid & use of valid information, college students, 27332
effects of learning concepts, complementary types of text processing, college students, 36258
effects of transcranial micropolarization of the frontal cortex on motor & cognitive functions, children with cerebral palsy, 5692
electrophysical aspects of brain activity during phonological & orthographic word recognition tasks, 18–27 yr olds, 7112
electrophysiological & psychophysical evidence for left hemisphere temporal processing advantage, 18–28 yr olds, 10442
electrophysiological correlates of language processing for visually & aurally congruent vs incongruent sentences, 23–53 yr old males with schizotypal personality disorder, 27746
eliminative connectionist model & extension of universals to arbitrary items, 6858
emergent understanding & attribution of randomness, kindergartners vs 3rd graders vs undergraduates, 236
emotion processing in visual & auditory domains & hemispheric dominance in processing facial expressions for emotion, patients with Alzheimer's disease, 11911
empirical support for shaping at point of utterance & forward search & genre-related & backward search hypotheses in writing-to-learn, elementary & junior high & high school & college students , 32221
energy metabolism in brain & mental fatigue, 22–36 olds, 23463
enhancement of learned irrelevance & cognitive set shifting, medicated Parkinson's disease patients, 21556
ergotamine-induced headache & ergotamine withdrawal, information processing as assessed by ERPs, migraine patients, 15292
ERP effects in handedness recognition task requiring mental rotation, 19–28 yr olds, 20166
errors on Cancellation Tasks as measure of selective attention, 65+ yr olds with Alzheimers disease, 28118
escalating & de-escalating strategy use in agonistic strategy set conceptualization of adaptive role of mood change & appearance of psychopathology, 8077
etiology of content specificity in transfer & generalizability of problem solving in medical education, 2750
evaluation of recall–to–reject account in two-process models of recognition memory, adults, 16664
event-related brain potentials, interplay of referential & structural factors during sentence processing in discourse, 21–26 yr old females, 26917
event-related potentials & attention during continuous performance tests, adult patients with schizophrenia vs those with childhood onset schizophrenia, 24293
evidence from neuroscience for situatedness as part of constructive cognition model, 9718
evoked related potential neural correlates of cognitive processes, 18–55 yr old male psychopathic prison inmates, 21037
examination of maternal & child health rotation's learning environment from perspective of cognitive psychology & identification of cognitive demands placed on residents, 1st yr residents, 15747
executive & mnemonic functions, 53-73 yr old males with mild frontal variant frontemporal dementia, 34671
executive control involvement in attention switching task, RT & RT variability, 17–23 yr olds, 26409
executive control processes underlying performance in task switching paradigm, 18–25 vs 60–75 yr olds, 23656
executive factors & failure on false belief task, 6.5–19 yr olds with autism vs moderate learning disabilities, 34439
executive function & working memory, verification of simple true vs false mental arithmetic sums, college students, 23129
executive function abilities, children with extremely low birthweight, implications for school learning, 25772
executive function deficits & comorbid oppositional defiant or reading disorder, 7–13.5 yr olds with combined or predominantly inattentive types of ADHD, 34434
expectancies & dispositional inferences & causal attributions in impression formation process for individual vs group targets, college students, 11167
experience, dissociation between judgment & response processes in statement verification, college students, test of stochastic judgment model, 6875
extended wakefulness & automaticity & memory & visual load & stimulus-response mapping & time on task, error-related scalp negativity amplitude & performance monitoring, 21–41 yr olds, 13623
eye movements in reading & information processing, 242
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, commentary, 16311
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, 16309
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous–successive processes of intelligence, 5–17 yr olds, commentary reply, 26103
fast mapping, facilitation of multiple word learning, 5.1–22.0 yr olds with moderate–severe mental retardation, 5158
favorable & unfavorable target expectancies, social information processing, college students, 34005
flexibility in human cognition & spatial performance & language, adults, 29564
form-preparation paradigm of phonological segments & features as planning units in spoken word production, adults, 17159
foundations of psychological assessment in research & implications for clinical assessment of cognition , 6539
frontal brain activity & blood oxygenation during Wisconsin Card Sorting Test, healthy 27–33 yr olds, 7040
function of metaphor & implicational & psycho-semiotic transmission of information in metaphoric processing, 19809
functional organization of activation patterns, healthy 9–12 yr olds vs 12-yr-old with left-hemisphere encephalomalacic lesion, 24784
functioning on complex tasks of daily living, 50–89 yr olds with mild to moderate Alzheimer's disease, 2104
functions of psychotherapeutic narratives in schema & voices & cognitive science formulations of assimilation model for problematic experiences, 38036
global & local perceptual processing, high functioning 7–19 yr olds with autism, 14830
global visual object recognition & auditory melody & other processing, 13 yr old female with right temporal lobe lesion, 28173
global vs local precedence in divided vs selective attention tasks, 6.7–16.7 yr olds with autism, 27934
goals as reference points consistent with value function of prospect theory, 13367
grouping of color terms in English vs Russian vs Setswana languages, 18–82 yr olds from England vs Russia vs Botswana, 3537
hallucinogen psilocybin vs 3,4-methylenedioxyethylamphetamine vs d-amphetamine, cerebral glucose metabolism & neurometabolic effects & cognitive activation, healthy 27–47 yr olds, 20292
haloperidol vs benzodiazepine midazolam vs scopolamine, timing processes & cortical arousal & semantic memory & cognitive & motor skill acquisition, 20–35 yr old male students, 30045
hand preference & familial sinistrality, cerebral organization of motor programming & verbal processing, college students, 26608
hemispheric differences in global/local processing using same–different judgments, 20–28 yr olds, 6851
hemispheric preference in cognitive style, adult males vs females, 36457
heritability of auditory & phonological processing impairment, 7–13 yr old twins with or without languae impairment, 11759
hierarchical deficit vs executive function hypothesis of hierarchical order & constancy & effect of geometrical impossibility on graphic construction in copying task, nonsavant autistic individuals, 27933
high vs low dosages of amisulpride vs haoperidol, psychomotor & cognitive & extrapyramidal effects, 18–35 yr olds, 20360
high vs low rape myth acceptance, information processing & self-assessment of vulnerability to sexual assault, female university students, 17605
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, commentary reply, 29561
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, comment, 29558
HIV risk behavior & social & cognitive factors, transgendered females vs homosexual or bisexual males vs heterosexual females, 28075
hormone replacement therapy, cognitive function & mood, 45–65 yr old postmenopausal females, 12188
hyperactivity & executive cognitive functioning in childhood, tobacco & cannabis use in adolescence, 10–12 yr old males with vs without substance using fathers, 2 yr followup, 11598
hypochondriacal concerns & self-esteem & anxiety & symptoms indicating catastrophic & minor illness, 17–35 yr olds more vs less hypochondriacal, test of cognitive-behavioral model of hypochondriasis, 31067
hypothesis testing of generalized slowing of response time on linguistic & nonlinguistic tasks, 4–12 yr olds with specific language impairment, 37733
impact of perceived entitivity on inconsistency resolution for groups vs individuals, college students, 33935
impact of perceptual similarity & cognitive distraction & retrieval context on source monitoring, cryptomnesia, college students, 37113
impairment in written number name to Arabic transcoding, 70 yr old male with brain damage, test of McCloskey's cognitive model of numeral processing, 28182
implementation intention processes to link control anticipated critical situations to goal-directed responses, 23093
inadvertent use of prior knowledge in generation of novel nonwords, adults, 10120
individual & collective representation & roles of culture & individual agency in development, preschoolers, commentary, 4488
individual & collective representation & roles of culture & individual agency in development, preschoolers, commentary, 4462
individual & collective representation & roles of culture & individual agency in development, preschoolers, 4486
individual differences in interaction of need for & ability to achieve cognitive structure in moderation of stress on information processing, adults, 27349
individual differences in subjective happiness for perceiving & interpreting & thinking about life events, college students, 4786
individual differences, integration & coordination of visuospatial vs verbal sources of information, college students, 29548
inferential processing vs lexical encoding of passive vs intransitive verb phrases within sentences, cognitive processing of implicit agency, adults, 29579
influence of early verbal fluency & mental inhibitory control & visual spatial ability on later childhood behavioral problems & social competency, 1st graders, 2 yr study, 13898
influence of evolutionary theory on cognitive psychology, commentary, 3560
influence of evolutionary theory on cognitive psychology, reply, 3562
influence of frames on public participation to change community's physical space in land-use dispute, 32438
information processing & ensemble coding in the nucleus accumbens, implications for schizophrenia & Parkinson's disease, 26628
information processing perspective on development & qualities of expertise & use of perceptual anticipation, novice vs expert gymnastic judges, 29171
information processing task, 9–13 yr old males with learning disabilities &/vs ADHD, 14823
information processing, 8–12 yr old children of mothers with vs without depression, 21112
information processing, patients with schizophrenia vs bipolar disorder, 1485
inhibition in processing of garden-path sentences, college students &/vs 60–75 yr olds, 19822
inhibition in selection among instance & superordinate names of pictured objects, adults, 10105
instance-based theory vs associative perspective, role of memory in cognitive skills & predictions of information & process, college students, 29655
instructional treatment, cognitive processes involved in comprehension problem detection in revising & writing comprehensive texts, 6th graders, 15882

integration of base-rate & cue-specific information, variability in choices over time, college students, test of ReCyCLe model, 19818
integration of expectancy information with perceptual experiences when evaluating quality of consumer products, adults, 16203
integration of G. D. Logan's instance theory of automaticity & C. Bundesen's theory of visual attention, college students, 33001
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1320
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary reply, 1345
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1361
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1342
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1315
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1314
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1351
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1349
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1360
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary , 1339
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1357
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, 1344
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1356
integration of memories, retrieval-induced forgetting, college students, 16626
integration of research methods for cognitive studies, gifted individuals, 32311
interacting cognitive subsystems theory for representing cognitive activity & complex tasks in human–computer interaction, 32466
interacting in related event, recall & accounts of events, 4 vs 6 vs 9 yr olds, 885
interaction of dopaminergic neurotransmitter system with conditioning mechanisms of associative learning & cognition, implications for drug abuse, 23107
interaction of lexical & sublexical routes of reading of words vs nonwords with 1 vs 2 pronunciations, French-speaking undergraduates, 26396
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary reply, 12996
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition , 12998
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary, 12997
interactive representation & naturalism & normativity applied to mental phenomena, 33533
interface design assessment approach & depth of processing, pressurized water reactor operating situation, 22721
interhemispheric transfer of sensory & cognitive information, 29 yr old right-handed male without corpus callosum & anterior commissure, 18353
interpretation of historical texts, historians with vs without detailed content knowledge of historical text subject, 254
intuition-analysis style & process-based & cognitive approaches to studying & validity of short form approaches & Studying Inventory, undergraduates, 32976
intuitions & assumptions about distribution of faces & location of typical face in Euclidean multi-dimensional 'face space' in human face processing , 3533
involvement of cognitive processing in cluster headache & chronic paroxysmal hemicrania, adults, 28017
issues in algebraic learning & neural network models for transitive & nontransitive responding, 3598
issues in lesion studies to establish brain systems involved in memory processes, 478
issues in risk taking & cognitive decision making, managers & entrepreneurs, 32356
issues in Turing's analysis of computation & theories in cognitive architecture, 3208
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, 16661
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16633
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16628
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16657
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16634
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16660
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16665
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16638
knowledge structures & social information processing & aggressive behavior, children followed from kindergarten through 8th grade, 27032
lack of correspondence between cognitively complex construct definitions & cognitive assumptions involved in educational test development processes & alternative construct-centered approaches, 26231
language processing & cerebral metabolic activity, 15–59 yr olds with left- or right-sided temporal lobe epilepsy, 24776
lateral specialization in temporal processing for auditory vs tactile stimuli, dextral university students, 26626
learning & complementarity in updating of belief in 2 mutually exclusive & exhaustive hypotheses, college students, 10121
learning & mathematical problems & solutions over course of board game play, 8 vs 11 vs 14 yr old high vs low mathematics achievers playing standard vs junior versions of Monopoly, 7401
learning & self use of motor cortex neuronal electrical signals to cognitively coordinate a robotic arm, rats, implications for movement aid in patients with paralysis, 33194
learning processes & control of variables to enhance learning in computer-based biology environment, college biology students, 35485
left hemisphere & interference in oral-motor & manual output systems during dual-task paradigm, male students, 26394
left vs right hemisphere mechanisms, identification of objects in unfamiliar contortions vs conventional poses, university students, 13289
level of blood glucose, performance of nonmemory tasks, female college students, 32904
levels of automation & degree of human vs computer control, human/system performance & situated awareness & workload in computer-based cognitive control task, undergraduate students, 12994
levels-of-processing & list organization, conceptual priming & implicit memory during category exemplar production test, college students, 32923
lexical vs morphosyntactic features of noun numerosity, lexical decision & psycholinguistic processing & comprehension of mass & plurality & singularity, English-speaking 18-58 yr olds, 29557
linearization process of word order of primed sentences, college students, 13284
link between tactile information processing & intelligence, 30–51 yr olds, 6753
listening only vs listening & reading printed text of auditory speech embedded in auditory masking, top-down cognitive processing & clarity of speech, college students, 13234
local coherence in testing of linquistic processing, adults with autism or asperger syndrome, 27927
localization of spatial & semantic inhibitory processing in posterior and anterior attention networks, 19–40 yr olds with schizophrenia, 17909
localized medial & lateral caudate putamen & fornix/fimbria lesions, responses to local cue & behavior based on cognitive spatial information in water maze, rats, 20087
location of feature in evidence vs hypotheses & similarity of evidence & hypotheses & disjunctive hypotheses, likelihood judgment, 13307
long-term vs acute administration of anticholinergics, subcortico-frontal syndrome with executive dysfunction, patients with PD, 28584
low involvement processing theory of rational thinking in brand image perception & purchase decisions, consumers, 22704
M. McGraw's study of higher order motor control of neuromotor & mental systems development theory of unaided walking during 1st yr of life, 7449
maintenance of learned perspective in memory & spatial description determinacy & interaction between determinacy & perspective in forming mental representations of route descriptions, college students, 36274
major curricular reform movements in medical education & increasing importance of knowledge-base structures & cognitive processes that distinguish experts & novices, medical students, 15751
management of cognitive resources to reduce cognitive load during spelling acquisition in text production, 2nd graders, implications for learning spelling, 15945
math-fact retrieval hypothesis of mathematics performance, males vs females, 25763
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25786
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary reply, 25779
math-fact retrieval hypothesis underlying math test performance, males vs females, 25778
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25766
mathematical memory processes model of likelihood judgment & decision making, 10095
mathematics learning as socialization of mind & cultural practice, 35512
meaning-based vs form-based control of number agreement retrieval in speech, adults, 17150
mechanical dimensions of word priming processes in mental lexicon structure & retrieval & lexical access, 29552
mediated learning & cognitive modifiability, 6–7.6 yr old Ethiopian immigrants vs Israeli-born (mean age 7.2 yrs) 1st graders, Israel, 20531
mediated learning experience strategies in mother–child interactions & child's cognitive modifiability & SES & mother's intelligence & child's personality & situational variables, 23728
memory psychophysics & fundamental measurement applied to similarity/dissimilarity comparisons with remembered & perceived visual magnitudes, graduate students, 287
mental accounting decision making & budgeting & choice bracketing & dynamic mental accounting, consumers, 32428
mental effort & uncontrollability of stressor, immune system response to physiological stress, 18-28 yr old males, 29962
mental models approach to construction of alternative representation of problems for syllogistic reasoning theories, college students, 16598
mental models concepts for system dynamics research, commentary, 32917
mental models of derivation of conceptual linkages among particle & aggregate & algebraic models of electricity, 10th or 11th graders, 35504
mental preparation strategies adopted during competition, 18–36 yr old Italian Olympic archers, 9660
mental representations formed during program comprehension & maintenance, expert procedural vs object-oriented software programmers (mean age 30 yrs), 10090
mental representations of attachment & caregiving behavior & child behavioral status, day care providers of preschoolers, 25659
mental vs written networking, recall, female college students, 6901
methodological issues in study of emotion & relation of emotion to cognition & operation of affect system & evaluative processing, 13365
methodological variations & cognitive processing operations purported to underlie performance on Corsi block-tapping task, 6650
methylphenidate, complex visual-memory search, male 13–17 yr olds with ADHD, 11683
microcircuits in the shell & core of the nucleus accumbens & cognition & reward behavior, 26621
Middle Age theories of stored mental representations of & cognitive processes in perceived objects or events, 150
mindfulness & mindlessness in interpersonal communicative behavior & message selection, implications for communication research & pedagogy, 1226
mindless emoting & conceptualizing/doing & mindful experiencing/doing modes of emotional processing used in cognitive therapy to relapse prevention in depression, 25056
model of distortions in decision making under risk through probability weighting function, graduate students, 13279
model vs procedural training, mental model development of information retrieval system, 18–25 yr olds, 35781

models & theories of cognitive processing of drawing abilities & cognitive neuropsychological perspective of constructional apraxia, 26393
moderate intensity exercise, information processing in choice reaction time tasks, college students, 4016
morphemic activation & morphologically-based parsing & representational processing of ambiguous & novel English compound words, college students, 29578
morphological & categorical word properties & left-to-right processing, word recognition RT, native Finnish-speaking college students, 29569
morphology & inflection of prime word, RT & activation & processing & lexical access of compound words, 20–40 yr old native Polish- vs Greek speakers, 29572
motivated self-deception in cognitive distortions from normal cognitive processes, child molesters, 37614
motivation, estimates of conscious & unconscious processes, college students, 16607
motivational & cognitive & interactive processes, group success, medical school tutorial groups, 2748
motivational & cognitive predictors, text comprehension & reading amount, 3rd–5th & 8th & 10th graders, 25770
Mozart's music, IQ & performance on cognitive tasks, adults & children, 33609
MRI brain activations during auditory & visual processing, 22–38 yr olds, 13528
multinomial processing tree models & psychological assessment, 6536
multiple classification latent class models for maximum likelihood & maximum a posteriori estimation of persons-by-items data, 22933
music appreciation & achievement & learning & emotional benefits, 33529
naturalistic vs artificial studies in comparative cognition & behavioral genetics & effects of mutation & hippocampal function on memory & use of hypothesis driven studies, reply, 26478
naturalistic vs artificial studies in comparative cognition & behavioral neuroscience & genetics, commentary, 26487
nervous system processes & mental efficiency & school maturity, psychophysiological school readiness, 4–7 yr olds, 22537
neural & cognitive aspects of covert & overt aspects of action as internal representation, 13287
neural aspects of anticipatory behavior & relations to motor preparation, 23296
neural circuitry used during recall of rehearsed vs novel word lists, schizophrenic (mean age 30.7 yrs) vs healthy (mean age 28.6 yrs) Ss, 14544
neural processing of & networks activated by pain component of capsaicin-inducted secondary hyperalgesia, healthy adults, 29978
neural substrate underlying processing of emotion-related meanings using functional MRI, 25–36 yr olds, 10459
neuroanatomic substrates & cognitive factors associated with erotomania, 30 yr old male & 65 yr old female patients , 17819
neuroanatomical substrates of cognitive process dysfunction & humor appreciation ability, 18–70 yr olds with right vs left frontal lobe damage, 21602
neurocognitive correlates of positive & negative syndromes, adult patients with schizophrenia, conference presentation, commentary & commentary reply, 1620
neuropsychological assessment & communication aid system, cognitive functioning, 38 yr old female & male with locked-in syndrome, 2001
neuropsychological functioning, adults with attention deficit/hyperactivity disorder, 8430
neuropsychological test performance of executive functions, female depressed outpatients (mean age 20.33 yrs), 26196
nicotine, intensity & selectivity features of attentional processing, 18–25 yr old college students, 36584
nonconscious affective responses, evaluations made by conversational participants & observers, 10123
nonverbal memory span & spatial working-memory ability & planning & set-shifting & recognition memory, 7–9 yr old preterm neonatal intensive-care survivors, 36747
normal vs inverted face processing, event-related potentials, adults (mean age 25 yrs) , 29915
numerousness judgments of dot displays, 18–26 yr olds vs monkeys, 29682
observational learning & use of retrieval cues, acquisition of serial & sequentially coordinated activities, 12 mo olds, 18 mo study, 7369
optional epenthetic vowel in pseudo- vs real words, lexical decision & word recognition & perception & processing as bisyllabic vs monosyllabic, Dutch-speaking college students, 23087
organizational learning to enhance memory & distribution of organization intelligence in organization decision support system process, 6427
organizational processes of selective attention based on second feature-integration theory, college students, 36283
organizational vs distinctive processing/encoding during cued recall & category production, college students, 26402
orthographic & syntactic aspects of processing of visual characteristics of verbal stimuli by brain, male 18–43 yr olds, 3937
ovulatory phase of menstrual cycle, EEG activity during cortical information processing & mental relaxation, 21–33 yr old women, 32915
paradigms used in inhibition research & neural mechanisms involved in attentional control & neurocognitive models of aging & inhibition, 23100
parallel distributed processing computational model for choice RT in cognitive & perceptual & stimulus-stimulus and stimulus-response compatibility tasks, 19839
passage length & scriptedness & story completion & relation to attachment representations, 4.5 yr olds, 7337
patterns of cognitive activity & their relation to cognitive functioning, persons aged 65+ yrs & older, 23826
patterns of interpretive processing of ambiguous prime stimuli in dysphoric vs positive mood state, college students with high depression scores, 20923
PC hardware & software for display of stimulus images & performance of reaction timing for tachistoscopy in cognitive research designs, 13296
peer interactions & cognitive outcomes during college, students, 3 yr study, 12697
perceived stress & cognitive & emotional differences, 24–64 yr old beginning vs advanced Buddhist meditators, 7889
perception of complex ungrammatical sentences as grammatical, memory & recall, young adults, 26904
perception of pictorial stimuli vs Mueller-Lyer illusory representation, formation of cognitive set & effect of set on selective attention & cortical electrical activity, adults (mean age 21.5 yrs), 16496
perception of rational action to interpret behavior as goal directed action without agency cues, 6- vs 9- vs 12-mo olds , 36740
perceptual & cognitive processes including planning & executing & monitoring underlying skill of ordering numerals, female chimpanzee, 19930
perceptual & premotor influences on neglect in line bisection task, patients (mean age 64 yrs) with left hemispatial sensory neglect after stroke, 5284
perceptual processing of cortical activation associated with 28–36 yr olds, 36433
performance on non-rulebound & rulebound verbal output executive tasks, 6.1–18.1 yr olds with autism, 24602
personality & cognition & information processing theories & predictors of military aggression & risk taking, W. Churchill & A. Hitler & J. Stalin & F. D. Roosevelt, 7936
personality & cognitive determinants of ''chasing'' in gambling behavior, college students, 33957
phases of cognitive processing of hysteresis effect & hypothesis testing of said phases via mathematical model of human information processing, 26388
phenomenological model of frequency-dependent synaptic transmission & function in information processing & learning & memory, 491
phenomenology & cognitive mechanisms of recovered memories of trauma, 6898
phenomenology & time consciousness & perception of other's body vs intention, implications for infant & child development, 13861
phonological awareness & processing skills, 46–58 mo old preschoolers, 26976
phonological processing & homophone discrimination, left vs right handed college students, implications for genetic influence, 26570
position of 'only' in sentence structure, eye movements indicating garden path vs syntactically ambiguous processing of relative clause sentences, adult English speakers, 32926
position of linguistic norms, direction of similarity vs difference comparison asymmetries in relational judgments, college students, 243
positive experience & recall of past acts of kindness, reduction of biased processing of self-relevant health-risk information, college students, 1 wk followup , 4793
positron emission tomography & repetitive transcranial magnetic stimulation data on Area 17 activity during visual imagery, human Ss, 16921
posterior association cortex lesions, flanker effect in motor responses to color discrimination task, 47–83 yr olds with lesions of temporoparietal junction vs posterior association cortex, 5398
potential adverse effects of glucocorticoids on brain/hippocampal functions, humans & animals, implications for PTSD, 23523
practice vs transfer designs, stimulus–response compatibility & Simon effects in choice–reaction tasks, adults, 10133
pragmatic implications of situated cognition for current practice in knowledge acquisition, 9715
preconscious control of female stereotype activation through chronic egalitarian goals, human males, 27387
precontemplation vs contemplation vs preparation vs action stages of change, weight control, 20–45 yr old women, 3 yr followup, 35130
predictors of daytime arousal & attention, 16–51 yr olds with epilepsy plus severe learning disabilities, 18368
preference for heuristic representativeness or statistical conjunction in Linda conjunction problem, college students, 10096
prefrontal brain activity & performance in temporal & linguistic task, 19–28 yr olds, 26582
prefrontal cortex activity in maintenance vs manipulation of information held in working memory, 19–32 yr old males, 36256
preinformation vs postinformation correction for influence of trait priming task, adults (mean age 21 yrs), 11166
premise doubt & conversion & model number required strength & counterexample availability, suppression of inferences, native Spanish speaking adults, 17151
preparatory processes & stimulus uncertainty & response compatibility in tactile RT, college students, 32903
presence of audience & forced social comparison with coactor, performance on & recognition memory for Stroop task, undergraduates, implications for attention & cue utilization in social facilitation, 36220
probability-model & information-processing approaches to human reliability vs social-psychological perspective, ship accidents, re- analysis of 1987 data, 12976
problem solving & planning processes, college students, Brazil vs Germany, 249
process & use of abstraction in human factors, 35743
process- vs outcome-based mental simulations, midterm examination performance, college freshmen, 10131
processes in recognition of good figures & identification of travelling salesperson problem solutions, college students, implications for solving large-scale & route-finding problems, 32925
processing goals & expertise, evaluation of political information in TV news, college students, 10146
processing of ambiguous embedded clauses in German, college students, 17148
processing of incongruent arithmetic calculation problems & event-related brain potentials, undergraduates, 20208
processing of multiple acoustic-prosodic cues for comprehension of sentences with surface structure ambiguity, aphasic vs right hemisphere damaged adults, 28120
processing of relevant vs irrelevant stimulus features in semantic category word naming version of Simon paradigm, university processing, implications for study of automatic semantic processing, 3538
processing of subject–verb agreement in sentence comprehension, college students, 36672
properties of cortical areas for memory storage & processing for neural network model, 35802
psychodynamic & cognitive & folk psychology views of unconscious processes & subliminal perception & stimulation & modern research on emotion & psychopathological anxiety, 24153
psychological functioning, college students with confirmed vs self-reported vs without ADHD, 28998
psychological functions of music in terms of cognitive & emotional & social domains & role of social context in music psychology, 20395
psychometric properties of Thought Control Questionnaire & thought control strategies & psychiatric symptoms, 18–75 yr olds with major depression & PTSD with or without major depression, 35954
psychophysical description of early visual processing mechanisms in perceptual memory system, 32772
radical behaviorism & cognitive psychology & cognitive processes in intentional stance vs contextual stance framework, 13859
random number generation & response suppression in executive processes, patients with Parkinson's disease, 8609
rate of forgetting for motor &/vs cognitive tasks, male pilots performing typical tasks in flight simulator, 13169
reading nonwords in native vs test language, left vs right hemispheric processing strategies, native speakers of Hebrew vs English, 33200
recollection & familiarity & dual-process signal-detection model, recognition & source-memory judgments, college students, 36278
regulation of tracking movements, mechanism of organization of virtual space, 17–20 yr olds, 19723
relation between affective & cognitive processes in fantasy play & comprehension of emotional understanding, 6–8 yr olds, 20442
relation between cognitive distortions & aggressive behavior & drug use, 15–17 yr old boys with vs without family history of substance use disorder , 11614
relation between general skill learning & item-specific priming across task demands, college students, 6920

relation between phonological short-term memory & auditory-sensory processing, mismatch-negativity component of auditory ERPs, 7–9 yr old high vs low scorers on pseudoword repetition test, 20490
relationship between dyslexia & language disorders & neural level auditory processing deficits, 37729
relationship between standard pencil & paper measures of mental imagery & visual analogue measures & reliability & validity of measurements of mental imagery, 17–59 yr old college students, 16304
relationship of boundary thinness to visual-spatial processing in dreaming & waking thought, visual art students vs Wall Street brokers, 7915
relevance of hierarchies to information processing of biology from hypertext, undergraduates, 13309
repetition priming paradigm & semantic transparency & morphological headedness, RT & compound word recognition & processing, 19–46 yr old native French- vs Bulgarian speakers, 29568
representation & processes in production of pronouns in number & grammatical gender agreement, college students, Netherlands, 26908
representation & processing of grammatical gender in language processing, 36674
representation in memory of strong vs weak attitudes about government policies, college students, 7708
representation of numbers, monkeys & prelinguistic infants, 425
representation of numerosity & use of numerical representations computationally, monkeys, 424
representation of numerosity & use of numerical representations computationally, monkeys, comment & reply, 13495
representational–computational vs hermeutic–dialogical approaches to human cognition & communication, 6445
repressive coping style, processing & recalling information about rape, females, 11212
resting with eyes open vs closed vs level of difficulty of subtraction vs language comprehension tasks, quantitative EEG, 23–38 vs 60 yr olds & older, implications for dementia diagnosis, 7131
retention & transfer of theory of mind training, 28–68 yr old intellectually disabled adults in day care, 18157
review & comparison of models of functional organization of working memory, humans & animals, 36306
risk factors for infant attrition & low engagement in cognitive-perceptual experiments & in free-play with their mothers, 2 mo olds, 7330
role of biologically implausible computational analyses in cognitive neuroscience research, 29782
role of cerebellum in motor learning & nonmotor functions, 141
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness & relation to auditory hallucinations in schizophrenia, commentary, 30711
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, comment, 34143
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, 14548
role of executive functioning in person perception, female college students, 11158
role of identity-orientation & identity-processing styles in shame & guilt, college students, 1331
role of individual differences in cognitive expectancies & coping in time course of psychoendocrine & psychophysiologic & psychoimmune stress responses & implications for health, 13661
role of internal clock to pace transmissions of information from one stage to next using additive factors method in RT task, 22–29 yr olds , 16571
role of the anterior part of frontal lobes in delayed response & dual task performance, 20–28 yr old right handed Ss, 20113
role of visual attention & selection & visuospatial attention in visual cognition, 29483
roles of central executive & visual-spatial sketch pad & other working memory mechanisms in arithmetical skills, primary school students, 20484
row blindness in Gestalt grouping & written language processing developmental dyslexia, college students, 14849
RT of mental rotation or memory scanning in single-task situations, college students, test of bottleneck theory of human information processing, 23096
RTs in processing of meaning of proverbs in literal or figurative fashion & in old vs new contexts, adults, 10145
RTs to stop & go signals to assess development of inhibitory control across life span, 6–81 yr olds, 7448
rule selection vs execution & perseverative errors on postswitch phase of Dimensional Change Card Sort, 3–5 yr olds, 19577
rule-based errors in mathematical reasoning, 6835
schitotypy & creativity–divergent thinking & reduced cognitive inhibition assessed by negative priming, 17–47 yr olds, 20910
schizophrenia defined as cognitive deficit vs by phenomenology, 34140
schizophrenia defined as cognitive deficit vs by phenomenology, comment, 34146
school examinations, cognitive appraisal & state anxiety & coping, high school students, 25800
SCRIPTKELL computer-assisted tool for measurement of cognitive effort & time processing in writing & other complex cognitive activities, 13302
selective estrogen receptor modulator raloxifene hydrochloride, cognitive function & mood, 45–75 yr old postmenopausal females, 1 yr study, 10633
self-conception & discrepancy between actual self & personal standard, affective & cognitive reactions to positive vs consistent vs negative personality test feedback, college students, 27361
semantic & phonetic regularity norms for Mandarin Chinese characters & relation to performance on cognitive tasks, Chinese vs Singaporian vs Taiwanese high school & college students, 13874
semantic cue availability & cue reliability, online processing to sentence interpretation, native Russian & German speakers, 17154
semiotically relevant concept of abduction & process of cognition, 6868
semisynthetic speech generation for generation of speech stimuli in cognitive brain research, 33183
sensitivity of instantaneous EEG coherence for description of processual evolution of thinking processes, 20–25 yr olds, 16980
sensitivity of instantaneous EEG vs magnetoencephalogram coherence during elementary comparison processing, 20–25 yr olds, 16981
sensorimotor & cognitive tasks known to activate regions of heterotopic brain malformations, regional cerebral blood flow, 8–23 yr old patients with intractable epilepsy, 5383
sex differences in neural actions of gonadal hormones on nonreproductive brain structures & processes & ovarian steroid influences, implications for dementing & affect illnesses, 494
sex, choice RT task requiring verbal response to spatial location target stimulus, 19–34 yr olds, 10081
sex, differences in neuropsychology & cognitive processes & gray & white matter volume & CSF, healthy 18–45 yr olds, 20104
sex, perception of horizontal vs vertical in tangible displays, male vs female college students, 23097
short trains of transcranial magnetic stimulation over left or right dorsolateral prefrontal cortex or medial frontal cortex, random letter generation, healthy 29–39 yr olds, 10421
short trains of transcranial magnetic stimulation over left vs right dorsolateral prefrontal cortex, random number generation, 28–42 yr olds, 3863
similarities & cortical resource overlapping in odor & language information processing, 13558
simple recurrent network, model of cognitive transfer of artificial grammar constructs across different perceptual domains, 19500
simple vs complex decision process in selling, decision making outcomes, 24–68 yr old high- vs low-performance salespersons, 32377
simplicity as method used by cognitive systems in searching for pattern recognition , 19800
simultaneous & successive cognitive processing, school-age children with nonverbal learning disabilities, 21394
simultaneous processing of multiple words & morphological properties of compound word mental representation & assumptions contained in interactive activation model of word recognition, 29532
single dose triazolam administered during follicular & periovulatory & luteal phases of menstrual cycle, mood & cognitive & psychomotor performance & hormone levels, 18–35 yr old females, 36613
single-cell physiological approach for examination of functional brain architecture in monkeys & relation to working memory & disordered cognition in schizophrenia, 34156
slides of nude vs clothed men & women, choice reaction time & incidental learning task performance, heterosexual men vs women vs gay men vs lesbian women, 23935
slow brain potentials during visual monitoring, males aged 21–30 yrs, 36484
social-evaluative stress, self-reported vs actual anxiety measured by psychosomatic & behavioral & physiological reactivity, college students, 596
solvable vs unsolvable discrimination tasks, experience of uncertainty, high school students, test of information-processing model of helplessness prediction , 26986
spatial influences, motor & language function, Ss with parietal lesions, 24794
spatial mental model of measurement, assessment of acquisition & utilization of working memory, 18–31 vs 60–79 yr olds, 32958
spatial orientation by mental transformation in environments learned by reading narratives, college students, 23020
spatial working memory & strategy formation, patients with Asperger's syndrome vs right or left frontal excision vs unilateral temporal lobectomy patients, 37639
stability & validity of individual differences in infant executive function performance, prediction of preschool understanding of theory of mind, children , 873
stability of cognitive function & relationship between cognitive performance & clinical symptoms, first-episode & recent-onset schizophrenia patients (mean age 24 yrs), 5 yr study, 34155
stages of conscious & unconscious processing of emotional stimuli & automatic cognitive biases occurring in different emotional states, implications for health consequences of emotional writing, 23113
stem homographic vs allomorphic word priming & level of lexical processing, inhibition of target recognition & confusion of inflectional stems & representation & processing, native Spanish speakers, 23051
stereotypes & negativity bias & discussion of unshared information in decision-making, groups vs individual college students, 7780
stimulus size & item number, magnitude & direction of error on center estimation & line cancellation tests, patients with left vs right hemisphere lesions, 5380
stochastic model of persuasion & preference change, application to 1992 presidential election panel data, 19671
strength of original vs misleading information, memory for an event, 3–5 yr olds, 17270
stress mediated vs cognitive affective models of burnout, 22–65 yr old male high school athletic directors, 38779
stroop effect in processing of emotional information, 9–17 yr olds with PTSD, 17940
structural relations among elements, relative speeds & conspicuity of global and local processing forms, college students, 16593
subcategorization of physical stimuli & category differentiation & decategorization processes, female college students, replication & extension, 26387
subjective vs objective awareness of private mental & physical objects in consciousness, argument against physicalism, 318
sublexical processing during complex Chinese character reading, native Chinese speakers, 23118
supportive function of perceptual attention for cognition & categorization, commentary, 10112
supportive function of perceptual attention for cognition, 10115
supportive function of perceptual attention for cognition, commentary reply, 10153
supportive function of perceptual attention for cognition, commentary, 10084
supportive function of perceptual attention for cognition, commentary, 10148
suppression vs nonsuppression instructions following viewing of distressing vs neutral stimuli, attentional capacity during word identification task, high vs low anxiety undergraduates, 16584
supraliminal & subliminal frequent & target visual stimuli, ERPs & unconscious cognitive processing, 22–35 yr old healthy males , 3962
symbolic & representational processes & default inflection in pluralizing regular vs irregular vs novel masculine nouns, native Hebrew-speaking college students, 33541
symbolic distance from enumeration response, Stroop-like interference in digit identity, undergraduates, 23104
symbolic representation of stimuli & retrospective & prospective coding approaches to study of cognitive processes, animals, implications for animal models of effects of drugs on human cognition, 23219
symptom patterns, hemispheric specialization in verbal & spatial information processing, male schizophrenics with perceptual aberrations, 4969
syntactic argumenthood & prepositional phrase attachment ambiguity resolution, adults, 17160
synthesis of elemental & configural theories of processing systems & role of hippocampus & neuropsychology in learning theory, 23131
System & Connectionist argument applied to experiment by J. R. Searle of computer program processing Chinese language, 20401
systematic cognitive barriers endemic to environmental disputes, 19470
task models & keystroke-level time-on-task estimates of programmer cognitive preparation & behavior & for comparing usability of text- vs visually-based programming languages, graduate students, 29613

Cognitive Processes—Serials

temporal &/vs spatial contiguity & visual &/vs auditory modality of multimedia instruction, learning measured by retention & transfer & matching, college students, 28940
temporal control of response preparation & RT in delayed response task, adults with frontal vs temporal excision for relief of epilepsy, 28198
temporal information processing model of animal timing & role of neurotransmitter systems & cerebral activations in humans & dynamic dimension of models, 511
temporal stability of Learning Efficiency Test–II over 44 day interval, 18–37 yr olds, 3563
test of cognitive-affective stress propensity model, graduate students working in organizations (mean age 30.5 yrs) and their colleagues (mean age 34.3 yrs), 35868
test of the transfer-appropriate processing framework on performance of 2 implicit memory tasks, college students, 32961
testing independence assumption in process-dissociation procedure of estimating influence of explicit & implicit memory, 278
theoretical framework for assessment of classroom environment, motivation & self efficacy & academic achievement & mental efforts, 3rd graders, 36035
time course of processing of metonymic vs literal expressions, college students, 36217
tracking of neuromental processes via assessment of behavioral measures & ERPs prior to & during & after identification of previously vs not previously viewed fragmented objects, 19–30 yr olds, 3987
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, 38993
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38988
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38995
uncontrollable stress situation with carbohydrate rich vs poor & protein poor food, deterioration of mood & cognitive performance, 18–25 yr olds with high vs low stress-proneness , 4056
universal development of emotion lexicon in the world's languages & uniformity of sequence of naming emotion categories across cultures, 27289
use of & opinions on ways of conveying mental skills training information & making it more user friendly, junior tennis coaches, 25962
use of cooperative learning methods in heterogenous social studies & science classes, urban 9th & 10th graders & teachers, 6160
use of cumulative response distribution functions for test of influence of experimental factors in mental processes, 29456
use of inferential processes & intuition, cognitive processes involved in hindsight or knew it all along effect, college students, 23115
use of metrics in brain imaging studies of cognitive processes & example from single cell studies & study on shaping of brain by early exposure to native language, 562
use of moment-by-moment perceptions as continguity cues vs learned regularity as contingency cues, causal decision making, young adults with high vs low schizotypy, 20918
use of self-affirmation in cessation of failure-related ruminative thinking, college students, 27379
use of virtual environments as experimental tool in study of human spatial cognition, 154
use specificity & cognitive skill representation, information transfer, college students, implications for production-system model of information processing, 6861
utility of partial information in lateralized response preparation, 20–28 yr olds, 20206
validity of model on knowledge & social information-processing mechanisms as cues of influence on aggression beliefs, school age children, 1 & 2 yr followup, 27085
validity of new version of the Rational–Experiential Inventory, relation of rational & experiential information processing styles to personality & beliefs & ratio-bias phenomenon, undergraduates, 19600
variation of P300 component during auditory oddball paradigm, 9 yr olds children vs 19–32 yr old adults, 20203
verbal IQ & language abilities & executive functions & test behavior & performance, preschool males with early onset oppositional defiant disorder with & without ADHD, 21266
verbal report techniques in assessment of knowledge & mental activity, process operators, 32752
verbal working memory capacity, 5–9 yr olds with specific language impairment, 37732
vestibular information & mental activity during active vs passive rotations, perception of orientation without vision, Ss, 6757
viewer centered sensory neglect contralateral to brain damage in reading & nonlexical tasks, 61–69 yr olds with unilateral right hemisphere strokes, 5289
visual sensory functions, brain signal processing, 18–98 yr olds , 29497
visual stimulation with negative priming paradigms, inhibitory processes in selective attention to location vs identity of probe, 6–12 vs 18–22 vs 60–86 yr olds, 36767
visual vs functional domain-specific semantic knowledge, long-term conceptual priming, college students, 6923
visual word recognition in orthographic neighborhood, parallel distributed processing models, 32929
visual word stem completion priming within vs across modalities, changes in regional cerebral blood flow measured by positron emission tomography, 18–29 yr olds, 29848
visual-vestibular processes & organization of short-term spatial vs visual image information storage processes, Rhesus macaques, 6966
visual–spatial working memory & other executive &/vs phonological processing measures, reading-disabled vs slow-learning 1st–5th graders with vs without ADHD, 27941
vocal & instrumental music as distractors, cognitive test performance, introverted vs extraverted 16–18 yr olds, 20566
warding-off & unwanted-thoughts concepts & pain vs panic paradigms in assimilation model of emotional processing, 26414
word familiarity, differential cognitive processes in perceptual identification vs word stem completion priming, adults, 10132
word frequency & cognitive & representative processes in errors in regular vs irregular inflection of German participle formation, 22–63 yr olds with Broca's aphasia or agrammatism, 31300
word generation, activation of frontal lobes, 18–45 yr olds with obsessive-compulsive disorder, 17943

Cognitive Processes [See Also Associative Processes, Classification (Cognitive Process), Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Schema, Semantic Generalization, Social Cognition, Thinking, Transposition (Cognition)]—Books

Cognitive psychology (5th ed.), 10154
A companion to cognitive science, 3567
Concepts: Core readings, 26419
Connectionist psychology: A text with readings, 23119
The construction of mental representations during reading, 6881
Development of mental representation: Theories and applications, 10155
Dual-process theories in social psychology, 17552
Ethical know-how: Action, wisdom, and cognition, 23617
A handbook of spatial research paradigms and methodologies, Vol. 2: Clinical and comparative studies, 3568
Hardwired leadership: Unleashing the power of personality to become a new millennium leader, 3121
How scientists explain disease, 17789
Human cognitive abilities in theory and practice, 3570
The human mind according to artificial intelligence: Theory, research, and implications, 19490
An introduction to cognitive psychology: Processes and disorders, 29615
Knowledge representation, 6880
Metacognition and cognitive neuropsychology: Monitoring and control processes, 3569
Mind in art: Cognitive foundations in art education, 12673
The MIT encyclopedia of the cognitive sciences, 23122
Oscillations in neural systems, 36473
Overcoming modern confusion: Consistency and choice, 26416
Prisoners of hate: The cognitive basis of anger, hostility, and violence, 34316
Processing of medical information in aging patients: Cognitive and human factors perspectives, 20671
The psychology of human possibility and constraint, 13863
Reading Chinese script: A cognitive analysis, 13319
Scientific foundations of cognitive theory and therapy of depression , 17888
Stress and emotion: A new synthesis, 14343
The teacher's grammar book, 10711
The war between mentalism and behaviorism: On the accessibility of mental processes, 32936
When things go wrong: Organizational failures and breakdowns, 29145
Wise up: The challenge of lifelong learning, 36279

Cognitive Processes [See Also Associative Processes, Classification (Cognitive Process), Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Schema, Semantic Generalization, Social Cognition, Thinking, Transposition (Cognition)]—Chapters

The acquisition of Italian orthography, 27009
The Adult Attachment Projective: Disorganization of adult attachment at the level of representation, 36721
Advertising in an interactive environment: A research agenda, 19457
Aerospace psychology, 22752
Anaphora in language processing: Transfer of cognitive strategies by native Chinese, Dutch, English, and Japanese speakers, 268
Animal spatial cognition and exploration, 3676
Anxiety sensitivity and information-processing biases for threat, 11488
Application of Doignon and Falmagne's theory of knowledge structures to the assessment of motor learning processes, 32767
The architecture of human memory, 32989
Associative and rule-based processing: A connectionist interpretation of dual-process models, 17559
The attentional blink: A front-end mechanism for fleeting memories, 26430
Attentional network streams of synchronized 40-Hz activity in a cortical architecture of coupled oscillatory associative memories, 39054
The basal forebrain corticopetal system revisited, 26671
Basic cognitive processes, 17427
A basis for research on age differences in cognitive capabilities, 3577
Behavioral analogies of short lead interval startle inhibition, 23442
A biologically based computational model of working memory, 22772
Can measures of infant information processing predict later intellectual ability?, 13924
Character and word recognition in Chinese, 13333
Clark L. Hull's behaviorism, 6533
Cognition in human–machine systems: Experiential and environmental aspects of adaptation, 22726
Cognitive and knowledge-based influences on social representations, 33945
Cognitive aspects of personality disorders and their relation to syndromal disorders: A psychoevolutionary approach, 24184
Cognitive control processes in attention-deficit/hyperactivity disorder, 24488
Cognitive functions of the frontal lobes, 7103
A cognitive neuropsychological approach to spatial memory deficits in brain-damaged patients, 5438
Cognitive psychology and music, 16560
Cognitive representations of adolescent romantic relationships, 36850
Cognitive representations: Distinctions, implications, and elaborations, 10161
Cognitive task analysis and modeling of decision making in complex environments, 3169
Cognitive theories of post-traumatic stress disorder, 21203
Cognitive theory and research, 24552
Combining disruption and activation techniques to map conceptual and perceptual memory processes in the human brain, 33310
Complex systems methods in cognitive systems and the representation of environmental information, 32951
Components of processing, 32993
Comprehension and memory for texts: Three generations of reading research, 32950
Comprehension of mathmatical proofs, 32940
Confounded age: Linguistic and cognitive factors in age differences for second language acquisition, 10713
Consciousness and meaning, 13332
Consciousness makes a difference, 13326
Control processes explored by the study of closed-head-injury patients, 3346
Conversational remembering and family relationships: How children learn to remember, 7466
Deliberative versus implemental mindsets in the control of action, 17626
Depth of processing, belief congruence, and attitude-behavior correspondence, 16615
Designing human/virtual technology interaction environments for training effectiveness: A cognitive task modeling approach, 22740
Designing instruction for constructivist learning, 22488
The development of intelligence includes the capacity to processing relations of greater complexity, 30205
The development of representation as the coordination of component systems of action, 10162
The development of scientific concepts and their embodiment in the respresentational activities of cognitive systems: Neural respresentation spaces, theory spaces, and paradigmatic shifts, 32945
A dialectical constructivist view of representation: Role of mental attention, executives, and symbols, 10827

A dialectical paradigm for psychological research: Implications drawn from the history of psychology in the Soviet Union, 7283
The dialogic mind: A dialogic approach to the development of the higher mental functions, 7468
The dialogue of the soul with itself, 19896
Direct perception and representation in infancy, 17307
Distinguishing between textbase and situation model in the processing of inconsistent information: Elaboration versus tagging, 6890
Dual processes in the cognitive representation of persons and social categories, 17621
Dual-processing accounts of inconsistencies in responses to general versus specific cases, 17630
Dualities and continua: Implications for understanding perceptions of persons and groups, 17557
Dyslexia as a neurodevelopmental disorder, 30996
Early symbolic representation, 10813
Ecological intelligence: An adaptation for frequencies, 263
The elaboration likelihood model: Current status and controversies, 17596
The emergence of language from embodiment, 13335
Emerging neuroscience approaches to understanding cognition and psychopathology: Positron-emission tomography imaging, 22901
Epistemology, expectation, and aging: A developmental analysis of the gerontological curriculum, 1024
Evolution and self-evidence, 32947
Evolutionary foundations of imitation: Social cognitive and developmental aspects of imitative processes in non-human primates, 16741
An evolutionary perspective on insight, 10164
Executive function: Some current theories and their applications, 23369
Expectancy and control: Perceptual and cognitive aspects of the driving task, 22751
Exploring automatic stereotype activation: A challenge to the inevitability of prejudice, 11175
Exploring the boundary between fiction and reality, 16624
Extending *Gf-Gc* **theory into practice, 3581**
Five dimensions of narrative comprehension: The event-indexing model, 32952
Forgetting and reexperiencing trauma: From anesthesia to pain, 24355
Frequency reports of physical symptoms and health behaviors: How the questionnaire determines the results, 20676
Functional neural subsystems are differentially affected by delays in second language immersion: ERP and behavioral evidence in bilinguals, 10721
Functions of the amygdala and related forebrain areas in attention and cognition, 26661
Gestalt theory and its legacy: Organization in eye and brain, in attention and mental representation, 144
The heuristic-systematic model in its broader context, 16617
The history of dual-process notions, and the future of preconscious control, 16622
How do I work this thing? Cognitive issues in home medical equipment use and maintenance, 22227
How do readers of Chinese process words during reading for comprehension?, 13322
How does the brain mediate our ability to remember?, 33272
How the mind works, 26552
Human–computer interaction: The psychology of augmented human behavior, 22724
Hypnotic involuntariness and the automaticity of everyday life, 6942
Illusions at century's end, 186
The imagery of personal processes in an urban environment: Multiple readings of urban transformations, 29214
Imagery, visualization, and thinking, 187
Imitation and the reading of other minds: Perspectives from the study of autism, normal children and non-human primates, 16745
The impact of metacognitive reflection on cognitive control, 3574
Independent emotions and consciousness: Self-consciousness and dependent emotions, 13330
Individual differences in reasoning and the heuristics and biases debate, 10168
Individualism and the mental, 4334
Infinite horizon bargaining games: Theory and experiments, 7838
Information processing and energetic factors in attention-deficit/hyperactivity disorder, 24506
Intelligence and human resources: Past, present, and future, 10159
Interactive media: A means for more meaningful advertising?, 19455
Internal working models in attachment relationships: A construct revisited, 20458
The internalization of perceptual processing constraints, 146
The interpretation of dreams from the perspective of cognitive-experiential self-theory, 13324
Is "mind" a scientific kind?, 32939
Issues in the measurement of medication adherence, 21677
Knowing one's own mind, 4340
Language and action: Current challenges, 269
Learning and mentoring: Electronic discussion in a distance learning course, 2899
Learning to read and write in Hebrew, 27020
Learning to read and write in Japanese, 27003
Learning, automaticity, and attention: An individual-differences approach, 10824
The MODE model of attitude-behavior processes, 17556
Modes of conscious representation and their exploration through psychotherapy, 13377
Modes of social thought: Implicit theories and social understanding, 17628
The modularity of language: Some empirical considerations, 33568
Morgan's canon, 267
Morphemic processing in reading Chinese, 13340
Motives and modes of processing in the social influence of groups, 17598
The nature and development of representation: Forging a synthesis of competing approaches, 10156
Neurocognitive risk factors for PTSD, 24356
Neuropsychological assessment of executive functions: Impact of age, education, gender, intellectual level, and vascular status on executive test scores, 6655
On the nature, use, and acquisition of language, 10811
On the role of reinforcement learning in experimental games: The cognitive game-theoretic approach, 6928
Organizing for high reliability: Processes of collective mindfulness, 29162
An oscillatory associative memory analogue architecture, 39056
Oscillatory neural networks: Modeling binding and attention by synchronization of neural activity, 39055
Outerdirectedness in individuals with and without mental retardation: A review, 34483
Parallel processing of stereotypes and behaviors, 17627
Parietal cortex and hippocampus: From visual affordances to the world graph, 29877
Part I: The life of cognitive science, 3571
Part II: Areas of study in cognitive science, 3575
Part III: Methodologies of cognitive science, 3580
Part IV: Stances in cognitive science, 3578
Part V: Controversies in cognitive science, 3576
Part VI: Cognitive science in the real world, 3572
Perceived partner commitment and attachment style: Clinical implications of a cognitive perspective, 37088
Perceiving and responding to multiple categorizable individuals: Cognitive processes and affective intergroup bias, 11102
Perceptual framing and cortical synchronization, 39058
Personality and skill: A cognitive–adaptive framework, 10163
Philosophy, perception, and cognitive science, 147
Pictures and their special status in perceptual and cognitive inquiry, 185
Preventing reading difficulties in young children, 15928
Processes underlying human performance, 12956
Processes underlying metacognitive judgments: Information-based and experience-based monitoring of one's own knowledge, 16621
The properties of representations used in higher cognitive processes: Developmental implications, 10816
Prosaic organizational failure, 29152
Psychopathic traits and intoxicated states: Affective concomitants and conceptual links, 24117
Psychosocial factors in medication adherence: A model of the modeler, 22029
Reading, writing, and the college developmental student, 38915
Recovery of 3D volume from 2-tone images of novel objects, 16533
Representation: Picture or process?, 10805
Representational issues in assessment design, 9947
Representing logic, 10166
Research on pharmaceutical labeling: An information processing approach, 20481
Revealing inference processes during text comprehension, 32943
The rise of the metamind, 33050
The role of cognitive control: Early selection versus late correction, 16619
A self-accountability model of dissonance reduction: Multiple modes on a continuum of elaboration, 14349
The sense of control and cognitive aging: Toward a model of mediational processes, 33638
Social categorization and social context: Is stereotype change a matter of information or of meaning?, 11177
The social construction of meaning and cognitive activity in elementary school children, 7479
The social contingency model: Identifying empirical and normative boundary conditions on the error-and-bias portrait of human nature, 17631
Some basic issues regarding dual-process theories from the perspective of cognitive–experiential self-theory, 17623
Spatial frames of reference and somatosensory processing: A neuropsychological perspective, 31356
Speech development and the formation of mental processes, 7358
Startle–response measures of information processing in animals: Relevance to schizophrenia, 36386
Stereotyping, processing goals, and social identity: Inveterate and fugacious characteristics of stereotypes, 11176
Streams of thought about the self and significant others: Transference as the construction of interpersonal meaning, 13327
Structuring dyadic interaction through scripted cooperation, 19285
Study of memory: Processes and systems, 32995
Sublexical processing in reading Chinese, 13343
Sufficient and necessary conditions in dual-mode models: The case of mood and information processing, 16616
A systems analysis of visual motion perception, 3498
Teaching and learning mathematics with understanding, 22523
Temporal segmentation and binding in oscillatory neural systems, 39059
Text comprehension: A view from the bottom up, 32944
Thought flow: Properties and mechanisms underlying shifts in content, 13331
Tonal structure and scales, 16625
Toward a neurocognitive processing model of imaginal thought, 13320
Truth and its negation: Macnamara's analysis of the place of logic in a cognitive psychology, 27016
The use of information-processing paradigms to investigate post-traumatic stress disorder: A review of the evidence, 21212
The vertical mind—The case for multiple intelligences, 30540
Visual-spatial skill and standard psychometric tests, 3342
Visuospatial processing in a pure case of visual-form agnosia, 31353
Vygotsky's theory of the higher psychological processes: Some criticisms, 6893
What you don't know can hurt you: A cognitive-social framework for understanding children's responses to stress, 21019
When do decent people blame victims? The differing effects of the explicit/rational and implicit/experiential cognitive systems, 17558
Williams syndrome: Findings from an integrated program of research, 29324

Cognitive Processing Speed—Serials

1–6 times normal speed of American Sign Language on videotape, cognitive processing speed & accuracy of sign & sentence identification & error characteristics, deaf 21–53 yr olds , 24879
attention redirection during & schema adjustment to & time to react to hedonically neutral surprise, 8–10 vs 18–37 vs 60–69 yr olds, 17282
bilingual anticipation, picture-word processing, English monolingual Ss vs Spanish-English bilingual Ss functioning in monolingual mode, 23079
chronic pain, processing & recall of self- vs other-referenced pain-related information, 10.5–16 yr olds with vs without juvenile arthritis, 31059
cognitive processing speed assessed in mental arithmetic vs perceptual-motor matching vs other process-specific tasks, adult Lyme disease patients, 11927
cyclic organization of attention during information processing, processing speed & recognition memory, 3 vs 6 mo olds, 23692
hypothesis testing of generalized slowing of response time on linguistic & nonlinguistic tasks, 4–12 yr olds with specific language impairment, 37733
individual differences in attentional resources in terms of processing speed & working memory, complexity of self-representations, 19–31 yr old females, 37150
interaction of visual-perceptual & response processes during selective attention, 18–30 yr olds vs 55–79 yr olds vs 80+ yr olds, 29503
mediated priming performance in lexical decision task, younger vs older adults, 20482
perceptual processing speed & age, immediate & delayed activity recall, 20–85 yr olds, 30162
perceptual/motor & cognitive processing speed, patients with Lyme disease, 11807
psychometric properties of 3 paper-and-pencil tests for speed of information processing & correlations with intelligence, 17–58 yr olds, 6594
relationship of processing speed to cross-sectional differences in cognitive performance & longitudinal within-person cognitive decline, 66–92 yr olds, 13310

roles of phonological awareness deficits vs word-naming speed deficits vs both phonological awareness & word-naming speed deficits in subtypes of dyslexia, 30991
sensory acuity & processing speed & presentation in print vs audio vs TV format, content memory & source recognition of new stories, 20–40 vs 60–80 yr olds, implications for aging & memory impairment, 13351
speed of access to declarative memory & application & acquisition of procedural memory, 18–47 yr olds with closed head injuries, 15045
structural relations among elements, relative speeds & conspicuity of global and local processing forms, college students, 16593
use of backward masking task to assess effects of visible light transmittance & illumination & target contrast on cognitive & visual processing speed, young vs elderly drivers, safety implications, 12970
visual word recognition in orthographic neighborhood, parallel distributed processing models, 32929

Cognitive Processing Speed—Chapters

Exploiting the speed–accuracy trade-off, 10171
Sensory processes within the structure of human cognitive abilities, 10165

Cognitive Psychology—Serials

application of cognitive psychology methods to investigate information processing abnormalities, persons with PTSD, 8190
application of findings in developmental cognitive science to educational setting, commentary, 4447
cognitive approach to human leadership & special challenges confronting contemporary leaders & story as vehicle of leadership & assumption of leadership by cultural artifacts & inventions, 11119
cognitive developmental action/reflection framework & taxonomy for reflective practice with adult learners in teacher education, 32195
cognitive model of generalized anxiety disorder & metaworry, pathological worrying, college students (mean age 29.79 yrs), 21198
cognitive psychology perspective on formal analysis of user complexity of interactive systems, 35787
cognitive science concepts of learning & analogy & capacity, implications for cognitive development, 4429
computer metaphor of mind in cognitivist psychology, 6747
Computerized Cognition Laboratory program, teaching of cognitive psychology & research methods, college students, 12664
contributions to cognitive psychology & persuasive communication & attitude change & latent learning, D. L. Thistlethwaite, 12572
contributions to hypnosis research & personality & cognitive psychology, K. S. Bowers, 12577
critique of J. J. Gibson's theory of cognitivist approaches to the study of human visual perception, commentary reply, 32849
critique of J. J. Gibson's theory of cognitivist approaches to the study of human visual perception, commentary, 32861
current overload & fractionization & lack of coherent overall picture & loss of identity & influx of cognitivism as factors in current state of behavior therapy movement, 25579
description of life & work of cognitive psychologist J. Requin, model of motor preparation & neuron classification & cortical organization, 2731
development & use of Museum of Perception & Cognition website for introduction to cognitive psychology, 1st-yr psychology students, 15876
event-related functional MRI in behavioral trials & cognitive psychology applications, 7035
facilitating automatization & awareness for treatment of dyslexia & improvement of reading skills using cognitive psychology & connectionism & behaviorism approaches, 37685
filter vs spotlight vs spotlight-in-the-brain metaphors in cognitive psychological approach to attention & experimental design & identification of phenomenon & interpretation of data, 16687
Freud's cognitive science of consciousness , 30554
history of academic environment of cognitive revolution within the field of psychology in opposition to behaviorism, 1920s to 1950s, 9777
influence of evolutionary theory on cognitive psychology, commentary, 3560
influence of evolutionary theory on cognitive psychology, reply, 3562
intelligence & cognitive psychology instruction, 9446
interdisciplinary collaboration among neuroscience & cognitive psychology & psychoanalysis regarding memory & unconscious processes, 3531
Moebius strip metaphor as alternative to cognitive–rhetorical polarization in social psychology, 1210
presentation of Gold Medal Award for Life Achievement in Science of Psychology to W. R. Garner, 28811
principles & stages of cognitive-behavioral therapy, 29 yr old female with bulimia nervosa , 25055
radical behaviorism & cognitive psychology & cognitive processes in intentional stance vs contextual stance framework, 13859
study of cognitive gerontology, 14101
terminology & design & analysis problems & recommendations for understanding cognitive research on integration of language & memory in bilinguals, 10098
theoretical & empirical contributions of cognitive science to cognitive development, commentary, 4416
trends in prominence of psychoanalysis vs behavioral psychology vs cognitive psychology vs neuroscience, 9765
use of Java programming language for description of experiments on World Wide Web in introductory cognitive psychology classroom, undergraduate psychology students, 15899

Cognitive Psychology—Books

Cognitive psychology (5th ed.), 10154
Cognitive psychology in and out of the laboratory (2nd ed.), 257
A cognitive psychology of mass communication (3rd ed.), 20425
A companion to cognitive science, 3567
Ethical know-how: Action, wisdom, and cognition, 23617
Fundamentals of cognitive psychology (6th ed.), 26417
Generating natural language descriptions with integrated text and examples, 9710
Interventions and strategies in counseling and psychotherapy, 21705
An introduction to cognitive psychology: Processes and disorders, 29615
Language, logic, and concepts: Essays in memory of John Macnamara, 27002
Memory: From mind and molecules, 10222
Metacognition and cognitive neuropsychology: Monitoring and control processes, 3569
The philosophy of psychology, 36644
The presence of mind, 23615
Through the rearview mirror: Historical reflections on psychology, 35852

Cognitive Psychology—Chapters

A cognitive perspective on absenteeism, 6290
Cognitive research and the misconceptions of reading education, 32246
Consciousness and mind as philsophical problems and psychological issues, 145
Contemporary cognitive approaches to studying clinical problems, 1436
Expectancy operation: Cognitive–neural models and architectures, 29617
Intelligence and human resources: Past, present, and future, 10159
Is "mind" a scientific kind?, 32939
Part I: The life of cognitive science, 3571
Part II: Areas of study in cognitive science, 3575
Part III: Methodologies of cognitive science, 3580
Part IV: Stances in cognitive science, 3578
Part V: Controversies in cognitive science, 3576
Part VI: Cognitive science in the real world, 3572
The perspective of situated and self-organizing cognition in cognitive psychology, 32949
Philosophy, perception, and cognitive science, 147
Playing with play: What can we learn about cognition, negotiation, and evolution?, 423
The psychological unconscious, 1295
Some psychological mechanisms of culture, 33731
Theoretical behaviorism, 6535

Cognitive Rehabilitation—Serials

assessment of outcome of cognitive & behavioral units in inpatient neurological rehabilitation hospital, 35981
assessment of outcome with measures of impairment & disability & handicap in cognitive behavioral rehabilitation units for acute brain injury, 35991
cognitive & physical rehabilitation & neuropsychological performance at 3 & 8 wks postinjury, 49 yr old male with brain injury following cardiac arrest, 32016
cognitive deficits in attention & memory & executive functions & treatment with cognitive training or antipsychotics, patients with schizophrenia, 34188
cognitive neuropsychological rehabilitation program, 46 yr old female patient with topographical disorientation, 11882
cognitive rehabilitation for deficits associated with schizophrenia, 25506
cognitive rehabilitation treatment via THINKable computerized system, neuropsychological performance & generalization, patients with senile deterioration of vascular origin, 9215
cognitive rehabilitation, executive functioning skills, adult female with schizophrenia, 38583
effectiveness of short course dramatherapy, 16–69 yr olds in a neurorehabilitation unit subsequent to head injury, 22034
factors & outcomes of using the Neuropage, 23 yr old male with memory & executive problems following head injury, 28748
injury information intervention, knowledge of traumatic brain injury & awareness of deficits, 9–16 yr olds with traumatic brain injury, 12489
instruction based cognitive rehabilitation intervention, visual processing, Ss with acquired brain injuries (mean age 38 yrs), 38584
measures of functional & behavioral & psychosocial outcome, brain injured inpatients in cognitive behavioral rehabilitation units, 35992
Mental Aerobics to enhance self-esteem & cognitive functioning of older adults, participants (mean age 70 yrs), 14098
neurocognitive remediation intervention, executive functioning, 19–66 yr old schizophrenic patients, 25511
routinely offered early follow up intervention, social disability & severity of postconcussion symptoms, 16–65 yr old patients with head injury, 6 mo follow up, 5917
scores on Functional Independence Measure + Functional Assessment Measure, 22–65 yr old inpatients with traumatic brain injury in cognitive behavioral rehabilitation, 35980
training in route learning using computer-generated 3D virtual environment, 53 yr old female patient with anterograde amnesia, 12491

Cognitive Rehabilitation—Chapters

Application of cognitive rehabilitation techniques in psychotherapy, 38590
Cognitive rehabilitation during the industrialization of rehabilitation, 35306
Recovery and rehabilitation in aphasia, 5921

Cognitive Restructuring—Serials

alcoholism as thought disorder & cognitive restructuring as model of treatment & gains from participation in Alcoholics Anonymous, alcoholics, 25543
attention control & imagery training &/vs cognitive restructuring, distress & cognitions & coping strategies, patients with chronic distressing tinnitus, 9002
cognitive-behavioral therapy & cognitive-restructuring & exposure interventions in relation to development & maintenance of social anxiety disorder, 21691
dynamics of coercion & resistance in cognitive social control, violent offenders in prison, 15689
Internet based cognitive restructuring, maladaptive career beliefs, adolescent females, 34868
optimism & self esteem components of cognitive adaptation theory as predictor of new coronary events, 31-80 yr old patients treated with percutaneous transluminal coronary angioplasty, 6 mo followup, 31792

Cognitive Restructuring—Books

Cognitive therapy for personality disorders: A schema-focused approach (3rd ed.), 15185

Cognitive Style [See Also Cognitive Complexity, Field Dependence, Impulsiveness, Reflectiveness]—Serials

absolutist vs nonabsolutist thinking style & coping behavior & health, 36–63 yr old headteachers, 24035
academic achievement & sex & field dependence–independence cognitive style & cultural context, commentary reply, 9497
academic achievement & sex & field dependence–independence cognitive style & cultural context, commentary, 9467
affective & learning & cognitive styles in medical education, 19149
age, learning vs performance goal orientation, 17–59 yr old college students, 11193
assimilator vs converger vs accommodator learning style & field-dependent vs -independent vs -mixed cognitive control, group development of hypermedia-related concept map, graduate students, 14248
attributional style & depression & anxiety, 8–14 yr olds, 4884
attributional style & psychodynamic defense mechanisms, dysphoria, 17–49 yr old undergraduates, 30672
Beck's & hopelessness theories of depression & negative cognitive style as predictor of depression, Temple-Wisconsin Cognitive Vulnerability to Depression project, 21066
cognitive avoidance & attentional & emotional biases on visual probe & Stroop word tasks using physical & social threat & positive words, anxious Ss vs Ss with low trait anxiety & high defensiveness, 13268
cognitive functioning & style & rates of decline, surviving vs deceased older adults, 14-yr longitudinal study, 20654
cognitive processing bias towards threatening information & spider fear, children aged 8–12, 37403
cognitive restriction & disinhibition, obese individuals with binge eating disorders & individuals with bulimia, 34493
cognitive style & leadership & employee characteristics & motivation & leader-member exchange, creativity, employees, 35645

cognitive styles & life events, prediction of depressive & hypomanic mood swings, college students meeting criteria for cyclothymia or dysthymia or hypomania, 17856
cognitive vulnerability & hopelessness & suicidality, college students, 2.5 yr study, 5004
confirmatory factor analysis of the Learning Style Inventory (LSI-1985), undergraduates, 26230
constructive thinking & coping & goal setting, performance on & adaptation to change in complex tasks, undergraduates , 30493
cross cultural validity of Thinking Styles Inventory & relationship between Thinking Styles & age & sex & college class level & work & travel experience & creativity, 19–50 yr old students, Hong Kong, 14340
cultural & occupational background & sex, negotiation style, adults, 12 countries, 6497
development of content analytic measure of cognitive bias, college students, 29316
diagnosis & treatment & cognitive style, 11–16 yr old males from special vs secondary schools with vs without behavior problems, implication for origins & treatment of problem behavior, 38903
disciplinary differences in learning styles, secondary vocational education students (aged 17–20 yrs), 25781
dispositional need for cognitive closure & use of heuristics in negotiation, college students, 11110
effect of achievement goal on self reported cognitive style & motivational study strategy & study strategy as mediator of relationship between achievement goal & performance, college students, 32257
effects of lag requirements on sustained vs habitual levels of variability in computer game playing, female college students, implications for individual differences in creativity, 30524
factor analysis of ipsative measure individual Learning Style Inventory, 32605
factor analysis of play strategies & cognitive style, 3–5 yr olds, 30241
factorial construct validity of Extended Attributional Style Questionnaire, undergraduates, 16320
guided participation or observing an adult modelling correct solution or working alone, ability to balance unevenly weighted beams, 4–7 yr old who held a centre theory, 28942
hemispheric preference in cognitive style, adult males vs females, 36457
Herrmann Brain Dominance Instrument-assessed thinking styles & Myers-Briggs Type Indicator temperament types, 25–56 yr olds, 22852
high vs low need for cognitive closure, audience design in interpersonal communication, college students, 33928
identity processing style & cognitive & attributional strategies in achievement vs interactive contexts, late adolescents, US vs Finland, 17649
impulsiveness & neuroticism & extraversion & self-esteem & hopelessness & locus of control & suicide risk, 13–24 yr old suicide attempters, 21226
individual changes in learning strategies in higher education, freshman & advanced university students tested after the 1st & 3rd semesters, 28974
individual differences in self-reported anomalous experiences & thinking styles & schizotypal traits & self-efficacy & intolerance of ambiguity, 18–39 yr olds, 30532
information processing style in studying decision making behavior in organizational behavior research, college students, 22662
inherited hypohedonia & theory of learned helplessness & the vulnerability factor of depressogenic explanatory style for depression, 8099
internal & external validity of Thinking Styles Inventory, gifted 12–17 yr olds, implications for gifted education, 32309
intuitive vs analytical cognitive style & field of practice, male vs female 1st vs 2nd vs 3rd yr 21–45 yr old law students, 6230
learning style & risk taking tendency & optimism & relationship between arousability,male vs female college students, 35524
learning style preferences, 55–65 vs 66–74 vs 75 yrs olds & older adults, 23823
learning styles & Big Five personality traits & achievement motivation, college students, 7883
learning styles & personality types, African American male high school vs college students & 6th vs 11th graders & Black vs White male high school students, implications for science education, 19303
learning styles & profiles, elementary & junior high school students in special education classes classified as primarily emotional vs primarily conduct problems, 12724
major & scores on sequential-random & concrete-abstract continua of Gregorc's cognitive style delineator, preferences for teaching methods & testing techniques, college students, 32299
MCMI-II psychopathology & the SCORS affective & cognitive dimensions of object representations, 19–57 yr old psychotherapy outpatients, 3329
measures of planned behavior & cognitive social learning, immunization practices, factors that influence physicians, 32575
monitoring vs blunting information seeking style & ability to achieve cognitive structure, coping strategy choice & effectiveness, college students, 27350
negative cognitive styles & vulnerability to depression, 30648
opportunistic & demand avoidance concepts in negotiation, 6498
perceptions of political & moral & cognitive attributes of target's decision making & reasoning in moral dilemma, 20856
personality variables & learning style & work performance, telephone sales staff, 35606
positive vs negative life events & cognitive strategies & self esteem & depression & well being, college students, 5 yr study, 17660
postdecisional biases in the evaluation of elected & rejected & precluded alternatives, happy vs unhappy high school & university students, 20925
predictive validity of Psychological Inventory of Criminal Thinking Styles, prediction of release & disciplinary outcomes, adult female prison inmates, 11679
prevalence of cognitive biases & impact on club selections & shot planning, golfers, 19447
progression from field dependent to independent cognitive style & locus of control, male vs female 9–10 vs 12–13 yr olds, 13948
radiological diagnostic thinking approaches associated with success vs failure in film interpretation, chiropractic students, 25777
relationship between cognitive styles & instructional preferences, 18–58 yr old business studies students, 38879
relationship between counterfactual thinking and causal attributions, 29599
relationship between intellectual level & dysfunctional cognitive style–irrational beliefs measured by Shipley Institute of Living Scale & Revised Questionnaire of Absolutistic Thinking, 17–37 yr olds, 6587
relationship between personality traits & cognitive inhibition & susceptibility to interference as manifestations of attention, college students, 37155
relationship of boundary thinness to visual-spatial processing in dreaming & waking thought, visual art students vs Wall Street brokers, 7915
relationship of cognitive process of catastrophizing to general looming maladaptive style & looming vulnerability to potential catastrophes, 18–53 yr old college students, 17684
reliability & validity of Need for Closure Scale & Personal Need for Structure Scale, measurement of cognitive style, college students, 35901
research findings & motivational & cognitive dimensions of T. Millon's normal personality styles, 27424
role of cognitive style in transformation of gifted potential, intellectually advanced 3–4 yr olds, 30166
rumination vs distraction task sequencing, depressed & dysphoric mood induction, 18–77 yr olds, implications for response styles theory, 27406
schitotypy & creativity–divergent thinking & reduced cognitive inhibition assessed by negative priming, 17–47 yr olds, 20910
self-directed learning activities of physicians in light of recent research, doctors (age range 30–60+ yrs), implication for medical education, 38698
similarity judgements & style categorization of classic & romantic piano exemplars, novice listeners, 6871
study strategies in computer assisted study environment, learning outcomes, college students with deep vs surface learning styles, 19292
surface vs strategic vs deep learning styles, admission data, incoming medical students, 15707
teaching styles & learning mode preferences & world views & demographics, technology-using teaching educators, 2837
theoretical framework for understanding impact of aging & culture, cognitive styles of information processing, Asians vs Western Europeans, 14099
validity of new version of the Rational–Experiential Inventory, relation of rational & experiential information processing styles to personality & beliefs & ratio-bias phenomenon, undergraduates, 19600

Cognitive Style [See Also Cognitive Complexity, Field Dependence, Impulsiveness, Reflectiveness]—Books

Multicultural psychotherapy: An approach to individual and cultural differences (2nd ed.), 8789

Cognitive Style [See Also Cognitive Complexity, Field Dependence, Impulsiveness, Reflectiveness]—Chapters

Across cultural divides: The value of a superordinate identity, 27342
Beyond constructivism in the life sciences, 25703
Deliberative versus implemental mindsets in the control of action, 17626
Field dependence contextual learning and academic achievement in engineering education, 25788
Origins of the depressive cognitive style, 1559
Reality monitoring, psychological tools, and cognitive flexibility in bilinguals: Theoretical synthesis and pilot experimental investigation, 6885
Teaching and learning, 9461
What you don't know can hurt you: A cognitive-social framework for understanding children's responses to stress, 21019

Cognitive Techniques [See Also Cognitive Restructuring, Cognitive Therapy, Self Instructional Training]—Serials

active vs passive cognitive stimulation intervention, caregiving interaction satisfaction, caregivers & patients coping with AD, 9 mo study, application of stress-adaptation modeling approach, 15557
attribution training program, attributions & expectations & emotions & persistence & performance, beginner tennis players, 16169
cognitive & autonomic nervous system engagement strategies for self-induced management of sickle cell disease pain, 28575
cognitive-behavioral intervention, inappropriate masturbation, 11 yr old boy with mild learning disabilities, 1 & 12 mo followups, 8785
cognitive-behavioral technique of pad & pencil for use in couples & family therapy, 28346
counterfactual thinking, perceptions of control & exam performance, college students, 19307
criterion variables & control groups used, effectiveness evaluation of Cognitive Training for Children program to increase inductive reasoning, 5–7 yr olds, 2853
exposure-based contingency management vs cognitive self-control vs education support treatments, 6–16 yr olds with phobic disorders, 3 & 6 & 12 mo follow-ups, 34812
hypnosis vs cognitive–behavioral coping skills training, pain management, 5–15 yr olds with cancer undergoing bone marrow aspirations, 15373
modifications & revisions for use of cognitive interview technique in enhancing memory recall, 7–12 yr old victims or witnesses to crimes, implications for social work practice, 26050
multimodal intervention program, facilitative interpretations of precompetition cognitive & somatic anxiety, male elite swimmers debilitated by anxiety, 5 mo follow-up, 16168
non-illness intervention model of psychotherapy for physically ill patients & their families, 38- & 40-yr-old females & 56-yr-old male case examples, 25053
role of cognitive reprocessing component in eye movement desensitization & reprocessing treatment, 18–51 yr olds with PTSD, 18563
school-based cognitive behavior modification, hyperactivity–impulsivity & aggression, 5–18 yr old students, 29033
socioemotional aspects of learning in cognitive-apprenticeship environment, 13–14 yr old males, 2814
transtheoretical model stages of change following mental skills training program, male youth baseball players, 3 mo study, 16166

Cognitive Techniques [See Also Cognitive Restructuring, Cognitive Therapy, Self Instructional Training]—Books

Constructive thinking: The key to emotional intelligence, 256

Cognitive Techniques [See Also Cognitive Restructuring, Cognitive Therapy, Self Instructional Training]—Chapters

Applications of emotional self-regulation therapy, 8800
Behavioral approaches to enhance spirituality, 25061
The Carleton Skill Training Program for modifying hypnotic suggestibility: Original version and variations, 8977
Interventions: Punishment, diversion, and alternative routes to crime prevention, 9761
Self-regulation therapy: Suggestion without hypnosis, 8799
Social skills training, 31535
Wellness in the workplace: A fourfold path, 5483

Cognitive Therapy—Serials

acute phase cognitive therapy vs phenelzine, outpatients with major depressive disorder & atypical features, 21654
adaptive skills acquisition as description of similar psychotherapeutic change in cognitive & dynamic therapies, 28285
antidepressant drugs with vs without cognitive–behavioral psychotherapy, 18–65 yr olds with major depression & dysthymia, 6 & 12 mo followups, 24917
antidepressant medication vs cognitive behavior therapy treatment outcomes, outpatients with severe depression, mega-analysis of 4 randomized comparisons, 27590

applications & effectiveness of cognitive behavioral psychotherapy, older adults, 25051
attention control & imagery training &/vs cognitive restructuring, distress & cognitions & coping strategies, patients with chronic distressing tinnitus, 9002
behavioral & cognitive behavioral therapy for treatment of obsessive-compulsive disorder, 25054
biological & psychological perspectives on behavioral & cognitive treatment of anxiety disorders, 12278
brief behavior & cognitive therapy, anxiety & depressive disorders, 24989
brief cognitive behavior therapy, panic disorder, panic disorder patients with or without mild agoraphobia (mean age 34.3 yrs), 31533
brief cognitive behavioral interventions for postconcussive syndrome, patients with mild traumatic brain injury, 8793
brief cognitive behavioral therapy & drug therapy for obsessive compulsive disorder, 37960
brief cognitive-behavior therapy, 18–48 yr old females with body dysmorphic disorder & depression symptoms, 1488
brief group psychoeducation with vs without subsequent individual cognitive-behavioral therapy, eating symptoms & nonspecific psychopathology, 18–41 yr old females with bulimia nervosa, 18520
child behavioral assessment & cognitive–behavioral interventions in treatment of school refusal in schools, 35574
clinical efficacy of cognitive behavioral Panic Control Treatment for panic disorder, 8805
clinical management with vs without cognitive therapy, relapse prevention, 21–65 yr olds with residual depression, 34869
cognitive behavior group therapy, pain & distress & coping, 15–35 yr olds with sickle cell disease, 35069
cognitive behavior therapy &/vs medication, obsessional beliefs, patients with obsessive compulsive disorders, 11977
cognitive behavior therapy for anorexia & bulimia nervosa & binge eating disorder, 25058
cognitive behavior therapy for panic disorder with agoraphobia & implosive therapy for PTSD & associated maladaptive personality features from childhood sexual & physical abuse, 45 yr old female, 5517
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, commentary, 15096
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, 15089
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, commentary, 34742
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, reply, 34745
cognitive behavior therapy with vs without amineptine, adult Ss with major or bipolar depression, 6 wk study, 5458
cognitive behavior therapy, violence-related posttraumatic stress disorder, 38068
cognitive behavior treatment for & information processing approach to deficits in empathy & social skills & cognitive theories & attitudes & distortions in sex offenders, 37597
cognitive behavioral approach to clinical supervision of cognitive behavioral therapists, 6031
cognitive behavioral interventions & rheumatic diseases, implications for treatment of fibromyalgia syndrome, 2458
cognitive behavioral pain management intervention, cancer patients, 25290
cognitive behavioral self-help manual, 23 yr old male with atypical anorexia nervosa, 28325
cognitive behavioral therapies & application of interventions, maltreated children & adolescents & their parents & family members with mental disorders, 18553
cognitive behavioral therapy vs supportive counseling vs routine care, patients with chronic schizophrenia, 1 yr followup, 28260
cognitive behavioral therapy, 16 yr old male with paruresis, 5534
cognitive behavioral therapy, 28–54 yr olds with electric sensitivity, 6 mo followup, 8792
cognitive behavioral therapy, cerebral metabolic activity in obsessive compulsive disorder, 5538
cognitive behavioral therapy, coping with vitiligo & self esteem & body image & quality of life & vitiligo progression, vitiligo patients (mean age 39.3 yrs), 38074
cognitive behavioral treatment for panic disorder with agoraphobia, 30 & 36 yr old males & 51 yr old female with concurrent alcohol abuse, 5535
cognitive behavioral treatment, 53 yr old female suffering from compulsive hoarding, 21768
cognitive bias in eating disorders, cognitive-behavioral theory & therapy implications, 37718
cognitive factors responsible for maintenance of PTSD, patients unimproved after cognitive therapy, 8794
cognitive group therapy &/vs aerobic exercise, anxiety, college students, 2 mo follow-up, 28302
cognitive processes in panic disorder with agoraphobia & efficacy of cognitive behavior therapy, 15181
cognitive therapy & psychological profile, 38–70 yr old patients with Parkinson disease, 34866
cognitive therapy for anxiety disorders & processes that maintain anxiety-related negative beliefs, 25049
cognitive therapy for anxiety or depression or anger or sex offending, clients with learning disabilities , 21770
cognitive therapy vs imaginal exposure, patients with PTSD, 12045
cognitive therapy, hopelessness & cognitive flexibility & tolerance of anxiety/negative affect & sensitivity to social expectations, 28 yr old suicidal female with depression & anxiety, commentary, 31527
cognitive therapy, relapse, 18–65 yr old outpatients with major depressive disorder, 6- & 8- & 12- & 24-mo follow-up, 8102
cognitive therapy, temporal relation of therapeutic adherence & alliance to symptom change, depressed outpatients (mean age 32.9 yrs), replication & followup , 28328
cognitive vs analytic psychotherapy, symptom change & medication usage & attitude toward treatment, patients with generalized anxiety disorder, 1 yr followup, 15130
cognitive vs behavioral vs cognitive-behavioral techniques, self-regulation of frequency & duration & intensity of anger, college students, 5488
cognitive vs interpersonal therapy, client narrative frequency & length & completeness & therapist interactions, clients with depression, 18519
cognitive-behavior therapy in treatment of sexual dysfunctions, 78-yr-old widowed female with guilt about masturbation, 31523
cognitive-behavioral & exposure therapy for 25–63 yr old post traumatic stress disordered volunteers following a motor vehicle accident, 31525
cognitive-behavioral anger management group therapy, anger & self-esteem & emotional adjustment, 17–48 yr olds with mild intellectual disabilities, 12-wk followup, 21769
cognitive-behavioral assertiveness training program, assertiveness, 17–50 yr old psychotherapy inpatients & outpatients, Hungary, 2198
cognitive-behavioral conceptualization & treatment of anger, 15179
cognitive-behavioral group therapy & social effectiveness training, management of social anxiety disorder, 2201
cognitive-behavioral hostility-reduction intervention, hostility & resting BP, adult male coronary heart disease patients, 2 mo followup, 24764
cognitive-behavioral intervention, coping & burden & satisfaction & emotional & physical health & patient activities of daily living, homebound female caregivers of dementia patients, 12 wk study, 22208
cognitive-behavioral interventions & guided imagery vs progressive muscle relaxation, quality of life, 22–76 yr olds with HIV, 25050
cognitive-behavioral interventions in pediatric cancer & asthma & diabetes mellitus, 8795
cognitive-behavioral therapy & cognitive-restructuring & exposure interventions in relation to development & maintenance of social anxiety disorder, 21691
cognitive-behavioral therapy & interpersonal psychotherapy, 13–17 yr olds with depression, 34809
cognitive-behavioral therapy & serotonin reuptake inhibitors, patients (mean age 35 yrs) with obsessive compulsive disorder , 38076
cognitive-behavioral therapy for panic, depression symptoms & effectiveness of subsequent cognitive-behavioral therapy for depression, patients with panic &/vs depression, 21774
cognitive-behavioral therapy in teaching problem solving for illness & related aspects, mothers of newly diagnosed patients with pediatric cancer, 25299
cognitive-behavioral therapy, koro & phobia of AIDS, 30 yr old single Muslim-Jordanian male, 8791
cognitive-behavioral treatment, clinical outcome & efficiency of treatment for anxiety disorders, specialist vs nonspecialist psychologists, 34867
cognitive-behavioral treatment, DSM-III—R or DSM-IV defined bulimia nervosa, 31526
cognitive-behavioral vs reduced therapist contact treatment for 18–52 yr old panic disordered patients, 31521
cognitive–behavior therapy, cognitive measures & panic & improvement in non-cardiac chest pain, 18–75 yr olds with non-cardiac chest pain, 6 & 12 mo followup, 25057
cognitive–behavioral & family therapy intervention to cope with aftereffects of childhood cancer & treatment,patients & their families, adolescent cancer survivors, 24980
cognitive–behavioral group counseling, self-esteem & self-control & classroom behavior, elementary school children with disruptive behavior, 28329
cognitive–behavioral therapy after alprazolam discontinuation, relapse & recurrence, patients with panic disorder, 2–5 yr followup to data from Peoria & Dartmouth studies, 12077
cognitive–behavioral therapy vs family therapy vs individual psychotherapy, children & adolescents with depression, 2162
cognitive–behavioral therapy vs pharmacotherapy for unipolar depression, cognitive response to mood challenge, 18–65 yr old remitted depressed patients, 11983
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2-yr followup, commentary & reply, 31528
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary reply, 21766
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary, 21772
complementarity & interpersonal process & time limited cognitive behavior therapy, 18–39 yr old clients & their therapists, 8797
convergent validity of cognitive assessment methods, research & practice in cognitive behavior therapy, adults, 13059
Coping With Depression psychoeducational course as cognitive behavioral treatment for unipolar depression, 5533
data collection with palmtop computer program, cognitive behavioral therapy efficiency & cost-effectiveness, 31 & 40 & 55 yr old patients with generalized anxiety disorder, 38073
demand-withdraw interaction, retention in cognitive-behavioral vs family-systems therapy, couples with male alcoholic partner, 8779
demographic & diabetes & depression characteristics as predictors of response to cognitive behavior therapy for depression, 21–70 yr olds with type 2 diabetes & depression, 5536
demographic characteristics & lifetime comorbidity & temperament & personality disorder symptoms, 17–45 yr old female bulimics with vs without rapid sustained response to cognitive-behavioral therapy, 28326
diagnosis & drug & cognitive behavioral treatment of PTSD, 34205
diagnostic subtype, response to cognitive behavior therapy vs interpersonal psychotherapy vs imipramine vs placebo, persons with major depression, 8738
dialectical behavior & acceptance & commitment therapy & functional analytic psychotherapy as developments in cognitive behavioral therapy, 21771
distracting activities & behavioral & cognitive & other psychosocial therapy, auditory hallucinations, schizophrenic & other psychiatric patients, 5519
drug therapy & Dialectical Behavior Therapy for borderline personality disorder, 18482
drug- vs cognitive-therapy efficacy with binge–purge frequency & depression & eating attitudes as treatment outcome measures, bulimia nervosa patients, 14880
effecacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18798
effectiveness of cognitive behavior therapy, children with obsessive compulsive disorder, 34870
effectiveness of cognitive-behavioral anger control training, conduct disordered males, implications for reduction of school violence, 6 month follow-up, 29050
effectiveness of cognitive-behavioral community-based parenting program, 16–51 yr old parents of children aged 1–5 yrs, 2 mo follow up, 28690
effectiveness of cognitive–behavior therapy vs supportive counseling & psychoeducation as adjunct to standard inpatient hospital care & medication, inpatients with acute schizophrenic episode, 25395
efficacy & allegiance effect of cognitive-behavioral group therapy vs phenelzine treatment, 19–61 yr olds with social phobia, 8723
efficacy of & psychodynamics in cognitive-analytic therapy used by community mental health team, male patient with borderline personality disorder, 31446
efficacy of cognitive behavior therapy combined with pharmacotherapy in treatment of panic disorder, 8720
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25544
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, comment, 25516
efficacy of cognitive therapy &/or drug counseling, cocaine dependency, 18–60 yr old patients, 9 & 12 & 15 & 18 mo followup, 25518
efficacy of cognitive-behavior therapy with vs without mood-stabilizer pharmacotherapy, outpatients (mean age 43.9 yrs) with bipolar depression, 28268

efficacy of cognitive-behavioral therapy & social skills training vs individual supportive psychotherapy, clozapine-treated adults with treatment-resistant schizophrenia, 28257
efficacy of cognitive-behavioral treatment for rapists, 35371
efficacy of cognitive–behavior therapy for procedure-related pain, commentary, 18787
efficacy of cognitive–behavior therapy for procedure-related pain, pediatric patients, 18802
efficacy of cognitive–behavioral therapy for procedure-related pain, commentary, 18788
efficacy of combination of antidepressant drug & group cognitive psychotherapy, 26–54 yr old gay males with major depression or dysthymic disorder & AIDS or symptomatic HIV infection, 1-yr followup, 28254
efficacy of combined vs singular cognitive behavioral & pharmacological treatment of panic disorder, 18492
efficacy of group cognitive-behavior therapy, adequately- & inadequately-treated pharmacotherapy nonresponders with panic disorder , 28331
efficacy of nonpharmacological interventions for treatment of late-life insomnia, 11976
efficacy of sertraline with vs without group cognitive behavior therapy vs placebo, 21–54 yr old patients with primary dysthymia, 12 wk study, 37972
evaluation of postgraduate cognitive therapy training course, 26–56 yr old trainees, followup, 32094
expressed emotion, imaginal exposure vs cognitive therapy treatment outcome, key relatives of PTSD patients, 34231
eye movement desensitization & reprocessing vs trauma treatment protocol variant of cognitive-behavior therapy, adults with PTSD, 3-mo study, 18521
fluoxetine with cognitive-behavioral therapy, smoking cessation, 18–65 yr old smokers with subclinical levels of depression, 1 & 3 mo followups, 28770
full vs brief cognitive therapy, patients (mean age 34 yrs) with panic disorder, 3 & 12 followups, 28327
group cognitive behavior therapy with vs without parent involvement & with vs without booster sessions, 14–18 yr olds with major depression or dysthymia, 24-mo study, 15178
group cognitive behavior therapy, treatment-resistant auditory hallucinations & coping strategies, patients with schizophrenia, followup study, 31566
group cognitive behavioral stress management & changes in mood & perceived stress, plasma dehydroepiandrosterone sulfate level & ratio to cortisol level, HIV-seropositive males, 10-wk study, 25289
group cognitive-behavior therapy, changes in cognitions, recovered vs nonrecovered mood disordered patients following treatment for depression, 31531
group process & treatment outcomes in cognitive behavioral stress management intervention, 25–55 yr olds, 34891
group psychotherapy with cognitive behavioral & interpersonal psychotherapy techniques, weight phobia & binging & vomiting, 18–25 yr old females with bulimia nervosa, 1 yr followup, 18609
group vs individual cognitive therapy, 25 & 26 yr old male stalkers with intellectual disabilities, 9285
group-based cognitive-behavioral stress management intervention for treatment & secondary prevention of HIV/AIDS, HIV+ homosexual males & poor African American females, 22036
imagery with rescripting & historical role play experiential methods for treatment of childhood memories linked to chronic psychopathology with early origins, cognitive behavior therapy patients, 28324
implications of social power for theory & practice of cognitive behavior therapy, 21767
incorporating gender role strain perspective in assessing & treating cognitive distortions, men, 25052
individual cognitive-behavioral substance dependence PTSD therapy, dual diagnosis patients, 38621
issues in cognitive behavior therapy for treatment of irritable bowel syndrome & panic disorder, 29-yr-old female patient, 15184
issues in power therapies & miraculous claims & cures that fail, implications for cognitive & behavioral therapy, commentary, 15097
issues in power therapies & miraculous claims & cures that fail, implications for cognitive & behavioral therapy, commentary, 15095
issues in power therapies & miraculous claims & cures that fail, implications for cognitive & behavioral therapy, commentary reply, 15098
key features of cognitive-behavior therapy in treatment of depression, adolescents & children, 15180
manual-assisted cognitive-behavior therapy, changes in symptoms & suicidal behavior, 16–50 yr olds at risk of recurrent self-harm, 12078
manual-based cognitive behavioral therapy & alternate psychotherapies for people with bulimia nervosa, 25022
medical & cognitive behavioral treatment, patients with fibromyalgia, 37966
medication vs medication with cognitive-behavioral therapy, panic disorder, 20–35 yr olds, 15088
meta-analysis of effectiveness of cognitive-behavioral therapy & stability of therapeutic gains, depressed & dysphoric children & adolescents & adults, commentary, 2197
meta-analysis of effectiveness of cognitive-behavioral therapy & stability of therapeutic gains, depressed & dysphoric children & adolescents & adults, commentary reply, 2200
mindless emoting & conceptualizing/doing & mindful experiencing/doing modes of emotional processing used in cognitive therapy to relapse prevention in depression, 25056
moclobemide &/vs cognitive behavioral therapy, patients with panic disorder & agoraphobia, 6 mo followup, 15087
nature & effectiveness of cognitive-behavioral interventions for psychosis, 21773
outcomes of 12-Step & cognitive-behavioral treatment to substance use outcomes, substance abuse patients, 15617
parental anxiety, child-focused cognitive behavioral therapy &/or parental anxiety management, 7–14 yr olds with anxiety disorder, 6- & 12-mo follow-up, 8168
parental involvement in cognitive behavioral group treatment, treatment outcomes, 7–12 yr olds with anxiety disorders, 38023
patient demographics & previous depressive episodes & depression severity & learned resourcefulness & therapist skills, homework compliance in cognitive therapy, clients & their therapists, 31522
patient-treatment matching hypothesis for 12-Step & cognitive-behavioral treatments for substance abuse, 15634
perceived curative factors in & outcomes of inpatient cognitive therapy based treatment program, 17–38 yr old patients with schizophrenia & other long-term mental illnesses, 9209
perceptions of cognitive vs noncognitive aspects of treatment helpfulness & depressive symptomology, psychiatric inpatients (mean age 35.8 yrs) on cognitive therapy unit, 18552
personal construct psychotherapy vs rationalist cognitive therapy, personal construct psychotherapists & clients (mean age 37.13 yrs) & cognitive therapists & clients (mean age 40.12 yrs), 12049
phases of Cognitive Processing therapy, female victims of marital rape, 8798
pragmatic cognitive-behavioral treatment, 16 & 25 yr old female wheelchair-bound chronic fatigue syndrome patients, 31532
pre-existing antidepressant medication, outcomes of group cognitive-behavioral therapy, patients with major depression, 15093
predictors of cognitive behavioral therapy outcomes, patients with generalized social phobia vs nongeneralized fear, replication of study by D. L. Chambless et al, 24342
principles & stages of cognitive-behavioral therapy, 29 yr old female with bulimia nervosa , 25055
prior experience with pharmacologic or cognitive behavioral therapy, 16–53 yr old females with bulimia nervosa, 11967
problem-solving & cognitive-behavioral coping skills intervention & cancer-specific distress & perceived risk, breast self examination, women who had relative with breast cancer, 28625
process & outcomes of brief interpersonal vs cognitive–behavioral therapy, 21–60 yr olds with major depression, 12015
progression toward a broadened cognitive clinical psychology field, 2199
psychoeducation medication management training & cognitive therapy & key-person counseling & patient characteristics, treatment outcome, schizophrenic patients, 2 yr followup, 21656
psychometrics of Pain Cognitions Questionnaire & underlying assumptions of cognitive behavioral therapies, severely impaired chronic pain patients, 1 mo followup, 9900
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38075
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression & other disorders, commentary, 38079
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38077
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary reply, 38072
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38078
rapid early response & time course of cognitive modification techniques in cognitive-behavioral therapy, patients with depression, commentary, 38071
rapid vs intermediate vs non response to cognitive vs family vs supportive psychotherapies,13–18 yr olds with major depression, 2 yr study, 2171
rational emotive behavior therapy & cognitive behavior therapy for elderly, 18551
relapse prevention strategies & techniques in cognitive behavioral couples sex therapy, adults, 37967
renaming of rational-emotive therapy as rational emotive behavior therapy, 34780
research foundations for narrative processes in cognitive psychotherapy, implications for theory & practice, 38006
role & impact on outcome of homework assignments in cognitive therapy & methods for enhancing adherence, patients with depression, 38069
schema focused therapy & psychotherapy supervision, female client, 6017
self psychology vs cognitive orientation treatment, female patients with anorexia or bulimia, 15125
self-help cognitive-behavioral bibliotherapy with vs without professional phone consultations, adults (mean age 50.8 yrs) with primary insomnia, 3 mo followup, 28330
self-monitoring, weight management during holiday season, adults in long-term cognitive-behavioral treatment for obesity , 25048
simplified cognitive behavioral approach to anger management in group setting, 27–64 yr olds with moderate to severe learning disabilities, 8796
Skills Training for Aggression Control cognitive-behavioral program & trait anger, anger knowledge & expression & aggressive behavior & prison misconduct, male violent offenders, 38649
supervision in cognitive therapy, health & mental health personnel from various fields, 6033
therapeutic processes & value of cognitive behavioral counseling with adjunct of tapestry making, 45-yr-old female with unresolved grief, 31753
therapeutic vs supervisory relationships in cognitive behavioral therapy, 5537
therapy in context of problem solving model of stress as cognitive-behavioral intervention for mental health problems & depression, cancer patients, 25294
time limited cognitive & relaxation treatment, 40 yr old female patient with snake phobia, 38070
treatment outcomes & completion of high vs low intensity cognitive-behavioral therapy, cocaine dependent methadone patients, 15 mo followup, 25539
two-plus-one model intervention of cognitive–behavior & psychodynamic–interpersonal therapy, depressed patients (mean age 44.9 yrs) of varying severity, 1-yr follow-up, 15072
urine-triggered alarm signals & prompts & positive reinforcement, daytime urinary continence, 9 yr old boy with cri-du-chat syndrome, 31529
use of social constructionist approach to examine cognitive treatment program's construction of prison inmates as particular types of beings, violent offenders, 35367
use of systematic procedures for homework assignments & cognitive-behavior therapy, practicing psychologists , 38015
uses of Internet for cognitive behavioral psychotherapists, 15182
validity of personality disorders as DSM category & use of cognitive behavior therapy in their treatment, 25047
view of helpful & harmful aspects of treatment, females assessed after completion of family counseling or cognitive- behavioral treatment for anorexia nervosa or bulimia nervosa, 5509
Wits trauma intervention model for integration of cognitive-behavioral & psychodynamic psychotherapies in treatment of PTSD, application to South African trauma context, 5498

Youth gangs, cognitive-behavioral interventions in schools, and system change, 22565

Cohabitation—Serials
current or anticipated parenthood, cohabitation & remarriage, formerly married males vs females with vs without children, 33767
equality in division of labor in home & income, cohesion & marital stability, married & cohabitating couples , 27173
left-oriented political activism, rates of nonmarital cohabitation & changes in sociodemographic characteristics of cohabitors, 1943–1950 vs 1951–1957 vs 1958–1964 birth cohort, 1041
sexual co-orienting for sexual preference & sexual satisfaction & interpersonal communication in dyads, heterosexual cohabitating adults, 14209
transitioning from cohabitation to marriage, cohabitating females, Sweden, 1992, 30313
Cohesion (Group) [See Group Cohesion]
Cohort Analysis—Serials
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, commentary, 889
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, 866
age & time period effects & alcohol consumption & problem drinking, 5 birth cohorts of 46–72 yr old males, 18-yr study, 8360
age vs cohort effects, intercohort decline in verbal ability & vocabulary, 18–89 yr olds, commentary, 17233
age vs cohort effects, intercohort decline in verbal ability & vocabulary, 18–89 yr olds, commentary, 17253
age vs cohort effects, intercohort decline in verbal ability, 18–89 yr olds, 17291
age vs cohort effects, intercohort decline in verbal ability, 18–89 yr olds, commentary reply, 17292
changes in number of schizophrenic births as real risk for morbidity, 1900–69, Scotland, implications for environmental role in disease development, 8128
changes in sexual behavior, cohort of HIV+ & HIV- males who use injection drugs, 4 yr study, 21306
cohort analysis & morbidity before vs after psychiatric bed reduction policy, 15–65 yr old long-stay inner-city psychiatric inpatients, 2–4 yr followup, 32008
cohort analysis of predictors of youth-limited vs developmentally-persistent problem drinking & adult outcomes, 18–31 yr olds followed from adolescence & young adulthood, 34342
cohort analysis of reading standards & reading comprehension scores, Year 6 students, 1989–1996, 32252
critique of P. Saunders' claim that British society is meritocratic, reanalysis of National Child Development Study data, 14119
gender-cohort vs situational-structural vs gender-interaction models, political alignments & cultural orientation, women vs men, Netherlands, 22 yr study, 27221
impact of cohort replacement & presence of intergenerational differences, cultural change, 1965–90 Dutch survey data of 18–67 yr olds, 33725
left-oriented political activism, rates of nonmarital cohabitation & changes in sociodemographic characteristics of cohabitors, 1943–1950 vs 1951–1957 vs 1958–1964 birth cohort, 1041
length of marriage & marital satisfaction & success & failure, 10-yr marriage cohorts, 4611
life course cohort studies as form of research on schizophrenia, 24295
period- vs cohort-related factors in changes in age-specific incidence of schizophrenia, Ss born in 1954–1965 & followed from 16–26 yrs, Finland, 30752
Piagetian test performance as measure of formal thought development, cohorts of 10–15 yr olds, 1967–1996 vs 1972–1993, 23694
urban birth & later schizophrenia diagnosis, live birth cohorts from 1942–78 in the Netherlands, 4950
Coitus [See Sexual Intercourse (Human)]
Coitus (Animal) [See Animal Mating Behavior]
Cold Effects—Serials
acute cold & restraint stress, spatial memory, male rats, 4074
application of chilled metal tubes to maxillary posterior molar apical areas, pain & nausea, 16–59 yr old patients with severe migraine or tension type headache, 28595
cluster headache-like attack as symptom of unilateral infarction of cervical cord & persistent anaesthesia & dysesthesia to cold stimuli, 54 yr old male with mild hypertension & migraine, 14985
cold anesthesia & hypoxia, amnesia, drosophila, 13428
cold exposure, monoaminergic & GABAergic levels in ventromedial vs paraventricular nuclei of hypothalamus, male rats with brain lesions, implications for food intake & regulation of energy balance, 36445
cold pressor task, acceptance vs control rationales on pain tolerance, college students, 13668
cold pressor test, plasma norepiniphrine response, 19–69 yr olds with depressive illness subtypes, 1527
direct intragastric infusion of isoenergetic fat vs carbohydrate macronutrients, cold-pressor pain perception, 18–32 yr olds, 13655
exercise & cold pressor test stressors, somatosensory evoked potentials, 25–35 yr old healthy males, 13678
hypoxic resistance, vasodilation vs vasoconstriction in response to local cold test & cold resistance as assessed by thermal imaging of temperature patterns of hand, 19–23 yr olds males, 16988
ontogenetic differences in learning head-turning operant response for cool reinforcer, 1 vs 5 vs 11 day old rats in warm environment, 13402
own vs family's pain history, daily pain indices & response to cold pressor task, 18–25 yr olds, 26726
painful heterotopic stimulation, capsaicin induced & brush evoked pain intensity & area of brush evoked pain, 23–27 yr old males, 3450
reliability & validity of diagnostic thermal vascular test, distinguishing between patients with Raynaud's Phenomenon (mean age 45 yrs) & healthy controls, 22868
sensitivity of Scanning Visual Vigilance Test to effects of stimulants & sedatives & cold stress & sleep loss, 3284
Coll Ent Exam Bd Scholastic Apt Test—Serials
analytical methods used in test preparation coaching, SAT I Reasoning Test scores, examinees, 26233
sex, performance on Swedish SAT, students originally tested in 1980, 22504
Coll Ent Exam Bd Scholastic Apt Test—Chapters
Scholastic Aptitude Test scores, race, and academic performance in selective colleges and universities, 2932
Collaboration [See Cooperation]
Collective Behavior [See Also Riots]—Serials
academically based community scholarship & consultation as collaborative problem-solving & collective-responsibility model, character & missions of helping fields, university faculty, 2732
accountability & negotiator collectivism, competitive behavior & impressions & outcomes, Caucasian vs Asian & US vs Estonian intergroup negotiators (mean age 19 yrs), 37059
adjustment levels of self-liking & self-competence, college students living in collectivist vs individualistic cultures, Spain vs Wales, 27400
collective performance at foraging task, single individuals vs groups of Tonkean macaques, 13446
collective representations or shared meanings in situational construction of social stigma & low self esteem, African American college students & overweight women, 11151
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), commentary, 30412
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), 30414
cooperation & conflict as interrelated aspects of coordination in groups, 20839
correspondence bias in collectivist vs individualist cultures, Chinese vs US individuals & college students, 33926
cross-cultural differences in goal orientations & attitudes toward individualism–collectivism, 17–47 yr old university students, Sri Lanka vs Australia, 1338
cultural & individual aspects of individualism & collectivism & communication, 4357
cultural diversity & sociocultural norms & relative cultural distance & degree of collectivism & perceptions of group effectiveness, multicultural English-speaking teams of 18–25 yr olds, 11133
cultural individualism-collectivism & self-construal, turn-taking & conflict behavior, European American vs Japanese college students in homogeneous vs heterogeneous groups, 7812
development of the U.S. Collectivism Index, measurement of regional patterns of individualism & collectivism across states, US residents, 26123
examination of collectivism–individualism constructs, Israeli Jewish religious (mean age 17 yrs) vs secular high school students (mean age 15 yrs old), 14252
familial & peer & societal collectivism, college students, US vs Russia vs Estonia, 17580
framework for reconceptualization of coping as cooperative communal process related to individual & collective stressors, 1227
group fantasy of peace & prosperity & politics of unreality during presidential years of W. Clinton, 1149
group socialization, move from self-interested individualism to self-sacrificing & "heroic" collectivism, volunteer search & rescue group members, 27294
individualism & collectivism & self construal, communication & decision making in culturally homogenous & heterogeneous groups, Japanese American vs European American college students, 4727
individualism & collectivism & self esteem, Malaysian vs British college students, 30525

individualism vs collectivism, conflict experiences in terms of goal orientation & attainment & tactics & outcome satisfaction, American vs Japanese 17–29 yr olds, 11223
individualism vs collectivism, performance feedback referents & self efficacy, managers, US vs China vs Czech Republic, 32358
individualism–collectivism & social dominance orientation & pro-Black & anti-Black attitudes & humanitarianism–egalitarianism, 17–42 yr old college students, 27399
individualistic vs collectivist cultures, handling of disagreement in work settings, management personnel, 23 countries, 6332
individualistic vs collectivistic cultural values & ideals, judgment biases in negotiation, 18–21 yr old college students, US vs Greece, 33745
institutional & rational perspectives on predicted adoption of collaborative vs collective human resource management practices, European firms, 38952
instrumentality, individual vs group performance vs outcome & collective effort, college students, application of expectancy–value theory, 33932
meso level approach to charismatic leadership in context of work unit structure & work group collectivism & crisis & cross levels, managers & subordinates, 16085
motivation for collective action & personality & life experiences & women's rights activism, midlife women & women's rights activists, 33817
negative national group history, feelings of collective guilt & behavioral reactions, 17–43 yr olds, 1221
normative vs anormative acceptance vs individual action vs group support vs group organizational responses to discrimination, adults, 11125
own vs opposing subgroup's initial resource location at individual or subgroup or collective level, allocation decisions & cooperation in social dilemmas, business students, 30415
perceptions of trust & fairness & collective efficacy & experiences of fear of exploitation, cooperation in public goods dilemma, college students, 30453
perceptual control theory-based computer model of collective behavior, 29210
promotional appeals based on group need vs promise of recognition, volunteerism, adults, 9672
relationship between collective self-esteem & independent & interdependent self-construals, 17–48 yr old college students, Canada vs Japan, 30305
self-regulatory model of motivation & processes of groupthink in historical reanalysis of CIA-sponsored invasion of Cuba, foreign policy committee members, 17566
sex & collective vs relational interdependence, college students, 30400
sex & level of collective self-esteem, motivation to engage in ingroup distorting evaluations, male vs female college students, 30454
sex, social loafing, male vs female college students, Japan, 30410
sociocognitive perspective on collective representations in organizations & group dynamics & communication & social influence, methodological implications, 9618
tacit knowledge & intuition & collective mind & model of strategic decision making process, top management teams, 6293
task complexity & self concept & social perception, social loafing & group participation & collective behavior & energy expenditure, female undergraduates, commentary, 20874
task complexity & self concept & social perception, social loafing & group participation & collective behavior & energy expenditure, female college students, 20863
team performance model based on team competencies & identity & planning & decision making & self-management, 20840
use of Hinkle & Brown's taxonomy in relationship between strength of social identification & intergroup differentiation & between personal self-esteem & -serving bias, individualists & collectivists, 17576
willingness to comply with request to participate without pay in marketing survey after considering own vs peers' history of compliance, college students from collectivist vs individualist countries, 33917

Social influence, 20820

Collective Behavior [See Also Riots]—Chapters

Organizing for high reliability: Processes of collective mindfulness, 29162
A representational system for peer crowds, 12718
Shared information and information-sharing: Understanding negotiation as collective construal, 35676

Collective Unconscious [See Also Archetypes]—Serials

archetypes as culturally determined functionary forms vs biologically inherited predispositions of the collective unconscious, commentary, 11268
Freud & Adler's views on collective aggression & theories on antisemitism, 30804

Collective Unconscious [See Also Archetypes]—Chapters

Evolutionary memory, 11186
Reincarnation and identity with schizophrenic psychoses, 34198

College Academic Achievement—Serials

age & GPA, predictive validity of Reading Comprehension scores from educational placement tests, college students, 6200
age, perceptions of challenges & obstacles to academic success, 20–58 yr old male vs female college students, 6233
cognitive & psychosocial predictors of first-year academic success, Caucasian & African-American college students, 9498
culture & family, academic achievement, Chinese & Korean American college students, 32250
determinants of degree of participation in labor force & effects on school performance, college students, 9470
effects of cognitive regulatory activities on verbal & numerical & diagrammatic intelligence in prediction of academic performance, college freshman, 12689
ethnicity & family educational background, social & academic integration & academic success, Asian American vs Hispanic vs White college students, 32302
high school GPA & American College Test composite score & institutional & goal commitment & academic achievement, academically underprepared college students, 9496
individual study practices & interaction with learning environment & study success, high-achieving advanced medical students, 12688
passing rates & interest & motivation in accounting & attitudes toward reading & math, business vs nonbusiness college students, 5 yr study, 32267
relationship between vocational identity & academic achievement & persistence in college, entering college students, 3 yr study, 9504
relationship with parents, academic adjustment & success, college students, 12693
student centered & self-directed problem-based learning curriculum, registration examination performance, students studying podiatric medicine, 28839
validity & subject-matter-specificity of measures of self-efficacy & interests & outcome expectations & goals in math/science & art & social sciences & English, college students, 36042
variability in relative emphasis on the development of student competencies, college faculty members in disparate academic environments, 28971

College Academic Achievement—Chapters

How beginning writing students interpret the task of writing an academic argument, 15952
Intertextuality, genre, and beginning writers: Mining your own texts, 15956
The legacy of schooling: Secondary school composition and the beginning college writer, 15957
Scholastic Aptitude Test scores, race, and academic performance in selective colleges and universities, 2932

College Athletes—Serials

athletic participation, academic success & involvement with nonathletes & extracurricular activities & personal growth, college athletes, 28997
coach–athlete compatibility & perception of coaching behaviors & trait & state anxiety & state self-confidence, female collegiate basketball players, 25966
ethical issues in use of college student athletes as medical research experiment Ss, 6067
evaluation of sport psychology internship program, 18–22 yr old female collegiate basketball athletes & their 36 yr old coach, 19441
goal setting & strategies as performance enhancement, attitudes toward effectiveness, 17–29 yr old college athletes , 9652
positive vs negative coaching style, body image & body weight anxiety & dieting & vulnerability to eating disorders, male vs female college athletes, 34495
prior history of & in-season concussion & presence of learning disability & cognitive functioning as determined by performance on neuropsychology test battery, male college football players, 37743
public posting of inappropriate on-court behavior, acceptance & behavior change, collegiate tennis players , 9655
race & family SES & occupational planning & injury history & life satisfaction, male graduating college athletes vs nonathletes, 25968
reasoning skills & critical thinking abilities & dispositions, college student athletes vs non-athletes, 2916
role of psychosocial aspects in refereed vs judged sports in prevention of body image overconcern & eating disorders, at risk female college athletes, 34514
self-worth theory of academic achievement motivation, Division I student athletes, 19311
time of season & type of sport, use of imagery, varsity athletes, 9658
years of wrestling experience & success & failure attributions, 19–22 yr old male collegiate wrestlers, correction , 9654

College Degrees [See Educational Degrees]

College Dropouts—Serials

reasons for attrition from predominantly Euro-American university, Black college students, 6242

College Education [See Undergraduate Education]

College Environment—Serials

brief therapy in college counseling & mental health, college students, 34775
change in college environment & psychological problems & therapeutic process, college therapists & students, 3001
college International Peer Program, adjustment to college environment, newly admitted international graduate & undergraduate students, 9500
college racial composition, racial identity & attitudes, African American students at predominantly white vs historically black colleges & universities, 28983
creation & operation of feminist-oriented college campus advisors' network to promote safe environment for reporting of sexual harassment, complainants & complaint receivers, 35571
demographic & alcohol related & other behavioral characteristics & firearm possession on campus, college students, 35531
discrimination & student & self segregation on campus, college students, 1988 & 1992 vs 1996, 2953
educational benefits of racial diversity in higher education, undergraduates, 28959
ethnicity & organizational stress & quality of student life, African American & Caribbean & African college students , 9534
factor analysis & reliability of Charles F. Kettering Climate Scale, measurement of psychological dimensions of school climate, university students, 15974
fraternity membership & year in school, self esteem, male fraternity members vs non-members, 9506
need for educational psychologists in colleges & universities for students with dyslexia & other problems, 38761
political & gender issues of feminist professionals in academic higher institutions, 28923
political & gender issues of feminist professionals in academic higher institutions, commentary, 28917
public vs private college campuses, Internet usage, college students, 32282
relationship between perceptions of campus climate & cognitive development, female students through the 2nd & 3rd years of college, 19341
sex, faculty-student interactions & perceptions of classroom environment & interaction patterns, male vs female college students & instructors, 12703
social support & university comfort & self-beliefs, academic persistence, African American college students, 28988
symbolic interactionist perspective of hazing in fraternity culture, 29003
teaching professionalism, medical schools, 1998–1999 academic yr, 38815
university environment, moral judgment development, 1st vs 2nd vs 3rd vs 4th yr students at state vs Christian vs Bible universities, 6096
World Wide Web sites for alcohol policy & education & research in college environments, 31841

College Environment—Chapters

Diversity and organizational identity: The problem of entrée after entry, 27160
New learning approaches: Conceptualizing the learning–teaching interaction, 9538

College Graduates—Serials

employee qualifications & job search techniques, employment outcome, college graduates, 35604
employment status & personality factors, perceptions & expectations of own aging & accommodation profiles, 45–65 yr old female university graduates, 33671
individual differences & job search behaviors, employment status, recent university graduates (mean age 24.5 yrs), 19390
sex, career progress & development of mentoring relationships & salary attainment, African-American graduates of historically Black university, 9574

College Major [See Academic Specialization]

College Students [See Also College Athletes, Community College Students, Education Students, Nursing Students, ROTC Students]—Serials

acculturation & ethnic identity in bicultural orientation, Hispanic college students, 29004

action-oriented research on higher-order cognitive skills-oriented teaching of organic chemistry, college freshmen & sophomores, 22472
age & gender & marital & enrollment status & number of dependents & outside responsibilities & reason for selecting major,career choice, traditional vs nontraditional college students, 9521
age, perceptions of challenges & obstacles to academic success, 20–58 yr old male vs female college students, 6233
approaches to reduce negative stereotypes & build community at multiethnic 4 yr college, Native American & Mexican American & Euro-American college students, 12710
attempted paraphrasing & subsequent unintentional/potential plagiarism, college students, 28913
attitudes & beliefs regarding job market, approach to career decision making, arts undergraduates, 6284
attitudes toward pedagogical aids in textbooks, 1st-semester & advanced psychology students, 12662
auditory vs tactile study, performance, blind vs sighted college students, 15999
change in college environment & psychological problems & therapeutic process, college therapists & students, 3001
changes in vigorous & moderate exercise participation, 1st yr college students, 1 yr study, 5805
characteristics of applicant & policy & group membership, attitudes toward fairness of affirmative action, college students, 4748
cigarette smoking & chewing-gum use, 18–52 yr old college students , 37034
cognitive mediation & instructional design & metacognitive & instructional knowledge, college students, 19243
college racial composition, racial identity & attitudes, African American students at predominantly white vs historically black colleges & universities, 28983
computer simulation & learning support approach to physics education, college freshmen, 22431
computerized application for facilitation between statements of fact & opinions in research reports, undergraduate psychology students in methodology courses, 15902
critical thinking skills & effective learning processes, students majoring in psychology & special education vs sociology & social work & criminal justice, implications for teachers , 9475
cultural or ethnic or racial differences in perfectionism, 17–32 yr old White vs African American college students, 19332
cultural values & support group processes, Chicana college students, 38919
demographics & IQ & academic achievement & foreign & native language aptitude & course grades & GPA, 17–51 yr old learning disabled undergraduates making foreign language course substitutions, 29037
development & validity & reliability of Resident Assistant Self-Efficacy scale, assessment of beliefs about ability to positively influence student development, college resident assistants, 28984
discourse analysis of section of Spanish Ministerial Directive regulating requests' for revision of University Entrance Examination markings, students, 9387
drinking patterns & problems, community college students, implications for alcohol education programs, 11602
drug use prevalence & trends among college students, Spain, literature review, 21293
efficacy of sexual assault prevention programs on college campuses with women, 34418
elite private college education & class consciousness & its consequences, 37–50 yr old mature working class women, 2 yr study, 2989
Environmental Deprivation Scale & identification of students at risk for dropping out, 18–42 yr old college students, 12715
evaluation of campus volunteer program to expose at-risk adolescents to higher education & college students to urban community, 19259
experiences of & reactions to sexual coercion, male vs female college students, 4679
factors that influence recovery from eating disorders, 22–24 yr old female college students, 6-yr study, 21416
family background & involvement with ethnic people & organizations, strength of & changes in ethnic identity & adjustment during 1st year, 16–21 yr old minority college students, 38880
group social identity & efficacy beliefs regarding possible selves & self esteem & psychological well being, college students (mean age 19.2 yrs), commentary, 32293
group social identity & efficacy beliefs regarding possible selves & self esteem & psychological well being, college students (mean age 19.2 yrs) , 32280
guidelines & criteria for denial of campus mental health services, college students , 32318
hierarchy model of personality & need for arousal & materialism & compulsive buying, college students, 39024
high vs low hope, problem solving ability & coping with stressful academic & interpersonal situations, college students, 2935
identification & factors & consequences of discontent & problems & stress, 20 yr olds & younger vs 21–40 yr old college students , 28993
identity with university, perceptions & evaluation of football team, college students, 19435
importance of and attention to items of syllabus information, college students in introductory psychology class, 12644
instructor & student gender & instructor verbal & nonverbal immediacy behaviors, perceived learning & willingness to talk in class, college students, 15979
issues in planning & surviving career in management, college students, 9582
Leap to Excellence Acceleration Program, learning outcomes, supervisors & student employees, 12679
lipid levels & age & drug use & exercise & obesity, emotional distress, male 18–24 yr old college students, 29967
listening to lecture & own vs provided notes & review, effect of working memory & verbal ability & prior knowledge on quality of lecture notes & summaries & lecture recall, college students, 25771
major & scores on sequential-random & concrete-abstract continua of Gregorc's cognitive style delineator, preferences for teaching methods & testing techniques, college students, 32299
misconceptions & improvements to descriptions of single-S experiments in research texts written for undergraduate students, 13150
model of identity development, 17–51 yr old gay & lesbian & bisexual & other college students of minority sexual orientation, implications for student counseling , 30362
moral orientation & sex, psychosocial development, 17–24 yr old college students, 19330
need for educational psychologists in colleges & universities for students with dyslexia & other problems, 38761
partner communication about HIV & alcohol & condom use, male vs female undergraduates, 31128
path analysis of role of parents' style & family relations & subsequent mood regulation & self determined motivation, prediction of graduation from 2 or 4 yr college, college students, 32248
peer interactions & cognitive outcomes during college, students, 3 yr study, 12697
perceived teacher humor orientation & immediacy & communicative style & student humor orientation & learning, college students, 15989
perceptions of student affinity-seeking strategies, college students vs teachers, 2957
perceptions of values of counseling & psychological services on campus, college students, comparison with APA's public opinion survey, 25848
phenomenographic study of process of metacognitive awareness & constructivist models of learning & recontextualization of student conceptions, 1st yr university students, 28961
positive & negative effects of group influence, eating & dieting behaviors, college residence members, 7796
prevalence & patterns of academic dishonesty, college students, Japan vs South Africa, 9508
prevalence of any form &/vs sports event gambling, male vs female University of Nevada students, 4791
prevalence of cigarette smoking, college students, 1993–1997, correction, 11084
prevalence of lifetime rape & associated health risk behaviors, female college students in the US, implications for rape prevention, 14652
prior mathematics conceptions & approaches to learning & perceptions of present studies & course grade, students in 1st yr university mathematics course, 2905
problems criteria & guidelines for denial of psychological services, college students, commentary, 32324
professional & ethical practices, guidelines for denial of campus mental health services, college students, commentary, 32321
rape prevention education, empathy & rape-supportive behaviors, male undergraduates, 27760
reasons for attrition from predominantly Euro-American university, Black college students, 6242
reasons for attrition, college students, 32298
relation between leisure & career development, college freshmen (mean age 18 yrs), 3045
relationship between drinking behavior & reasons for playing drinking games & personality, college students, 20804
relationship between vocational identity & academic achievement & persistence in college, entering college students, 3 yr study, 9504
relationship of health behaviors & physical activity, male vs female 18–29 yr olds, 5793
reliability & construct validity & implementation & evaluation of Adaptive Success Identity Plan for use in structured career intervention, college students, 3008
residential learning communities, learning & intellectual development & involvement, college freshman, 28965
risk factors for & prevention of osteoporosis, college students, implications for college health personnel, 38456
self-worth theory of academic achievement motivation, Division I student athletes, 19311
sex roles, body image, Euro-American female college students, 27223
student gender & major & gender schema & professor gender, assessment of faculty characteristics & teaching style & effectiveness, college students, 28902
student–faculty out-of-class communication, perceived instructor verbal & nonverbal immediacy & trust & student motivation, 18–60 yr old college students, 15973
total work time & part- vs full-time & on- vs off-campus work, student cognitive development, college freshmen, 3 yr study, 6214
university environment, moral judgment development, 1st vs 2nd vs 3rd vs 4th yr students at state vs Christian vs Bible universities, 6096
unresolved issues regarding & implications of National Collegiate Athletic Association's freshman academic eligibility requirements for students with disabilities, 28908
validity & reliability of Alcohol Use Disorders Identification Test, screening for hazardous & problem drinking, 18–23 yr old students cited for violating university drinking rules, 36020

Drug consumption and drug treatment in a drug-producing country: Colombia between myth and reality—a view from the inside, 5967

Colon Disorders [See Also Constipation, Fecal Incontinence, Irritable Bowel Syndrome]—Serials

chemical & mechanical colonic irritation, visceromotor reflex response to peritoneal irritation induced by diluted acetic acid, male mice, 20328
defense organization as assessed with Defense Mechanism Test, 18–60 yr olds with Crohn's disease vs panic disorder, 30576
definitions & childhood & family history & epidemiology & comorbidity & health care seeking & stress & life events & course, irritable bowel syndrome in adults & recurrent abdominal pain in children , 28009
psychoanalytical psychotherapy in hospital for diseases of rectum & colon, 19026
subjective experience of cancer illness, 39–79 yr olds with colon cancer, 1991

Colon Disorders [See Also Constipation, Fecal Incontinence, Irritable Bowel Syndrome]—Chapters

Elimination disorders, 18024

Color [See Also Achromatic Color, Eye Color, Hue]—Serials

advertising with misleading visual information, color memory, undergraduates, 6897
age & gender & topic, use of color in drawings as indication of emotional response, 4–14 yr old mental health outpatients, 38357
body coloration as visual cue for social association choices & preferences, black vs white mollies, 3734
brightness of red vs blue stimuli, grip strength, male volunteers, 3429
chromatic properties of moving objects with vs without adequate luminance, motion perception in middle temporal area neurons, macaques, 26645
color &/vs luminance-based motion signals, perceived speed & direction of 1- vs 2-dimensional motion, Os, 23025
color &/vs orientation distractors, visual search for single-feature targets, adults , 13191
color bias & racial preference, 3- vs 5-yr-old White South Africans, 20559
color cues in images of food vs animals, accuracy of visual categorization & RT, male rhesus monkeys vs humans, 342
color of handler overalls, handler recognition & distance, Danish Friesian cows, 33073
color preferences, Arctic Inuit vs Southern Canadian adults, 3455
color, word–picture & picture–word matching, college students, 16611
color–digit synaesthetic ability, 47 yr old female, 36129
color–luminance interaction shown in oblique cross masking, 23–38 yr olds, 181
condition-related mate preferences, red vs orange colored mate, female sticklebacks, 36325
ERPs for visual selective attention to color vs pattern vs pattern with changing target vs dividing & switching attention between color & pattern, 18–32 yr old males , 16691
extent of oblique vs meridional orientation effect in color-defined motion throughout visual field, adults, 16468
feed-forward neural networks, learning color-appearance models, 39052
framework for modeling memory colors & categorization & representation, memory prototype for object color & similarity judgments of apparent colors, 20–30 yr olds , 36187
grouping of color terms in English vs Russian vs Setswana languages, 18–82 yr olds from England vs Russia vs Botswana, 3537
image segmentation cues based on color & polarity & uniqueness of signal & noise identities, motion coherence & attendance to location in space, Os, 16515
matching vs nonmatching to sample contingencies, ability to make delayed conditional discriminations based on color, honeybees, 3646
optimal colours of overlays & lenses & reading rate, patients attending specific learning difficulties clinic, 34743
salience vs semantic explanations of differing production & comprehension of animal vs color terms, 3–5 yr olds, 17236
scent & recall of color, honeybees, 6977
segregation of object in noise by color &/vs luminance polarity, detection from structure-in-motion, adults, 6772
simulated inter-observer comparison of color-matching functions, 19743
spatial facilitation with colored targets & inducers & chromatic & achromatic mechanisms in collinear detection facilitation, adults, 32803
viewing objects in natural vs unnatural vs achromatic colors, brain activity, adult males, evidence for 3 stages of color processing in human brain, 3949
visual attention to color & reaction time to luminance change within display, college staff & students, 29481
white vs yellow vs blue vs orange string bunches, pecking behavior, 45–86 wk old caged hens, 329
word–word vs property–property vs word–property vs word–word–property maps, learning of color vs size words, 13 yr olds, longitudinal study, replication with 2 yr olds, 20522

Color Blindness—Serials

analysis of chromatic discrimination, 18–69 yr old males with single X-linked pigment gene, 18452
short-wave cone spectral sensitivity via thresholds & color matches, adult male trichromats and blue-cone monochromats, 26684
speed of movement of cone vs rod-perceived stimuli, green cone lacking deuteranopes, 18455
use of Farnsworth Lantern test for determination of type & severity of red–green color deficiency, color deficient adults, 8696

Color Constancy—Serials

color constancy & visual perception, 25–72 yr olds with unilateral lesions in parieto-temporo-occipital & fronto-parieto-temporal cortex, 18414
interaction of color constancy as illumination & part of image surface, female observer, 26317
internally vs externally equated light perception, color saturation & compensation for age-related increases in ocular media density, 24–42 vs 62–87 yr olds, 10040
local & global contrast & reality of color constancy, 32816
standard vs test illuminant of surface, simultaneous color constancy, adults, 16466

Color Contrast—Serials

area-ratio of non-annular test figure to inducing figure, simultaneous hue contrasts in Koffka-ring type patterns, undergraduates, 3466
color combination effects in experimental rooms & significance of contrast effects & reflections, adult, 32787
contrast, motion of luminance vs chromatic stimuli & threshold amplitudes for relative & static Gabor patches, 32821
CRT-generated stimuli, visual determination of hue suprathreshold color-difference tolerances, 22–51 yr olds, 19740
early visual processes underlying contrast color & representation of color changes, 22–52 yr olds, 16513
model of color contrast & color preference & double opponent cells, 33220
model of perceptual image difference for a given pair of images & its application to color gamut mapping for generating a reproduction with minimum perceptual image difference, 32829
principal hue curves & color difference, 32817
role of colour in symmetry perception, 19741
roles of perceptual & categorical similarity in color pop-out, adults (mean age 28.3 yrs) & 3 mo olds, 32807
validity of CIE-1931 Standard Observer, assessment of color-matching functions, adults, 32838

Color Perception [See Also Color Constancy, Color Contrast]—Serials

ability to discriminate between gray & other colors, horses, 10286
ability to discriminate between gray & other colors, horses, erratum, 23215
acute toluene exposure, color vision, male printshop workers (mean age 39.1 yrs), 16157
additional mechanisms responsive to combined luminance & red-green color, observers, 16517
analysis of chromatic discrimination, 18–69 yr old males with single X-linked pigment gene, 18452
analysis of errors in performance of 29 yr old male with color agnosia, implications for application of methodology to cross-case comparisons of color recognition disorders, 18445
area-ratio of non-annular test figure to inducing figure, simultaneous hue contrasts in Koffka-ring type patterns, undergraduates, 3466
blocked vs intermixed presentation, color search performance, adults, 32833
blue & green flashes, s-cone electroretinogram responses in dark-adapted eye & after light adaptation, tritanopic & normal Ss, 15053
brightness matching & color vision, 11–18 yr old diabetics with vs without retinopathy, 15062
chromatic discrimination, 22–56 yr old tuberculosis patients treated with ethambutol vs color blind adults, 28614
chromatic rod–cone interaction during dark adaptation, Os , 178

chromaticity & luminance of gratings varying along L & M cone axes, spatial pairwise contrast matching of gratings in comparison of color & luminance contrast, Os, 16519
cognitive discrimination of stimulus shape & color combinations, frontal & parietal & occipital visual evoked potentials, selectively attentive 19–29 yr olds, 13626
collapse of stereopsis in random-dot-stereograms at isoluminance, Ss, 16493
color & digit naming, 22-year-old female with digit synesthesia, 13178
color combination effects in experimental rooms & significance of contrast effects & reflections, adult, 32787
color discrimination ellipsoids calculated with CRT & use of weighting function for lightness proposed by International Commission on Illumination, 13211
color from invisible flicker & failure of Talbot Plateau law for flicker detected by short wavelength sensitive cones & hard nonlinearity, Os, 179
color overlays, reading rate & texture segmentation, 6–17 yr olds, 36186
color perception & use of video playback experiments, nonhumans, 577
color preferences, Arctic Inuit vs Southern Canadian adults, 3455
color, recognition of high vs low color diagnostic objects, college students, 32852
color- & shape-discriminated stimuli, saccade target selection in feature vs conjunction visual search, monkeys, 16467
combination of outputs from L/M- & S-opponent geniculate cell types, color processing, macaques, 459
complementarity of approaches to color vision involving stimuli originating in retinal cones vs perceptions arising in brain, 13200
CRT calibration method for human color perception research, 19688
CRT-generated stimuli, visual determination of hue suprathreshold color-difference tolerances, 22–51 yr olds, 19740
detection model of spatial contrast sensitivity for chromatic & luminance-modulated gratings, Os, 26347
development of functional MRI for study of organization of color-selective areas in visual cortex, adults (mean age 27.7 yrs), implications for study of achromatopsia, 23291
diffusion scatter model & selective spectral absorption of human eye, prediction of residual vision in blind field, hemidecorticated patients, 11954
direction of motion for red/green modulated vs isoluminant gratings & motion detection thresholds as seen in quadrature motion paradigm, 3 mo vs 19–59 yr olds, 17267
dissociation in processing of visuospatial & color information in working memory, 18–44 yr olds, 32859
early visual processes underlying contrast color & representation of color changes, 22–52 yr olds, 16513
effects of phenytoin vs carbamazepine vs valproic acid on color vision & validity of Farnsworth-Munsell 100 hue test of color discrimination, 15–65 yr olds with epilepsy, 29326
feed-forward neural networks, learning color-appearance models, 39052
form & color information, visual attention, adults, 6768
framework for modeling memory colors & categorization & representation, memory prototype for object color & similarity judgments of apparent colors, 20–30 yr olds , 36187
hue memory & discrimination, 3–6 vs 9–11 vs 22–30 yr olds, implications for young children's difficulty in color naming, 881
integration of color vs form processing modules in visual perception in preattentive stimuli, college students, 29468
interaction of color constancy as illumination & part of image surface, female observer, 26317
introduction of human cone photopigment into genome, visual system, transgenic male mice, 16879
left hand inferiority in performing matching to sample tasks involving letter & color recognition carried out in full vision, 82 yr old male with cerebrovascular accident in left hemisphere, 5376
light level & color saturation, colorimetric purity discrimination, 22–43 vs 62–88 yr olds, 10041
long- vs medium-wavelength-sensitive cone input, orientation discrimination thresholds, Os, 10068
luminance & chromatic discrimination, horses, 16925
M- & L- & S-cone contributions to pupillary responses evoked by chromatic flash offset, Os, 13206
manual vs vocal response to color or word flanked by Stroop stimulus, college students, 6766
McCollough effect as indicator of neurotransmitter activity & physiological arousal, 18–35 yr old extraverted vs introverted vs ambiverted females assessed during menstrual cycle phases vs males, 11194
memory for color &/vs pattern contrast in patterned food containers, male chicks, 16735
model of color contrast & color preference & double opponent cells, 33220
model of perceptual image difference for a given pair of images & its application to color gamut mapping for generating a reproduction with minimum perceptual image difference, 32829
on/off polarity of test stimulus & sawtooth adaptation flicker, detection thresholds for S-cone modulation for red &/vs blue stimuli, 20–33 yr old Os, 10059
perception of center-occluded objects in synchronously changing color & brightness displays, 4-mo-olds vs college students, 30172
prediction from current Munsell spacing assessments of principal hue components alpha perceived in each color j, adults, 13202
presentation conditions, persistence over time & specificity over spatial frequency of McCollough effect & contingent after-effect & stimulus discrimination, pigeons, 33065
principal hue curves & color difference, 32817
procedure for prediction of perceived color difference in current Munsell solid & contrast to multidimensional scaling, 13203
processing of color & form information in blind field using flanker task, male 66 & 88 yr olds with right or left visual field hemianopia following stroke, 2022
residual chromatic visual capacity of moving stimuli, 41 yr old male with unilateral lesion to striate cortex, 5350
role of colour in symmetry perception, 19741
salience of color vs figure elements in paired associate learning in classical conditioning, college students, 3589
same/different judgments about direction & color of apparent motion stimuli, 27 & 43 yr old males with posterior or complete forebrain commissurotomy, 15029
second-site adaptation of red-green detection mechanism in L & M cone contrast plane for bright adapting fields of yellow or red, 32851
short-wave cone spectral sensitivity via thresholds & color matches, adult male trichromats and blue-cone monochromats, 26684
simulated inter-observer comparison of color-matching functions, 19743
sine- & square-wave gratings, facilitation between luminance & red–green visual detection mechanisms, Os, 36150
spatial tuning of color & luminance peripheral vision across visual field with filtered noise masking, adults, 16503
stare vs look instructin for visual stimulation, spectral sensitivity in 2 kinds of nystagmus, adults, 16903
static simulations of effects of defocus, longitudinal chromatic aberration & accommodation, 16–30 yr olds, 19733
subjective impressions of naturalness for color of reproduced pictures & consistency in naturalness judgments of locally & globally processed images, Os, 13224
temperature, spectral sensitivity, dark-adapted zebrafish, 13646
test size & retinal position, S-cone & rod weighting into red/green opponent process & equilibrium hues, Os, 172
traditional interpretation of color naming latencies in non-color word Stroop task & associative priming, college students, 19799
trichromaticity & color vision discrimination, capuchin monkeys, commentary, 20055
use of multitemporal satellite images & spectral mixture analysis in study of human incentives & actions & reactions to environmental change, 12960
viewing objects in natural vs unnatural vs achromatic colors, brain activity, adult males, evidence for 3 stages of color processing in human brain, 3949
viewing parameters, perceived color differences, adults, 32811
visual perception of motion & luminance & color, 49 yr old with hemianopia, 31290
visual system in combination of signals for trichromatic opponent color classification, college students, 32797
voluntary attention to specific color discs, selective fading of discs in circular array, college students, 32824

Color Perception [See Also Color Constancy, Color Contrast]—Chapters

The influence of chromatic information on visual motion processing in the primate visual system, 3952

Color Pyramid Test [See Projective Personality Measures]

Color Saturation—Serials

second-site adaptation of red-green detection mechanism in L & M cone contrast plane for bright adapting fields of yellow or red, 32851

Coma—Serials

electrical stimulation of right median nerve, Glasgow Coma Scale scores & days in intensive care & 1 mo postinjury outcome, comatose traumatic brain injury 13–42 yr olds, 31781
publicized cases of physician assisted death, subsequent physician assisted mortality levels, accident/coma & leukemia patients, 21259
Sensory Modality Assessment and Rehabilitation Technique, diagnosis of functional & behavioral responses to sensory & environmental stimuli, patients in vegetative state, 35987

Coma—Chapters

Lazarus' syndrome, 34694

Combat Experience—Serials

bupropion, symptom remission, 46–71 yr old male combat veterans with PTSD, 2290
combat exposure & PTSD symptoms & health behaviors as predictors of self-reported physical health, 50–85 yr old male military veterans, 24102
comorbidity & distinctness of PTSD & disorders of extreme stress not otherwise specified, 28–67 yr old military veterans assessed after exposure to war-zone military trauma, 11463
dissociation–integration vs repression–abreaction treatment model for posttraumatic amnesia & traumatic memories, World War I combat soldiers, 32414
fear-potentiated startle conditioning to explicit & contextual cues, male Gulf War veterans with vs without PTSD, 11465
historical group debriefing 48–72 hrs after combat exposure, anxiety & self efficacy & combat evaluation, 18.5–24 yr old soldiers, 6374
noncombat vs combat exposure with vs without subsequent PTSD, anger measures, Vietnam veterans, 21181
personality disorder profiles & trauma histories, male combat veterans with PTSD & female childhood sexual abuse survivors, 34244
prevalence of psychotic symptoms, Black vs White vs Hispanic 26–63 yr old military veterans with combat related PTSD, commentary, 34224
prevalence of psychotic symptoms, Black vs White vs Hispanic 26–63 yr old military veterans with combat related PTSD, commentary reply, 34204
prevalence of psychotic symptoms, Black vs White vs Hispanic military veterans with combat related PTSD (aged 26–63 yrs), 11462
prospective analysis of course & predictors of PTSD, Gulf War veterans, 2 yr followup, 27735
psychosocial effects on children who serve as soldiers, 7529
self-reported symptoms of social phobia, outpatient male combat veterans with PTSD, 8171
severity of psychotic symptoms as reflection of PTSD severity, combat veterans (aged 47–68 yrs) with chronic PTSD & well-defined psychotic features , 17934
social functioning, military veterans with combat-related PTSD, 8208
symptoms of acute PTSD, combat experienced soldiers (males aged 23–35 yrs) vs tortured prisoners of war (males aged 19–45 yrs), 24334
trauma-induced dissociative amnesia, WWI combat soldiers, implications for current understanding of amnesia in childhood sexual abuse, 14629

Combat Experience—Books

An intimate history of killing: Face-to-face killing in twentieth-century warfare, 37525
Psychology of the Great War: The First World War and its origins, 27111

Combat Experience—Chapters

Combat-related posttraumatic stress disorder: Prevalence, risk factors, and comorbidity, 8228
Group psychotherapy for war-related PTSD with military veterans, 34908

Comfort (Physical) [See Physical Comfort]

Commerce [See Business]

Commercials [See Television Advertising]

Commissioned Officers—Chapters

Military learnings: A practitioner's perspective, 16190

Commissurotomy—Serials

ability of divided cerebral hemispheres to make processing discriminations based on spatial vs identity information, 46 yr old male & 47 yr old female callosotomy patients, 31203
bimanual vs unimanual visuomotor procedural learning, callostomized vs acallosal 19–35 yr olds, 31210
interhemispheric neural summation during visual RT task, 20–45 yr old males lacking the corpus callosum, 5324
long-term reversal of hemispheric specialization for visual recognition task, split-brain macaques, 23303
neural mechanisms underlying illusory contour perception & amodal boundary completion, 42 & 45 yr old callosotomy patients, 31202
redundant-target effects for visual search following complete commissurotomy of corpus callosum & hippocampal & anterior commissures, adults with brain damage, 18406
right vs left hemisphere sensitivity to past traumas & perceptions & attitudes & feelings, male split-brain patients, 5400

same/different judgments about direction & color of apparent motion stimuli, 27 & 43 yr old males with posterior or complete forebrain commissurotomy, 15029
visual EPs as indices of interhemispheric integration of single letter vs complex pattern visual stimuli, 15–40 yr olds with complete vs partial agenesis of corpus callosum vs total commissurotomy, 34611
Commitment [See Also Organizational Commitment]—Serials
career & organizational commitment, empowerment & service recovery & work attitudes, medical librarians, 16098
caregiver role perceptions & burden & commitment & affirmation, 36–70 yr old male caregivers of severely mentally ill relatives, 31978
commitment & constraints to intimacy at midlife, 35–52 yr old African American couples in committed relationships, 7666
commitment & relationship duration, perpetration of common couple violence, 8th & 9th graders, 24414
commitment as predictor of physical &/vs emotional dating infidelity, college students, test of investment model, 30357
commitment to a romantic relationship & current relationship status, relationship maintenance responses & devaluation of attractive alternatives, married vs single vs romantically involved Ss, 11157
commitment to self-development & family & extended family & Arab people & village, Arab adolescents in Arab villages vs towns vs in mixed Israeli & Arab towns, Israel, 900
commitment to working in addictions field, addiction counselors, 2789
content & structure of commitment concept, adults, 11113
demographics & personality traits & psychosocial factors, commitment & performance, 15–86 yr old volunteers in human service organizations, 3082
ethnic identity & self-esteem & self-clarity & relationship quality & commitment & expectations, 17–47 yr olds in mixed- vs same-ethnic relationships, 37060
exclusive dating relationship membership & commitment, devaluation vs enhancement of attractive suitor, college students, 11145
factor structure & discriminant validity of Goal Acceptance & Goal Commitment Scales, rehabilitation counselors (mean age 43.7 yrs), 13119
high school GPA & American College Test composite score & institutional & goal commitment & academic achievement, academically underprepared college students, 9496
individual differences & inner- & other-motivation & anonymity, escalation to commitment in decision making, college & graduate students, 30516
interdependence-based model of associations among commitment & pro-relationship behavior & trust in close relationships, couples, 37080
level & mutuality of commitment, couple well-being, married vs dating couples , 33881
level of commitment & judgments of normative acceptability, psychological vs physical vs sexual abuse attributions, 17–29 yr olds in premarital relationships, 8281
link between commitment & resistance to preference changes & loyalty development, 17–76 yr old service patrons, 32426
measurement & dimensions of organizational citizenship behavior & job satisfaction & commitment using Money Ethic Scale, mental health workers (mean age 36.52 yrs), 13121
motivated cognitive construal processes used to sustain conviction to less-than-perfect romantic partners & relationships, 23976
perceived changes & commitment & satisfaction & affect in love, romantic partners (mean age 20 yrs), 4 yr study, 11132
perceptions of marital quality & commitment & love, relationship maintenance behaviors, 21–83 yr old husbands vs wives, 27188
predictive validity of commitment model, 9–17 yr male cricketers, England, 4398
racial composition of teachers & students, job satisfaction & school & career commitment, Black vs White public school teachers, 22616
reliability & validity of Investment Model Scale as measure of relationship commitment & satisfaction & alternative quality & investment size & persistence, college students, 7818
role of commitment & misleading information in eyewitness memory, university students, 291
role recognition & experience level, attitudes toward clients & commitment to agency, volunteer alcohol counselors, 5931
self-monitoring styles, trust & commitment in romantic relationships, 18–25 yr old heterosexual dating couples, 17577
self-monitoring styles, trust & commitment in romantic relationships, 18–25 yr old heterosexual dating couples, erratum, 27300
social uncertainty & trust & commitment formation, college students, US vs Japan, 4740
therapeutic commitment & role security, treatment outcomes, therapists working with violent men, 38021
Triangle model & locus of control in prediction of commitment & self perception & self management & attribution of responsibility, Army personnel, 20894
trust & love & emotional intimacy & commitment & relationship attitudes, sexual risk taking, 18–68 yr old gay males in long-term relationships, implications for HIV prevention, 15439
types of dating relationship problems, casual vs involved college students, 7827
typical life path & sources of environmental commitment, environmentalists, US & Norway, 39041
willingness to seek help & professional commitment & advancement, social workers (mean age 37.6 yrs), 32130
Commitment [See Also Organizational Commitment]—Books
Exploring adolescent happiness: Commitment, purpose, and fulfillment, 983
Handbook of interpersonal commitment and relationship stability, 37082
Social identity: Context, commitment, content, 30470
Commitment [See Also Organizational Commitment]—Chapters
Attachment processes and commitment to romantic relationships, 37095
The bereavement experience: Continuing commitment after the loss of a loved one, 37183
Buffering the effects of betrayal: The role of apology, forgiveness, and commitment, 37086
Commitment and adversity: A reciprocal relation, 37094
Commitment and intergroup behavior, 30472
Commitment and sexual behaviors in adolescent dating relationships, 36865
Commitment and strategic responses to social context, 30388
Commitment and the context of social perception, 30477
Commitment and trust in close relationships: An interdependence analysis, 37097
Commitment in the early years of marriage, 36969
Communication processes in marital commitment: An integrative approach, 36966
The constraints of innovation: Commitment and stability among same-sex couples, 37031
The context and content of social identity threat, 30471
The development of commitment to marriage: A phenomenological approach, 36968
Dominant discourse in heterosexual relationships: Inhibitors or facilitators of interpersonal commitment and relationship stability?, 37090
Duty toward whom? Reconsidering attractions and barriers as determinants of commitment in a relationship, 37093
The dynamics of interpersonal commitment and the issue of salience, 37085
Examples of commitment in postdivorce relationships between ex-spouses, 36971
Group commitment and individual effort in experimental and organizational contexts, 30439
Group distinctiveness and intergroup discrimination, 30473
Interpersonal commitments: The interplay of social networks and individual identities, 37092
Jealousy and problems of commitment, 37099
Leaping beyond theory, 21725
Levels and styles of commitment in marriage: The case of Asian Indian immigrants, 35918
Marital commitment and family life transitions: A social exchange perspective on the construction and deconstruction of intimate relationships, 37098
Memory and the practices of commitment, 27113
Perceived partner commitment and attachment style: Clinical implications of a cognitive perspective, 37088
Personal, moral, and structural commitment to relationships: Experiences of choice and constraint, 37091
The relationship of exchange and commitment, 37096
Stability and commitment in friendships, 37089
Using what we know: Commitment and cognitions in marital therapy, 38176
What attachment styles and love styles add to the understanding of relationship commitment and stability, 37087
Commitment (Outpatient) [See Outpatient Commitment]
Commitment (Psychiatric) [See Also Outpatient Commitment]—Serials
clinical & diagnostic & social & psychiatric service characteristics, rates of compulsory care & admissions, 15 yr olds & older, Denmark vs Finland vs Norway vs Sweden, 1 yr follow-up, 18917
Danish Mental Health Legislation, evaluation of compulsorily committed or detained patients, hospitals & forensic councils & courts, Denmark, 16272
demographics & personal resources & dangerousness & degree of disability, prediction of initial legal status & commitment vs release decisions, psychiatric inpatients, 35816
description of patient characteristics & diagnostic categories & treatment & special needs before & during admission to psychiatric Special Hospital, 22–88 yr old detained females, 22290
inappropriate placement in acute psychiatric inpatient care, hospitalized patients, 32001
incidence of & risk factors related to absconding, Special Hospital absconders, 1985–1996, 22291
interactive processes & mediating factors, perception of coercion, 17–64 yr old patients admitted to psychiatric hospital voluntarily vs involuntarily under law, New Zealand, 19511
methodological problems in diagnostic profiles, committed psychiatric patients with schizophrenia, literature review, 34186
perceived coercion, patients admitted involuntarily vs voluntarily & detained in psychiatric hospital, 19022
reasons for review board's revocation of involuntary hospitalization certificates, case reports, 1987–1996, 22241
Supreme Court interpretation & opinion regarding due process & involuntary commitment for mental illness in O'Connor v. Donaldson case, 19521
trends in London vs St. Thomas vs North Bay vs other provincial psychiatric hospitals concerning involuntary patient certification, 1987–97, Canada, 28731
understanding of & satisfaction with mental health tribunal process, legally detained psychiatric hospital patients with psychopathic disorder &/or mental impairment, England, 38562
Commitment (Psychiatric) [See Also Outpatient Commitment]—Chapters
An examination of California's civil commitment laws and national future trends, 32531
Commonwealth of Independent States—Serials
evaluation of Baltic vs Norwegian programmes of block training in group psychotherapy, 2219
evaluation of Baltic vs Norwegian programmes of block training in group psychotherapy, commentary, 2217
socioeconomic factors & tobacco smoking patterns, male vs females aged less than 65 yrs, Estonia vs Latvia vs Lithuania, 20812
trends in psychological research in computer-mediated communication field, Russia, 20406
Commonwealth of Independent States—Chapters
The drug treatment system in Russia: Past and present, problems and prospects, 5951
Communes [See Also Kibbutz]—Serials
movement disintegration & extended membership & gender doctrine in communal religions, priorities, female former religious group members, 36923
structure of interpersonal power relations, members of communes, 4568
Communes [See Also Kibbutz]—Chapters
Solving social dilemmas is easy in a communal society: A computer simulation analysis, 30445
Communicable Diseases [See Infectious Disorders]
Communication [See Also Animal Communication, Augmentative Communication, Interpersonal Communication, Nonverbal Communication, Persuasive Communication, Scientific Communication, Verbal Communication]—Serials
agreement between patients & providers on importance of general principles & guidelines for breaking bad news to patients, breast cancer patients & oncologists & oncology nurses, 25392
bilingualism & health worker communication, health personnel, 22132
communication & attribution in mediation, 32555
communication & context of conflict in mediation, 32549
communication capacity & hearing-aid benefit & intrapersonal requisites & evaluation of afferent & central & efferent model of communication, 22–44 yr old patients with hearing impairment, 34699
communication factors contributing to vocational adaptation, hearing impaired workers, Philippines, 5451
communication of suicidal intent & previous suicide attempts, suicide victims with schizophrenia, 1592
communication strategies of community-based AIDS prevention service organizations for African American men who have sex with men, 25451
communications framework for evaluation of sales promotion strategies, managers, 6400
communicative power & linguistic approach to study of microdynamics of organizations, organization members, 20413
cultural & individual aspects of individualism & collectivism & communication, 4357

cultural factors in communication & importance of cultural understanding & competence in therapy, mental health professionals, 9366
cultural reactions & social reasoning & conversations about rape & negative consequences for victims, comment, 11676
development of communicative competence, children & adolescents with communication disorders, 8438
dialogue vs discourse interactions, vicarious learning of sentence parsing & syntax tree-diagram construction, college students, 36254
evaluation of communication variables for improvement in recruitment for community-based quit-smoking programs, 32046
evidence inconsistent with Super-ESP hypothesis & communication from mediums or supposed discarnate sources & telepathy & clairvoyance, 29671
evidence of role of communication in cardiovascular functions to support reconceptualization of physiology as physiology of inclusion, 4052
family meeting for facilitating dialogue, divorced families, 34886
formal & mental structures of semiotic processes, 7313
forms of communication, Japanese vs American 54–89 yr old couples, 1118
functional analysis of relationship between & antecedents & consequences of communicative & aggressive behaviors, 7-yr-old male with Down's syndrome & severe developmental disabilities, 24638
group development & communication & leadership, 7826
influence of escalators on perception of speed & social relations & communication, Hong Kong, 20690
interpreter's roles in palliative care & facilitating communication concerning end of life decision making, 25 yr old male from Ojibway & 74 yr old Cree speaking female & other adults, 24021
issues in augmentative & alternative communication in child & adolescent psychiatry, children & adolescents with spoken-language disorders, 8480
language intervention, children & adolescents with psychiatric & communication disorders, 8012
linguistic perspective of connected propositions & progression of ideas for communication coherence & significance of communication in organizational change at AT&T & Chrylser corporations, 35667
medical science study of human brain & communication biology & use of psalics, implications for conceptualization of mental health problems, 7011
message affect behavior in free-response format, Black vs White college students, 7817
motives for communication with instructors, college students, 22538
multiplex developmental disorders & role of communication in construction of self & language, children, 8437
nature of & threats to communication in learning organization, integration of organizational memory with email through user-centric meta-knowledge, 35665
organizational communication & structuration theory & standards for improved quality & performance in the US semiconductor industry, 6278
organizational interpretive frameworks & knowledge creation through communication & role of simulation/gaming in facilitating organizational reengineering for improving commensurability, 9636
perceptions of instructor verbal & nonverbal immediacy, undergraduate students enrolled in conventional vs distributed learning classrooms, 2943
performance on Communication Profile for Hearing Impaired, male vs female 65–93 yr olds with mild to moderate hearing loss, 31362
physician communication of prescription drug information to patients, physicians (mean age 42 yrs), 38417
prevailing paradigms & challenges in contemporary cultural & communication research, commentary, 7777
psycho-discursive practices & strategies involved in negotiating & constructing hegemonic masculinity, 20–64 yr old males, 33822
representational–computational vs hermeutic–dialogical approaches to human cognition & communication, 6445
resources used in understanding & actions accomplished through reports of government policies, communication planners, 36994
risk communication practices, psychiatrists & psychologists, 38656
role of communication & information & knowledge in use of contraception, 16–24 yr old females, 38465
role of deconstruction for psychologists, 36638
sex & ethnicity & traditional question & response activity vs partnership building in family-oriented physician communications, 2nd & 3rd yr residents & patients, 28613
socialization processes & communication, alternative high school students in at-risk re-entry program & teachers, 22541
state communication anxiety & cognitive interference, message production skill acquisition, undergraduate students, 274
temporal characteristics of speech produced during simultaneous communication, inexperienced adult female student signers, 17163
use of & attitudes toward email as work tool for communication, organizational employees, 9693
validity of ganzfeld extrasensory experiments for support of existence of psi & communication anomalies, 23172
validity of group task circumplex, dimensions of task typologies & degree of task requirement for member interdependence & consensus-building communication, college students, 17587

Counseling in the rehabilitation process: Community services for mental and physical disabilities (2nd ed.), 28749
Where children live: Solutions for serving young children and their families, 37650

Community Services [See Also Community Mental Health Services, Community Welfare Services, Crisis Intervention Services, Home Visiting Programs, Public Health Services]—Chapters
Adolescent girls' experiences in school and community settings, 20636
Application of the community reinforcement approach, 35340
Communities supporting the mental health of young children and their families, 36722
Community efforts to counter the environmental risks children face, 37245
Community responses, 15659
A community-based approach to preventing child maltreatment, 37530
Community-level diabetes control in a Texas barrio: A case study, 9085
Covering all bases: Engaging and treating individuals with alcohol problems, 15666
Ethical challenges in evaluation with communities: A manager's perspective, 31969
Financing early intervention services: Perspectives and practicalities from the community level, 37657
Focus chapter: **Research methods in community-based treatment and prevention, 12467**
Integrating service delivery systems for persons with a severe mental illness, 18944
International perspectives in community-based services, 38914
"It takes a village. . . ," and new roads to get there, 28713
The meaning of community, 37662
Monitoring therapist and patient behavior during behavioral interventions for illicit-drug use: Process research perspectives, 18582
A national coalition of communities, 37654
Participatory realism: Defining the role of nonevaluator stakeholders in evaluation, 37659
Potential contributions of the community reinforcement approach and contingency management to broadening the base of substance abuse treatment, 22275
Prevention in the community, 15662
Service integration at the community level within early intervention systems, 37651
State-level supports for community-based services, 37246
Strategies for health education: Community-based methods, 2547
Supporting families where children live: Community principles in action, 37669
Supporting families with young children in the community: A parent's perspective, 37244
Welcome home boyz: Building communities through cultural capital, 22205

Community Welfare Services—Serials
attitudinal predictors of support for Aid to Families with Dependent Children vs work programs & governmental role in protecting poor children, adults vs college students, 4751
development & implementation of internal domestic violence program for families with partner & child abuse in public child welfare setting, 22199
marketing approach to welfare service agency planning for community crisis, agency personnel, Israel, 9148
perceptions of stigma & user involvement, service users & providers from child & welfare organizations, Netherlands & Spain & Wales, 28706
rapid assessment instruments vs Substance Abuse Subtle Screening Inventory, substance abuse screening, public welfare & Child Protective Service clients, 21337
service representation patterns across public youth service sectors, Black vs White vs Asian/Pacific Islander vs Latino 0–18 yr olds, 25447
social support, welfare reform & job training program outcomes, welfare recipients , 9169
welfare benefits, prevalence of resource deprivation & crime rates, US metropolitan counties, 1990, 5128

Commuting (Travel)—Serials
college residence vs commuting, critical thinking skill development, college dorm residents vs commuters, 9519
commute factors, BP & mood & frustration tolerance, 17–50 yr old college students, 3204
critical examination of biopsychosocial paradigm of travelling psychosis, migrant workers, Peoples Republic of China, 1602

Comorbidity—Serials
1 vs 2 vs 3 vs 4 factor model & confirmatory factor analysis & evaluation of dimensional accounts of comorbidity, 15–54 yr olds with common mental disorders, commentary, 37294
1 vs 2 vs 3 vs 4 factor model & confirmatory factor analysis & evaluation of dimensional accounts of comorbidity, 15–54 yr olds with common mental disorders, 37273
addiction & psychiatric treatment rates during 6-mo period before hospital admission, 18–55 yr old inpatients with vs without comorbid PTSD in substance abuse treatment, 21644
affective disorders & ischemia related cortical atrophy & supratentorial ventricular dilatation, 65–92 yr olds with cerebrovascular insufficiency, 8649
age & sex, symptomatology & comorbidity of generalized anxiety disorder, clinically referred 7–18 yr olds, 21180
age, comorbidity differences in ADHD subtypes & oppositional behavior & conduct & affective disorders, male vs female 3–18 yr olds, 24594
aggregation for depressive & anxiety & disruptive disorders & other psychopathology, 6–17 yr old sibling pair offspring of opiate addicts with vs without comorbid psychopathology, 30905
aging, personality, 20-74 yr old psychiatric patients with personality disorder & comorbid substance abuse, 27481
antidepressant mirtazapine, patients with comorbid depression & anxiety, 31681
antipsychotic medication effectiveness, people with a dual diagnosis of intellectual disability & schizophrenia, literature review, 18676
anxiety, primary care treatment outcomes, depressed patients, 27549
anxious depression & differential diagnosis & treatment of coexisting depression & anxiety, 8067
assessment & treatment, deaf 10–18 yr olds with psychiatric disorders, 15496
associated movement disorders & antiviral therapy & prognosis, children with herpes simplex virus encephalitis, 1934
association between long-term medical conditions & major depression & health care service use & disability, 12 yr olds & older, 14410
attentional performance, Covert Orienting of Visuospatial Attention Task & Continuous Performance Task, children with ADHD with vs without comorbid disorders, 14841
autism-like syndromes, congenitally blind 3.8–8.9 yr olds , 15059
axis I & axis II psychiatric comorbidity, adult male heroin using prisoners vs psychiatric hospital patients, 30873
baseline differences in substance use & psychiatric functioning variables, 21–69 yr old male vs female alcoholics with vs without social phobia, 27883
basic research into prevalence & natural course & comorbidity of childhood depressive disorders & proposed hybrid 'cognitive-behavioral therapy within interpersonal context' treatment model, 17883
cancer site & age & comorbidity conditions, self reporting of symptoms & physical & mental health, 65+ yr old female cancer patients, 31161
characteristics & treatment & comorbidity & prognostic indicators of obsessive compulsive disorder, body dysmorphic disorder, hypochondriasis & trichotillomania, 37411
characteristics & treatment of depression, patients with Parkinson's disease, 37822
childbearing & menstrual cycle & menopause & bipolar mood disorder in females & comorbidity of bipolar mood disorder with thyroid disorder or migraine headaches in males vs females, 1508
childhood psychiatric disorders, prevalence & timing of substance use & abuse, 9–13 yr old boys vs girls, 30564
clinical & neuroradiologic features & medical comorbidity & cerebrovascular disorders & other risk factors associated with chronicity, 57–75 yr old outpatients with late-life depression, 37319
clinical aspects of obsessive-compulsive symptoms & neurocognitive deficits, patients with schizophrenia, 37352
clinical correlates or major depression in Cushing's syndrome, patients with pituitary-dependent Cushing's disease, 8015
clinical features & symptoms, young adult females with vs without obsessive-compulsive disorder & restricting anorexia nervosa &/vs bulimia nervosa , 37713
clinical trial of placebo-controlled pharmacologic augmentation treatment, fluoxetine-resistant bulimia nervosa symptoms, 34 yr old with co-occurring alcohol dependence, 38227
clinical utility of DSM-IV pain disorder, 18–65 yr old chronic pain patients with vs without depression vs hypochondriasis vs other comorbid psychiatric disorder, 37214

clomipramine, serotonin syndrome, 60-yr-old female with hypertension & diabetes mellitus & depression & anxiety, 21946
co-morbid depression, drinking outcome, alcohol-dependent patients (mean age 41.1yrs), 5 mo follow-up, 1766
co-occurrence of attention deficit disorder & 1 or more learning disabilities, 34437
co-occurrence of impulse control disorders & relation to age at onset of alcohol dependence & detoxifications & antisocial personality, 22–66 yr old alcohol dependent inpatients, 21321
co-occurrence of persistent substance use with ADHD or persistent delinquency or internalizing problems or other problem behaviors, 7–18 yr old boys, 30894
coexisting anxiety disorder, persistence of depressive illness, 18–64 yr old primary care patients, 12-mo prospective study, 27593
cognitive impairment & functional status & comorbid conditions & 1-yr survival, 65 yr old & older nursing home patients, 2048
cognitive-behavioral oriented treatment outcome of somatoform disorders, 19–64 yr old inpatients with comorbid personality disorders & major depressive &/or anxiety disorders, 21688
cognitive-behavioral therapy for panic, depression symptoms & effectiveness of subsequent cognitive-behavioral therapy for depression, patients with panic &/vs depression, 21774
comorbid alcohol & psychiatric disorder, mental health & substance abuse service utilization, 18–54 yr olds, 31910
comorbid Charles Bonnet syndrome & Parkinson's disease, 73 & 78 yr old male patients with visual hallucinosis, 8486
comorbid Diogenes syndrome & compulsive disorder, 48-yr-old female, 11324
comorbid epilepsy & viral infections, autistic subjects, 1960–1989, 11682
comorbid mood disorders, treatment response, female inpatients with borderline personality disorder, 1666
comorbid oppositional defiant disorder or conduct disorder, 3–17 yr olds with inattentive vs hyperactive-impulsive vs combined type ADHD, 5026
comorbid physical & psychiatric illness, length of hospital stay, adult psychiatric inpatients with depression & other diagnoses, 5 yr study, 11300
comorbid tic disorders, disorder course & outcome, 6–17 yr old males with ADHD, 4-yr follow-up, 34441
comorbidity & detection & prevention & treatment & model of risk, females with Type 1 diabetes mellitus, 24691
comorbidity & distinctness of PTSD & disorders of extreme stress not otherwise specified, 28–67 yr old military veterans assessed after exposure to war-zone military trauma, 11463
comorbidity & familial aggregation of alcoholism & anxiety disorders, relatives of probands with alcoholism &/or anxiety disorder, 4849
comorbidity & shared neurobiology & impact on pharmacotherapy, patients with stimulant dependence & depression, 8002
comorbidity between lifetime social phobia & mood disorders, 15–54 yr olds, 24141
comorbidity between panic disorder with or without agoraphobia vs social phobic vs obsessive-compulsive vs mood disorders, bipolar condition, psychiatric outpatients, 11334
comorbidity between prolonged fatigue & other forms of psychological distress, patients, 34064
comorbidity in depressive disorders in primary care, 21118
comorbidity of anxiety & depression & prevalence of subclinical PTSD & utility of PTSD Checklist-Civilian Version as PTSD screening instrument, 22–54 yr old mothers of childhood cancer survivors, 8189
comorbidity of autism/pervasive developmental disorders & tuberous sclerosis & relation to infantile seizures & mental retardation & gene mutations, 1415
comorbidity of bipolar disorder & substance abuse, prevalence & course & diagnosis & treatment, 37238
comorbidity of borderline personality disorder with obesity & treatment approaches, 17778
comorbidity of criminal & addictive behaviors, development of HIV risk related behaviors,18–35 yr old female inmates addicted to drugs, 30921
comorbidity of DSM-III-R personality disorders, 21–66 yr olds with early- vs late-onset major depression, Japan, 17832
comorbidity of familial hemiplegic migraine with cerebellar ataxia & acute paranoid psychosis & linkage to chromosome 19, 12 & 42 & 46 & 84 yr old family members, 21003
comorbidity of harmful effects of alcohol consumption & simulated gambling activity, male electronic gaming machine players, 24526
comorbidity of personality disorders, patients with primary dysthymia vs episodic major depression, 30664
comorbidity of psychiatric & communication disorders in children, 7996
comorbidity of Tourette's syndrome & obsessive compulsive & attention deficit hyperactivity disorders, 24103
comorbidity with depressive or anxiety or personality disorders, outpatients with somatoform disorder, 28021
comorbidity, functional ability & symptom severity & alcohol use & suicidality & health service use, persons with social anxiety disorder , 1642
conduct disorder & comorbidity of ADHD & oppositional defiant disorder & internalizing disorders, children & adolescents, 11565
costs of diagnosis & treatment vs nontreatment of primary or comorbid depression in primary health care setting, 8731
current substance use disorders, co-occurring mood or disruptive or antisocial personality disorder or other psychiatric disorders, 14–17 yr olds, 24139
decisional balance of pros & cons of continuing vs quitting substance use, 28–59 yr old outpatients with comorbid schizophrenia & substance use disorders, implications for treatment planning, 30701
definitions & childhood & family history & epidemiology & comorbidity & health care seeking & stress & life events & course, irritable bowel syndrome in adults & recurrent abdominal pain in children , 28009
deleterious issues in prescription of benzodiazepines, patients with comorbid anxiety & addictive disorders, commentary, 25156
delusional symptomatology, inpatients with bipolar or unipolar depression, 27605
delusions & lack of insight & psychotic symptoms in obsessive compulsive disorder & obsessions & compulsions in schizophrenia, 37262
demographic & clinical & treatment characteristics, patients with severe & persistent mental illness & opiate addiction in dual diagnosis outpatient treatment, 1396
demographic characteristics & comorbidity & family history & treatment & hoarding characteristics, 24–57 yr old patients with obsessive-compulsive disorder, 37416
demographic factors & hospitalization & Alzheimer's disease status & medical comorbidity, 65–85+ yr olds in community aging project, 1996–97, 21526
demographics & clinical characteristics & psychiatric comorbidity, 18–53 yr olds with self-injurious repetitive skin picking, 30861
depression & cognitive decline & comorbidity & prediction of mortality, 65 & 75 & 80 & 85 yr old birth cohorts, 5 yr prospective study, 8023
depression with anger attacks, 8050
depressive symptoms & impact on physical disability & health care utilization, 15–86 yr olds with arthritis, 5247
depressive symptoms, 12–25 yr olds with intellectual disability vs normal IQ & with vs without comorbid dysthymic disorder, 18164
development of dementia with vs without depression, activities of daily living & cognitive ability, 65–100 yr olds, 3 yr longitudinal study, 8669
developmental progression of comorbid oppositional defiant disorder, 6–10 yr olds with ADHD, 4 yr study, 37621
developmental psychopathology framework & biopsychosocial model of disease approach to primary care treatment of patients with psychiatric & pediatric comorbidity, 35192
diagnosis & comorbidity & level of impairment & implications for treatment of social phobia, 21184
diagnosis & treatment of multiple anxiety comorbidity in unstable bipolar syndromes, 37330
diagnostic comorbidity & clinical correlates of PTSD, 11.1–18.3 yr old psychiatric inpatients, 19017
diagnostic validity & reliability of DSM-IV & relation to description & classification of psychopathology & diagnosis of comorbid disorders, 14460
drug treatment of comorbid major depression & anxiety disorder, 21863
DSM-III-R comobidity, patients with benzodiazepine dependence, 12033
DSM-IV diagnosis of ADHD & response to methadone maintenance treatment, patients with comorbid diagnosis, 30942
eating disorder subtype & comorbid psychiatric disorders & individual psychopathology & perception of family functioning, male vs female adolescents referred to eating disorder program, 21409
epidemiological findings on cardiovascular factors in Alzheimer's disease dementia, 5409
epidemiology & clinical features & comorbidity & clinical management, elderly patients with mania , 37337
epidemiology & course of & comorbid conditions associated with obsessive-compulsive disorder, children & adolescents, 34234
epidemiology & psychiatric comorbidity & assessment & prevention & treatment of substance use & disorders in adolescents, 27857
epidemiology of addictions & psychiatric comorbidity & sex differences & diagnostic challenges & criteria & clinical management, 27470
epidemiology of comorbidity between depression & anxiety disorders & somatic diseases, 30571
epidemiology of self-assessed comorbidity & mental & physical disability & development of methods for calculations of disease burden, 4836
factors affecting & levels of & costs associated with legal system involvement, adults with comorbid mental illness & substance use disorders, 20982
factors in treating comorbid alcohol use disorders & depression, 24919
familial & child characteristics, spouse-abusive vs spouse- & child-abusive vs nonviolent families, 21265
familial patterns & comorbidity in dysthymia & relation to major depression, 1553
fluoxetine, motoric outbursts & aggressiveness, 9.5 yr old male with Asperger's syndrome & comorbid attention deficit hyperactivity & obsessive compulsive & anxiety disorders, 3 yr study, 12242
fluvoxamine treatment, patients with major depression with comorbid anxiety disorder (mean age 39.4 yrs), 38312
frequency & comorbidity & psychosocial impairment of social phobia & social fears, 12–17 yr olds, 30774
frequency & onset & comorbidity of current & lifetime DSM-III-R disorders & relation between trauma exposure & development of complicated vs uncomplicated PTSD, male former prisoners of war, 7993
frequency of mood disorders, 16–65 yr olds with traumatic brain injury, 6 & 12 mo followup, 34610
frequency of panic attacks & panic disorder, male outpatients (mean age 47 yrs) with chronic schizophrenia or schizoaffective disorder, 27687
frequency of personality disorders, male vs female depressed outpatients, 17859
functional MRI-assessed task-specific imaging, female 36 yr old with muscular dystrophy & intractable epilepsy & bilateral temporo-occipital lissencephaly, 21606
gender & age & comorbidity & clinic size, equality in emergency room treatment of chest pain, 10–90 yr olds, 2645
genetic association between atopy & behavioral symptoms, 4–11 yr old monozygotic & dizygotic twin pairs, 1487
genetic predisposition to criminal & violent behavior & recidivism & comorbidity of mental disorder & crime, 8022
haloperidol, 5 yr old female with selective mutism & Tourette's disorder, 12230
hospital readmission rates, neuroleptic compliant schizophrenics with vs without comorbid alcohol or drug dependence, 2 yr study, 30710
impact of comorbid affective & alcohol use disorders, suicidal ideation & attempts, 23–78 yr old veterans with unipolar depression vs bipolar I disorder with vs without alcohol use disorder, 22691
increases in cost of health services, patients with substance abuse & psychiatric disorders, 6 yr study, 38485
individual cognitive-behavioral substance dependence PTSD therapy, dual diagnosis patients, 38621
information processing task, 9–13 yr old males with learning disabilities &/vs ADHD, 14823
inpatient & outpatient health care utilization, elderly patients with dementia vs depression vs coexisting dementia & depression, 2 yr study, 17765
interaction of PTSD & depression, combat war veterans (mean age 68.1 yrs), 37268
issues in cognitive behavior therapy for treatment of irritable bowel syndrome & panic disorder, 29-yr-old female patient, 15184
level of collaboration between agencies providing community services to homeless persons with comorbid psychiatric & substance use disorders, 9149
lifetime & 12-mo prevalence & symptoms & age of onset & comorbidity patterns of DSM-IV panic attacks & disorder, community sample of 14–24 yr olds, 8197
lifetime rates of occurrence of comorbid DSM-III-R axis I disorders, inpatients with criteria-defined borderline personality disorder vs other personality disorders, 8243
major mental illness & problematic substance use, implications for treatment & management of comorbidity, 1414
medication treatment & impact of comorbid externalizing disorder & substance abuse on further episodes & outcomes, 15–20 vs 30+ yr olds with 1st admission psychotic mania, 4 yr follow-up, 38219
methods of changing substance use patterns, 28–59 yr olds with schizophrenia & comorbid substance abuse, 38614
mirtazapine, 33–65 yr olds with comorbid generalized anxiety disorder & depression, 31648
myocardial infarction, 1-yr cardiac mortality risk, male vs female adult patients with vs without depression , 11285
nefazodone therapy, 31–75 yr old patients with treatment-resistant major depression & high psychiatric comorbidity, 25218

negativism & ratings of symptoms of depression & anxiety & comorbid dimensions, 12–16 yr old male vs female inpatients, 21035
neuropsychological assessment of short-term verbal memory & other cognitive functioning, patients with dementia syndrome of depression vs Alzheimer's dementia & concurrent major depression, 3 yr study, 31285
neuropsychological profile after treatment with methylphenidate, adult patients with ADHD with or without comorbid depression, 15333
nosology & epidemiology of addictive disorders & common comorbidity, 27842
occurrence of comorbid diabetes mellitus, 20–74 yr olds hospitalized for bipolar disorder, 34097
occurrence of depression during longitudinal course of schizophrenia, patients with schizophrenia vs schizoaffective & major depressive disorders (mean age 23 yrs), 4.5 & 7.5 yr followup, 14578
outcome evaluation package and outcome report of integrated day-hospital program, patients (mean age 38.8 yrs) with substance use disorder & comorbidity, 3- & 6- & 12-mo followups, 22258
paired associate learning deficits, 7–13.5 yr olds with ADHD with or without oppositional defiant disorder, 27464
parent- & teacher-reported internalizing & externalizing symptoms, male 6–12 yr olds with ADHD with vs without comorbid chronic tic disorder, 27485
patient characteristics & clinical outcomes in integrated medical & psychiatric inpatient program, patients with comorbid medical & psychiatric illness, 28730
patterns of comorbidity in child- vs adolescent- vs adult-onset, 18–65 yr olds with major depressive disorder, 27573
periodic limb movement disorder & restless legs syndrome, 2–15 yr olds with ADHD, 8439
personality disorder comorbidity, bipolar II affective disordered patients with vs without personality disorders, 17838
personality pathology & concurrent depressive disorder symptomatology, adolescent females, 3 yr study, 17960
personality traits & coping & negative consequences in affect regulation model of comorbid substance use, patients with schizophrenia or schizoaffective disorder (mean age 42 yrs), 11401
pharmacologic & nonpharmacologic treatment of psychosis in dementia, 21601
pharmacologic & nonpharmacologic treatments for management of body dysmorphic disorder with coexisting social anxiety, 21653
phenomenology & bipolar-disorder comorbidity & mood-stabilizer treatment response, patients with DSM-IV intermittent explosive disorder, 27541
physical diagnostic overlap with psychopathology, 18–65 yr old patients with acute & chronic temporomandibular disorder, 11293
polydactyly associated with functional psychosis, adults with familial schizophrenia or psychosis, comment, 24281
prenatal & perinatal characteristics & family history of epilepsy & other risk factors, 2–15 yr olds with cerebral palsy with vs without mental retardation & epilepsy & their mothers, 17751
presence of headache, psychiatric outpatients with panic disorder, 34217
prevalence & causes & effects of diagnostic comorbidity among child & adolescent psychiatric disorders, implications for understanding developmental psychopathology & nosology, 11313
prevalence & comorbidity & outcome of developmental coordination disorder, 7 yr olds, 3 yr study, 27929
prevalence & comorbidity & psychosocial impairment of somatoform disorders, 12–17 yr olds, 24694
prevalence & comorbidity of anxiety, 48–99 yr olds with AD, 34681
prevalence & etiology of comorbid depression, patients with chronic epilepsy (aged 18–50 yrs), 34689
prevalence & nature of psychiatric morbidity, males with hypertension (aged 20–65 yrs), 24763
prevalence & risk factors & comorbidity & correlates of social fears & social phobia, community dwelling 13–24 yr olds, 17956
prevalence of & risk factors for lifetime attempted suicide, National Comorbidity Survey respondents aged 15–54 yrs, 27788
prevalence of ADHD & comorbid disruptive behavior disorders & other impairments, 12–14 yr olds, 24600
prevalence of anxiety disorder & psychosis, adult admissions to psychiatric facility, 1465
prevalence of comorbid personality disorders & prognostic significance for outcome, recovered vs nonrecovered schizophrenia patients (mean age 37.1 yrs), 24298
prevalence of comorbid substance use disorders, patients referred for treatment of personality disorders, 21224
prevalence of detected cases & psychiatric comorbidity, male vs female hospitalized military veterans with eating disorders, 18192
prevalence of DSM-IV axis I and II psychiatric disorder comorbidity, male pedophilic sex offenders (mean age 37 yrs), implications for recidivism, 21374
prevalence of Gilles de la Tourette syndrome in children & adolescents aged 4 yrs 2 mos to 19 yrs 8 mos with autism, 37622
prevalence of major depression & comorbid anxiety & medical disorders & impairment & mental health care utilization, 18–80 yr old primary care patients, 35184
prevalence of mood disorder, children & adolescents who commit or attempt or consider suicide, 14664
prevalence of motor & vocal tics in Gilles de la Tourette's syndrome, 10–18 yr olds with autism, 14810
prevalence of obsessive-compulsive disorder & symptoms & patient prognosis, patients with schizophrenia, 37353
prevalence of personality disorders, 18–45+ yr olds in treatment for drug addiction, 34367
prevalence of primary & secondary PTSD & comorbid symptoms, professional firefighters, 8209
prevalence of psychiatric comorbidity, methadone maintained patients, 9244
prevalence of psychiatric disorders, mentally retarded Ss working in a vocational program, 9272
prevalence of psychosis & cognitive functioning & depression & severity of disorder, patients with Parkinsons disease, 24771
primary care service use & treatment & outcomes & psychiatric comorbidity, panic disorder patients (mean age 42.3 yrs), 30786
probability & frequency of hospital admissions & length of hospital stay, patients with physical disorders with vs without comorbid psychiatric disorders, 19024
prognosis & outcome, 20–44 yr old females with anorexia or bulimia nervosa with vs without concomitant obsessive compulsive disorder, 30 mo followup, Germany, commentary reply, 24669
prognosis & outcome, 20–44 yr old females with anorexia or bulimia nervosa with vs without concomitant obsessive compulsive disorder, 30 mo followup, Germany, commentary, 24649
prospective analysis of comorbid relationship between anxiety disorders & alcohol use disorders, college students, 7 yr study , 20990
psychiatric comorbidity & psychological variables as predictors of functional impairment, patients with fibromyalgia syndrome, 11784
psychiatric comorbidity & psychosocial functioning, 12–17 yr old substance-abusing juvenile offenders, 16-mo followup, 34412
psychiatric comorbidity with substance misuse in children & adolescents & implications for early identification & treatment, UK, 27894
psychiatric comorbidity, hospitalized male veterans with anorexia nervosa or bulimia or eating disorders not otherwise specified, 18191
psychiatric comorbidity, patients with migraines with vs without history of chronic substance use, 34561
psychiatric illness, length of stay & patterns of admission, AIDS patients hospitalized for medical illnesses, 5854
psychodynamics & assessment & psychopathology of abnormal bereavement, learning disabled 21 yr old male with Asperger's syndrome, 24367
psychosis, outpatients with major depressive disorder with vs without concurrent PTSD, 21120
psychosocial factors & assessment, 8–12 yr olds with hyperkinetic & conduct behavior, 14692
quetiapine, dopamimetic psychosis, 69- & 80- & 85-yr olds with Parkinson's disease, 35000
regional cerebral blood flow & comorbid diagnosis of major depression, 24–33 yr old opiate addicts, 5076
relationship betweensubstance abuse & patient characteristics associated with autonomy to mood disorders, 24–56 yr old cocaine using methadone patients, 17776
residential treatment course & risk factors for treatment completion, 15–44 yr old pregnant females with substance use with vs without comorbid mental disorders, 19053
residual depressive symptoms & relationship to Axis I & II comorbidity, outpatients with major depressive disorder in acute remission following treatment with fluoxetine, 8 wk study, 18720
risk of developing comorbid eating disorders & multidisciplinary intervention, 15–24 yr old females with spina bifida, 18423
role in caring for patients with coexisting developmental disability & psychiatric disorder, nurses, 5824
role of clozapine in aleviating dysfunction in dopaminergic mediated mesocorticolimbic reward system, patients with comorbid schizophrenia & substance use disorder, 15297
routine intake clinical evaluation vs semistructured diagnostic interview, detection of diagnostic comorbidity, adult psychiatric outpatients, 19636
service use, adults with alcohol dependence vs depression or diabetes with vs without comorbid alcoholism, 12405
severity of substance abuse & social functioning & legal problems & violent victimization & medical problems & depression & anxiety, male vs females with schizophrenia or schizoaffective disorder, 7989
sex differences in epidemiology & disease course & adverse medical consequences & psychiatric comorbidity of marijuana use & abuse & dependence, 14736
sex, psychiatric comorbidity, cocaine using opiate addicts in methadone maintenance program, 9241
sex, psychoactive substance dependency & other characteristics, 17–77 yr old suicide victims, 14463
similarities & differences in neuropsychiatric correlates, children with Tourette's syndrome &/or ADHD, 1417
situational triggers of substance use, substance abuse patients with vs without PTSD symptoms in relapse-prevention treatment program, 21343
sleep problems & subtype & comorbidity & efficacy of stimulant medication, 6–12 yr olds with ADHD, 37624
social anxiety disorder & differential diagnosis & comorbidity & DSM-IV criteria, 21185
social network & family relations, depression, 16 & 17 yr olds with & without conduct disorder, 14494
sociodemographic factors & medical comorbidities, self ratings of physical & mental health & symptoms & quality of life, patients with schizophrenia, 30706
stage of "readiness" to change & acceptance of problem, outpatients with schizophrenia & substance abuse, 17748
substance abuse treatment, male substance abuse patients with or without posttraumatic stress disorder, 9249
substance dependence & eating disorder sequence & comorbidity, young adult female inpatients & outpatients with anorexia nervosa binge–purge type vs bulimia nervosa vs other eating disorders, 37242
subtyping patients by depressive symptomatology, patients (mean age 35.1 yrs) with obsessive-compulsive disorder, 11342
suicidal behavior, patients with comorbid mood & substance use disorders, 11303
symptomatology & comorbidity & persistence & predictors of outcome, 4–5.5 yr old males with oppositional defiant disorder, 2 yr study, 27822
symptoms & co-occurrence & predictors & correlates of posttraumatic stress disorder vs major depressive disorder, married physically abused women, 37221
symptoms & comorbid personality disorders & other clinical characteristics, 18–33 yr old females with anorexia nervosa with vs without obsessive-compulsive disorder, 17768
symptoms & mislabeling or comorbid diagnoses, obstructive sleep apnea & ADHD, male 20–50 yr olds with prior ADHD diagnoses, 34028
symptoms of obsessive-compulsive disorder & comorbidity with schizophrenia & selective serotonin reuptake inhibitor treatment, commentary, 37363
theory of social influence as framework for examining psychosocial processes underlying substance abuse, persons with severe mental illness, 1413
treatment history & cost, adults with comorbid substance-related disorder & dysthymia vs substance-related disorder alone, 2699
treatment issues, 53 yr old female with comorbid alcohol-dependency & substance abuse-dependent & -independent depression, 31427
treatment of comorbid anxiety & depression in primary care, 21650
treatment of patients with comorbid anxiety disorders, 37968
treatment of psychotic aspects in parkinsonism & Parkinson's disease, 21565
urinary symptoms & comorbidity, quality of life, male 45–75 yr olds, 37768
validity of electronic hospital-discharge data, evaluation of associations between depressive disorders & various medical conditions, patients discharged from psychiatric units, 13157
validity of Semi-Structured Assessment for the Genetics of Alcoholism, measurement of physical & psychosocial & psychiatric manifestations of alcohol abuse & comorbid disorders, 18–62 yr olds, 35942
verbal memory dysfunction, 18–50 yr old outpatients with major depressive disorder &/vs borderline personality disorder, 27533

monitoring of patient seclusion & restraint practices in psychiatric facilities, compliance with legal & clinical standards, patients, implications for mental health performance improvement processes, 5822
perceptions of group cohesiveness, exercise adherence program & social interaction under minimum supervision, adults in private fitness centers, 37101
positive reinforcement training, voluntary movement into indoor portions of enclosures, captive chimpanzees, 6960
power bases, compliance & identification & internalization & liking & need for surveillance, 18–21 yr olds, 30404
production costs of road safety TV commercials, self-reported future intentions to comply with advocated road safety behavior, adolescents & adults, 16239
professional privilege & management of noncompliant patients with epilepsy who ignored medical advice not to drive & legal charges, professionals trained in law & medicine, 8607
sequential relationship between child's aversive behavior vs compliance episodes & mothering reactions via predictability hypothesis, abusive vs nonabusive mothers & their 4–13 yr olds, 17981
strategies to enhance compliance of a smoking cessation guideline in staff model clinics, clinical personnel, 38611
time delay & requester, compliance rates in foot-in-the-door technique, college students, 11107
trait reactance & propensity for counterproductive job behavior & age & sex & job satisfaction, compliance with & complaints about supervisory requests, 18–52 yr old part-time employees, 38994
two-stage model of comprehension for high vs low cognitive load & yea-saying acquiescence in self descriptive assessments, undergraduates, implications for self-report measurements, 27377
use & single-case design elements of brief experimental analysis, identification of effective school-based behavioral intervention, 3–4 yr olds with noncompliant behavior, 25734
use of red light cameras to enforce against noncompliance with traffic signals, driver compliance & public opinion about program, drivers & community residents, 16247
willingness to comply with request to participate without pay in marketing survey after considering own vs peers' history of compliance, college students from collectivist vs individualist countries, 33917

Compliance [See Also Treatment Compliance]—Books

The very lonely bathtub, 36837

Compliance [See Also Treatment Compliance]—Chapters

A radical point of view on dissonance theory, 13321

Comprehension [See Also Number Comprehension, Verbal Comprehension]—Serials

age appropriate intervention, conceptual understanding of biological inheritance in cows & horses, 3 & 4 vs 7 & 8 yr olds, 30197
alphanumeric vs iconic formats of the Flight Mode Annunciator, recall & comprehension of flight modes, male 21–33 yr olds, 296
analysis & cognitive function of standard case of misunderstanding in language use & dialogic action games, 23636
analysis of linguistic misunderstanding process based on examples of conversational interaction in Italian, 23618
assessment of knowledge & comprehension levels of science achievement using concept maps, 7th grade students, 1 yr study, 9489
brain activation during language comprehension task, male vs female adults, 16911
child's understanding of mind & parental emotional expression & disciplinary style, male vs female preschoolers (mean age 43 mo), 26983
competence & performance in false belief understanding, autistic 7–18 yr olds vs normally developing 3 yr olds, 17286
complexity of listening & understanding & interpreting during psychoanalysis, 31593
comprehension & interpretation of haiku, college students, 33521
comprehension & memory of different types of rap music, 7–9 vs 10–12 yr olds, 4430
comprehension & mental representation when designing small software programs using procedural C vs object-oriented C++ programming languages, novice programmer college students, 29612
comprehension & use of metaphor, hearing impaired 10–15 yr olds who performed within normal age limits, 2119
comprehension of & levels of abstraction in software programming & debugging work strategies & behaviors, software maintenance engineers with differing levels of expertise, 29606
comprehension of concept of unconsciousness, 5 vs 6 vs 7 vs 8 vs 10 yr olds vs adults, 17251
comprehension of desire for & knowledge constraints on intended action, 3 vs 4 vs 5 yr olds, 20502
comprehension of high vs moderate vs low familiarity idioms, Black vs White European 5th graders, 20518
comprehension of moral lessons in television situation comedies & prosocial development & behavior, 1st & 3rd & 5th graders, 30240
comprehension of seeing as mental state of attention based on gaze-following abilities, juvenile chimpanzees vs 3 yr old humans, 16769
comprehension of self presentational display rules & association with second order mental representation, 4–6 yr olds, 17234
conceptions of descriptive &/vs causal understanding in history &/vs science, 10 yr old students, implications for teacher planning, 22515
cooperative work in side-by-side vs shared screen visual information vs speech -only dialogues, comprehension efficiency, novice-expert pairs, 39032
delayed nonmatching to sample for testing developmental comprehension of stimulus-reward relationship, 9–12 mo olds, 36742
delayed or uneven understanding of others' minds & emotions & executive dysfunctions, "hard-to-manage" 3.6–4.6 yr old preschoolers, 1702
development of teaching package for body awareness & understanding & skills for communicating illness symptoms to health care providers, 31–46 yr olds with learning disabilities or mental retardation, 18910
developmental conceptual understanding of causes of cancer vs AIDS vs colds, elementary school age children, 7386
developmental factors & concepts of finality & inevitability & universality of death, 5–12 yr old Israeli kibbutz children , 10783
display vs demonstration vs pointing gesture types & understanding of attention-directed events, 16454
effect of test anxiety & prior knowledge on reading comprehension & comprehension monitoring, college students, 19304
emotional processing & understanding & coping behavior after Oklahoma City bombing as assessed through interviews & artwork analysis, elementary school children, 17314
household chemical environmental & warning information comprehensibility & consumer purchase & use intentions, 18–86 yr olds, 16193
individual & task & text variables, calibration of comprehension in education & instruction, 2816

issues of question comprehension & behavioral frequency reports & context effects & influence on attitude & answers to self-reports, 9819
level of emotional understanding, physically maltreating mothers & their 6–12 yr old children , 30844
lexical priming & time course of lexical inferences during language comprehension, aphasic & Alzheimer's disease patients, 34644
memory & comprehension & cognition in older adults, 23717
mental representations formed during program comprehension & maintenance, expert procedural vs object-oriented software programmers (mean age 30 yrs), 10090
metaphoric understandings of illness, 19–23 yr old females with bulimia, 5163
metaphors in print advertisements, metaphor interpretation & comprehension & recall & perception of ad content, male vs female 2nd vs 4th vs 6th graders, 4442
miscommunication & misunderstanding between speakers, analysis of conversational text in Hebrew short story, 23637
model of contribution of room & loudspeaker attributes to speech intelligibility scores, 25-yr-old students with no auditory problems, 23055
online methods in discourse comprehension research & analysis of learner–hypermedia interaction, 29455
performance on nonverbal task of false belief understanding, 4–5 yr olds vs chimpanzees & orangutans, 16751
pragmatic role of hand gestures in language comprehension & memory, college students, 23627
pragmatics & metacommunication theory of misunderstanding, 23621
presentation format with vs without program reference of news teasers, recall & comprehension of TV news, college students, 4386
processing of grammatical gender during language comprehension & issues in syntactic congruency & semantic relatedness, 30097
Qbasic vs Visual Basic in introductory programing course, understanding of programing design concepts, college students, 2846
reading & moral comprehension, development of ability to extract moral themes from narratives, 8 vs 11 yr olds, 30183
reasoning about structured objects & grasp of borderline case & unexcluded middle, 3–4 yr olds, 26998
recall & understanding of information given at time of preterm vaginal vs caesarean delivery & symptoms of depression, 17–40 yr old mothers of at risk preterm babies requiring neonatal intensive care, 35077
relation between affective & cognitive processes in fantasy play & comprehension of emotional understanding, 6–8 yr olds, 20442
relation between understanding & practice in problem-based medical education, 22335
reliability & validity of computer-based knowledge mapping system, assessment of student content understanding & collaboration & problem-solving skills, middle & high school teachers, 26226
security of infant–mother attachment relationship at 1 yr & mother's attachment history, child's understanding of mixed emotions, 6 yr olds & their mothers, 27078
semantic & working memory deficits, impairments in producing & comprehending pronouns, 64–89 yr olds with Alzheimer's disease, 21527
student generated higher order questioning during instruction, comprehension, college students, 9473
successive vs simultaneous presentation of isomorphic arithmetic problems, comprehension & solving strategies, 6th graders, 6199
task demand training with vs without comprehension monitoring training, preparation for simple vs complex language questions in courtroom, preschool vs kindergarten vs 2nd-grade child witnesses, 39065
task type–social context & age, false belief understanding during play, 3–5 yr olds, 20526
two-stage model of comprehension for high vs low cognitive load & yea-saying acquiescence in self descriptive assessments, undergraduates, implications for self-report measurements, 27377
typology of delayed & reactive & intentional murder responses & understanding & reasoning about their behavior, females (mean age 29 yrs) convicted or murder, 27912
understanding of dichotomy between natural vs artificial, 3.9–5.0 yr olds vs 18–27 yr olds, 17277
understanding of emotional facial expression meaning, 5–16 yr olds with autism or Downs Syndrome, 14815
understanding of interpretation & expectation & direct perception as sources for mistaken beliefs, 4–5 vs 6.8–7.5 yr olds, 20515
understanding of logical consistency, 3.2–7.2 yr olds, 26996
understanding of visual perception, adolescent (8–9 yr old) chimpanzees, continuation of study begun at age 5–6 yrs, 16943
verb tense & specific or neutral production context, comprehension of promises, 3–9 yr olds, 17265
visual attention to & story comprehension of televised stories presented with vs without presence of toys in room, 4–6 yr old children with ADHD, 30949

Comprehension [See Also Number Comprehension, Verbal Comprehension]—Books

Foreign language learning: Psycholinguistic studies on training and retention, 823
The healing journey through menopause: Your journal for reflection and renewal, 36715
How children understand war and peace: A call for international peace education, 27086
Mathematics classrooms that promote understanding, 22473
Problem solving and comprehension (6th ed.), 23121

Comprehension [See Also Number Comprehension, Verbal Comprehension]—Chapters

Building on children's intuitions to develop mathematical understanding of space, 22525
Cognitive ethology: The minds of children and animals, 894
Comprehension of mathmatical proofs, 32940
Comprehension strategies at the college level, 38835
Creating classrooms that promote understanding, 22477
Distributional information in language comprehension, production, and acquisition: Three puzzles and a moral, 13334
Effective explanation of uncertain and complex science, 17181
The emergence of phonology from the interplay of speech comprehension and production: A distributed connectionist approach, 16261
Everyday knowledge in social psychology, 4707
Factors that influence study, 38853
The fetish in the theory and history of the cinema, 27835
Getting a grip on reality, 16620
Having intentions, understanding intentions, and understanding communicative intentions, 17227
Individual differences in priming: The roles of implicit facilitation from prior processing, 10227
Infants' distinction between animate and inanimate objects: The origins of naive psychology, 17306
Learning basic number concepts and skills as problem solving, 22476
Modeling causal integration and availability of information during comprehension of narrative texts, 6886
Modifying mental representations: Comprehending corrections, 6884
Multiple approaches to understanding, 22394
Names of things and stuff: An Aristotelian perspective, 26429
The natural logic of rights and obligations, 26423
Preventing reading difficulties in young children, 15928
Promoting learning in middle-grades mathematics, 22502
Siblings, emotion and the development of understanding, 17202
The social construction of knowledge: Social marking and socio-cognitive conflict, 4508
A survey of the Africans' understanding of father–daughter incest: Implications for relevant therapeutic intervention, 34332
Teaching and learning for understanding, 22492
Understanding and remembering briefly glimpsed pictures: Implications for visual scanning and memory, 26304

Comprehension Tests—Serials

multiple choice vs Piagetian tasks, perceptual part–whole integration, 2–5 yr olds, implications for lower age bounds of comprehension, 20483
screening of yes-no auditory comprehension measurement, patients with neurodisabilities, 14996

Compressed Speech—Serials

amplification vs proportional frequency compression of speech, speech recognition, 16–78 yr olds with sensorineural hearing loss, 34712
syllabic compression & expansion of temporal envelope, speech intelligibility & speech & music sound quality, 17–75 yr olds with normal vs sensorineurally impaired hearing, 21635

Compulsions [See Also Compulsive Repetition]—Serials

adjunctive chlorimipramine & serotoninergic agents for treatment of obsessive-compulsive symptoms, patients with schizophrenia, 38221
buying style & patterns, inpatients with major depression presenting with vs without compulsive buying, 11366
clinical & psychological correlates of compulsive vs impulsive vs absence of self-injurious behavior, 16–50 yr old outpatients with bulimia nervosa, 11739
clinical aspects of obsessive-compulsive symptoms & neurocognitive deficits, patients with schizophrenia, 37352
cocaine, motor behavior, female mice with cortical-limbic induced compulsions, 33193
cognitive behavioral treatment, 53 yr old female suffering from compulsive hoarding, 21768
comorbid Diogenes syndrome & compulsive disorder, 48-yr-old female, 11324
demographic characteristics & comorbidity & family history & treatment & hoarding characteristics, 24–57 yr old patients with obsessive-compulsive disorder, 37416
efficacy & safety of fluvoxamine treatment of obsessive-compulsive symptoms, 25–60 yr old schizophrenics with obsessive-compulsive symptoms receiving antipsychotic treatment, 18727
family history of Tourette's syndrome, unilineal vs bilineal transmission of tics & obsessive compulsive behavior, 3–20 yr olds with Tourette's syndrome, 11915
hierarchy model of personality & need for arousal & materialism & compulsive buying, college students, 39024
nonfunctional compulsive behavior in exploration/investigation & avoidance & displacement & burying of inanimate vs living objects, mice, 3727
olanzapine-induced obsessive–compulsive behavior & tremor, 35 yr old female with major depression with psychotic features & borderline personality & bulimia, 5597
overview of hoarding, 8072
paroxetine, symptoms, 29 & 50 yr old males with compulsive voyeurism or exhibitionism, implications for role of serotonin system in pathogenesis of obsessive compulsive & sexual disorders, 15272
phenomenology & etiology & treatment of hoarding behavior, 27555
psychiatric symptoms & prevalence of hoarding behavior, 65–91 yr olds with dementia, 2038
psychophysiological patterns & preventions associated with obsessive-compulsive disorder & checking behaviors, 17–59 yr old obsessive compulsive patients, 14608
quantity & content & intensity of obsessions & compulsions, 18–45 yr old females with major depression with vs without postpartum onset, 17887
quinpirole, compulsive checking behavior in open field, male rats, animal model of obsessive-compulsive disorder, 7262
relationship of ritualistic & perfectionistic compulsive-like behavior to prepotent vs contextual normative fears & phobias, 1–7 yr olds , 27727
reliability & multidimensionality of Obligatory Exercise Questionnaire & its subscales, assessment of compulsive exercise & prediction of eating disorders & attitudes, adolescents, 32614
salinophagia, female inpatient with anorexia nervosa, 1899
self-reported verbal activity & communication apprehension & argumentativeness & self-esteem & locus of control, college students identified by others as compulsive talkers, 14238
thought suppression & compulsive ritualistic behavior, 17–39 yr old college students, 24037
unidimensional vs bidimensional construct of compulsiveness & impulsiveness, 18–84 yr olds, 4781
validation of the Padua Inventory, self-report measure of obsessive & compulsive symptoms, 15–18 yr old Italian adolescents, 29378
verbal & design fluency abilities, subclinical obsessive-compulsive Ss (mean age 18.7 yrs), 29826

Compulsions [See Also Compulsive Repetition]—Chapters

Veterinary models of compulsive self-grooming: Parallels with trichotillomania, 6956

Compulsive Gambling [See Pathological Gambling]

Compulsive Neurosis [See Obsessive Compulsive Neurosis]

Compulsive Personality Disorder [See Obsessive Compulsive Personality]

Compulsive Repetition—Serials

B lymphocyte antigen D8/17 expression & its correlation with severity of repetitive behaviors, 4–13 yr olds with autism, 11690

Compulsive Repetition—Chapters

Disorder, deviance and personality: Factors in the persistence and modifiability of autism, 37652
Matthew: From numbers to numeracy: From knowledge to knowing in a ten year-old boy with Asperger's Syndrome, 37671

Compulsivity (Sexual) [See Sexual Addiction]

Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Hypermedia, Hypertext]—Serials

2 computer tailored nutrition education interventions, 19–59 yr olds, 22082
acceptability & ease of use of computers for assessing smoking history & nicotine dependence & other smoking related variables, ethnically diverse low-income Ss seeking smoking cessation treatment, 28760
acceptability of computer HIV/AIDS risk assessment instrument, not-in-treatment drug users, 8388

acceptability of computerized self-report of alcohol habits, outpatients (mean age 42 yrs), 32027
analysis of online commentary during physical examination of patients in acute pediatric & primary care consultations, physicians, 38484
applicability & utility of computerized Drug Evaluation Network System for intake interviews & tracking data & trends, substance abuse treatment programs, adults, US, 38598
application & validation of data fusion for merging separate surveys, implications for marketing, 3370
assessment of interactive Internet-based psychology laboratory designed to facilitate teaching & conducting of research, psychology departments, 25745
assessment of patients' experiences & health related quality of life using computerized program, under 50 vs 50–70 vs over 70 yr old patients, 6429
automatic computer analysis for identifying & removing behavioral & technical artifacts from human sleep EEG data, 36482
career intervention announcement with vs without print handout vs computer-assisted classroom instruction, decision-making concerning 4-yr study plan, 8th graders, 38924
categorization of whistle behavior using human observation vs computer methods, captive bottlenose dolphins, 9992
cognitive modeling scheme for task analysis, estimated vs actual task time & mental workload on computer editing task, 22–26 yr olds, 13286
cognitive rehabilitation treatment via THINKable computerized system, neuropsychological performance & generalization, patients with senile deterioration of vascular origin, 9215
computational model for taking initiative to provide unrequested information in responses & answers to Yes-No questions, adults, 32468
computer aids & assessment & self treatment of mental health problems & care, adults, 34071
computer algorithm for pharmacotherapy of bipolar disorder, 25155
computer algorithm for pharmacotherapy of schizophrenia, 25207
computer algorithms for pharmacotherapy of anxiety disorder patients with chemical abuse & dependence, 25206
computer based vs face-to-face group communication, evaluation of own vs others' contribution to task, college students, 30468
computer interviews for diagnosis & treatment & psychoeducation, patients with depression,, 2133
computer mediated communication, enhancement of curriculum, 1st yr medical students, 38694
computer modelling of cognitive development, implications for education, 9717
computer system for control of stimuli delivery & data acquisition during behavioral conditioning & neural recording experiments, 6455
computer system learning by exploration & efficacy of user exploration interface via think-aloud method, college students, 30085
computer utilization, school counselors, 12754
computer-administered retrospective diary vs quantity- frequency index measures of weekly alcohol consumption, substance misusers, 30908
computer-aided vicarious exposure & ritual prevention treatment, 16–67 yr olds with obsessive-compulsive disorder, erratum, 2205
computer-assisted neuropsychological evaluation of spatial working memory, asymptomatic HIV-infected individuals (mean age 33.2 yrs), 31124
computer-based business & consumer projects, motivation & behavior & academic achievement, at risk secondary students, 25721
computer-based training techniques, 4–14 yr olds with speech & language disabilities, 2724
computer-controlled telecommunications technology for behavioral intervention for smoking cessation & relapse prevention, smokers, 19078
computer-graphic technique for study of body size perception & body types & eating disorder diagnosis & treatment utility, 36071
computer-mediated communication, social identity model of deindividuation effects, implications for breaching or building social boundaries, 1233
computer-tailored interventions for health education & promotion, 18856
computerized application for facilitation between statements of fact & opinions in research reports, undergraduate psychology students in methodology courses, 15902
computerized enumeration of significant linguistic & cultural patterns of universals in cross-cultural research, 22757
computerized lexical database which provides quantitative descriptors about the relations between orthography & phonology for French monosyllabic words, 26017
computerized touch screen procedure, conditioned pattern preferences, 29571
computing in educational policy & practice, 19220
creation & evaluation of self organizational map for classification of normal & dysphonic female voices before & after treatment, 18210
cross-cultural differences, preferential choice tasks with & without use of computerized decision aids, college students, Japan vs US, 10089
culture, bilateral negotiation on Web based system for support & conduct of negotiations, managers & engineers & students, 50+ countries, 22761
cyberstalking as criminal behavior & psychological profile of cyberstalker, 37592
data collection for visual motion extrapolation task using Java-based time-critical graphical animation on World-Wide Web, adult Web users vs laboratory Os, 36082
data collection with palmtop computer program, cognitive behavioral therapy efficiency & cost-effectiveness, 31 & 40 & 55 yr old patients with generalized anxiety disorder, 38073
demonstration of computer-controlled shaping for instruction of method of successive approximation, introductory psychology students, 15895
DepRelief CD ROM interactive program aimed at improving awareness & recognition & management of depression in old age by primary care practitioners, 5845
description & documentation of GPT.EXE a computer program for designing & implementing general processing tree models, 22931
description & efficacy of expert system intervention for smoking cessation, 19086
description and usage of software tool for auditory and speech perception experimentation, 26016
description of device for measurement of eye position & movements by means of Hall-effect, laboratory animals, 26018
design & implementation of computerized multi energy sensor array MESA, detection of low frequency electromagnetic field fluctuations in hallucinations & other psychological phenomena, 6423
design & site content & use of the Missouri Developmental Disability Resource Center Web site, 24580
determination of problem domain categories in requirements engineering programs, software engineers, 3186
development & evaluation of graphical notation based on relational algebra for specification of information visualizations, 12949
development & use of Museum of Perception & Cognition website for introduction to cognitive psychology, 1st-yr psychology students, 15876
development of computerized automated decision making algorithm for implementing substance abuse treatment Patient Placement Criteria, substance or alcohol dependent 18–72 yr olds, 25545
development of EEG description system to facilitate categorization of EEG data in computerized database connected to hospital patient administrative system, 32000
development of Staff Services Analyst computerized test, measure of job experience on Internet & telephone communication systems, applicants for professional civil service positions, 26242
development of treatment algorithms in cyberspace for unipolar depression for primary care physicians by the International Psychopharmacology Algorithm Project, 2146
educational use of computer robotics, teaching how artificial organisms simulate individual behavior & evolution of populations & systems, 22451
effectiveness in risk factor modification of & patient response to & physician willingness to adopt computerized coronary risk profiles, physicians & their 30–74 yr old patient, 3–6 mo followup, 2514
effectiveness of computer-tailored vs personalized vs general health education in promotion of leisure time physical activities of daily living, primary care patients (mean age 49 yrs), 3 mo followup, 18851
effectiveness of interactive computer program using clip art to teach classification, experimental psychology students, 22419
effectiveness of interactive computer-based memory training program, 72–90 yr olds with Alzheimer's disease or dementia , 19046
efficiency of mixed- vs non-mixed-initiative dialogue in computer simulated route-finding tasks, 32470
electronic textbook & simulation/demonstration & case study aspects of online Rice Virtual Lab in Statistics, undergraduate psychology students, 15875
electronically mediated negotiation relationships, members of outgroup vs ingroup, 10690
epistemological approach to instructional modelling using Generic Tutoring Environment, 6165
equivalence of computerized & written psychological instruments, implications for measures of negative affect, 22957
ethical perspectives & practice behaviors involving computer-based test interpretation, members of Society for Personality Assessment, 13034
evaluation of computer interviewing system on same computer vs other methods, positive vs negative evaluation & response variances, college students, 30460
evaluation of interactive health communication applications, health care providers & purchasers, 12283
experiences & views of different forms of user participation in system development, computer consultants to different sized companies, 39037
factors & conditions associated with optimal flow experience of activities while using World Wide Web, adults, 29236
feasibility of computer graphics based method, assessment of stereomotion thresholds, adults, 3484
feasibility of providing Internet & electronic mail access & improvement of psychological well-being, older adults in retirement community, 33717
features of semi-automated systems for collecting real-time observational data & low-tech method involving videotaping, application to behavioral research, commentary, 13156
formal object-oriented specification language approach for task analysis of accident modeling, 3196
framework for psychological evaluation of educational multimedia applications, 28944
gender & computer-mediated communication, decision making, college students (mean age 20.8 yrs), 27279
graphical technique, assessment of timing accuracy of computer systems, implications for RT studies, 6425
group development trends in engaging in transmission of rumors on computer-mediated networks, 11105
guidance system for exploring tactile graphics, blind individuals, 18460
guide to data logging of user actions in event-driven applications for software assessment & behavioral experiments, 36073
guidelines for use of computer technology & software in intervention, children with communication disorders, 22285
HAL computational model for representations of famous vs ordinary proper names vs common nouns in common semantic space & relation to information storage & processing, 26385
hardware & software methods for identification & reduction of noise in psychophysiological recordings, 29949
how pedophiles who use the Internet account for their deviance, 17987
identification of musical instruments from audio samples, humans & computer, 13229
illustrations & instructions for online classroom demonstration of boundary extension in memories of pictorial stimuli, 15866
impact of general vs targeted vs computer-tailored smoking cessation materials, 19083
implications & effects of information & communication technologies on guidance & counseling interaction, 12758
in vivo self report data on obsessive compulsive disorder symptoms & mood & environmental factors & circadian patterns gathered via palmtop computers, 19–49 yr old outpatients, 4983
individual & organizational growth & interaction in Internet cyberspace, 17563
information in face-to-face vs teleconferencing vs electronic chat groups, volunteers recruited on campus, 7793
integrated decision-making strategies computer program, vocational identity & career exploratory behaviors & satisfaction, graduate students, 25852
interactive computer based interviews in medical practice, patients, 12289
internal consistency & time consuming coding system of hand vs computer written imagery on Thematic Apperception Test, 18–50 yr olds, 3295
issues in integration of Internet-based web site distance vocational guidance opportunities with resources & services provided by existing career centers, 16053
issues relevant to evaluation of interactive health communication applications, health care consumers & professionals & purchasers & software developers & policymakers, 12275
literary examination of electronic meeting system technology, organizational groups, 22665
map vs computer model view of environment & orientation specificity perception of angle & distance, adults, 3481
method & computer program for generating fixed length sequences satisfying nth-order transition probability matrices, 22830
mixed-initiative delegation-based interaction between computer users & system agents, 32467
model of computer-mediated group supervision & psychotherapy training, 15733
model of keyboard configuration requirements, individuals with motor disability, 18434

morphing techniques to manipulate 2-dimensional human face & 3-dimensional human head images, 25999
multidisciplinary approach & increased use of computer technology & emphasis on functional gains & neuroplasticity in stroke rehabilitation, United Kingdom, 5914
multimodal input system based on 2 gestural input channels, individuals with cerebral palsy or muscular dystrophy or head injury of Friedrich's ataxia, 18264
navigation process & shopping experience in cyber shopping malls based on spatial vs non-spatial metaphors, college students, 22694
observations of preparation & conduct of web-based conference to create algorithms for depression & schizophrenia, experts in several fields, 803
online & e-mail therapy, psychotherapy & mental health services, 34781
organizational Internet & computer application usage & literacy in personnel management & training activities, public vs private sector personnel management professionals, 29077
participation in & usability of virtual environments & applied ergonomics & design, adults, 12955
perceptions of computerized information technology, government health personnel, 3207
policy issues associated with evaluation of interactive health communication applications, 12288
predictors of electronic bulletin board system use, 58–91 yr olds with vs without brief computer training, 14089
prevalence of cardiovascular disease risk factors & identification of high-risk individuals, 18–65 yr olds, use of computer-assisted telephone interviewing, 25278
principle components analysis vs graph-matching face identification computer systems vs human recognition of face images, adults, 6433
principles in & model of computer assisted eating disorder specific quality management system EQUAL-TREAT, 34788
psychometric properties of Sustained Attention Test & correlations with measures of learning and social skills acquisition, patients with schizophrenia , 3331
recall & perceived credibility of expert- vs spiritual pastor-oriented nutrition education computer-tailored bulletins, 18 yr old & older rural African American church members, 2 yr followup, 18853
Recreational & At-Risk & Sexual Compulsive Users of Internet for sexual pursuits & their assessment & treatment, 24899
role of information sources & Risk Homeostasis Theory in risk perceptions & performance of risky & protective behaviors before & after Michelangelo virus trigger date, computer users, 11233
Sexpert sexual counseling expert system vs sex therapist vs sex educational video, attitudes toward computer system & learning & behavior changes in sexual relationship, couples, 8771
similarities & differences in mental models used for human vs automated scoring of Architect Registration Examination, experienced human graders, 26089
social relations & communication & problem solving in face-to-face vs computer-mediated communication, 19–35 yr olds, 22729
study strategies in computer assisted study environment, learning outcomes, college students with deep vs surface learning styles, 19292
survey design & utility & merits & drawbacks of microcomputer & World Wide Web data collection of political attitudes & alienation & public relations, 26282
synchronous computer-mediated vs face-to-face group communication, cognitive criteria for deindividuated state, college students in same-sex discussion groups , 14262
task structuredness & computer-based group decision support systems, communication & perceived outcomes, members of division level coordinating group, 4726
teaching strategy & assignment design to establish good practices in citing & using Web-based resources, undergraduate students, 19266
technique of interactive syntax-directed iconic languages in human–computer interfaces, 22754
technological changes & computerization, work processes & organizational hierarchy & changes, government agency staff, 32402
test of interactive computerized Comprehensive Health Enhancement Support System, quality of life & frequency & duration & cost of medical service use & social support, HIV+ patients, 12280
text-based instructional materials enhanced with graphics for verbal & imagery cognitive styles for learning computer programming concepts, adult learners, 30181
theoretical perspectives & assumptions of group performance & outcome measures pertaining to groupware computer technologies, implications for industrial & organizational psychology, 29054
training & analysis of use of Programmable User Model Instruction Language for description & analysis of interface designs, human–computer interaction students & software engineers, 3182
trends in psychological research in computer-mediated communication field, Russia, 20406
update & description & testing of Scoring Options for Recall Tests 2.0, entry & analysis of recall test data, 26015
use of a neural-network computer program to analyze high school student prose, 2817
use of computer technology to enhance teamwork & productivity, 3054
use of computerized interview with vs without adult present vs standard verbal interview, event recall & willingness to disclose secret, 5–6 vs 7–8 yr olds, 36703
use of DOS-based exercises for demonstration of classic studies in human memory & cognition, undergraduate psychology students, 15898
use of electronic communication in patient–physician relationship, sociohistorical & legal & ethical implications, 2803
use of electronic Human Relations Area File databases for cross-cultural comparison & discovery mode teaching, college students in anthropology & archaeology classes, 28933
use of general information & assistive technology in occupational therapy practice, 9263
use of low cost 3 dimensional mouse in measurement of movement of point on human body, 6422
use of multiple descriptive models to teach abstract & situation-dependent knowledge through intelligent computer-aided learning , 9714
use of Web-based instructional video image system for study of human motor coordination, 15860
usefulness & feasibility of & patient satisfaction with Internet patient education system, 8–56 yr olds, 12361
uses of Internet for cognitive behavioral psychotherapists, 15182
uses of Internet in undergraduate classroom, students, 19252
utility of World Wide Web as psychology data-collection method, on-line questionnaire respondents, 13158
validity of Computerized Assessment System for Psychotherapy Evaluation and Research, measurement of treatment outcome, 18–63 yr old psychiatric outpatients, 31426
validity of computerized sensorimotor tests, detection of RT & attention & hand coordination & other neurobehavioral changes, urban vs suburban 9–10 yr olds exposed to environmental lead, 22839
visual cues, apparency & contingencies in single panel & pull-down menus in computerized path-finding task, low vs high spatial visualization ability college students, 6409
voice vs keypad-controlled navigation structures with different degree of cognitive load in voice messaging service, 19–57 yr olds with high vs low spatial ability, 20408
web-based & accessible tutorial for PsyScope program for use in describing experiments in human cognition, undergraduate psychology students, 15905
Wildcat World computer simulation programs for instruction in design & analysis & interpretation of computer-simulated psychological studies, undergraduate psychology students, 15859
WISDOM project, training in informatics in collaborative virtual classroom, primary care professionals, 22330

Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Hypermedia, Hypertext]—Books

Advertising and the World Wide Web, 19458
Cyberghetto or cybertopia?: Race, class, and gender on the Internet, 4555
Electronic collaborators: Learner-centered technologies for literacy, apprenticeship, and discourse, 2880
The electronic election: Perspectives on the 1996 campaign communication, 7726
The insider's guide to mental health resources online (1999 ed.), 10724
SPSS for Macintosh made simple, 127

Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Hypermedia, Hypertext]—Chapters

The adoption of the World Wide Web by marketers for online catalogs: A diffusion analysis, 19459
An audience survey from the first gridiron cybercast, 17177
The challenge of cyberspace: Internet access and persons with disabilities, 4859
Children, advertising, and the Internet: An exploratory study, 17210
Communicative style and gender differences in computer-mediated communications, 4669
Computer models of creativity, 7958
Computers in the zone of proximal development: Implications for evaluation, 7463
Critical thinking in a distributed environment: A pedagogical base for the design of conferencing systems, 805
Cyberhate: **Extending persuasive techniques of low credibility sources to the World Wide Web, 17178**
Democratizing Internet access in the lesbian, gay, and bisexual communities, 4688
Developing a discourse community: Teaching biochemistry using the World Wide Web, 25752
Domination and democracy in cyberspace: Reports form the majority media and ethnic/gender margins, 4604
Evaluation and treatment of Internet addiction, 14434
Internet or Outernet?, 4569
Learning and mentoring: Electronic discussion in a distance learning course, 2899
Models of asynchronous computer conferencing for collaborative learning in large college classes, 2885
On the electronic information frontier: Training the information-poor in an age of unequal access, 6108
On the pedagogy of electronic instruction, 2882
Real-time self-report of momentary staies in the natural environment: Computerized ecological momentary assessment, 36113
Searching for learner-centered, constructivist, and sociocultural components of collaborative educational learning tools, 2884
Sharing aspects within *Aspects*: Real-time collaboration in the high school English classroom, 2886
Social identity, normative content, and ''deindividuation'' in computer-mediated groups, 30440
Sonic experience of place, 29213
Student role play in the world forum: Analysis of an Arctic adventure learning apprenticeship, 992
Time to ''connect'': Synchronous and asynchronous case-based dialogue among preservice teachers, 804
The use of computer-mediated communication: Electronic collaboration and interactivity, 2828
Utilizing technology for the inclusion of individuals with mental retardation, 24642
Why computerized life-style assessment is good for business, 6283

Computer Assisted Design—Serials

apparel & general spatial visualization ability & training level, college & graduate students with manual flat pattern making vs without computer-aided design vs no training, 29063
development & evaluation of graphical notation based on relational algebra for specification of information visualizations, 12949
event-based approach for training team problem solving skills, scenario design with teams, implications for technology & computer-based assessment, 26404
teaching strategy & assignment design to establish good practices in citing & using Web-based resources, undergraduate students, 19266
test design & fairness issues in computer-based performance assessment of problem solving in architectural licensure examination, examinees, 26241
usability & usefulness of software user coach for SKIPPER program & visual metaphor, performance on manpower-planning task, users, 19487

Computer Assisted Design—Chapters

A conceptual architecture for embedded team training management, 22738
Concert halls: From magic to number theory, 212
Image is more important than experience: A case study of hi-tech home building in response to shifting home identities, 29222

Computer Assisted Diagnosis—Serials

assessment of postexposure neurobehavioral & neuropathological changes, 27–52 yr olds with carbon monoxide poisoning, 31051
development of knowledge-based system supporting diagnosis of reading & spelling problems in elementary school students, experts, 38911
prevalence of Royal College of Psychiatrists' consensus criteria for detection of reversible intracranial pathology & assessment of cognitive impairment, elderly patients referred for CT head scan, 31189
reliability of predicted severity ratings in computer-administered Addiction Severity Index, drug & alcohol abusing 19–61 yr olds , 8339
self-administered computerized version vs delivered by human interviewers, Composite International Diagnostic Interview, 18–82 yr old anxiety treatment clinic patients, 3328
stress reaction & personality traits & coping behavior & utility of microcomputer monitoring system for diagnosing silent ischemia, 41–70 yr olds with vs without angina pectoris, 18332

structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary, 1516
structural CT & MRI findings to evaluate evidence for pathophysiology neuroanatomic model in mood disorder patients, commentary reply, 1546
use of SPECT & temporal-lobe oriented CT as supplement to clinical assessment & diagnosis of Alzheimer's disease, 53–96 yr olds with Alzheimer's disease vs other dementias, 7 yr study, 5359
validity of cerebellum as reference region for SPECT quantification, patients with dementia of Alzheimer's type, 24838

Computer Assisted Instruction—Serials

3-phase methodology for development of computer-generated tailored health education interventions, 18857
access & motivation & curriculum integration & labeling & funding as emerging issues in computer based solutions for teaching, secondary students with learning disabilities, 29011
animated cues in electronic books, vocabulary development, 3rd graders, 17259
application & impact of computer-tailored nutrition education, 18850
argument construction from web-site information vs narrative or summary or explanation writing using textbook chapters, history comprehension measured by inference & analogy tasks, college students, 28950
assessment of interactive Internet-based psychology laboratory designed to facilitate teaching & conducting of research, psychology departments, 25745
attitudes & reactions to replacing lectures with multimedia computer based learning, college students, 2875
benefits & challenges in use of interactive graphical representations systems in teaching & learning, 22458
benefits of computer-based law encoding diagrams for science & engineering instruction, 22427
benefits of making graphical representations interactive in context of teaching & learning, 22459
brief interactive laserdisc parent training program for pregnant or parenting adolescents, 28360
CD-ROM vs lecture based instruction & instructor facilitation, course achievement & attitudes, college students in course on health professions, 6168
computational framework of life-like pedagogical agents for mixed-initiative problem solving in constructivist learning environments & implementation into science class, 7th graders, 32291
computer application learning with icon &/vs text label interface & perceptions of ease of use & usefulness, college students, 22544
computer based training & testing procedure, acquisition & transfer of sentence construction & particle usage & written & verbal response skills, 6 & 8 & 10 yr old autistic males, 37647
computer simulation & learning support approach to physics education, college freshmen, 22431
computer support for basic writing skills, students with learning disabilities, 16006
computer-aided personalized system of instruction in undergraduate psychology course, student ratings & performance & success of course, college students, 25736
computer-aided system providing pictorial task instructions & prompts vs card system, task performance, 18–23 yr olds with severe intellectual disability, 11718
computer/multimedia vs traditional approaches to teaching undergraduate psychology courses, college students & teachers, 12655
Computerized Cognition Laboratory program, teaching of cognitive psychology & research methods, college students, 12664
computerized tutoring program, arithmetic word problem solving ability, 5th graders, 25780
conceptualization & construction & dialogue in learning & usability of educational software, 32227
constructive hypermedia database system in class assignments, intertextual problem solving & synthesized discourse, college students, 22471
consulting & teaching futures studies through the World Wide Web, 2879
contributions of minimax decision theory to instructional decision making in intelligent tutoring systems & comparison with Bayesian decision component in Minnesota Adaptive Instructional System, 29241
demonstration of computer-controlled shaping for instruction of method of successive approximation, introductory psychology students, 15895
design & development of CLUE system for evaluation of computer network-based learning courseware, 35478
design & use of intelligent tutoring systems for enhancing pedagogical & learning effectiveness of computerized business simulations, 9713
development & evaluation of computer based learning environment for developing mathematical problem solving skills, teacher trainees, 9417
development & implementation & evaluation of critical incident-based computer supported collaborative learning model of teaching, nursing students, 38809
development & use of Museum of Perception & Cognition website for introduction to cognitive psychology, 1st-yr psychology students, 15876
development of geometric thought during computer instruction, secondary school student, 32207
diagrammatic representations for science instruction & understanding of scientific laws & framework to characterize problem solving & learning, 32206
effectiveness of interactive computer program using clip art to teach classification, experimental psychology students, 22419
electronic textbook & simulation/demonstration & case study aspects of online Rice Virtual Lab in Statistics, undergraduate psychology students, 15875
evaluation & design & use of multimedia educational software & Internet technology, traditional classroom vs asynchronous learning environments for postsecondary computer-assisted continuing education, 28932
evaluation of collaborative class projects using e-mail exchanges & World Wide Web exercises & CD-ROM development with organizations in Ecuador, college students, 38797
framework for psychological evaluation of educational multimedia applications, 28944
graphing approach curriculum with calculator vs traditional algebra curriculum, function understanding & intermediate algebra skills & attitudes, college students, 19249
illustrations & instructions for online classroom demonstration of boundary extension in memories of pictorial stimuli, 15866
implementation & evaluation of foreign language education computer programs with cultural content, college students in level 1 French, 38789
integration of electronic reading environment into middle school classroom, studying & learning of content area materials, student with poor reading skills due to hearing impairment, 16004
interaction & learning within hypermedia program of cultural contact situations, public high school foreign language students, 38790
interactive computer program for demonstrations of statistical concepts, undergraduate psychology students, 15870
issues in Generic Tutoring Environment & knowledge-based Courseware Engineering, 6144
learning & teaching in synchronous collaborative environment, teachers & undergraduate & postgraduate students, 25733
learning processes & control of variables to enhance learning in computer-based biology environment, college biology students, 35485
lecture-based vs computer based courses, pre-test study time distributions, college students, implications for designing computer-based courses, 25742
manipulative vs number sentencing mathematical representation, computer-aided word problem solving skills, children with learning problems (mean age 11.3 yrs), 38813
mathematics problem solving in computer software environment with graphical representations of simulation results, 7th graders, 32213
model & use of computer-supported collaborative learning & computer-mediated communication within groups, college students, 22423
model progression vs assignments as support for computer simulated oscillation, definitional vs intuitive knowledge, 1st yr physics students, 6164
multimedia program for instruction in associative learning, 9421
online tutorial for experimental research design & statistical analysis & problem-solving ability, undergraduate psychology majors, 15874
perceptions & use of instructional materials placed on the World Wide Web as classroom supplement, college economics students, 6228
presentation & teaching of computer simulations of global memory models in cognitive psychology, undergraduate & graduate psychology students, 15887
procedures for choosing & use of computer based reading software programs, children with reading difficulties, 38886
promise of electronic representation of text for struggling readers & perspective of reading disability based on developmental stage theory for instructional approaches in reading acquisition , 16009
representational images of aging & design of web pages appropriate for aging population & World Wide Web as an educational tool, 38799
resource management behaviors & human factors evaluation of Aerial Gunner Scanner Simulator & integrated networked simulation in combat mission training research, aircrews & instructors & students, 6376
revision strategies during computer-aided French composition writing, native English speaking college students, 22514
role of different cognitive strategies & cooperative learning in computer-supported environments, 9 & 10 yr old individuals vs paired dyads in optimistic vs pessimistic vs defensive conditions, 32259
role of epistemology in instructional design & Generic Tutoring Environment, 6162
sharing of resources among universities in several places & Internet with use of videoconferencing in introductory cognitive science laboratory, class effectiveness & interactivity, college students, 25729
simulation games as experiential environment for decision technology, 15906
situated learning model environment, higher-order thinking during discussion while using interactive multimedia assessment program, preservice mathematics teachers, 22406
software program for demonstration & replication of generation-effect memory experiments, psychology students, 15877
test of developmental situativity theory of logic learning using computer-based instruction tools, college students, 22469
theory of authenticity in learning environments, use of computational media support thickly authentic learning, 35491
training & analysis of use of Programmable User Model Instruction Language for description & analysis of interface designs, human–computer interaction students & software engineers, 3182
TurtleGraph computer-supported visual learning environment, development of recursive programming skills in distributed vs face-to-face collaborative vs individual learning contexts, students , 6147
use of computer technology for facilitation of culture learning in foreign language education, 38808
use of DOS-based exercises for demonstration of classic studies in human memory & cognition, undergraduate psychology students, 15898
use of electronic bulletin boards in development & reinforcement of skills in problem solving & prevention of crises at home, family caregivers of patients with cancer & other chronic disorders, 25271
use of electronic spreadsheet software for description of basic model of signal detection theory for studies in perception or attention or memory, college students, 15896
use of film in interactive video format for teaching honorifics, students of Japanese language, 38791
use of Java programming language for description of experiments on World Wide Web in introductory cognitive psychology classroom, undergraduate psychology students, 15899
use of learner centered design in educational computing systems, 9507
use of Speech Works program for computer-assisted training, ESL learning & accent modification, adults, 28935
use of Web-based instructional video image system for study of human motor coordination, 15860
use of Windows computer program to teach analysis & interpretation of interaction in 2X2 factorial design in undergraduate psychological statistics course, 9442
web-based & accessible tutorial for PsyScope program for use in describing experiments in human cognition, undergraduate psychology students, 15905
web-based instruction for course-affiliated vs general uss, internet research literacy, college students, 35487
Wildcat World computer simulation programs for instruction in design & analysis & interpretation of computer-simulated psychological studies, undergraduate psychology students, 15859

Computer Assisted Instruction—Books

Distance learning: The essential guide, 9456
Electronic literacies: Language, culture, and power in online education, 9455
Selected papers from the 10th International Conference on College Teaching and Learning, 25702

Computer Assisted Instruction—Chapters

Activity visualization and formative assessment in virtual learning environments, 25758
Bubble Dialogue: Tools for supporting literacy and mind, 2883
Case It!—A project to integrate collaborative case-based learning into international undergraduate biology curricula, 25748
Collaborative learning on the World Wide Web using a problem-based learning approach, 25759
Computer-mediated critical thinking: The Vee heuristic, 25754
A conceptual architecture for embedded team training management, 22738
Designing human/virtual technology interaction environments for training effectiveness: A cognitive task modeling approach, 22740

Enhancing human performance in technology-rich environments: Guidelines for scenario-based training, 22737
Fostering ownership for learning with computer-supported collaborative writing in an undergraduate business communication course, 2896
Instructional Transaction Theory (ITT): Instructional design on knowledge objects, 22489
Interactive multimedia intelligent tutoring system, 25750
The internet and content-based college ESL instruction: Reading, writing, and research, 38828
The role of information technology in the future of content-based ESL instruction., 38766
Structure and design of an intelligent tutorial system based on skill assignments, 35497
Technology and college reading, 38825
Technology in problem based learning courses—How can it help?, 25760
Technology: Computers, distance learning, and the virtual university, 9464
User-oriented design analysis of a virtual environment training system, 22734

Computer Assisted Testing—Serials

3 reliability estimates derived for Bayes modal & maximum likelihood estimates of the latent trait measured in computerized adaptive tests , 29440
ability estimation methods in computerized adaptive testing, 3365
benefits from computerized adaptive testing as seen in simulation studies of verbal analogies & number problems, 26080
computer aspects & implementation & coordination of dual-task RT experiment for measuring processing of relational information, spouses, 23872
computer-assisted content analysis vs judge-scored ratings of Referential Activity scales, assessment of communication of emotional experiences, adults, 35861
computer-based assessment of student problem solving in technology environments, 26219
computer-based networked collaborative knowledge mapping system, assessment of team processes & outcomes & teamwork skills, 9th grade student teams, 26223
computer-based performance assessments of problem solving using networked computers, 8th graders, 26234
computerized adaptive testing based on item response theory from perspective of graphical modeling, 29431
computerized self assessment of reading comprehension program with Accelerated Reader software, reading achievement & motivation, at risk 6th graders, 26238
description and usage of software tool for auditory and speech perception experimentation, 26016
development & evaluation of a computer-administered measure of cognitive complexity, college students, 58
development & evaluation of problem frequency scales from Computerized Assessment System for Psychotherapy Evaluation & Research, university counseling center clients, 13062
development of Staff Services Analyst computerized test, measure of job experience on Internet & telephone communication systems, applicants for professional civil service positions, 26242
efficacy of Chinese Neurobehavioral Evaluation System-2, 18–75 yr olds with epilepsy, 15020
equivalence of computerized & written psychological instruments, implications for measures of negative affect, 22957
evaluation of several person-fit indices to detect item memorization in computerized adaptive testing environment, examinees, 19666
expert raters vs automated scoring systems, generalizability of scores on computer-delivered performance assessment of physicians' patient management skills, 26077
expertise & state self-efficacy & worry during administration of computerized job-related certification test, employees , 26240
impulsive response style vs modified forced delayed response, computer-administered multiple choice test performance, college students, 22522
introduction to journal special issue on & overview of computerized adaptive testing, 29312
item response theory model selection & misspecification on classification decisions made using computerized test, 19663
item selection methods based on Fisher vs Kullback-Leibler Information for 2- & 3-category classifications in computerized adaptive testing using sequential probability ratio test, 29435
item-selection algorithm for neutralizing differential effects of time limits on computerized adaptive test scores, examinees who took Armed Services Vocational Aptitude Battery, 29442
large-scale computer-based testing programs using multimedia for assessment of student problem solving & other performance tasks, 26221
maximum vs weighted likelihood vs maximum expected vs essentially unbiased maximum expected vs expected a posterior methods for reducing bias in computerized adaptive test trait estimation , 29444
measurement precision of golden section vs Z-score vs EAP grading tests in grade level classification of examinees , 19674
methods & implications of cognitive task analysis on design of computer simulation-based performance assessment of problem solving & decision making in dental hygiene, 26082
multistage stratification of item discrimination parameters for computerized adaptive tests based on 3-parameter logistic models, 29433
networked simulation in assessment of problem solving by military tactical teams, 26078
paper-and-pencil vs computerized forms of Comprehensive Basic Sciences Examination, US medical students or international medical graduates, 82
perception of dominance from schematic faces & study administration on the Internet vs paper & pencil, Ss, 23111
psychometric equivalency & score equating of booklet vs computer-based MMPI & MMPI—2, 9834
reliability & validity of computer-based knowledge mapping system, assessment of student content understanding & collaboration & problem-solving skills, middle & high school teachers, 26226
social desirability distortion in computer-administered vs traditional paper-and-pencil questionnaires vs face-to-face interviews, 35866
test design & fairness issues in computer-based performance assessment of problem solving in architectural licensure examination, examinees, 26241
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13110
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13112
test item format & state self-efficacy & worry during high-stakes computer-based certification examination, male computer engineer candidates, 26246
test-retest reliability of psychological & neurobehavioral tests self-administered by computer, identification & characterization of consequences of service in Persian Gulf War, nonclinical adults, 13032
use of review option to obtain positively biased ability estimates & degrading effect on computerized adaptive test scores, examinees, 26237
utility & validity of computerized vs full vs short form of baseline literacy measure & prediction of reading achievement, 4–5 yr olds entering school, 1 yr followup study, 16379
validity of artificial neural network approach in simulations of problem-solving domains, 26086
validity of use of the Internet for personality testing using Self-Monitoring Scale, 18–53 yr old undergraduate students vs 11–67 yr old Internet questionnaire respondents, 11182
written vs computer assisted telephone interview methodology of Symptom Driven Diagnostic System for Primary Care, screening for mental disorders, primary care patients (mean age 45.7 yrs), 19623

Computer Assisted Testing—Books

Innovations in computerized assessment, 16307

Computer Assisted Testing—Chapters

CAT for certification and licensure, 16392
Computer applications, 35873
Computer assessment using visual stimuli: A test of dermatological skin disorders, 16385
Computerized assessment of skill for a highly technical job, 16396
Creating computerized adaptive tests of music aptitude: Problems, solutions, and future directions, 16332
Developing computerized adaptive tests for school children, 16387
Development and introduction of a computer adaptive Graduate Record Examinations General Test, 16389
The development of a computerized selection system for computer programmers in a financial services company, 16402
Development of an interactive video assessment: Trials and tribulations, 16394
Development of the Computerized Adaptive Testing version of the Armed Services Vocational Aptitude Battery, 16399
Easing the implementation of behavioral testing through computerization, 16393
Searching for structure in the MMPI, 9919

Computer Attitudes—Serials

acceptability & ease of use of computers for assessing smoking history & nicotine dependence & other smoking related variables, ethnically diverse low-income Ss seeking smoking cessation treatment, 28760
acceptability of computerized self-report of alcohol habits, outpatients (mean age 42 yrs), 32027
age & sex & computer experience as correlates of computer anxiety, high school students to older Ss, 27360
age, general computer use & utilization of & comfort with & desire for training on university on-line library system, 25–64 yr old faculty members , 6128
computer application learning with icon &/vs text label interface & perceptions of ease of use & usefulness, college students, 22544
design & use of VRUSE questionnaire in evaluation of attitudes & perceptions of virtual reality system usage & interface, 12950
evaluation of computer interviewing system on same computer vs other methods, positive vs negative evaluation & response variances, college students, 30460
individual characteristics & previous computer access & training, computer attitudes, 19–51 yr old early childhood education & care prospective practitioners, 28925
lack of specific correspondence between attitude & outcome measurement, attitudes toward computer use & actual computer use, college students, 4390
level of & effects of computer training on computer anxiety, 25–54 yrs olds with severe mental illness, 3 mo study, 37287
motivation to learn to use computers & experience with computers, computer anxiety & attitudes & self efficacy, college students enrolled in computer programming, 28982
path analysis of computer training variables, 21–60 yr old manufacturing employees, test of intrapersonal-processess model of computer-related performance, 15943
perceptions & use of instructional materials placed on the World Wide Web as classroom supplement, college economics students, 6228
predictors of electronic bulletin board system use, 58–91 yr olds with vs without brief computer training, 14089
public attitudes & reactions toward phone-based interface for automated call direction, adults, 20410
reasons for not using computer systems, humans, 35736
response to computer use, college students with vs without learning disabilities, 27959
structural equation modeling of attitudes towards computers, university lecturers & administrative staff & accountants, 22405
student gender & IQ & math performance & teacher's experience & training, attitudes toward computers, gifted 3rd graders & their teachers, Jordan, 29001
technology acceptance model in attitudes to computing technologies, college students, 35738

Computer Conferencing [See Teleconferencing]

Computer Games—Serials

BP & cardiovascular reactivity to video game & resting BP 3–4 yrs later, 11–14 yr olds, American & Western Samoa, 3–4 yr followup, 13897
comorbidity of harmful effects of alcohol consumption & simulated gambling activity, male electronic gaming machine players, 24526
development & factor structure of ARCS Gaming Scale as motivational measure, attention & relevance & confidence & satisfaction in playing of computer games, 18–52 yr olds, 2 yr study , 6581
effects of lag requirements on sustained vs habitual levels of variability in computer game playing, female college students, implications for individual differences in creativity, 30524
electronic video games, perception of central content & violent themes & comparison with commercial ratings, 4th vs 6th graders vs parents vs nonparents (college students), 10846
semiotic perspective of algorithmic vs experiential educational simulation games & play, 22454
video-poker gambling machines, compulsive gambling & Gamblers Anonymous groups, adults, 14653
violence in video games & aggressive behavior, children & adolescents & young adults, 24422

Computer Literacy—Serials

cognitive theory application for computer use & training, computer-task performance, older vs younger adults, 33704
computer efficacy & anxiety & attitudes toward aging & level of perceived social support & communication connectivity & surfing Internet, older learners (mean age 80 yrs), 36879
incidental computer use, confidence with computer use, college students, 4358
organizational Internet & computer application usage & literacy in personnel management & training activities, public vs private sector personnel management professionals, 29077
path analysis of computer training variables, 21–60 yr old manufacturing employees, test of intrapersonal-processess model of computer-related performance, 15943
web-based instruction for course-affiliated vs general uss, internet research literacy, college students, 35487

Computer Literacy—Books
Cyberghetto or cybertopia?: Race, class, and gender on the Internet, 4555
Computer Literacy—Chapters
Making sense of gender issues in mathematics and technology, 995
Computer Peripheral Devices [See Also Video Display Units]—Serials
computer mouse design, carpal tunnel pressure & wrist posture during dragging & pointing tasks, 22–45 yr olds, 39035
effectiveness of Touch Window vs mouse with enlarged on-screen arrow for on-screen letter-matching task, 9 yr old male with spastic quadriplegic cerebral palsy & visual & cognitive deficits, 15005
performance of pointing vs dragging computer mouse operations, inexperienced 7–8 & experienced 5–6 vs 8–9 vs 11–12 yr olds, 4434
target approach angle & size & shape & distance, cursor movement with computer mouse input device in drag-drop vs point-click tasks, 20–36 yr olds, 13173
task analysis of visual-motor demands & developmental appropriateness of children's mouse-operated computer software packages, 16222
Computer Programing—Serials
3-phase methodology for development of computer-generated tailored health education interventions, 18857
automated grading of homework & tests in statistics courses using active server pages, 25739
cognitive processes & use of visual mental imagery in software design & computer programming in visually vs nonvisually based programming languages, expert vs regular programmers , 29589
cognitive processes in computer programming, 35782
comprehension & mental representation when designing small software programs using procedural C vs object-oriented C++ programming languages, novice programmer college students, 29612
comprehension of & levels of abstraction in software programming & debugging work strategies & behaviors, software maintenance engineers with differing levels of expertise, 29606
D-H parameter model for robot calibration using fuzzy cerebellar model articulation controller learning algorithms, 26021
mental representations formed during program comprehension & maintenance, expert procedural vs object-oriented software programmers (mean age 30 yrs), 10090
novice vs advanced vs no computer programing knowledge, reliance on BASIC program semantics in lexical decision tasks, college students, 255
Pgraph & Pajek software for programming & visualizing & analyzing social networks & kinship structure & cohesion among family members, 27189
presentation of computer programming concepts, novice programmers, 35785
processes in recognition of good figures & identification of travelling salesperson problem solutions, college students, implications for solving large-scale & route-finding problems, 32925
Qbasic vs Visual Basic in introductory programing course, understanding of programing design concepts, college students, 2846
task models & keystroke-level time-on-task estimates of programmer cognitive preparation & behavior & for comparing usability of text- vs visually-based programming languages, graduate students, 29613
TurtleGraph computer-supported visual learning environment, development of recursive programming skills in distributed vs face-to-face collaborative vs individual learning contexts, students , 6147
use of Java programming language for description of experiments on World Wide Web in introductory cognitive psychology classroom, undergraduate psychology students, 15899
Computer Programing—Books
Doing qualitative research using QSR NUD*IST, 22832
Computer Programing—Chapters
The development of a computerized selection system for computer programmers in a financial services company, 16402
Computer Programing Languages [See Also Virtual Reality]—Serials
cognitive processes & use of visual mental imagery in software design & computer programming in visually vs nonvisually based programming languages, expert vs regular programmers , 29589
comprehension & mental representation when designing small software programs using procedural C vs object-oriented C++ programming languages, novice programmer college students, 29612
eXpTools C++ class library for animation & tachistoscopic presentation & response timing & cognition & perception research utility, 36092
inquiry vs reflective instruction, acquisition & transfer of Logo computer programming knowledge, 2nd & 5th graders, 15878
micro-language learning, knowledge & informed decisions in designing new languages, humans, 35793
Qbasic vs Visual Basic in introductory programing course, understanding of programing design concepts, college students, 2846
Rectangle & Bar vs Line commands in method for optimizing line-drawing in Turbo Pascal & spatiotemporal resolution of online-generated motion displays, 36087
sex & high vs low IQ group & treatment, mathematics achievement & creativity, 3rd graders, 25740
task models & keystroke-level time-on-task estimates of programmer cognitive preparation & behavior & for comparing usability of text- vs visually-based programming languages, graduate students, 29613
Computer Programs [See Computer Software]
Computer Searching—Serials
annotated technology for on-line documents, students & professors & other professionals, 22756
factors & conditions associated with optimal flow experience of activities while using World Wide Web, adults, 29236
finding information on World Wide Web, older (mean age 70.6 yrs) vs younger (mean age 21.8 yrs) adults, 13882
internet as psychological research tool, 32761
prior category knowledge & waiting time search costs, computer searching, high vs low knowledge female consumers, 32427
public vs private college campuses, Internet usage, college students, 32282
rest & activity & medication & psychological & other treatment advice given on internet & information seeking by parents for management of chronic fatigue syndrome, children, 31084
teammates vs individuals & implicit vs explicit instructions & shared vs remote terminals, performance in complex computer-based research task, 17–34 yr old training team members, 30417
traffic signs, speed of navigation on World Wide Web, IBM summer interns & staff, 22753
use of Internet in research project on human mate preferences, male experimental psychology students, 32226
World Wide Web sites for alcohol policy & education & research in college environments, 31841
Computer Searching—Books
The insider's guide to mental health resources online (1999 ed.), 10724
Computer Simulation [See Also Neural Networks, Virtual Reality]—Serials
ability of computational model of light adaptation for prediction of temporal properties, 3211
ataxia & simulator sickness after exposure to virtual environment, 19–46 yr old college students, 16216
benefits from computerized adaptive testing as seen in simulation studies of verbal analogies & number problems, 26080
cognitive simulation model for representation of driving knowledge, drivers, 12969
computational Bayesian model for object recognition in 2-dimensional affine transformations as model of human performance on 3-dimensional object recognition, 6440
computer model of acquisition & use of episodic indexing as model of memory for attention events, computer programmer, 32458
computer model on degraded representations or defective competitive processes in parkinsonian semantic deficits, 37924
computer simulated gamma filter model of precedence effect model for speech & signal processing of peripheral auditory system, 22762
computer simulation & learning support approach to physics education, college freshmen, 22431
computer simulation as method of teaching political coalition formation & mixed-motive negotiation & bargaining theory, 28931
computer simulation of & individual & overall p values for forced-choice recognition tests to evaluate suspicious memory loss, adults, 3587
computer simulation of evolution of trust & cooperation between strangers, 1228
computer simulation of human face perception combining both perceptual & cognitive aspects, 19482
computer simulation of neural circuitries between thalamic sensory relay nuclei & primary sensory cortices & thalamic reticular nucleus in visual processing, 32480
control systems simulated model of kinesthetically & visually controlled arm movement, 29207
design & use of intelligent tutoring systems for enhancing pedagogical & learning effectiveness of computerized business simulations, 9713
development of computer-based learning simulation based on problem-based learning model, medical students in pathophysiology course, 15752
driving performance in on-road vehicle vs simulator using concurrent telephone dialing task, 20–30 yr olds vs 60+ yr olds, 32927
efficiency of mixed- vs non-mixed-initiative dialogue in computer simulated route-finding tasks, 32470
explanatory coherence (ECHO) & autoassociative feedback models of causal reasoning & learning & social explanation, commentary, 17613
group size & memory & interaction in computer simulation of within-group cooperation behavior in prisoner's dilemma game, 22755
historical account & psychological experiment & direct observation & computational modeling approaches to study of science, 29451
interactive computer-simulated vicarious exposure to elevator phobia, young adult patients with agoraphobia, 37404
interference in recognition of fragmented pictures in 17–29 vs 64–89 yr olds & computational analysis of age-related inhibition deficit, 30179
medial-point shape representation for localization of objects & relative parts & psychophysical correlates, 6437
model of selective voice hallucinations based on neural network computer simulation, schizophrenia spectrum disorder patients reporting hallucinated voices vs not reporting voices vs normal patients, 14554
model progression vs assignments as support for computer simulated oscillation, definitional vs intuitive knowledge, 1st yr physics students, 6164
monocular vs binocular viewing & computer aliasing, size-arrival effects, college students, 32800
multiagent simulation tool for modeling activities of groups in different locations & physical environment of objects & documents & computer systems, employees, 9712
networked simulation in assessment of problem solving by military tactical teams, 26078
neural networks with large receptive field input arrays, simultaneous simulation of categorical & coordinate spatial relation processing, 19493
parallel distributed processing computational model for choice RT in cognitive & perceptual & stimulus-stimulus and stimulus-response compatibility tasks, 19839
perceptual control theory-based computer model of collective behavior, 29210
predictive validity of computer model of operator mental workload & situational awareness in simulated air-to-ground combat, 20–32 yr olds, 29
preliminary development of computer-based team decision making & problem solving performance assessment simulation, 14254
presentation & teaching of computer simulations of global memory models in cognitive psychology, undergraduate & graduate psychology students, 15887
probability density function for linear optic flow produced by ego-motion in simulated planar environment, 26030
resource management behaviors & human factors evaluation of Aerial Gunner Scanner Simulator & integrated networked simulation in combat mission training research, aircrews & instructors & students, 6376
response to category management in virtual reality shopping simulation, consumers, 6394
robot predators in virtual ecologies & the importance of memory in mimicry studies, replication & extension of R. E. Owen & A. R. G. Owen's effect, 10360
role of biologically implausible computational analyses in cognitive neuroscience research, 29782
route & survey knowledge from computer model vs direct experience vs maps of campus environment, 15–61 yr olds, 29592
scientific discovery learning through computer simulations of conceptual domains, 6095
sequential computer simulation of phonology-syntax relationship in speech & tip-of-the-tongue states in human information storage, 32459
simulation games as experiential environment for decision technology, 15906
use of independent visual background, simulator sickness & ataxia, 22–44 yr olds, 16217
use of intelligent agents to simulate social interaction, 29239
validity of artificial neural network approach in simulations of problem-solving domains, 26086
visual scanpaths simulated by computer algorithm as solution to facial feature correspondence problem, 32494
Wildcat World computer simulation programs for instruction in design & analysis & interpretation of computer-simulated psychological studies, undergraduate psychology students, 15859
Computer Simulation [See Also Neural Networks, Virtual Reality]—Chapters
Developing and evaluating conversational agents, 22759
Measuring constraints to inhabitant activities, 35754
Modeling human performance during system design, 22735

Computer Software [See Also Decision Support Systems, Word Processing]—Serials
actigraphic vs polysomnographic assessment of sleep, insomniac adults (mean age 46.46 yrs), application of Actigraph Data Analysis Software, reanalysis, 14900
age, general computer use & utilization of & comfort with & desire for training on university on-line library system, 25–64 yr old faculty members , 6128
algorithm & computer programs, generation of simulated plasmodes & artificial data in cluster evaluation research, 32746
annotated technology for on-line documents, students & professors & other professionals, 22756
Aquinas as knowledge-acquisition workbench for expertise transfer & complex problems, knowledge-based systems, 35780
automated grading of homework & tests in statistics courses using active server pages, 25739
boosted mixture of experts & ensemble learning scheme, 19486
cognitive apprenticeship-style learning environment, motivation & learning of multimedia design knowledge, high school students , 6152
comprehension & mental representation when designing small software programs using procedural C vs object-oriented C++ programming languages, novice programmer college students, 29612
comprehension of & levels of abstraction in software programming & debugging work strategies & behaviors, software maintenance engineers with differing levels of expertise, 29606
computer program BWPower for determination of power of multiple regression analyses of experimental data with vs without repeated measures, 13124
computer program Cupid, computations with univariate probability distributions, 3384
computer program for analysis of qualitative data, health service participation, adults, 2566
computer program for evaluating adequacy of sample size & power for comparison of independent proportions in "negative" trials, 3405
computer program for principal component analysis with external information, Ss & variables, 3383
computer program for recording & analyzing behavior, 19483
computer programs to calculate asymptotic confidence limits for partial & squared multiple correlations, 19662
computerized tutoring program, arithmetic word problem solving ability, 5th graders, 25780
conceptualization & construction & dialogue in learning & usability of educational software, 32227
data collection with palmtop computer program, cognitive behavioral therapy efficiency & cost-effectiveness, 31 & 40 & 55 yr old patients with generalized anxiety disorder, 38073
description and usage of software tool for auditory and speech perception experimentation, 26016
design & development of CLUE system for evaluation of computer network-based learning courseware, 35478
design of Simone Says, speech based functionally oriented interactions for teaching language, children with autistic spectrum disorders, 19352
design repository & supporting tool environment in integration of accessibility guidelines into user interface development, people with disabilities, 37215
determination of problem domain categories in requirements engineering programs, software engineers, 3186
development & evaluation of Early Vocalization Analyzer, detection of later communication problems, 6–13 mo olds, 18214
development & evaluation of interactive health communication applications, application developers, 12282
ESPbase Microsoft Access database application for storing & selecting symbol & icon sets for research & design usability, 36076
evaluation of Counseling for High Skills computer disks & other aspects of project, middle & high school counselors who work with students seeking postsecondary vocational-technical education , 25793
features of semi-automated systems for collecting real-time observational data & low-tech method involving videotaping, application to behavioral research, commentary, 13156
guidance system for exploring tactile graphics, blind individuals, 18460
guide to data logging of user actions in event-driven applications for software assessment & behavioral experiments, 36073
guidelines for use of computer technology & software in intervention, children with communication disorders, 22285
interactive computer program for demonstrations of statistical concepts, undergraduate psychology students, 15870
issues in Generic Tutoring Environment & knowledge-based Courseware Engineering, 6144
LifeLine psychotherapeutic software based on goal-and-causal theory of psychological time, school based intervention addressing traumatic responses & coping, 12–17 yr old victims of Chernobyl disaster, 38016
mental representations formed during program comprehension & maintenance, expert procedural vs object-oriented software programmers (mean age 30 yrs), 10090
morphing techniques to manipulate 2-dimensional human face & 3-dimensional human head images, 25999
multimedia program for instruction in associative learning, 9421
multimodal input system based on 2 gestural input channels, individuals with cerebral palsy or muscular dystrophy or head injury of Friedrich's ataxia, 18264
organizational learning & experience documentation in industrial software projects, 35658
PC hardware & software for display of stimulus images & performance of reaction timing for tachistoscopy in cognitive research designs, 13296
Pgraph & Pajek software for programming & visualizing & analyzing social networks & kinship structure & cohesion among family members, 27189
predicting quality & evaluating learning & usability heuristics & synergy in educational software, classrooms, 32237
preference for software training methods, software users, 3184
procedures for choosing & use of computer based reading software programs, children with reading difficulties, 38886
role of software tools Runword in collection & digitization & storage & analysis of naming responses to visual & auditory stimuli, 6424
SCRIPTKELL computer-assisted tool for measurement of cognitive effort & time processing in writing & other complex cognitive activities, 13302
software program for demonstration & replication of generation-effect memory experiments, psychology students, 15877
software tool CREWS-SAVRE for scenario generation & prediction of nonnormative system exceptions & taxonomies, 35778
SPSS programs for approximate randomization tests, 3381
System & Connectionist argument applied to experiment by J. R. Searle of computer program processing Chinese language, 20401
task analysis of visual-motor demands & developmental appropriateness of children's mouse-operated computer software packages, 16222
teacher & student mode of computer program AnoGen for generation of ANOVA data sets in teaching of statistics, 32229
template to promote standardized reporting of evaluations of interactive health communication applications, 2445
understand ability of software languages in development of interactive computer systems support, 32434
use of computer software for analysis of qualitative market research data, 3369
use of computer technology to enhance teamwork & productivity, 3054
use of electronic spreadsheet software for description of basic model of signal detection theory for studies in perception or attention or memory, college students, 15896
use of Excel in solving best fitting parameters for multinomial models, 3379
use of online scoring systems in computer based educational context, 2824
use of Windows computer program to teach analysis & interpretation of interaction in 2X2 factorial design in undergraduate psychological statistics course, 9442
user participation & developer interaction in task-based & cooperative software design & analysis, adults, 32436
web-based & accessible tutorial for PsyScope program for use in describing experiments in human cognition, undergraduate psychology students, 15905
Windows 95 Object Relocation program for designing & performing spatial memory experiments, 36085
Computer Software [See Also Decision Support Systems, Word Processing]—Books
Doing qualitative research using QSR NUD*IST, 22832
An occupational information system for the 21st century: The development of O*NET, 12767
SPSS for Macintosh made simple, 127
SPSS for Windows made simple (3rd ed.), 22833
Computer Software [See Also Decision Support Systems, Word Processing]—Chapters
Cross-domain analyses, 12776
Database design and development: Designing an electronic infrastructure, 12782
The effects of gender and academic program on learning styles and attitudes of undergraduate students using multimedia, web-based anatomy labs, 25787
Integrating learning technology into the liberal arts tradition, 25756
Modeling human performance during system design, 22735
The O*NET content model: Structural considerations in describing jobs, 12779
Occupation classification: Using basic and cross-functional skills and generalized work activities to create job families, 12771
Occupational descriptor covariates: Potential sources of variance in O*NET ratings, 12772
Occupational interests and values, 12798
Organizational context, 12769
The origins of O*NET, 12774
Research method: Development and field testing of the content model, 12781
Computer Training—Serials
age, general computer use & utilization of & comfort with & desire for training on university on-line library system, 25–64 yr old faculty members , 6128
cognitive changes in aging & computer instruction, older adults, 1005
computer application learning with icon &/vs text label interface & perceptions of ease of use & usefulness, college students, 22544
goals & self-evaluation, self-efficacy & achievement & self-reported competence & use of self-regulatory strategies during computer skill learning, 18–39 yr old college students, 28967
individual characteristics & previous computer access & training, computer attitudes, 19–51 yr old early childhood education & care prospective practitioners, 28925
level of & effects of computer training on computer anxiety, 25–54 yrs olds with severe mental illness, 3 mo study, 37287
meta-model of end-user computing training, 22585
model vs procedural training, mental model development of information retrieval system, 18–25 yr olds, 35781
mood, motivation & intentions towards computer technology use following training in the workplace, 22–58 yr old accounting firm employees, 12 wk study, 29124
path analysis of computer training variables, 21–60 yr old manufacturing employees, test of intrapersonal-processess model of computer-related performance, 15943
predictors of electronic bulletin board system use, 58–91 yr olds with vs without brief computer training, 14089
preference for software training methods, software users, 3184
presentation of computer programming concepts, novice programmers, 35785
understand ability of software languages in development of interactive computer systems support, 32434
validity & training & user attitudes of a computer self-efficacy scale, business undergraduates, 32615
Computerized Databases [See Databases]
Computers [See Also Computer Games, Microcomputers]—Serials
awareness of computational behavior & abilities of artificially intelligent objects, 5 vs 8 vs 11 yr olds, 7445
computer metaphor of mind in cognitivist psychology, 6747
computer utilization, school counselors, 12754
computing in educational policy & practice, 19220
construction & validity of measurement, assessment & prediction of psychomotor abilities via computers, 18–30 yr olds, 36198
cultural participation & other free time activities, heavy vs light users vs nonusers of personal computers, 17685
ethicality of use of computers & other technology in professional practice, psychologists, 15816
face-to-face vs computer-mediated negotiation outcomes, adults, 14240
group collaboration & measurement of computer teleconferencing vs face-to-face communication, learning & quality & satisfaction, college students, 35488
guidelines for technical support staff & faculty in implementation of computing technology in curriculum, 19253
home computer access & computer course enrollment, success in applying computers as learning resource in prealgebra class, mathematically weak 9th graders, 2907
influence of computer technology on families across life course, 12992
masculinity & femininity & perception of technology to be masculinized & significant others who use computers & introducer of technology, computer anxiety, 18–53 yr old college students, 2934
meta-model of end-user computing training, 22585
operational & structural theories of metaphor in computing systems & active learning, 35783
PC hardware & software for display of stimulus images & performance of reaction timing for tachistoscopy in cognitive research designs, 13296
perceived direction of motion in using CRTs, 26326
philosophy for designing introductory courses & thematic modules in computer-mediated learning network, 35486

response to computer use, college students with vs without learning disabilities, 27959
risks & benefits of computer & Internet use, children & adolescents, commentary, 10740
social context & classification & analysis of human error in computer supported cooperative work environments, 35746
subjective perceptions of learning & satisfaction & quality & length of report, computer-mediated learning networks, individual vs group & individual problem-solving, student instructors, 35474
technological changes & computerization, work processes & organizational hierarchy & changes, government agency staff, 32402
use of computers & computer technology in undergraduate classroom, 19241
use of powered wheelchairs & hoists & communication aids & environmental control systems & computers, 6–81 yr olds with physical disabilities, 15673
validity & training & user attitudes of a computer self-efficacy scale, business undergraduates, 32615
Computers [See Also Computer Games, Microcomputers]—Books
Cognitive work analysis: Toward safe, productive, and healthy computer-based work, 19485
Computers [See Also Computer Games, Microcomputers]—Chapters
Computers as content and context in a cross-cultural language field experience., 38826
Equity and access to computer technology for grades K–12, 6190
The internet and content-based college ESL instruction: Reading, writing, and research, 38828
Storytelling techniques in the teaching of mathematics and computer science, 25755
Concentration—Serials
floating form of restricted environmental stimulation technique, reinforcement of primary process orientation during archery & effect on quality of coaching & training, 13–18 yr old archers, 33586
installation of road lighting & vehicular speed & driver concentration adjustments, adult drivers, test of risk compensation hypothesis, 29226
memory & concentration & school performance & physical condition & negative emotions, 10–13 yr olds with severe asthma, 34562
reliability & validity of the Short Orientation-Memory-Concentration Test, 17–63 yr old rehabilitation patients with various neurological diseases, 21615
Concentration Camps—Serials
defense mechanisms in Nazi Concentration camps during Holocaust, survivors, 17430
defense mechanisms in Nazi concentration camps during Holocaust, survivors, comment, 17434
interpersonal & intergroup dynamics & social identity interpretation of an autobiographical account of social processes at a concentration camp, survivor, 13857
prevalence of PTSD & major depressive disorder following deportation & internment, Nazi concentration camp survivors, 51-yr follow-up, 11320
Concentration Camps—Books
Autonomy in the extreme situation: Bruno Bettelheim, the Nazi concentration camps and the mass society, 14115
Concentration Camps—Chapters
Organic and psychosomatic aftereffects of concentration camp imprisonment, 21057
Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Serials
awareness of computational behavior & abilities of artificially intelligent objects, 5 vs 8 vs 11 yr olds, 7445
C. Perelman's theory of rhetorical audience as concept constructed by speaker, 23624
categorization of triads of concepts that share both emotional & nonemotional relations, college students induced to feel happy vs sad emotional states, 19889
character of action research seminar designed to provide prospective science teachers with conceptual change conceptions of teaching science, 22467
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, 14706
comparison of problematic concept formation & other "measurement trap" methods with experiential & other methods designed to better reflect perspectives & experiences of battered females, commentary, 14661
comprehension of concept of unconsciousness, 5 vs 6 vs 7 vs 8 vs 10 yr olds vs adults, 17251
concept formation & identification of geometric shapes, 3.5–6.9 yr olds, 17241
concept formation & shifting assessed by California Card Sorting Test, 45–54 yr old frontal-lobe vs 64–75 yr old Parkinson's-disease patients, 8623
concept formation in perceptual development of infancy, 17258
concept-oriented reading instruction, reading engagement, teachers & 3rd & 5th grade students, 15869
conceptions of chemical equilibrium & fundamental concepts of chemical thermodynamics & comparison with expert conceptions & correlation with exam grades, college students majoring in science fields, 9495
conceptions of descriptive &/vs causal understanding in history &/vs science, 10 yr old students, implications for teacher planning, 22515
conceptions of lunar phases before vs after scientific perspective instructional period, 3rd graders, 19312
concepts of turning & angle, 7–11 yr olds, 879
conceptual categorization development assessed by object-examination task, 7–11 mo olds, 877
conceptualization & construction & dialogue in learning & usability of educational software, 32227
conceptualizations of nature, 9th grade science students, 22530
conceptualizations of person, postmodernist vs feminist perspectives of holism & uniqueness in nursing theory, 22304
consistency between categories & attributes, attribute selection in hierarchical category learning, adults, 3557
description & analysis of teaching for conceptual change in 2 science methods courses at elementary & secondary levels, teachers, 22444
determinants of associative strength of stereotypes & stereotype development, college students, 14300
development of concept of fractions, students from pregrade 1–grade 4, 17289
development of concepts of geometric shapes, 3 vs 4 vs 5 vs 7–8 vs 9–11 vs 21–63 yr olds, 7432
development of conceptual & attentional skills that underpin successful pedestrian behavior, 4–10 yr olds, 30161
developmental change from use of spatiotemporal to object property or kind information to language in object individuation & identity, infants , 36776
developmental trends in conceptualizations of family & family loyalty & reasoning through parent–child ethical dilemmas, 5–10 yr olds, 14021
evaluation of Cascades's computational modeling of rule learning events from students' physics problem solving & conceptual analysis, undergraduate physics students, 12668
experientialism & metaphors, conceptual formation & development of interactive systems, 32433
exposure to transformations & principled change in concept formation, transformational knowledge & categorization of novel objects, college students , 32931
Fuzzy Trace Theory & comparative quantity & task format & presentation method & reasoning strategy & construction & validity of rating scale of transitive reasoning, 2nd–4th grade children, 16315
generalized imitation approach to inductive inference in associative learning & conceptualization of domain neutral or specific properties of animals & vehicles & household items, 14 mo olds , 878
generation of summaries vs diagrams during science text reading vs reading alone, understanding of concepts & spatial/static & causal/dynamic aspects of science domain, 5th graders, 12658
genetic course, change in conceptions of genes from epistemological & ontological & social/affective perspectives, grade 10 students, 2878
interpretation of semantic category-specific deficits & organization of conceptual knowledge in brain, 2014
knowledge structures about clients & case conceptualization, experienced vs novice counselors, 38720
learning to use categories after learning to classify, category representation & classification knowledge, college students, 16663
Marxism & postmodernism in conceptual network in critical psychological theory & conceptualization of power & liberation, 4553
mental lexica estimated by semantic associations with sound-related vs not-sound-related words as measure of verbal concept knowledge organization, deaf vs hearing college students, 28232
mental representation in terms of feature-based vs atomistic theories of lexical concept formation & classification, brain-injured patients with semantic deficits, 31209
notions about task success & failure during balance task within Representational Redescription model, 4–9 yr olds, 20516
number concept development facilitated by existing conceptual structures, 5–7 yr olds, 4431
perceptual & conceptual fluency effects level of feature vs semantic analysis during incidental advertising exposure, marketing students, 29195
phenomenographic study of process of metacognitive awareness & constructivist models of learning & recontextualization of student conceptions, 1st yr university students, 28961
Piagetian concepts of life & age applied to death & suicide understandings & experiences, 6–12 yr olds, suicide prevention implications, 27066
preference for teleological explanations of natural world, first vs second vs fourth graders vs college students, 36744
principles of Best Test Theory of Extension, extension of natural kind concepts in language of thought, 36640
prior knowledge & learning strategies & goals & interest & conceptual understanding, 5th graders, 19290
process & use of abstraction in human factors, 35743
psychometric characteristics & practicality of concept mapping as technique for classroom assessment, college students, 19255
relation between conceptual understanding of mathematical equivalence & procedures for solving equivalence problems, 4th & 5th graders, 10790
relationship between classroom practice & conceptions of biology & teaching science, prospective secondary science teachers, 22443
role of divided attention in conceptual priming & implicit memory, college students, 26445
role of elaborate analogy in learning major concept from science text, 10–14 yr old 6th & 8th grade students, 9427
science information presentation in learning cycle vs traditional text passage, concept comprehension, 13.3–18 yr old 9th & 10th graders at different reasoning levels, 12665
science teaching based on inquiry approach & concept substitution strategies, cognitive & affective changes & evolving conceptions of heat & temperature, male 11th grader, 12659
self-verification in academic self-concept formation, 9–11 yr olds, 28989
situation-specific model directed conceptualization & formalization & instantiation , 6428
sociocultural approach to domain specificity in conceptual change with natural kind & artifact concepts, rural vs urban vs elite Yoruba peoples, Nigeria, 20444
teacher–student interactions regarding personal & moral & social-conventional issues & development of personal concepts, 3–5 yr olds, 17350
understanding and judgments of pretense action & representation, 4–5 yr olds, 36731
understanding of role of germs & contagion in illness, young children, implications for nature of conceptual development, 7435
understanding of truth vs lies & competence to take oath on witness stand in court, 4–7 yr olds, 13947
use & scope of count nouns or adjectives as novel words in fostering formation of object categories, 12–14 mo olds, 23732
use of concept mapping to define learning objectives, students in master of public health program, 15718
use of conceptual information regarding biological sex by language production system in the encoding of sex agreement between subject & predicate, Italian & French college students, 23635
variation in student approaches to diagnosis & use of this information by teachers to foster educational practice in medical school, medical students & teachers, 22332
Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Books
Conceptual development: Piaget's legacy, 20533
The nature of concepts: Evolution, structure and representation, 32937
Word problems: Research and curriculum reform, 12629
Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Chapters
Building a cognitive creature from a set of primitives: Evolutionary and developmental insights, 892
Concept formation of war and peace: A meeting point between child development and a politically violent society, 27018
Conceptual development in the child and in the field: A personal view of the Piagetian legacy., 20535
The conceptual habitat: In what kind of system can concepts develop?, 22758
Constructing the victim: Popular images and lasting labels, 37010
The development of scientific concepts and their embodiment in the respresentational activities of cognitive systems: Neural respresentation spaces, theory spaces, and paradigmatic shifts, 32945
Evolution and self-evidence, 32947
Explanatory understanding in conceptual development, 20538
Is "mind" a scientific kind?, 32939
Learning basic number concepts and skills as problem solving, 22476
Levels and modes of representation: Issues for the theory of conceptual change and development, 20541
Mental illness as a career: Sociological perspectives, 30588
The nature of human concepts: Evidence from an unusual source, 26427

The nature of human concepts: Evidence from an unusual source, 32946
A reconsideration of concepts: On the compatibility of psychological essentialism and context sensitivity, 20537
Representation once removed: Children's developing conceptions of representational life, 10810
Representational competence, 10829
Sources of concepts: A cultural-developmental perspective, 20543
Sources of conceptual change, 20534
Teaching and learning mathematics with understanding, 22523
Toward a better understanding of Vygotsky's process of internalization: Its role in the development of the concept of friendship, 7578
What's in a concept? Context, variability, and psychological essentialism, 10158

Concept Learning [See Concept Formation]

Concept Validity [See Construct Validity]

Concepts—Serials

assessment of knowledge & comprehension levels of science achievement using concept maps, 7th grade students, 1 yr study, 9489
assimilator vs converger vs accommodator learning style & field-dependent vs -independent vs -mixed cognitive control, group development of hypermedia-related concept map, graduate students, 14248
asymmetry in & effects of item attributes on lexical processing & conceptual memory, proficient Chinese–English bilinguals, 223
basic concepts & terminology in study of diseases with complex genetics & psychiatric illnesses, 14894
conceptions of chemical equilibrium & fundamental concepts of chemical thermodynamics & comparison with expert conceptions & correlation with exam grades, college students majoring in science fields, 9495
concepts & competence & connections as most important elements of world-class 21st century companies, managers, 29135
concepts & professional standards & practice of humanistic change in organization development, 22569
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, commentary, 1570
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, 1566
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, reply, 1568
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, commentary, 1606
conceptual foundations of gifted education, 6269
conceptualizations of self esteem, 14–15 yr olds, 36794
connection between democracy & nationalism as result of transformation of concepts of person & public sphere in 18th century, 7720
construct definition of reasons for divorce, Arab females, Israel, 7690
contentive vs indicative conceptions of representation in child theory of mind literature, 26997
depression & anxiety & aggression & death concepts, suicidality & suicidal behavior, 12–19 yr old suicidal vs nonsuicidal inpatients vs emergency room suicidal patients, 8260
development of construct of meaninglessness in 2nd half of life, 58–90 yr olds, 7621
effects of learning concepts, complementary types of text processing, college students, 36258
framework for analysis of team functions & concepts of tactics vs strategy in teaching sport and games, 12909
harmony & balance & other concepts shared by traditional folk healing & contemporary health care systems, 9000
idea of degeneration in institutional processes & cultural themes of 19th century European psychiatry that played a role in development of schizophrenia as a disease concept, 1567
informational atomistic vs traditional theory of concepts in human cognition, commentary on J. Fodor's concept of metaphysics & epistemology of conceptual content, 13290
knowledge impairment of visual & non-visual attributes, 22 yr old female brain-damaged patient with semantic impairment for living entities, 2083
lay conceptions & determinants of well-being & rules used in judgments of well-being of others, 9–85 yr olds & young vs middle aged vs elderly adults, 20937
major trends & developments in the evolution of the concept of countertransference, 24063
membership rating of dominance & extension & adjective-noun & noun-noun conjunction effect in phrasings of concept conjunctions, college students, 7314
mental models concepts for system dynamics research, commentary, 32917
perceptions of "Ms" courtesy title, college students, 1978 vs present, replication, 4747
psychologic approach to analysis of S. Moscovici's concepts & assumptions of social representations in terms of trust & logic & other factors, 7779
selective semantic deficit for living things & role of conceptual structures, 37 yr old male with brain damage, 2062
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary reply, 1469
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1460
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1484
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1455
theoretical approach to concept of mental illness based on Aristotle's human function argument, 1470
use of conceptual metaphor for counselors, 38041
visual vs functional domain-specific semantic knowledge, long-term conceptual priming, college students, 6923

Concepts—Books

Casebook in abnormal psychology (4th ed.), 30586
Concepts: Core readings, 26419
The nature of concepts: Evolution, structure and representation, 32937
Post-traumatic stress disorders: Concepts and therapy, 21200
Statistics on the table: The history of statistical concepts and methods, 36070

Concepts—Chapters

Analysis and reconceptualization of resilience, 37585
Can possession conditions individuate concepts?, 26893
The concept of a "healthy person": A sociological contribution toward a truly revolutionary psychotherapy, 25035
Concepts and categorization, 264
Conceptual and methodological issues in the assessment of personality disorders in older adults, 26295
The development of representation as the coordination of component systems of action, 10162
Drug use, resilience, and the myth of the golden child, 37584
Evolution and self-evidence, 32947
The exemplar view, 26923
Impact of duty-related death on officers children: Concepts of death, trauma reactions, and treatment, 26975
Information and representation, 26919
Is "mind" a scientific kind?, 32939
Musical ability, 801
The nature of human concepts: Evidence from an unusual source, 32946
Our entitlement to self-knowledge: Entitlement, self-knowledge and conceptual redeployment, 4352
Personal efficacy, 1292
The properties of representations used in higher cognitive processes: Developmental implications, 10816
Re-visiting the validity of the construct of resilience, 36870
Representational competence, 10829
Resisting primitive compulsions, 26894
Self-awareness and self-consciousness, 1288
The sense of personal control: Social-structural causes and emotional consequences, 30475
Situational models and concepts in story comprehension, 32942
Some aspects of innateness and complexity in grammatical acquisition, 23744
The stress process revisited: Reflections on concepts and their interrelationships, 30538
Toward an understanding of resilience: A critical review of definitions and models, 36854
What is a concept, that a person may grasp it?, 26920
What's in a concept? Context, variability, and psychological essentialism, 10158

Conceptual Imagery—Serials

cognitive differences between reasoning with self-constructed external representations & presented representations, 19802
language-inherent classification & mental representations of classifiers in cognition & memory & evaluations, English vs Chinese speaking adults, 6878
mental imagery, interpreting poetic metaphor & image metaphor, undergraduates, 29556
mental representation of discrete vs continuous change word problems, speech vs hand gestures, college students, 29461
understanding and judgments of pretense action & representation, 4–5 yr olds, 36731

Conceptual Imagery—Chapters

Early symbolic representation, 10813
Graphic perceptions, 38144

Conceptualization [See Concept Formation]

Concurrent Reinforcement Schedules—Serials

amount dependent temporal discounting as accounts of self-control choice, pigeons trained on concurrent chain procedures with differing durations of reinforcement within vs between components, 10270
central 5-HT depletion, changeover behavior in concurrent schedule of reinforcement, female rats with dorsal & median raphe nuclei or sham lesions, 26568
concurrent FR FR schedule, pentobarbital discrimination, pigeons, 33448
concurrent FR schedules, transitivity of choices between different response requirements, hens, 33079
concurrent progressive-ratio schedules of different phencyclidine concentrations, relative vs absolute reinforcing effectiveness & drug sensitivity, male rhesus monkeys, 30049
concurrent reinforcement schedule with short vs long changeover delays, reinforcement preferences, pigeons, 10291
melioration vs more global optimality & concurrent variable-interval variable-ratio schedules, male rats, 10263
responding maintained by sucrose & ethanol reinforcement & lever-press responses, rats, 13393
timing processes & choice behavior in concurrent chains, pigeons, 16759
within-session changes in responding during concurrent fixed interval variable interval schedules, rats & pigeons, 23208

Concurrent Reinforcement Schedules—Chapters

Choice and self-control, 3418

Concurrent Validity—Serials

automated face analysis by feature point tracking & its concurrent validity with manual Facial Action Coding System, 18–30 yr olds, 9986
comparative concurrent validity of Mental Readiness Scale & Anxiety Rating scale in competitive environment, male vs female college volleyball & basketball players, 32571
concurrent & discriminative & construct validity of Wolinsky Amnesia Information Test, measurement of cognitive status, 18–59 yr old patients with definite or suspected closed head injury, 29381
concurrent & predictive validity of DSM-III-R diagnosis of personality disorder, hospitalized 12–18 yr olds, 2 yr followup, 37431
concurrent & predictive validity of Perceived Criticism Measure's Criticism & Upset subscales, college students, 3305
concurrent criterion validity of Campbell Interest & Skill Survey vs Strong Interest Inventory for prediction of college majors, 18–46 yr old college students, 32717
concurrent validity of Historical & Clinical & Risk Management violence risk assessment scheme, male incarcerated offenders, 9883
concurrent validity of Infant Sleep Questionnaire, mothers & infants aged 12–18 months, 32593
concurrent validity of Kaufman Adolescent & Adult Intelligence Test vs WISC-III, IQ, 6th & 8th graders, 29423
concurrent validity of Kaufman Adolescent & Adult Intelligence Test, adolescents & preadolescents with central nervous system disorders & scholastic concerns, 3290
concurrent validity of language measures & parental interview of family history & perception of language impairment, 5–7 yr old Spanish-speaking children with vs without language impairments, 6628
concurrent validity of Millon Adolescent Clinical Inventory in assessment of depression, 12–17 yr old inpatients, 29368
concurrent validity of revised 1994 Strong Interest Inventory, adults in African- & Asian- & Caucasian- Hispanic- & Native-American racial–ethnic groups, 13116
concurrent validity of Spanish versions of Egna Minnen Betrafande Uppfostran & Parental Bonding Instrument questionnaires, measurement of perceived parent rearing, medical & dental students, 35859
concurrent validity, telephone adaption of Modified Mini-Mental State Exam, 65–93 yr olds, 35862
construct & concurrent validity of modified Penn Interactive Peer Play Scale, 37–64 mo old African American Head Start children, 9512
convergent validity of Temperament and Character Inventory & Coolidge Axis II Inventory, personality traits & prediction of personality disorders, 16–42 yr olds, 32598
correlation between Mini-Mental State Examination & Logical Memory subtest of Wechsler Memory Scale, healthy 70+ yr olds with vs without subjective memory impairment, 7597
correlation of WISC Full Scale IQ scores & information & picture completion dyad & screening measurement accuracy, 6–14 yr olds referred for gifted certification, 19652
correlations between Wechsler Memory Scale-Revised & Memory Assessment Scale, adults (mean age 55.29 yrs) referred for neuropsychological assessment, 13091

insight & self-reported subjective & objective quality of life & concurrent validity of patient & clinician assessments, 18–70 yr old schizophrenic group home & hostel residents, 27665
internal & external validity of methodology in phonological awareness intervention research, 16437
interrater & test retest reliabilty & internal consistency & concurrent validy of Italian version of Alzheimer's Disease Assessment Scale, 51–87 yr olds with dementia, 31252
reliability & concurrent validity of Merkler Style Preference Inventory, occupational interest, college students, 19391
reliability & validity & factor analysis of Impact of Weight Loss Scale, perceived weight loss & related behavior & body image perception & affect, 27–62 yr old HIV-positive males, 31136
sensitivity & specificity of 16th item from vs shortened 15-item Geriatric Depression Scale, 72–99 yr old female nursing home residents, 7601
usefulness of teacher ratings for creation & study of concurrent validity of ADHD subtypes & stability of ADHD & opposition defiant & conduct disorder symptoms, K–5th graders, 12 mo study, 35967
validity of explicit & differentially weighted explicit & structured implicit process-of-care criteria, quality assessment, veterans with diabetes or heart failure or lung disease, 32569

Concussion (Brain) [See Brain Concussion]

Conditioned Emotional Responses—Serials

actinomycin-D inhibition of mRNA synthesis in amygdala, fear conditioning, male rats, 17023
ibotenate lesions of hippocampus, spatial learning & contextual fear conditioning, male mice, 7031
intrahippocampal infusion of metabotropic glutamate receptor antagonist MCPG, memory of context vs tone specific conditioned fear, rats, 10577
mild traumatic brain injury, immunoreactivity for c-Fos & c-Jun & JunB & Krox-24 in cerebral regions associated with conditioned fear response, male rats, 20220
naltrexone vs morphine in dorsal raphe nucleus vs periaqueductal gray, shock escape & fear conditioning, male rats, 13740
Pavlovian differential fear conditioning with aversive CS, excitation vs inhibition of ventral tegmental dopaminergic neurons assessed electrophysiologically, female rabbits, 13543
quinpirole, acquisition of second-order fear conditioning, rats, 10630
ventral subiculum lesions, Pavlovian fear conditioning, male rats, 16927
yohimbine vs clonidine, acoustic startle response with vs without fear conditioning, cycling vs lactating female rats, 10673

Conditioned Inhibition [See Conditioned Suppression]

Conditioned Place Preference [See Place Conditioning]

Conditioned Reflex [See Conditioned Responses]

Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]—Serials

2,3-dihydroxy-6-nitro-7-sulfamoyl-benzo[f]quinoxaline, amphetamine induced behavioral sensitization & conditioned locomotor activity, mice, 4214
2-amino-5-phosphopentanoic acid, neuron activity in motor cortex during paw placement conditioned reflex, cats , 555
5-HT1B receptor activation, amphetamine reduced enhancement of response for conditioned reward, male Sprague-Dawley rats, 13734
7-OH-DPAT into central nucleus vs basolateral nuclei of amygdala, Pavlovian vs instrumental conditioned approach responses, male rats, 7209
acetylcholine applied to neurons in motor cortex, neural responses during conditioned paw positioning reflex, cats, 29777
acute vs repeated pyridostigmine bromide, lever press response acquisition with immediate vs delayed reinforcement, male rats, implications for pretreatment against chemical warfare, 13827
amphetamine-related video cue reactivity, dependent injecting amphetamine users (mean age 24.4 yrs), 1806
attention modulation to test of Conditioned Attention Theory preexposed irrelevant stimulus, latent inhibition, 18–48 yr olds, 3608
backward pairing, recovery of conditioned suppression, rats, 23217
behavior during interfood clock when temporal pattern of interfood stimuli is altered, rats, 20029
benzaldehyde, conditioned visual flight orientation, flies, 346
chaotic component of high-frequency EEG of cortex during development of conditioned defensive reflex to nonrhythmic light stimulation, rabbits, 7118
classical conditioning of conditioned eyeblink response to olfactory stimuli, healthy 21–60 yr olds, 23428
coadministration of cocaine or apomorphine with 7-hydroxy-N,N-di-n-propyl-2-amino-tetralin, conditioned place preference & locomotion & sniffing & oral stereotypy & headbobbing, male rats, 17048
cocaine sensitization, responding for conditioned reward produced by intra-accumbens amphetamine, male rats, 13822
concurrent reinforcement schedule with short vs long changeover delays, reinforcement preferences, pigeons, 10291
conditioned & unconditioned approach responses to stimuli predictive of food, transgenic mice with impaired glucocorticoid receptor function, 23355
conditioned effects & contextual sensitization to apomorphine-induced wall climbing, male albino mice, 23475
conditioned responses using active selection of reinforcement based on food quality, interneuron interaction in basolateral amygdala, cats with impulsive vs self controlled behavior, 559
conditioning of & contextual sensitization to apomorphine-induced climbing, male mice, test of habituation hypothesis of conditioned drug effects, 17109
contingent vs noncontingent cocaine administration, drug-seeking behavior in reinforcement, male rats, 20327
degree of craving & nicotine content, progressive ratio responding & cognitive performance, 18–41 yr old deprived vs non-deprived smokers, 7253
delayed matching to sample procedure, remembering time, pigeons, test of model of remembering in context of conditional discrimination, 10290
development of excitatory & inhibitory response potentials as function of low vs moderate vs high number of trials in backward conditioning tasks, rats, 19933
dorsomedial hypothalamus mediation of response to chlordiazepoxide on trial 2 of elevated plus maze, male rats, 26770
fear-conditioning & sham vs electrolytic lesions of periaqueductal gray, conditioned suppression & freezing, male rats, 36397
generalization between primary vs binary vs unrelated odor mixtures & their components, male rats, 23205
gustatory thalamus lesions, perceived value of reinforcing stimuli in progressive ratio reinforcement schedule, male rats, 36452
haloperidol vs clozapine & variable interval reinforcement, responsive behavior toward food reinforcement, male rats, 23512
heat stressor preexposure, conditioned hypoalgesia, male morphine-naive vs morphine-tolerant rats, 10575
high-frequency ultrasonic vocalizations as index to conditioned pharmacological reward of amphetamine or morphine, rats, 23528
hippocampal system, timing of conditioned eyeblink responses & acquiring & extinguishing responses within temporal discrimination task, bitemporal amnesic patients, 11919
hippocampectomy, development & recovery of conditioned reflex to time, rats with vs without initial training, 528
idazoxan & raclopride, dopamine output in medial prefrontal cortex & conditioned avoidance responding, rats, test of dopamine hypothesis of schizophrenia, 36566
immunization against monoamine oxidase, retention of conditioned active escape reflex, rats, 636
interstimulus interval & extinction, temporal pattern of conditioned keypecking during unreinforced probe trials extending beyond reinforced interstimulus interval, ring doves, 13413
intra-amygdala R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated Pavlovian conditioned locomotor responses, male rats, 7208
intra-amygdaloid R(+) 7-OH-DPAT, intra-accumbens d-amphetamine-associated instrumentally conditioned locomotor responding, male rats, 7210
long vs short morphine infusion duration, conditioning effects & intraadministration associations & chronic drug tolerance development, rats, 33427
MK-801 or buspirone with vs without cocaine, cocaine conditioned effects, rats, 23493
morphological plasticity of cerebellar Purkinje cells & inhibitory interneurons, rabbits receiving paired vs unpaired CS–UCS presentations in vs no eye-blink conditioning, 20070
naltrexone, reinforced responding for solution via production of interoceptive stimulus, opioid antagonist-naive rhesus monkeys, 20387
nature of odor UCS in poisoned partner effect & conditioned & unconditioned effects of aversive odor, rats, 33052
neuroanatomical & neurochemical basis of conditioned fear, rats, implications for human anxiety disorders, 29791
novel vs conditioned freezing response to tone with vs without foot-shock fear stimuli, 3 vs 9 vs 27 mo old rats, 19939
nucleus accumbens or ventral tegmentally infused brain-derived neurotrophic factor, cocaine-induced locomotor activity & reward responding, male rats & knock-out mice, 20303
orbitofrontal cortex lesions, associative learning & conditioned responses to CS, male rats, 26593
overtraining, impact of neurotoxic basolateral amygdala lesions, on Pavlovian fear conditions, male rats, 36435
partial benzodiazepine agonists vs full agonist midazolam, punished vs unpunished responding in conflict procedure, pigeons, 26793
peptide LHRH, acquisition of avoidance conditioning responses & spontaneous motor behavior, normally cycling vs ovariectomized female rats, 722
physiological control mechanisms of conditioned jaw reflexes modulated by electromyogram, 10505
pinealectomy & melatonin, time-associated conditioned reflex, male rats, 29763
preexposure to auditory target stimulus, disruption of overshadowing response to conditioned inhibition treatment, rats, 33054
propranolol, emotional vs conditioned response memories after memory reactivation, male rats, 26835
psychopharmacology of conditioned reward & theoretical model of reward-related learning at D1-like dopamine receptors, 30057
qualitatively changed & unchanged outcomes in a blocking procedure, associative learning, rats, 23212
quinpirole infusion in acquisition of appetitive differential conditioning task, rats, 13790
reinforcement reward expectation, conditioned response behavior-related neuronal activity in striatum, monkeys, 3854
reinforcement to single target neuron, instrumental conditioned reflexes, land snails, 3931
release of dopamine in nucleus accumbens during development & realization of an emotional conditioned response, male rats with lesions to hippocampal formation, 3907
resistance to extinction of lever pressing maintained by timeout from avoidance, rats, 10268
response contingent food reward, changes in medial prefrontal cortex dopamine levels, male rats, 510
reversed order of usual premise-conclusion presentation, conditioned reasoning, adults, 3540
role of prelimbic medial prefrontal cortex in development of cocaine-induced behavioral sensitization, lesioned rats, 4281
serotonergic & mesocerebral cell stimulation, synaptic input of premotor neurons in response to aversive withdrawal conditioning, terrestrial snails, 20118
SL327, mitogen-activated protein kinase activation in spatial learning & conditioned fear, male mice, 36621
spatial organization of cortical projections to medial & lateral segments of nucleus accumbens, dogs, 13529
stages of learning in acquisition of beam pressing response in operant conditioning paradigm & submovement expression of feedforward mode of force control, rats, 340
stay & switch schedules with variable reinforcement across conditions, run length & visit duration, male rats, local model of concurrent performance, 10278
stimulus filling of response-outcome delay, causal effectiveness judgments, 18–35 yr olds, 6864
sulpiride in hypothalamus after conditioning sessions, associative learning & conditioned responses, male rats, 7239
taste reactivity test of motion sickness effects on conditioned rejection reactions, male rats, 23193
temporal course & stimulus properties & generalization of indorenate vs 8-OH-DPAT, stimulus control over operant responses, male rats, 13830
terminal-link frequency & duration with vs without food reinforcement, conditioned preference responding, pigeons, 26485
trial & intertrial durations, magazine approach behavior & conditioned responses, rats, 33064
trigeminal deafferentation, head- & jaw-movement kinematics during conditioned pecking, pigeons, 13517
unconditioned probe stimulus, approach behavior during interfood clock,rats, 3670
value transfer in simultaneous instrumental discrimination task, pigeons, 23194
ventromedial vs dorsolateral striatal lesions, motoric vs motivational vs 'executive' aspects of progressive ratio performance, male rats, 29785

Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]—Chapters

Mesolimbic neuronal activity across behavioral states, 26879

Conditioned Stimulus—Serials

192 IgG-saporin lesions of cholinergic input to hippocampus, blocking of conditioning to additional CS in Pavlovian appetitive conditioning paradigm, male rats, 36400
backward pairing, recovery of conditioned suppression, rats, 23217

blocked & overshadowed conditioned stimuli as blockers & 2nd-order reinforcers in Pavlovian fear conditioning, rats, 6976
blocking selective associative mechanisms involving biological constraints, pigeons, erratum, 26491
blocking selective associative mechanisms involving biological constraints, pigeons, 10289
conditioned stimulus presentation, diminution of the unconditioned response in aversive classical conditioning, college students, 23146
conditioned–unconditioned stimulus interval modification of 1- vs 5- vs 8-sec, amplitude of unconditioned response, 20–30 yr olds, 29641
discriminative-stimulus & antinociceptive effects of hydrocodone & hydromorphone with vs without cytochrome enzyme inhibitors budipine or quinidine, female rhesus monkeys, 23534
effects of discriminative stimuli of alcohol availability, reinstatement of ethanol-seeking behavior, rats, 13760
ethanol self-administration paired with tone–light stimulus complex as conditioned reinforcer, lever-press responding during extinction, male rats, 10664
exposure to odor CS & taste US, retroactive learning of within-event associations, rats, 3657
extinction-induced attenuation of single-phase & 2-phase blocking in CS task, rats, 13388
fear-relevant imagery scripts as CS in differential learning, somatic complaints & respiratory responses & end-tidal carbon dioxide, female 18–22 yr olds, panic & agoraphobic anxiety implications, 10527
haloperidol, discriminative cuing of heroin- or food-reinforced conditioned place preference or locomotor activity, male rats, 13782
increased specificity of ethanol's discriminative stimulus effects in ethanol vs pentobarbital vs water discrimination task, male rats, 23491
neuropeptide Y vs glucose antimetabolite 5-thio-d-glucose icv, appetitive conditioned responding to CS for peanut oil vs for sucrose pellets, food-sated male rats, 13690
olfactory CS potentiation of startle response, male rats, 29696
orbitofrontal cortex lesions, associative learning & conditioned responses to CS, male rats, 26593
overshadowing CS–UCS interval, cue competition effects in conditioned lick suppression, rats, test of comparator & temporal-coding hypotheses, 6959
overshadowing of occasion setting & similarities to classical conditioning, rats, 3655
Pavlovian differential fear conditioning with aversive CS, excitation vs inhibition of ventral tegmental dopaminergic neurons assessed electrophysiologically, female rabbits, 13543
pharmacological profile & discriminative stimulus effects of gamma-hydroxybutyric acid on GABA receptors, male rats, 4122
preexposure to CS, enhanced visual latent inhibition, medicated & unmedicated 16–68 yr olds with obsessive compulsive disorder, 14626
same vs different hemispheric lesions of amygdala central nucleus &/vs substantia innominata/nucleus basalis, incremental CS processing, rats, 10417
spatial & temporal cues, response to lever vs food in conditioning, rats, 3669
systematic operational terminology for stimulus conditioning, 137
use of odor discrimination as conditioned stimulus in classical conditioning to hypoxia, male rats, 6973
visual evaluative conditioning with perceptually similar CS–UCS pairs, 18–52 yr olds, test of associative vs artifactual effects, 10188
white noise burst vs tone as CSs & number of trials & light-dark cycle & duration of trace interval, trace eyeblink conditioning, male rats, 36316

Conditioned Suppression—Serials

altered leukocyte differentiation antigen expression in conditioned humoral immune suppression, female mice, 3890
backward pairing, recovery of conditioned suppression, rats, 23217
cerebellar interpositus nucleus & lateral pontine nuclei neuronal activity during conditioned inhibition of eyeblink response, male rats, 33203
corticotropin-releasing hormone, conditioned suppression & endocrinology, high- vs low-avoidance male rats, 7201
d-amphetamine, conditioned inhibition, male rats, 13743
effects of conditioned suppression & compound conditioning, degree of latent inhibition, male rats, 23200
experimental setting excitatory value & nonreinforcement, inhibitory conditioning, foraging honeybees, 6963
fear-conditioning & sham vs electrolytic lesions of periaqueductal gray, conditioned suppression & freezing, male rats, 36397
habituation & sensitization & inhibition & swimming probability in response to chemical stimulation, Tritonia diomedea, 341
inhibitory learning with auditory or visual cues in conditioned-suppression procedure, rats, 19943
multimodal stimulus combinations, autoshaping & conditioned suppression & instrumental discrimination learning, female pigeons & male rats, 6972
muscimol & AP5 in regions of cingulate cortex, consolidation of memory for inhibitory avoidance task, male rats, 33449
naltrexone across 30 vs 60 days, limited-access ethanol consumption, male rats, 7261
operational & behavioral & theoretical perspectives of conditioned inhibition, 13422
overshadowing CS–UCS interval, cue competition effects in conditioned lick suppression, rats, test of comparator & temporal-coding hypotheses, 6959
overshadowing of occasion setting & similarities to classical conditioning, rats, 3655
preexposure to auditory target stimulus, disruption of overshadowing response to conditioned inhibition treatment, rats, 33054
premise doubt & conversion & model number required strength & counterexample availability, suppression of inferences, native Spanish speaking adults, 17151
serial feature-positive discrimination training within conditioned lick suppression preparation, latent inhibition & learned irrelevance of occasion setting, rats, 19950
tailflick stress, trace eyeblink conditioning & inhibitory conditioning & associations, male rats, 6958
temporal coding, transfer of serial & simultaneous conditioned inhibitors, rats, 3648

Conditioning [See Also Autoshaping, Aversion Conditioning, Classical Conditioning, Conditioned Stimulus, Operant Conditioning, Place Conditioning, Preconditioning, Unconditioned Stimulus]—Serials

2nd-order schedule of reinforcement with CS, acquisition & maintenance & reinstatement of conditioned iv cocaine self-administration, male rats, 7161
absolute vs differential conditioning procedure & recognition strategy & visual field usage, pattern learning, honeybees, 13398
age & training duration, extinction after regular vs irregular reward schedules, 12 vs 17-day-old rat pups, 10276
anxiety sensitivity & fear conditioning using CO2 enriched air as UCS, undergraduates, 8174
application of behavioral inhibition system of anxiety & sensitivity to punishment &/vs reward during counterconditioning choice task, 18–25 yr old females, 33954
behavioral development, olfactory learning & conditioning for foraging, nurse vs guard vs adult bees, 10282
bilateral auditory cortex ablation, differential conditioning to pure vs linear frequency-modulated tones, male gerbils , 33074
computer system for control of stimuli delivery & data acquisition during behavioral conditioning & neural recording experiments, 6455
conditioning to long-term dopamine D1 antagonist intraperitoneal injections, catalepsy, male mice, 36538
conditioning to solid food differing in caloric density & flavor, flavor–calorie learning & food intake, male golden hamsters , 10266
conditioning vs apomorphine, sensitization effect, pigeons, 26780
consummatory vs nonconsummatory reinforcers, within S response strength, male rats, implications for k parameter, 3644
developmental mechanisms & role of heat shock protein system in autoinduced myocardium tolerance to ischemia & preconditioning as adaptive response to stress, 18336
discriminative fear conditioning to context, physiological & behavioral measures of fear, male rats, 19928
elemental & configural processes in patterning discrimination in appetite conditioning, rats, 19934
exposure to cocaine cues, skin temperature & resistance & heart rate & self reported drug states & negative moods, male vs female cocaine dependent outpatients, 18073
exposure to odor CS & taste US, retroactive learning of within-event associations, rats, 3657
exposure to virgin vs fertilized females, courtship conditioning retention vs transfer, male Drosophila, 13407
extraocular photoreception, circadian rhythm entrainment, blind hamsters, 29956
eyeblink conditioning & declarative & procedural learning ability, 41–69 yr olds with Parkinson's disease, 31324
feedback processing during uptraining & downtraining in P300 amplitude conditioning, 29–48 yr olds, 29913
food availability &/vs predation risk, time-place learning, inanga fishes, 16770
footshock stress & contextual fear conditioning, c-fos & NGFI-A expression in amygdala, male rats, 3902
generalization between primary vs binary vs unrelated odor mixtures & their components, male rats, 23205
gustatory thalamus lesions, perceived value of reinforcing stimuli in progressive ratio reinforcement schedule, male rats, 36452
interaction of dopaminergic neurotransmitter system with conditioning mechanisms of associative learning & cognition, implications for drug abuse, 23107
interactive contributions of intracellular calcium & protein phosphastases to massed-trials learning deficits, marine mollusks, implications for memory formation, 10279
interpositus lesions & tone CS & intracerebellar stimulation of lobule HVI white matter UCS, reflex & CR initiation & learning rate, rabbits, 16953
lesions of dorsomedial thalamus, acquisition vs performance of spatial working memory task requiring rule learning contrary to innate preference, male rats, 7059
lesions of intermediate medial hyperstriatum ventrale, acquisition & retention of sickness-conditioned learning, male day-old chicks, 33187
long vs short morphine infusion duration, conditioning effects & intraadministration associations & chronic drug tolerance development, rats, 33427
map of brain areas requiring calcium/calmodulin-dependent protein kinase II for modulation of courtship conditioning, Drosophila, 20106
matching vs nonmatching to sample contingencies, ability to make delayed conditional discriminations based on color, honeybees, 3646
meal entrainment & suprachiasmatic nucleus lesions, plasma glucagon & glucose & insulin & motilin & corticosterone prior to vs during food anticipation, male rats, test of humoral signal hypothesis, 20053
modality of stimulus effects in compound preexposure to target/nontarget, associative interference account of enhanced latent inhibition, male rats, 13418
naltrexone in ventral tegmental vs dopaminergic area of mesocorticolimbic system, cocaine self-administration behavior, male rats, 13800
neural network model of activity of short- & long-term information processing by dopamine & prefrontal cortex within cortico-striatal circuits during reward-related approach learning, 32483
neurotoxic lesions of prelimbic-infralimbic cortex, acquisition of visuospatial conditional discrimination & working memory, male rats, 36409
odor avoidance after electric shock, Drosophila mutants, implications for memory & learning deficits, 350
overshadowing of occasion setting & similarities to classical conditioning, rats, 3655
preference conditioning effects of mixed high-carbohydrate vs high-fat diet infusions during short- vs long-term sessions, adult female rats, 29680
pretraining on tests of allocentric memory, reacquisition of tasks after lesions in anterior thalamic nuclei vs fimbria fornix, male rats, 36469
quinpirole infusion in acquisition of appetitive differential conditioning task, rats, 13790
radial-maze spatial discrimination & barpress learning & spontaneous object recognition before vs after amyloid plaque deposition, 3 vs 6 vs 9 mo old male PDAPP transgenic mice, 36411
repeated cocaine preexposure, fear-potentiated startle, male rats, 23509
repeated ethanol administration in plus maze in producing anxiety-related behaviors, male mice, animal model for conditioned abstinence behavior, 17029
response effort & secondary reward value, male rats, 16746
role of establishing operations in evoking & establishing motivation for problem behavior, implications for assessment & treatment & prevention of problem behavior, 38089
serotonin, conditioned olfactory learning induced by norepinephrine, neonate rats, 7243
stimulus & response learning by observation during 2-object 2-action paradigm, juvenile European starlings, 26477
vasopression in hippocampal slices following pretraining, excitation & inhibition phase of conditioning, rats, 29818
whole-body weak electromagnetic primed burst stimulation, associative learning of fear conditioned hypoalgesia, female rats, 36513
within-compound learning during instrumental conditioning using multiple schedule of avoidance & punishment on running wheel, male rats, 16762

Conditioning [See Also Autoshaping, Aversion Conditioning, Classical Conditioning, Conditioned Stimulus, Operant Conditioning, Place Conditioning, Preconditioning, Unconditioned Stimulus]—Chapters

Psychology applied to animal training, 10293

Conditioning (Avoidance) [See Avoidance Conditioning]

Conditioning (Classical) [See Classical Conditioning]

Conditioning (Escape) [See Escape Conditioning]

Conditioning (Eyelid) [See Eyelid Conditioning]

Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]
Condoms—Serials
abstinence & condom effectiveness & user failure rates & sexuality education curricula, adolescents, 19246
acceptability & perceptions of female condom for HIV risk reduction intervention, 22–67 yr old females who used crack cocaine, 3 mo followup, 30891
acceptability of female condom, adult African American & Latino patients from inner city STD clinics, 2560
aspects of sexual relationships & peer characteristics & demographic & psychosocial characteristics, condom use stage & behavior change, male vs female 17–35 yr old African Americans, 12371
association between HIV infection & measures of self-reported condom use, 18–45 yr old female sex workers in Yaounde & Douala & Cameroon, 31137
attitudes & norms & behavioral intentions, condom use during vaginal sex, 15–54 yr old female commercial sex workers, application of Theory of Reasoned Action, implications for HIV prevention, 7755
attitudes about condoms & HIV risk behavior, 24–49 yr old heterosexuals in different types of relationships & occupations , 18878
attributional & evaluative responses to partner request for condom use, prediction of coercion & condom use compliance, violent vs nonviolent male inmates, test of social-information processing model, 24567
barriers to condom use for AIDS prevention, battered Mexican & Mexican American females, 24402
cartoon vs written message regarding safe sex, knowledge about AIDS attitudes toward condom use & perceived supportive norms, adolescents high or low in need for cognition, 18846
common sources of error in use of condom use as dependent variable in research, measurement issues & implications relevant to HIV prevention programs, 6691
community-based HIV prevention program, confidence in condom use skills, 15–35 yr olds, Thailand, 5790
content & construct & concurrent validity of Sexual Risk Behavior Beliefs & Self-efficacy scales, assessment of intercourse involvement & condom use, 9th–12th graders, 16297
development & factor structure & construct validity of condom perception scale, assessment of perceived benefits & barriers to using condoms in preventing sexually transmitted diseases, 13–26 yr olds, 36012
experiences with & attitudes toward using Reality female condom for anal sex, males who have sex with males, 12360
factors involved in frequency of condom use, 15–49 yr old males, 14207
familiarity & attitudes toward female condom, heterosexual 18–38 yr old males, 17528
feminist poststructuralist form of discourse analysis for experiences with & views of condoms & obstacles in initiating condom use, 22–43 yr old females, implications for feminist research, 27229
feminist poststructuralist form of discourse analysis for experiences with & views of condoms & obstacles in initiating condom use, 22–43 yr old females, implications for feminist research, commentary, 27236
frequency & predictors of condom use for HIV prevention, low-income women (median age 25 yrs), 31822
HIV risk reduction intervention project, sexual risk behavior, 17–44 yr old low-income sexually transmitted disease clinic patients, 9053
HIV risky sexual behavior & anti-condom biases & AIDS related information & knowledge & perceptions & attitudes, 16–24 yr olds, 21505
HIV sexual risk behaviors & condom use, 15 yr olds & older, Spain, 7747
HIV testing & counseling, changes in sexual behavior & condom use, 18–70 yr old heterosexual males attending sexually transmitted disease clinics, 1993–97 study, India, 2491
intervention components of Women & Infants Demonstration Project, 18891
labeling- & commitment- & enactment-stage variables & other psychosocial correlates of condom use, heterosexuals, application of AIDS Risk Reduction model, 7754
negotiation styles regarding condom use & relationship between intention & past condom use & reasons for not using condoms, male vs female 17–37 old college students, 27247
partner communication about HIV & alcohol & condom use, male vs female undergraduates, 31128
partner condom use, 10–25 yr old females with sexual transmitted diseases, 21490
peer education AIDS prevention program, condom use, female sex workers & male potential clients, 35154
perceived effectiveness of & benefits & barriers associated with intention to use female condoms, 18–35 yr old male vs female African-Americans, 18854
personal & external factors, condom use, female commercial sexworkers in official brothel in Jakarta, 23934
predictors of condom use intentions, 16–24 yr olds, 7546
